INTRODUCTION

The following tabs contain detailed appropriation statements for the Governmental Cost Funds as a supplement to the *Budgetary/Legal Basis Annual Report.* Responsibility for the accuracy of the data and the completeness and fairness of the presentation, including disclosures, rests with the State. To the best of our knowledge and belief, the attached data is accurate in all material respects and is reported in accordance with the state laws and state accounting procedures.

EXPENDITURES LEGEND

The following Uniform Codes Manual (UCM) descriptions identify numbers and terms used for budget authority and appropriations; and the UCM descriptions are located at:
Uniform Codes Manual

Appropriation: A legal authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes.

Budget Act (B/A) Control SEC. : Sections of the B/A, generally referred to as the general control sections, which provide specific controls or restrictions on appropriations that may apply to a number of agencies, or on a statewide basis.

Chapter (CH)/Section (SEC): The Budget Bill, when approved by the California State Legislature and signed by the Governor, becomes the B/A, and is "Chaptered." Section is the B/A detail breakdown that designates agency, reference, and fund. Examples:

CH. 33/11:	B/A was assigned Chapter number 33 for fiscal year 2011.
SEC 0250-012-0001:	Represents the agency (0250), reference (012), and fund (0001).

Hierarchy (Hier): Refers to the Agency Codes that are structured to incorporate the needs of decision-makers and the requirements of state fiscal systems. Some "budgets" and "programs" are assigned agency codes even though they may not be organizational entities by themselves.

Hier A	Groups of departments or budgets under agency secretaries or broad functional groupings usually referred to as Agency.
Hier B	Breakdown of agencies into subagency groupings.
Hier 01	This level is normally called Departments and receive appropriations.
Hier 02	This level includes suborganizations that are part of Hier 1 and can be divisions, bureaus, boards, or commissions.
Hier 03	This level includes suborganizations that are part of a Hier 2 organization and are sometimes called bureaus, offices, or units. These will be identified only if they receive appropriations.

An explanation of the B/A is located at:
Budget Act

Budget Authority can also come from California law codes (e.g., Government, Education Code, Penal Code, Revenue and Taxation Code, etc.).

An example of the Budget Authority (appropriation) and the breakdown of the budget string is shown below.

Example: B/A IT. 0110-001-0001

B/A	Budget Act	The B/A is the predominant method by which appropriations are made.
IT.	Item	Appropriation line item.
0110	Agency Code	A four-digit numerical designation from the UCM that is assigned to each state department, office, board, commission, etc., by the Department of Finance.
001	Reference	The reference number provides a unique code for each appropriation made to one organization from the same fund or to designate specific statewide appropriations such as State Mandates.
0001	Fund	The fund code is used to identify the fund from which an appropriation is made.

Example of an Appropriation: 0001000 0250 2016 001

0001000	The first seven digits represent the fund and subfund number.
0250	The second four digits represent the agency.
2016	The third four digits represent the fiscal year; the year in which the legislation was enacted.
001	The last three to six digits represent the reference number.
