

In the opinion of Orrick, Herrington & Sutcliffe LLP, Bond Counsel to the Authority, based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the 2024-2 Variable Rate Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 and is exempt from State of California personal income taxes. In the further opinion of Bond Counsel, interest on the 2024-2 Variable Rate Bonds is not a specific preference item for purposes of the federal individual alternative minimum tax. Bond Counsel observes that interest on the 2024-2 Variable Rate Bonds included in adjusted financial statement income of certain corporations is not excluded from the federal corporate alternative minimum tax. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the 2024-2 Variable Rate Bonds. See “TAX MATTERS.”

INTRODUCTION AND PURPOSE OF THE 2024-2 VARIABLE RATE BONDS

This Official Statement provides information concerning the issuance and sale by the Bay Area Toll Authority (the “Authority”) of \$200,000,000 aggregate principal amount of Bay Area Toll Authority San Francisco Bay Area Toll Bridge Revenue Bonds, comprised of \$150,000,000 2024 Series H (Variable Rate Bonds) (the “2024 Series H Bonds”) and \$50,000,000 2024 Series I (Variable Rate Bonds) (the “2024 Series I Bonds” and, together with the 2024 Series H Bonds, the “2024-2 Variable Rate Bonds”) (for purposes of this Official Statement, the term “Series” shall refer to an individual series of 2024-2 Variable Rate Bonds) pursuant to the Master Indenture, dated as of May 1, 2001, as supplemented and amended, including as supplemented by a Thirty-Ninth Supplemental Indenture, dated as of June 1, 2024 (collectively, the “Senior Indenture”), between the Authority and U.S. Bank Trust Company, National Association, as trustee (the “Senior Indenture Trustee”). Investors must review the entire Official Statement to make an informed investment decision concerning the 2024-2 Variable Rate Bonds.

The Authority administers the toll revenues from the seven state-owned toll bridges in the San Francisco Bay Area. The Authority will use the proceeds from the sale of the 2024-2 Variable Rate Bonds, to (i) finance or refinance highway, transit and toll bridge program capital improvements, and (ii) pay the costs of issuing the 2024-2 Variable Rate Bonds. See “SUMMARY OF FINANCING PLAN.”

In connection with the issuance of the 2024-2 Variable Rate Bonds, a new letter of credit (each, a “2024-2 Letter of Credit” and, together, the “2024-2 Letters of Credit”) for each Series is being issued by Bank of America, N.A. or TD Bank, N.A. (each, a “2024-2 Letter of Credit Provider” and, together, the “2024-2 Letter of Credit Providers”), as applicable, each pursuant to a new Reimbursement Agreement (each, a “2024-2 Reimbursement Agreement” and, together, the “2024-2 Reimbursement Agreements”) for each Series, each between the Authority and the applicable 2024-2 Letter of Credit Provider, each expected to be dated as of June 1, 2024, all as further described herein. See “THE 2024-2 LETTER OF CREDIT PROVIDERS.” The Authority’s obligations to reimburse a 2024-2 Letter of Credit Provider for draws on its 2024-2 Letter of Credit are payable from Revenue pursuant to the Senior Indenture as summarized herein. See “THE 2024-2 LETTERS OF CREDIT AND 2024-2 REIMBURSEMENT AGREEMENTS.”

Concurrently with the issuance of the 2024-2 Variable Rate Bonds, the Authority intends to issue its San Francisco Bay Area Toll Bridge Revenue Bonds, 2024 Series F-1 (the “2024 Series F-1 Bonds”) and its San Francisco Bay Area Toll Bridge Revenue Bonds, 2024 Series F-2 (Green Bonds – Climate Bond Certified) (the “2024 Series F-2 Bonds and, together with the 2024 Series F-1 Bonds, the “2024 Senior Fixed Rate Bonds”), pursuant to the Senior Indenture, as supplemented by a Thirty-Eighth Supplemental Indenture, dated as of June 1, 2024, between the Authority and the Senior Indenture Trustee. The sale of the 2024-2 Variable Rate Bonds is not contingent on the sale or delivery of such 2024 Senior Fixed Rate Bonds. See “SUMMARY OF FINANCING PLAN.”

By their purchase of the 2024-2 Variable Rate Bonds, the purchasers of the 2024-2 Variable Rate Bonds will be deemed to consent to certain amendments to the Senior Indenture (the “Proposed Amendments”) as shown in APPENDIX I — “FORM OF PROPOSED AMENDMENTS TO

SENIOR INDENTURE” and authorize the Senior Indenture Trustee to take all actions necessary to evidence or effect such consent.

The Proposed Amendments will become effective in the manner described under “PROPOSED AMENDMENTS TO SENIOR INDENTURE.”

PROPOSED AMENDMENTS TO SENIOR INDENTURE

By their purchase of the 2024-2 Variable Rate Bonds, the purchasers of the 2024-2 Variable Rate Bonds will be deemed to consent to the Proposed Amendments. The Proposed Amendments include, among other amendments, changes to how Operations & Maintenance Expenses, Annual Debt Service and the Reserve Requirement are calculated, how the Reserve Fund is funded, and what investments constitute Permitted Investments. See APPENDIX I – “FORM OF PROPOSED AMENDMENTS TO SENIOR INDENTURE” for a more detailed description of the Proposed Amendments and definitions of certain terms used herein.

The Proposed Amendments will become effective only upon the satisfaction of certain conditions, including receipt by the Authority of the consent of the Holders of not less than a majority of the aggregate principal amount of the Outstanding Senior Bonds affected, and the final approval of such amendments by the governing board of the Authority. The Authority is planning to effectuate these consents through a “springing consent” process, which means that the Authority will require the holders of each new Series of Senior Bonds, including the 2024-2 Variable Rate Bonds, to consent to the Proposed Amendments. The Proposed Amendments include several amendments for which the Authority began obtaining Holder consent in 2023, and which are contained under the Article entitled “FIRST AMENDMENTS OF CERTAIN SECTIONS OF THE MASTER INDENTURE” within APPENDIX I – “FORM OF PROPOSED AMENDMENTS TO SENIOR INDENTURE” (collectively, the “First Amendments”), and certain amendments for which the Authority began obtaining Holder consent in February 2024, and which are contained under the Article entitled “SECOND AMENDMENTS OF CERTAIN SECTIONS OF THE MASTER INDENTURE” within APPENDIX I – “FORM OF PROPOSED AMENDMENTS TO SENIOR INDENTURE” (collectively, the “Second Amendments”). After giving effect to the issuance of the 2024-2 Variable Rate Bonds and the 2024 Senior Fixed Rate Bonds as contemplated in “SUMMARY OF FINANCING PLAN” herein, the Authority expects that it would have the consent to the First Amendments of approximately 26.866% and consent to the Second Amendments of approximately 20.363% of the then-outstanding Senior Bonds. The Proposed Amendments will not be effective until other applicable required consents are received, and other conditions are met, as described above.

By the purchase and acceptance of the 2024-2 Variable Rate Bonds, the Bondholders and Beneficial Owners of the 2024-2 Variable Rate Bonds will be deemed to have consented to the Proposed Amendments to the Senior Indenture by their purchase of the 2024-2 Variable Rate Bonds. After delivery of the 2024-2 Variable Rate Bonds, the Authority will not be requesting separate written consent from the purchasers of the 2024-2 Variable Rate Bonds for the Proposed Amendments prior to adoption of the Proposed Amendments.

The Authority administers toll revenue collections and finances improvements for seven state-owned toll bridges in the San Francisco Bay Area: the Antioch Bridge, the Benicia-Martinez Bridge, the Carquinez Bridge, the Dumbarton Bridge, the Richmond-San Rafael Bridge, the San Francisco-Oakland Bay Bridge and the San Mateo-Hayward Bridge (each, a “Bridge” and collectively, the “Bridge System”). Additional Bonds Test

The Authority is issuing the 2024-2 Variable Rate Bonds as additional Senior Bonds under the Senior Indenture to finance or refinance highway, transit and toll bridge program capital improvements. This requires the Authority to certify that the ratio of Net Revenues to Maximum Annual Debt Service (defined in the Senior Indenture to include debt service on all Senior Obligations) following such issuance, based upon either an historical basis, using the most recent audited financial statements, or a projected basis, is at least 1.50x. See “SECURITY AND SOURCES OF PAYMENT FOR THE TOLL BRIDGE REVENUE BONDS – Certain Provisions of the Senior Indenture – *Additional Bonds Test*” herein. The projections are the responsibility of and are prepared by Authority management. In connection with the issuance of the 2024-2 Variable Rate Bonds, the Authority will determine the date that Maximum Annual Debt Service is projected to occur, and reflect such date in its certifications required to be delivered in connection with the issuance of the 2024-2 Variable Rate Bonds as additional Senior Bonds under the Senior Indenture. The Authority customarily revises its projections on an annual basis. For further discussion, see “SECURITY AND SOURCES OF PAYMENT FOR THE TOLL BRIDGE REVENUE BONDS – Certain Provisions of the Senior Indenture – *Toll Rate Covenants*.”

The Authority is issuing the 2024 Series F-1 Bonds as additional bonds for refunding purposes under the Senior Indenture. The issuance of additional bonds for refunding purposes does not require any certification of debt service coverage.

The Authority is issuing the 2024 Series F-2 Bonds as additional Senior Bonds under the Senior Indenture to finance or refinance highway and transit capital improvements. This requires the Authority to deliver the certifications of debt service coverage described in the first paragraph of this subheading with respect to the 2024 Series F-2 Bonds.

The Authority is issuing the 2024 Series S-11 Bonds as additional bonds for refunding purposes under the Subordinate Indenture (defined herein). The issuance of additional bonds for refunding purposes does not require any certification of debt service coverage.

Anticipated Additional Issuances of the Authority

Refunding Subordinate Toll Bridge Revenue Bonds. Following the issuance of the 2024-2 Variable Rate Bonds, the Authority intends to issue its San Francisco Bay Area Subordinate Toll Bridge Revenue Bonds, 2024 Series S-11 (the “2024 Series S-11 Bonds”) to (i) refund a portion of the Authority’s outstanding San Francisco Bay Area Subordinate Toll Bridge Revenue Bonds, 2010 Series S-1 maturing on April 1, 2030 and April 1, 2040 (collectively, the “Refunded Bonds”), (ii) make a deposit to a reserve account for the benefit of the 2024 Series S-11 Bonds, and (iii) pay the costs of issuing the 2024 Series S-11 Bonds. The Authority expects to issue the 2024 Series S-11 Bonds on or about July 5, 2024.

Remaining New Money Authorization. Under Resolution No 174, adopted by the governing board of the Authority January 24, 2024 (the “Resolution”), the Authority has authorized the issuance of not more than \$750 million of additional toll bridge revenue bonds through April 1, 2025 (the “New Money Authorization”), for the Authority’s authorized projects and purposes, including the issuance of refunding bonds, termination of existing interest rate swaps and execution of new interest rate swaps, if determined to be in the best interest of the Authority. As of the date hereof, the Authority has not issued any additional toll bridge revenue bonds pursuant to the Resolution. The 2024-2 Variable Rate Bonds and the 2024 Series F-2 Bonds will constitute additional toll bridge revenue bonds and will reduce the New Money

Authorization by the aggregate principal amount of such 2024-2 Variable Rate Bonds and 2024 Series F-2 Bonds issued. The Authority continually evaluates its market conditions for financing opportunities, including any refunding, restructuring, remarketing and/or refinancing and issuance of toll bridge revenue bonds, including through open market purchases, tender offer, bond exchange, or through other means. The Authority's governing board may, at any point in time, authorize additional issuances of toll bridge revenue bonds.

The principal amount of additional toll bridge revenue bonds (and any Senior Obligations or Subordinate Obligations) to be issued by the Authority and the timing of any such issuance or issuances will be determined by the Authority based on the actual costs of its programs (which are subject to modification by the Authority and by State law) and the resources then available. The Act (defined below) does not limit the principal amount of Authority obligations that may be issued. The Senior Indenture and the Subordinate Indenture limit the issuance of Senior Bonds, obligations of the Authority that are payable on a parity with the Senior Bonds, Subordinate Bonds, and obligations that are payable on a parity with the Subordinate Bonds. See the information herein and under the captions "SECURITY AND SOURCES OF PAYMENT FOR THE TOLL BRIDGE REVENUE BONDS – Certain Provisions of the Senior Indenture – *Toll Rate Covenants*" and "*—Additional Bonds Test*" and APPENDIX C – "DEFINITIONS AND SUMMARY OF CERTAIN PROVISIONS OF THE SUBORDINATE INDENTURE—Additional Subordinate Bonds; Subordinate Parity Obligations; Subordinated Obligations."

DESCRIPTION OF THE 2024-2 VARIABLE RATE BONDS

General

Chapters 4, 4.3 and 4.5 of Division 17 of the California Streets and Highways Code and Chapter 6 of Part 1 of Division 2 of Title 5 of the California Government Code (collectively, as amended from time to time, the "Act") authorize the Authority to issue toll bridge revenue bonds, including the 2024-2 Variable Rate Bonds, to finance and refinance the construction, improvement and equipping of the Bridge System and other transportation projects authorized by the Act, and the Authority is additionally authorized to issue refunding bonds pursuant to Article 10 and Article 11 of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code (Section 53570 et seq.) (the "Refunding Bond Law").

The Authority will issue the 2024-2 Variable Rate Bonds in book-entry form only. The 2024-2 Variable Rate Bonds will be registered in the name of a nominee of The Depository Trust Company ("DTC"), which will act as securities depository for the 2024-2 Variable Rate Bonds. Beneficial Owners of the 2024-2 Variable Rate Bonds will not receive certificates representing their ownership interests in the 2024-2 Variable Rate Bonds purchased. The Authority will make payments of principal of and interest on the 2024-2 Variable Rate Bonds to DTC, and DTC is to distribute such payments to its Direct Participants. Disbursement of such payments to Beneficial Owners of the 2024-2 Variable Rate Bonds is the responsibility of DTC's Direct and Indirect Participants and not the Authority. See APPENDIX D – "BOOK-ENTRY ONLY SYSTEM."

The 2024-2 Variable Rate Bonds are special obligations of the Authority and do not constitute an obligation of the State of California (the "State"), the Metropolitan Transportation Commission or of any other political subdivision of the State other than the Authority, or a pledge of the full faith

and credit of the State or of any other political subdivision of the State or of any other entity, including the Authority.

The Authority will issue the 2024-2 Variable Rate Bonds pursuant to the Senior Indenture.

The 2024-2 Variable Rate Bonds and any other bonds issued under the Senior Indenture are referred to in this Official Statement as the “Senior Bonds.” The Authority’s Senior Bonds, together with other obligations payable on a parity with the Senior Bonds, are referred to herein as the “Senior Obligations.” See APPENDIX B – “DEFINITIONS AND SUMMARY OF CERTAIN PROVISIONS OF THE SENIOR INDENTURE” for a summary of certain terms of the Senior Bonds.

For a description of the Authority’s Outstanding Senior Bonds and Senior Obligations, see APPENDIX A – “OUTSTANDING AUTHORITY OBLIGATIONS – Outstanding Senior Bonds and Senior Obligations” and APPENDIX F – “PRO FORMA DEBT SERVICE SCHEDULE.” For a description of the Authority’s Outstanding Subordinate Bonds and Subordinate Obligations, see APPENDIX A – “OUTSTANDING AUTHORITY OBLIGATIONS – Outstanding Subordinate Bonds” and APPENDIX F – “PRO FORMA DEBT SERVICE SCHEDULE.”

Payments of principal of, interest on and purchase price (to the extent remarketing proceeds are unavailable therefor) for the respective Series of 2024-2 Variable Rate Bonds will be made from draws on the applicable 2024-2 Letter of Credit. The obligation of the Authority to timely reimburse a 2024-2 Letter of Credit Provider under the applicable 2024-2 Reimbursement Agreement is on parity with the Authority’s obligation to pay the 2024-2 Variable Rate Bonds. See “THE 2024-2 LETTERS OF CREDIT AND 2024-2 REIMBURSEMENT AGREEMENTS.”

Upon issuance, the 2024-2 Variable Rate Bonds will bear interest at the Daily Rate determined as described below under “—Interest Rate Determination Methods.” Interest on each Series of the 2024-2 Variable Rate Bonds bearing interest at a Daily Rate will be payable on the first Business Day of each calendar month. Other Interest Payment Dates for the 2024-2 Variable Rate Bonds are (i) each Conversion Date, (ii) each mandatory tender date on which substitution of a Credit Support Instrument providing support for the 2024-2 Variable Rate Bonds bearing interest at the Daily Rate or the Weekly Rate occurs, and (iii) in all events the final maturity date or redemption date. Interest on 2024-2 Variable Rate Bonds bearing interest at a Daily Rate or a Weekly Rate will be computed on the basis of a 365/366-day year and actual days elapsed. The record date for 2024-2 Variable Rate Bonds bearing interest at the Daily Rate or the Weekly Rate will be the Business Day immediately preceding the Interest Payment Date. The 2024-2 Variable Rate Bonds will be remarketed in fully registered form in denominations of \$100,000 and any integral multiple of \$5,000 in excess thereof.

Upon satisfaction of conditions set forth in the Senior Indenture, a Series of 2024-2 Variable Rate Bonds may be changed at the election of the Authority to bear interest calculated pursuant to a different Interest Rate Determination Method (which may be the Daily Rate, the Weekly Rate, the Commercial Paper Rate, the Index Rate, the Term Rate or the Fixed Rate), provided however, that each 2024-2 Variable Rate Bond within a Series of 2024-2 Variable Rate Bonds shall have the same Interest Rate Determination Method as other 2024-2 Variable Rate Bonds within such Series of 2024-2 Variable Rate Bonds and (except 2024-2 Variable Rate Bonds which are 2024-2 Credit Provider Bonds (as defined in the Senior Indenture), 2024-2 Variable Rate Bonds during a Commercial Paper Rate Period, and 2024-2 Variable Rate Bonds of different maturities bearing interest at a Fixed Rate) shall bear interest at the same interest rate. Each Series of 2024-2 Variable Rate Bonds may bear interest at different interest rates in accordance with the Interest Rate Determination Method provided in the Senior Indenture. See APPENDIX B – “DEFINITIONS AND SUMMARY OF CERTAIN PROVISIONS OF THE SENIOR INDENTURE – THE SENIOR INDENTURE – Conversion of Interest Rate Determination Method.”

This Official Statement is not intended to provide information about the 2024-2 Variable Rate Bonds after conversion to another Interest Rate Determination Method (except with respect to the conversion of any Series of 2024-2 Variable Rate Bonds to a Weekly Rate where such Series of 2024-2 Variable Rate Bonds are supported by a 2024-2 Letter of Credit that supports a Weekly Rate).

REDEMPTION PROVISIONS OF THE 2024-2 VARIABLE RATE BONDS

Redemption Terms of the 2024-2 Variable Rate Bonds

Optional Redemption. The 2024-2 Variable Rate Bonds bearing interest at the Daily Rate or the Weekly Rate are subject to optional redemption by the Authority, in whole or in part, in Authorized Denominations on any day, at a redemption price equal to the principal amount thereof, plus accrued and unpaid interest, if any, without premium.

Mandatory Redemption. The 2024-2 Variable Rate Bonds that are Term Bonds are subject to mandatory redemption prior to their stated maturity, in part, by lot, from Sinking Fund Installments for such 2024-2 Variable Rate Bonds, on each date a Sinking Fund Installment for such 2024-2 Variable Rate Bonds is due, and in the principal amount equal to the Sinking Fund Installment due on such date at a redemption price equal to the principal amount thereof, plus accrued interest to the redemption date, without premium.

Sinking Fund Installments for the 2024 Series H Bonds shall be due in such amounts and on such dates as follows:

2024 Series H Bonds

<i>Redemption Date (April 1)</i>	<i>Sinking Fund Installment (\$)</i>
2057	49,015,000
2058	49,990,000
2059 [†]	50,995,000

[†] Final Maturity

Sinking Fund Installments for the 2024 Series I Bonds shall be due in such amounts and on such dates as follows:

2024 Series I Bonds

<i>Redemption Date (April 1)</i>	<i>Sinking Fund Installment (\$)</i>
2057	16,335,000
2058	16,665,000
2059 [†]	17,000,000

[†] Final Maturity

Purchase in Lieu of Redemption

The Authority may surrender to the Senior Indenture Trustee for cancellation any Bonds of a Series of 2024-2 Variable Rate Bonds purchased by the Authority (such purchases to be made from funds of the Authority and not from a draw on a 2024-2 Letter of Credit), and such 2024-2 Variable Rate Bonds shall be cancelled by the Senior Indenture Trustee. Upon such a cancellation, the Authority may designate the Sinking Fund Installments or portions thereof with respect to any 2024-2 Variable Rate Bonds that are Term Bonds which are to be reduced as allocated to such cancellation, in an aggregate amount equal to the principal amount of cancelled 2024-2 Variable Rate Bonds of such Series and maturity, and such Sinking Fund Installments shall be reduced accordingly. For purposes of such selection, any Series of 2024-2 Variable Rate Bonds of such Series and maturity shall be deemed to be composed of multiples of minimum Authorized Denominations and any such multiple may be separately purchased and cancelled. The Authority covenants and agrees in the Indenture that any 2024-2 Variable Rate Bonds so purchased by the Authority in lieu of mandatory redemption will be surrendered promptly to the Senior Indenture Trustee for cancellation.

Selection of 2024-2 Variable Rate Bonds for Redemption

In the event of an optional redemption of any 2024-2 Variable Rate Bonds, the Authority will designate which Series and maturities of such Series of 2024-2 Variable Rate Bonds are to be called for optional redemption; *provided* that 2024-2 Credit Provider Bonds must be redeemed prior to any other 2024-2 Variable Rate Bonds. If less than all 2024-2 Variable Rate Bonds of any Series maturing by their terms on any one date are to be redeemed at any one time, the Senior Indenture Trustee shall select the 2024-2 Variable Rate Bonds of such maturity date to be redeemed, from Outstanding 2024-2 Variable Rate Bonds of such maturity not previously called for redemption, in Authorized Denominations, by lot or by such other method as the Securities Depository shall use, as applicable, or if no such method is prescribed by the Securities Depository, as the Senior Indenture Trustee determines to be fair and reasonable, and shall promptly notify the Authority in writing of the numbers of the 2024-2 Variable Rate Bonds so selected for redemption. DTC's stated practice is to determine by lot the amount of the interest of each DTC Direct Participant within a Series of Bonds to be redeemed. See APPENDIX D — "BOOK-ENTRY ONLY SYSTEM." For purposes of such selection, 2024-2 Variable Rate Bonds of each Series and maturity shall be deemed to be composed of multiples of minimum Authorized Denominations and any such multiple may be separately redeemed. In the event Term Bonds are designated for redemption, the Authority may designate which Sinking Fund Installments, or portions thereof, are to be reduced as allocated to such redemption.

In the event of a mandatory redemption of any 2024-2 Variable Rate Bonds, if less than all 2024-2 Variable Rate Bonds of any Series maturing by their terms on any one date are to be redeemed at any one time with Sinking Fund Installments, the Senior Indenture Trustee shall select the 2024-2 Variable Rate Bonds of such Series and maturity to be redeemed, from the Outstanding Senior Bonds of such Series and maturity not previously called for redemption, in Authorized Denominations, by lot or by such other method as the securities depository shall use, or if no such method is prescribed by the securities depository, as the Senior Indenture Trustee determines to be fair and reasonable; *provided that* 2024-2 Credit Provider Bonds shall be redeemed prior to any other 2024-2 Variable Rate Bonds. The Senior Indenture Trustee shall promptly notify the Authority in writing of the 2024-2 Variable Rate Bonds so selected for redemption. For purposes of such selection, 2024-2 Variable Rate Bonds of each Series and maturity shall be deemed to be composed of multiples of minimum Authorized Denominations and any such multiple may be separately redeemed.

Notice of Redemption

Each notice of redemption is to be mailed by the Senior Indenture Trustee not less than twenty (20) nor more than sixty (60) days prior to the redemption date to DTC. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners of 2024-2 Variable Rate Bonds will be governed by arrangements among them, and the Authority and the Senior Indenture Trustee will not have any responsibility or obligation to send a notice of redemption except to DTC. Failure of DTC or Beneficial Owners to receive any notice of redemption or any defect therein will not affect the sufficiency of any proceedings for redemption. In the event an optional redemption of any Series of 2024-2 Variable Rate Bonds will be funded in whole or in part with a draw on the applicable 2024-2 Letter of Credit, the Authority and the Trustee are required to obtain the consent of the applicable 2024-2 Letter of Credit Provider prior to mailing the notice of redemption.

Conditional Notice of Redemption; Rescission

Any notice of optional redemption of the 2024-2 Variable Rate Bonds may be conditional and if any condition stated in the notice of redemption is not satisfied on or prior to the redemption date, said notice will be of no force and effect and the Authority will not be required to redeem such 2024-2 Variable Rate Bonds and the redemption will be cancelled. The Senior Indenture Trustee will within a reasonable time thereafter give notice, to the persons and in the manner in which the notice of redemption was given, that such condition or conditions were not met and that the redemption was cancelled.

In addition, the Authority may, at its option, on or prior to the date fixed for optional redemption in any notice of redemption of the 2024-2 Variable Rate Bonds, rescind and cancel such notice of redemption by Written Request of the Authority to the Senior Indenture Trustee, and any optional redemption of 2024-2 Variable Rate Bonds and notice thereof will be rescinded and cancelled and the Senior Indenture Trustee is to mail notice of such cancellation to the recipients of the notice of redemption being cancelled pursuant to the Senior Indenture.

Any optional redemption of 2024-2 Variable Rate Bonds and notice thereof will be rescinded and cancelled if for any reason on the date fixed for optional redemption moneys are not available in the Redemption Fund or otherwise held in trust for such purpose in an amount sufficient to pay in full on said date the principal of, interest, and any premium due on the 2024-2 Variable Rate Bonds called for optional redemption and such failure to optionally redeem the 2024-2 Variable Rate Bonds called for redemption will not be a default under the Senior Indenture.

Effect of Redemption

Notice of redemption having been duly given pursuant to the Senior Indenture, and moneys for payment of the redemption price of, together with interest accrued to the redemption date on, the 2024-2 Variable Rate Bonds (or portions thereof) so called for redemption being held by the Senior Indenture Trustee, on the redemption date designated in such notice, the 2024-2 Variable Rate Bonds (or portions thereof) so called for redemption shall become due and payable at the redemption price specified in such notice, together with interest accrued thereon to the date fixed for redemption, interest on such 2024-2 Variable Rate Bonds so called for redemption shall cease to accrue, said 2024-2 Variable Rate Bonds (or portions thereof) shall cease to be entitled to any benefit or security under the Senior Indenture, and the Owners of said 2024-2 Variable Rate Bonds will have no rights in respect thereof except to receive payment of said redemption price and accrued interest to the date fixed for redemption.

2024-2 VARIABLE RATE BONDS IN DAILY OR WEEKLY RATE MODE

Interest Rate Determination Methods

General. Upon their initial issuance, the 2024-2 Variable Rate Bonds will bear interest at a Daily Rate, which for the initial Daily Rate Period shall be determined in accordance with the Purchase Contracts (defined below) for each Series of 2024-2 Variable Rate Bonds. The Authority has the right to change the Interest Rate Determination Method for all (but not less than all) of a Series of the 2024-2 Variable Rate Bonds to a different Interest Rate Determination Method (which may be the Daily Rate, the Weekly Rate, the Commercial Paper Rate, the Index Rate, the Term Rate or the Fixed Rate). See “ — Conversion of Interest Rate Determination Method” below.

Each Series of the 2024-2 Variable Rate Bonds will initially have a Remarketing Agent. See “REMARKETING AGENTS.” See also “PRACTICES AND PROCEDURES RELATED TO THE 2024-2 VARIABLE RATE BONDS.”

No Daily Rate or Weekly Rate on the 2024-2 Variable Rate Bonds will exceed 12% per annum.

Daily Rate. So long as a Series of 2024-2 Variable Rate Bonds is in the Daily Rate Period, such Bonds will bear interest at a Daily Rate. During each Daily Rate Period for a Series of 2024-2 Variable Rate Bonds, the applicable Remarketing Agent for such Series is to set a Daily Rate for such Series of 2024-2 Variable Rate Bonds by 10:00 a.m., New York City time, on each Business Day; *provided, that*, the Daily Rate for the first Business Day following a Conversion Date resulting in a change in the Interest Rate Determination Method to a Daily Rate shall be set by such Remarketing Agent on the Business Day immediately preceding such Conversion Date; *and provided further*, that pursuant to the Senior Indenture, in connection with the substitution of a Credit Support Instrument providing support for any Series of 2024-2 Variable Rate Bonds bearing interest at the Daily Rate, the Daily Rate with respect to such Series of Bonds for the first Business Day following such substitution shall be set by the applicable Remarketing Agent on the Business Day immediately preceding the date of such substitution in accordance with the Senior Indenture. Each Daily Rate is to be the rate of interest which, if borne by such Series of 2024-2 Variable Rate Bonds in the Daily Rate Period, would, in the judgment of the applicable Remarketing Agent, having due regard for the prevailing financial market conditions for Tax-Exempt Securities which are of the same general nature as such Series of 2024-2 Variable Rate Bonds, or Tax-Exempt Securities which are competitive as to credit and maturity (or period for tender) with the credit and maturity (or period for tender) of such Series of 2024-2 Variable Rate Bonds for which the Daily Rate is to be determined, be the lowest interest rate which would enable such Remarketing Agent to place such Series of 2024-2 Variable Rate Bonds at a price of par (plus accrued interest, if any) on such Business Day. The Daily Rate for any non-Business Day will be the rate for the last Business Day on which a Daily Rate was set.

Weekly Rate. So long as a Series of 2024-2 Variable Rate Bonds is in the Weekly Rate Period, such Bonds will bear interest at a Weekly Rate. During each Weekly Rate Period for a Series of 2024-2 Variable Rate Bonds, the applicable Remarketing Agent for such Series is to set a Weekly Rate for such Series of 2024-2 Variable Rate Bonds, by 5:00 p.m., New York City time, on each Wednesday (or the immediately succeeding Business Day, if such Wednesday is not a Business Day) for the next period of seven (7) days from and including Thursday of any week to and including Wednesday of the next following week (a “Calendar Week”); *provided, that*, the Weekly Rate for the first Calendar Week (or portion thereof) following a Conversion Date resulting in a change in the Interest Rate Determination Method to a Weekly Rate is to be set by the applicable Remarketing Agent on the Business Day immediately preceding such Conversion Date; *and provided further*, that, in connection with the substitution of a Credit Support Instrument providing support for any Series of 2024-2 Variable Rate Bonds bearing interest at the Weekly Rate, the Weekly Rate with respect to such Series of 2024-2 Variable Rate Bonds for the first Calendar

Week (or portion thereof) following such substitution shall be set by the applicable Remarketing Agent on the Business Day immediately preceding the date of such substitution, in accordance with the Senior Indenture. Each Weekly Rate shall be the rate of interest which, if borne by such Series of 2024-2 Variable Rate Bonds in the Weekly Rate Period, would, in the judgment of the Remarketing Agent, having due regard for the prevailing financial market conditions for Tax-Exempt Securities which are of the same general nature as such Series of 2024-2 Variable Rate Bonds for which the Weekly Rate is to be determined, or Tax-Exempt Securities which are competitive as to credit and maturity (or period for tender) with the credit and maturity (or period for tender) of the 2024-2 Variable Rate Bonds for which the Weekly Rate is to be determined, be the lowest interest rate that would enable the applicable Remarketing Agent to place such Series of 2024-2 Variable Rate Bonds at a price of par (plus accrued interest, if any) on the first day of such Weekly Rate Period.

Failure to Determine Rate for Certain Rate Periods. If, for any reason, the Daily Rate or the Weekly Rate on any 2024-2 Variable Rate Bond is not established as described above, or there is no Remarketing Agent for the applicable Series of 2024-2 Variable Rate Bonds, or any Daily Rate or Weekly Rate so established is held to be invalid or unenforceable with respect to any such Rate Period, then an interest rate for such Series of 2024-2 Variable Rate Bonds for such Rate Period equal to 100% of the SIFMA Swap Index, plus ten basis points (0.10%), on the date such Daily Rate or Weekly Rate was (or would have been) determined, as provided pursuant to the provisions of the Senior Indenture described above, shall be established automatically. “SIFMA Swap Index” means, on any date, a rate determined on the basis of the seven-day high grade market index of tax-exempt variable rate demand obligations, as produced by Bloomberg (or successor organizations) and published or made available by the Securities Industry & Financial Markets Association (formerly the Bond Market Association) (“SIFMA”) or any person acting in cooperation with or under the sponsorship of SIFMA and acceptable to the Authority and effective from such date or if such index is no longer produced or available, either (i) the S&P Municipal Bond 7 Day High Grade Rate Index as produced and made available by S&P Dow Jones Indices LLC (or successor organizations) or (ii) such other index selected by the Authority, with the advice of a remarketing agent or municipal advisor.

Bond Purchases. The Senior Indenture Trustee will make each purchase drawing under the applicable 2024-2 Letter of Credit in an amount equal to the Purchase Price for such Series of 2024-2 Variable Rate Bonds being purchased less the amount of remarketing proceeds, if any, that the Senior Indenture Trustee has received from the applicable Remarketing Agent by the time that is thirty minutes prior to the latest time for submitting purchase draw requests for same day payment under the applicable 2024-2 Letter of Credit. The applicable Remarketing Agent for the 2024-2 Variable Rate Bonds will be required to transfer to the Senior Indenture Trustee the proceeds of any remarketing that has occurred by 11:30 a.m., New York City time, thereby assisting the Senior Indenture Trustee to determine whether it is necessary to obtain funds under the applicable 2024-2 Letter of Credit to purchase tendered 2024-2 Variable Rate Bonds.

Conversion of Interest Rate Determination Method

Right of Conversion. The Interest Rate Determination Method for any Series of 2024-2 Variable Rate Bonds is subject to Conversion from one Interest Rate Determination Method to another from time to time by the Authority, with such right to be exercised by delivery of a written notice of an Authorized Representative (such notice being the “Conversion Notice”) to the Senior Indenture Trustee, the Index Agent, if any, the applicable Remarketing Agent and the applicable 2024-2 Letter of Credit Provider for such 2024-2 Variable Rate Bonds to be converted. Upon receipt of a Conversion Notice from an Authorized Representative, as soon as possible, but in any event not less than thirty (30) days prior to the proposed Conversion Date, the Senior Indenture Trustee is to give notice by first-class mail to the affected Owners of 2024-2 Variable Rate Bonds in accordance with the Senior Indenture. The Senior Indenture provides

that such notice may be rescinded on or prior to the effective date of the Conversion. See APPENDIX B — “DEFINITIONS AND SUMMARY OF CERTAIN PROVISIONS OF THE SENIOR INDENTURE— THE SENIOR INDENTURE—Conversion of Interest Rate Determination Method.”

Failure to Convert. The Senior Indenture includes provisions setting forth the procedures and conditions for the exercise by the Authority of its right of conversion of the 2024-2 Variable Rate Bonds from one Interest Rate Determination Method to another. Under certain circumstances, a planned conversion may not be completed. However, once a notice of conversion is provided to the Owners of a Series of 2024-2 Variable Rate Bonds, all such Bonds in such Series of 2024-2 Variable Rate Bonds must be tendered for purchase (whether or not the planned conversion is completed). See “—Mandatory Tender Provisions” below. See “—Funding Optional and Mandatory Tenders of 2024-2 Variable Rate Bonds” below concerning payment for 2024-2 Variable Rate Bonds so tendered for purchase.

The Senior Indenture provides that a failed conversion of 2024-2 Variable Rate Bonds to another Interest Rate Determination Method means that such 2024-2 Variable Rate Bonds will continue to bear interest at the Interest Rate Determination Method in effect prior to the proposed Conversion Date (as if no proceedings for Conversion had taken place) and the rate of interest thereon shall be determined on the proposed Conversion Date. If the failed conversion is due to insufficient funds, such 2024-2 Variable Rate Bonds will be returned to the respective Owners thereof and the interest rate will be the lesser of the SIFMA Swap Index plus 3% and the Maximum Interest Rate of 12% from the date of such failed purchase until all 2024-2 Variable Rate Bonds are purchased as required in accordance with the Senior Indenture. See “—Funding Optional and Mandatory Tenders of 2024-2 Variable Rate Bonds” below.

Optional Tender Provisions

The 2024-2 Variable Rate Bonds bearing interest at a Daily Rate or a Weekly Rate (other than Credit Provider Bonds) are subject to tender for purchase and remarketing at the option of the Owner or the Beneficial Owners of those 2024-2 Variable Rate Bonds, who may elect to have 2024-2 Variable Rate Bonds (or portions thereof in Authorized Denominations) purchased at a purchase price (the “Purchase Price”) equal to 100% of the principal amount thereof, without premium, plus any accrued interest to but not including the Purchase Date. If the Purchase Date occurs before an Interest Payment Date, but after the Record Date applicable to such Interest Payment Date, then accrued interest will be paid to DTC for payment to the Beneficial Owners as of the applicable Record Date.

2024-2 Variable Rate Bonds bearing interest at a Daily Rate, or a portion thereof, may be tendered for purchase on any Business Day at the applicable Purchase Price, payable in immediately available funds, upon (A) delivery by the Owner or the Beneficial Owner of such 2024-2 Variable Rate Bonds to the applicable Remarketing Agent and to the Senior Indenture Trustee at its Principal Office of an irrevocable written or electronic notice by 11:00 a.m. (New York City time) on the Purchase Date, which states the principal amount of such 2024-2 Variable Rate Bond to be tendered for purchase and the Purchase Date, and (B) delivery of such 2024-2 Variable Rate Bond to the Senior Indenture Trustee on the Purchase Date in accordance with the Senior Indenture.

2024-2 Variable Rate Bonds bearing interest at a Weekly Rate, or a portion thereof, may be tendered for purchase on any Business Day at the applicable Purchase Price, payable in immediately available funds, upon (A) delivery by the Owner or the Beneficial Owner of such 2024-2 Variable Rate Bonds to the applicable Remarketing Agent and to the Senior Indenture Trustee at its Principal Office of an irrevocable written or electronic notice by 5:00 p.m. (New York City time) on any Business Day at least seven (7) days prior to the Purchase Date, which states the principal amount of such 2024-2 Variable Rate Bond to be tendered for purchase and the Purchase Date, and (B) delivery of such 2024-2 Variable Rate Bond to the Senior Indenture Trustee on the Purchase Date in accordance with the Senior Indenture.

Any 2024-2 Variable Rate Bond may be tendered for purchase in part as long as the amount so purchased and not so purchased are each in an Authorized Denomination.

Any instrument delivered to the Senior Indenture Trustee in accordance with the provisions of the Senior Indenture described above shall be irrevocable with respect to the purchase for which such instrument was delivered and shall be binding upon DTC and any subsequent Owner or Beneficial Owner of the 2024-2 Variable Rate Bonds to which it relates, including any 2024-2 Variable Rate Bond issued in exchange therefor or upon the registration of transfer thereof, and as of the date of such instrument, the Owner or the Beneficial Owner of the 2024-2 Variable Rate Bonds specified therein shall not have any right to optionally tender for purchase such 2024-2 Variable Rate Bonds prior to the date of purchase specified in such notice. The Authority, the applicable Remarketing Agent and the Senior Indenture Trustee may conclusively assume that any person (other than an Owner) providing notice of optional tender pursuant to the Senior Indenture is the Beneficial Owner of the 2024-2 Variable Rate Bonds to which such notice relates, and none of the Authority, the applicable Remarketing Agent or the Senior Indenture Trustee shall assume any liability in accepting such notice from any person whom it reasonably believes to be a Beneficial Owner of 2024-2 Variable Rate Bonds.

In the event that any 2024-2 Variable Rate Bonds subject to optional tender are deemed paid in accordance with the Senior Indenture, such 2024-2 Variable Rate Bonds shall be paid or redeemed no later than the first optional tender date following deposit of moneys or Government Obligations (as defined in the Senior Indenture) pursuant to the Senior Indenture.

Draws on the applicable 2024-2 Letter of Credit issued pursuant to the applicable 2024-2 Reimbursement Agreement described under “THE 2024-2 LETTERS OF CREDIT AND 2024-2 REIMBURSEMENT AGREEMENTS” will provide funds for the purchase of the applicable 2024-2 Variable Rate Bonds that are not successfully remarketed upon optional tender by Owners or Beneficial Owners for purchase and remarketing. See “— Funding Optional and Mandatory Tenders of 2024-2 Variable Rate Bonds” below.

Mandatory Tender Provisions

The 2024-2 Variable Rate Bonds will be subject to mandatory tender for purchase at the applicable Purchase Price on the Conversion Date (or on the proposed Conversion Date if the conversion fails to occur) to a new Interest Rate Determination Method specified in a Conversion Notice as described above under “Conversion of Interest Rate Determination Method.”

Draws on the applicable 2024-2 Letter of Credit issued pursuant to the applicable 2024-2 Reimbursement Agreement described under the caption “THE 2024-2 LETTERS OF CREDIT AND 2024-2 REIMBURSEMENT AGREEMENTS” will provide funds for the purchase of the applicable 2024-2 Variable Rate Bonds that are not successfully remarketed upon optional tender by Bond owners for purchase and remarketing, and for the purchase of 2024-2 Variable Rate Bonds that are not successfully remarketed upon mandatory tender. The 2024-2 Variable Rate Bonds will be subject to mandatory tender for purchase at the applicable Purchase Price (A) on the fifth (5th) Business Day preceding (i) the scheduled expiration of the applicable 2024-2 Letter of Credit or (ii) the termination of the applicable 2024-2 Letter of Credit at the election of the Authority as permitted by such 2024-2 Letter of Credit, and (B) on the date of provision of a substitute credit or liquidity facility and resultant termination of the applicable existing 2024-2 Letter of Credit. An alternate Credit Support Instrument may not be substituted for the applicable existing 2024-2 Letter of Credit for the applicable 2024-2 Variable Rate Bonds unless a mandatory tender and purchase of all of the applicable 2024-2 Variable Rate Bonds occurs. The Senior Indenture Trustee is to give DTC at least 15 days’ notice of any such elected termination, substitution or expiration. The Authority may rescind any notice of mandatory tender provided to Owners in connection with the

substitution of a Credit Support Instrument by giving written notice of such rescission to Owners of such 2024-2 Variable Rate Bonds on or prior to the date set for such substitution and mandatory tender and such notice previously delivered by the Authority shall be of no force and effect.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners of 2024-2 Variable Rate Bonds will be governed by arrangements among them, and the Authority and the Senior Indenture Trustee will not have any responsibility or obligation to send any notice to Beneficial Owners of 2024-2 Variable Rate Bonds.

Funding Optional and Mandatory Tenders of 2024-2 Variable Rate Bonds

The Authority expects funds to be made available to purchase 2024-2 Variable Rate Bonds tendered for purchase pursuant to the optional and mandatory tender provisions described above by having the applicable Remarketing Agent remarket the tendered 2024-2 Variable Rate Bonds and having the proceeds applied to purchase the tendered 2024-2 Variable Rate Bonds. See “REMARKETING AGENTS.”

Payment of the purchase price for any 2024-2 Variable Rate Bonds tendered for purchase and not successfully remarketed is expected to be paid from amounts drawn under the applicable 2024-2 Letter of Credit as described under “THE 2024-2 LETTERS OF CREDIT AND 2024-2 REIMBURSEMENT AGREEMENTS.” If insufficient funds are available from remarketing proceeds and under the applicable 2024-2 Letter of Credit, the Authority has the option, but no obligation under the Senior Indenture, to pay the shortfall to the Senior Indenture Trustee.

The Senior Indenture provides that if sufficient funds are not available for the purchase of all 2024-2 Variable Rate Bonds of a Series of 2024-2 Variable Rate Bonds tendered or deemed tendered and required to be purchased on any Purchase Date, all 2024-2 Variable Rate Bonds of such Series shall bear interest at the lesser of the SIFMA Swap Index plus 3% and the Maximum Interest Rate from the date of such failed purchase until all such 2024-2 Variable Rate Bonds are purchased as required in accordance with the Senior Indenture, and that all tendered 2024-2 Variable Rate Bonds of such Series shall be returned to the respective Owners. Thereafter, the Senior Indenture Trustee is to continue to take all such action available to it to obtain remarketing proceeds from the applicable Remarketing Agent and sufficient other funds from the applicable 2024-2 Letter of Credit Provider to purchase all 2024-2 Variable Rate Bonds required to be purchased. The Senior Indenture provides that such failed purchase and return shall not constitute an Event of Default.

Mechanics and Timing of Optional and Mandatory Tenders

The mechanics and timing of delivery and payment for 2024-2 Variable Rate Bonds tendered for purchase are addressed in the Senior Indenture. See APPENDIX B — “DEFINITIONS AND SUMMARY OF CERTAIN PROVISIONS OF THE SENIOR INDENTURE — THE SENIOR INDENTURE — Mechanics of Optional and Mandatory Tenders.”

Mandatory Tender for Authority Purchase of 2024-2 Variable Rate Bonds at Election of Authority

The 2024-2 Variable Rate Bonds are also subject to mandatory tender for purchase by the Authority, in whole or in part (such that the portion that is subject to mandatory tender for purchase and the portion not subject to such mandatory tender shall each be in an Authorized Denomination), on any date such 2024-2 Variable Rate Bonds would be subject to optional redemption (each, an “Optional Purchase Date”) at a purchase price equal to the principal amount of such 2024-2 Variable Rate Bonds to be purchased on the Optional Purchase Date, plus accrued interest to the Optional Purchase Date, plus an

amount equal to the premium, if any, that would be payable upon the redemption (the “Optional Purchase Price”). In the event that the Authority determines to purchase any 2024-2 Variable Rate Bonds on any Optional Purchase Date, the Authority will provide the Senior Indenture Trustee with written notice of such determination at least thirty-five (35) days prior to the Optional Purchase Date, which notice will specify the Series of 2024-2 Variable Rate Bonds and the principal amount of such 2024-2 Variable Rate Bonds of each maturity that are to be purchased and the Optional Purchase Date on which such purchase is to occur.

When the Senior Indenture Trustee receives notice from the Authority of its determination to purchase 2024-2 Variable Rate Bonds pursuant the provisions described above, the Senior Indenture Trustee will give notice to the Owners of the 2024-2 Variable Rate Bonds and the applicable Remarketing Agent, in the name of the Authority, of the mandatory tender for purchase such 2024-2 Variable Rate Bonds, which notice shall be mailed, by first class mail, postage prepaid, not more than sixty (60) nor less than twenty (20) days before the Optional Purchase Date. Receipt of such notice of mandatory tender for purchase shall not be a condition precedent to the mandatory tender for purchase of the 2024-2 Variable Rate Bonds and failure to receive any such notice or any defect in such notice shall not affect the validity of the proceedings for the mandatory tender for purchase of such 2024-2 Variable Rate Bonds pursuant to the provisions of the Senior Indenture described herein. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners of 2024-2 Variable Rate Bonds will be governed by arrangements among them, and the Authority and the Senior Indenture Trustee will not have any responsibility or obligation to send any notice to Beneficial Owners of 2024-2 Variable Rate Bonds.

If less than all of the outstanding 2024-2 Variable Rate Bonds of any Series are to be called for mandatory tender at the election of the Authority, the Authority will select the principal amount and maturity of such 2024-2 Variable Rate Bonds to be purchased at its sole discretion. If less than all of the 2024-2 Variable Rate Bonds of a Series and maturity are to be tendered at any one time, DTC’s practice is to determine by lot the amount of the interest of each DTC Direct Participant in the 2024-2 Variable Rate Bonds to be tendered. See APPENDIX D – “BOOK-ENTRY ONLY SYSTEM.” For purposes of such selection, the 2024-2 Variable Rate Bonds shall be deemed to be composed of multiples of minimum Authorized Denominations and any such multiple may be separately tendered. If at the time the Senior Indenture Trustee sends any notice of mandatory tender for purchase of any 2024-2 Variable Rate Bonds as described in the preceding paragraph, the Authority has not deposited with the Senior Indenture Trustee an amount sufficient to pay the full Optional Purchase Price of such 2024-2 Variable Rate Bonds, or the portions thereof, to be purchased, such notice shall state that such mandatory tender for purchase is conditional upon the receipt by the Senior Indenture Trustee on or prior to the Optional Purchase Date fixed for such purchase of moneys sufficient to pay the Optional Purchase Price of such 2024-2 Variable Rate Bonds, or the portions thereof to be purchased, and that if such moneys shall not have been so received said notice shall be of no force and effect and the Authority shall not be required to purchase such 2024-2 Variable Rate Bonds. No funds may be drawn on the applicable 2024-2 Letter of Credit to pay the Optional Purchase Price of the applicable 2024-2 Variable Rate Bonds on a mandatory tender at the option of the Authority.

Funding for purchases of 2024-2 Variable Rate Bonds pursuant to the mandatory tender at the election of the Authority as described under this heading is not provided for in any of the 2024-2 Letters of Credit described under “THE 2024-2 LETTERS OF CREDIT AND 2024-2 REIMBURSEMENT AGREEMENTS” or in the Authority’s agreements with the Remarketing Agents for 2024-2 Variable Rate Bonds.

REMARKETING AGENTS

The Authority has entered into Remarketing Agreements with J.P. Morgan Securities LLC (“J.P. Morgan”) with respect to the 2024 Series H Bonds and Wells Fargo Bank, N.A. with respect to the 2024 Series I Bonds. Each Remarketing Agent undertakes, among other things, to use its best efforts to remarket the applicable Series of 2024-2 Variable Rate Bonds that are tendered for purchase. The Authority or the Remarketing Agent may terminate such Remarketing Agreement under the circumstances and in the manner described in the applicable Remarketing Agreement, in which case the Authority expects to appoint a replacement remarketing agent in accordance with the Senior Indenture.

Each Remarketing Agent and its affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, principal investment, hedging, financing and brokerage services. Each Remarketing Agent and its affiliates have, from time to time, performed, and may in the future perform, various financial advisory and investment banking services for the Authority, for which they received or will receive customary fees and expenses.

In the ordinary course of their various business activities, each Remarketing Agent and its affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities, which may include credit default swaps) and financial instruments (including bank loans) for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities and instruments. Such investment and securities activities may involve securities and instruments of the Authority (including any of the 2024-2 Variable Rate Bonds).

Each Remarketing Agent and its affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments. See “PRACTICES AND PROCEDURES RELATED TO THE 2024-2 VARIABLE RATE BONDS” below.

PRACTICES AND PROCEDURES RELATED TO THE 2024-2 VARIABLE RATE BONDS

Each Remarketing Agent has agreed to comply with the Authority’s variable rate demand bond procedures, which are included in the Senior Indenture and described herein.

Each Remarketing Agent also has internal practices and procedures pertaining to variable rate demand securities. The resale of 2024-2 Variable Rate Bonds and the rates of interest thereon may be affected by those practices and procedures.

Each Remarketing Agent Is Paid by the Authority. The applicable Remarketing Agent’s responsibilities include determining the interest rate from time to time and remarketing 2024-2 Variable Rate Bonds that are optionally or mandatorily tendered by the owners thereof (subject, in each case, to the terms of the applicable Remarketing Agreement), all as further described in this Official Statement. The Remarketing Agents are appointed by the Authority and are paid by the Authority for their services. As a result, the interests of the Remarketing Agents may differ from those of existing holders and potential purchasers of 2024-2 Variable Rate Bonds.

Each Remarketing Agent May Be Removed, Resign or Cease Remarketing the 2024-2 Variable Rate Bonds, Without a Successor Being Named. Under certain circumstances a Remarketing Agent may be removed or have the ability to resign or cease its remarketing efforts, without a successor having been named, subject to the terms of the applicable Remarketing Agreement.

Each Remarketing Agent and the Authority May Purchase 2024-2 Variable Rate Bonds for Their Own Accounts. The Remarketing Agents act as remarketing agents for a variety of variable rate demand obligations and, in their sole discretion, have routinely purchased such obligations for their own respective accounts in order to achieve a successful remarketing of the obligations (i.e., because there are otherwise not enough buyers to purchase the obligations) or for other reasons. The Remarketing Agents are permitted, but not obligated, to purchase tendered 2024-2 Variable Rate Bonds for their own respective accounts and, if one does so, it may cease doing so at any time without notice. Any cessation of purchases by a Remarketing Agent may result in a failed remarketing and draw on the applicable 2024-2 Letter of Credit. The applicable Remarketing Agent may also make a market in the 2024-2 Variable Rate Bonds it remarkets by purchasing and selling such Bonds other than in connection with an optional or mandatory tender and remarketing. Such purchases and sales may be at or below par. However, the applicable Remarketing Agent is not required to make a market in a Series of 2024-2 Variable Rate Bonds. The applicable Remarketing Agent may also sell any 2024-2 Variable Rate Bonds it has purchased to one or more affiliated investment vehicles for collective ownership or enter into derivative arrangements with affiliates or others in order to reduce its exposure to the 2024-2 Variable Rate Bonds. The Authority may purchase certain 2024-2 Variable Rate Bonds held by a Remarketing Agent. In addition, the Senior Indenture permits the Remarketing Agents to remarket 2024-2 Variable Rate Bonds to the Authority as part of the remarketing and interest rate setting process undertaken by the Remarketing Agents. The willingness of the Authority to buy 2024-2 Variable Rate Bonds in connection with a remarketing may affect the interest rate determined for such 2024-2 Variable Rate Bonds. The Authority's interest in connection with the determining of the interest rate by a Remarketing Agent may differ from the interests of Bondholders other than the Authority. The purchase of 2024-2 Variable Rate Bonds by a Remarketing Agent or the Authority may create the appearance that there is greater third-party demand for the 2024-2 Variable Rate Bonds in the market than is actually the case. The practices described above also may result in fewer 2024-2 Variable Rate Bonds being tendered in a remarketing, fewer draws on the applicable 2024-2 Letter of Credit, and lower interest rates on the 2024-2 Variable Rate Bonds than would otherwise be the case.

2024-2 Variable Rate Bonds May Be Offered at Different Prices on Any Date Including an Interest Rate Determination Date. Each Remarketing Agent is required by its Remarketing Agreement to determine the applicable rate of interest that, in its judgment, is the lowest rate that would permit the sale of the applicable Series of 2024-2 Variable Rate Bonds bearing interest at such rate at par plus accrued interest, if any, on and as of the Rate Determination Date. Such interest rate will reflect, among other factors, the level of market demand for such Series of 2024-2 Variable Rate Bonds (including whether the applicable Remarketing Agent or the Authority is willing to purchase such Series of 2024-2 Variable Rate Bonds for its own account). Each Remarketing Agreement requires that the applicable Remarketing Agent use its best efforts to remarket the applicable Series of 2024-2 Variable Rate Bonds tendered pursuant to the Senior Indenture. There may or may not be 2024-2 Variable Rate Bonds tendered and remarketed on a Rate Determination Date, the applicable Remarketing Agent may or may not be able to remarket any Series of 2024-2 Variable Rate Bonds tendered for purchase on such date at par, and the applicable Remarketing Agent may sell 2024-2 Variable Rate Bonds of a Series at varying prices to different investors on such date or any other date. The applicable Remarketing Agent is not obligated to advise purchasers in a remarketing if it does not have third party buyers for all of the Series of 2024-2 Variable Rate Bonds at the remarketing price. In the event an applicable Remarketing Agent or the Authority owns any Series of 2024-2 Variable Rate Bonds for its own account, it may, in its sole discretion in a secondary market transaction outside the tender process, offer such Series of 2024-2 Variable Rate Bonds on any date, including the Rate Determination Date, at a discount to par to some investors which, in the case of the Remarketing Agent, may include the Authority.

The Ability to Sell the 2024-2 Variable Rate Bonds other than through Tender Process May Be Limited. The Remarketing Agents and the Authority may buy and sell 2024-2 Variable Rate Bonds other than through the tender process. However, they are not obligated to do so and may cease doing so at any

time without notice and may require holders that wish to tender their 2024-2 Variable Rate Bonds to do so through the Senior Indenture Trustee with appropriate notice. Thus, investors who purchase the 2024-2 Variable Rate Bonds, whether in a remarketing or otherwise, should not assume that they will be able to sell their 2024-2 Variable Rate Bonds other than by tendering the 2024-2 Variable Rate Bonds in accordance with the tender process.

THE 2024-2 LETTERS OF CREDIT AND 2024-2 REIMBURSEMENT AGREEMENTS

The following is a summary of provisions of the 2024-2 Letters of Credit to be issued under the 2024-2 Reimbursement Agreements on the date of delivery of the 2024-2 Variable Rate Bonds with respect to such 2024-2 Variable Rate Bonds and does not apply to any subsequent replacement letters of credit or reimbursement agreements that may support such 2024-2 Variable Rate Bonds. Each of the 2024-2 Letters of Credit are substantially similar and each of the 2024-2 Reimbursement Agreements are substantially similar. Accordingly, the majority of the discussion below is generic and applies equally to each 2024-2 Letter of Credit or each 2024-2 Reimbursement Agreement, as applicable, unless the context or use clearly indicates otherwise. This summary does not purport to be comprehensive. Reference should be made to the forms of each 2024-2 Letter of Credit, which are attached hereto as Appendix H for their complete terms. Capitalized terms used under this heading not defined elsewhere in this Official Statement shall have the meanings set forth in the 2024-2 Reimbursement Agreements. For information regarding each 2024-2 Letter of Credit Provider, see “THE 2024-2 LETTER OF CREDIT PROVIDERS.”

General

The 2024-2 Letter of Credit for the 2024 Series H Bonds will be issued with a stated amount of \$152,465,754 and is provided by Bank of America, N.A., and the 2024-2 Letter of Credit for the 2024 Series I Bonds will be issued with a stated amount of \$50,821,918 and provided by TD Bank, N.A. Each 2024-2 Letter of Credit shall be issued pursuant to the related 2024-2 Reimbursement Agreement between the Authority and the applicable 2024-2 Letter of Credit Provider. The stated amount of each 2024-2 Letter of Credit comprises the principal amount of the 2024-2 Variable Rate Bonds supported thereby and an interest amount that is based upon an assumed rate of interest of 12% on such principal amount for a period of 50 days using a 365-day year based on the actual number of days elapsed. Under the terms of each 2024-2 Letter of Credit, the applicable 2024-2 Letter of Credit Provider is solely liable for payments thereunder and no 2024-2 Letter of Credit Provider will be liable for the failure of any other 2024-2 Letter of Credit Provider to perform its obligations under its applicable 2024-2 Letter of Credit. Payment of principal of and interest on a Series of 2024-2 Variable Rate Bonds and payment of the Purchase Price for 2024-2 Variable Rate Bonds tendered for purchase or subject to mandatory purchase in accordance with the Senior Indenture and not remarketed will be made from amounts drawn under the applicable 2024-2 Letter of Credit.

An extension of each 2024-2 Letter of Credit or the substitution of another Credit Support Instrument for any applicable Series of 2024-2 Variable Rate Bonds is required by the Senior Indenture until such Series of 2024-2 Variable Rate Bonds are retired or changed to bear interest, as permitted by the Senior Indenture, at a Fixed Rate, a Term Rate, a Commercial Paper Rate, or an Index Rate. The scheduled expiration or the termination by the Authority of a 2024-2 Letter of Credit, and the substitution of another Credit Support Instrument, will each result in a mandatory purchase of the 2024-2 Variable Rate Bonds supported by such 2024-2 Letter of Credit as explained under “2024-2 VARIABLE RATE BONDS IN DAILY OR WEEKLY RATE MODE — Mandatory Tender Provisions.”

Draws under the applicable 2024-2 Letter of Credit must be made by the Senior Indenture Trustee by written notice to the applicable 2024-2 Letter of Credit Provider. Upon payment by the applicable 2024-2 Letter of Credit Provider of the Purchase Price of the applicable 2024-2 Variable Rate Bonds tendered

for purchase but not remarketed, the 2024-2 Variable Rate Bonds purchased by the applicable 2024-2 Letter of Credit Provider will be called Credit Provider Bonds or Bank Bonds and bear interest at the Bank Rate determined pursuant to the applicable 2024-2 Reimbursement Agreement. Each 2024-2 Reimbursement Agreement provides for the remarketing of Bank Bonds at the election of the Authority and requires the Authority to redeem any Bank Bond that is not remarketed in thirteen (13) equal quarterly installments of principal (each in authorized denominations) beginning on the first Business Day of the twenty-fourth calendar month immediately following the purchase of such Bank Bond by the applicable 2024-2 Letter of Credit Provider. The Senior Indenture requires Credit Provider Bonds of a Series to be remarketed prior to the remarketing of any other 2024-2 Variable Rate Bonds of the same Series tendered for purchase or subject to mandatory purchase.

Extension, Reduction, Adjustment or Termination of the 2024-2 Letters of Credit

The 2024-2 Letter of Credit supporting the 2024 Series H Bonds will expire on April 2, 2029 and the 2024-2 Letter of Credit supporting the 2024 Series I Bonds will expire on June 26, 2029, unless extended for additional periods by mutual agreement of the Authority and the applicable 2024-2 Letter of Credit Provider. Written request for extension of a 2024-2 Letter of Credit must be received by the applicable 2024-2 Letter of Credit Provider not less than 120 days preceding the applicable then current relevant expiration date of such 2024-2 Letter of Credit and the applicable 2024-2 Letter of Credit Provider in its sole and absolute discretion shall notify the Authority within 45 days of its receipt of the Authority's request. If it does not respond to the Authority's request, the applicable 2024-2 Letter of Credit Provider will be deemed to deny such request.

Upon any redemption, defeasance or other payment of all or any portion of the principal amount of 2024-2 Variable Rate Bonds, the applicable 2024-2 Letter of Credit shall automatically be reduced by the principal amount of the 2024-2 Variable Rate Bonds so redeemed, defeased or otherwise paid from the proceeds of a drawing under such 2024-2 Letter of Credit. The interest amount of the applicable 2024-2 Letter of Credit will be adjusted downward by an amount in proportion to the reduction of the commitment as to principal because of the redemption, defeasance or other payment of the 2024-2 Variable Rate Bonds or the purchase by the applicable 2024-2 Letter of Credit Provider of the 2024-2 Variable Rate Bonds tendered or deemed tendered in accordance with the terms of the Senior Indenture. The stated amount of the applicable 2024-2 Letter of Credit may also be permanently reduced on the Business Day following a 2024-2 Letter of Credit Provider's receipt from the Senior Indenture Trustee of a reduction certificate in the form attached to the applicable 2024-2 Letter of Credit.

The Available Amount (as defined in each 2024-2 Letter of Credit) on a 2024-2 Letter of Credit will be reduced by an amount equal to the amount of an Interest Drawing (as defined in each 2024-2 Letter of Credit) under such 2024-2 Letter of Credit; *provided, however*, that the amount of such Interest Drawing shall be automatically reinstated under the applicable 2024-2 Letter of Credit effective as of the opening of business on the fifth (5th) business day from the date of such drawing unless the Senior Indenture Trustee shall have received from the applicable 2024-2 Letter of Credit Provider on or before the close of business on the fourth (4th) business day from the date of such drawing notice that the applicable 2024-2 Letter of Credit Provider has not been reimbursed in full for such drawing (which event is an Event of Default under the applicable 2024-2 Reimbursement Agreement) or any other Event of Default (as defined in each applicable 2024-2 Reimbursement Agreement) under the applicable 2024-2 Reimbursement Agreement has occurred and as a consequence thereof such 2024-2 Letter of Credit will not be so reinstated. The amount of any reduction of any 2024-2 Letter of Credit as a result of a Purchase Drawing (as defined in each 2024-2 Letter of Credit) under such 2024-2 Letter of Credit shall be automatically reinstated concurrently upon receipt by the applicable 2024-2 Letter of Credit Provider, or the Senior Indenture Trustee on such 2024-2 Letter of Credit Provider's behalf, of an amount equal to the amount of such Purchase Drawing previously

honored (or portion thereof) plus accrued interest thereon as specified in a certificate delivered to the applicable 2024-2 Letter of Credit Provider.

Each 2024-2 Letter of Credit will terminate on the close of business of the earliest to occur of on the following: (i) the scheduled expiration date (as such date may be extended from time to time), (ii) the earlier of (A) the date specified by the Senior Indenture Trustee in a certificate delivered to the applicable 2024-2 Letter of Credit Provider as being the date which is one (1) Business Day following the date on which all of the applicable Series of 2024-2 Variable Rate Bonds are converted (the “Conversion”) to bear interest at a rate other than a daily interest rate or a weekly interest rate or (B) the date on which the applicable 2024-2 Letter of Credit Provider honors a purchase drawing made by the Senior Indenture Trustee in connection with the Conversion, (iii) the date on which the applicable 2024-2 Letter of Credit Provider receives a certificate from the Senior Indenture Trustee certifying that (A) no such Series of 2024-2 Variable Rate Bonds remain outstanding within the meaning of the Senior Indenture, (B) all drawings required to be made under the Senior Indenture and available under the applicable 2024-2 Letter of Credit have been made and honored, or (C) a substitute Credit Support Instrument has been issued to replace the applicable 2024-2 Letter of Credit pursuant to the Senior Indenture, (iv) the date on which the applicable 2024-2 Letter of Credit Provider honors a maturity drawing made by the Senior Indenture Trustee, and (v) the date which is fifteen (15) days following receipt by the Senior Indenture Trustee of a written notice from the applicable 2024-2 Letter of Credit Provider specifying the occurrence of an “Event of Default” under the applicable 2024-2 Reimbursement Agreement.

The Authority has agreed in each 2024-2 Reimbursement Agreement that any termination of a 2024-2 Letter of Credit as a result of the provision of an alternate Credit Support Instrument will require, as a condition thereto, that the Authority or the issuer of the alternate Credit Support Instrument, as the case may be, will provide immediately available funds on or prior to the date of such termination or provision, which funds will be sufficient to ensure the payment of all amounts due to the applicable 2024-2 Letter of Credit Provider under the applicable 2024-2 Reimbursement Agreement, the related Fee Letter and the related Bank Bonds (if any) owned by the applicable 2024-2 Letter of Credit Provider.

Summary of 2024-2 Reimbursement Agreements

Set forth below is a summary of certain provisions of the 2024-2 Reimbursement Agreements. Each of the 2024-2 Reimbursement Agreements are substantially similar. Accordingly, the majority of the discussion below is generic and applies equally to each 2024-2 Reimbursement Agreement, unless the context or use clearly indicates otherwise. This summary is qualified in its entirety by reference to the 2024-2 Reimbursement Agreements, copies of which can be obtained from the Authority.

Reimbursement of Drawings

The Authority agrees to reimburse each 2024-2 Letter of Credit Provider for the full amount of any drawing (other than a Liquidity Drawing for which the conditions precedent to a Liquidity Advance are satisfied on the date of such Liquidity Drawing) honored by such 2024-2 Letter of Credit Provider under the applicable 2024-2 Letter of Credit immediately following, and on the date of, payment by such 2024-2 Letter of Credit Provider of each such drawing. Subject to the following sentence, if the Authority does not make such reimbursement on such date, each such reimbursement obligation shall bear interest at the rate per annum equal to the “Default Rate” (as defined in each 2024-2 Reimbursement Agreement) from time to time in effect. If the conditions precedent to a Liquidity Advance are not satisfied on the date of a Liquidity Drawing and the Authority does not make reimbursement of such Liquidity Drawing on the same day, each such reimbursement obligation shall bear interest at the rate per annum equal to (i) the Federal Funds Rate (as defined in each 2024-2 Reimbursement Agreement) for such date plus 0.5% until the next Business Day, (ii) the “Base Rate” (as defined in each 2024-2 Reimbursement Agreement) for the period commencing on the Business Day after the applicable drawing date to and including the ninth day after the applicable drawing date; and (iii) the “Default Rate” (as defined in each 2024-2 Reimbursement Agreement) for the period commencing on the tenth day after the applicable drawing date.

If the conditions precedent set forth in the applicable 2024-2 Reimbursement Agreement are satisfied at the time of payment by a 2024-2 Letter of Credit Provider of a Liquidity Drawing, such Liquidity

Drawing shall constitute an advance (“Liquidity Advance”) by such 2024-2 Letter of Credit Provider to the Authority. Subject to the acceleration of Obligations (including Liquidity Advances) in accordance with the 2024-2 Reimbursement Agreements, each Liquidity Advance shall be repaid in thirteen (13) equal quarterly installments of principal (each, an “Amortization Payment”) payable on each Amortization Payment Date for such Liquidity Advance and with the final Amortization Payment (which shall be equal to all principal of such Liquidity Advance remaining outstanding) being due and payable no later than the Amortization End Date for such Liquidity Advance. A Liquidity Advance shall be prepaid by the Authority (i) on each date on which a Bank Bond purchased with the proceeds of the Liquidity Drawing which gave rise to such Liquidity Advance (a “Related Bank Bond”) is redeemed, defeased or is otherwise paid in accordance with its terms, but only to the extent of the principal amount of the Related Bank Bond so redeemed, defeased or otherwise paid; and (ii) the date of the remarketing of a Related Bank Bond, but only to the extent of the principal amount of such Related Bank Bond that is remarketed. If a 2024-2 Letter of Credit is replaced with a Credit Support Instrument, as a condition precedent to such replacement, the Authority shall, or shall cause the issuer of such Credit Support Instrument to, prepay in full on or prior to the applicable substitution date all outstanding Liquidity Advances derived from Liquidity Drawings made pursuant to such 2024-2 Letter of Credit. If a 2024-2 Letter of Credit is terminated following a drawing thereunder made to purchase Bonds in connection with the conversion of the interest mode of such Bonds to a mode other than a daily rate or a weekly rate, the Authority shall prepay in full on the date of conversion all outstanding Liquidity Advances derived from Liquidity Drawings made pursuant to such 2024-2 Letter of Credit. The Authority may also elect to prepay a Liquidity Advance in whole or in part at any time on any business day, without premium or penalty. The Authority also promises to pay interest on the unpaid principal amount of each Liquidity Advance from the date such Liquidity Advance is made until it is paid in full, at a rate per annum equal to the “Bank Rate” (as defined in each 2024-2 Reimbursement Agreement) from time to time in effect. Any Liquidity Advance and/or interest thereon that is not paid when due shall bear interest at the rate per annum equal to the “Default Rate” (as defined in each 2024-2 Reimbursement Agreement) from time to time in effect.

A Liquidity Drawing shall be converted to a Liquidity Advance only if certain conditions are satisfied including that certain representations and warranties of the Authority set forth in the applicable 2024-2 Reimbursement Agreement are true and correct in all material respects on and as of the date of such Liquidity Advance and that at the time of and immediately after giving effect to such Liquidity Advance, no Event of Default (other than an Event of Default derived from the failure of the Authority to provide a replacement Credit Support Instrument upon the expiration of a 2024-2 Letter of Credit) shall have occurred and be continuing.

Payment of Other Amounts

Pursuant to the 2024-2 Reimbursement Agreements, the Authority has agreed to pay certain fees to the 2024-2 Letter of Credit Providers, to pay increased costs and compensate the 2024-2 Letter of Credit Providers for loss of return in the event of certain changes in law and to indemnify to the 2024-2 Letter of Credit Providers and certain other persons in certain circumstances. The Authority has also agreed to pay, in the manner set forth in the 2024-2 Reimbursement Agreements, interest (or, if interest is already accruing, interest at a higher interest rate) on Liquidity Advances and amounts that are not paid when due.

Representations, Warranties and Covenants

In connection with the execution and delivery of the 2024-2 Reimbursement Agreements, the Authority has made an extensive number of representations and warranties to the 2024-2 Letter of Credit Providers and will covenant to take or do, and to refrain from taking or doing, certain actions.

Events of Default

The occurrence or existence of any of the following specified events shall each constitute an “Event of Default” under the applicable 2024-2 Reimbursement Agreement:

(a) The Authority shall fail to pay, or cause to be paid, when due (i) the principal of, or interest on, any Liquidity Advance or Bank Bond or reimbursement obligation arising from a drawing under the applicable 2024-2 Letter of Credit (other than a Liquidity Drawing which has become a Liquidity Advance); or (ii) any Obligation (other than an Obligation described in clause (i) immediately above) and, in the case of this clause (ii) only, such failure shall continue unremedied for ten (10) Business Days or more; or

(b) The Authority shall have declared a moratorium on the payment of, or repudiated, any Obligation or applicable 2024-2 Variable Rate Bond; or

(c) (i) The Authority shall fail to pay, or cause to be paid, when due (whether by scheduled maturity, redemption or otherwise) any Debt or Swap Obligation that is secured by Bridge Toll Revenues, and such failure shall continue after any applicable grace period, or shall have declared a moratorium on the payment of, or repudiated, any such Debt or Swap Obligation or (ii) the Authority shall default in the observance or performance of any agreement or condition relating to any Debt or Swap Obligation that is secured by Bridge Toll Revenues or payable from Bridge Toll Revenues on a parity with the 2024-2 Variable Rate Bonds and the Reimbursement Obligations, or contained in any instrument or agreement evidencing, securing or relating thereto, the effect of which default or event of default is to permit (determined without regard to whether any notice is required) or cause any such Debt or Swap Obligation secured by Bridge Toll Revenues or payable from Bridge Toll Revenues on a parity with the 2024-2 Variable Rate Bonds and the Reimbursement Obligations to become immediately due and payable in full as the result of the acceleration, mandatory redemption or mandatory tender of such Debt or Swap Obligation secured by Bridge Toll Revenues or payable from Bridge Toll Revenues on a parity with the 2024-2 Variable Rate Bonds and the Reimbursement Obligations (provided that with respect to Swap Contracts only, an event that results in a termination payment secured by or payable from Bridge Toll Revenues on a parity with the 2024-2 Variable Rate Bonds and the Reimbursement Obligations becoming due thereunder shall only constitute an Event of Default under the applicable 2024-2 Reimbursement Agreement if such termination payment becomes due as a result of a default or event of default caused by or attributable to the Authority under the related Swap Contract); or

(d) Any material provision of any Related Document at any time for any reason ceases to be valid and binding on the Authority in accordance with the terms of such Related Document or is declared or ruled to be null and void by a court or other governmental agency of appropriate jurisdiction; or

(e) An Event of Insolvency shall have occurred; or

(f) The long-term unenhanced ratings (i.e., any rating that is assigned to a 2024-2 Variable Rate Bond (other than a Bank Bond) or any other indebtedness of the Authority senior to or on a parity with the 2024-2 Variable Rate Bonds (other than Bank Bonds) and secured by and payable from Bridge Toll Revenues without regard to the provision of credit enhancement such as a letter of credit, bond insurance policy or other financial guarantee) of the 2024-2 Variable Rate Bonds or any other indebtedness of the Authority senior to or on a parity with the 2024-2 Variable Rate Bonds and secured by and payable from Bridge Toll Revenues shall be withdrawn or suspended for credit related reasons by any two of Fitch, S&P and Moody’s or reduced below “BBB-,” “BBB-” and “Baa3,” respectively, by any two of Fitch, S&P and Moody’s; or

(g) A breach by the Authority of the provisions of, or an event of default by the Authority shall occur and be continuing under, any Related Document (other than the applicable 2024-2 Reimbursement Agreement) or under any Outstanding Reimbursement Agreement and the expiration of any applicable grace period shall have occurred; or

(h) The Authority shall default in the observance or performance of certain covenants or agreements set forth in the applicable 2024-2 Reimbursement Agreement for which no grace or cure period is provided (“No Cure Period Covenants”); or

(i) The Authority shall default in the observance or performance of any covenant or agreement contained in the applicable 2024-2 Reimbursement Agreement (other than the covenant to provide a substitute Credit Support Instrument upon the scheduled expiration of a 2024-2 Letter of Credit (“2024-2 Letter of Credit Substitution Covenant”), the covenant to provide certain quarterly financial information, the covenant to provide certain swap portfolio information and the No Cure Period Covenants) and such default shall continue for thirty (30) days after written notice of such default shall have been given to the Authority by the applicable 2024-2 Letter of Credit Provider; or

(j) Any representation or warranty on the part of the Authority contained in, or incorporated into, the applicable 2024-2 Reimbursement Agreement shall at any time prove to have been untrue in any material respect when made or when reaffirmed, as the case may be;

(k) The existence of the Authority is terminated or the Authority is dissolved; or

(l) One or more judgments or orders for the payment of money in excess of \$35,000,000 in the aggregate and payable from Bridge Toll Revenues and for which insurance proceeds shall not be available (or for which insurance coverage has been denied) shall be rendered against the Authority and such judgment(s) or order(s) shall not be stayed, bonded, vacated, discharged or satisfied for a period of sixty (60) days; or

(m) The Act is repealed, reenacted or amended by legislative or judicial action or any other legislation is enacted, repealed, reenacted or amended, in a manner that could reasonably be expected to result in a material adverse effect on the ability of the Authority to timely perform its obligations under the Related Documents.

Remedies

In addition to any other remedies in the applicable 2024-2 Reimbursement Agreement or by law or by equity provided, upon the occurrence and during the continuance of any Event of Default:

(a) The applicable 2024-2 Letter of Credit Provider may give notice of the occurrence of such Event of Default to the Senior Indenture Trustee, directing the Senior Indenture Trustee to cause a mandatory tender of the applicable 2024-2 Variable Rate Bonds, causing the applicable 2024-2 Letter of Credit to terminate in accordance with its terms thirty (30) days thereafter;

(b) The applicable 2024-2 Letter of Credit Provider shall be entitled to proceed to enforce all remedies available, if any, under the Related Documents that apply to that Series of 2024-2 Variable Rate Bonds only and not to other Series of 2024-2 Variable Rate Bonds;

(c) The applicable 2024-2 Letter of Credit Provider shall be entitled to proceed to enforce all remedies available under the Related Documents and under applicable law and in equity, including, but not limited to, the right to seek mandamus; and/or

(d) The applicable 2024-2 Letter of Credit Provider may declare all Obligations (other than Bank Bonds) to be, and such amounts shall thereupon become, immediately due and payable without presentment, demand, protest or other notice of any kind, all of which have been waived by the Authority in the applicable 2024-2 Reimbursement Agreement, provided that upon the occurrence of an Event of Insolvency such acceleration shall automatically occur (unless such automatic acceleration is waived by the applicable 2024-2 Letter of Credit Provider in writing).

Additionally, from and after the occurrence of an Event of Default, (other than an Event of Default of the type described in subpart (i) above under the heading “Events of Default” resulting from a failure of the Authority to comply with its obligations under the applicable 2024-2 Reimbursement Agreement to obtain a Credit Support Instrument to become effective on or before the Stated Expiration Date of an applicable Letter of Credit if Bonds will remain outstanding on and after the State Expiration Date of the applicable Letter of Credit other than as fixed rate Bonds, index Bonds, term Bonds or auction rate Bonds), the Bank Note and all unreimbursed drawings evidenced thereby shall bear interest at the Default Rate.

Notwithstanding the foregoing, the remedies set forth in (a) and (d) above shall not be available in the case of an Event of Default resulting from a failure of the Authority to comply with the 2024-2 Letter of Credit Substitution Covenant.

SECURITY AND SOURCES OF PAYMENT FOR THE TOLL BRIDGE REVENUE BONDS

Statutory Lien on Bridge Toll Revenues

Bridge Toll Revenues include all tolls and all other income, including penalties for violations, allocated to the Authority pursuant to the Act derived from the Bridge System and not limited or restricted

to a specific purpose. The Act imposes a statutory lien upon all Bridge Toll Revenues in favor of the holders of the Authority's toll bridge revenue bonds and in favor of any provider of credit enhancement for those bonds. The statutory lien is subject to expenditures for operation and maintenance of the Bridges, including toll collection, unless those expenditures are otherwise provided for by statute. See APPENDIX A – “BRIDGE TOLL REVENUES – Toll Rates,” “BRIDGE TOLL REVENUES – Operations and Maintenance,” “AUTHORITY FINANCIAL AND OPERATING INFORMATION – Operations and Maintenance Fund,” and “LEGISLATION, INITIATIVE AND REFERENDA MATTERS – *Legislation and Related Matters*,” APPENDIX B – “DEFINITIONS AND SUMMARY OF CERTAIN PROVISIONS OF THE SENIOR INDENTURE” and APPENDIX C – “DEFINITIONS AND SUMMARY OF CERTAIN PROVISIONS OF THE SUBORDINATE INDENTURE.”

See APPENDIX I – “FORM OF PROPOSED AMENDMENTS TO SENIOR INDENTURE” for the full text of the Proposed Amendments that would modify the definition of “Operations & Maintenance Expenses.” By their purchase of the 2024-2 Variable Rate Bonds, the purchasers of the 2024-2 Variable Rate Bonds will be deemed to consent to the Proposed Amendments.

Pledge by the State

Pursuant to Section 30963 of the Act, the State has pledged and agreed with the holders of toll bridge revenue bonds and those parties who may enter into contracts with the Authority pursuant to the Act, that the State will not limit, alter, or restrict the rights vested by the Act in the Authority to finance the toll bridge improvements authorized by the Act. The State has further agreed not to impair the terms of any agreements made with the holders of the toll bridge revenue bonds and with parties who may enter into contracts with the Authority pursuant to the Act and has pledged and agreed not to impair the rights or remedies of the holders of any toll bridge revenue bonds or any such parties until the toll bridge revenue bonds, together with interest, are fully paid and discharged and any contracts are fully performed on the part of the Authority.

Toll Bridge Revenue Bonds

Additional toll bridge revenue bonds may be issued in the future as either Senior Obligations or Subordinate Obligations (subject to the requirements of and limitations in the Senior Indenture or the Subordinate Indenture, dated as of June 1, 2010, as supplemented and amended (the “Subordinate Indenture”), by and between the Authority and The Bank of New York Mellon Trust Company, N.A. (the “Subordinate Indenture Trustee”)).

The Authority's Senior Bonds (which includes the 2024-2 Variable Rate Bonds), together with other obligations payable on a parity with the Senior Bonds, are referred to herein as the “Senior Obligations.” Senior Obligations consist of the Senior Bonds and amounts due as regularly scheduled payments under the Authority's Qualified Swap Agreements described in APPENDIX A – “OUTSTANDING AUTHORITY OBLIGATIONS – Qualified Swap Agreements.” Senior Obligations also include certain amounts due as reimbursement obligations pursuant to the Authority's existing Reimbursement Agreements (the “Outstanding Reimbursement Agreements”) described in APPENDIX A – “OTHER AUTHORITY OBLIGATIONS – Credit Facilities,” and for Reserve Facility Costs, which are amounts to repay draws under surety bonds or insurance policies held in the reserve fund for Senior Bonds. No such Reserve Facility Costs are presently outstanding. Senior Obligations also will include any amounts due as reimbursement obligations pursuant to the 2024-2 Reimbursement Agreements. See APPENDIX B – “DEFINITIONS AND SUMMARY OF CERTAIN PROVISIONS OF THE SENIOR INDENTURE” for a summary of certain terms of the Senior Bonds and Senior Obligations.

The Authority's Subordinate Bonds, together with other obligations payable on a parity with the Subordinate Bonds, are referred to herein as the "Subordinate Obligations." In addition, if the Authority were to become obligated to make termination payments under the Authority's Qualified Swap Agreements described above, those obligations would be Subordinate Obligations. See APPENDIX C – "DEFINITIONS AND SUMMARY OF CERTAIN PROVISIONS OF THE SUBORDINATE INDENTURE" for a summary of certain terms of the Subordinate Bonds.

Certain Provisions of the Senior Indenture

The Senior Indenture provides that Senior Obligations are payable from and secured by "Revenue," which consists of tolls paid by vehicles using the seven Bridges in the Bridge System (including income from penalties for toll violations), interest earnings on the Bay Area Toll Account and all other funds held by the Authority, interest earnings on fund balances held under the Senior Indenture, payments received under interest rate swap agreements, and interest subsidy payments received from the federal government on account of the issuance of Senior Bonds as Build America Bonds. Senior Obligations are also secured by and payable from all amounts (including the proceeds of Senior Bonds) held by the Senior Indenture Trustee (except amounts on deposit to be used to make rebate payments to the federal government and amounts on deposit to be used to provide liquidity support for variable rate demand Senior Bonds). The pledge securing Senior Obligations is irrevocable until all Senior Obligations are no longer outstanding.

Authority for Issuance of Senior Bonds. The Senior Indenture permits Senior Bonds to be issued pursuant to the Act for the purpose of toll bridge program capital improvements and for the purpose of refunding Senior Bonds and other Senior Obligations, including in accordance with the Refunding Bond Law.

Transfers of Revenue. Under the Act, all Bridge Toll Revenues are required to be deposited into the Bay Area Toll Account held by the Authority. The Senior Indenture requires the Authority to transfer to the Senior Indenture Trustee, from the Bay Area Toll Account, Revenue sufficient to make payments on all Senior Obligations not later than three Business Days prior to their due dates.

Revenue so received from the Authority by the Senior Indenture Trustee is required by the Senior Indenture to be deposited in trust in the Bond Fund under the Senior Indenture. All Revenue held in that Bond Fund is to be held, applied, used and withdrawn only as provided in the Senior Indenture.

The Subordinate Indenture Trustee has been instructed by the Authority to transfer to the Senior Indenture Trustee any Revenue (as defined and provided in the Senior Indenture) on deposit in the Bond Fund held by the Subordinate Indenture Trustee to the extent that there is any shortfall in amounts needed to make timely payments of principal, interest, and premium, if any, on Senior Obligations or to replenish the reserve fund for the Senior Bonds. Any such transfer to the Senior Indenture Trustee will not include proceeds of Subordinate Bonds, amounts attributable to interest subsidy payments received from the federal government on account of the issuance of Subordinate Bonds as Build America Bonds or any amounts attributable to a reserve account for Subordinate Bonds. The Senior Indenture Trustee has been instructed by the Authority to transfer to the Subordinate Indenture Trustee any amounts on deposit in the Fees and Expenses Fund under the Senior Indenture to the extent that there is any shortfall in the Bond Fund under the Subordinate Indenture of amounts needed to make timely payments of principal, interest, and premium, if any, on Subordinate Obligations and to replenish the reserve fund for the Subordinate Bonds, provided that no such transfer is to be made to the extent there is also a concurrent shortfall in the Bond Fund or reserve fund under the Senior Indenture. The Authority has instructed each trustee to notify the other trustee on the third Business Day preceding each principal or interest payment date of the need for such a transfer and to request such transfer on the second Business Day preceding each such payment date.

Toll Rate Covenants. The Authority covenants in the Senior Indenture that it will at all times establish and maintain tolls on the Bridge System at rates sufficient to pay debt service on all Senior Obligations, to pay certain toll operations expenditures (defined in the Senior Indenture as “Category B” maintenance expenditures) and to otherwise comply with the Act.

The Authority also has covenanted in the Senior Indenture to compute coverage ratios specified in the Senior Indenture within ten Business Days after the beginning of each Fiscal Year and to increase tolls if any of the ratios, based on budgeted amounts for such Fiscal Year, is less than the required level. See APPENDIX B – “DEFINITIONS AND SUMMARY OF CERTAIN PROVISIONS OF THE SENIOR INDENTURE – THE SENIOR INDENTURE – Covenants of the Authority – Toll Rate Covenants.”

Additional Bonds Test. Additional Senior Obligations may be issued under the Senior Indenture only if at least one of the following is true immediately following the issuance of such additional Senior Obligations:

- (a) the additional Senior Obligations are issued for refunding purposes to provide funds for the payment of any or all of the following: (1) the principal or redemption price of the Senior Obligations to be refunded; (2) all expenses incident to the calling, retiring or paying of such Senior Obligations and the Costs of Issuance of such refunding Senior Obligations; (3) interest on all Senior Obligations to be refunded to the date such Senior Obligations will be called for redemption or paid at maturity; and (4) interest on the refunding Senior Obligations from the date thereof to the date of payment or redemption of the Senior Obligations to be refunded; or
- (b) the governing board of the Authority determines that one of the following is true: (1) the ratio of (A) Net Revenue for the most recent Fiscal Year for which audited financial statements are available to (B) Maximum Annual Debt Service on the Senior Obligations, calculated as of the date of sale of, and including such additional Senior Obligations, will not be less than 1.50:1; or (2) the ratio of (A) Net Revenue projected by the Authority for each of the next three Fiscal Years, including in such projections amounts projected to be received from any adopted toll increase or planned openings of an additional Bridge, to (B) Maximum Annual Debt Service on the Senior Obligations, calculated as of the date of sale of, and including such additional Senior Obligations, will not be less than 1.50:1.

The Senior Indenture includes definitions of Net Revenue and Maximum Annual Debt Service and other requirements for the issuance of additional Senior Obligations. See APPENDIX B – “DEFINITIONS AND SUMMARY OF CERTAIN PROVISIONS OF THE SENIOR INDENTURE – THE SENIOR INDENTURE – Additional Senior Bonds; Subordinate Obligations.”

See APPENDIX I – “FORM OF PROPOSED AMENDMENTS TO SENIOR INDENTURE” for the full text of the Proposed Amendments that would modify the definition of “Operations & Maintenance Expenses” and “Annual Debt Service” which affect the tests for issuance of additional Senior Obligations. By their purchase of the 2024-2 Variable Rate Bonds, the purchasers of the 2024-2 Variable Rate Bonds will be deemed to consent to the Proposed Amendments.

Pursuant to the Senior Indenture, at such time as the Authority determines to issue additional Senior Bonds, the Authority shall, in addition to fulfilling the requirements of the Senior Indenture described above, file with the Senior Indenture Trustee (a) a certificate of the Authority stating that no Event of Default specified in the Senior Indenture has occurred and is then continuing; (b) a certificate of the Authority stating that the requirements described in the first paragraph of this subsection titled “Additional Bonds Test” have been satisfied; (c) if such additional Senior Bonds are being issued based upon

compliance with (b)(1) above, a Certificate of the Authority stating that nothing has come to the attention of the Authority that would lead the Authority to believe that there has been a material adverse change in the operation of the Bay Area Bridges such that Net Revenue for the then current Fiscal Year would be insufficient to meet the debt service coverage requirement set forth in (b)(1) above; (d) the balance in the Reserve Fund will be increased upon receipt of the proceeds of the sale of such additional Senior Bonds, if necessary to an amount at least equal to the Senior Reserve Requirement for all Senior Bonds Outstanding upon issuance of the new Senior Bonds; and (e) an Opinion of Bond Counsel to the effect that the Senior Supplemental Indenture creating such Series of Senior Bonds has been duly authorized by the Authority in accordance with the Senior Indenture and that such Series of Senior Bonds, when duly executed by the Authority and authenticated and delivered by the Senior Indenture Trustee, will be valid and binding obligations of the Authority.

See APPENDIX I – “FORM OF PROPOSED AMENDMENTS TO SENIOR INDENTURE” for the full text of the Proposed Amendments that would affect Net Revenues and the Senior Reserve Requirement. By their purchase of the 2024-2 Variable Rate Bonds, the purchasers of the 2024-2 Variable Rate Bonds will be deemed to consent to the Proposed Amendments.

Senior Reserve Fund. The Senior Reserve Fund established pursuant to the Senior Indenture is solely for the purpose of paying principal of and interest on the Senior Bonds when due when insufficient moneys for such payment are on deposit in the Principal Account and the Interest Account under the Senior Indenture. See APPENDIX B – “DEFINITIONS AND SUMMARY OF CERTAIN PROVISIONS OF THE SENIOR INDENTURE – THE SENIOR INDENTURE – Funds and Accounts – Establishment and Application of the Reserve Fund.”

The balance in the Senior Reserve Fund is required by the Senior Indenture to equal or exceed the “Reserve Requirement” (defined in the Senior Indenture as an amount equal to the lesser of Maximum Annual Debt Service on all Senior Bonds and 125% of average Annual Debt Service on all Senior Bonds) (referred to herein as the “Senior Reserve Requirement”). The Senior Reserve Requirement is expected to be satisfied by funds currently on deposit in the Senior Reserve Fund or by the expected deposit of Authority funds or a portion of the proceeds of the 2024 Senior Fixed Rate Bonds, if necessary. Cash and investments aggregating the amount of the Senior Reserve Requirement are held in the Senior Reserve Fund in satisfaction of the Senior Reserve Requirement. See APPENDIX B – “DEFINITIONS AND SUMMARY OF CERTAIN PROVISIONS OF THE SENIOR INDENTURE – DEFINITIONS.”

See APPENDIX I – “FORM OF PROPOSED AMENDMENTS TO SENIOR INDENTURE” for the full text of the Proposed Amendments that would affect the Senior Reserve Requirement. By their purchase of the 2024-2 Variable Rate Bonds, the purchasers of the 2024-2 Variable Rate Bonds will be deemed to consent to the Proposed Amendments.

The Senior Indenture Trustee is to draw on the Senior Reserve Fund to the extent necessary to fund any shortfall in the Interest Account or the Principal Account with respect to the Senior Bonds. The Senior Indenture requires the Authority is to replenish amounts drawn from the Senior Reserve Fund by making monthly transfers to the Senior Indenture Trustee equal to one-twelfth (1/12th) of the initial aggregate amount of the deficiency in the Senior Reserve Fund. See APPENDIX B – “DEFINITIONS AND SUMMARY OF CERTAIN PROVISIONS OF THE SENIOR INDENTURE – THE SENIOR INDENTURE – Funds and Accounts – Establishment and Application of the Reserve Fund” and “— Funding of the Reserve Fund.”

Build America Bonds Federal Interest Subsidy Payments. The Authority has issued Senior Bonds and Subordinate Bonds as taxable Build America Bonds under, and as defined in, the federal American Recovery and Reinvestment Act of 2009 (the “Recovery Act”). Under the Recovery Act, issuers of

qualified Build America Bonds may elect to receive from the federal government interest subsidy payments equal to 35% of the amount of interest paid by the issuer on the Build America Bonds. Such payments to the Authority on account of Senior Bonds constitute Revenue under the Senior Indenture. Pursuant to the Senior Indenture, the Authority further treats such Subsidy Payments as an offset against interest paid on the Build America Bonds for purposes of the rate covenants and additional bonds tests described above under “Toll Rate Covenants” and “Additional Bonds Test,” and such Subsidy Payments are excluded from Net Revenue for purposes of such covenants and tests. These payments have been reduced as a result of the congressionally-mandated sequestration process, and may continue to be reduced or delayed if federal spending reductions continue as a result of the sequestration or ongoing shutdowns of the federal government occur. See “RISK FACTORS – Risk of Non-Payment of Direct Subsidy Payments.”

Special Obligations. The Senior Bonds are special obligations of the Authority payable, as to interest thereon, principal and Purchase Price thereof and redemption premium, if any, upon the redemption of any thereof, solely from Revenue as provided in the Senior Indenture and the Authority is not obligated to pay them except from Revenue. The Senior Bonds do not constitute a debt or liability of the State or of any political subdivision of the State other than the Authority, or a pledge of the full faith and credit of the State or of any political subdivision of the State.

RISK FACTORS

The primary source of payment for the Authority’s toll bridge revenue bonds is the Authority’s Bridge Toll Revenues. The level of Bridge Toll Revenues collected at any time is dependent upon the level of traffic on the Bridge System, which, in turn, is related to several factors, including without limitation, the factors indicated below.

Uncertainties of Pro Forma and Assumptions

The levels of traffic assumed and toll revenue projected as described in APPENDIX A – “HISTORICAL AND PRO FORMA REVENUE AND DEBT SERVICE COVERAGE – Pro Forma Revenue, Operations & Maintenance Expenses and Debt Service Coverage” and elsewhere in this Official Statement are based solely upon estimates and assumptions made by the Authority. Actual levels of traffic and toll revenue will differ, and may differ materially, from the levels indicated. Historic information about the Authority’s finances and operations presented in this Official Statement (including APPENDIX A) should be considered in light of the ongoing effects of the COVID-19 pandemic and the known and unknown effects of the pandemic on traffic levels in the Bay Area, and on the finances and operations of the Authority. Actual interest earnings, debt service interest rates, swap revenues and operations and maintenance expenses could also differ from those indicated. Inevitably, some assumptions will not be realized, and unanticipated events and circumstances may occur. The actual financial results achieved will vary from those described, and the variations may be material.

Risk of Earthquake

The San Francisco Bay Area’s historical level of seismic activity and the proximity of the Bridge System to a number of significant known earthquake faults (including most notably the San Andreas Fault and the Hayward Fault) increases the likelihood that an earthquake originating in the region could destroy or render unusable for a period of time one or more of the Bridges, their highway approaches or connected traffic corridors, thereby interrupting the collection of Bridge Toll Revenues for an undetermined period of time.

An earthquake originating outside the immediate Bay Area could have an impact on Bridge System operations and Bridge Toll Revenues. On October 17, 1989, the San Francisco Bay Area experienced the

effects of the Loma Prieta earthquake that registered 7.1 on the Richter Scale. The epicenter of the earthquake was located in Loma Prieta about 60 miles south of the City of San Francisco in the Santa Cruz Mountains. The Loma Prieta earthquake caused damage to the east span of the San Francisco-Oakland Bay Bridge and adjacent highways.

On August 24, 2014, a 6.0-magnitude earthquake occurred near Napa, California, the epicenter of which was located approximately 15 miles from the Carquinez and Benicia-Martinez Bridges. The State of California Department of Transportation (“Caltrans”) conducted inspections of the seven bridges of the Bridge System and found no damage from this event.

In March 2015, the Working Group on California Earthquake Probabilities (a collaborative effort of the U.S. Geological Survey (the “U.S.G.S”), the California Geological Society, and the Southern California Earthquake Center) reported that there is a 72% chance that one or more earthquakes of magnitude 6.7 or larger will occur in the San Francisco Bay Area before the year 2045. In addition, the U.S.G.S. released a report in April 2017 entitled the HayWired Earthquake Scenario, which estimates property damage and direct business disruption losses of \$82 billion (in 2016 dollars) from a magnitude 7.0 earthquake on the Hayward Fault. Such earthquakes may be very destructive. Property within the San Francisco Bay Area could sustain extensive damage in a major earthquake, Bridges or their highway approach routes could be damaged, destroyed or rendered unusable for a period of time, and a major earthquake could adversely affect the area’s economic activity, which could in turn affect commuting patterns and traffic on the Bridge System.

The Seismic Retrofit Program was undertaken to mitigate the risk of major damage to the Bridges due to seismic activity by enhancing the structural integrity of the Bridges to accommodate ground motions along the various identified faults with return periods of between 1,000 and 2,000 years. With the completion of the Seismic Retrofit Program, the need for repairs of this magnitude is expected to be greatly reduced, especially on the San Francisco-Oakland Bay Bridge and the Benicia-Martinez Bridge, both of which have been strengthened to Lifeline Structure criteria. See APPENDIX A – “THE BRIDGE SYSTEM – General.”

Pandemic and Public Health Considerations

The outbreak of a respiratory disease caused by a new strain of coronavirus (“COVID-19”), was declared a global pandemic by the World Health Organization from March 2020 to May 2023 (the “COVID-19 pandemic”). The COVID-19 pandemic and the resulting actions by both federal, state and local governments and private sector employers, including stay-at-home orders and related public health measures and the shift to remote work, have had an adverse effect on the finances and operations of the Authority. See APPENDIX A – “THE BRIDGE SYSTEM – Bridge Traffic.” Future outbreaks or pandemics may lead to a further decline in toll-paying motor vehicle traffic on the Bridge System. The Authority cannot predict the scope or duration of preventative or mitigating actions taken by federal, state and local officials and private sector employers in response to any future outbreak or pandemic.

Climate Change and Other Force Majeure Events

Operation of the Bridge System and collection of bridge tolls is also at risk from other events of force majeure, such as climate change, damaging storms, winds and floods, fires and explosions, spills of hazardous substances, allisions involving maritime vessels, strikes and lockouts, sabotage, wars, blockades and riots, civil protests that interrupt traffic on the Bridges, or future outbreaks or pandemics as discussed further in “Pandemic and Public Health Considerations” above. The Authority cannot predict the specific timing and severity of future fiscal impacts as a result of other events of force majeure, but the potential impact of such events on the financial condition of the Authority or on the Authority’s ability to pay the

principal of and interest on the Authority's toll bridge revenue bonds as and when due could be significant. Many entities in the state, including among others the California legislature and MTC, are in the process of implementing various resilience measures to reduce the impacts of climate change, including significant financial investments in infrastructure. See APPENDIX A – "RELATED ENTITIES – Metropolitan Transportation Commission – *Climate Change, Resiliency and Ongoing Planning.*"

As part of the Seismic Retrofit Program, each of the Bridges has been seismically retrofitted in accordance with various seismic strategies as described in "— Risk of Earthquake" above and in APPENDIX A – "THE BRIDGE SYSTEM – The Bridges."

In the event of maritime allisions, the presence of fenders, navigational systems, and other aspects of Bridge design and maritime operations help mitigate the risk of Bridge damage. The Authority cannot predict, however, the extent of the physical damage that any such allision may inflict and the extent to which Bridge Toll Revenues will be impacted by any such event or any necessary reconstruction or repair projects resulting therefrom.

Threats and Acts of Terrorism

Caltrans and law enforcement authorities have undertaken security measures in an effort to reduce the probability that the Bridges could be attacked by terrorists. However, such measures are not guaranteed to prevent an attack on the Bridges. The Authority cannot predict the likelihood of a terrorist attack on any of the Bridges or the extent of damage or vehicle traffic disruption that might result from an attack. The Bridges are not insured against terrorist attack.

No Insurance Coverage

No business interruption insurance or any other commercially available insurance coverage is currently maintained by the Authority or Caltrans with respect to damage to or loss of use of any of the Bridges. However, pursuant to the Restated and Amended Cooperative Agreement, dated April 25, 2006, between the Authority and Caltrans (as amended from time to time pursuant to its terms, the "Cooperative Agreement"), the Authority currently maintains a self-insurance fund. The Cooperative Agreement calls for a minimum balance of \$50 million, which would be available for reconstruction, repair and operations in the event of damage due to a major emergency which would result in closure to traffic of a Bridge estimated to extend more than 30 days and to exceed \$10 million in cost. Such reserve is maintained pursuant to the Cooperative Agreement and upon agreement of Caltrans and the Authority may be reduced or eliminated in its entirety. Pursuant to the Cooperative Agreement, replenishment of funds used for such repairs would be made by the Authority from Bridge Toll Revenues.

The Authority's fiscal year 2024 budget contemplates the continued maintenance of an approximately \$1.2 billion reserve, including \$50 million in the Cooperative Agreement self-insurance emergency fund, \$242 million in the Operations and Maintenance Fund for two years of operation and maintenance of toll facilities, \$370 million for two years of rehabilitation expenses on the Bridges, \$280 million in project contingency and self-insurance reserves and \$280 million in variable interest rate risk reserves. See APPENDIX A – "AUTHORITY FINANCIAL AND OPERATING INFORMATION – Cash Reserves" for more information on the reserve. Moreover, the Authority expects that emergency assistance and loans from the federal government would be made available to the State in the event of major damage to the Bridges caused by a major earthquake or other force majeure event.

Economic Conditions and Financial Markets

The U.S. economy is unpredictable. Economic downturns and other unfavorable economic conditions have previously impacted the transportation sector and may impact the financial condition of the Authority. Broad economic factors—such as inflation, unemployment rates or instabilities in consumer demand and consumer spending—may adversely affect the Bridge Toll Revenues and consequently, the Authority’s ability to pay debt service on the 2024-2 Variable Rate Bonds. Other economic conditions that from time to time may adversely affect the Bridge Toll Revenues include but are not limited to: (1) increased business failures and consumer and business bankruptcies, (2) volatility in the banking and financial markets, (3) unavailability of liquidity during periods of economic stress caused by delayed reimbursement or payment, or increased costs of liquidity facilities, and (4) increased operating costs. The Authority carefully monitors economic and financial conditions and the related effects on Bridge Toll Revenues, however, it is unable to predict the short- or long-term effects of financial and economic conditions on Bridge Toll Revenues.

Economic Factors; Increasing Tolls

The amount of Bridge Toll Revenues collected is dependent upon economic and demographic conditions including, but not limited to, inflation and recessions in the San Francisco Bay Area and the State, and therefore there can be no assurance that historical data with respect to collections of Bridge Toll revenues will be indicative of future receipts. A substantial deterioration in the level of economic activity within the San Francisco Bay Area could have an adverse impact upon the level of Bridge Toll Revenues collected. In addition, the occurrence of any natural catastrophe such as an earthquake may negatively affect the San Francisco Bay Area economy or traffic using the Bridge System or both.

Traffic using the Bridge System and toll revenues collected declined substantially as a result of the COVID-19 pandemic in Fiscal Years ended June 30, 2020 and June 30, 2021. See “— Pandemic and Public Health Considerations” and “— Risk of Earthquake” above and APPENDIX A – “THE BRIDGE SYSTEM – Bridge Traffic.” Bridge Toll Revenues may also decline due to traffic interruptions as a result of construction, civil protests, greater carpooling or use of mass transit, increased costs of gasoline and of operating an automobile, more reliance on telecommuting in lieu of commuting to work (which increased during the COVID-19 pandemic and may be sustained), relocation of businesses to suburban locations (which may have increased due to the COVID-19 pandemic) and similar activities. Recent and future toll increases could have an adverse effect on the level of traffic on the Bridge System and the level of Bridge Toll Revenues collected. Lower traffic levels could result in lower total revenues, even though toll rates might increase. See APPENDIX A – “BAY AREA TOLL AUTHORITY – Toll Setting Authority.”

Risk of Non-Payment of Direct Subsidy Payments

A portion of the payments of interest on certain of the Authority’s toll bridge revenue bonds is expected to be paid with Build America Bond subsidy payments that the Authority expects to receive from the federal government. The U.S. Treasury may offset any subsidy payment to which the Authority is otherwise entitled against any other liability of the Authority payable to the United States of America, including without limitation withholding or payroll taxes, or other penalties or interest that may be owed at any time to the United States of America. The Code authorizes federal regulations and other guidance to carry out the Build America Bond program, which may reduce the certainty of receipt of subsidy payments by the Authority. Subsidy payments do not constitute full faith and credit obligations of or guarantees by the United States of America, but are to be paid as tax credits by the U.S. Treasury under the Recovery Act. Accordingly, no assurance can be given that the U.S. Treasury will make payment of the subsidy payments in the amounts which the Authority expects to receive, or that such payments will be made in a timely manner. No assurance can be given that Congress will not amend or repeal provisions of the program and

thereby affect the payment of subsidy payments. Additionally, no assurance can be given as to the payment of subsidy payments in the event of any shutdown of federal government operations.

The Budget Control Act of 2011 (the “Budget Control Act”) provided for increases in the federal debt limit and established procedures designed to reduce the federal budget deficit. The Budget Control Act provided that a failure by Congress to otherwise reduce the deficit would result in sequestration: automatic, generally across-the-board spending reductions. Sequestration became effective March 1, 2013, and resulted in a reduction of the subsidy payments received by the Authority in connection with its Build America Bonds by 8.7% or \$6,161,348 through September 30, 2013. The Bipartisan Budget Act of 2013 extended and made certain modifications to sequestration, but generally did not affect the reduction of subsidy payments for Build America Bonds. The Federal Fiscal Year (“FFY”) runs from October 1 through the succeeding September 30. Subsidy payments received by the Authority in connection with its Build America Bonds were reduced by 6.2% or \$4,746,815 for FFY 2019, 5.9% or \$4,504,415 for FFY 2020, 5.7% or \$4,326,608 for FFY 2021, 5.7% or \$4,300,381 for FFY 2022 and 5.7% or \$4,238,469 for FFY 2023. The U.S. Treasury Department has announced a decrease in subsidy amounts by 5.7% through FFY 2030.

Furthermore, due to legislation related to COVID-19 relief, it was reported that the PAYGO scorecard could increase the overall sequestration percentage from the current level of 5.7% (under the Budget Control Act) to 100% effective in approximately mid-January of 2023. The Consolidated Appropriations Act of 2023, enacted in December of 2022, applied the PAYGO scorecard balance for January of 2023 to the PAYGO scorecard for FFY 2025. Consequently, the sequestration provisions were not triggered in January of 2023 or January of 2024, but such provisions would be triggered in January of 2025 absent further legislation. Additionally, Congress can terminate, extend, or otherwise modify reductions in subsidy payments due to sequestration at any time. The Authority can give no assurance regarding the level of subsidy payments it will receive in the future, or the likelihood of the further reduction or elimination of the subsidy payments for direct-pay bonds. The Authority does not currently expect any reductions due to sequestration to materially adversely affect its ability to make debt service payments in the current or future years.

If the Authority fails to comply with the conditions to receiving the subsidy payments throughout the term of the toll bridge revenue bonds designated as Build America Bonds, it may no longer receive such payments and could be subject to a claim for the return of previously received payments. The Authority is obligated to make payments of principal of and interest on its toll bridge revenue bonds without regard to the receipt of subsidy payments.

Variable Rate Obligations and Credit Facilities

In addition to the 2024-2 Variable Rate Bonds, the Authority has Outstanding Senior Bonds that are variable rate demand bonds bearing interest at a Daily Rate and at a Weekly Rate (the “Existing VRDBs”) that are supported by credit facilities (the “Existing Credit Facilities”), which are scheduled to expire as described in APPENDIX A. See APPENDIX A – “OUTSTANDING AUTHORITY OBLIGATIONS – TABLE 6 – SAN FRANCISCO BAY AREA TOLL BRIDGE REVENUE BONDS OUTSTANDING SENIOR DAILY AND WEEKLY RATE BONDS.” The Authority cannot predict the availability or cost of extending or replacing Existing Credit Facilities and the 2024-2 Letters of Credit for the 2024-2 Variable Rate Bonds in the future or other refinancing strategies that will not require credit support.

Ratings Changes. Current ratings of the Authority’s Existing VRDBs are in part based on the ratings of the providers of the Existing Credit Facilities (“Existing VRDB Credit Providers”) and ratings on the 2024-2 Variable Rate Bonds are expected to be in part based on the ratings of the 2024-2 Letter of

Credit Providers. The rating agencies could in the future announce changes in outlook, reviews for downgrade, or downgrades, of the ratings of the Existing VRDB Credit Providers, the 2024-2 Letter of Credit Providers and/or the Existing VRDBs or the 2024-2 Variable Rate Bonds. Certain events specified in the Existing Credit Facilities and the 2024-2 Letters of Credit, including adverse ratings developments with respect to the Existing VRDB Credit Providers, the 2024-2 Letter of Credit Providers or the Authority, could lead to the need for purchases by the Existing VRDB Credit Providers of Existing VRDBs pursuant to the Outstanding Reimbursement Agreements and purchases by the 2024-2 Letter of Credit Providers of the 2024-2 Variable Rate Bonds pursuant to the 2024-2 Reimbursement Agreements described in Appendix A, which could result in a substantial increase in the Authority's debt service-related costs. See APPENDIX A – "OTHER AUTHORITY OBLIGATIONS – Credit Facilities."

Acceleration. The Senior Bonds that are Existing VRDBs and the 2024-2 Variable Rate Bonds are subject to tender at the option of the owners thereof and if not remarketed will be purchased by the applicable Existing VRDB Credit Provider under the applicable Existing Credit Facility for such Existing VRDBs, or by the applicable 2024-2 Letter of Credit Provider for the 2024-2 Variable Rate Bonds. Under certain conditions, the reimbursement obligations related to such purchases may be due and payable immediately on a parity basis with the Senior Bonds. The Senior Bonds are not otherwise subject to acceleration.

Maximum Interest Rate. Additionally, the interest rate on the Existing VRDBs and the 2024-2 Variable Rate Bonds fluctuates and could increase up to a maximum rate of 12% per annum or, if there is a failure to remarket, 15% per annum when purchased by an Existing VRDB Credit Provider pursuant to an Existing Credit Facility, or the applicable 2024-2 Letter of Credit Provider for the 2024-2 Variable Rate Bonds.

Acceleration and Renewal. Prior to the scheduled expiration dates of any Existing Credit Facility or the 2024-2 Variable Rate Bonds, the Authority will evaluate its outstanding debt obligations and determine whether to renew or replace such Existing Credit Facility or the 2024-2 Letters of Credit or to restructure its Existing VRDB debt or the 2024-2 Variable Rate Bonds to reduce the need for credit and/or liquidity facilities. The Authority cannot predict the availability or cost of extending or replacing the Existing Credit Facilities or the 2024-2 Letters of Credit in the future or other refinancing strategies that would not require credit support.

Remarketing Risk

As of the date of sale and issuance of the 2024-2 Variable Rate Bonds, the Authority has Senior Bonds outstanding bearing interest at a Term Rate or an Index Rate and that are not supported by a letter of credit or liquidity facility. These Senior Bonds are subject to mandatory tender on purchase dates ranging from April 1, 2025 to April 1, 2028. The Authority expects funds from remarketing or refunding these Senior Bonds to be applied to pay the purchase price of such Bonds upon mandatory tender. The Authority is not obligated to provide any other funds for the purchase of such Bonds other than remarketing proceeds and can give no assurance that sufficient remarketing proceeds will be available to pay such Bonds upon mandatory tender. If there are insufficient funds to purchase any Bonds at the end of any Term Rate Period or Index Rate Period, the owners of such Bonds will retain such Bonds and such Bonds will bear interest at a Weekly Rate which shall be the Stepped Rate. The Stepped Rate increases over time as the 2024-2 Variable Rate Bonds are unable to be remarketed and may reach 12%. See APPENDIX A – "OUTSTANDING AUTHORITY OBLIGATIONS – Outstanding Senior Bonds and Senior Obligations – Term Rate and Index Rate Bonds."

Index Determination Risk

General Considerations. The Authority has a substantial amount of obligations and derivative contracts that are based on indices that are determined by third parties. See APPENDIX A – “OUTSTANDING AUTHORITY OBLIGATIONS – TABLE 7 – SAN FRANCISCO BAY AREA TOLL BRIDGE REVENUE BONDS OUTSTANDING SENIOR TERM RATE AND INDEX RATE BONDS” and “– TABLE 9 – QUALIFIED SWAP AGREEMENTS” for a detailed listing. The Authority is not responsible or accountable in any way for the determination of these indices or the procedures used in making those determinations and is not a member of or affiliated in any way with the associations or organizations responsible for determining these indices. The procedures employed in determining these indices may be modified from time to time and the publication of these indices may be delayed or discontinued entirely without any Authority involvement. Also, external market forces may result in the volatility of these indices. Moreover, these indices may be the subject of manipulation, as has been alleged by the Authority in pending litigation. See APPENDIX A – “OUTSTANDING AUTHORITY OBLIGATIONS – Qualified Swap Agreements – *LIBOR Litigation*.”

The SIFMA Swap Index is determined by third parties, and the Authority is not responsible or accountable for its determination, the securities used in its determination or the procedures used in its determination. The Authority, the Underwriters, and the Index Agent have no control over the determination, calculation or publication of the SIFMA Swap Index. There can be no guarantee that the SIFMA Swap Index will not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of investors in the 2024-2 Variable Rate Bonds. If the manner in which the SIFMA Swap Index is calculated is changed, that change may result in changes to the SIFMA Swap Index, which could result in a reduction in the amount of interest becoming due and payable on, or the market price of, the 2024-2 Variable Rate Bonds.

Swap Related Risks. The Authority has Qualified Swap Agreements having, as of June 30, 2023, a notional amount of \$1,440,000,000 outstanding with various counterparties pursuant to which the Authority pays a fixed rate and receives a variable rate based on an index (the “Fixed Rate Payer Swaps”). The variable rates received pursuant to such agreements, which are SOFR-based (as defined below), may differ, at times substantially, from the interest rates on the Senior Bonds corresponding to such swap agreements. In addition, if the counterparties to such Qualified Swap Agreements encounter financial difficulties, under certain circumstances payments may not be received from such counterparties. Additionally, the swap agreements may be terminated early due to the occurrence of a termination event or an event of default with respect to the Authority or with respect to a counterparty requiring, depending on market conditions at the time, termination payments to be made by the Authority. Such termination payments could be substantial and are payable as Subordinate Obligations, on a parity basis with the Subordinate Bonds. Based on the aggregate fair market value of the Fixed Rate Payer Swaps as of January 31, 2024, had all of the Fixed Rate Payer Swaps terminated on such date, the payments due from the Authority would have aggregated approximately \$154,475,463.95. For further discussion of the Authority’s Qualified Swap Agreements, see APPENDIX A – “OUTSTANDING AUTHORITY OBLIGATIONS – Qualified Swap Agreements.”

Index Rate Considerations. U.S. dollar London Inter-bank Offered Rates for multiple borrowing periods (collectively referred to as “LIBOR” in this section) were calculated and published by the benchmark’s administrator, ICE Benchmark Administration Limited, which is regulated for such purposes by the United Kingdom’s Financial Conduct Authority (“FCA”).

On March 5, 2021, the FCA publicly announced that the cessation date for most U.S. Dollar LIBOR settings would occur on June 30, 2023. On October 23, 2020, the International Swaps and Derivatives Association, Inc. (the “ISDA”) published a multilateral “protocol” through which existing legacy swap

contracts may be modified to incorporate provisions addressing the trigger events leading to replacement of LIBOR, as well as the replacement of LIBOR with a rate based on an adjusted Secured Overnight Financing Rate (“SOFR”), more specifically, “compounded in arrears” SOFR for the applicable tenor, as adjusted to include the applicable credit spread adjustment. This protocol became effective on January 25, 2021. The Authority understands based on the list of adhering parties published by ISDA, each of its Qualified Swap Agreement counterparties have adhered to this protocol. In accordance with the terms of the protocol, the variable rates received by the Authority under its Qualified Swap Agreements were based on SOFR, instead of LIBOR, for calculation periods commencing after the cessation date.

The SOFR-based rate may differ, perhaps significantly, from LIBOR and may differ, perhaps significantly, from the interest rate to be paid by the Authority on the debt financing relating to such Qualified Swap Agreement. For a discussion of the Authority’s Qualified Swap Agreements, see APPENDIX A – “OUTSTANDING AUTHORITY OBLIGATIONS – Qualified Swap Agreements.”

Cybersecurity

The Authority relies on large and complex technology networks, systems, information, and other assets (“Information and Operations Technology”), mostly operated by contractors, for efficient operations, provision of services to the public, and collection of tolls and other revenue on its Bridge System. In connection with its delivery of critical services to the public, the Authority’s Information and Operations Technology collects and stores sensitive data, including financial information, security information, proprietary business information, information regarding customers, suppliers and business partners, and personally identifiable information of customers (collectively, “PII”).

The Authority, through itself and its contractors, implements physical, technical, and administrative safeguards to protect the operations of its Information and Operations Technology and PII, including measures to comply with applicable requirements of federal and state law, including without limitation Streets and Highways Code Section 31490. Additionally, the Authority, through its contractors meets payment card industry (“PCI”) compliance. Despite implementation of a security program and measures to protect its Information and Operations Technology and PII, the Authority and its contractors’ network, systems, information and other assets are vulnerable to cybersecurity risks and threats, including those that may result in the compromise of PII, theft or manipulation of information or loss of toll funds, and operational disruptions and outages, by employees through error or malfeasance, criminal or malicious hackers, terrorists, and hacktivists. Any such security incident, intrusion, or attack could result in unauthorized access to or acquisition of sensitive information, financial information, or PII, disruptions to the Authority’s operations (including toll collection and financial reporting or other activities), legal claims or proceedings (including but not limited to legal claims or proceedings under laws that protect the privacy of personal information), and regulatory inquiries and penalties. Although the Authority maintains a cyber insurance policy providing certain coverage for data protection risks, such insurance may not be sufficient to offset the impact of a material cybersecurity incident.

State Legislation

State legislation is introduced from time to time that could affect the finances or operations of the Authority or MTC or both, including, the level and expenditure of tolls. The Authority cannot predict whether any such legislation will be introduced or enacted in future legislative sessions.

Constitutional Limitations

Voter Initiatives.

California Constitutional provisions allow for amendments by voter approval of qualified initiative petitions as well as legislative proposals and referendums. Over the years, such amendments have limited state and local taxing and spending powers. For example, in 1996, the voters of the State approved Proposition 218, a constitutional initiative, entitled the “Right to Vote on Taxes Act” (“Proposition 218”). Proposition 218 added Articles XIII C and XIII D to the California Constitution and contains a number of interrelated provisions affecting the ability of local governments to levy and collect both existing and future taxes, assessments, fees and charges. Proposition 218 requires majority voter approval for the imposition, extension or increase of general taxes and two-thirds voter approval for the imposition, extension or increase of special taxes by a local government. Proposition 218 also provides for broad initiative powers to reduce or repeal any local tax, assessment, fee or charge.

The Supreme Court of California, in the case of *Bighorn–Desert View Water Agency v. Verjil*, 39 Cal. 4th 205 (2006), held that the initiative power described in Article XIII C applies to any local taxes, assessments, fees and charges as defined in Articles XIII C and XIII D. Article XIII D defines “fee” or “charge” to mean a levy (other than ad valorem or special taxes or assessments) imposed by a local government “upon a parcel or upon a person as an incident of property ownership”, including a user fee for a “property related service.” However, the Court also found that the terms “fee” and “charge” in section 3 of Article XIII C may not be subject to a “property related” qualification. The Authority does not believe that the bridge toll is a “fee” or “charge” as defined in Articles XIII D or XIII C. If ultimately found to be applicable to the bridge tolls, the initiative power could be used to rescind or reduce the levy and collection of bridge tolls under Proposition 218. Any attempt by voters to use the initiative provisions under Proposition 218 in a manner which would prevent the payment of debt service on the Authority’s toll bridge revenue bonds arguably violates the Contract Clause of the United States Constitution and accordingly should be precluded. The Authority cannot predict the potential impact on the financial condition of the Authority and the Authority’s ability to pay the purchase price, principal of and interest on its toll bridge revenue bonds as and when due, as a result of the exercise of the initiative power under Proposition 218.

In 2010, the voters of the State approved Proposition 26, another constitutional initiative, entitled the “Supermajority Vote to Pass New Taxes and Fees Act” (“Proposition 26”). Proposition 26, among other things, codified a definition of “tax” as used in Article XIII A of the California Constitution, which requires that any changes in State statute that result in a taxpayer paying a higher tax be approved by a two-thirds vote of each of the California State Senate and the California Assembly, and in Article XIII C, which requires that any special tax imposed by a local agency be submitted to the electorate and approved by a two-thirds vote. The Authority does not believe that the levy and collection of bridge tolls are taxes subject to such approvals.

In 2017, Senate Bill 595 (“SB 595”) was enacted, imposing a toll increase of up to \$3.00 for the Bridge System, subject to approval of the increase by a majority of voters in the San Francisco Bay Area. A regional ballot measure, entitled Regional Measure 3 (“RM3”), was placed on the ballot in all nine counties in the San Francisco Bay Area and, on June 5, 2018, a majority of Bay Area voters approved RM3, including a toll increase of \$3.00 phased in over time (the “SB 595/RM3 Tolls”). Two suits were subsequently filed asserting, among other claims, that SB 595 is a change in state statute resulting in a higher tax, which would require approval of two-thirds of all members of the State Legislature, and RM3 is a tax which requires two-thirds voter approval under Propositions 26 and 218.

In connection with a consolidated appeal by plaintiffs, in June 2020, the California Court of Appeal, First Appellate District (the “Court of Appeal”) agreed with the Authority’s arguments that the toll increase

imposed by SB 595 is excepted from the definition of tax under Article XIII A because it is a charge imposed for the entrance to or use of State property, and that such exception is not subject to limitations relating to the reasonableness of the cost of the toll increase or the manner in which such cost is allocated to payors, as plaintiffs had argued (the “*Jarvis Decision*”). In October 2020, the California Supreme Court granted review of the *Jarvis Decision*, but subsequently dismissed its review on January 25, 2023. On February 23, 2023, the Court of Appeal certified the *Jarvis Decision* as final. See APPENDIX A – “LEGISLATION, INITIATIVE AND REFERENDA MATTERS – *Legislation and Related Matters*.”

Future Voter Initiatives. Articles XIII A, XIII C and XIII D of the California Constitution were each adopted and amended pursuant to the State’s constitutional initiative process. From time to time, other initiative measures could be adopted by voters that affect the Authority or Bridge Toll Revenues.

As one example, on February 1, 2023, the California Secretary of State determined that a voter initiative, entitled “The Taxpayer Protection and Government Accountability Act” (“Initiative 1935”), is eligible for the November 2024 Statewide general election and, unless withdrawn by its proponent prior to June 27, 2024, will be certified as qualified for the ballot in such election. Were it ultimately adopted by a majority of voters in the Statewide general election, Initiative 1935 would amend the State Constitution to, among other things, expand the definition of taxes, impose heightened barriers for State and local governments to impose taxes and exempt fees, and potentially retroactively void certain taxes enacted or imposed after January 1, 2022 or exempt fees not imposed in accordance with its provisions.

Among other changes to Article XIII A and XIII C, Initiative 1935 would amend the provision of Article XIII A which the Court of Appeal in the *Jarvis Decision* held excepted the SB 595/RM3 Tolls from the definition of “tax” under Proposition 26. Were Initiative 1935 adopted by voters, such provision would subsequently except from the definition of tax in Article XIII A “reasonable charge[s] for entrance to or use of state property....”

The Authority does not believe that bridge tolls would constitute taxes subject to voter approval under the provisions of Propositions 218 and 26, as amended by Initiative 1935 were it adopted by voters. However, if adopted, the scope and impact of Initiative 1935 would be subject to future judicial interpretation. The Authority is unable to predict whether and how Initiative 1935 would be interpreted by the courts to apply to its toll program, and no assurance may be given that any such interpretation or application would not have an adverse impact on the Authority or Bridge Toll Revenues.

ABSENCE OF MATERIAL LITIGATION

There is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, regulatory agency, public board or body, pending or, to the knowledge of the Authority, threatened against the Authority in any way affecting the existence of the Authority or the titles of its officers to their respective offices or seeking to restrain or to enjoin the issuance, sale or delivery of the 2024-2 Variable Rate Bonds the application of the proceeds thereof in accordance with the Senior Indenture and the Subordinate Indenture, the collection or application of the Bridge Toll Revenues (except as described in APPENDIX A – “LEGISLATION, INITIATIVE AND REFERENDA MATTERS – *Legislation and Related Matters*”), or the statutory lien thereon, in any way contesting or affecting the validity or enforceability of the 2024-2 Variable Rate Bonds, the Senior Indenture or the Subordinate Indenture, in any way contesting the completeness or accuracy of this Official Statement or the powers of the Authority with respect to the 2024-2 Variable Rate Bonds, the Senior Indenture or the Subordinate Indenture, or which could, if adversely decided, have a materially adverse impact on the Authority’s financial position or the Authority’s ability to collect Bridge Toll Revenues (except as described in APPENDIX A – “LEGISLATION, INITIATIVE AND REFERENDA MATTERS – *Legislation and Related Matters*”). For other litigation involving the Authority, see APPENDIX A – “LITIGATION.”

TAX MATTERS

In the opinion of Orrick, Herrington & Sutcliffe LLP, Bond Counsel to the Authority (“Bond Counsel”), based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the 2024-2 Variable Rate Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 (the “Code”). In the further opinion of Bond Counsel, interest on the 2024-2 Variable Rate Bonds is not a specific preference item for purposes of the federal individual alternative minimum tax. Bond Counsel observes that interest on the 2024-2 Variable Rate Bonds included in adjusted financial statement income of certain corporations is not excluded from the federal corporate alternative minimum tax. Interest on the 2024-2 Variable Rate Bonds is exempt from State of California personal income taxes. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on the 2024-2 Variable Rate Bonds. A complete copy of the proposed form of opinion of Bond Counsel is set forth in APPENDIX E hereto.

The Code imposes various restrictions, conditions and requirements relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the 2024-2 Variable Rate Bonds. The Authority has made certain representations and covenanted to comply with certain restrictions, conditions and requirements designed to ensure that interest on the 2024-2 Variable Rate Bonds will not be included in federal gross income. Inaccuracy of these representations or failure to comply with these covenants may result in interest on the 2024-2 Variable Rate Bonds being included in gross income for federal income tax purposes, possibly from the date of original issuance of the 2024-2 Variable Rate Bonds. The opinion of Bond Counsel assumes the accuracy of these representations and compliance with these covenants. Bond Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken), or events occurring (or not occurring), or any other matters coming to Bond Counsel’s attention after the date of issuance of the 2024-2 Variable Rate Bonds may adversely affect the value of, or the tax status of interest on, the 2024-2 Variable Rate Bonds. Accordingly, the opinion of Bond Counsel is not intended to, and may not, be relied upon in connection with any such actions, events or matters.

Although Bond Counsel is of the opinion that interest on the 2024-2 Variable Rate Bonds is excluded from gross income for federal income tax purposes and that interest on the 2024-2 Variable Rate Bonds is exempt from State of California personal income taxes, the ownership or disposition of, or the accrual or receipt of amounts treated as interest on, the 2024-2 Variable Rate Bonds may otherwise affect a beneficial owner’s federal, state or local tax liability. The nature and extent of these other tax consequences depends upon the particular tax status of the beneficial owner or the beneficial owner’s other items of income or deduction. Bond Counsel expresses no opinion regarding any such other tax consequences.

Current and future legislative proposals, if enacted into law, clarification of the Code or court decisions may cause interest on the 2024-2 Variable Rate Bonds to be subject, directly or indirectly, in whole or in part, to federal income taxation or to be subject to or exempted from state income taxation, or otherwise prevent beneficial owners from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such legislative proposals or clarification of the Code or court decisions may also affect, perhaps significantly, the market price for, or marketability of, the 2024-2 Variable Rate Bonds. Prospective purchasers of the 2024-2 Variable Rate Bonds should consult their own tax advisors regarding the potential impact of any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel is expected to express no opinion.

The opinion of Bond Counsel is based on current legal authority, covers certain matters not directly addressed by such authorities, and represents Bond Counsel’s judgment as to the proper treatment of the

2024-2 Variable Rate Bonds for federal income tax purposes. It is not binding on the Internal Revenue Service (“IRS”) or the courts. Furthermore, Bond Counsel cannot give and has not given any opinion or assurance about the future activities of the Authority or about the effect of future changes in the Code, the applicable regulations, the interpretation thereof or the enforcement thereof by the IRS. The Authority has covenanted, however, to comply with the requirements of the Code.

The IRS has an ongoing program of auditing tax-exempt obligations to determine whether, in the view of the IRS, interest on such tax-exempt obligations is includable in the gross income of the beneficial owners thereof for federal income tax purposes. Bond Counsel is not obligated to defend the beneficial owners regarding the tax-exempt status of the 2024-2 Variable Rate Bonds in the event of an audit examination by the IRS. Under current procedures, parties other than the Authority and their appointed counsel, including the beneficial owners, would have little, if any, right to participate in the audit examination process. Moreover, because achieving judicial review in connection with an audit examination of tax-exempt bonds is difficult, obtaining an independent review of IRS positions with which the Authority legitimately disagrees may not be practicable. Any action of the IRS, including but not limited to selection of the 2024-2 Variable Rate Bonds for audit, or the course or result of such audit, or an audit of bonds presenting similar tax issues may affect the market price for, or the marketability of, the 2024-2 Variable Rate Bonds, and may cause the Authority or the beneficial owners to incur significant expense.

LEGAL MATTERS

The validity of the 2024-2 Variable Rate Bonds and certain other legal matters are subject to the approving opinion of Orrick, Herrington & Sutcliffe LLP, Bond Counsel to the Authority. A complete copy of the proposed form of opinion of Bond Counsel is contained in APPENDIX E hereto. Bond Counsel undertakes no responsibility for the accuracy, completeness or fairness of this Official Statement. Certain legal matters will be passed upon for the Authority by its general counsel and by Orrick, Herrington & Sutcliffe LLP, as Disclosure Counsel to the Authority, for the Underwriters by their counsel, Stradling Yocca Carlson & Rauth LLP, and for the 2024-2 Letter of Credit Providers by their counsel, Chapman and Cutler LLP.

INTRODUCTION

This Appendix A to the Official Statement contains information concerning the Bay Area Toll Authority (the “Authority” or “BATA”), and certain related entities, and includes descriptions of aspects of the Bridge System (as defined herein), capital projects for the Bridge System and other transit programs, and financial and operating information of the Authority and certain other investment considerations. References herein to “FYE” and “Fiscal Year” refer to, as the context requires, the fiscal year or years ended or ending June 30 for the Metropolitan Transportation Commission (“MTC”) and the Authority. Investors are advised to read the entire Official Statement to obtain information essential to the making of an informed investment decision. Historic information about the Authority’s finances and operations presented in this Official Statement (including this Appendix A) should be considered in light of the effects of the COVID-19 pandemic and the known and unknown effects of the pandemic on the finances and operations of the Authority. Capitalized terms used but not otherwise defined in this Appendix A shall have the meaning given in the forepart of this Official Statement.

BAY AREA TOLL AUTHORITY

The Authority administers the toll revenues from seven State-owned toll bridges in the San Francisco Bay Area: the Antioch Bridge, the Benicia-Martinez Bridge, the Carquinez Bridge, the Dumbarton Bridge, the Richmond-San Rafael Bridge, the San Francisco-Oakland Bay Bridge and the San Mateo-Hayward Bridge (each, a “Bridge” and collectively, the “Bridge System”). See “THE BRIDGE SYSTEM.”

The Authority is a public agency created in 1997 by California law. It operates pursuant to Chapters 4, 4.3 and 4.5 of Division 17 of the California Streets and Highways Code and the provisions of the Revenue Bond Law of 1941 made applicable to the Authority by California Streets and Highways Code Section 30961 (collectively, as amended from time to time, the “Act”). The Act provides the Authority with broad toll-setting authority for the Bridges. As further described herein, under state law, the Authority manages the FasTrak electronic toll collection program and administers all toll revenue from the Bridge System. The Authority, along with the California Department of Transportation (“Caltrans”) and the California Transportation Commission, administered the state seismic retrofit of each Bridge within the Bridge System (the “Seismic Retrofit Program”). Caltrans is responsible for maintaining the Bridge System in good repair and condition, and the Authority is responsible for paying all of the costs of operating and maintaining the Bridge System. See “BRIDGE TOLL REVENUES – Operations and Maintenance.”

Governance

The governing body of the Authority has the same governing board members as MTC, which consists of 18 voting members appointed by local agencies and three nonvoting members appointed by state and federal agencies. MTC is a public agency created in 1970 by California law for the purpose of providing regional transportation planning and organization for the nine San Francisco Bay Area counties of Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Solano and Sonoma, sometimes collectively referred to herein as the “Bay Area.” Each commissioner’s term of office is four years or until a successor is appointed. The chair and vice-chair are elected every two years by the Commission. The current members and their terms are shown in the table that follows.

Toll Setting Authority

California law provides the Authority with broad toll setting authority and requires the Authority to increase the toll rates specified in its adopted toll schedule to meet its obligations and covenants under any toll bridge revenue bond resolution or indenture of the Authority for any outstanding toll bridge revenue bonds issued by the Authority, including obligations under bond-related interest rate swaps, credit and liquidity agreements. California law further authorizes the Authority to increase the toll rates specified in its adopted toll schedule to provide funds for the planning, design, construction, operation, maintenance, repair, replacement, rehabilitation, and seismic retrofit of the Bridges. No legislation, consent or approval by any other entity is required for such toll rate increases, nor are they limited in amount or duration. The Authority is required to hold certain public hearings or meetings, and to provide at least 30 days’ notice to the State Legislature, before increasing tolls.

As further described herein, the Authority reviews from time to time the need for increases in toll rates for projects that improve the functioning or use of one or more of the Bridges. In addition, the State has in the past, and may in the future, enact additional legislation authorizing toll increases to fund certain projects, including projects that enhance safety, mobility, access or other related benefits in the Bridge System corridor, subject to any conditions the State may choose to specify in such legislation, including voter approval of such increases and expenditures. In one recent such instance, plaintiffs filed two suits challenging certain toll increases enacted by the State, arguing that they were improperly adopted taxes. However, in a consolidated appeal in connection with these cases, the California Court of Appeal held that these toll increases were not taxes for purposes of the California Constitution, and, on January 25, 2023, the California Supreme Court dismissed its review of that decision. See “CAPITAL AND REGIONAL

TRANSPORTATION PROJECTS,” “LEGISLATION, INITIATIVE AND REFERENDA MATTERS – *Legislation and Related Matters*” and “RISK FACTORS – Constitutional Limitations” in the forepart of this Official Statement.

THE BRIDGE SYSTEM

General

The Bridge System consists of the seven bridges described below. The Golden Gate Bridge, which connects San Francisco with Marin County, is not part of the Bridge System, although the Authority does provide customer service for electronic toll collections for the Golden Gate Bridge. The seven bridges of the Bridge System are the backbone of vehicular transportation around the Bay Area, connecting various communities within the Bay Area and were used for approximately 112.0 million paid vehicle crossings in FYE 2023.

A map of the Bridge System appears in the prefatory pages of this Official Statement. For selected demographic statistics for the Bay Area, see Table 13 on page 156 of the MTC 2023 Annual Comprehensive Financial Report (the “MTC 2023 ACFR”).

Bridge System Seismic Retrofit. As required by California laws enacted starting in 1989, as part of the Seismic Retrofit Program, all seven Bridges have been designed and have been retrofitted, at a minimum, to avoid a collapse if the ground motions used to design the projects were to occur at the respective sites. The Seismic Retrofit Program was implemented using funding from Bridge Toll Revenues, proceeds of Bonds of the Authority, and State and federal funding. All projects in the Seismic Retrofit Program are complete, with the projects carried out consistent with the design basis and seismic strategy for each of the Bridges as described below. It is possible, however, that the design strategies employed will not perform to expectations. See “RISK FACTORS – Risk of Earthquake” in the forepart of this Official Statement.

The Bridges

San Francisco-Oakland Bay Bridge. The San Francisco-Oakland Bay Bridge opened to traffic in 1936 and connects San Francisco with Oakland and neighboring cities and suburban areas. The San Francisco-Oakland Bay Bridge provides the most direct connection between downtown San Francisco and the main transcontinental highways in the Bay Area.

The San Francisco-Oakland Bay Bridge has an overall length of approximately 8.5 miles consisting of two major bridge structures and a connecting tunnel on Yerba Buena Island, which is located at the midpoint of the bridge. The west span of the San Francisco-Oakland Bay Bridge is a double deck structure that consists of two suspension bridges with a common central anchorage and concrete and steel truss approach spans at the San Francisco end; the length of the west span is 10,300 feet. Each deck has five traffic lanes with westbound traffic on the upper deck and eastbound traffic on the lower deck. Elevated approaches to the bridge carry through-traffic to and from Highway 101 south of San Francisco without use of local San Francisco streets.

Following the 1989 Loma Prieta earthquake that caused a section of the east span deck of the San Francisco-Oakland Bay Bridge to collapse, it was determined that a seismic retrofit of the west span and approach and the construction of a new east span of the bridge were necessary, and these projects were carried out as part of the Seismic Retrofit Program. The seismic retrofit of the west span was completed in 2004, and a seismic retrofit of the west approach to the bridge was completed in 2009. An approximately

520-foot-long viaduct section east of the tunnel on Yerba Buena Island that connects the west span to the east span has been rebuilt.

The new east span, opened in September 2013, is 2.2 miles long and consists of side-by-side decks that transition off Yerba Buena Island, a self-anchored suspension (“SAS”) bridge span, a skyway and an approach/touchdown in Oakland. The SAS bridge span is the world’s longest single tower self-anchored suspension structure, at approximately 2,051 feet long and approximately 525 feet high, matching the tower heights on the west span, with multiple 8-foot diameter foundation piles that are driven 300 feet deep, three times deeper than the old east span piles. The side-by-side bridge decks each have five lanes plus shoulders. The eastbound deck also carries a 15.5-foot-wide bicycle and pedestrian path. At the eastern terminus, approaches connect through-traffic with Interstates 80, 580 and 880. All portions of the old eastern span to be dismantled were removed in September 2018. Existing piers E2 and E19-E22 of the old eastern span were left in place for use as part of a public access facility.

Under the Seismic Retrofit Program, the San Francisco-Oakland Bay Bridge west span retrofit and new east span was to be a lifeline structure, with a seismic strategy of minor to moderate damage expected, based on bridge-specific seismic modeling, with a target to reopen to traffic quickly.

Carquinez Bridge. The Carquinez Bridge consists of two parallel spans that cross the Carquinez Strait between the Cities of Vallejo and Crockett and carry Interstate 80, linking the Bay Area and Napa and Solano Counties. The spans are 28 miles northeast of San Francisco and 65 miles southwest of Sacramento. The east span is the older of the two bridges and opened in 1958. The east span is a steel through-truss superstructure 3,350 feet long with cantilever spans and carries four lanes of eastbound Interstate 80 traffic. A seismic retrofit of the east span was completed in 2002 consistent with the “No Collapse” design strategy and a seismic strategy of avoiding catastrophic failure under the Seismic Retrofit Program. The west span is a suspension bridge with concrete towers and steel orthotropic box girder decks that opened to traffic in 2003 and carries four lanes of westbound traffic with shoulders and a bicycle and pedestrian path. The Seismic Retrofit Program design basis for the west span was an “Intermediate Strategy” with a seismic strategy of moderate to major damage expected based on bridge-specific seismic modeling.

Benicia-Martinez Bridge. The Benicia-Martinez Bridge consists of two parallel spans that carry Interstate 680 and cross the Carquinez Strait approximately six miles east of the Carquinez Bridge. The bridge provides a direct connection from the north bay and Sacramento regions to central and eastern Contra Costa and Alameda and Santa Clara Counties. The bridge corridor is a major interstate route and links Interstates 80, 680 and 780. The west span, opened to traffic in 1962, is a 6,215 foot-long, steel deck-truss, with seven 528-foot spans. The west span was originally designed to carry four lanes of traffic (two in each direction) and was subsequently expanded to carry six lanes (three in each direction) in the early 1990s. Under the Seismic Retrofit Program, the Benicia-Martinez Bridge is designed as a “Lifeline Structure” with a seismic strategy for both the west and east spans of minor to moderate damage expected, based on bridge-specific seismic modeling, and target to reopen to traffic quickly. The seismic retrofit of the west span was completed in 2003, consisting of the installation of isolation bearings and strengthening the superstructure and substructure. Following the opening of the new east span in 2007 carrying five lanes of northbound traffic, the west span was modified to carry four lanes of southbound traffic with shoulders and a bicycle and pedestrian path. The Bay Area’s first open-road tolling was opened along with the new east span. See “BRIDGE TOLL REVENUES – Toll Collections” below. The east span is a cast-in-place balanced cantilever bridge with reinforced lightweight concrete that is 8,790 feet long including approaches.

San Mateo-Hayward Bridge. The San Mateo-Hayward Bridge is approximately 17 miles south of the San Francisco-Oakland Bay Bridge, and carries State Route 92 across the San Francisco Bay, connecting Highway 101 and the City of San Mateo on the San Francisco peninsula to Interstate 880 and

the east shore of the San Francisco Bay in Alameda County, approximately five miles southwest of Hayward. The current bridge was built in 1967 and seismically retrofitted in 2000. Under the Seismic Retrofit Program, the design basis for the bridge was an “Intermediate Strategy” and a seismic strategy of moderate to major damage expected based on bridge-specific seismic modeling. The high-level section of the current structure consists of steel orthotropic box girders with a polyester concrete overlay. It is approximately two miles long and carries six lanes of traffic (three in each direction). The low-rise trestle section of the bridge was widened to carry six lanes of traffic with shoulders in 2003. Additional seismic retrofit work was conducted in October 2012 when the bridge was closed for the installation of a new seismic joint and the replacement of a 60-foot span of the bridge deck.

Richmond-San Rafael Bridge. The Richmond-San Rafael Bridge opened to traffic in 1956 and carries Interstate 580 across the San Francisco Bay from a point about three miles west of the City of Richmond in Contra Costa County to the Marin County shore three miles southeast of the City of San Rafael. The Richmond-San Rafael Bridge is a double deck structure that is approximately 5.5 miles long and of cantilever-truss construction. Its major spans are 1,070 feet long. The bridge currently carries three lanes (during peak travel times) on the lower eastbound deck after conversion of the previously existing eastbound shoulder to a peak period travel lane in 2018, and two lanes on the upper westbound deck, with a 10-foot-wide barrier-separated pedestrian and bicycle pathway that was added from the previously existing shoulder. The part-time peak period lane and the pedestrian and bicycle path were installed as a pilot program. Caltrans and BATA anticipate deciding about whether to continue both pilot program components after an evaluation by UC Berkeley Partners for Advanced Transportation Technology (PATH) is complete in the summer 2024. In response to growth in westbound traffic congestion, the Authority and Caltrans are evaluating a study of converting the upper deck shoulder to a third travel lane. A seismic retrofit of the Richmond-San Rafael Bridge was completed in 2005 using a “No Collapse” design basis and a seismic strategy of avoiding catastrophic failure based on bridge-specific seismic modeling.

Dumbarton Bridge. The current Dumbarton Bridge opened in 1982. It carries State Route 84 across the San Francisco Bay and is situated approximately 10 miles south of the San Mateo-Hayward Bridge. The western end of the bridge is five miles northeast of the City of Palo Alto, and the eastern end is five miles west of the City of Newark, midway between the Cities of San Jose and Oakland. The Dumbarton Bridge is a six-lane structure that is 1.6 miles long with a bicycle and pedestrian path. The bridge connects Highway 101 and Palo Alto to Interstate 880 in Alameda County. The approach spans are composed of pre-stressed lightweight concrete girders that support a lightweight concrete deck. The center spans are twin steel trapezoidal girders that also support a lightweight concrete deck. A seismic retrofit of the Dumbarton Bridge was completed in May 2013 using an “Intermediate Strategy” design basis and a seismic strategy of moderate to major damage expected based on bridge-specific seismic modeling.

Antioch Bridge. Located 25 miles east of the Benicia-Martinez Bridge, the Antioch Bridge carries State Route 160 and is the only northerly highway connection across the San Joaquin River linking east Contra Costa County to the delta communities of Rio Vista and Lodi. In 1978, a 1.8 mile long high-level fixed-span structure replaced the original bridge constructed in 1926. The Antioch Bridge spans the 3,600-foot-wide San Joaquin River and extends 4,000 feet onto Sherman Island in Sacramento County to the north and 1,000 feet into Contra Costa County to the south. Traffic lanes consist of two 12-foot-wide lanes for motor vehicles and two shoulders open to pedestrians and bicyclists. A seismic retrofit of the Antioch Bridge was completed in April 2012 using a “No Collapse” design basis and a seismic strategy of avoiding catastrophic failure based on bridge-specific seismic modeling.

Bridge Traffic

The following table sets forth total toll-paying motor vehicle traffic for FYE 2014 through 2023. As shown below, total toll-paying traffic for FYE 2023 was approximately 112.0 million vehicles, which represents an increase of approximately 0.05% as compared to FYE 2022.

⁽¹⁾ Traffic figures exclude toll violators. See “BRIDGE TOLL REVENUES – Toll Collections – *Toll Violators*” below. Toll-free (unpaid) traffic (which includes unpaid traffic and vehicles that are permitted to cross for free) in FYE 2023, was approximately 12.8 million vehicles, representing approximately 10.3% of total traffic.

⁽²⁾ Totals may not add due to rounding.

⁽³⁾ Reduced traffic figures as a result of the COVID-19 pandemic stay-at-home orders and related public health measures.

BRIDGE TOLL REVENUES

As defined in the Senior Indenture, Bridge Toll Revenues consist of toll revenues and all other income allocated to the Authority pursuant to Section 30953 of the Act derived from the Bay Area Bridges and not limited or restricted to a specific purpose, including certain revenues derived from toll increases the California State Legislature (the “State Legislature”) has enacted from time to time contingent upon approvals of regional measures by Bay Area voters. See “BRIDGE TOLL REVENUES – Toll Rates,” APPENDIX B — “DEFINITIONS AND SUMMARY OF CERTAIN PROVISIONS OF THE SENIOR INDENTURE,” and APPENDIX C — “DEFINITIONS AND SUMMARY OF CERTAIN PROVISIONS OF THE SUBORDINATE INDENTURE” and “RISK FACTORS – Constitutional Limitations” in the forepart of this Official Statement.

Toll Rates

For purposes of the Authority’s Senior Indenture and Subordinate Indenture, all tolls charged on the Bridge System are treated as a single revenue source for accounting and administrative purposes. See “SECURITY AND SOURCES OF PAYMENT FOR THE TOLL BRIDGE REVENUE BONDS” in the forepart of this Official Statement and “BAY AREA TOLL AUTHORITY – Toll Setting Authority” above.

Historic Toll Rates. In 1988, Bay Area voters approved a ballot measure called Regional Measure 1 (“RM1”) establishing a uniform toll rate of \$1.00 on all Bridges for toll-paying, two-axle

vehicles and higher tolls for all other toll-paying vehicles and authorizing certain Bridge improvements and transit funding. In 2004, Bay Area voters approved a ballot measure called Regional Measure 2 (“RM2”) that authorized a toll increase of \$1.00 for all toll-paying vehicles to fund specified projects and transit expansions.

In 1998, a \$1.00 seismic surcharge was imposed by California law on toll-paying vehicles to fund part of the cost of the Seismic Retrofit Program for the Bridge System. The Act was subsequently amended to authorize the Authority to assume responsibility for administering Bridge tolls and seismic funding as well as to increase the amount of the seismic surcharge, and an additional \$1.00 per toll-paying vehicle increase took effect on January 1, 2007. In January 2010, the Authority approved a general \$1.00 toll increase on all of the Bridges, effective for two-axle vehicles on July 1, 2010 and effective for multi-axle vehicles in stages, on July 1, 2011 and July 1, 2012. The increased tolls for multi-axle vehicles are based on a toll of \$5.00 times the number of axles.

Under the current toll schedule, during the hours of 5 a.m. to 10 a.m. and from 3 p.m. to 7 p.m. (“Peak Hours”), the Authority collects a reduced rate toll of \$3.50 on the Bridges from high-occupancy vehicles (carpool vehicles and motorcycles) and inherently-low-emission vehicles (such as electric and hybrid cars) (“HOV/EV”). Prior to July 2010, HOV/EV had been granted toll-free passage on the Bridges. Commuter buses and vanpool vehicles are permitted to cross the Bridges toll-free at all hours. See “THE BRIDGE SYSTEM – Bridge Traffic – Table 1 Total Toll-Paying Motor Vehicle Traffic” above.

In 2017, Senate Bill 595 (“SB 595”) was enacted, imposing a toll increase of up to \$3.00 for the Bridge System, subject to approval of the increase and related expenditure plan by a majority of voters in the Bay Area. A regional ballot measure, entitled Regional Measure 3 (“RM3”), was placed on the ballot in all nine counties in the Bay Area and, on June 5, 2018, a majority of Bay Area voters approved RM3, including a toll increase of \$3.00 phased in over time, with a \$1.00 toll increase on January 1, 2019, a \$1.00 toll increase on January 1, 2022, and a \$1.00 toll increase on January 1, 2025, for vehicles traveling on the Bridges (collectively, the “SB 595 Toll Increases”). Two suits were filed challenging the SB 595 Toll Increases (as further defined herein, the “Challenges to SB 595 and RM3”). However, in a consolidated appeal in connection with these suits, the California Court of Appeal rejected those challenges and on January 25, 2023, the California Supreme Court dismissed its review of that decision. See “– Toll Rates – Table 2 Bridge System Total Toll Rates” and “LEGISLATION, INITIATIVE AND REFERENDA MATTERS – *Legislation and Related Matters.*”

Current Toll Rates. The following table sets forth the Authority’s current toll schedule which became effective as of January 1, 2022.

As required under SB 595, a discount on the portion of the SB 595 Toll Increase will be available for two-axle vehicles and carpools crossing more than one bridge on the same calendar day during Peak Hours. See “LEGISLATION, INITIATIVE AND REFERENDA MATTERS – *Legislation and Related Matters*” herein.

⁽²⁾ A reduced-rate toll of \$3.50 is collected on HOV/EV during Peak Hours.

⁽³⁾ Since April 2020, due to the reduction in traffic volume as a result of the COVID-19 pandemic, congestion pricing (e.g., charging an increased toll during Peak Hours to reduce congestion) has been suspended for the use of the San Francisco-Oakland Bay Bridge during Peak Hours, and tolls for all other two-axle vehicles using the San Francisco-Oakland Bay Bridge, excluding HOV/EV, are \$7.00 all day. As of the date of this Official Statement, congestion pricing remains suspended. The Authority continues to monitor traffic levels and the Board may take action in the future to implement an updated model for congestion pricing.

Toll Collections

Toll Collection. Tolls on each of the Bridges are collected from vehicles crossing in one direction only. The Authority is responsible for processing all toll revenue collections.

Prior to the COVID-19 pandemic, the Authority operated both electronic toll collection (“ETC”) lanes and cash toll collection lanes on each Bridge. Tolls are collected electronically through the FasTrak system (which is an ETC system operated by the Authority). See “— *FasTrak Toll System*” and “— *FasTrak Regional Customer Service Center*” below. Cash toll payments were manually collected on each Bridge at toll booths staffed by employees of Caltrans.

As a result of the COVID-19 pandemic, beginning on March 21, 2020, the State and Caltrans suspended cash toll collections on all of the Bridges. Starting in April 2020, the Authority began collecting all tolls from vehicles crossing the Bridges either electronically through the FasTrak system or by invoicing the registered owner of the vehicle. While cash toll operations were suspended in 2020, the Authority billed non-FasTrak users directly, by mailing photo-captured license plate information and bills to the registered owner’s address on file with the California Department of Motor Vehicles (the “DMV”).

Beginning on January 1, 2021, manual toll collection operations on the Bridges were permanently ended and the Authority began collecting all tolls from vehicles crossing the Bridges electronically either through its FasTrak system, through a License Plate Account (which links a photo-captured license plate to a credit card whenever the vehicle crosses a Bridge) or by invoicing the registered owner of the vehicle (which is accomplished by automated, high-speed cameras capturing images of a vehicle’s license plates

which images are then processed by the FasTrak Regional Customer Service Center, which then mails an invoice each month to the address at which the vehicle is registered with the DMV).

In Fiscal Year 2023, the Authority invoiced approximately \$201 million of tolls for vehicles that did not have a FasTrak account or a License Plate Account. If an invoice is not paid within 30 days, a violation notice is sent to the registered owner of the vehicle. A second violation notice is sent to the registered owner of a vehicle that did not pay either the invoice or the first violation notice (including any penalties). Any unpaid amounts remaining after the second violation notice are typically sent to the DMV and collection processes as described below under “*Toll Violators*.” During Fiscal Year 2023, the Authority received \$62.8 million in tolls from initial invoices. Additionally, \$23.3 million in invoiced tolls were ultimately paid through a FasTrak account, \$23.5 million in tolls were paid following a violation notice, and \$3.9 million in tolls were paid through the DMV or collections process.

Toll Violators. Toll violators are drivers that intentionally or inadvertently avoid the payment of tolls. The recovery of payment from a toll violator is reported by the Authority as Revenue. See “**HISTORICAL AND PRO FORMA REVENUE AND DEBT SERVICE COVERAGE – Historical Revenue and Debt Service Coverage.**”

Prior to the implementation of all-electronic tolling on the Bridges, when a vehicle was identified as having crossed a bridge without paying the toll, a violation notice was sent to the vehicle’s registered owner within 21 days of the toll violation at the address on file with the DMV. The first notice requested payment for the toll amount and a \$25 penalty. However, the first penalty assessment could be waived at the discretion of the Authority if the vehicle’s registered owner opened a prepaid FasTrak account. If the toll and penalty were not paid in response to the first notice, a second notice was sent for the toll amount plus a \$70 penalty (\$25 penalty plus \$45 late penalty). Failure to respond to the second notice resulted in additional fees and one or more of the following actions: withholding of the vehicle’s registration by the DMV, withholding of tax refunds by the California Franchise Tax Board, or referral of the amount due to a collections agency.

As a result of the COVID-19 pandemic, the Authority temporarily suspended the imposition of penalties against toll violators between March 2020 and December 2020. As of January 1, 2021, the Authority reinstated full violation penalty assessments for unpaid tolls. Additionally, the Authority temporarily suspended sending violations to the DMV pending implementation of a low-income payment plan, which is a component of its Tolling Equity Action Plan discussed below. The payment plan was deployed on July 1, 2023, and BATA resumed forwarding unpaid violations from May 2023 onward to the DMV for placement of a hold on vehicle registration pending resolution of the violation. For the remaining backlog of unpaid violations which occurred between January 1, 2021 and April 30, 2023, the Authority is currently working to send them to collections.

Toll Equity and Other Exemption Programs. As part of its Tolling Equity Action Plan, which was launched in May 2021, the Authority approved a reduction in violation penalty notices. Effective December 1, 2021, the penalty for first violation notices decreased from \$25 to \$5, and the penalty for second violation notices decreased from \$70 to \$15. This reduction was retroactive to all violation notices effective January 1, 2021. Bridge patrons who were sent notices on and after January 1, 2021 and paid their violation penalties prior to December 1, 2021 received a refund for the difference between the amount paid and the revised amount due. Under this policy, BATA refunded \$26.7 million of FYE 2021 penalties and \$8.1 million of FYE 2022 penalties during FYE 2023. These refunds were reported as a special item in the financial statements for FYE 2022 and were recorded against FYE 2022 toll revenues. See Note AD on page 75 of the MTC 2022 ACFR.

Another component of the Authority's Tolling Equity Action Plan is a payment plan that enables low-income individuals to pay accrued tolls and penalties over an extended period of time, of up to two years. This plan, deployed July 1, 2023, is also consistent with the provisions of AB 2594, which requires such payment plans for toll bridges (effective July 1, 2023) and express lanes operators (effective July 1, 2024), and also requires waivers of penalties from the beginning of the pandemic through January 1, 2023 for such low-income individuals. The Authority does not consider any of the amounts necessary to be waived as material to its operations, revenues or its ability to pay its obligations.

Under AB 2949 (effective January 1, 2023), vehicles registered to a veteran displaying eligible license plates are exempt from paying tolls on California Bridges, including those in the Bridge System. Toll rates remain standard but are subject to nonpayment due to the exemption created by AB 2949. The Authority does not consider this exemption to be material to its operations, revenues or its ability to pay its obligations.

FasTrak Toll System. As of January 1, 2021, the Authority began collecting all tolls from vehicles crossing the Bridges electronically either through its FasTrak toll system, a License Plate Account or by invoicing the registered owner of the vehicle based on a photo of the vehicle's license plate. The growth in ETC processing has improved traffic flow on the Bridges but has also been associated with increased processing costs and unpaid tolls.

When a vehicle enters any toll lane, the entry light curtain and loops detect the vehicle, and a camera takes two images of the front license plate. Then, the overhead antenna reads a tag, if present, mounted in the vehicle. As a vehicle exits the lane the exit light curtain and loops detect the vehicle, and a camera takes two images of the rear license plate with the vehicle axles electronically classified by the in-ground treadle system. After the vehicle exits the lane, all the in-lane data, collected from the various toll system equipment, are sent to a lane-specific computer where a transaction is created. If a transaction includes a tag read, the four captured images are not sent to the FasTrak Regional Customer Service Center ("CSC") and are discarded within a few days. If a vehicle does not have a toll tag, the system sends the previously captured images to the CSC for license plate identification. Later, the system sweeps its records to identify any existing customer account associated with the license plate number; if there is an associated account, the account is simply debited the proper toll amount. If no valid account is associated with the license plate, a toll invoice will be sent by mail to the vehicle's registered owner.

FasTrak Regional Customer Service Center. The Authority contracts with Conduent State and Local Solutions, Inc. (a subsidiary of Conduent Inc.) ("Conduent") for the management and operation of the CSC. Operations of the CSC are subject to the terms of a contract that is currently in effect through September 2027, with options to renew at the Authority's discretion through 2029. Funding for CSC operations is included in the Authority's annual operating budget. The Authority's CSC operations expenses increased by approximately \$13 million in FYE 2022 as a result of the significant increase in the number of invoices that Conduent handled as a result of the ending of cash toll collections beginning in March 2020 and the conversion to all electronic toll collections, which expense was recognized in FYE 2022. Subsequently, CSC operations expenses for FYE 2023 were approximately \$60.37 million, a decrease of approximately \$3 million, or 5%, from FYE 2022. For further discussion, see footnote 3 to "Table 3 – Historical Operating Expenses" below.

CSC operations also support use of FasTrak on tolled facilities operated by other agencies, such as the Golden Gate Bridge and high occupancy toll lanes in the Bay Area. The Authority receives reimbursement for related costs from such other agencies. These reimbursement revenues, which amounted to approximately \$8.3 million in FYE 2023, are not revenues of the Authority pledged for the repayment of the Senior Obligations, the Subordinate Obligations and any other obligations of the Authority that are

secured by a pledge of revenue on a basis subordinate to the Subordinate Obligations (collectively, the “Secured Obligations”).

Open Road Tolling. In December 2018, the Authority adopted a plan to convert then-existing manual toll operations to all electronic tolling through open road tolling (“ORT”), which involves the construction of new overhead gantries and the demolition of toll canopies along with the installation of a new tolling system. The Authority expects to pay the costs for the conversion from rehabilitation capital funds as well as RM3 funds for Richmond-San Rafael.

Currently, three civil design firms are under contract to the Authority and working with Caltrans, the roadway and facility owners, to complete the civil design and environmental clearance necessary to begin construction. The Authority expects civil construction to begin in 2025 at the Richmond-San Rafael Bridge with the installation of a temporary structure over the roadway to expedite implementation. This temporary approach will only be done at Richmond-San Rafael.

BATA is currently procuring a new toll system contractor to permanently install a new state-of-the-art ORT tolling system at each of the seven bridges. Once the gantries are erected at each tolling point, the new toll equipment will be installed just prior to each bridge conversion. The first scheduled permanent ORT conversion with the new toll system contractor is at the Antioch Bridge, which is expected in summer 2026. The conversion of the other Bridges to an ORT system is expected to continue through 2028 with the last being the San Francisco-Oakland Bay Bridge. After implementing ORT on all of the Bridges, there may be a second phase of work to repurpose excess right-of-way around the toll plazas that are no longer in use for toll collection.

Operations and Maintenance

The Authority is responsible for paying all of the costs of operating and maintaining the Bridge System, including both expenditures for normal highway maintenance that would be performed by the State as if the Bridges System comprised toll-free facilities and all maintenance and reconstruction work for facilities constructed primarily for the purpose of collecting tolls. The Authority is required by the Senior Indenture and the Subordinate Indenture to maintain Bridge System tolls at rates sufficient to pay such costs. Under current law, the payment of the costs of normal highway maintenance for the Bridges (and other costs otherwise provided for by statute) is secured on a basis subordinate to the lien securing repayment of the Authority’s Bonds and other Secured Obligations.

The Authority’s operations and maintenance expenses include both payments to Caltrans and direct Authority expenses. Caltrans is responsible for maintaining the Bridge System in good repair and condition, including recording condition data. Federal regulations set the requirements for inspection procedures, inspection frequency, personnel qualifications, inspection reports, and preparation and maintenance of the state bridge inventory. National Bridge Inspection Standards (“NBIS”) are applied to all structures defined as bridges located on public roads, and Caltrans is responsible for applying these standards and reporting them to the Federal Highway Administration.

In March 2022, the Authority and Caltrans began a joint effort to produce the Toll Bridge Program Report (“Bridge Report”), which is intended to be a regular series of present updates on the conditions of the Bridge System. The Authority and Caltrans released their first Bridge Report on April 13, 2022. The most recent report was released on February 8, 2023, and there were no changes to the overall Bridge System condition ratings from the previous year. Six of the seven Bridges were deemed in fair or better condition. Repairs for the remaining Bridge, the San Mateo-Hayward Bridge, are underway. The next report is expected to be released in the summer of 2024. Caltrans is concurrently progressing with studies to define a second phase of construction to address the remaining repairs to raise the condition rating of the

Bridge. Study results are expected in 2024. The Authority, in collaboration with Caltrans, has developed and budgeted for an annual maintenance and a detailed rehabilitation program, which included approximately \$185 million in budgeted rehabilitation expenditures in FYE 2024. The draft FYE 2025 budget includes \$132 million in rehabilitation expenditures. Caltrans is completing engineering work for projects that could increase the final FYE 2025 rehabilitation budget by an additional \$120 million. See CAPITAL AND REGIONAL TRANSPORTATION PROJECTS – Bridge System Capital Improvements” herein for further discussion. The Authority and Caltrans remain focused on maintaining and improving the quality of bridge and tolling assets in the Bridge System.

The Authority’s payments to Caltrans are made pursuant to State law and a Cooperative Agreement between the Authority and Caltrans, which may be amended from time to time, that addresses budget matters and allocates responsibilities for the operation and maintenance of the Bridge System between the Authority and Caltrans. Beginning in March 2020, the State and Caltrans suspended cash toll collections on the Bridges, and, as of January 1, 2021, manual toll collection operations on the Bridges were permanently ended. As a result of the termination of manual toll collection operations, the Authority’s payments to Caltrans were significantly reduced beginning in FYE 2021. See Table 3 below.

The Authority is responsible for all toll collection, including in-lane toll equipment, electronic toll collection administration, banking, finance and audits. The Authority’s costs of operating and maintaining the Bridge System for FYE 2019 through 2023 are set out on the following table.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

- ⁽¹⁾ As required by Section 30914(b) of the Act, MTC allocates toll bridge revenues, which are payable from funds transferred by the Authority, in an amount not to exceed \$3 million, plus a 3.5% annual increase for operation and maintenance expenditures related to the Transbay Joint Powers Authority (“TJPA”) and the Transbay Terminal Building. The transfer of funds is subordinate to any obligations of the Authority, such as the Authority’s Bonds and other Secured Obligations, having a statutory or first priority lien against the toll bridge revenues. The transfer is further subject to annual certification by TJPA that the total Transbay Terminal Building operating revenue is insufficient to pay the cost of operation and maintenance without the requested funding.
- ⁽²⁾ Reflects reimbursements received from Caltrans and other operating agencies. See “HISTORICAL AND PRO FORMA REVENUE AND DEBT SERVICE COVERAGE – Historical Revenue and Debt Service Coverage – Table 12 Bridge System Historical Revenue and Debt Service Coverage.”
- ⁽³⁾ Totals may not add due to rounding. As a result of the suspension of cash toll collections in March 2020 and the subsequent permanent termination of cash toll collections in January 2021, the number of invoices required to be handled by the CSC increased significantly. Vehicles that do not have a FasTrak account or a License Plate Account must be mailed an invoice by the CSC. CSC operations expenses for FYE 2023 were approximately \$60.4 million, a decrease of approximately \$3 million from FYE 2022.
- ⁽⁴⁾ Beginning in March 2020, the State and Caltrans suspended cash toll collections on the Bridges, and, as of January 1, 2021, manual toll collection operations on the Bridges were permanently ended. As a result of the termination of manual toll collection operations, the Authority’s payments to Caltrans were significantly reduced beginning in FYE 2021.
- ⁽⁵⁾ Includes \$26.7 million of one-time retroactive payments to patrons who paid toll violation penalties for the period of January 1, 2021 to December 1, 2021, which was the effective date of the reduced amount of violation penalty charges. See “— Toll Collections – *Toll Violators*” above.

Authority Payments to MTC

The Act provides for payments by the Authority to MTC for specified transportation projects and programs. The payments are subordinate to the lien securing the payment of the Authority’s Bonds and other Secured Obligations.

Under the Act, the Authority makes transfers to MTC to: (1) provide operating assistance for transit purposes in an amount that is not more than 38% of annual bridge toll revenues derived from the RM2 toll increase imposed in conjunction with RM2 (\$1.00 in the case of all vehicles regardless of the number of axles) (“RM2 Operating Transfers”), and (2) provide funds, in an amount limited to not more than 16%, up to \$60,000,000, from the RM3 toll increase approved by the voters pursuant to SB 595, to designated transit operating programs as a component of the expenditure plan set out in SB 595, subject to the satisfaction of certain conditions, including the adoption of performance measures and the execution of an operating agreement with MTC (“RM3 Operating Transfers” and together with RM2 Operating Transfers, the “RM Operating Transfers”). In FYE 2019, FYE 2020, FYE 2021 and FYE 2022, the RM2 Operating Transfers were approximately, \$46.45 million, \$43.88 million, \$32.95 million, and \$40.77 million, respectively. Prior

to FYE 2023, RM3 Operating Transfers were held in an escrow account established pending the resolution of the Challenges to SB 595 and RM3. In FYE 2023, the RM Operating Transfers were approximately \$56.84 million, which included RM2 Operating Transfers for all of FYE 2023 and RM3 Operating Transfers for a portion of FYE 2023. See “CAPITAL AND REGIONAL TRANSPORTATION PROJECTS – Regional Measure 3 Projects” and “LEGISLATION, INITIATIVE AND REFERENDA MATTERS – *Legislation and Related Matters.*”

In 2010, MTC determined that certain annual payments then being made by the Authority to MTC pursuant to the Act, totaling approximately \$22 million in FYE 2010 (collectively, the “AB 664 Fund Transfers”), were essential to the regional transportation system but that the statutory schedule for AB 664 Fund Transfers would be inadequate to timely fund some of the projects planned by MTC. To address this timing issue, the Authority and MTC entered into a Funding Agreement (the “Funding Agreement”), under which the Authority paid to MTC in September 2010 an amount of \$507 million, equal to the then present value of the bridge toll revenues that the Authority projected would be used for AB 664 Fund Transfers for 50 years from July 1, 2010, in exchange for being relieved of responsibility for making AB 664 Fund Transfers for that 50-year period.

Additionally, pursuant to Section 30958 of the Act, the Authority may retain on an annual basis an amount, which may not exceed 1% of the gross annual Bridge System revenues (“Authority Administrative Costs”), for its costs of administration. In FYE 2019, FYE 2020, FYE 2021, FYE 2022 and FYE 2023, the Authority Administrative Costs were approximately, \$14.33 million, \$19.86 million, \$17.43 million, \$18.23 million and \$33.66 million, respectively. The increase in Authority Administrative Costs for FYE 2023 is attributed to inclusion of administrative costs related to RM3 revenues for FYE 2023 and \$8.8 million for RM3 revenues from FYE 2019 through FYE 2022.

A separate provision of State law (amended effective January 1, 2014) permits the Authority to make direct contributions to MTC in an amount up to 1% of the gross annual Bridge System revenues with any amounts exceeding 1% required to be in the form of interest-bearing loans to MTC. No such loans are outstanding at this time. Beginning in FYE 2020, the Authority first utilized this ability to make direct contributions to MTC under this statutory authority in order to reduce MTC’s pension liability under CalPERS (as defined herein). See “OTHER AUTHORITY OBLIGATIONS – CalPERS and MTC Retirement Plan.”

CAPITAL AND REGIONAL TRANSPORTATION PROJECTS

The Authority is authorized to use bridge toll revenues to fund capital and regional transportation projects, which have been authorized pursuant to certain programs described below.

Regional Measure 3 Projects

On June 5, 2018, a majority of Bay Area voters approved RM3 which, among other things, authorizes the Authority to finance approximately \$4.45 billion of highway and transit capital improvements in the toll bridge corridors and their approach routes consistent with the RM3 expenditure plan specified by the Legislature in SB 595 (“RM3 Capital Projects”). RM3 Capital Projects include, among others, new San Francisco Bay Area Rapid Transit District (“BART”) railcars and SF Muni Transit Vehicles, extending BART service to Silicon Valley and Caltrain service to downtown San Francisco, and interchange improvements in Alameda, Contra Costa and Solano. SB 595 establishes project contribution not to exceed amounts from the RM3 toll increase approved by the voters pursuant to SB 595, and the Authority is not obligated to cover any project cost overruns for any RM3 Capital Project. For a complete list of the authorized RM3 capital projects, see EXHIBIT I – “LIST OF AUTHORIZED REGIONAL MEASURE 3 CAPITAL PROJECTS” attached hereto.

In May 2023, following the resolution of the Challenges to SB 595 and RM3, the Commission directed staff to begin collecting RM3 allocation requests. See “LEGISLATION, INITIATIVE AND REFERENDA MATTERS – *Legislation and Related Matters.*” The first capital allocations were made in June 2023. As of April 2024, the RM3 capital program has made approximately \$1.46 billion in allocations.

Pursuant to SB 595, a portion of the SB 595 Toll Increases shall be made available annually for the purpose of providing operating assistance to designated transportation agencies in an amount not to exceed the lesser of 16% or \$60 million of revenues generated from SB 595 Toll Increases per year as set forth in the Authority’s budget. The payments are subordinate to the lien securing the payment of the Authority’s Bonds and other Secured Obligations. See “BRIDGE TOLL REVENUES – Authority Payments to MTC” above for discussion of transit operating assistance. The first allocations under the RM3 operating program were made in May 2023. As of April 2024, the RM3 operating program has made a total of \$41.2 million in allocations and has disbursed \$30.4 million to sponsors.

The Authority established the RM3 independent oversight committee pursuant to SB 595 and will hold its first meeting in 2024 to begin its mandate to annually review the expenditure of funds generated by the RM3 toll increase approved by the voters pursuant to SB 595.

Bridge System Capital Improvements

The Authority funds capital rehabilitation and operational improvement projects on the Bridge System designed to maintain and ensure the long-term safe operation of the Bridge System and associated toll facilities.

Bridge System CIP and Asset Management. The Authority, working with Caltrans, developed a ten-year Capital Improvement Plan (the “CIP”) for the rehabilitation of the Bridge System and related tolling systems and facilities. The current plan was adopted on February 22, 2023 and sets forth projects to be undertaken between FYE 2024 and FYE 2033 that have an estimated cost of approximately \$1.8 billion. The Authority’s amended capital budget for FYE 2024 includes rehabilitation and operational improvement projects to the Bridges in the amount of approximately \$185 million. The draft FYE 2025 budget includes \$132 million in rehabilitation expenditures. Caltrans is completing engineering work for projects that could increase the final FYE 2025 rehabilitation budget by an additional \$120 million.

The Authority expects that actual maintenance, repair and rehabilitation costs will vary from year-to-year, largely as a result of the anticipated schedule for major rehabilitation of individual bridges, and that maintenance and repair costs generally will increase each year, which may result in deferring certain projects until funding is available. The Bridges are inspected regularly, and from time to time those inspections identify necessary maintenance and repair work that is not anticipated in the schedule. Ongoing maintenance, repair and major rehabilitation work on the Bridges may require temporary partial or full closure of a Bridge from time to time. In 2011, the Authority commissioned a study by KPMG, subsequently updated in April 2022 and February 2023 to assess its planned maintenance, repair and rehabilitation schedules for the Bridge System.

The Authority, working with Caltrans, is now actively developing a quantified asset management program that consists of developing a Toll Bridge Asset Management Plan (“TBAMP”) for all bridges and aligning toll bridge asset management processes to follow International Organization for Standardization (“ISO”) 55001 standards for asset management. The TBAMP is designed to support a better understanding of the timing and sequence of investments necessary to maintain each Bridge in a desired state of good repair. The Authority anticipates presenting an operational TBAMP for the Bridge System and related updates to the CIP during calendar year 2025. The Authority expects this plan to include cost estimates in

excess of those included in the current CIP to deliver on the good repair strategy for the Bridges and ensure the financial viability of the Bridge System.

Recent Federal code changes with respect to vehicle weight limits allowed on bridges (the “Federal Load Requirements”) require states to rate or re-rate the load capacity of bridges in the National Bridge Inventory. To meet the Federal Load Requirements, the load rating analyses may result in a requirement to strengthen the Bridges. For the west spans of the San Francisco-Oakland Bay Bridge, the analyses determined the need for some structural retrofit, including some replacement of rivets with high-strength bolts and additional bracing. This strengthening work was completed in the fall of 2023. For the Richmond-San Rafael Bridge, the analyses determined the need for similar work, including strengthening of gusset plates. This strengthening work was completed in April 2022. The remaining Bridges will be analyzed in the future. Similar improvements may be necessary on those Bridges and would be programmed as part of the Bridge System CIP.

As described herein, the Authority has issued Bonds to fund, among other things, ongoing rehabilitation and maintenance costs of the Bridge System. The Authority anticipates undertaking major rehabilitation or replacement of one or more bridges in the Bridge System while its Bonds are outstanding, but the Authority cannot predict the timing or costs of such work.

Revenue Bond Funding. From time to time, the Authority has issued Senior Bonds under the Senior Indenture and Subordinate Bonds under the Subordinate Indenture. For a detailed summary of the amount of outstanding Senior Bonds and Subordinate Bonds, see the discussion herein under the heading “OUTSTANDING AUTHORITY OBLIGATIONS.”

The Authority has used proceeds of its Senior Bonds and Subordinate Bonds, as well as accumulated Bridge Toll Revenues, to fund a number of significant regional transportation and transit projects and programs, including the seismic retrofit of each of the Bridges in the Bridge System. While some bridge rehabilitation programs are ongoing, the projects approved under RM1 (as defined herein) and the Seismic Retrofit Program are complete, and the projects approved under RM2 (as defined herein) are nearing completion. The Authority continues to fund costs of operations and maintenance for the Bridge System and to administer the electronic toll collection system for the benefit of other Bay Area facilities, including the Golden Gate Bridge and express lanes. The Authority also has responsibility to fund budgeted Bridge rehabilitation and undertake Bridge construction and improvement projects as needed. See “BRIDGE TOLL REVENUES – Operations and Maintenance.”

Other Legislatively Mandated, Voter Approved Programs and Additional Projects

Regional Measure 1 and Regional Measure 2 Projects. RM1, which was approved by voters, authorized the Authority to pay for specified highway and bridge enhancement projects. The RM1 program was completed as of the close of FYE 2013.

Voters also approved RM2, which authorizes the Authority to contribute up to \$1.589 billion to 40 transit, highway and bridge enhancement and improvement projects to reduce congestion or to make improvements to travel in the toll bridge corridors. Generally, RM2 funding covers only a portion of each project’s total cost. RM2 also authorizes the Authority to contribute funds every year for operating costs of specified public transportation agencies as another component of the regional traffic relief plan set forth in the ballot measure (the “RM2 Operating Transfers” described above under “RELATED ENTITIES – Authority Payments to MTC”).

As of March 31, 2024, only approximately \$40.5 million of RM2 Projects remained to be allocated or spent out of the total budget of \$1.589 billion. Under the Act, the Authority may fund its specified RM2

Projects by issuance of additional toll bridge revenue bonds or transfer of Bridge Toll Revenues in an amount not to exceed \$1.589 billion, but the Authority is under no obligation to provide funding for any project beyond the amount expressly provided in RM2 or to increase funding for all of the RM2 Projects beyond the aggregate authorization.

AB 1171 Capital Projects. Pursuant to Section 31010 of the Act (as amended by Assembly Bill 1171 (“AB 1171”) adopted in 2001), excess toll revenue generated from the seismic surcharge after a specified commitment for funding the Seismic Retrofit Program projects is achieved is required to be collected by the Authority and remitted to fund transportation and transit projects similar to those authorized by RM1 and RM2. The amount of such funds currently is programmed by MTC to be \$570 million and has been budgeted by the Authority to fund specified transportation projects such as the Doyle Drive replacement project, the extension of the Bay Area Rapid Transit system to east Contra Costa County, the Transbay Transit Center, improvements to the interchange of Interstate 80 and Interstate 680, and other transit and corridor improvement projects. As of June 30, 2023, approximately \$61.2 million of the funds programmed remain to be spent on specified transportation projects.

Additional Projects. From time to time, the Authority has funded projects based on findings that such projects will improve the functioning or use of one or more of the Bridges. Additionally, the Authority evaluates the need for future projects and the need for any increases in toll rates for such projects. See “BRIDGE TOLL REVENUES – Toll Rates” above.

The Transit Core Capacity Challenge Grant Program seeks to fund the replacement of all or a portion of the rolling stock of buses, streetcars and rail cars of the Alameda-Contra Costa Transit District, the San Francisco Municipal Transportation Agency and the Bay Area Rapid Transit District. In 2013, the Commission pledged \$7.5 billion in federal, state and local funds over 15 years to fund the program. MTC expects to fund the Core Capacity Challenge grants with more than \$3 billion in federal transportation money, \$875 million expected through the State cap and trade program and some \$250 million of Bridge Toll Revenues through 2028, of which approximately \$63 million remains to be spent.

AUTHORITY FINANCIAL AND OPERATING INFORMATION

Financial Statements

Audited financial information relating to the Authority is included in MTC’s financial statements. MTC does not prepare separate financial statements for the Authority. The MTC 2023 ACFR, including MTC’s Financial Statements, has been posted to the Municipal Securities Rulemaking Board’s Electronic Municipal Market Access (EMMA) website at <https://emma.msrb.org/P21745369-P21340321-P21774918.pdf> and is incorporated herein by such reference as if fully included herein.

The financial statements as of June 30, 2023, incorporated by reference in this Official Statement, have been audited by Crowe LLP, independent accountants, as stated in their report appearing therein. Crowe LLP has not been engaged to perform and has not performed, since the date of its report incorporated by reference in this Official Statement, any procedures on the financial statements addressed in that report. Crowe LLP also has not performed any procedures relating to this Official Statement.

Cash Reserves

The Authority’s budget for FYE 2024, includes the continued maintenance of a \$1.2 billion reserve designated to provide liquidity for debt service, variable costs associated with variable rate demand bonds, rehabilitation and operational improvements on the Bridges, and operating and other expenses to help the

Authority maintain operations through various emergency scenarios. The reserve was maintained at \$1.1 billion during FYE 2023.

Pursuant to the Authority's budget for FYE 2024, the reserve is designated as follows: \$50 million in the Cooperative Agreement self-insurance emergency fund described below, \$242 million in the Operations and Maintenance Fund described below for two years of operation and maintenance of toll facilities, \$370 million for two years of rehabilitation expenses on the Bridges, \$280 million in project contingency and self-insurance reserves, and \$280 million in variable interest rate risk reserves. The Authority is permitted to redesignate the latter three reserve categories from time to time as necessary or desirable, and regularly reviews its options for structuring the project contingency and self-insurance reserve.

For a discussion of the Authority's unrestricted and restricted cash, cash equivalents and investments as of June 30, 2023, see Note 3 on page 75 of the MTC 2023 ACFR. See also "– Investment Portfolio" below.

Operations and Maintenance Fund

The Senior Indenture provides that at the beginning of each Fiscal Year, the Authority shall deposit in its Operations and Maintenance Fund from Bridge Toll Revenues such amounts as shall be necessary so that the amount on deposit in the Operations and Maintenance Fund equals two times the budgeted expenditures for the Fiscal Year for operation and maintenance of toll facilities on the Bridges, including, but not limited to, toll collection costs, including wages and salaries. The principal amount held in the Operations and Maintenance Fund is to be used and withdrawn by the Authority solely to pay such expenses and is not pledged to the payment of the Authority's Secured Obligations. Interest and other income from the investment of money in the Operations and Maintenance Fund is pledged to the payment of the Authority's Secured Obligations. The Authority, in its budget for FYE 2024, requires that the balance in the Operations and Maintenance Fund be maintained at \$242 million. See "BRIDGE TOLL REVENUES – Operations and Maintenance."

The Senior Indenture also provides that in the event that Bridge Toll Revenues on deposit in the Bay Area Toll Account are not sufficient at the beginning of any Fiscal Year to enable the Authority to make the transfer described above at the beginning of such Fiscal Year, the Authority shall not be required to make such transfer for such Fiscal Year and failure of the Authority to make such transfer shall not constitute an event of default under the Senior Indenture for as long as the Authority shall punctually pay the principal of and interest on the Senior Bonds as they become due and observe and comply with the toll rate covenants in the Senior Indenture. The Subordinate Indenture does not require the Operations and Maintenance Fund to be funded. See "SECURITY AND SOURCES OF PAYMENT FOR THE TOLL BRIDGE REVENUE BONDS – Certain Provisions of the Senior Indenture – *Toll Rate Covenants*" in the forepart of this Official Statement and APPENDIX B — "DEFINITIONS AND SUMMARY OF CERTAIN PROVISIONS OF THE SENIOR INDENTURE – THE SENIOR INDENTURE – Covenants of the Authority."

Cooperative Agreement Self-Insurance Fund

Pursuant to its Cooperative Agreement with Caltrans, the Authority maintains a self-insurance fund. The Cooperative Agreement requires this fund to have a minimum balance of \$50 million, which would be available for reconstruction, repair and operations in the event of damage due to a major emergency that results in closure to traffic of a Bridge estimated to extend more than 30 days and to exceed \$10 million in cost. Pursuant to the Cooperative Agreement, replenishment of funds used for such repairs

would be made by the Authority from bridge toll revenues. Upon agreement of Caltrans and the Authority, the minimum balance of the self-insurance fund may be reduced or eliminated in its entirety.

Neither the Authority nor Caltrans maintains business interruption insurance or any other commercially-available insurance with respect to damage to or loss of use of any of the Bridges.

Investment Policy

Funds of the Authority are invested with other funds of MTC and related entities pursuant to an investment policy adopted by MTC, which permits the Authority to invest in some (but not all) of the types of securities authorized by State law for the investment of funds of local agencies (California Government Code Section 53600 et seq.) The securities in which the Authority currently is authorized to invest include United States treasury notes, bonds and bills, bonds, notes, bills, warrants and obligations issued by agencies of the United States, bankers acceptances, corporate commercial paper of prime quality, negotiable certificates of deposit, medium term corporate notes, shares of beneficial interest in diversified management companies (mutual funds), the State's local agency investment fund, the Alameda County local agency investment fund, collateralized repurchase agreements, debt obligations of the State and local agencies in the State, and other securities authorized under State law as appropriate for public fund investments and not specifically prohibited by the investment policy. The investment policy (which is subject to change in the future) does not allow investment in reverse repurchase agreements, financial futures, option contracts, mortgage interest strips, inverse floaters or securities lending or any investment that fails to meet the credit or portfolio limits of the investment policy at the time of investment.

Funds held by a trustee under the Authority's toll bridge revenue bond indentures are to be invested by the trustee in specified types of investments in accordance with instructions from the Authority. The instructions from the Authority currently restrict those investments to investments permitted by the investment policy adopted by MTC described above (except that the trustee is permitted to invest a greater percentage of funds in mutual funds and in a single mutual fund than the investment policy would otherwise permit).

The Authority's primary investment strategy is to purchase investments with the intent to hold them to maturity. However, the Authority may sell an investment prior to maturity to avoid losses to the Authority resulting from further erosion of the market value of such investment or to meet operation or project liquidity needs.

As explained in the MTC 2023 ACFR at Note 1-X on page 73, and at Note 5 in the discussion of "Derivative Instruments" on page 88, the Authority's investment income for FYE 2023 was comprised of interest income from investments and changes in the fair market value of certain interest rate swaps that were hedges for variable rate demand bonds that were refunded and that no longer had an underlying bond to hedge. This resulted in a non-cash derivative investment gain of \$169,301,965 in FYE 2023. The Authority's Senior Indenture and Subordinate Indenture do not require the Authority to take that non-cash charge into account in calculating Revenue or for purposes of the additional bonds tests and the rate covenants described under "SECURITY AND SOURCES OF PAYMENT FOR THE TOLL BRIDGE REVENUE BONDS" in the forepart of this Official Statement.

For more information regarding the investment policy and portfolio of MTC and the Authority, including a discussion of certain deposit and investment risk factors, see Note 1-X and Note 5, starting at page 73 and page 88, respectively, of the MTC 2023 ACFR.

Investment Portfolio

As of March 31, 2024, the average maturity of the investment portfolio of MTC, which includes investments on behalf of the Authority, was 286 days, with an average yield to maturity of approximately 4.21%.

Qualified Swap Agreements

The Authority currently has outstanding thirteen Qualified Swap Agreements with seven counterparties that, as of June 30, 2023, had an aggregate notional amount of \$1,440,000,000. Under all Qualified Swap Agreements, the Authority pays a fixed rate and receives a variable rate based on an index. Each Qualified Swap Agreement may terminate prior to its scheduled termination date and prior to the maturity of the Senior Bonds to which it relates. As of June 30, 2023, the aggregate fair market value of the Qualified Swap Agreements was approximately \$174 million, payable by the Authority if all Qualified Swap Agreements were terminated on such date. For a discussion of the Authority's outstanding Qualified Swap Agreements as of June 30, 2023, see "Note 5 Long-Term Debt—Derivative Instruments" and "—Objective and Terms of Hedging Derivative Instruments" on pages 88-90 and Schedules 11 through 14 on pages 138-141, of the MTC 2023 ACFR.

The governing board of the Authority has authorized the amendment, restructuring, and termination of existing Qualified Swap Agreements and the governing board has authorized the Authority to enter into additional Qualified Swap Agreements.

There are no automatic termination events under any of the Authority's Qualified Swap Agreements, except in the case of bankruptcy under certain circumstances.

Each of the Authority's Qualified Swap Agreements may be terminated at the option of the Authority or its counterparty upon the occurrence of certain events. Such events include, among other events, the election of the Authority to terminate (in its sole discretion) at any time and the election of the counterparty to terminate if the Authority's unenhanced Senior Bond credit rating is withdrawn, suspended or reduced below "BBB-" by S&P Global Ratings ("S&P") (or in certain cases below "BBB" or "BBB+") or is withdrawn, suspended or reduced below "Baa3" by Moody's Investors Service, Inc. ("Moody's") (or in certain cases below "Baa2" or "Baa1") and that withdrawal, suspension or reduction continues for five business days. In the event a Qualified Swap Agreement is so terminated, a termination payment will be payable by either the Authority or the counterparty, depending on market conditions and the specific provisions of the Qualified Swap Agreement. Any such termination payment payable by the Authority could be substantial. Termination payments payable pursuant to Qualified Swap Agreements are payable on parity with the Subordinate Bonds and constitute "Parity Obligations" under the Subordinate Indenture.

The Authority is not required to post collateral under its Qualified Swap Agreements. The counterparties are not required to post collateral unless they are rated below either "AA-" by S&P or "Aa3" by Moody's. Each swap counterparty is required to post collateral to the Authority to secure its exposure in excess of \$10 million if the counterparty is rated between either "A+" and "A-" by S&P or "A1" and "A3" by Moody's. However, each counterparty must secure its entire exposure if it is rated below either "A-" by S&P or "A3" by Moody's. Additionally, each of the Qualified Swap Agreements provide the Authority with the right to terminate if the rating of the counterparty (or, if applicable, its credit support provider) to the agreement is withdrawn, suspended or reduced below specified levels by either S&P or Moody's.

LIBOR Litigation. The Authority has entered into interest rate swap contracts under which periodic payments to the Authority are calculated based on the London InterBank Offered Rate for the U.S. dollar ("LIBOR"). LIBOR is a benchmark rate that was (during the period relevant to the Authority's claims referenced below) calculated using an average of daily submissions by a panel of international banks regarding the rates at which they were prepared to lend unsecured funds to one another.

On March 31, 2014, the Authority initiated litigation in the United States District Court for the Northern District of California seeking recovery for damages allegedly suffered by the Authority under

interest rate swap contracts with certain of the panel banks and other counterparties, resulting from the alleged manipulation of LIBOR between August 2007 and May 2010 (the “LIBOR Litigation”). The LIBOR Litigation is currently pending in the United States District Court for the Southern District of New York, where that case and cases initiated by numerous other plaintiffs were transferred and coordinated for pretrial proceedings along with related cases that were filed in that District. The Authority filed an amended complaint in October 2014. The complaint asserts claims under federal and state law against 25 defendants, consisting primarily of banks that were on the LIBOR panel during the relevant period. The Authority’s claims arise from the banks’ alleged suppression of LIBOR through making daily submissions that did not accurately reflect their expected borrowing rates. The Authority further alleges that the banks’ suppression of LIBOR caused the Authority to receive lower payments than it was entitled to under its interest rate swap agreements.

As a result of opinions issued between 2015 and 2023 by the district court overseeing the LIBOR Litigation as well as the Second Circuit Court of Appeals, many of the Authority’s claims have been dismissed, for lack of personal jurisdiction and on other grounds. But certain of the Authority’s claims have been allowed to proceed, at least in part. The Authority has entered into settlements resolving its claims against certain defendants.

Discovery is proceeding in the Authority’s case and other related cases. No trial date has been set.

⁽¹⁾ Named Defendant in LIBOR Litigation described in “OUTSTANDING AUTHORITY OBLIGATIONS – Qualified Swap Agreements – *LIBOR Litigation*.”

⁽²⁾ The variable rates received pursuant to such Qualified Swap Agreements were originally LIBOR-based. In accordance with the terms of the ISDA 2020 IBOR Fallbacks Protocol adhered to by the Authority and each of its counterparties, the variable rates received by the Authority under the Qualified Swap Agreements are based on SOFR, instead of LIBOR, for calculation periods commencing after the LIBOR cessation date of June 30, 2023. More specifically, the one-month LIBOR variable rate payable to the Authority was replaced with Fallback Rate (SOFR), which is compounded SOFR in arrears, plus the applicable spread adjustment, which for one-month tenors is 11.448 basis points. See “RISK FACTORS – Index Determination Risk – *Index Rate Considerations*” in the forepart of this Official Statement.

OTHER AUTHORITY OBLIGATIONS

Credit Facilities

On October 16, 2014, the Authority entered into a Reimbursement Agreement, as amended on June 15, 2017, August 1, 2019 and October 27, 2021 (the “2014 Reimbursement Agreement”), with certain banks and with Bank of America, N.A. (“BANA”), as agent for such banks, pursuant to which the banks provided irrevocable, direct-pay letters of credit (the “Existing Letters of Credit”) for the Authority’s outstanding San Francisco Bay Area Toll Bridge Revenue Bonds, 2007 Series G-1, 2007 Series A-2, 2007 Series B-2, 2007 Series C-2, 2007 Series D-2, 2008 Series C-1, and 2008 Series E-1. On March 21, 2023, the Authority entered into two Reimbursement Agreements (together, the “2023 Reimbursement Agreements”) with Barclays Bank PLC (“Barclays”), pursuant to which Barclays provided irrevocable, direct-pay letters of credit (the “2023 Letters of Credit”) for the Authority’s outstanding San Francisco Bay Area Toll Bridge Revenue Bonds, 2023 Series A and 2023 Series B (Variable Rate Bonds). On February 29, 2024, the Authority entered into (i) three Reimbursement Agreements (the “2024 SMBC Reimbursement Agreements”) with Sumitomo Mitsui Banking Corporation, acting through its New York Branch (“SMBC”), pursuant to which SMBC provided irrevocable, direct-pay letters of credit (the “2024 SMBC Letters of Credit”) for the Authority’s outstanding San Francisco Bay Area Toll Bridge Revenue Bonds, 2024 Series A, 2024 Series B and 2024 Series C (Variable Rate Bonds), (ii) one Reimbursement Agreement (the “2024-1 TD Reimbursement Agreement”) with TD Bank, N.A. (“TD”), pursuant to which TD provided an irrevocable, direct-pay letter of credit (the “2024-1 TD Letter of Credit”) for the Authority’s outstanding San Francisco Bay Area Toll Bridge Revenue Bonds, 2024 Series D (Variable Rate Bonds), and (iii) two Reimbursement Agreements (the “2024-1 BANA Reimbursement Agreements” and, together with the 2014 Reimbursement Agreement, the 2023 Reimbursement Agreements, the 2024 SMBC Reimbursement Agreements and the 2024-1 TD Reimbursement Agreement, the “Outstanding Reimbursement Agreements”) with BANA, pursuant to which BANA provided irrevocable, direct-pay letters of credit (the “2024-1 BANA Letters of Credit” and, together with the Existing Letters of Credit, the 2023 Letters of Credit, the 2024 SMBC Letters of Credit and the 2024-1 TD Letter of Credit, the “Outstanding Letters of Credit”) for the Authority’s outstanding San Francisco Bay Area Toll Bridge Revenue Bonds, 2024 Series E and 2024 Series G (Variable Rate Bonds). See “OUTSTANDING AUTHORITY OBLIGATIONS – Outstanding Senior Bonds and Senior Obligations – *Daily and Weekly Rate Bonds.*” See “SUMMARY OF FINANCING PLAN – Concurrent Financing” in the forepart of this Official Statement for discussion of concurrent issuance of the 2024 Fixed Rate Bonds and the 2024-2 Variable Rate Bonds.

Upon delivery of the 2024-2 Variable Rate Bonds, the Authority will enter into (i) one Reimbursement Agreement (the “2024-2 BANA Reimbursement Agreement”) with BANA, pursuant to which BANA will provide an irrevocable, direct-pay letter of credit (the “2024-2 BANA Letter of Credit”) for the Authority’s San Francisco Bay Area Toll Bridge Revenue Bonds, 2024 Series H (Variable Rate Bonds), and (ii) one Reimbursement Agreement (the “2024-2 TD Reimbursement Agreement” and, together with the Outstanding Reimbursement Agreements and the 2024-2 BANA Reimbursement Agreement, the “Reimbursement Agreements”) with TD, pursuant to which TD will provide an irrevocable, direct-pay letter of credit (the “2024-2 TD Letter of Credit” and, together with the Outstanding Letters of Credit and the 2024-2 BANA Letter of Credit, the “Letters of Credit”) for the Authority’s San Francisco Bay Area Toll Bridge Revenue Bonds, 2024 Series I (Variable Rate Bonds).

The Letters of Credit are available to be drawn on for funds to pay principal of and interest on the applicable Series of Senior Bonds and payment of the Purchase Price for such Senior Bonds tendered for purchase or subject to mandatory purchase in accordance with the Senior Indenture and not remarketed. Senior Bonds so purchased with proceeds of draws under the Letters of Credit (“Credit Provider Bonds”) will continue to be Senior Bonds under the Senior Indenture, payable on a parity basis with other Senior

Bonds, but they will bear interest at the rate of interest set forth in the applicable Reimbursement Agreement. Reimbursement obligations created by unreimbursed principal and interest draws under the Letter of Credit will be Senior Parity Obligations, payable on a parity basis with Senior Bonds. Under the Reimbursement Agreements, fees and other payments due to the banks providing the Letters of Credit are subordinate to Senior Obligations and Subordinate Obligations and are payable from the Fees and Expenses Fund held by the Senior Indenture Trustee. The Authority's obligation to pay interest on reimbursement obligations and on Credit Provider Bonds evidencing the Authority's obligation to pay amounts advanced under the Letters of Credit can be as high as 15% per annum.

The Letters of Credit will expire on the dates shown under "OUTSTANDING AUTHORITY OBLIGATIONS – Outstanding Senior Bonds and Senior Obligations – *Daily and Weekly Rate Bonds* – Table 6 Outstanding Senior Daily and Weekly Rate Bonds" above. An extension of the Letters of Credit or the substitution of another liquidity facility for the applicable Senior Bonds is required by the Senior Indenture until such Senior Bonds are retired or changed to bear interest, as permitted by the Senior Indenture, at a Fixed Rate, a Term Rate, a Commercial Paper Rate, or an Index Rate. The scheduled expiration or the termination by the Authority of a Letter of Credit will, and the substitution of another liquidity facility may, result in a mandatory purchase of the Senior Bonds supported by such Letter of Credit as explained under APPENDIX B – "DEFINITIONS AND SUMMARY OF CERTAIN PROVISIONS OF THE SENIOR INDENTURE – THE SENIOR INDENTURE – Mechanics of Optional and Mandatory Tenders."

The Authority's obligation to reimburse the banks on account of the purchase of the Authority's Senior Bonds that are tendered for purchase and not successfully remarketed may, under specified circumstances, be converted to a liquidity advance, evidenced by a "Bank Bond." In such a case, the Reimbursement Agreements require the Authority to redeem any Bank Bond that is not remarketed in thirteen (13) equal quarterly installments, beginning on the first Business Day of the twenty-fourth calendar month immediately following the purchase of the Bank Bond by the applicable bank; provided that, in each case such amortization period may be accelerated by the banks in the event of the occurrence of an event of default under the Reimbursement Agreements. Events of default under the Reimbursement Agreements include, among other events, the failure of the Authority to pay debt service on its Senior Bonds or Subordinate Bonds as and when due, the default by the Authority in the observance or performance of covenants or agreements in the Reimbursement Agreements or related documents, and a reduction in the long-term unenhanced ratings of any Senior Obligations below "BBB-", "BBB-" and "Baa3," respectively by any two of Fitch Ratings, S&P and Moody's, or a withdrawal or suspension for credit-related reasons of such ratings by any two of such rating agencies. The Senior Indenture requires Bank Bonds of a Series to be remarketed prior to the remarketing of any other remarketed Bonds of such Series tendered for purchase or subject to mandatory purchase.

In addition, in order for a liquidity drawing to be converted to a liquidity advance under the Reimbursement Agreements, certain preconditions must be satisfied by the Authority. These include, in addition to there being no event of default under the Reimbursement Agreements, the requirement that the Authority be able to make, as of the conversion date, certain representations and warranties set forth in the Reimbursement Agreements, including representations regarding the absence of certain litigation or legislation. Such representations may not be possible under circumstances that are beyond the control of the Authority. If the preconditions to the conversion to a liquidity advance cannot be met, the liquidity drawing is due and payable immediately by the Authority. Liquidity drawings and liquidity advances under the Reimbursement Agreements are required to be paid on a parity with the Senior Bonds and prior to the Subordinate Bonds.

Further Subordinated Obligations

The Authority may issue or incur obligations that would be secured by Revenue on a basis junior and subordinate to the payment of the principal, interest and reserve fund requirements for the Subordinate Obligations. Other than fees and other payments due to the Credit Providers, the Authority had no such obligations outstanding as of the date of this Official Statement. Such obligations could consist of toll bridge revenue bonds or payment obligations under liquidity or credit agreements or interest rate swap agreements. The Authority also has other obligations such as remarketing agent fees that are payable from Revenues.

CalPERS and MTC Retirement Plan

MTC, which for this purpose includes the Authority, provides a defined benefit pension plan, the Miscellaneous Plan of Metropolitan Transportation Commission (the “MTC Plan”), which provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The MTC Plan is part of the Public Agency portion of the California Public Employees’ Retirement System (“CalPERS”). CalPERS provides an actuarially determined contribution rate that is applied to eligible covered payroll cost on a monthly basis by MTC, a proportionate share of which is allocated to the Authority.

The following table sets out MTC incurred pension expenses for Fiscal Years 2019 through 2023 and the amount of the pension expense allocated to the Authority for each fiscal year, based on the measurement period ending June 30 of the prior year. The increase in MTC’s pension expense for FYE 2019 resulted from an increase in employees participating in the MTC Plan as a result of the MTC ABAG consolidation described above under “RELATED ENTITIES – Metropolitan Transportation Commission.” See Note 1-R and Note 9, on pages 70 and 94 - 102, respectively of the MTC 2023 ACFR for additional information on the MTC Plan.

⁽¹⁾ In Fiscal Year 2015, MTC adopted Governmental Accounting Standards Board (“GASB”) Statement No. 68, Accounting and Financial Reporting for Pensions (“GASB No. 68”). The adoption of the statement changed the recognition of the pension expense from the actuarially determined contribution paid by MTC to the pension expenses arising from the service cost, employees’ contribution, and certain changes in the collective net pension liability during the current measurement period.

⁽²⁾ Under GASB No. 68, MTC has a net liability of approximately \$12.3 million of which approximately \$.2 million has been allocated to the Authority for FYE 2023. See Note 9-D at page 98 of the MTC 2023 ACFR.

⁽³⁾ The Authority’s allocable pension expense decreased in FYE 2020 as a result of the Authority prepaying a portion of the expense.

⁽⁴⁾ Under GASB No. 68, MTC reported Pension income of \$644,466 for FYE 2022 of which (\$110,529) has been allocated to the Authority as a Pension expense based on the true up salary allocation. See Note 8-E at page 100 of the MTC 2022 ACFR.

⁽⁵⁾ Under GASB No. 68, MTC reported Pension income of \$5,310,598 for FYE 2023 of which (\$2,085,273) has been allocated to the Authority as a Pension expense based on the true up salary allocation. See Note 9-E at page 100 of the MTC 2023 ACFR.

In July 2023, CalPERS issued its Actuarial Valuation as of June 30, 2022, for the MTC Plan (the “CalPERS 2021 MTC Actuarial Valuation”), which included, among other things, projected future contribution rates for the MTC plan. According to the CalPERS 2022 MTC Actuarial Valuation, the MTC employer contribution rate for FYE 2025 is 11.09% of covered payroll and is projected to be 10.9% of covered payroll for FYE 2026. See “RELATED ENTITIES – Authority Payments to MTC.”

The CalPERS 2022 MTC Actuarial Valuation includes the table below that shows the recent history of the actuarial accrued liability, actuarial value of assets, their relationship and the relationship of the unfunded actuarial accrued liability to payroll for MTC for FYE 2018 through 2022.

HISTORICAL AND PRO FORMA REVENUE AND DEBT SERVICE COVERAGE

Historical Revenue and Debt Service Coverage

The following table sets forth Bridge System historical revenue and debt service coverage for FYE 2019 through 2023.

Information in the table is intended to provide bondholders and potential investors with information about revenues and gross debt service coverage. The revenue and expense information presented in the table below is derived in part from audited financial statements prepared in accordance with generally accepted accounting principles; however, as presented below such information differs from the audited presentation and therefore should be read separately. Non-cash items, including unrealized investment gains and losses, amortization of bond premium and discount, and amortization of deferred amount on refunding are excluded from these calculations. In disclosures for periods prior to FYE 2021, including annual reports, these items were included in the calculations.

This table does not calculate the coverage ratio covenants or additional bonds tests that are set forth in the Senior Indenture or the Subordinate Indenture. See “SECURITY AND SOURCES OF PAYMENT FOR THE TOLL BRIDGE REVENUE BONDS” and “SUMMARY OF FINANCING PLAN – Additional Bonds Test” in the forepart of this Official Statement and in APPENDIX B — “DEFINITIONS AND SUMMARY OF CERTAIN PROVISIONS OF THE SENIOR INDENTURE” and APPENDIX C — “DEFINITIONS AND SUMMARY OF CERTAIN PROVISIONS OF THE SUBORDINATE INDENTURE.”

Generally, swap rates are used for variable rate demand bonds that have corresponding qualified swap agreements, the interest on taxable Build America Bonds is net of the subsidy payments, which payments are excluded from revenues, and bank fees are excluded from debt service. Maintenance and Operation Expenses shown in the table below include operating expenses incurred by the Authority and

other operating agencies. See “BRIDGE TOLL REVENUES – Operations and Maintenance – Table 3 Historical Operating Expenses” above.

THE TABLE SET FORTH BELOW AND SUPPLEMENTAL SCHEDULES AND TABLES INCLUDED IN MTC’S ACFR PRESENT SLIGHTLY DIFFERENT REVENUE, MAINTENANCE AND OPERATING EXPENSE, DEBT SERVICE AND DEBT SERVICE COVERAGE RATIO INFORMATION AND THEREFORE ARE NOT COMPARABLE AND SHOULD BE READ SEPARATELY.

Pro Forma Revenue, Operations & Maintenance Expenses and Debt Service Coverage

The following table sets forth pro forma revenues and expenditures of the Authority and pro forma debt service coverage for its Fiscal Years ending June 30, 2024 through 2028. Generally, the pro forma Bridge Toll Revenues for Fiscal Year ending June 30, 2024 reflect budgeted revenues and expenses. These pro forma financials were prepared as of May 15, 2024 and (except for the variable rate demand bonds issued by the Authority on February 29, 2024), do not reflect actual results and transactions occurring during FYE 2024, FYE 2025 or thereafter, including the issuance of the 2024 Fixed Rate Bonds, the refunding of the Refunded Bonds, the purchase of the Purchased Senior Bonds and the issuance of the 2024-2 Variable Rate Bonds. The pro forma bridge toll revenues presented in the following table include revenues resulting from the SB 595 Toll Increases. See “LEGISLATION, INITIATIVE AND REFERENDA MATTERS – *Legislation and Related Matters.*” Further assumptions made in preparing the pro forma revenues are detailed below.

The prospective financial information was not prepared with a view toward compliance with published guidelines of the United States Securities and Exchange Commission or the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information.

The pro forma Bridge Toll Revenues set forth below represent the Authority’s calculation of future results as of the date of preparation of the table based on information then available to the Authority, including events that may have occurred in the past as well as estimates, trends and assumptions that may occur in the future and are inherently subject to economic, political, regulatory, competitive and other uncertainties, all of which are difficult to predict and many of which will be beyond the control of the Authority. As a result, pro forma results may not be realized and actual results could be significantly higher or lower than estimated.

The Authority is not obligated to update, or otherwise revise the prospective financial information or the specific portions presented to reflect circumstances existing after the date when made or to reflect the occurrence of future events, even in the event that any or all of the assumptions are shown to be in error.

The prospective financial information included in the Official Statement has been prepared by, and is the responsibility of, the Authority’s management. Crowe LLP has not audited, reviewed, examined, compiled nor applied agreed-upon procedures with respect to the accompanying prospective financial information and, accordingly, Crowe LLP does not express an opinion or any other form of assurance with respect thereto. The Crowe LLP report incorporated by reference in the Official Statement relates to the Authority’s previously issued financial statements. It does not extend to the prospective financial information and should not be read to do so.

⁽¹⁾ The pro forma revenues in this table were prepared as of May 15, 2024, using data available at that time, including the MTC 2023 ACFR and the Authority's adopted budget for FYE 2024 and its draft budget for FYE 2025. These estimates do not reflect actual results and transactions that have occurred or may occur during FYE 2024, FYE 2025 or thereafter (except for the variable rate demand bonds issued by the Authority on February 29, 2024). Actual results are likely to vary from budget. This table does not calculate coverage ratio covenants or additional bonds tests specified in the Senior and Subordinate Indentures. Debt payments are shown on a cash payment basis and will differ from the GAAP based accrual costs recorded by the Authority. This table does not reflect the results, including the effect on debt service, of the refunding of the Refunded Bonds or the purchase of the Purchased Senior Bonds as described in "SUMMARY OF FINANCING PLAN" in the forepart of this Official Statement. Pro Forma annual debt service requirements for all of the Authority's outstanding Senior Bonds and Subordinate Bonds reflecting the refunding of the Refunded Bonds, the purchase of the Purchased Senior Bonds, and the issuance of the 2024 Fixed Rate Bonds and the 2024-2 Variable Rate Bonds, are set forth in APPENDIX F – "PRO FORMA DEBT SERVICE SCHEDULE."

⁽²⁾ Includes SB 595 Toll Increases. See "BRIDGE TOLL REVENUES – Toll Rates – Table 2 Bridge System Total Toll Rates". FYE 2024 and FYE 2025 amounts based on the Authority's adopted budget for FYE 2024 and draft budget for FYE 2025. The Authority expects actual FYE 2024 Bridge Toll Revenues to be lower than budgeted. The Pro Forma Bridge Toll Revenues assume traffic growth at a rate of 0.50% for FYE 2026 and each fiscal year thereafter. See "THE BRIDGE SYSTEM – Bridge Traffic" herein.

⁽³⁾ Other Revenues include revenues from toll violations and reimbursements for costs related to CSC operations and FasTrak from other agencies. As presented in this table, violation revenues are assumed to stay constant while reimbursements are expected to increase at the same growth rate as Bridge Toll Revenues. See "BRIDGE TOLL REVENUES – Toll Collections – Toll Violators" with respect to changes to the Authority's policies and procedures for imposing violation penalties. See also "BRIDGE TOLL REVENUES – Toll Collections – FasTrak Regional Customer Service Center" and "THE BRIDGE SYSTEM – Bridge Traffic" herein.

⁽⁴⁾ Reflects actual interest rates for outstanding fixed rate Senior Bonds. Assumes an interest rate per annum for hedged variable rate and term rate Senior Bonds equal to the fixed rate payable under related interest rate swap arrangements plus any fixed spread on relevant bonds while in an Index Mode. Assumes interest rates on unhedged variable rate bonds based on the Authority's assumptions, which consist of 2.00% plus any fixed spread, if applicable. Interest on unhedged term rate bonds is calculated at the term rate through the term period and then at the unhedged variable rate assumptions from the mandatory tender date through maturity. Due to sequestration, the U.S. Treasury Department has announced a decrease in Build America Bonds subsidy amounts by 5.7% in federal fiscal year 2021 through federal fiscal year 2030. This decrease is reflected in debt service shown above. See "RISK FACTORS – Risk of Non-Payment of Direct Subsidy Payments" in the forepart of this Official Statement.

⁽⁵⁾ Reflects the actual interest rates for outstanding fixed rate Subordinate Bonds. Due to sequestration, the U.S. Treasury Department has announced a decrease in Build America Bonds subsidy amounts by 5.7% in federal fiscal year 2021 through federal fiscal year 2030. This decrease is reflected in debt service shown above. See "RISK FACTORS – Risk of Non-Payment of Direct Subsidy Payments" in the forepart of this Official Statement.

⁽⁶⁾ The pro forma maintenance and operating expenses shown reflect the net operating and maintenance expenses expected to be incurred by the Authority. See "BRIDGE TOLL REVENUES – Operations and Maintenance."

Source: The Authority.

The levels of traffic assumed, estimated toll revenue, estimated additional bonds debt service and estimated maintenance and operations expenses in the foregoing are based solely upon estimates and assumptions made by the Authority. Actual levels of traffic and toll revenue may differ materially from the pro forma levels set forth in the above table. Actual interest earnings, debt service interest rates, interest subsidy payments, swap revenues and maintenance and operations expenses may also differ materially from the pro forma.

The interest earnings shown in the table above are calculated assuming that the Authority's investment rate assumptions, which range from 2.00% to 2.50%, are realized, on average, by the Authority in its investment of cash balances, including debt service reserve funds.

Maintenance and Operations Expenses shown in the table above are estimated to include all Maintenance and Operation Expenses as defined in the Senior and Subordinate Indentures, which include operating expenses incurred by the Authority and other operating agencies.

The debt service coverage ratios set forth in the foregoing table are for information purposes only. The Authority is only required to meet the coverage ratios specified in the Senior and Subordinate Indentures. See "SECURITY AND SOURCES OF PAYMENT FOR THE TOLL BRIDGE REVENUE BONDS – Certain Provisions of the Senior Indenture – Toll Rate Covenants" in the forepart of this Official Statement. Coverage ratios are also taken into account in determining the amount of toll bridge revenue bonds and parity obligations the Authority can issue. See "SECURITY AND SOURCES OF PAYMENT FOR THE TOLL BRIDGE REVENUE BONDS – Certain Provisions of the Senior Indenture – Additional Bonds Test" in the forepart of this Official Statement.

RELATED ENTITIES

The Authority has interactions with a number of related entities the obligations of which are not obligations of the Authority. Nor are the obligations of such entities payable from Bridge Toll Revenues. Three of these agencies which have overlapping governing boards with the Authority, MTC, the Bay Area Infrastructure Financing Authority ("BAIFA"), and Bay Area Housing Finance Authority ("BAHFA"), and certain of their respective activities, are described below.

Metropolitan Transportation Commission

MTC is a public agency created in 1970 by California law for the purpose of providing regional transportation planning and organization for the nine San Francisco Bay Area counties of Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Solano and Sonoma, sometimes collectively referred to herein as the "Bay Area." As such, it is responsible for regularly updating the regional transportation plan, a comprehensive blueprint for the development of mass transit, highway, airport, seaport, ferry, railroad, and bicycle and pedestrian facilities. MTC administers state and federal grants for transportation projects and screens requests from local agencies for such grant funding to determine their compatibility with the regional transportation plan. The regional transportation plan is published within the sustainable communities strategy that is jointly developed for the Bay Area by MTC and the Association of Bay Area Governments ("ABAG"). In July 2017, the staffs of MTC and ABAG consolidated. With approximately 400 authorized positions, this combined workforce is supporting the governing boards of both agencies and addressing challenges like housing affordability, access to jobs and congestion across the Bay Area's highways.

Climate Change, Resiliency and Ongoing Planning. MTC is engaged in ongoing resilience and planning efforts to help prepare, protect and preserve transportation resources, including the Bridges, in the

Bay Area from the effects of climate change hazards such as sea level rise, extreme storms and drought as well as natural disasters including earthquakes, floods, landslides and fires. These efforts include long range planning, such as Plan Bay Area 2050, which is the long-range regional plan that includes future efforts and possible solutions for a wide array of infrastructure projects and needs arising from climate change hazards. MTC participates in efforts such as Bay Adapt and Adapting to Rising Tides, which is led by the San Francisco Bay Conservation and Development Commission. These efforts assess sea level rise vulnerabilities and identify potential adaptation strategies at a broad level. In some parts of the Bay Area, sub-regional partnerships are emerging to consider multi-benefit adaptation strategies and partnerships. The Authority and Caltrans expect to participate in these discussions where they apply to the State-owned toll bridges.

Other resiliency projects include engagement by MTC and partners to make State Route 37 (“SR 37”) more resilient against chronic traffic congestion, flooding and sea level rise. See “— Other Finance Authorities – *Bay Area Infrastructure Financing Authority*” below for further discussion of the Resilient SR 37 Program. MTC has also developed the *Sea Level Rise Adaptation Funding and Investment Framework* (July 2023).

The California Cap-and-Trade Program (“Program”), adopted in 2011 and subsequently extended in 2016 through 2030, regulates entities emitting 10,000 million or more metric tons of carbon dioxide equivalent per year and entities in certain listed industries, including major industrial sources, electricity generating facilities, fuel suppliers and fuel distributors. The Program’s effects on the price of gasoline, economic activity and transportation mode choices in the San Francisco Bay Area, all of which may impact Bridge Toll Revenues, are difficult to predict. Further, the Authority is unable to predict if any additional federal, State and local laws and regulations with respect to greenhouse gas emissions or other environmental issues will be adopted, or what effects such laws and regulations will have on the underlying factors that influence vehicle traffic volume on the Bridge System. The effects, while unknown, could be material.

Other Finance Authorities

Bay Area Infrastructure Financing Authority. BAIFA is a joint powers authority created in 2006 by the Authority and MTC. BAIFA oversees the financing, planning, and operation of MTC’s express lanes and also works with Caltrans, the California Highway Patrol and county transportation agencies on the overall Bay Area express lanes network. The first of such express lanes, constructed along Interstate 680 between Walnut Creek and San Ramon, commenced revenue operations in October 2017. BAIFA is governed by a governing board that is coterminous with MTC’s governing board, and MTC’s chair and vice chair also serve as BAIFA’s chair and vice chair.

In prior legislative sessions of the California Assembly, bills were introduced but did not pass to convert SR 37 into a toll road. MTC and BAIFA are working in partnership with transportation authorities in Solano, Sonoma, Napa and Marin and the California Department of Transportation in the development of a Resilient SR 37 Program (the “SR 37 Program”) to address the challenges facing this important regional transportation connection. In May 2023, the California Transportation Commission (“CTC”) authorized tolling on SR 37 as a part of the Sears Point to Mare Island Improvement Project. BAIFA will serve as the tolling authority for SR 37. The Authority cannot predict whether SR 37 will be converted to a toll road and any outcomes of the SR 37 Program.

Bay Area Housing Finance Authority. BAHFA is a regional housing finance authority created by the State Legislature in 2019 in response to the region’s housing crises. The State Legislature conferred upon BAHFA the authority to raise and allocate new revenue to finance affordable housing projects throughout the San Francisco Bay Area, including the power to issue general obligation bonds backed by

ad valorem property taxes, and the ability to utilize the proceeds of parcel taxes, gross receipts taxes, per-employee corporate taxes, and commercial linkage fees. The BAHFA Board is comprised of the same members of MTC, and the ABAG Executive Board serves as the Executive Board of BAHFA. These two boards share governing responsibilities for BAHFA. BAHFA is scheduled to take a series of actions, beginning in January 2024 and ending in June 2024, to submit to the voters of the nine counties in the Bay Area a ballot measure for an anticipated \$10-\$20 billion general obligation bond for affordable housing, subject to approval of the BAHFA Board for referral to the voters.

Bay Area Headquarters Authority. The Bay Area Headquarters Authority or “BAHA” is a joint exercise of powers authority created by a Joint Exercise of Powers Agreement (the “BAHA Agreement”) between the Authority and MTC. BAHA was created to plan, acquire, and develop office space and facilities and undertake related activities by exercising the common powers of the Authority and MTC and the powers separately conferred by law. The Authority contributed \$256 million to BAHA pursuant to the BAHA Agreement to support the acquisitions and development of the office facility at 375 Beale Street in San Francisco, California (the “Administration Building”). BAHA has returned to BATA approximately \$37.8 million of such contribution, including \$1 million in FYE 2021 and approximately \$1.1 million in FYE 2022.

LITIGATION

General

There is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, regulatory agency, public board or body, pending or, to the knowledge of the Authority, threatened against the Authority in any way affecting the existence of the Authority or the titles of its officers to their respective offices or seeking to restrain or to enjoin the issuance, sale or delivery of the 2024 Fixed Rate Bonds or the 2024-2 Variable Rate Bonds, the application of the proceeds thereof in accordance with the Senior Indenture and the Subordinate Indenture, the collection or application of the Bridge Toll Revenues, or the statutory lien thereon, in any way contesting or affecting the validity or enforceability of the 2024 Fixed Rate Bonds, the 2024-2 Variable Rate Bonds or the Senior Indenture or the Subordinate Indenture, in any way contesting the completeness or accuracy of this Official Statement or the powers of the Authority with respect to the 2024 Fixed Rate Bonds, 2024-2 Variable Rate Bonds or the Senior Indenture or the Subordinate Indenture, or which could, if adversely decided, have a materially adverse impact on the Authority’s financial position or the Authority’s ability to collect Bridge Toll Revenues.

Members of the public and advocacy groups from time to time assert that they intend to file a legal action against the Authority challenging certain programs, laws or actions that the Authority or its officers or related entities have taken. Because the Authority cannot be certain as to whether such actions will actually be filed, the legal assertions that may be made in a potential action or the remedy sought in terms of the amount of damages or performance requested of the Authority, the Authority includes as threatened litigation only situations in which the Authority is engaged in active settlement negotiations with a person or advocacy group in order to pre-empt filing of a lawsuit.

See “OUTSTANDING AUTHORITY OBLIGATIONS – Qualified Swap Agreements – *LIBOR Litigation*” for a discussion of another pending lawsuit that was initiated by the Authority.

AET Lawsuits

In January 2021, the Authority obtained a defense verdict after trial of a certified class action, involving three consolidated actions (collectively, the “AET Lawsuits”), in San Francisco Superior Court against the Authority and other defendants claiming deficiencies in policies and procedures with regard to

the processing and assessment of violation penalties by the all-electronic tolling collection system on the Golden Gate Bridge. In March 2021, the court approved a post-judgment settlement which included plaintiffs' waiver of all appeals in exchange for a waiver of costs, thus, resolving all post-judgment issues. The AET Lawsuits did not directly implicate the toll collection system on any of the Bridge System bridges. The Authority previously contracted with Xerox (now Conduent) for management of the toll collection customer service center for the Golden Gate Bridge as well as all the bridges in the Bridge System as described under "BRIDGE TOLL REVENUES – Toll Collections – *FasTrak Regional Customer Service Center*."

Additional class action lawsuits were filed in San Francisco Superior Court against the Authority and others alleging deficiencies in the tolling program on the Golden Gate Bridge, as well as all of the Bridge System bridges. These class actions, which have been consolidated, allege that the Authority and other defendants improperly disclose motorists' Personally Identifiable Information in violation of various privacy statutes, and improperly obtain consumer reports in violation of the Fair Credit Reporting Act (collectively, the "PII Lawsuits"). The PII Lawsuits sought actual damages, statutory penalties, attorneys' fees and injunctive and declaratory relief. In August 2022, the court denied Plaintiffs' motion for class certification in its entirety on the ground that plaintiffs' claims lack merit as a matter of law. Plaintiffs failed to timely appeal the ruling, thus, their untimely appeal was dismissed. The case proceeded thereafter on behalf of the two individual plaintiffs with remaining claims and was set for trial in October 2023. One of the plaintiffs settled his case against all defendants prior to trial. On the eve of trial at the pre-trial conference, the court dismissed the remaining plaintiff's claims and entered judgment in favor of the defendants. Plaintiff filed a timely appeal of the judgment, which is pending.

Based on the facts known to the Authority as of the date of this Official Statement, the Authority does not expect the AET Lawsuits or the PII Lawsuits to have a material adverse impact on its revenues or its ability to pay its obligations, including the 2024 Fixed Rate Bonds or the 2024-2 Variable Rate Bonds.

Other Litigation

The Alameda County Taxpayers' Association ("ACTA") filed a complaint against the Tri-Valley - San Joaquin Valley Regional Rail Authority ("TVRA") and other co-defendants, including the Authority and MTC, challenging the development and funding of a rail project connecting Dublin-Pleasanton BART to San Joaquin County. ACTA claims that the Authority and MTC unlawfully allocated AB 1171 toll bridge seismic retrofit revenues to the project. ACTA is seeking a court order against MTC to rescind its AB 1171 transfers to TVRA and to enjoin future transfers. The Authority, MTC, TVRA and other co-defendants are defending against the suit.

LEGISLATION, INITIATIVE AND REFERENDA MATTERS

Legislation and Related Matters. From time to time, bills are introduced in the State Legislature that may impact the Authority. The State Legislature convened January 3, 2024 for its 2024 session (the "2024 Legislative Session"), which is ongoing as of the date of this Official Statement. The Authority is not aware of any pending legislation which could have a material adverse effect on the Authority's finances or operations. The Authority cannot predict the bills that may be introduced in the State Legislature during the 2024 Legislative Session and what impact they might have on the Authority.

In addition, the Authority is subject to various laws, rules and regulations adopted by the local, State and federal governments and their agencies. The Authority is unable to predict the adoption or amendment of any such laws, rules or regulations, or their effect on the operations or financial condition of the Authority.

As one example, SB 595 was enacted in 2017, imposing a toll increase of up to \$3.00 for the Bridge System, subject to approval of the increase by a majority of voters in the San Francisco Bay Area. RM3 was placed on the ballot in all nine counties in the San Francisco Bay Area and, on June 5, 2018, a majority of Bay Area voters approved RM3, including a toll increase of \$3.00 phased in over time. Two suits were subsequently filed asserting, among other claims, that SB 595 was a change in state statute resulting in a higher tax, which would have required approval of two-thirds of all members of the State Legislature, and that RM3 was a tax which required two-thirds voter approval under Propositions 26 and 218.

In June 2020, in connection with a consolidated appeal by the plaintiffs in the case *Howard Jarvis Taxpayers Ass'n v. Bay Area Toll Auth.* (2020) 51 Cal.App.5th 435, the California Court of Appeal, First Appellate District (the “Court of Appeal”) agreed with the Authority’s arguments that the toll increase imposed by SB 595 is excepted from the definition of tax under Article XIII A because it is a charge imposed for the entrance to or use of State property, and that such exception is not subject to limitations relating to the reasonableness of the cost of the toll increase or the manner in which such cost is allocated to payors, as plaintiffs had argued (the “*Jarvis Decision*”). In October 2020, the California Supreme Court granted review of the *Jarvis Decision*, but subsequently dismissed its review on January 25, 2023. On February 23, 2023, the Court of Appeal certified the *Jarvis Decision* as final.

Initiative and Referenda. Under the State Constitution, the voters of the State have the ability to initiate legislation and require a public vote on legislation passed by the State Legislature through the powers of initiative and referendum, respectively.

As one example, on February 1, 2023, the California Secretary of State determined that a voter initiative (“Initiative 1935”) is eligible for the November 2024 Statewide general election. Were it ultimately adopted by a majority of voters in the Statewide general election, Initiative 1935 would amend the State Constitution to, among other things, expand the definition of taxes, impose heightened barriers for State and local governments to impose taxes and exempt fees, and potentially retroactively void certain taxes enacted or imposed after January 1, 2022 or exempt fees not imposed in accordance with its provisions. Initiative 1935 would also amend the provision of Article XIII A which the Court of Appeal in the *Jarvis Decision* held excepted the toll increase imposed by SB 595 from the definition of “tax” under Proposition 26. Were Initiative 1935 adopted by voters, such provision would subsequently except from the definition of tax in Article XIII A “reasonable charge[s] for entrance to or use of state property....” The Authority is unable to predict whether and how Initiative 1935 would be interpreted by the courts to apply to its toll program, and no assurance may be given that any such interpretation or application would not have an adverse impact on the Authority or Bridge Toll Revenues. See “RISK FACTORS – Constitutional Limitations – *Future Voter Initiatives*” in the forepart of this Official Statement.

The Authority is unable to predict whether any other initiatives might be submitted to or approved by the voters, the nature of such initiatives, or their potential impact on the Authority or related entities.

DEFINITIONS

“AB 664 Net Toll Revenue Reserves” means the funds generated from a toll increase on the three Bay Area Bridges which comprise the Southern Bridge Group, enacted by legislation referred to as “AB 664,” which took effect in 1977, which funds are transferred by the Authority to MTC on an annual basis and allocated by MTC to capital projects that further development of public transit in the vicinity of the three Bay Area Bridges which comprise the Southern Bridge Group. AB 664 Net Toll Revenue Reserves are included within the scope of the Funding Agreement described in Appendix A to the Official Statement under the heading “BRIDGE TOLL REVENUES – Authority Payments to MTC.”

“Act” means Chapter 4, Chapter 4.3 and Chapter 4.5 of Division 17 of the California Streets and Highways Code and the Revenue Bond Law of 1941, as each may be amended from time to time hereafter.

“Annual Debt Service” means, at any point in time, with respect to Senior Bonds then Outstanding, the aggregate amount of principal and interest scheduled to become due (either at maturity or by mandatory redemption) and sinking fund payments required to be paid in the then current Fiscal Year on all Outstanding Senior Bonds, as calculated by the Authority in accordance with this definition. For purposes of calculating Annual Debt Service and Maximum Annual Debt Service, the following assumptions are to be used to calculate the principal and interest becoming due in any Fiscal Year:

(i) in determining the principal amount due in each year, payment shall (unless a different subsection of this definition applies for purposes of determining principal maturities or amortization) be

assumed to be made in accordance with any amortization schedule established for such principal, including any minimum sinking fund account payments;

(ii) if 20% or more of the principal of such Senior Bonds is not due until the final stated maturity of such Senior Bonds, principal and interest on such Senior Bonds may, at the option of the Authority, be treated as if such principal and interest were due based upon a level amortization of such principal and interest over the term of such Senior Bonds;

(iii) if the Senior Bonds are supported by a Credit Support Instrument, in the form of a line of credit or a letter of credit, principal may, at the option of the Authority, be treated as if it were due based upon a level amortization of such principal over the maximum term of repayment of borrowings under the Credit Support Agreement entered into in connection with such line of credit or letter of credit;

(iv) if any Outstanding Senior Bonds constitute variable interest rate Senior Bonds, the interest rate on such variable interest rate Senior Bonds shall be assumed to be 110% of the greater of (a) the daily average interest rate on such Senior Bonds during the 12 months ending with the month preceding the date of calculation, or such shorter period that such Senior Bonds shall have been Outstanding, or (b) the rate of interest on such Senior Bonds on the date of calculation;

(v) if Senior Bonds proposed to be issued will be variable interest rate Senior Bonds the interest on which is excluded from gross income for federal income tax purposes, then such Senior Bonds shall be assumed to bear interest at an interest rate equal to 110% of the average SIFMA Swap Index during the three (3) months preceding the month of sale of such Senior Bonds, or if SIFMA Swap Index is no longer published, at an interest rate equal to 75% of the average One Month USD LIBOR Rate during the three (3) months preceding the month of sale of such Senior Bonds, or if the One Month USD LIBOR Rate is not available for such period, another similar rate or index selected by the Authority;

(vi) if Senior Bonds proposed to be issued will be variable interest rate Senior Bonds the interest on which is included in gross income for federal income tax purposes, then such Senior Bonds shall be assumed to bear interest at an interest rate equal to 110% of average One Month USD LIBOR Rate during the three (3) months preceding the month of sale of such Senior Bonds, or if the One Month USD LIBOR Rate is not available for such period, another similar rate or index selected by the Authority;

(vii) if the Senior Bonds are, or will be, upon issuance part of a Commercial Paper Program, the principal of such Senior Bonds constituting commercial paper (hereinafter in this definition referred to as "commercial paper") will be treated as if such principal were due based upon a 30-year level amortization of principal from the date of calculation and the interest on such commercial paper shall be calculated as if such commercial paper were variable interest rate Senior Bonds;

(viii) notwithstanding subsections (iv), (v), (vi) or (vii) above, with respect to any variable interest rate Senior Bonds or any commercial paper, if (A) the interest rate on such variable interest rate Senior Bonds or commercial paper, plus (B) the payments received and made by the Authority under a Qualified Swap Agreement or a Swap with respect to such variable interest rate Senior Bonds or commercial paper, are expected to produce a synthetic fixed rate to be paid by the Authority (e.g., a Qualified Swap Agreement or a Swap under which the Authority pays a fixed rate and receives a variable rate which is expected to equal or approximate the rate of interest on such variable interest rate Senior Bonds or commercial paper), the variable interest rate Senior Bonds or commercial paper, as the case may be, shall be treated as bearing such synthetic fixed rate for the duration of the synthetic fixed rate; provided that: (X) during any period when the Swap Party has a long-term credit rating below the two highest long-term Rating Categories by Moody's and S&P, unless the Qualified Swap Agreement or Swap is rated in one of the two highest long-term Rating Categories of Moody's and S&P, or (Y) when there is a default under the

Qualified Swap Agreement or Swap, or (Z) after a termination event has occurred with respect to the Authority under the Qualified Swap Agreement or Swap, such variable interest rate Senior Bonds or commercial paper shall be assumed to bear interest at an interest rate equal to the higher of: (1) the synthetic fixed rate, or (2) the assumed interest rate calculated as described in subsections (iv), (v), (vi) or (vii) above;

(ix) with respect to any fixed interest rate Senior Bonds, if (A) the interest rate on such fixed rate Senior Bonds, plus (B) the payments received and made by the Authority under a Qualified Swap Agreement or a Swap with respect to such fixed rate Senior Bonds, are expected to produce a synthetic variable rate to be paid by the Authority (e.g., a Qualified Swap Agreement or a Swap under which the Authority pays a variable rate and receives a fixed rate which is expected to equal the rate of interest on such fixed interest rate Senior Bonds), the fixed interest rate Senior Bonds, shall be treated as bearing such synthetic variable rate for the duration of the synthetic variable rate calculated as provided in (v) above;

(x) if any of the Senior Bonds are, or upon issuance will be, Paired Obligations, the interest thereon shall be the resulting linked rate or effective fixed rate to be paid with respect to such Paired Obligations;

(xi) principal and interest payments on Senior Bonds shall be excluded to the extent such payments are to be paid from amounts then currently on deposit with the Senior Indenture Trustee or other fiduciary in escrow specifically therefor and restricted to Government Obligations and interest payments shall be excluded to the extent that such interest payments are to be paid from the proceeds of Senior Bonds held by the Senior Indenture Trustee or other fiduciary as capitalized interest specifically to pay such interest; and

(xii) if any of the Senior Bonds are, or upon issuance will be, Senior Bonds for which the Authority is entitled to receive interest rate subsidy payments from the federal government (including, without limitation, subsidy payments on account of the issuance of Build America Bonds pursuant to the federal American Recovery and Reinvestment Act of 2009), as evidenced by an Opinion of Bond Counsel delivered at the time of issuance of such Senior Bonds, the Senior Bonds shall be treated as bearing an interest rate equal to the rate of interest borne by the Senior Bonds for the period of determination minus the federal interest rate subsidy payments to which the Authority is entitled for that period if the Authority irrevocably directs that those federal interest rate subsidy payments be made directly to the Senior Indenture Trustee for the payment of interest on Senior Bonds pursuant to the Senior Indenture.

“Authority” means the Bay Area Toll Authority, a public entity duly established and existing pursuant to the Act, and any successor thereto.

Notice to Owners. Upon receipt of a Conversion Notice from an Authorized Representative, as soon as possible, but in any event not less than 30 days prior to the proposed Conversion Date, the Senior Indenture Trustee is to give notice by first-class mail to the affected Owners of the Series of Senior Bonds to be converted, which notice is to state in substance:

(A) that the Interest Rate Determination Method for the applicable Series of Senior Bonds is to be converted to the specified Variable Rate or the Fixed Rate, as the case may be, on the applicable

Conversion Date if the conditions specified in the Senior Indenture (and generally described in such notice) are satisfied on or before such date;

(B) the applicable Conversion Date;

(C) that the Authority has delivered to the Senior Indenture Trustee the form of Opinion of Bond Counsel proposed to be delivered to the Senior Indenture Trustee in connection with the Conversion;

(D) that the Interest Rate Determination Method for such Series of Senior Bonds will not be converted unless the Opinion of Bond Counsel referred to above is delivered to the Senior Indenture Trustee on (and as of) the Conversion Date and all such Senior Bonds are successfully purchased and remarketed in the new Interest Rate Determination Method on the Conversion Date;

(E) the CUSIP numbers or other identification information of such Senior Bonds;

(F) that all such Senior Bonds are subject to mandatory tender for purchase on the Conversion Date at the Purchase Price whether or not the proposed Conversion becomes effective on such date, unless converting from an Index Rate Period or a Term Rate Period not supported by a Credit Support Instrument or Liquidity Instrument and the proposed Conversion does not occur, in which case the Senior Bonds subject to mandatory tender will be purchased only upon a successful remarketing at the new Index Rate or Term Rate;

(G) that, to the extent that there is to be on deposit with the Senior Indenture Trustee on the applicable Conversion Date an amount of money sufficient to pay the Purchase Price thereof, all such Series of Senior Bonds to be converted on the Conversion Date not delivered to the Senior Indenture Trustee on or prior to the Conversion Date are to be deemed to have been properly tendered for purchase and are to cease to constitute or represent a right on behalf of the Owner thereof to the payment of principal thereof or interest thereon and are to represent and constitute only the right to payment of the Purchase Price on deposit with the Senior Indenture Trustee, without interest accruing thereon after the Conversion Date; and

(H) such additional matters as are required by the Senior Indenture, if applicable.

Notice Failure No Bar. Failure of an Owner of a Senior Bond being converted to a new Interest Rate Determination Method to receive the notice of Conversion described above, or any defect therein, is not to affect the validity of any Rate or any continuation of or change in the Interest Rate Determination Method for any such Senior Bonds or extend the period for tendering any of such Senior Bonds for purchase, and the Senior Indenture Trustee is not to be liable to any Owner of such a Senior Bond by reason of the failure of such Owner to receive such notice or any defect therein.

Rescission of Election. The Authority may rescind any Conversion Notice with respect to a Series of Senior Bonds prior to the proposed Conversion Date set forth in the Conversion Notice by giving written notice thereof to the Senior Indenture Trustee, the Credit Provider or Liquidity Provider for the applicable Series of Senior Bonds and the applicable Remarketing Agent on or prior to such proposed Conversion Date. If the Senior Indenture Trustee receives notice of such rescission prior to the time the Senior Indenture Trustee has given notice of the Conversion to the Owners of the affected Series of Senior Bonds, then the Conversion Notice previously delivered by the Authority is to be of no force and effect. If the Senior Indenture Trustee receives notice from the Authority of rescission of the Conversion Notice after the Senior Indenture Trustee has given notice of the Conversion to the Owners of the affected Series of Senior Bonds, then such Series of Senior Bonds are to continue to be subject to mandatory tender for purchase on the Conversion Date specified in the Conversion Notice (unless such Senior Bonds are in an Index Rate Period or in a Term Rate Period not supported by a Credit Support Instrument or Liquidity

Instrument prior to such proposed Conversion Date, in which case there will be no purchase or Conversion) and the Rate Period for such Series of Senior Bonds is to automatically adjust to, or continue as, a Weekly Rate Period on the Conversion Date specified in the Conversion Notice.

Limitations. Any Conversion must comply with the following:

(A) the Conversion Date must be a date on which such Series of Senior Bonds are subject to mandatory tender;

(B) the Conversion Date must be a Business Day, and if the Conversion is from the Commercial paper Rate, must be a date determined in accordance with the Senior Indenture;

(C) (i) with respect to the 2024-2 Variable Rate Bonds and the Thirty-Ninth Supplemental Indenture, the 2024-1 Variable Rate Bonds and the Thirty-Seventh Supplemental Indenture, the 2023 Variable Rate Bonds and Thirty-Fourth Supplemental Indenture, the 2021-2 Variable Rate Bonds and Thirty-Second Supplemental Indenture, the 2021-1 Variable Rate Bonds and Thirtieth Supplemental Indenture, and the 2019 Variable Rate Bonds and Twenty-Eighth Supplemental Indenture, the Credit Support Instrument for such Senior Bonds after a Conversion to a Variable Rate must cover (except for conversion to an Index Rate Period or a Term Rate Period) principal plus accrued interest (computed at the Maximum Interest Rate then in effect on the basis of a 365-day year and actual days elapsed or a 360 day year of twelve 30-day months, as applicable) for the maximum number of days between Interest Payment Dates permitted under that Interest Rate Determination Method, plus such additional number of days, if any, as shall be required by each Rating Agency then rating such Senior Bonds; and (ii) with respect to any other Series of Senior Bonds, the Liquidity Instrument for such Senior Bonds after a Conversion to a Variable Rate must cover (except for conversion to an Index Rate Period or a Term Rate Period) principal plus accrued interest (computed at the Maximum Interest Rate then in effect on the basis of a 365-day year and actual days elapsed or a 360 day year of twelve 30-day months, as applicable) for the maximum number of days between Interest Payment Dates permitted under that Interest Rate Determination Method, plus such additional number of days, if any, as shall be required by each Rating Agency then rating such Series of Senior Bonds; provided that if the number of days of interest coverage provided by the applicable Liquidity Instrument is being changed from the number of days previously in place, the Senior Indenture Trustee shall have also received a Rating Confirmation from each of the Rating Agencies then rating such Senior Bonds;

(D) no Conversion shall become effective unless the Opinion of Bond Counsel is delivered on (and as of) the Conversion Date and all affected Outstanding Senior Bonds are successfully purchased or deemed purchased and remarketed in the new Interest Rate Determination Method on the Conversion Date; and

(E) upon Conversion of any Series or subseries of Senior Bonds to a Fixed Rate Period, an Index Rate Period or a Term Rate Period, an Authorized Representative may provide in the Conversion Notice to the applicable Credit Provider a request for termination of the Credit Support Instrument with respect to such Senior Bonds to be effective upon such Conversion to a Fixed Rate Period, an Index Rate Period or a Term Rate Period.

No Conversion During Continuance of Event of Default. No Conversion is to occur if at the time of such Conversion an Event of Default shall have occurred and be continuing.

Conversion of Credit Provider Bonds. Notwithstanding anything to the contrary contained in the Senior Indenture, if all of the Outstanding Senior Bonds of any Series or subseries are Credit Provider Bonds, such Senior Bonds may be converted to a Fixed Rate on such Conversion Date as shall be acceptable

to the applicable Credit Provider or Liquidity Provider, the Senior Indenture Trustee, the Remarketing Agent and the Authority, provided that on such Conversion Date the Authority is to deliver to the Senior Indenture Trustee an Opinion of Bond Counsel stating that the Conversion is authorized and permitted under the Senior Indenture and will not, in and of itself, adversely affect the Tax-Exempt status of the interest on any Senior Bonds of such Series or subseries.

Mechanics of Optional and Mandatory Tenders

Purchase of Senior Bonds of a Series

Delivery of a Senior Bond to the Senior Indenture Trustee in connection with any optional or mandatory tender for purchase pursuant to the Senior Indenture is to be effected by the making of, or the irrevocable authorization to make, appropriate entries on the books of the Securities Depository for such Senior Bond or any Participant of such Securities Depository to reflect the transfer of the beneficial ownership interest in such Senior Bond to the account of the Senior Indenture Trustee, the account of the applicable Credit Provider or Liquidity Provider, or to the account of a Participant of such Securities Depository acting on behalf of the Senior Indenture Trustee.

If moneys sufficient to pay the Purchase Price of Senior Bonds to be purchased pursuant to the Senior Indenture are held by the Senior Indenture Trustee on the applicable Purchase Date, such Senior Bonds are to be deemed to have been purchased for all purposes of the Senior Indenture, irrespective of whether or not such Senior Bonds have been delivered to the Senior Indenture Trustee or transferred on the books of a Participant of the Securities Depository for such Senior Bonds, and neither the former Owner or Beneficial Owner of such Senior Bonds nor any other person will have any claim thereon, under the Senior Indenture or otherwise, for any amount other than the Purchase Price thereof.

In the event of non-delivery of any Senior Bond to be purchased pursuant to the Senior Indenture, the Senior Indenture Trustee is to segregate and hold uninvested the moneys for the Purchase Price of such Senior Bond in trust, without liability for interest thereon, for the benefit of the former Owners or Beneficial Owners of such Senior Bond, who will, except as provided in the following sentence, thereafter be restricted exclusively to such moneys for the satisfaction of any claim for the Purchase Price of such Senior Bond. Any moneys that the Senior Indenture Trustee segregates and holds in trust for the payment of the Purchase Price of any Senior Bond and remaining unclaimed for two years after the date of purchase is to be paid automatically to the Authority. After the payment of such unclaimed moneys to the Authority, the former Owner or Beneficial Owner of such Senior Bond is to look only to the Authority for the payment thereof.

Second – In the event such moneys in the applicable Remarketing Account on any Purchase Date are insufficient to purchase all applicable Senior Bonds tendered or deemed tendered for purchase pursuant to the Senior Indenture on such Purchase Date, moneys in the applicable Credit Support Instrument Purchase Account or Liquidity Instrument Purchase Account on such Purchase Date are to be used by the Senior Indenture Trustee at that time to purchase such remaining Senior Bonds at the Purchase Price thereof.

Third – If the amount of money in any applicable Remarketing Account and applicable Credit Support Instrument Purchase Account or Liquidity Instrument Purchase Account, if applicable, on any Purchase Date is insufficient to pay in full the Purchase Price of all applicable Senior Bonds tendered or deemed tendered for purchase pursuant to the Senior Indenture on such Purchase Date, moneys in the applicable Authority Account on such Purchase Date, if any, are to be used by the Senior Indenture Trustee at that time to purchase such remaining Senior Bonds at the Purchase Price thereof.

The Senior Bonds tendered or deemed tendered for purchase pursuant to the Senior Indenture are Book-Entry Bonds, payment of the Purchase Price of such Senior Bonds will be made in accordance with the rules and procedures of the applicable Securities Depository.

Insufficient Funds; Stepped Rate. The Senior Indenture provides that except with respect to any Series of Senior Bonds bearing interest in an Index Rate Period or a Term Rate Period and not supported by a Credit Support Instrument or Liquidity Instrument, if sufficient funds are not available for the purchase of all Senior Bonds of a Series or subseries tendered or deemed tendered and required to be purchased on any Purchase Date, all Senior Bonds of such Series or subseries are to bear interest at the lesser of the SIFMA Swap Index plus three percent and the Maximum Interest Rate from the date of such failed purchase until all such Senior Bonds are purchased as required in accordance with the Senior Indenture, and all tendered Senior Bonds of such Series or subseries are to be returned to their respective Owners. Notwithstanding any other provision of the Senior Indenture, such failed purchase and return does not

constitute an Event of Default. Thereafter, the Senior Indenture Trustee is to continue to take all such action available to it to obtain remarketing proceeds from the Remarketing Agent and sufficient other funds from the Credit Provider for such Senior Bonds, if any. In addition, the Remarketing Agent shall remain obligated to remarket such Series or subseries of Senior Bonds and such Series or subseries of Senior Bonds shall remain subject to optional and mandatory redemption, mandatory tender for purchase, and Conversion as provided in the Senior Indenture.

For any Series or subseries of Senior Bonds bearing interest in an Index Rate Period or a Term Rate Period and not supported by a Credit Support Instrument or Liquidity Instrument, the Senior Indenture provides that if sufficient funds are not available for the purchase of all Bonds of such Series or subseries of Senior Bonds tendered or deemed tendered and required to be purchased on the Purchase Date following the end of the applicable Index Rate Period or Term Rate Period, all Senior Bonds of such Series or subseries are to automatically convert to a Weekly Rate Period and bear interest at a rate of interest equal to the Stepped Rate from the Failed Tender Date until all such Senior Bonds are purchased as required in accordance with the Senior Indenture, and all tendered Senior Bonds of such Series or subseries are to be returned to their respective Owners. Notwithstanding anything to the contrary in the Senior Indenture, such Senior Bonds bearing interest in a Weekly Rate Period at the Stepped Rate are not to be subject to optional tender pursuant to the Senior Indenture. No Opinion of Bond Counsel is to be required in connection with this automatic adjustment to a Weekly Rate Period. Notwithstanding any other provision of the Senior Indenture, such failed purchase and return shall not constitute an Event of Default. In addition, the Remarketing Agent is to remain obligated to remarket such Series or subseries of Senior Bonds bearing interest at a Stepped Rate and such Series of Senior Bonds are to remain subject to optional and mandatory redemption, mandatory tender for purchase, and Conversion as provided in the Senior Indenture.

Delivery of Remarketed Bonds. Transfer of ownership of the remarketed Senior Bonds is to be effected in accordance with the procedures of the applicable Securities Depository against delivery of funds for deposit into the applicable Remarketing Account of the applicable Bond Purchase Fund equal to the Purchase Price of the Senior Bonds that have been remarketed.

Any Senior Bonds purchased with funds in the applicable Credit Support Instrument Purchase Account or Liquidity Instrument Purchase Account of the applicable Bond Purchase Fund are to be delivered and held in accordance with the Senior Indenture. Any Senior Bonds purchased with funds in the applicable Authority Account of the applicable Bond Purchase Fund are to be delivered and held in accordance with the instructions of the Authority furnished to the Senior Indenture Trustee. Such Senior Bonds are to be held available for registration of transfer and delivery by the Senior Indenture Trustee in such manner as may be agreed between the Senior Indenture Trustee and the applicable Credit Provider, Liquidity Provider or the Authority, as the case may be.

Credit Support Instruments; Liquidity Instruments

2024-2 Variable Rate Bonds and the Thirty-Ninth Supplemental Indenture; 2024-1 Variable Rate Bonds and the Thirty-Seventh Supplemental Indenture; 2023 Variable Rate Bonds and Thirty-Fourth Supplemental Indenture; 2021-2 Variable Rate Bonds and Thirty-Second Supplemental Indenture; 2021-1 Variable Rate Bonds and Thirtieth Supplemental Indenture; 2019 Variable Rate Bonds and Twenty-Eighth Supplemental Indenture. With respect to the 2024-2 Variable Rate Bonds bearing interest at a Daily Rate or a Weekly Rate issued pursuant to the Thirty-Ninth Supplemental Indenture, and with respect to the 2019 Variable Rate Bonds bearing interest at a Weekly Rate or a Daily Rate issued pursuant to the Twenty-Eighth Supplemental Indenture, the 2023 Variable Rate Bonds bearing interest at a Weekly Rate or Daily Rate issued pursuant to the Thirty-Fourth Supplemental Indenture, and the 2024-1 Variable Rate Bonds bearing interest at a Daily Rate or a Weekly Rate issued pursuant to the Thirty-Seventh Supplemental Indenture, the Authority is to provide, or cause to be provided, to the Senior Indenture Trustee a Credit

Support Instrument for each Series of 2024-2 Variable Rate Bonds, 2024-1 Variable Rate Bonds, 2023 Variable Rate Bonds or 2019 Variable Rate Bonds. Unless all the outstanding bonds of any Series of the 2021-2 Variable Rate Bonds or 2021-1 Variable Rate Bonds are Credit Provider Bonds or bear interest at a Fixed Rate, a Term Rate not intended to be supported by a Credit Support Instrument or an Index Rate, the Authority is to provide, or cause to be provided, to the Senior Indenture Trustee a Credit Support Instrument for each Series of 2021-2 Variable Rate Bonds or 2021-1 Variable Rate Bonds. The Authority may not reduce the amount of the Credit Support Instrument without obtaining a Rating Confirmation with respect to such action unless such action is considered a substitution of the Credit Support Instrument subjecting the 2024-2 Variable Rate Bonds, 2024-1 Variable Rate Bonds, the 2023 Variable Rate Bonds, 2021-2 Variable Rate Bonds, 2021-1 Variable Rate Bonds, or 2019 Variable Rate Bonds affected thereby to mandatory purchase pursuant to the Senior Indenture. The Authority has the right at any time to provide a substitute Credit Support Instrument for any Credit Support Instrument then in effect. If there have been delivered to the Senior Indenture Trustee (i) a substitute Credit Support Instrument meeting the requirements of the Senior Indenture and (ii) the opinions and documents required by the Senior Indenture, then the Senior Indenture Trustee is to accept such substitute Credit Support Instrument and, if so directed by the Authority, on or after the effective date of such substitute Credit Support Instrument promptly surrender the Credit Support Instrument being so substituted in accordance with the respective terms thereof for cancellation; provided the Senior Indenture Trustee will not surrender any Credit Support Instrument until all draws or requests to purchase the 2024-2 Variable Rate Bonds made under such Credit Support Instrument have been honored in accordance with the terms thereof, including all draws required to be made in connection with such substitution. In the event that the Authority elects to provide a substitute Credit Support Instrument, the affected 2024-2 Variable Rate Bonds, 2024-1 Variable Rate Bonds, 2023 Variable Rate Bonds, 2021-2 Variable Rate Bonds, 2021-1 Variable Rate Bonds, or 2019 Variable Rate Bonds are to be subject to mandatory tender.

In the event that a Credit Support Instrument is in effect, the Senior Indenture Trustee is to make a demand for payment under such Credit Support Instrument, subject to and in accordance with its terms, in order to receive payment thereunder on each Purchase Date.

Any 2024-2 Variable Rate Bonds, 2024-1 Variable Rate Bonds, 2023 Variable Rate Bonds, 2021-2 Variable Rate Bonds, 2021-1 Variable Rate Bonds, or 2019 Variable Rate Bonds purchased with payments made under a Credit Support Instrument will constitute Credit Provider Bonds and are to be registered in the name of, or as otherwise directed by, the applicable Credit Provider and delivered to or upon the order of, or as otherwise directed by, such Credit Provider.

Unless otherwise provided in the Credit Support Instrument, Credit Provider Bonds are to be remarketed by the applicable Remarketing Agent prior to any other 2024-2 Variable Rate Bonds, 2024-1 Variable Rate Bonds, 2023 Variable Rate Bonds, 2021-2 Variable Rate Bonds, 2021-1 Variable Rate Bonds, or 2019 Variable Rate Bonds of such Series or subseries tendered for purchase pursuant to the Senior Indenture and are to be remarketed in accordance with the terms of the applicable Remarketing Agreement. Upon (i) receipt by the Authority and the Senior Indenture Trustee of written notification from a Credit Provider that a Credit Support Instrument has been fully reinstated with respect to principal and interest and (ii) release by the applicable Credit Provider of any Credit Provider Bonds that the Remarketing Agent has remarketed, such 2024-2 Variable Rate Bonds, 2024-1 Variable Rate Bonds, 2023 Variable Rate Bonds, 2021-2 Variable Rate Bonds, 2021-1 Variable Rate Bonds, or 2019 Variable Rate Bonds are to be made available to the purchasers thereof and no longer constitute Credit Provider Bonds for purposes of the Senior Indenture. The proceeds of any remarketing of Credit Provider Bonds are to be paid to the applicable Credit Provider by the Senior Indenture Trustee on such remarketing date in immediately available funds with interest on the sale price being calculated as if such Senior Bond were not a Credit Provider Bond; provided, however, if all such 2024-2 Variable Rate Bonds, 2024-1 Variable Rate Bonds, 2023 Variable Rate Bonds, 2021-2 Variable Rate Bonds, 2021-1 Variable Rate Bonds, or 2019 Variable Rate Bonds are

Credit Provider Bonds, at par plus accrued interest, and the remarketing date is to be considered an Interest Payment Date.

All Other Senior Bonds. With respect to all other Senior Bonds bearing interest at a Weekly Rate or a Daily Rate, the Authority is to provide, or cause to be provided, to the Senior Indenture Trustee a Liquidity Instrument for each Series of Senior Bonds. The Authority may not reduce the amount of the Liquidity Instrument or permit a substitution of a Liquidity Provider thereunder without obtaining a Rating Confirmation with respect to such action unless such action is considered a substitution of the Liquidity Instrument subjecting the Senior Bonds affected thereby to mandatory purchase pursuant to the Senior Indenture. The Authority has the right at any time to provide a substitute Liquidity Instrument for any Liquidity Instrument then in effect. If there have been delivered to the Senior Indenture Trustee (i) a substitute Liquidity Instrument meeting the requirements of the Senior Indenture and (ii) the opinions and documents required by the Senior Indenture, then the Senior Indenture Trustee is to accept such substitute Liquidity Instrument and, if so directed by the Authority, on or after the effective date of such substitute Liquidity Instrument, promptly surrender the Liquidity Instrument being so substituted in accordance with the respective terms thereof for cancellation; provided the Senior Indenture Trustee will not surrender any Liquidity Instrument until all draws or requests to purchase Senior Bonds made under such Liquidity Instrument have been honored in accordance with the terms thereof, including all draws required to be made in connection with such substitution. In the event that the Authority elects to provide a substitute Liquidity Instrument, the affected Senior Bonds are to be subject to mandatory tender unless a Rating Confirmation is received with respect to such substitution as provided in the Senior Indenture. Notwithstanding the foregoing, any Liquidity Instrument that is a direct pay Letter of Credit will only be substituted upon a mandatory tender of the Series of Bonds secured thereby.

In the event that a Liquidity Instrument is in effect, the Senior Indenture Trustee is to make a demand for payment under such Liquidity Instrument, subject to and in accordance with its terms, in order to receive payment thereunder on each Purchase Date.

Any Senior Bonds purchased with payments made under a Liquidity Instrument will constitute Credit Provider Bonds and are to be registered in the name of, or as otherwise directed by, the applicable Liquidity Provider and delivered to or upon the order of, or as otherwise directed by, such Liquidity Provider.

Unless otherwise provided in the Liquidity Instrument, Credit Provider Bonds are to be remarketed by the applicable Remarketing Agent prior to any other Senior Bonds of such Series or subseries tendered for purchase pursuant to the Senior Indenture and are to be remarketed in accordance with the terms of the applicable Remarketing Agreement. Upon (i) receipt by the Authority and the Senior Indenture Trustee of written notification from a Liquidity Provider that a Liquidity Instrument has been fully reinstated with respect to principal and interest and (ii) release by the applicable Liquidity Provider of any Credit Provider Bonds that the Remarketing Agent has remarketed, such Senior Bonds are to be made available to the purchasers thereof and no longer constitute Credit Provider Bonds for purposes of the Senior Indenture. The proceeds of any remarketing of Credit Provider Bonds are to be paid to the applicable Liquidity Provider by the Senior Indenture Trustee on such remarketing date in immediately available funds with interest on the sale price being calculated as if such Senior Bond were not a Credit Provider Bond; provided, however, if all such Senior Bonds are Credit Provider Bonds, at par plus accrued interest, and the remarketing date is to be considered an Interest Payment Date.

The Senior Indenture Trustee is to give notice of the proposed substitution of a Credit Support Instrument not later than the fifteenth day prior to the substitution date.

All Other Senior Bonds. So long as any other Series of Senior Bonds bear interest at a Variable Rate other than an Index Rate, a Term Rate or a Fixed Rate, on or prior to the expiration or termination of any existing Liquidity Instrument, including any renewals or extensions thereof (other than an expiration of such Liquidity Instrument at the final maturity of the Series of Senior Bonds to which such Liquidity Instrument relates), the Authority is to provide to the Senior Indenture Trustee a renewal or extension of the term of the existing Liquidity Instrument for such Series of Senior Bonds or a substitute Liquidity Instrument meeting the following requirements: (i) the obligations of the Liquidity Provider under the substitute Liquidity Instrument to purchase such Senior Bonds or otherwise provide for the Purchase Price of such Senior Bonds tendered or deemed tendered will not be subject to suspension or termination on less than 15 days' notice to the Authority and the Senior Indenture Trustee; provided, however, that the obligations of a Liquidity Provider to purchase Senior Bonds of a Series or otherwise provide for the Purchase Price of such Senior Bonds may be immediately suspended or terminated without such notice upon the occurrence of such events as may be provided in a Liquidity Instrument and that are disclosed to the Owners of such Senior Bonds in connection with the provision of such substitute Liquidity Instrument or, if applicable, upon the remarketing of such Senior Bonds upon the mandatory tender thereof as a result of provision of another Liquidity Instrument; (ii) the substitute Liquidity Instrument must take effect on or before the Purchase Date for the applicable Series of Senior Bonds established pursuant to the Senior Indenture; and (iii) the substitute Liquidity Instrument must be in an amount sufficient to pay the maximum Purchase Price of the affected Series of Senior Bonds which is to be applicable during the Rate Period commencing on such substitution.

Purchase of Senior Bonds at Direction of Authority

If less than all of the Outstanding Senior Bonds of any Series or subseries are called for mandatory tender for purchase at the direction of the Authority, the principal amount and maturity of such Senior Bonds to be purchased are to be selected by the Authority in its sole discretion. If less than all of the Senior Bonds of a Series and maturity are to be called for mandatory tender for purchase at the direction of the

Authority, the particular Senior Bonds or portions of Senior Bonds to be purchased are to be selected at random by the Senior Indenture Trustee in such manner as the Senior Indenture Trustee in its discretion may deem fair and appropriate; provided, however, that in selecting portions of Senior Bonds for purchase, the Senior Indenture Trustee is to treat each Senior Bond of the same Series or subseries as representing that number of Senior Bonds of the minimum Authorized Denomination for the Senior Bonds that is obtained by dividing the principal amount of such Senior Bond by the minimum Authorized Denomination for the Senior Bonds.

Deposit of Senior Bonds. The Senior Indenture Trustee agrees to accept and hold all Senior Bonds delivered to it pursuant to the Senior Indenture in trust for the benefit of the respective Owners or Beneficial Owners that will have so delivered such Senior Bonds until the Optional Purchase Price of such Senior Bonds will have been delivered to or for the account of or to the order of such Owners or Beneficial Owners pursuant to the Senior Indenture. Any Senior Bonds purchased pursuant to the Senior Indenture and registered for transfer to the Senior Indenture Trustee are to be held in trust by the Senior Indenture Trustee for the benefit of the Authority until delivery to the Authority.

Payment of Optional Purchase Price of Senior Bonds. Moneys held by the Senior Indenture Trustee for the payment of the Optional Purchase Price of Senior Bonds subject to mandatory tender for purchase at the option of the Authority are to be applied at or before 3:00 p.m. (New York City time) to the purchase of such Senior Bonds. While such Senior Bonds are Book-Entry Bonds, payment of the Optional Purchase Price for tendered Senior Bonds is to be made in accordance with the rules and procedures of the applicable Securities Depository.

Senior Bonds Owned by Authority. Any Senior Bonds purchased by the Authority pursuant to the Senior Indenture are not to be cancelled by the Senior Indenture Trustee unless such cancellation is directed by an Authorized Representative but are to remain Outstanding for all purposes of the Senior Indenture, except as otherwise provided in the Senior Indenture.

The Authority covenants and agrees in the Senior Indenture that it will not transfer or cause the transfer of any Senior Bond purchased by the Authority pursuant to the Senior Indenture unless the Authority delivers to the Senior Indenture Trustee a Favorable Opinion of Bond Counsel with respect to such transfer.

The Authority covenants and agrees in the Senior Indenture that, in the event that at any time there are insufficient funds in the Bond Fund or the Redemption Fund, as applicable, to pay the principal of and interest then due on the Outstanding Senior Bonds, it is to surrender or cause to be surrendered to the Senior Indenture Trustee for cancellation any Senior Bonds held by the Authority.

Funds and Accounts

Establishment and Application of Bond Fund. Not less than three Business Days prior to each date when the Authority is required to pay principal or interest on the Senior Bonds or amounts due on Senior Parity Obligations, as provided in the Senior Indenture, the Authority is to transfer to the Senior Indenture Trustee from the Bay Area Toll Account such amount of Revenue as is required to make such payments. Upon receipt, all Revenue is to be deposited by the Senior Indenture Trustee in the Bond Fund which the Senior Indenture Trustee is to establish, maintain and hold in trust. All Revenue held in the Bond Fund is to be held, applied, used and withdrawn only as provided in the Senior Indenture. On or before the date when principal and interest on the Senior Bonds and amounts due on Senior Parity Obligations are due and payable, the Senior Indenture Trustee is to transfer from the Bond Fund and (i) pay to the appropriate holders of or trustees for the Senior Parity Obligations the amounts due thereon (other than scheduled payments on Qualified Swap Agreements) and (ii) deposit into the following respective accounts (each of

which the Senior Indenture Trustee is to establish and maintain within the Bond Fund), in the following order of priority, the amounts necessary to make such payments of principal of and interest on the Senior Bonds and scheduled payments on Qualified Swap Agreements then due thereon (including the making up of any deficiencies in any such account resulting from lack of Revenue sufficient to make any earlier required deposit) at the time of deposit to be satisfied before any transfer or deposit is made to any account subsequent in priority:

(1) Interest Account. The Senior Indenture Trustee is to set aside in the Interest Account in the manner and at the times specified in the Senior Indenture amounts sufficient to pay the interest on the Senior Bonds and scheduled payments on Qualified Swap Agreements as and when due. Moneys in the Interest Account are to be used and withdrawn by the Senior Indenture Trustee solely for the purpose of paying interest on the Senior Bonds and scheduled payments on Qualified Swap Agreements as such interest and payments become due and payable, provided that moneys in any separate account established to pay interest on a Series of Senior Bonds is to be used and withdrawn solely to pay interest on such Senior Bonds as and when due.

(2) Principal Account. The Senior Indenture Trustee is to set aside in the Principal Account in the manner and at the times specified in the Senior Indenture amounts sufficient to pay the principal of Senior Bonds (including any sinking fund payments) as and when due (whether at maturity or upon redemption or on account of sinking fund requirements). Moneys in the Principal Account are to be used and withdrawn by the Senior Indenture Trustee solely for the purpose of paying principal of the Senior Bonds (including any sinking fund payments) as and when due, provided that moneys in any separate account established to pay principal on a Series of Senior Bonds are to be used and withdrawn solely to pay principal of such Senior Bonds as and when due.

Any moneys remaining in the Bond Fund after the foregoing transfers are to be transferred to the Authority and are to be deposited by the Authority in the Bay Area Toll Account; provided, however, that if the amount then on deposit in the Reserve Fund is less than the Reserve Requirement or if any Reserve Facility Costs will then be due and payable, such moneys are to be transferred to the Reserve Fund until such time as the amount on deposit in the Reserve Fund is equal to the Reserve Requirement and all Reserve Facility Costs have been paid; and provided further that if the amount on deposit in the Reserve Fund is equal to the Reserve Requirement, no Reserve Facility Costs are then due and payable and the Authority is to so direct the Senior Indenture Trustee in writing, such moneys are to be transferred to and deposited in the Subordinate Obligations Fund or if there are no Subordinate Obligations then outstanding, such moneys are to be transferred to and deposited in the Fees and Expenses Fund.

Establishment and Application of the Reserve Fund. On the date of issuance of each Series of Senior Bonds, an amount equal to the Reserve Requirement for such Senior Bonds is required to be deposited in the Reserve Fund. Moneys in the Reserve Fund are to be used and withdrawn by the Senior Indenture Trustee solely for the purposes of paying principal and interest on the Senior Bonds when due when insufficient moneys for the payment thereof are on deposit in the Principal Account and the Interest Account or (together with any other moneys available therefor) for the payment or redemption of all Senior Bonds then Outstanding or, for the payment of the final principal and interest payment of a Series of Senior Bonds, if following such payment the amounts in the Reserve Fund (including the amounts which may be obtained from letters of credit, surety bonds and insurance policies on deposit therein) will equal the Reserve Requirement.

In the event that the Senior Indenture Trustee has withdrawn moneys in the Reserve Fund for the purpose of paying principal and interest on the Senior Bonds when due as provided pursuant to the provisions of the Senior Indenture described in the immediately preceding paragraph, the Senior Indenture Trustee is to promptly notify the Authority of such withdrawal. Upon receipt of such notification, the

Authority, on or prior to the first Business Day of each month, commencing the month after such notification is received from the Senior Indenture Trustee by the Authority, is to transfer to the Senior Indenture Trustee for deposit in the Reserve Fund, an amount equal to 1/12th of the aggregate amount of each unreplenished withdrawal until the amount on deposit in the Reserve Fund is equal to the Reserve Requirement.

Upon receipt of any notification from the Senior Indenture Trustee of a deficiency in the Reserve Fund due to any required valuation of investments in the Reserve Fund provided by the Senior Indenture Trustee pursuant to the Senior Indenture, the Authority, on or prior to the first Business Day of each month, commencing the month after such notification is received from the Senior Indenture Trustee by the Authority, is to transfer to the Senior Indenture Trustee for deposit in the Reserve Fund, an amount equal to 1/12th of the aggregate amount of each unreplenished withdrawal until the amount on deposit in the Reserve Fund is equal to the Reserve Requirement.

Funding of the Reserve Fund. The Reserve Requirement for any Series of Senior Bonds, or any portion thereof, may be funded with a Reserve Facility. If the Reserve Requirement is satisfied by a Reserve Facility, the Senior Indenture Trustee is to draw on such Reserve Facility in accordance with its terms and the terms of the Senior Indenture, in a timely manner, to the extent necessary to fund any deficiency in the Interest Account or the Principal Account. The Authority is to repay solely from Revenue any draws under a Reserve Facility and any Reserve Facility Costs related thereto. Interest is to accrue and be payable on such draws and expenses from the date of payment by a Reserve Facility Provider at the rate specified in the agreement with respect to such Reserve Facility.

If any obligations are due and payable under the Reserve Facility, any new funds deposited into the Reserve Fund are to be used and withdrawn by the Senior Indenture Trustee to pay such obligations. The pledge of amounts on deposit in certain funds and accounts held by the Senior Indenture Trustee under the Senior Indenture to secure payment of Reserve Facility Costs set forth in the Senior Indenture is on a basis subordinate to the pledge of such amounts to the Senior Indenture Trustee for payment of the Senior Bonds and Senior Parity Obligations.

Amounts in respect of Reserve Facility Costs paid to a Reserve Facility Provider are to be credited first to the expenses due, then to interest due and then to principal due. As and to the extent payments are made to a Reserve Facility Provider on account of principal due, the coverage under the Reserve Facility is to be increased by a like amount, subject to the terms of the Reserve Facility. Payment of Reserve Facility Costs with respect to amounts drawn under multiple Reserve Facilities are to be made on a pro-rata basis prior to the replenishment of any cash drawn from the Reserve Fund.

If the Authority fails to pay any Reserve Facility Costs in accordance with the requirements described above, a Reserve Facility Provider is to be entitled to exercise any and all legal and equitable remedies available to such Reserve Facility Provider, including those provided under the Senior Indenture other than remedies which would adversely affect Owners of the Senior Bonds. The Senior Indenture will not be discharged until all Reserve Facility Costs owing to a Reserve Facility Provider have been paid in full. The Authority's obligation to pay such amounts expressly survives payment in full of the Senior Bonds.

In the event that the rating for a Reserve Facility Provider is withdrawn or reduced by Moody's or S&P to a rate below the requirements specified in the definition of Reserve Facility set forth above, the Authority is to obtain a substitute or replacement Reserve Facility within 60 days from the date of such reduction or withdrawal to the extent that, in the judgment of the Authority, such a substitute or replacement Reserve Facility is available upon reasonable terms and at a reasonable cost, or the Authority has deposited

cash or other Permitted Investments (to the extent the same are available from Revenue), in order to provide that there is to be on deposit in the Reserve Fund an amount equal to the Reserve Requirement.

If the Authority causes a cash-funded Reserve Fund or any portion thereof to be replaced with a Reserve Facility, the amount on deposit in the Reserve Fund which is being replaced is to be transferred to the Authority which will deposit such amount in the Bay Area Toll Account, subject, in the case where such moneys are proceeds of Senior Bonds, to the receipt by the Authority of an Opinion of Bond Counsel to the effect that such transfer will not cause the interest on the Senior Bonds to be included in gross income for purposes of federal income taxation.

Establishment and Application of Subordinate Obligations Fund. Upon the written direction of the Authority, the Senior Indenture Trustee is to establish, maintain and hold in trust a separate fund designated as the “Subordinate Obligations Fund.” After the transfers required from the Bond Fund have been made pursuant to the Senior Indenture, if there are Subordinate Obligations then Outstanding, the Senior Indenture Trustee is to transfer remaining Revenue to the Subordinate Obligations Fund and is to comply with the directions provided by the Authority pursuant to the Senior Indenture with respect to application of amounts deposited to the Subordinate Obligations Fund. The Authority has entered into the Subordinate Indenture, dated as of June 1, 2010, in order to provide for the issuance of Subordinate Obligations and will make debt service payments on bonds issued under the Subordinate Indenture directly from the Bay Area Toll Account and not through the Subordinate Obligations Fund under the Senior Indenture. See “SECURITY AND SOURCES OF PAYMENT FOR THE TOLL BRIDGE REVENUE BONDS” in the Official Statement for information about Subordinate Obligations.

Establishment and Application of Fees and Expenses Fund. The Senior Indenture Trustee is to establish, maintain and hold in trust a separate fund designated as the “Fees and Expenses Fund.” After the transfers required from the Bond Fund have been made pursuant to the Senior Indenture, if there are Subordinate Obligations then Outstanding, the Senior Indenture Trustee is to transfer remaining Revenue to the Subordinate Obligations Fund and is to comply with the directions provided by the Authority pursuant to the Senior Indenture with respect to application of amounts deposited in the Subordinate Obligations Fund. After such funds have been so applied, the Senior Indenture Trustee is to transfer remaining Revenue to the Fees and Expenses Fund. All moneys in the Fees and Expenses Fund are to be used and withdrawn by the Senior Indenture Trustee to pay Fees and Expenses as directed by and in accordance with a Written Request of the Authority. Upon the payment of Fees and Expenses by the Senior Indenture Trustee, remaining Revenue, if any, are to be promptly transferred by the Senior Indenture Trustee to the Authority for deposit in the Bay Area Toll Account. The payment of obligations from the Fees and Expenses Fund is subordinate to the payment of Subordinate Obligations, and so the Authority will instruct the Senior Indenture Trustee that, in the event of a shortfall in funds to pay Subordinate Obligations, amounts in the Fees and Expenses Fund that are not needed to pay Senior Obligations will be made available to pay Subordinate Obligations.

Establishment and Application of Redemption Fund. The Senior Indenture Trustee is to establish, maintain and hold in trust a special fund designated as the “Redemption Fund.” All moneys deposited by the Authority with the Senior Indenture Trustee for the purpose of redeeming Senior Bonds of any Series, unless otherwise provided in the Supplemental Indenture establishing the terms and conditions for such Series of Senior Bonds, are to be deposited in the Redemption Fund. All amounts deposited in the Redemption Fund are to be used and withdrawn by the Senior Indenture Trustee solely for the purpose of redeeming Senior Bonds of such Series and maturity as are specified by the Authority in a Written Request of the Authority delivered to the Senior Indenture Trustee, in the manner, at the times and upon the terms and conditions specified in the Supplemental Indenture pursuant to which such Series of Senior Bonds was issued.

Application of Operations and Maintenance Fund. Within ten Business Days after the beginning of each Fiscal Year, the Authority is to deposit in the Operations and Maintenance Fund such amount as is necessary so that the amount on deposit in the Operations and Maintenance Fund will equal two times budgeted Operations & Maintenance Expenses for such Fiscal Year, such amount to be deposited from Bridge Toll Revenues on deposit in the Bay Area Toll Account. Amounts on deposit in the Operations and Maintenance Fund are to be used and withdrawn by the Authority solely to pay Operations & Maintenance Expenses.

In the event that Bridge Toll Revenues on deposit in the Bay Area Toll Account are not sufficient at the beginning of any Fiscal Year to enable the Authority to make the transfer provided for pursuant to the provisions of the Senior Indenture described in the preceding paragraph at the beginning of such Fiscal Year, the Authority is not required to make such transfer for such Fiscal Year and failure of the Authority to make the transfer at the beginning of any Fiscal Year does not constitute an Event of Default under the Senior Indenture for as long as the Authority is in compliance with the provisions of the Senior Indenture concerning payment of principal and interest on the Senior Bonds and the covenants concerning toll rates described below under the caption “Covenants of the Authority - Toll Rate Covenants.”

Establishment and Application of Rebate Fund. Upon the written direction of the Authority, the Senior Indenture Trustee is to establish and maintain a separate fund designated as the Rebate Fund and there is to be deposited in the Rebate Fund such amounts as are required to be deposited therein pursuant to each Tax Certificate and the Code. All money at any time deposited in the Rebate Fund are to be held by the Senior Indenture Trustee to satisfy the Rebate Requirement (as such term is defined in the Tax Certificate) for payment to the United States of America.

Establishment and Application of 2024-2 Bonds Costs of Issuance Fund. To ensure the proper application of such funds to be applied to pay Costs of Issuance of such 2024-2 Variable Rate Bonds, the Senior Indenture establishes a 2024-2 Bonds Costs of Issuance Fund, such fund to be held by the Senior Indenture Trustee. The monies set aside and placed in the 2024-2 Bonds Costs of Issuance Fund are to remain therein until from time to time expended for the purpose of paying the Costs of Issuance of such 2024-2 Variable Rate Bonds. On October 1, 2024 any amounts remaining in the 2024-2 Bonds Costs of Issuance Fund shall be transferred to the 2024-2 Bonds Construction Fund and the 2024-2 Bonds Costs of Issuance Fund will be closed.

Establishment and Application of 2024-2 Bonds Construction Fund. To ensure the proper application of such portion of proceeds from the sale of the 2024-2 Variable Rate Bonds to be applied to pay Costs of the 2024-2 Bonds Project, the Senior Indenture establishes a 2024-2 Bonds Construction Fund, such fund to be held by the Senior Indenture Trustee. When the Authority determines that the 2024-2 Bonds Project has been completed, a Certificate of the Authority shall be delivered to the Senior Indenture Trustee by the Authority stating: (i) the fact and date of such completion; (ii) that all of the costs thereof have been determined and paid (or that all of such costs have been paid less specified claims that are subject to dispute and for which a retention in the 2024-2 Bonds Construction Fund is to be maintained in the full amount of such claims until such dispute is resolved); and (iii) that the Senior Indenture Trustee is to transfer the remaining balance in the 2024-2 Bonds Construction Fund, less the amount of any such retention, to the Reserve Fund, to the extent of any deficiency therein, and then to the Bond Fund.

Credit Support Instruments; Principal and Interest Payments. In the event the Authority has provided to the Senior Indenture Trustee a Credit Support Instrument in the form of a direct pay letter of credit for any Series of Senior Bonds providing for drawings by the Senior Indenture Trustee to pay principal of and interest on Bonds of such Series, the Senior Indenture Trustee will draw under such Credit Support Instrument in accordance with the Credit Support Instrument and apply the proceeds to the payment of principal of and interest on such Series of Senior Bonds in accordance with the Credit Support Instrument

and prior to applying Revenue received from the Authority to the payment of principal of and interest on such Senior Bonds and Parity Obligations. Such drawings are to be made in an amount necessary and in sufficient time (in accordance with the terms of such Credit Support Instrument) to allow the Senior Indenture Trustee to pay, as applicable: (i) the interest on such Series of Bonds in the manner and at the times specified by the Supplemental Indenture relating to such Series of Bonds; and (ii) principal (including sinking fund payments) as and when due (whether at maturity or upon redemption or on account of sinking fund requirements).

The reimbursement obligation under a Credit Support Agreement relating to any drawing on a Credit Support Instrument to pay principal of or interest due on a Series of Bonds referred to in the preceding paragraph will, if specified in such Credit Support Agreement, constitute a Parity Obligation of the Authority, and the amounts due under such Credit Support Agreement on account of such drawing will be paid when due by the Authority to the Senior Indenture Trustee and by the Senior Indenture Trustee to the Credit Provider pursuant to and in accordance with the provisions described above under the caption "Establishment and Application of Bond Fund". After a drawing under a Credit Support Instrument has been honored by a Credit Provider and the proceeds of such drawing have been applied to the payment of principal of and interest on the applicable Series of Bonds as provided in the preceding paragraph, the Senior Indenture Trustee will reimburse such Credit Provider for the amount of the interest drawing when due using moneys so provided by the Authority to the Senior Indenture Trustee.

In the event the Authority has provided to the Senior Indenture Trustee a Credit Support Instrument in the form of a direct pay letter of credit for any Series of Bonds providing for drawings by the Senior Indenture Trustee to purchase Bonds of such Series, the Senior Indenture Trustee will make drawings under such Credit Support Instrument in accordance with the Credit Support Instrument and apply the proceeds to the purchase of Bonds of such Series in accordance with the Credit Support Instrument and the provisions of the Senior Indenture providing for the purchase of Bonds of such Series. The reimbursement obligation under a Credit Support Agreement relating to any drawing on a Credit Support Instrument to so purchase Bonds will, if specified in such Credit Support Agreement, constitute a Parity Obligation of the Authority, and the amounts due under such Credit Support Agreement on account of such drawing are to be paid when due by the Authority to the Senior Indenture Trustee and by the Senior Indenture Trustee to the Credit Provider pursuant to and in accordance with the provisions of described above under the caption "Establishment and Application of Bond Fund" and paid to the Credit Provider(s) entitled thereto pursuant to the Credit Support Agreement and in accordance with the first paragraph described above under the caption "Establishment and Application of Bond Fund" (without duplication of any amounts otherwise paid as principal of or interest on the Credit Provider Bonds resulting from such drawing from Revenue or from remarketing proceeds).

Funds received by the Senior Indenture Trustee on account of any such drawing under a Credit Support Agreement to purchase Bonds will be held uninvested and be deposited in the bond purchase fund established under the Senior Indenture for such Series of Bonds and also held uninvested in that fund. Such funds will be held in trust in accordance with the Senior Indenture, shall not be used for any other purpose, and the Senior Indenture Trustee shall have no lien for its own benefit thereon.

Funds received by the Senior Indenture Trustee on account of a drawing under a Credit Support Instrument to pay the principal of or interest on Bonds shall be held uninvested, and such funds shall be held in trust in accordance with the Senior Indenture, shall not be used for any other purpose, and the Senior Indenture Trustee shall have no lien for its own benefit thereon.

Establishment and Application of Credit Support Instrument Sub-Accounts. Notwithstanding anything to the contrary contained in the Senior Indenture, the Senior Indenture Trustee will segregate funds received from a Credit Provider pursuant to a draw on a Credit Support Instrument in the form of a direct

pay letter of credit for any Series of Bonds from all other funds held by the Senior Indenture Trustee pursuant to the terms of the Senior Indenture and will establish within the funds and accounts held by the Senior Indenture Trustee pursuant to the Senior Indenture such sub-accounts as the Senior Indenture Trustee determines are necessary to carry out such obligation.

Investment of Moneys in Funds and Accounts

Moneys held by the Authority in the Bay Area Toll Account and in the funds and accounts created under the Senior Indenture and held by the Authority will be invested and reinvested in any lawful investment of the Authority.

Moneys held by the Senior Indenture Trustee in the funds and accounts created under the Senior Indenture are to be invested and reinvested in Permitted Investments in accordance with the written instructions of an Authorized Representative of the Authority.

Unless otherwise specified in the Supplemental Indenture creating a Series of Senior Bonds, all Permitted Investments are to be held by or under the control of the Senior Indenture Trustee and are to be deemed at all times to be a part of the fund or account which was used to purchase the Permitted Investment. Unless otherwise provided by written instruction of an Authorized Representative or in a Supplemental Indenture, all interest, profits and other income received from the investment of moneys in any fund or account held by the Senior Indenture Trustee, other than a Construction Fund or the Rebate Fund, are to be transferred to the Bond Fund when received and all interest, profits and other income received from the investment of moneys in any Construction Fund are to be deposited in such Construction Fund. All interest, profits and other income received from the investment of moneys in the Rebate Fund will be deposited in the Rebate Fund. Notwithstanding anything to the contrary contained in this paragraph, an amount of interest received with respect to any Investment Security equal to the amount of accrued interest, if any, paid as part of the purchase price of such Investment Security is to be credited to the fund or account from which such accrued interest was paid.

The Senior Indenture Trustee is authorized to sell or redeem and reduce to cash a sufficient amount of Permitted Investments whenever the cash balance in any fund or account is or will be insufficient to make any required disbursement. Absent specific instructions from an Authorized Representative, the Senior Indenture Trustee is to invest cash balances in Permitted Investments described in clause (xii) of the definition thereof unless otherwise specified in a Supplemental Indenture.

All Investment Securities credited to the Reserve Fund are to be valued as of April 1 of each year (or the next succeeding Business Day if such day is not a Business Day). All Investment Securities credited to the Reserve Fund are to be valued at their fair market value determined to the extent practical by reference to the closing bid price thereof published in the Wall Street Journal or any other financial publication or quotation service selected by the Senior Indenture Trustee in its discretion.

The Senior Indenture Trustee or its affiliates may act as sponsor, advisor, principal or agent in the acquisition or disposition of any investment with the prior written approval of an Authorized Representative. The Senior Indenture Trustee may commingle any of the moneys held by it pursuant to the Senior Indenture (except for amounts on deposit in the Rebate Fund and amounts on deposit in any fund or account established to hold the proceeds of a drawing on any Credit Support Instrument) for investment purposes only; provided, however, that the Senior Indenture Trustee is to account separately for the moneys belonging to each fund or account established pursuant to the Senior Indenture and held by it.

Additional Senior Bonds; Subordinate Obligations

Restrictions on Issuance of Additional Senior Bonds. Subsequent to the issuance of the Initial Senior Bonds, no additional Senior Bonds (or Senior Parity Obligations) are to be issued unless at least one of the following is true immediately following the issuance of such additional Senior Bonds (or Senior Parity Obligations):

(a) the additional Senior Bonds (or Senior Parity Obligations) are issued for refunding purposes to provide funds for the payment of any or all of the following: (1) the principal or redemption price of the Outstanding Senior Bonds (or Senior Parity Obligations) to be refunded; (2) all expenses incident to the calling, retiring or paying of such Outstanding Senior Bonds (or Senior Parity Obligations) and the Costs of Issuance of such refunding Senior Bonds (or Senior Parity Obligations); (3) interest on all Outstanding Senior Bonds (or Senior Parity Obligations) to be refunded to the date such Senior Bonds (or Senior Parity Obligations) will be called for redemption or paid at maturity; and (4) interest on the refunding Senior Bonds (or Senior Parity Obligations) from the date thereof to the date of payment or redemption of the Senior Bonds (or Senior Parity Obligations) to be refunded.

(b) the Board determines that one of the following is true: (1) the ratio of (A) Net Revenue for the most recent Fiscal Year for which audited financial statements are available to (B) Maximum Annual Debt Service on the Senior Bonds (and Senior Parity Obligations), calculated as of the date of sale of, and including such additional Senior Bonds (or Senior Parity Obligations), will not be less than 1.50:1; or (2) the ratio of (A) projected Net Revenue for each of the next three (3) Fiscal Years, including in such projections amounts projected to be received from any adopted toll increase or planned openings of an additional Bay Area Bridge, to (B) Maximum Annual Debt Service on the Senior Bonds (and Senior Parity Obligations), calculated as of the date of sale of, and including such additional Senior Bonds (or Senior Parity Obligations), will not be less than 1.50:1.

Maximum annual debt service with respect to Senior Parity Obligations is to be determined using the principles set forth in the definition of Maximum Annual Debt Service; provided that if a Senior Parity Obligation is contingent upon funds being provided under a Credit Support Instrument to pay principal or purchase price of or interest on a Senior Bond, such Senior Parity Obligations will not be considered outstanding until such payment is made thereunder.

For Additional Senior Bonds and Senior Parity Obligations issued to finance a Project that includes toll bridge program capital improvements for any bridge newly designated after January 1, 2006 as a Bay Area Bridge, projected Net Revenue for such bridge is to be calculated using estimates of Bridge Toll Revenues prepared by a Traffic Consultant unless that bridge has been an operating toll bridge for at least three Fiscal Years.

Proceedings for Issuance of Additional Senior Bonds. Subsequent to the issuance of the Initial Senior Bonds, whenever the Authority determines to issue additional Senior Bonds (or Senior Parity Obligations), the Authority shall, in addition to fulfilling the requirements of the Senior Indenture described above, file with the Senior Indenture Trustee:

(a) a certificate of the Authority stating that no Event of Default specified in the Senior Indenture has occurred and is then continuing;

(b) a certificate of the Authority stating that the requirements of the Senior Indenture described under the caption "Restrictions on Issuance of Additional Senior Bonds" have been satisfied;

(c) if such additional Senior Bonds are being issued based upon compliance with subparagraph (b)(1) above under the caption “Restrictions on Issuance of Additional Senior Bonds,” a Certificate of the Authority stating that nothing has come to the attention of the Authority that would lead the Authority to believe that there has been a material adverse change in the operation of the Bay Area Bridges such that Net Revenue for the then current Fiscal Year would be insufficient to meet the debt service coverage requirement set forth in subparagraph (b)(1) above under the caption “Restrictions on Issuance of Additional Senior Bonds”;

(d) the balance in the Reserve Fund upon receipt of the proceeds of the sale of such Series of Senior Bonds shall be increased, if necessary, to an amount at least equal to the Reserve Requirement with respect to all Senior Bonds Outstanding upon the issuance of such Series of Senior Bonds; and

(e) an Opinion of Bond Counsel to the effect that the execution of the Supplemental Indenture creating such Series of Senior Bonds has been duly authorized by the Authority in accordance with the Senior Indenture and that such Series of Senior Bonds, when duly executed by the Authority and authenticated and delivered by the Senior Indenture Trustee, are to be valid and binding obligations of the Authority.

Subordinate Obligations. Except to the extent restricted by a Supplemental Indenture, the Authority may issue or incur obligations payable out of Revenue on a basis junior and subordinate to the payment of the principal, interest and reserve fund requirements for the Senior Bonds and Senior Parity Obligations, as the same become due and payable and at the times and in the manner as required by the Senior Indenture or as required by the instrument pursuant to which such Senior Parity Obligations were issued or incurred, as applicable.

Covenants of the Authority

Punctual Payment. The Authority is to punctually pay the principal and Purchase Price of and the interest on (and redemption premiums, if any) to become due on the Senior Bonds in strict conformity with the terms of the Act, the Senior Indenture and the Senior Bonds, and is to faithfully observe and perform all of the agreements and covenants contained in the Senior Indenture and the Senior Bonds.

Against Encumbrances; First Lien Indebtedness; Subordinated Bonds. The Authority is not to create or cause or permit to be created any pledge, lien, charge or encumbrance having priority over, or having parity with, the lien of the Senior Bonds and Senior Parity Obligations upon any of the Revenue or issue any bonds, notes or other obligations secured by a pledge of or charge or lien upon Revenue except Senior Bonds and Senior Parity Obligations; provided that the Authority may at any time, or from time to time, issue or incur Subordinate Obligations as provided in the Senior Indenture.

Tax Covenants. The Authority is not to use or permit the use of any proceeds of the Senior Bonds or any funds of the Authority, directly or indirectly, to acquire any securities or obligations that would cause the interest on Senior Bonds intended by the Authority to be exempt from federal income taxation to become subject to federal income taxation, and will not take or permit to be taken any other action or actions, which would cause any such Senior Bond to be an “arbitrage bond” within the meaning of Section 148 of the Code or “federally guaranteed” within the meaning of Section 149(b) of the Code and any such applicable regulations promulgated from time to time thereunder. The Authority is to observe and not violate the requirements of Section 148 of the Code and any such applicable regulations. The Authority covenants to comply with the provisions and procedures of each Tax Certificate.

With respect to Build America bonds it has issued, the Authority is not to use or permit the use of any proceeds of such Senior Bonds or any funds of the Authority or any funds held by the Senior Indenture

Trustee under the Senior Indenture, directly or indirectly, in any manner, nor to take or omit to take any action, that would adversely affect the receipt of the Subsidy Payments.

Toll Rate Covenants. The Authority covenants that it is at all times to establish and maintain tolls on the Bay Area Bridges at rates sufficient to meet Operations & Maintenance Expenses, to otherwise comply with the Act and to pay debt service on all Outstanding Senior Bonds and Senior Parity Obligations secured by Revenue.

In addition to the requirements of the Senior Indenture described in the above paragraph, while any Senior Bonds or Senior Parity Obligations remain Outstanding, the Authority covenants: (i) to compute Net Revenue, MTC Transfers, Subordinated Maintenance Expenditures, Annual Debt Service, Subordinate Obligations, and the ratios required by the provisions of the Senior Indenture described in the following subsection (iii) (such ratios being hereinafter referred to as the “Coverage Ratios”) within ten Business Days after the beginning of each Fiscal Year (such date of computation being hereinafter referred to as a “Toll Coverage Calculation Date”), commencing with the Fiscal Year beginning July 1, 2001; (ii) to furnish to the Senior Indenture Trustee and each Credit Provider a Certificate of the Authority setting forth the results of such computations and such Coverage Ratios, such Certificate to be provided no later than two months after the beginning of each Fiscal Year; and (iii) to increase tolls if on any Toll Coverage Calculation Date, (x) the ratio produced by dividing Net Revenue by the sum of Annual Debt Service and MTC Transfers (such sum being hereinafter referred to as “Fixed Charges”), Subordinated Maintenance Expenditures for the then current Fiscal Year and payments on Subordinate Obligations for the then current Fiscal Year (determined using the principles set forth in the definition of Annual Debt Service but excluding payments that are one-time or extraordinary payments, such as termination payments on Qualified Swap Agreements) is less than 1.0 or (y) the ratio produced by dividing the sum of (1) Net Revenue and (2) any funds then on deposit in the Operations and Maintenance Fund by Fixed Charges for the then current Fiscal Year is less than 1.25, or (z) the ratio produced by dividing Net Revenue by Annual Debt Service for the then current Fiscal Year is less than 1.20. For purposes of such calculations, Net Revenue and Subordinated Maintenance Expenditures are determined by reference to the current budget of the Authority.

Toll Rate Coverage and Additional Senior Bonds Calculations. In calculating the additional Senior Bonds (or Senior Parity Obligations) test provided for in the Senior Indenture and determining compliance with the toll rate covenants in the Senior Indenture, the Authority in its computations shall not include in the Revenue component of Net Revenue any amounts on deposit in the Reserve Fund.

Payment of Claims. The Authority is to pay and discharge any and all lawful claims which, if unpaid, might become a charge or lien upon the Revenue or any part thereof or upon any funds in the hands of the Authority or the Senior Indenture Trustee prior to or on a parity with the charge and lien upon the Revenue securing any Senior Bonds.

Accounting Records and Financial Statements. The Authority is to keep appropriate accounting records in accordance with generally accepted accounting principles. Such accounting records, at all times during business hours, are to be subject to the inspection of the Senior Indenture Trustee or of any Holder (or its representative authorized in writing).

The Authority is to prepare and file with the Senior Indenture Trustee annually within 210 days after the close of each Fiscal Year financial statements of the Authority for such fiscal year, together with an audit report thereon prepared by an Independent Certified Public Accountant.

Protection of Revenue and Rights of Holders. The Authority is to preserve and protect the security of the Senior Bonds and Senior Parity Obligations and the rights of the Bondholders and the holders of Senior Parity Obligations and is to warrant and defend their rights against all claims and demands of all

persons. From and after the sale and delivery of any of the Senior Bonds by the Authority, the Senior Bonds are to be incontestable by the Authority.

Payment of Governmental Charges and Compliance with Governmental Regulations. The Authority is to pay and discharge all taxes or payments in lieu of taxes, assessments and other governmental charges or liens that may be levied, assessed or charged upon the Revenue, or any part thereof, promptly as and when the same become due and payable, except that the Authority will not be required to pay any such governmental charges so long as the application or validity thereof is contested in good faith and the Authority has set aside reserves to cover such payments.

Further Assurances. The Authority is to adopt, deliver, execute and make any and all further assurances, instruments and resolutions as may be reasonably necessary or proper to carry out the intention or to facilitate the performance of the Senior Indenture and for the better assuring and confirming unto the Holders of the rights and benefits provided therein.

Debt Policy. The Authority is to maintain in effect at all times a debt policy that includes a prohibition against the use by the Authority of financial instruments authorized by California Government Code sections 5920-5924 or any similar law for speculative purposes.

Additional Security. The Authority irrevocably directs that all Subsidy Payments be made to the Senior Indenture Trustee for the payment of interest on Senior Bonds pursuant to the Senior Indenture. Any Subsidy Payments received by the Authority shall be promptly remitted to the Senior Indenture Trustee. The Senior Indenture Trustee shall deposit all Subsidy Payments to the Interest Account upon receipt thereof and thereby constitute those amounts Revenue. The Senior Indenture Trustee is to file such forms with the Internal Revenue Service and take all other such actions as the Authority has notified it in writing may be necessary to request and receive the Subsidy Payments on the Authority's behalf and the Senior Indenture Trustee has no responsibility therefor other than following the Authority's written instructions. All Subsidy Payments received or expected to be received, as applicable, are to be included in Net Revenue for purposes of the additional bonds test and rate covenants set forth in the Senior Indenture, and Net Revenue is to be calculated by excluding the Subsidy Payments therefrom but the deposit of the Subsidy Payments to the Interest Account upon receipt thereof shall continue.

Events of Default and Remedies of Bondholders

Events of Default. The following events shall be Events of Default:

- (a) Default in the payment of any interest on any Senior Bond when and as the same has become due;
- (b) Default in the payment of the principal or Purchase Price of or premium, if any, on any Senior Bond when and as the same has become due, whether at the stated maturity or redemption date thereof or otherwise; or
- (c) Default in the observance or performance of any other covenant or agreement of the Authority contained in the Senior Indenture and the continuance thereof for a period of 60 days after written notice thereof to the Authority given by the Senior Indenture Trustee.

Notwithstanding the foregoing, pursuant to amendments to the Senior Indenture, the failure to pay the Purchase Price of Senior Bonds is not an Event of Default. See "Mechanics of Optional and Mandatory Tenders" herein.

In case one or more Events of Default occurs, then and in every such case the Senior Indenture Trustee may, and shall at the request of the Holders of not less than a majority of the aggregate principal amount of any Series of Senior Bonds then Outstanding (or such greater percentage of the Holders of Senior Bonds of any Series as may be specified in the Supplemental Indenture creating such Series), proceed to protect and enforce Bondholder rights by such appropriate judicial proceeding as the Senior Indenture Trustee deems most effectual to protect and enforce any such right, either by suit in equity or by action at law, whether for the specific performance of any covenant or agreement contained in the Senior Indenture, or in aid of the exercise of any power granted in the Senior Indenture, or to enforce any other legal or equitable right vested in the Bondholders by the Senior Indenture or the Senior Bonds or by law.

No Acceleration Permitted. The remedies available to the Senior Indenture Trustee and the Holders of Senior Bonds upon and following the occurrence of an Event of Default do not include acceleration of the maturity of any Senior Bonds. The remedies available to the Subordinate Indenture Trustee and the holders of Subordinate Bonds upon and following the occurrence of an event of default under the Subordinate Indenture do not include acceleration of the maturity of any Subordinate Bonds.

Senior Indenture Trustee

The Senior Indenture Trustee, during the existence of any Event of Default (which has not been cured), is to exercise such of the rights and powers vested in it by the Senior Indenture, and use the same degree of care and skill in their exercise as reasonable persons would exercise or use under the circumstances in the conduct of their own affairs.

No provision of the Senior Indenture is to be construed to relieve the Senior Indenture Trustee from liability for its own negligent action or its own negligent failure to act, except that, at all times regardless of whether or not any Event of Default shall exist: (i) the duties and obligations of the Senior Indenture Trustee are to be determined solely by the express provisions of the Senior Indenture, and the Senior Indenture Trustee is not to be liable except for the performance of such duties and obligations as are specifically set forth in the Senior Indenture, and no implied covenants or obligations are to be read into the Senior Indenture against the Senior Indenture Trustee; and (ii) in the absence of bad faith on the part of the Senior Indenture Trustee, the Senior Indenture Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon any certificate or opinion furnished to the Senior Indenture Trustee conforming to the requirements of the Senior Indenture; but in the case of any such certificate or opinion which by any provision of the Senior Indenture is specifically required to be furnished to the Senior Indenture Trustee, the Senior Indenture Trustee is to be under a duty to examine the same to determine whether or not it conforms to the requirements of the Senior Indenture; (iii) the Senior Indenture Trustee is not liable for any error of judgment made in good faith unless it is proved that the Senior Indenture Trustee was negligent in ascertaining the pertinent facts; and (iv) the Senior Indenture Trustee is not liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction of any Credit Provider or the Holders of not less than a majority, or such larger percentage as may be required under the Senior Indenture, in aggregate principal amount of the Senior Bonds at the time Outstanding relating to the time, method and place of conducting any proceeding for any remedy available to the Senior Indenture Trustee or exercising any trust or power conferred upon the Senior Indenture Trustee under the Senior Indenture.

None of the provisions contained in the Senior Indenture shall require the Senior Indenture Trustee to expend or risk its own funds or otherwise incur individual financial liability in the performance of any of its duties or in the exercise of any of its rights or powers.

Qualifications of Senior Indenture Trustee; Resignation; Removal. Under the Senior Indenture, there will at all times be a trustee which is a commercial bank, trust company or national

association organized and doing business under the laws of the United States or of a state thereof, authorized under such laws to exercise corporate trust powers, having (or if such bank, trust company or national association is a member of a bank holding company system, its holding company has) a combined capital and surplus of at least seventy-five million dollars (\$75,000,000), and subject to supervision or examination by federal or state authority. If such banks, trust companies, or banking associations publish reports of condition at least annually, pursuant to law or to the requirements of any supervising or examining authority above referred to, then, for the purposes of the Senior Indenture, the combined capital and surplus of such banks, trust companies or banking associations will be deemed to be their combined capital and surplus as set forth in their most recent reports of conditions so published.

The Senior Indenture Trustee may at any time resign by giving at least thirty (30) days' written notice to the Authority. Upon receiving such notice of resignation, the Authority, will promptly appoint a successor trustee by an instrument in writing. If no successor trustee has been so appointed and has accepted appointment within thirty days after the giving of such notice of resignation, the resigning trustee may petition any court of competent jurisdiction for the appointment of a successor trustee or any Holder who has been a bona fide Holder of a Senior Bond for at least six months may, on behalf of itself and others similarly situated, petition any such court for the appointment of a successor trustee. Such court may thereupon, after such notice, if any, as it may deem proper and prescribe, appoint a successor trustee.

In case at any time either of the following shall occur: (i) the Senior Indenture Trustee shall cease to be eligible in accordance with the provisions of the Senior Indenture relating to Senior Indenture Trustee eligibility and shall fail to resign after written request therefor by the Authority or by any Holder who has been a bona fide Holder of a Senior Bond for at least six months; or (ii) the Senior Indenture Trustee shall become incapable of acting, or shall be adjudged a bankrupt or insolvent, or a receiver of the Senior Indenture Trustee or of its property shall be appointed, or any public officer shall take charge or control of the Senior Indenture Trustee or of its property or affairs for the purpose of rehabilitation, conservation or liquidation, then, in any such case, the Authority may remove the Senior Indenture Trustee and appoint a successor trustee by an instrument in writing executed by an Authorized Representative, or any Holder who has been a bona fide Holder of a Senior Bond for at least six months may, on behalf of itself and all others similarly situated, petition any court of competent jurisdiction for the removal of the Senior Indenture Trustee and the appointment of a successor trustee. Such court may thereupon, after such notice, if any, as it may deem proper and prescribe, remove the Senior Indenture Trustee and appoint a successor trustee.

The Authority or Holders of a majority in aggregate principal amount of the Senior Bonds at the time Outstanding may at any time remove the Senior Indenture Trustee and appoint a successor trustee by an instrument or concurrent instruments in writing signed by an Authorized Representative of the Authority or by such Holders, as the case may be. Any resignation or removal of the Senior Indenture Trustee and appointment of a successor trustee pursuant to any of the applicable provisions of the Senior Indenture shall become effective upon acceptance of appointment by the successor trustee acceptable to the Authority. (xi) principal and interest payments on Subordinate Bonds, Subordinate Parity Obligations, and Senior Obligations may be excluded to the extent such payments are to be paid from amounts then currently on deposit with the Subordinate Trustee or another fiduciary in escrow specifically therefor and interest payments on any Subordinate Bonds, Subordinate Parity Obligations, and Senior Obligations may be excluded to the extent that such interest payments are to be paid from capitalized interest held by the Subordinate Trustee or another fiduciary specifically to pay such interest;

Such Written Request of the Authority may specify that amounts on deposit in the Redemption Fund that remain unclaimed for a specified period of time will be paid to the Authority, and the Subordinate Trustee is to pay such unclaimed amounts to the Authority in accordance with the Written Request of the Authority.

Establishment and Application of Rebate Fund. Upon the Written Request of the Authority, the Subordinate Trustee is to establish, maintain and hold in trust a separate fund designated as the “Rebate Fund” and there will be deposited in the Rebate Fund such amounts as are required to be deposited therein pursuant to each Tax Certificate and the Code. All money at any time deposited in the Rebate Fund is to be held by the Subordinate Trustee to satisfy the Rebate Requirement (as defined in the

Tax Certificate) for payment to the United States of America. The Subordinate Trustee will have no responsibility with respect to the Rebate Fund or the Rebate Requirement except to follow the written instructions of the Authority.

Investment of Moneys in Funds and Accounts

Moneys held by the Authority in the Bay Area Toll Account and in the funds and accounts created under the Subordinate Indenture and held by the Authority will be invested and reinvested in any lawful investment of the Authority.

Moneys held by the Subordinate Trustee in the funds and accounts created under the Subordinate Indenture are to be invested and reinvested in Permitted Investments in accordance with the written instructions of an Authorized Representative.

Unless otherwise specified in the Supplemental Indenture creating a Series of Subordinate Bonds, all Permitted Investments are to be held by or under the control of the Subordinate Trustee and will be deemed at all times to be a part of the fund or account that was used to purchase the Permitted Investment. Unless otherwise provided by a Written Request of the Authority or in a Supplemental Indenture, all interest, profits and other income received from the investment of moneys in any fund or account held by the Subordinate Trustee, other than the Rebate Fund or a Project Fund, are to be transferred to the Bond Fund when received. All interest, profits and other income received from the investment of moneys in the Rebate Fund will be deposited in the Rebate Fund. Unless otherwise provided in the Supplemental Indenture establishing a Project Fund, all interest, profits and other income received from the investment of moneys in each Project Fund are to be deposited in such Project Fund. Notwithstanding anything to the contrary contained in this paragraph, an amount of interest received with respect to any Permitted Investment equal to the amount of accrued interest, if any, paid as part of the purchase price of such Permitted Investment is to be credited to the fund or account from which such accrued interest was paid.

The Subordinate Trustee is authorized to sell or redeem and reduce to cash a sufficient amount of Permitted Investments whenever the cash balance in any fund or account is or will be insufficient to make any required disbursement. The Subordinate Trustee is not to be responsible for any depreciation in the value of any Permitted Investment or for any loss resulting from such sale or redemption. Absent a Written Request of the Authority instructing the Subordinate Trustee how to invest the cash balance in a fund or account held by the Subordinate Trustee thereunder, the Subordinate Trustee is to hold such cash balances uninvested pending its receipt of such a Written Request of the Authority.

All Permitted Investments credited to the Reserve Fund are to be valued as of April 1 of each year (or the next succeeding Business Day if such day is not a Business Day). All Permitted Investments credited to the Reserve Fund are to be valued at their fair market value determined to the extent practical by reference to the closing bid price thereof published in *The Wall Street Journal* or any other financial publication or generally recognized pricing information service selected by the Subordinate Trustee in its discretion. The Subordinate Trustee may use and rely conclusively and without liability upon any generally recognized pricing information service (including brokers and dealers in securities) available to it.

The Subordinate Trustee or its affiliates may act as sponsor, advisor, principal or agent in the acquisition or disposition of any investment with the prior written approval of an Authorized Representative. The Subordinate Trustee may commingle any of the moneys held by it pursuant to the Subordinate Indenture (except for amounts on deposit in the Rebate Fund and amounts on deposit in any fund or account established to hold the proceeds of a drawing on any Credit Support Instrument) for

investment purposes only; provided, however, that the Subordinate Trustee is to account separately for the moneys belonging to each fund or account established pursuant to the Subordinate Indenture and held by it.

Subsidy Payments

The Authority irrevocably directs in the Subordinate Indenture that all Subsidy Payments with respect to Subordinate Bonds be made directly to the Subordinate Trustee for deposit in the Bond Fund pursuant to the Subordinate Indenture. Any such Subsidy Payments received by the Authority will be promptly remitted to the Subordinate Trustee. The Subordinate Trustee will deposit all such Subsidy Payments to the Bond Fund upon receipt thereof and thereby constitute those amounts Revenue. The Subordinate Trustee will file such forms with the Internal Revenue Service and take all other such actions as the Authority has notified it in writing may be necessary to request and receive such Subsidy Payments on the Authority's behalf and the Subordinate Trustee will have no responsibility therefor other than following the Authority's written instructions. Subsidy Payments with respect to the Senior Bonds are paid directly to the Senior Indenture Trustee.

Additional Subordinate Bonds; Subordinate Parity Obligations; Subordinated Obligations

Restrictions on Issuance of Additional Subordinate Bonds. Subsequent to the initial issuance of Subordinate Bonds pursuant to the Subordinate Indenture, additional Subordinate Bonds or Subordinate Parity Obligations may be issued if the requirements of (a) or (b) below are met.

(a) the Subordinate Bonds or Subordinate Parity Obligations are issued for refunding purposes to provide funds for the payment of any or all of the following: (1) the principal or redemption price of the Outstanding Subordinate Bonds or Subordinate Parity Obligations or Senior Obligations to be refunded; (2) all expenses incident to the calling, retiring or paying of such Outstanding Subordinate Bonds or Subordinate Parity Obligations or Senior Obligations, the Costs of Issuance of such refunding Subordinate Bonds or Subordinate Parity Obligations, and any termination payments or other payments to the holders of obligations of the Authority entered into pursuant to California Government Code Section 5922 (or any similar statute) related to such Outstanding Subordinate Bonds or Subordinate Parity Obligations or Senior Obligations; (3) interest on all Outstanding Subordinate Bonds or Subordinate Parity Obligations or Senior Obligations to be refunded to the date such Subordinate Bonds or Subordinate Parity Obligations or Senior Obligations will be called for redemption or paid at maturity; and (4) interest on the refunding Subordinate Bonds or Subordinate Parity Obligations from the date thereof to the date of payment or redemption of the Subordinate Bonds or Subordinate Parity Obligations or Senior Obligations to be refunded.

(b) the Authorized Representative determines and certifies, as of the date of issuance of the additional Subordinate Bonds or Subordinate Parity Obligations, that either: (1) the ratio of (A) Available Revenue for the most recent Fiscal Year for which audited financial statements are available to (B) Maximum Annual Debt Service, calculated as of the date of sale of, and including, such Subordinate Bonds or Subordinate Parity Obligations, will not be less than 1.20:1; or (2) the ratio of (A) projected Available Revenue for each of three consecutive Fiscal Years (beginning with the current Fiscal Year or the Fiscal Year after the current Fiscal Year) to (B) Debt Service, calculated as of the date of sale of and including such Subordinate Bonds or Subordinate Parity Obligations, for each such Fiscal Year, will not be less than 1.20:1, and of (X) projected Available Revenue for the third such consecutive Fiscal Year to (Y) Maximum Annual Debt Service, calculated as of the date of sale of, and including, such Subordinate Bonds or Subordinate Parity Obligations, will not be less than 1.20:1. In calculating projected Available Revenue, the Authority will take into account amounts projected to be received from any adopted toll increase or increases and any additional Bay Area Bridge or Bridges.

Proceedings for Issuance of Additional Subordinate Bonds. Subsequent to the initial issuance of Subordinate Bonds, whenever the Authority determines to issue additional Subordinate Bonds or Subordinate Parity Obligations, the Authority will, in addition to fulfilling the requirements of the Subordinate Indenture described above, file or provide to the Subordinate Trustee:

(a) a certificate of the Authority stating that no Event of Default has occurred and is then continuing;

(b) a certificate of the Authority stating that the applicable requirements of the Subordinate Indenture described under the caption “Restrictions on Issuance of Additional Subordinate Bonds” have been satisfied;

(c) such amount, in cash or in the form of a Reserve Facility, as will equal the Reserve Requirement, if any, for such Series of Subordinate Bonds for deposit in the Reserve Fund; and

(d) an Opinion of Bond Counsel to the effect that the Supplemental Indenture creating such Series of Subordinate Bonds has been executed and delivered by the Authority in accordance with the Subordinate Indenture and that such Series of Subordinate Bonds, when duly executed by the Authority and authenticated and delivered by the Subordinate Trustee, will be valid and binding obligations of the Authority.

Subordinated Obligations. Except to the extent restricted by a Supplemental Indenture, the Authority may issue or incur obligations payable out of Revenue on a basis junior and subordinate to the payment of the principal, interest and reserve fund requirements for the Subordinate Bonds and any Subordinate Parity Obligations.

Senior Obligations. The Authority may issue or incur additional Senior Bonds or other Senior Obligations pursuant to, and subject to the conditions and limitations contained in, the Senior Indenture.

Covenants of the Authority

Punctual Payment and Performance. The Authority will punctually pay the principal of and the interest on (and redemption premiums, if any) to become due on the Subordinate Bonds in strict conformity with the terms of the Act, the Subordinate Indenture and the Subordinate Bonds, and will faithfully observe and perform all of the agreements and covenants contained in the Subordinate Indenture and the Subordinate Bonds.

Against Encumbrances. The Authority will not create or cause or permit to be created any pledge, lien, charge or encumbrance having priority over the lien of the Subordinate Bonds and Subordinate Parity Obligations upon any of the Revenue except Senior Obligations. The Authority will not create or cause or permit to be created any pledge, lien, charge or encumbrance having parity with the lien of the Subordinate Bonds and Subordinate Parity Obligations upon any of the Revenue except Subordinate Bonds and Subordinate Parity Obligations. The Authority will not create or permit to be created or issue any Subordinate Bonds, notes or other obligations secured by a pledge of or charge or lien upon Revenue except Senior Obligations, Subordinate Bonds and Subordinate Parity Obligations, provided that the Authority may at any time, or from time to time, issue or incur subordinated obligations as provided in the Subordinate Indenture.

Tax Covenants. The Authority will not use or permit the use of any proceeds of the Subordinate Bonds or any funds of the Authority, directly or indirectly, to acquire any securities or

obligations that would cause the interest on Subordinate Bonds intended by the Authority to be exempt from federal income taxation to become subject to federal income taxation, and will not take or permit to be taken any other action or actions that would cause any such Subordinate Bond to be an “arbitrage bond” within the meaning of Section 148 of the Code or “federally guaranteed” within the meaning of Section 149(b) of the Code and any such applicable regulations promulgated from time to time thereunder. The Authority will observe and not violate the requirements of Section 148 of the Code and any such applicable regulations. The Authority will comply with all requirements of Sections 148 and 149(b) of the Code to the extent applicable to Subordinate Bonds. In the event that at any time the Authority is of the opinion that for purposes of the provisions of the Subordinate Indenture it is necessary to restrict or to limit the yield on the investment of any moneys held by the Subordinate Trustee under the Subordinate Indenture, the Authority will so instruct the Subordinate Trustee under the Subordinate Indenture in writing, and the Subordinate Trustee is to take such action as may be necessary in accordance with such instructions.

Revenue Covenants. (a) The Authority covenants that it will at all times establish and maintain tolls on the Bay Area Bridges at rates projected by it to generate sufficient Revenue to pay, as and when due, amounts due on all Outstanding Senior Bonds, other Senior Obligations, Subordinate Bonds and Subordinate Parity Obligations, Maintenance and Operation Expenses, and other obligations of the Authority, and to otherwise comply with the Act.

(b) The Authority covenants to: (i) compute projected Available Revenue for each Fiscal Year (commencing with the Fiscal Year beginning July 1, 2010) and the ratio produced by dividing projected Available Revenue by projected Debt Service for that Fiscal Year (such ratio being hereinafter referred to as the “Coverage Ratio”) within ten Business Days after the beginning of that Fiscal Year (such date of computation being hereinafter referred to as a “Coverage Calculation Date”); (ii) to promptly furnish to the Subordinate Trustee a Certificate of the Authority setting forth the results of such computations; and (iii) if the Coverage Ratio is less than 1.20:1, to take such action as promptly as practicable after the Coverage Calculation Date (including, without limitation, increasing Bridge Toll Revenues through toll increases) as the Authority projects is necessary to cause the projected Coverage Ratio for that Fiscal Year to equal or exceed 1.20:1.

Payment of Claims. The Authority will pay and discharge any and all lawful claims that, if unpaid, might become a charge or lien upon the Revenue or any part thereof, or upon any funds in the hands of the Authority or on deposit with the Subordinate Trustee, prior to or on a parity with the charge and lien upon the Revenue securing the Subordinate Bonds and any Subordinate Parity Obligations.

Accounting Records; Financial Statements and Other Reports. (a) The Authority will keep appropriate accounting records in accordance with generally accepted accounting principles. Such accounting records are at all times during business hours subject to the inspection of the Subordinate Trustee or of any Holder (or its representative authorized in writing).

(b) The Authority will prepare and file with the Subordinate Trustee annually within 210 days after the close of each Fiscal Year financial statements of the Authority for such Fiscal Year (which may be the financial statements of the Metropolitan Transportation Commission while the Authority is treated as a blended component unit thereof), together with an audit report thereon prepared by an Independent Certified Public Accountant.

Protection of Revenue and Rights of Holders. The Authority will preserve and protect the security of the Subordinate Bonds and Subordinate Parity Obligations and the rights of the Bondholders and the holders of Subordinate Parity Obligations and will warrant and defend their rights

against all claims and demands of all persons. From and after the sale and delivery of any of the Subordinate Bonds by the Authority, the Subordinate Bonds will be incontestable by the Authority.

Payment of Governmental Charges and Compliance with Governmental Regulations. The Authority will pay and discharge all taxes or payments in lieu of taxes, assessments and other governmental charges or liens that may be levied, assessed or charged upon the Revenue, or any part thereof, promptly as and when the same become due and payable, except that the Authority is not required to pay any such governmental charges so long as the application or validity thereof is contested in good faith and the Authority has set aside reserves to cover such payments.

Continuing Disclosure. Upon the issuance of any Series of Subordinate Bonds or upon conversion of any Series of Subordinate Bonds to an interest rate period requiring an undertaking regarding continuing disclosure under Rule 15c2-12, the Authority and the Subordinate Trustee covenant and agree in the Subordinate Indenture that they will execute and deliver a Continuing Disclosure Agreement with respect to such Series of Subordinate Bonds and comply with and carry out all of the provisions of such Continuing Disclosure Agreement applicable to each such party. Notwithstanding any other provision of the Subordinate Indenture, failure of the Authority or the Subordinate Trustee to comply with the provisions of any Continuing Disclosure Agreement does not constitute an Event of Default under the Subordinate Indenture; provided, however, that the Subordinate Trustee, at the request of any Participating Underwriter or the Owners of at least twenty-five percent (25%) aggregate principal amount of any Series of Subordinate Bonds then Outstanding, will (but only to the extent that the Subordinate Trustee is indemnified to its satisfaction from any liability or expense, including fees and expenses of its attorneys) or any Owner or Beneficial Owner of a Subordinate Bond may, take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order to cause the Authority or the Subordinate Trustee, as applicable, to comply with its obligations under this paragraph.

Further Assurances. The Authority will adopt, deliver, execute and make any and all further assurances, instruments and resolutions as may be reasonably necessary or proper to carry out the intention or to facilitate the performance of the Subordinate Indenture and for the better assuring and confirming unto the Holders of the rights and benefits provided therein.

Events of Default and Remedies of Bondholders

Events of Default. The following events are Events of Default under the Subordinate Indenture:

(a) default in the payment of any interest on any Subordinate Bond when and as the same has become due;

(b) default in the payment of the principal of or premium, if any, on any Subordinate Bond when and as the same has become due, whether at the stated maturity or redemption date thereof or otherwise; and

(c) default in the observance or performance of any other covenant or agreement of the Authority contained in the Subordinate Indenture and the continuance thereof for a period of 60 days after written notice thereof to the Authority given by the Subordinate Trustee.

The Subordinate Trustee is not required to take notice or be deemed to have notice of any Event of Default of the type described in clause (c) above unless the Subordinate Trustee has been specifically notified in writing of such default by the Authority, or by the Owners of at least 25% in aggregate

principal amount of all Subordinate Bonds then Outstanding, by means of a written notice delivered at the Principal Office of the Subordinate Trustee.

Application of Revenue and Other Funds After Default. If an Event of Default occurs and is continuing, all Revenue pledged under the Subordinate Indenture and any other funds then held or thereafter received by the Subordinate Trustee under any of the provisions of the Subordinate Indenture are to be under the control of and applied by the Subordinate Trustee as follows and in the following order:

(a) first, to the payment of any amounts due the Senior Indenture Trustee pursuant to the Written Instruction;

(b) second, to the payment of any expenses necessary in the opinion of the Subordinate Trustee to protect the interests of the Holders of the Subordinate Bonds and payment of reasonable charges and expenses of the Subordinate Trustee (including reasonable fees and disbursements of its counsel) incurred in and about the performance of its powers and duties under the Subordinate Indenture; and

(c) third, to the payment of the principal and interest then due on Subordinate Bonds and amounts then due on Subordinate Parity Obligations, in the order in which such amounts became due, subject to the provisions of the Subordinate Indenture and of the Written Instruction.

Suits at Law or in Equity and Mandamus. In case one or more Events of Default occur, then and in every such case the Subordinate Trustee may, and will at the request of the Holders of not less than a majority of the aggregate principal amount of any Series of Subordinate Bonds then Outstanding (or such greater percentage of the Holders of Subordinate Bonds of any Series as may be specified in the Supplemental Indenture creating such Series) upon receiving adequate indemnity, potentially including indemnity provided by such Holders, proceed to protect and enforce Bondholder rights by such appropriate judicial proceeding as the Subordinate Trustee deems most effectual to protect and enforce any such right, either by suit in equity or by action at law, whether for the specific performance of any covenant or agreement contained in the Subordinate Indenture, or in aid of the exercise of any power granted in the Subordinate Indenture, or to enforce any other legal or equitable right vested in the Bondholders by the Subordinate Indenture or the Subordinate Bonds or by law. The provisions of the Subordinate Indenture constitute a contract with each and every Bondholder and the duties of the Authority are to be enforceable by the Subordinate Trustee on behalf of any Bondholder by mandamus or other appropriate suit, action or proceeding in any court of competent jurisdiction. Nothing therein is to be deemed to authorize the Subordinate Trustee to authorize or consent to or accept or adopt on behalf of any Bondholder any plan of reorganization, arrangement, adjustment, or composition affecting the Subordinate Bonds or the rights of any Holder thereof, or to authorize the Subordinate Trustee to vote in respect of the claim of any Bondholder in any such proceeding without the approval of the Bondholders so affected.

No Acceleration Permitted. The remedies available to the Subordinate Trustee and the Holders of Subordinate Bonds upon and following the occurrence of an Event of Default do not include acceleration of the maturity of any Subordinate Bonds. The remedies available to the Senior Indenture Trustee and the holders of Senior Bonds upon and following the occurrence of an event of default under the Senior Indenture do not include acceleration of the maturity of any Senior Bonds.

Subordinate Trustee

The Subordinate Trustee will be required to perform such duties and only such duties as are specifically set forth in the Subordinate Indenture. The Subordinate Trustee has accepted the duties imposed upon it under the Subordinate Indenture and agreed, among other things: to hold all sums held by it under the Subordinate Indenture in trust for the benefit of the Holders of Subordinate Bonds as provided in the Subordinate Indenture; to perform its obligations under the Subordinate Indenture; and to keep such books and records relating to its duties as Subordinate Trustee as is consistent with reasonable industry practice.

No provision of the Subordinate Indenture is to be construed to relieve the Subordinate Trustee from liability for its own negligent action or its own negligent failure to act, except that, at all times regardless of whether or not any Event of Default exists: (i) the duties and obligations of the Subordinate Trustee are to be determined solely by the express provisions of the Subordinate Indenture, and the Subordinate Trustee is not to be liable except for the performance of such duties and obligations as are specifically set forth in the Subordinate Indenture, and no implied covenants or obligations are to be read into the Subordinate Indenture against the Subordinate Trustee; (ii) in the absence of bad faith on the part of the Subordinate Trustee, the Subordinate Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon any certificate, notice, order, requisition, request, consent or opinion furnished to the Subordinate Trustee conforming to the requirements of the Subordinate Indenture; but in the case of any such certificate, notice, order, requisition, request, consent or opinion which by any provision thereof is specifically required to be furnished to the Subordinate Trustee, the Subordinate Trustee is to be under a duty to examine the same to determine whether or not it, on its face, conforms to the requirements of the Subordinate Indenture; (iii) the Subordinate Trustee is not to be liable for any error of judgment made in good faith unless it is proved that the Subordinate Trustee was negligent in ascertaining the pertinent facts; and (iv) the Subordinate Trustee is not to be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction of the Holders of not less than a majority, or such larger or smaller percentage as may be required under the Subordinate Indenture, in aggregate principal amount of the Subordinate Bonds at the time Outstanding relating to the time, method and place of conducting any proceeding for any remedy available to the Subordinate Trustee or exercising any trust or power conferred upon the Subordinate Trustee under the Subordinate Indenture. The permissive right of the Subordinate Trustee to do things enumerated in the Subordinate Indenture as a right is not to be construed as a duty and the Subordinate Trustee is not to be answerable for other than its negligence or willful misconduct.

None of the provisions contained in the Subordinate Indenture are to require the Subordinate Trustee to expend or risk its own funds or otherwise incur individual financial liability in the performance of any of its duties or in the exercise of any of its rights or powers. The Subordinate Trustee will not be required to give any bond or surety in respect of the execution of the said trusts and powers or otherwise in respect of the premises. Before taking any action under the Subordinate Indenture relating to an Event of Default, the Subordinate Trustee may require that adequate indemnity be furnished for the reimbursement of all expenses to which it may be put and to protect it against all liability.

The Subordinate Trustee is not to be accountable for the use or application by the Authority of the proceeds of the Subordinate Bonds or for the use or application of any money paid over to the Authority by the Subordinate Trustee in accordance with the provisions of the Subordinate Indenture. The Subordinate Trustee has no responsibility or liability with respect to any information, statements or recitals in any offering memorandum or other disclosure material prepared or distributed with respect to the issuance of the Subordinate Bonds other than information provided by the Subordinate Trustee for use therein, if any.

Whenever in the administration of the Subordinate Indenture the Subordinate Trustee deems it necessary or desirable that a matter be provided or established prior to taking or suffering any action to be taken under the Subordinate Indenture, such matter (unless other evidence in respect thereof is specifically prescribed in the Subordinate Indenture) may, in the absence of negligence or willful misconduct on the part of the Subordinate Trustee, be deemed to be conclusively proved and established by a Certificate of the Authority and delivered to the Subordinate Trustee and such certificate, in the absence of negligence or willful misconduct on the part of the Subordinate Trustee, will be full warrant to the Subordinate Trustee for any action taken, suffered or omitted by it under the provisions of the Subordinate Indenture upon the faith thereof.

Qualifications of Subordinate Trustee; Resignation; Removal. Under the Subordinate Indenture, there will at all times be a trustee that is a commercial bank, trust company or national association organized and doing business under the laws of the United States or of a state thereof, authorized under such laws to exercise corporate trust powers, having (or if such bank, trust company or national association is a member of a bank holding company system, its holding company has) a combined capital and surplus of at least five hundred million dollars (\$500,000,000), and subject to supervision or examination by federal or state authority. If such banks, trust companies, or banking associations publish reports of condition at least annually, pursuant to law or to the requirements of any supervising or examining authority above referred to, then, for the purposes of the Subordinate Indenture, the combined capital and surplus of such banks, trust companies or banking associations will be deemed to be their combined capital and surplus as set forth in their most recent reports of conditions so published.

The Subordinate Trustee may at any time resign by giving at least thirty (30) days' written notice to the Authority. Upon receiving such notice of resignation, the Authority, is to promptly appoint a successor trustee by an instrument in writing. If no successor trustee has been so appointed and has accepted appointment within thirty (30) days after the giving of such notice of resignation, the resigning trustee may petition any court of competent jurisdiction for the appointment of a successor trustee, or any Holder who has been a bona fide Holder of a Subordinate Bond for at least six months may, on behalf of itself and any others similarly situated, petition any such court for the appointment of a successor trustee. Such court may thereupon, after such notice, if any, as it may deem proper and prescribe, appoint a successor trustee.

In case at any time either of the following occurs: (i) the Subordinate Trustee is to cease to be eligible in accordance with the provisions of the Subordinate Indenture and fails to resign after written request therefor by the Authority or by any Holder who has been a bona fide Holder of a Subordinate Bond for at least six months; or (ii) the Subordinate Trustee becomes incapable of acting, or is adjudged a bankrupt or insolvent, or a receiver of the Subordinate Trustee or of its property is appointed, or any public officer takes charge or control of the Subordinate Trustee or of its property or affairs for the purpose of rehabilitation, conservation or liquidation, then, in any such case, the Authority may remove the Subordinate Trustee and appoint a successor trustee by an instrument in writing executed by an Authorized Representative, or any Holder who has been a bona fide Holder of a Subordinate Bond for at least six months may, on behalf of itself and all others similarly situated, petition any court of competent jurisdiction for the removal of the Subordinate Trustee and the appointment of a successor trustee. Such court may thereupon, after such notice, if any, as it may deem proper and prescribe, remove the Subordinate Trustee and appoint a successor trustee. If no successor trustee has been so appointed by the Authority and has accepted appointment within thirty (30) days after such removal, the Subordinate Trustee may petition any court of competent jurisdiction for the appointment of a successor trustee, or any Holder who has been a bona fide Holder of a Subordinate Bond for at least six months may, on behalf of itself and any others similarly situated, petition any such court for the appointment of a successor trustee.

The Authority or Holders of a majority in aggregate principal amount of the Subordinate Bonds at the time Outstanding may at any time remove the Subordinate Trustee and appoint a successor trustee by an instrument or concurrent instruments in writing signed by an Authorized Representative of the Authority or by such Holders, as the case may be.

Any resignation or removal of the Subordinate Trustee and appointment of a successor trustee pursuant to any of the provisions of the Subordinate Indenture becomes effective upon written acceptance of appointment by the successor trustee acceptable to the Authority. Any successor trustee is to execute, acknowledge and deliver to the Authority and to its predecessor trustee an instrument accepting such appointment under the Subordinate Indenture, and thereupon the resignation or removal of the predecessor trustee becomes effective and such successor trustee, without any further act, deed or conveyance, becomes vested with all the rights, powers, trusts, duties and obligations of its predecessor in the trusts under the Subordinate Indenture, with like effect as if originally named as Trustee therein; but, nevertheless, on the Written Request of the Authority or the request of the successor trustee, the predecessor trustee ceasing to act is to execute and deliver an instrument transferring to such successor trustee, upon the trusts therein expressed, all the rights, powers and trusts of the Subordinate Trustee so ceasing to act.

Upon request of any such successor trustee, the Authority will execute any and all instruments in writing necessary or desirable for more fully and certainly vesting in and confirming to such successor trustee all such rights, powers and duties. No successor trustee will accept appointment as provided in the Subordinate Indenture unless at the time of such acceptance such successor trustee shall be eligible under the provisions of the Subordinate Indenture. Upon acceptance of appointment by a successor trustee as provided in the Subordinate Indenture, the Authority or such successor trustee will give Holders notice of the succession of such trustee to the trusts thereunder.

Any company into which the Subordinate Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it is a party or any company to which the Subordinate Trustee may sell or transfer all or substantially all of its corporate trust business, provided such company is eligible under the Subordinate Indenture and acceptable to the Authority, will be the successor to such Subordinate Trustee without the execution or filing of any paper or any further act, anything in the Subordinate Indenture to the contrary notwithstanding.

In the event of the resignation or removal of the Subordinate Trustee, the Subordinate Trustee will deliver any money and any Subordinate Bonds and its related books and records held by it in such capacity to its successor.

The Subordinate Trustee may execute any of the trusts or powers thereof and perform any of its duties and responsibilities under the Subordinate Indenture by or through attorneys, agents or receivers, including issuing and paying agents as provided in the Subordinate Indenture, and the Subordinate Trustee is not to be answerable for the conduct of the same if appointed with due care under the Subordinate Indenture, provided that the Subordinate Trustee remains responsible for its duties under the Subordinate Indenture. The Subordinate Trustee may consult with counsel and the advice or any opinion of counsel is to be full and complete authorization and protection in respect of any action taken or omitted by it under the Subordinate Indenture in the absence of negligence and willful misconduct and in accordance with such advice or opinion of counsel.

Modification or Amendment of the Subordinate Indenture

Amendments Permitted Without Bondholder Consent. Except to the extent restricted by a Supplemental Indenture, the Authority and the Subordinate Trustee, without the consent of or notice to any Bondholders, may execute Supplemental Indentures amending the Subordinate Indenture for one or more of the following purposes:

(a) to grant to or confer upon the Bondholders of any Series any additional rights, remedies, powers or authority that may lawfully be granted to or conferred upon the Bondholders;

(b) to grant or pledge to the Bondholders of any Series any additional security;

(c) to amend the Subordinate Indenture in such manner as may be necessary or convenient in connection with the book-entry system for payments, transfers and other matters relating to the Subordinate Bonds;

(d) to cure any ambiguity or to correct or supplement any provision of the Subordinate Indenture that, in the Opinion of Bond Counsel, is defective or inconsistent with any other provision of the Subordinate Indenture;

(e) to make any change therein necessary, in the Opinion of Bond Counsel, to maintain the exclusion from gross income for federal income tax purposes of the interest on any Outstanding Subordinate Bonds intended by the Authority to bear federally tax-exempt interest;

(f) to make modifications or adjustments necessary in order to accommodate a Credit Support Instrument or a Reserve Facility;

(g) to modify, alter, amend or supplement the Subordinate Indenture if (1) all of the Subordinate Bonds to be affected thereby are variable interest rate bonds, (2) the modification, alteration, amendment or supplement will not become effective until written notice thereof has been given to Bondholders of the affected Series by the Subordinate Trustee, and (3) 30 days will have passed during which time such Bondholders will have had the opportunity to tender their variable interest rate Subordinate Bonds for purchase;

(h) to make any change therein that does not materially and adversely affect Bondholders (and the absence of a material or adverse effect may, but is not required to, be evidenced by a Certificate of the Authority or an Opinion of Bond Counsel); and

(i) to issue additional Subordinate Bonds under the Subordinate Indenture in accordance with the terms of the Subordinate Indenture;

provided, that no such amendment may permit, or be construed as permitting, (i) an extension of the maturity of the principal of, or the mandatory redemption date of, or interest on, any Subordinate Bond, or (ii) a reduction in the principal amount of, or the redemption premium or the rate of interest on, any Subordinate Bond, or (iii) a preference or priority of any Subordinate Bond or Subordinate Bonds over any other Subordinate Bond or Subordinate Bonds, or (iv) a reduction in the aggregate principal amount of the Subordinate Bonds required for any consent to any amendment as described in the following paragraph.

Amendments Requiring Bondholder Consent. Exclusive of amendments authorized by the provisions of the Subordinate Indenture described above and subject to the terms and provisions

contained in the Subordinate Indenture and in any Supplemental Indenture, the Holders of not less than a majority of the aggregate principal amount of the then Outstanding Subordinate Bonds, or if less than all of the Outstanding Subordinate Bonds are affected, the Holders of not less than a majority of the aggregate principal amount of the Outstanding Subordinate Bonds affected, will have the right, from time to time, anything contained in the Subordinate Indenture to the contrary notwithstanding, to consent to such other amendments thereto for the purpose of modifying, altering, amending, or supplementing any of the terms or provisions contained in the Subordinate Indenture or in any Supplemental Indenture; provided, however, that nothing in the Subordinate Indenture will permit, or be construed as permitting (i) an extension of the maturity of the principal of, or the mandatory redemption date of, or interest on, any Subordinate Bond, or (ii) a reduction in the principal amount of, or the redemption premium or the rate of interest on, any Subordinate Bond, or (iii) a preference or priority of any Subordinate Bond or Subordinate Bonds over any other Subordinate Bond or Subordinate Bonds, or (iv) a reduction in the aggregate principal amount of the Subordinate Bonds required for any consent to any amendment.

Execution and Effect of Supplemental Indenture. Prior to executing any Supplemental Indenture, the Subordinate Trustee is entitled to receive and rely upon an Opinion of Bond Counsel to the effect that such Supplemental Indenture is authorized or permitted under the Subordinate Indenture. The Subordinate Trustee is not obligated to execute any Supplemental Indenture adversely affecting its rights, duties protections and immunities under the Subordinate Indenture. Upon the execution and delivery of any Supplemental Indenture pursuant to the provisions of the Subordinate Indenture, the Subordinate Indenture is to be deemed to be modified and amended in accordance therewith, and the respective rights, duties and obligations under the Subordinate Indenture of the Authority, the Subordinate Trustee and all Owners of Outstanding Subordinate Bonds are thereafter to be determined, exercised and enforced subject in all respects to such modification and amendment, and all the terms and conditions of any such Supplemental Indenture are to be deemed to be part of the terms and conditions of the Subordinate Indenture for any and all purposes.

Discharge of Lien

Discharge of Lien and Security Interest. At the election of the Authority, upon payment in full of all the Subordinate Bonds and of all other amounts payable under the Subordinate Indenture, the pledge and lien on the Revenue arising under the Subordinate Indenture is to cease, determine and be void; provided, however, such discharge of the Subordinate Indenture will not terminate the powers and rights granted to the Subordinate Trustee with respect to the payment, transfer and exchange of the Subordinate Bonds.

The Authority may at any time surrender to the Subordinate Trustee for cancellation any Subordinate Bonds previously authenticated and delivered under the Subordinate Indenture that the Authority at its option may have acquired in any manner whatsoever and such Subordinate Bonds upon such surrender and cancellation will be deemed to be paid and retired.

Notwithstanding any provision in the Subordinate Indenture to the contrary, if the principal of or interest on any Subordinate Bonds are paid by a Credit Provider, those Subordinate Bonds are to remain Outstanding for all purposes, not be defeased or otherwise satisfied and not be considered paid by the Authority within the meaning of the Subordinate Indenture, and the pledge of the Revenue and all covenants, agreements and other obligations of the Authority as therein provided are to continue to exist and will run to the benefit of such Credit Provider, and such Credit Provider is to be subrogated to the rights of the Holders.

Provision for Payment of Subordinate Bonds. Subordinate Bonds (or any portion of the Subordinate Bonds) are to be deemed to have been paid within the meaning of the above paragraphs if:

(a) there have been irrevocably deposited with the Subordinate Trustee in trust either (i) lawful money of the United States of America in an amount that will be sufficient, or (ii) Defeasance Securities, the principal and interest on which when due, together with the moneys, if any, deposited with the Subordinate Trustee at the same time, will be sufficient (as confirmed by a report of an Independent Certified Public Accountant), to pay when due the principal amount of, redemption premium (if any) and all unpaid interest on such Subordinate Bonds (or any portion thereof) to the maturity or the redemption date thereof, as the case may be; and

(b) if any such Subordinate Bonds are to be redeemed on any date prior to their maturity, (i) the Subordinate Trustee has received (not less than 45 days prior to the proposed redemption date) in form satisfactory to it irrevocable written instructions from an Authorized Representative to redeem such Subordinate Bonds on such date and (ii) notice of such redemption has been given or provision satisfactory to the Subordinate Trustee has been irrevocably made for the giving of such notice.

In addition, all money so deposited with the Subordinate Trustee as provided in the provisions of the Subordinate Indenture described under subparagraph (a)(i) above may also be invested and reinvested, at the written direction of an Authorized Representative, in Defeasance Securities, maturing in the amounts and times as set forth in the Subordinate Indenture, subject to the confirming report of an Independent Certified Public Accountant as to the sufficiency thereof as provided in the provisions of the Subordinate Indenture described under subparagraph (a)(ii) above, and all income from all Defeasance Securities in the hands of the Subordinate Trustee pursuant to the Subordinate Indenture, that is not required for the payment of the principal of the Subordinate Bonds and interest and redemption premium, if any, thereon with respect to which such money has been so deposited, is to be deposited in the Bond Fund as and when realized and applied as is other money deposited in the Bond Fund, or in the event there are no longer any Subordinate Bonds Outstanding under the Subordinate Indenture, such income is to be automatically paid over to the Authority.

Notwithstanding any other provision of the Subordinate Indenture, no Subordinate Bond that is subject to optional or mandatory tender in accordance with the provisions of the Supplemental Indenture pursuant to which such Subordinate Bond was issued, is to be deemed to be paid within the meaning of the Subordinate Indenture, unless arrangements have been made to assure that such Subordinate Bond, if tendered for purchase prior to the date of its redemption or maturity in accordance with the provisions of the applicable Supplemental Indenture, could be paid and redeemed from such moneys or Defeasance Securities as are provided pursuant to the provisions of the Subordinate Indenture summarized under “Provision for Payment of Bonds.”

Liability of Authority Limited to Revenue

The Authority is not required to advance any money derived from any source of income other than Revenue as provided in the Subordinate Indenture for the payment of the principal of or redemption premium, if any, or interest on the Subordinate Bonds or for the performance of any agreements or covenants contained therein. The Authority may, however, advance funds for any such purpose so long as such funds are derived from a source legally available for such purpose and may be used by the Authority for such purpose without incurring an indebtedness prohibited by the Subordinate Indenture.

Unless otherwise specified in a supplemental Indenture with respect to one or more Series of Bonds, the principal and Purchase Price of, premium, if any, and interest on the Subordinate Bonds will be payable in lawful currency of the United States of America.

Rights of Credit Providers

A Supplemental Indenture authorizing a Series of Subordinate Bonds may provide that any Credit Provider providing a Credit Support Instrument with respect to Subordinate Bonds of such Series may exercise any right under the Subordinate Indenture given to the Owners of the Subordinate Bonds to which such Credit Support Instrument relates.

All provisions under the Subordinate Indenture authorizing the exercise of rights by a Credit Provider with respect to consents, approvals, directions, waivers, appointments, requests or other actions, are to be deemed not to require or permit such consents, approvals, directions, waivers, appointments, requests or other actions and is to be read as if the Credit Provider were not mentioned therein during any period during which there is a default by such Credit Provider under the applicable Credit Support Instrument or after the applicable Credit Support Instrument at any time for any reason ceases to be valid and binding on the Credit Provider, or is declared to be null and void by final judgment of a court of competent jurisdiction, or after the Credit Support Instrument has been rescinded, repudiated by the Credit Provider or terminated, or after a receiver, conservator or liquidator has been appointed for the Credit Provider or if the Credit Provider is rated below Baa3 by Moody's or BBB- by S&P. All provisions relating to the rights of a Credit Provider are to be of no further force and effect if all amounts owing to the Credit Provider under a Credit Support Instrument have been paid and the Credit Support Instrument provided by such Credit Provider is no longer in effect.

APPENDIX D

BOOK-ENTRY ONLY SYSTEM

The following information concerning The Depository Trust Company (“DTC”) and DTC’s book-entry system has been obtained from sources that the Authority and the Underwriters believe to be reliable, but neither the Authority nor the Underwriters take responsibility for the accuracy thereof. Capitalized terms used herein and not otherwise defined herein shall have the meanings set forth in this Official Statement and in APPENDIX B – “DEFINITIONS AND SUMMARY OF CERTAIN PROVISIONS OF THE SENIOR INDENTURE” and APPENDIX C – “DEFINITIONS AND SUMMARY OF CERTAIN PROVISIONS OF THE SUBORDINATE INDENTURE.”

1. DTC will act as securities depository for the 2024-2 Variable Rate Bonds. The 2024-2 Variable Rate Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered 2024-2 Variable Rate Bond certificate will be issued for each maturity of each Series of the 2024-2 Variable Rate Bonds, in the aggregate principal amount of such maturity of the Series of 2024-2 Variable Rate Bonds, and will be deposited with DTC.

2. DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

3. Purchases of the 2024-2 Variable Rate Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the 2024-2 Variable Rate Bonds on DTC’s records. The ownership interest of each actual purchaser of each 2024-2 Variable Rate Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the 2024-2 Variable Rate Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the 2024-2 Variable

Rate Bonds, except in the event that use of the book-entry system for the 2024-2 Variable Rate Bonds is discontinued.

4. To facilitate subsequent transfers, all 2024-2 Variable Rate Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co, or such other name as may be requested by an authorized representative of DTC. The deposit of 2024-2 Variable Rate Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the 2024-2 Variable Rate Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such 2024-2 Variable Rate Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. The Authority, the Senior Indenture Trustee will not have any responsibility or obligation to such DTC Participants or the persons for whom they act as nominees with respect to the 2024-2 Variable Rate Bonds.

6. Redemption notices shall be sent to DTC. If less than all of the 2024-2 Variable Rate Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

7. Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the 2024-2 Variable Rate Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Authority as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the 2024-2 Variable Rate Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds, principal, premium, if any, and interest payments on the 2024-2 Variable Rate Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Authority, the Senior Indenture Trustee, on each payment date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Senior Indenture Trustee or the Authority, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, premium, if any and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Authority, the Senior Indenture Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

9. A Beneficial Owner shall give notice to elect to have its 2024-2 Variable Rate Bonds purchased or tendered, through its Participant, to Remarketing Agent, and shall effect delivery of such 2024-2 Variable Rate Bonds by causing the Direct Participant to transfer the Participant's interest in the 2024-2 Variable Rate Bonds, on DTC's records, to Remarketing Agent. The requirement for physical delivery of 2024-2 Variable Rate Bonds in connection with an optional tender or a mandatory purchase will

be deemed satisfied when the ownership rights in the 2024-2 Variable Rate Bonds are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered 2024-2 Variable Rate Bonds to Remarketing Agent's DTC account.

10. DTC may discontinue providing its services as depository with respect to the 2024-2 Variable Rate Bonds at any time by giving reasonable notice to the Authority or the Senior Indenture Trustee. Under such circumstances, in the event that a successor depository is not obtained, 2024-2 Variable Rate Bonds are required to be printed and delivered.

11. The Authority may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, 2024-2 Variable Rate Bonds certificates will be printed and delivered to DTC.

No Assurance Regarding DTC Practices

AS LONG AS CEDE & CO. OR ITS SUCCESSOR IS THE REGISTERED HOLDER OF THE 2024-2 VARIABLE RATE BONDS, AS NOMINEE OF DTC, REFERENCES HEREIN TO THE REGISTERED HOLDERS OF THE 2024-2 VARIABLE RATE BONDS SHALL MEAN CEDE & CO., AS AFORESAID, AND SHALL NOT MEAN THE BENEFICIAL OWNERS OF THE 2024-2 VARIABLE RATE BONDS. ANY FAILURE OF DTC TO ADVISE ANY PARTICIPANT, OR OF ANY PARTICIPANT TO NOTIFY ANY BENEFICIAL OWNER, OF ANY NOTICE AND ITS CONTEXT OR EFFECT WILL NOT AFFECT THE VALIDITY OR SUFFICIENCY OF THE PROCEEDINGS RELATING TO THE REDEMPTION OF THE 2024-2 VARIABLE RATE BONDS CALLED FOR REDEMPTION OR OF ANY OTHER ACTION PREMISED ON SUCH NOTICE. Each person for whom a Participant acquires an interest in the 2024-2 Variable Rate Bonds, as nominee, may desire to make arrangements with such Participant to receive a credit balance in the records of such Participant, and may desire to make arrangements with such Participant to have all notices of redemption or other communications to DTC, which may affect such person, forwarded in writing by such Participant and to receive notification of all interest payments.

NONE OF THE AUTHORITY, THE SENIOR INDENTURE TRUSTEE OR THE UNDERWRITERS WILL HAVE ANY RESPONSIBILITY OR OBLIGATION WITH RESPECT TO THE PAYMENTS TO THE DIRECT PARTICIPANTS, ANY INDIRECT PARTICIPANTS OR THE BENEFICIAL OWNERS, THE SELECTION OF THE BENEFICIAL INTERESTS IN THE 2024-2 VARIABLE RATE BONDS TO BE REDEEMED IN THE EVENT OF REDEMPTION OF LESS THAN ALL 2024-2 VARIABLE RATE BONDS OF A SERIES OR THE PROVISION OF NOTICE TO THE DIRECT PARTICIPANTS, ANY INDIRECT PARTICIPANTS OR THE BENEFICIAL OWNERS WITH RESPECT TO THE 2024-2 VARIABLE RATE BONDS. NO ASSURANCE CAN BE GIVEN BY THE AUTHORITY, THE SENIOR INDENTURE TRUSTEE OR THE UNDERWRITERS THAT DTC, DIRECT PARTICIPANTS, INDIRECT PARTICIPANTS OR OTHER NOMINEES OF THE BENEFICIAL OWNERS WILL MAKE PROMPT TRANSFER OF PAYMENTS TO THE BENEFICIAL OWNERS, THAT THEY WILL DISTRIBUTE NOTICES, INCLUDING REDEMPTION NOTICES (REFERRED TO ABOVE), RECEIVED AS THE REGISTERED OWNER OF THE 2024-2 VARIABLE RATE BONDS TO THE BENEFICIAL OWNERS, THAT THEY WILL DO SO ON A TIMELY BASIS, OR THAT DTC WILL ACT IN THE MANNER DESCRIBED IN THIS OFFICIAL STATEMENT.

In the event the Authority or the Senior Indenture Trustee determines not to continue the book-entry system or DTC determines to discontinue its services with respect to the 2024-2 Variable Rate Bonds, and the Authority does not select another qualified securities depository, the Authority shall deliver one or more 2024-2 Variable Rate Bonds in such principal amount or amounts, in authorized denominations, and registered in whatever name or names, as DTC shall designate. In such event, transfer and exchanges of

2024-2 Variable Rate Bonds will be governed by the provisions of the Senior Indenture or Subordinate Indenture, as applicable.

PROPOSED FORM OF OPINION OF BOND COUNSEL

[Date of Delivery]

Bay Area Toll Authority
San Francisco, California

Bay Area Toll Authority

San Francisco Bay Area Toll Bridge Revenue Bonds,
2024 Series H and 2024 Series I
(Variable Rate Bonds)

(Final Opinion)

Ladies and Gentlemen:

We have acted as bond counsel to the Bay Area Toll Authority (the “Issuer”) in connection with issuance of \$200,000,000 aggregate principal amount of Bay Area Toll Authority San Francisco Bay Area Toll Bridge Revenue Bonds, 2024 Series H and 2024 Series I (Variable Rate Bonds) (collectively, the “Bonds”), issued pursuant to a Master Indenture, dated as of May 1, 2001, as previously supplemented and amended, including as supplemented by a Thirty-Ninth Supplemental Indenture, dated as of June 1, 2024 (hereinafter collectively referred to as the “Indenture”), between the Issuer and U.S. Bank Trust Company, National Association, as trustee (the “Trustee”). Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Indenture.

In such connection, we have reviewed the Indenture, the Tax Certificate, dated the date hereof (the “Tax Certificate”), of the Issuer, opinions of counsel to the Issuer and the Trustee, certificates of the Issuer, the Trustee and others, and such other documents, opinions and matters to the extent we deemed necessary to render the opinions set forth herein.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. Such opinions may be affected by actions taken or omitted or events occurring after the original delivery of the Bonds on the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions are taken or omitted or events do occur or any other matters come to our attention after the original delivery of the Bonds on the date hereof. Accordingly, this letter speaks only as of its date and is not intended to, and may not, be relied upon or otherwise used in connection with any such actions, events or matters. Our engagement with respect to the Bonds has concluded with their issuance, and we disclaim any obligation to update this letter. We have assumed the genuineness of all documents and signatures provided to us and the due and legal execution and delivery thereof by, and validity against, any parties other than the Issuer. We have assumed, without undertaking to verify, the accuracy of the factual matters represented, warranted or certified in the documents, and of the legal conclusions contained in the opinions, referred to in the second paragraph hereof. Furthermore, we have assumed compliance with all covenants and agreements contained in the Indenture and the Tax Certificate, including (without limitation) covenants and agreements compliance with which is necessary to assure that future actions, omissions or events will not cause interest on the Bonds to be included in gross income for federal income tax purposes. We call attention to the fact that the rights and obligations under the Bonds, the Indenture and the Tax Certificate and their enforceability may be subject to bankruptcy, insolvency, receivership, reorganization, arrangement, fraudulent

conveyance, moratorium and other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases and to the limitations on legal remedies against governmental entities such as the Issuer in the State of California. We express no opinion with respect to any indemnification, contribution, liquidated damages, penalty (including any remedy deemed to constitute a penalty), right of set-off, arbitration, judicial reference, choice of law, choice of forum, choice of venue, non-exclusivity of remedies, waiver or severability provisions contained in the foregoing documents, nor do we express any opinion with respect to the state or quality of title to or interest in any of the property described in or as subject to the lien of the Indenture or the accuracy or sufficiency of the description contained therein of, or the remedies available to enforce liens on, any such property. Our services did not include financial or other non-legal advice. Finally, we undertake no responsibility for the accuracy, completeness or fairness of the Official Statement, dated June 18, 2024, or other offering material relating to the Bonds and express no view with respect thereto.

Based on and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The Bonds constitute the valid and binding special obligations of the Issuer.
2. The Indenture has been duly executed and delivered by, and constitutes the valid and binding agreement of, the Issuer.
3. Interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 and is exempt from State of California personal income taxes. Interest on the Bonds is not a specific preference item for purposes of the federal individual alternative minimum tax. We observe that interest on the Bonds included in adjusted financial statement income of certain corporations is not excluded from the federal corporate alternative minimum tax. We express no opinion regarding other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Bonds.

Faithfully yours,

ORRICK, HERRINGTON & SUTCLIFFE LLP

(1) Reflects actual interest rates for outstanding Fixed Rate Bonds. All variable interest rate bonds are assumed to be in the current rate mode until each series' respective mandatory tender date. Bonds bearing interest in Term mode are projected at actual fixed interest rates. Bonds bearing interest in Index mode, are projected using the Authority's variable interest rate assumption of 2.00%, plus each series' respective fixed spread. Bonds bearing interest in variable interest rate (Daily Rate or Weekly Rate) mode, are projected using the Authority's variable interest rate assumption plus liquidity and remarketing fees estimated to be 1.00%. After the respective mandatory tender dates for each series of bonds bearing interest at Term or Index rates, each such bond is assumed to be in a variable interest rate (Daily Rate or Weekly Rate) mode using the Authority's variable interest rate assumption as described above. All Qualified Swap Arrangements are assumed at the actual fixed interest rates, less a variable rate assumed to be equal to the Authority's variable interest rate assumption as described above. Due to sequestration, the U.S. Treasury Department has announced a decrease in Build America Bonds subsidy amounts by 5.7% in federal fiscal year 2021 through federal fiscal year 2030. This decrease is reflected in debt service shown above. See "RISK FACTORS – Risk of Non-Payment of Direct Subsidy Payments" in the forepart of this Official Statement. This table is not a contract for future debt service, but rather a projection based on assumptions the Authority believes are reasonable. The debt service presented in this table has not been prepared in accordance with the additional bonds requirements of the Senior Indenture or the Subordinate Indenture.

(b) The Authority shall give, or cause to be given, notice of the occurrence of any of the following events with respect to the Bonds, if material, in a timely manner not later than ten business days after the occurrence of the event:

(c) The Authority intends to comply with the Listed Events described in Section 5(a)(10) and Section 5(b)(8), and the definition of “Financial Obligation” in Section 2 hereof, with reference to the Rule, any other applicable federal securities laws and the guidance provided by the Securities and Exchange Commission (the “**Commission**”) in Release No. 34-83885 dated August 20, 2018 (the “**2018 Release**”), and any further amendments or written guidance provided by the Commission or its staff with respect to the amendments to the Rule effected by the 2018 Release.

(d) The Trustee shall promptly advise the Authority at its notice address in this Disclosure Agreement whenever, in the course of performing its duties as Trustee under the Indenture, the Trustee has actual notice of an occurrence of a Listed Event and request that the Authority promptly notify the Dissemination Agent in writing whether to report the event pursuant to subsection (g) below. The Dissemination Agent shall have no liability for not reporting a Listed Event pursuant to subsection (g) below, if so instructed by the Authority. The Trustee, in so notifying the Authority of such Listed Event, shall have no obligation to determine the materiality of the Listed Event or whether such Listed Event reflects financial difficulties.

(e) Whenever the Authority obtains knowledge of the occurrence of a Listed Event, whether because of a notice from the Trustee pursuant to subsection (d) above or otherwise, the Authority shall notify the Dissemination Agent promptly in writing of such event. Subject to subsection (f) below, the notice shall instruct the Dissemination Agent to report the occurrence of such Listed Event pursuant to subsection (g) below.

(f) The Authority shall determine whether the occurrence of the Listed Event under subsection (b) above would constitute material information for holders of Bonds within the meaning of the federal securities laws. The Authority shall include such determination in its notice delivered to the Dissemination Agent pursuant to subsection (e) above, and if material, shall direct the Dissemination Agent to report the occurrence pursuant subsection (g) below. If the Authority determines that the occurrence of a Listed Event under subsection (b) above is not material under the federal securities laws, the Authority shall so notify the Dissemination Agent in writing and instruct the Dissemination Agent not to report the occurrence pursuant to subsection (g) below.

(g) If the Dissemination Agent has been instructed by the Authority to report the occurrence of a Listed Event, the Dissemination Agent shall file a notice of such occurrence with the MSRB in a timely manner not later than ten business days after the occurrence of the event, subject to timely receipt of notice from the Authority pursuant to subsection (e) above. Notwithstanding the foregoing, notice of Listed Events described in subsections (a)(7) or (b)(3) of this Section 5 need not be given under this subsection any earlier than the notice (if any) of the underlying event is given to the holders of affected Bonds pursuant to the Indenture and notice of any other Listed Event is only required following the actual occurrence of the Listed Event. The notice of Listed Event must be submitted in electronic format, accompanied by such identifying information as is prescribed by the MSRB.

(h) The Dissemination Agent shall be entitled to request and receive, and may conclusively rely on, an opinion of Counsel that the Authority’s instructions to the Dissemination Agent under this Section 5 comply with the requirements of the Rule.

Section 6. Termination of Reporting Obligation.

(a) The Authority’s obligations under this Disclosure Agreement shall terminate upon a legal defeasance, prior redemption or payment in full of all of the Bonds. The Trustee’s obligations hereunder shall terminate upon its resignation or removal as Trustee under the Indenture. The Dissemination Agent’s

obligations hereunder shall terminate upon either (a) a legal defeasance, prior redemption or payment in full of all of the Bonds, or (b) its resignation or removal under the terms of this Disclosure Agreement.

(b) This Disclosure Agreement, or any provision hereof, shall be null and void in the event that the Authority (i) delivers to the Trustee an opinion of Counsel, addressed to the Authority and the Trustee, to the effect that those portions of the Rule which require this Disclosure Agreement, or any of the provisions hereof, do not or no longer apply to the Bonds, whether because such portions of the Rule are invalid, have been repealed, or otherwise, as shall be specified in such opinion, and (ii) delivers copies of such opinion to the Dissemination Agent for delivery to the MSRB.

Section 7. Dissemination Agent. From time to time, the Authority may appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Agreement, and may discharge any such Dissemination Agents with or without appointing a successor Dissemination Agent. If at any time there is not any other designated Dissemination Agent, the Trustee shall be the Dissemination Agent. On the date of issuance of the Bonds, the Dissemination Agent shall be Digital Assurance Certification, L.L.C. Any change in the Dissemination Agent shall not constitute an amendment or waiver of any provision of this Disclosure Agreement pursuant to Section 8 hereof.

Section 8. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Agreement, the Authority may amend this Disclosure Agreement (and, to the extent such amendment affects the rights or duties of the Dissemination Agent, with the written consent of the Dissemination Agent), and any provision of this Disclosure Agreement may be waived, provided that the following conditions are satisfied:

(a) If the amendment or waiver relates to the provisions of Sections 3(a), 4 or 5(a) hereof, it may be made only in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the Authority with respect to the Bonds, or type of business conducted;

(b) The undertakings herein, as proposed to be amended or waived, in the opinion of Counsel, would have complied with the requirements of the Rule at the time of the primary offering of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The proposed amendment or waiver either (i) is approved by holders of the Bonds in the manner provided in the Indenture for amendments to the Indenture with the consent of holders, or (ii) in the opinion of Counsel, does not materially impair the interests of the holders or beneficial owners of the Bonds.

Section 9. Additional Information. Nothing in this Disclosure Agreement shall be deemed to prevent the Authority from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Agreement. If the Authority chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, the Authority shall have no obligation under this Disclosure Agreement to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

Section 10. Default. In the event of a failure of the Authority to comply with any provision of this Disclosure Agreement, any holder or beneficial owner of the Bonds or the Trustee may (and, at the request of any Participating Underwriter or the holders of at least 25% aggregate principal amount of

Outstanding Bonds, and upon being indemnified to its satisfaction, the Trustee shall) take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the Authority to comply with its obligations under this Disclosure Agreement. A default under this Disclosure Agreement shall not be deemed an Event of Default under the Indenture, and the sole remedy under this Disclosure Agreement in the event of any failure of the Authority to comply with this Disclosure Agreement shall be an action to compel performance.

Section 11. Duties, Immunities and Liabilities of Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Agreement. The Dissemination Agent shall not be required to consent to any amendment that would impose any greater duties or risk of liability on the Dissemination Agent. No person shall have any right to commence any action against the Dissemination Agent seeking any remedy other than to compel specific performance of this Disclosure Agreement. The Dissemination Agent shall not be liable under any circumstances for monetary damages to any person for any breach of this Disclosure Agreement.

It is understood and agreed that any information that the Dissemination Agent may be instructed to file with the MSRB shall be prepared and provided to it by the Authority. The Dissemination Agent has undertaken no responsibility with respect to any reports, notices or disclosures provided to it under this Disclosure Agreement, and has no liability to any person, including any holder of Bonds, with respect to any such reports, notices or disclosures. The fact that the Dissemination Agent or any affiliate thereof may have any fiduciary or banking relationship with the Authority shall not be construed to mean that the Dissemination Agent has actual knowledge of any event or condition except as may be provided by written notice from the Authority.

The Trustee shall be afforded the same rights, protections and immunities afforded to it as Trustee under the Indenture.

The Bank agrees that it will use its own funds (and not the funds of any other Person) in paying drawings under the Letter of Credit.

The Authority hereby directs the Bank to make payments under the Letter of Credit in the manner therein provided. The Authority hereby irrevocably approves reductions and reinstatements of the Available Amount as provided in the Letter of Credit.

Section 2.3. Reimbursement of Drawings; Prepayment; Interest. (a) If the conditions precedent contained in Section 5.2 hereof are satisfied at the time of payment by the Bank of a Liquidity Drawing, such Liquidity Drawing shall constitute an advance (“*Liquidity Advance*”) by the Bank to the Authority. Subject to the acceleration of Obligations (including Liquidity Advances) in accordance with Section 7.2(d), each Liquidity Advance shall be repaid in thirteen (13) equal quarterly installments of principal (each, an “*Amortization Payment*”) payable on each Amortization Payment Date for such Liquidity Advance and with the final Amortization Payment (which shall be equal to all principal of such Liquidity Advance remaining outstanding) being due and payable no later than the Amortization End Date for such Liquidity Advance. A Liquidity Advance shall be prepaid by the Authority (i) on each date on which a Bank Bond purchased with the proceeds of the Liquidity Drawing which gave rise to such Liquidity Advance (a “*Related Bank Bond*”) is redeemed, defeased or is otherwise paid in accordance with its terms, but only to the extent of the principal amount of the Related Bank Bond so redeemed, defeased or otherwise paid; and (ii) the date of the remarketing of a Related Bank Bond, but only to the extent of the principal amount of such Related Bank Bond that is remarketed. If the Letter of Credit is replaced with a Credit Support Instrument, as a condition precedent to such replacement, the Authority shall, or shall cause the issuer of such Credit Support Instrument to, prepay in full on or prior to the applicable Substitution Date all outstanding Liquidity Advances derived from Liquidity Drawings made pursuant to the Letter of Credit. If the Letter of Credit is terminated following a drawing thereunder made to purchase Bonds in connection with the conversion of the interest mode of such Bonds to a mode other than a Daily Rate or a Weekly Rate, the Authority shall prepay in full on the date of conversion all outstanding Liquidity Advances derived from Liquidity Drawings made pursuant to the Letter of Credit. The Authority may also elect to prepay a Liquidity Advance in whole or in part at any time on any Business Day, without premium or penalty. If the Authority prepays a Liquidity Advance it shall give Notice to the Bank on the date such prepayment is made. Each date on which the principal amount of a Liquidity Advance is required to be paid or prepaid or is optionally prepaid is hereinafter referred to as a “*Liquidity Advance Payment Date*.”

(b) The Authority also promises to pay interest on the unpaid principal amount of each Liquidity Advance from the date such Liquidity Advance is made until it is paid in full, at a rate per annum equal to the Bank Rate from time to time in effect. Interest on the unpaid principal amount of each Liquidity Advance shall be payable on the first Business Day of each calendar month following the date such Liquidity Advance was made and on each Liquidity Advance Payment Date on the amount being prepaid. Any Liquidity Advance and/or interest thereon that is not paid when due shall bear interest at the rate per annum equal to the Default Rate from time to time in effect.

(c) The Authority agrees to reimburse the Bank for the full amount of any Liquidity Drawing honored by the Bank (but only if the conditions precedent contained in Section 5.2 hereof

are not satisfied on the date of payment by the Bank of such Liquidity Drawing) immediately following, and on the date of, payment by the Bank of each such drawing. If the Authority does not make such reimbursement on such date, each such reimbursement obligation shall bear interest at the rate per annum equal to the (i) the Federal Funds Rate for such date plus 0.5% until the next Business Day, (ii) the Base Rate for the period commencing on the Business Day after the applicable drawing date to and including the ninth day after the applicable drawing date; and (iii) the Default Rate for the period commencing on the tenth day after the applicable drawing date.

(d) The Authority agrees to reimburse the Bank for the full amount of any drawing (other than a Liquidity Drawing) honored by the Bank immediately following, and on the date of, payment by the Bank of each such drawing. (f) Any interest payable pursuant to this Agreement or any Bank Bond shall not exceed the Maximum Bank Rate. In the event any interest required to be paid hereunder or in respect of any Bank Bond at any time exceeds the Maximum Bank Rate, the portion of such interest required to be paid on a current basis shall equal the Maximum Bank Rates; *provided, however*, that the differential between the amount of interest payable assuming no Maximum Bank Rate and the amount paid on a current basis after giving effect to the Maximum Bank Rate shall be carried forward and shall be payable on any subsequent date of calculation so as to result in a recovery of interest previously unrealized (because of the limitation dictated by the Maximum Bank Rate) at a rate of interest, and as part of the interest payable, that, after giving effect to the recovery of such excess and all other interest paid and accrued hereunder or under such Bank Bond to the date of calculation, does not exceed the Maximum Bank Rate. Upon the termination of the Letter of Credit and the payment in full of all obligations of the Authority in connection therewith, in consideration for the limitation of the rate of interest otherwise payable hereunder, to the extent permitted by law, the Authority shall pay to the Bank a fee equal to the amount of all unpaid deferred interest.

(g) In the event any Liquidity Advance is outstanding or any drawing under the Letter of Credit remains unpaid, the Bank shall provide monthly statements to the Authority and the Trustee calculating the interest owed to the Bank; *provided* that the failure to provide any such statement shall not relieve the Authority of any liability for the payment of the interest due hereunder.

(h) If the principal amount of any Liquidity Advance, reimbursement obligation or any other obligation of the Authority under this Agreement, including interest, is not paid when due (whether by acceleration, redemption or otherwise), such overdue principal payment or other obligation shall bear interest from the date such principal amount or other obligation, as the case may be, was due until paid in full (after as well as before judgment) at a rate per annum (computed on the basis of a year of 365/366 days and actual days elapsed) equal, except as otherwise provided in Section 2.3(c) in the case of a Liquidity Drawing that is not converted to a Liquidity Advance, to the Default Rate from time to time in effect. Such interest shall be payable on demand. If at any time an Event of Default has occurred and is continuing, the principal amount of any Liquidity

Advance, reimbursement obligation or any other obligation of the Authority under this Agreement (including, to the extent permitted by law, any interest payment required thereunder), shall bear interest from the date such principal amount or other obligation, as the case may be, was due until paid in full (after as well as before judgment) at a rate per annum (computed on the basis of a year of 365/366 days and actual days elapsed) equal to the Default Rate from time to time in effect. Such interest shall be payable on demand.

(i) Each Liquidity Advance made by the Bank shall be a loan by the Bank to the Authority under this Agreement and pursuant to California Government Code Section 5922(c). The Authority's obligation to repay each Liquidity Advance with interest in accordance with this Agreement shall be evidenced by this Agreement and the Related Bank Bonds. Bank Bonds shall bear interest at the Bank Rate. There shall be credited against the amount payable to the Bank pursuant to Section 2.3 any amount received by the Bank in respect of the payment of principal of, interest on, redemption price or purchase price of Bank Bonds (or beneficial interests therein) owned by the Bank.

Section 2.4. Fees and Expenses. The Authority agrees to pay the fees and expenses in the amounts, at the times and to the Person or Persons set forth in the Fee Letter. All fees and expenses shall be paid from the Authority's Fees and Expenses Fund. (a) On any Business Day that Bank Bonds are outstanding, the Authority may cause the Trustee to give Notice to the Bank stating that the Authority elects to remarket such Bonds in a minimum principal amount of \$100,000 and multiples of \$5,000 in excess thereof, and such Notice may state that the Bonds are to be remarketed to the Authority. Bonds that are purchased by the Authority in any such remarketing will not be cancelled. Any such Notice that is received by the Bank on or before 12:30 p.m. New York City time on a Business Day shall be effective on the Business Day it is received and any such Notice that is received by the Bank after 12:30 p.m. New York City time on a Business Day shall be effective on the next succeeding Business Day. The Bank hereby instructs the Trustee and/or Custodian to release such Bonds, if such Bonds are then held by the Trustee or Custodian, or to tender such Bonds to the Trustee for purchase, if such Bonds are not then held by the Trustee, no later than 3:30 p.m. New York City time on the date designated by the Trustee for remarketing of such Bonds, but only against delivery by wire transfer to the Trustee, the Custodian or the Bank, as the case may be, of the principal amount of the Bonds that are being remarketed plus accrued interest on such Bonds calculated pursuant to Section 2.3; *provided that* none of the Trustee, the Custodian or the Bank shall be obligated to release or tender Bonds for remarketing and the Bank shall not have any obligation to sell such Bonds unless (i) the Authority has paid or has duly provided for the payment of the Differential Interest Amount to the Bank and (ii) the Bank has received no less than two Business Days' prior written notice of such sale. If less than all Bank Bonds of a Series are remarketed on any date, the Bank Bonds of such Series having the highest Differential Interest Amount payable shall be remarketed first. Any sale of a Bank

Bond pursuant to this Section 2.6(a) shall be without recourse to the seller and without representation or warranty of any kind.

(b) Each Bank Bond, and the accrued interest thereon, shall be paid in full by or on behalf of the Authority on the earliest to occur of (i) the date on which such Bank Bond is redeemed, defeased or is otherwise payable in accordance with its terms, (ii) the date of the remarketing of such Bank Bond, (iii) the date on which such Bank Bond matures in accordance with its terms, (iv) the Substitution Date for the Series of Bonds that includes the Bank Bond, (v) the Conversion Date for the Series of bonds that includes the Bank Bond, and (vi) the Amortization End Date for such Bank Bond.

(c) Each Bank Bond, together with accrued interest thereon, shall be redeemed in thirteen (13) equal quarterly installments of principal (each in authorized denominations) payable on each Amortization Payment Date for such Bank Bond and with the final installment being due and payable no later than the Amortization End Date for such Bank Bond. The Bank shall use its best efforts to notify the Authority of the amount of accrued interest on each Bank Bond on the Business Day prior to the date on which such amount is due.

(d) The Authority may optionally redeem any Bank Bond at any time prior to the date on which such Bank Bond is required to be redeemed under Section 2.6(c) on one Business Days' Notice. If Bank Bonds of more than one Series are outstanding on the date the Authority desires to optionally redeem Bank Bonds, the Authority shall redeem Bank Bonds from each Series pro rata based upon the aggregate principal amount of Bank Bonds outstanding on such date.

Section 2.7. Increased Costs. (a) If any Change in Law:

(i) shall subject the Bank to any tax, duty, assessment or other charge with respect to this Agreement, the Fee Letter, the Letter of Credit or any Bank Bonds held by or on behalf of the Bank, or shall change the basis of taxation of payments to the Bank of any amounts due under this Agreement, the Fee Letter or any Bank Bonds held by or on behalf of the Bank (except for changes in the rate of tax on the overall net income of the Bank); or

(ii) shall impose, modify or deem applicable any reserve (including, without limitation, any such requirement imposed by the Board of Governors of the Federal Reserve System), special deposit, compulsory loan, insurance charge or similar requirement against the assets of, deposits with or for the account of, or credit extended by, the Bank (including advances and letters of credit) or shall impose on the Bank or on the United States market for letters of credit any other condition affecting its obligations under this Agreement, the Fee Letter or the Letter of Credit;

and the result of any of the foregoing is to increase the cost to the Bank of performing its obligations under this Agreement and the Letter of Credit, or to reduce the amount of any sum received or receivable by the Bank under this Agreement, the Fee Letter or any Bank Bonds owned by the Bank, by an amount deemed by the Bank to be material, then, within 30 days after demand by the Bank (or, if such increased costs will continue to be incurred by the Bank, in arrears on a

monthly basis as agreed between the Authority and the Bank), the Authority shall pay to the Bank such additional amount or amounts as will compensate the Bank for such increased cost or reduction.

(b) If the Bank determines that any Change in Law affecting the Bank or any Person controlling the Bank (a “Parent”) regarding capital or liquidity requirements has or would have the effect of reducing the rate of return on the capital or liquidity of the Bank or its Parent as a consequence of this Agreement, the Fee Letter or the Letter of Credit to a level below that which the Bank or its Parent would have achieved but for such Change in Law (taking into consideration the Bank’s policies and the policies of its Parent with respect to capital adequacy), then from time to time, within 30 days after demand by the Bank (or if such additional costs of the Bank will continue to be suffered by the Bank, in arrears on a monthly basis as agreed between the Authority and the Bank), the Authority shall pay to the Bank such additional amount or amounts as will compensate the Bank or its Parent for such reduction in the rate of return on the capital or liquidity of the Bank or its Parent.

(c) The Bank will use its best efforts to notify the Authority within 90 days of the Bank’s obtaining knowledge of any Change in Law which will entitle the Bank to compensation pursuant to this Section. If the Bank fails to notify the Authority within such 90-day period, the Authority shall be relieved from any liability for payment of such compensation for any increased costs or reduction in return to the extent (and only to such extent) that such increased costs or reduction in return are incurred during the period commencing after the date the Bank obtains such knowledge and ending on the date the Bank notifies the Authority of such event. A certificate of the Bank claiming compensation under this Section and setting forth the additional amount or amounts to be paid to it hereunder and attaching such information in reasonable detail as may be reasonably requested by the Authority shall be conclusive in the absence of manifest error. In determining such amount, the Bank may use any reasonable average and attribution methods.

(d) No Participant or other transferee of the Bank’s rights shall be entitled to receive any greater payment under this Section than the Bank would have been entitled to receive with respect to the rights transferred, unless such transfer is made with the Authority’s prior written consent.

(e) The obligations of the Authority under this Section 2.7 shall survive the termination of this Agreement.

Section 2.8. Manner and Place of Payments; Interest Calculation. (a) Unless otherwise specified herein, all payments by the Authority under this Agreement, including, without limitation, payments of principal of or interest on Liquidity Advances and Bank Bonds, shall be effective only if made in lawful money of the United States and in immediately available funds by wire transfer to the Payment Account of the Bank.

(b) All payments by or on behalf of the Authority hereunder shall be made to the Bank not later than 4:30 p.m., New York City time, to its Payment Account. If any payment hereunder becomes due and payable on a day other than a Business Day, the due date for such payment shall be extended without penalty to the next succeeding Business Day. If the date for any payment hereunder is extended by operation of law or otherwise, interest thereon shall be payable for such

extended time. All payments received later than 4:30 p.m. New York City time on the date due shall bear interest for each day from the due date until payment in full at the Default Rate for such day.

(c) Interest payable hereunder and under any Fee Letter and interest on each Bank Bond owned by the Bank shall be calculated on the basis of a year of 365/366 days based on the actual number of days elapsed.

(d) Any and all payments to the Bank by or on behalf of the Authority hereunder and/or under the Fee Letter shall be made free and clear of and without deduction for any and all taxes, levies, imposts, deductions, charges, withholdings or liabilities imposed thereon, excluding, however, taxes imposed on or measured by the net income or capital of the Bank by any jurisdiction or any political subdivision or taxing authority thereof or therein solely as a result of a connection between the Bank and such jurisdiction or political subdivision (all such non excluded taxes, levies, imposts, deductions, charges, withholdings and liabilities being hereinafter referred to as “*Taxes*”). If the Authority shall be required by law to withhold or deduct any Taxes imposed by the United States or any political subdivision thereof from or in respect of any sum payable hereunder or under the Fee Letter to the Bank, (i) the sum payable shall be increased as may be necessary so that after making all required deductions (including deductions applicable to additional sums payable under this Section 2.8), the Bank receives an amount equal to the sum it would have received had no such deductions been made, (ii) the Authority shall make such deductions and (iii) the Authority shall pay the full amount deducted to the relevant taxation authority or other authority in accordance with applicable law. In addition, the Authority agrees to pay any present or future stamp, recording or documentary taxes and any other excise or property taxes, charges or similar levies that arise under the laws of the United States of America, the State of California, the State of New York or any other taxing authority from any payment made hereunder, made under the Fee Letter or from the execution or delivery or otherwise with respect to this Agreement or the Fee Letter or Letter of Credit (hereinafter referred to as “*Other Taxes*”). The Bank shall provide to the Authority within a reasonable time a copy of any written notification it receives with respect to Other Taxes owing by the Authority to the Bank hereunder; *provided* that the failure by the Bank to send such notice shall not relieve the Authority of its obligation to pay such amounts hereunder.

(e) The Authority shall, to the fullest extent permitted by law, indemnify the Bank for the full amount of Taxes and Other Taxes including any Taxes or Other Taxes imposed by any jurisdiction on amounts payable under this Section 2.8 paid by the Bank or any liability (including penalties, interest and expenses) arising therefrom or with respect thereto, whether or not such Taxes or Other Taxes were correctly or legally asserted; *provided*, that the Authority shall not be obligated to indemnify the Bank for any penalties, interest or expenses relating to Taxes or Other Taxes arising from the Bank’s gross negligence or willful misconduct. The Bank agrees to give notice to the Authority of the assertion of any claim against the Bank relating to such Taxes or Other Taxes as promptly as is practicable after being notified of such assertion; *provided*, that the Bank’s failure to notify the Authority promptly of such assertion shall not relieve the Authority of its obligation under this Section 2.8. Payments by the Authority pursuant to this indemnification shall be made within thirty (30) days from the date the Bank makes written demand therefor, which demand shall be accompanied by a certificate describing in reasonable detail the basis thereof.

(f) Within thirty (30) days after the date of any payment of Taxes by the Authority, the Authority shall furnish to the Bank the original or a certified copy of a receipt evidencing payment thereof. The Authority shall compensate the Bank for all reasonable losses and expenses sustained by the Bank as a result of any failure by the Authority to so furnish such copy of such receipt.

(g) The obligations of the Authority under this Section 2.8 shall survive the termination of this Agreement.

Section 2.9. Reserved.

Section 2.10. Substitution of the Banks. If at any time the Authority intends to replace the Letter of Credit with a Credit Support Instrument to be issued by another Person, the Authority shall so notify the Bank at least thirty (30) days in advance of the effective date of such replacement.

Section 2.11. Reserved.

Section 2.12. Extensions. Not less than 120 (one hundred twenty) days prior to the Stated Expiration Date of the Letter of Credit, the Authority may make a written request to the Bank to extend the Stated Expiration Date of the Letter of Credit. The Bank shall respond to any such request, in its sole discretion, by written notice to the Authority, such notice to be given within forty-five (45) days after receipt of such request from the Authority. The Bank's determination to accept or reject any such request shall be within the Bank's sole and absolute discretion. The failure of the Bank to respond to such a request shall be deemed a denial of that request. If the Bank agrees to such an extension, the Bank shall deliver to the Trustee notice of extension in accordance with the terms of the Letter of Credit. Any date to which the Stated Expiration Date of the Letter of Credit has been extended in accordance with this Section 2.12 may be extended in like manner.

SECTION 3. REPRESENTATIONS AND WARRANTIES OF AUTHORITY.

The Authority by its acceptance hereof represents, warrants and agrees with the Bank as follows:

Section 3.1. Power and Authority. The Authority has all requisite power and authority to adopt, execute, deliver and perform all of its obligations under the Related Documents and to incur the indebtedness evidenced by the Bonds, and to adopt, execute and deliver any and all instruments and documents required to be adopted, executed or delivered pursuant to or in connection herewith or therewith and to perform each and all of the matters and things provided for herein and therein.

Section 3.2. No Violation. The execution, delivery and performance by the Authority of the Related Documents and any and all instruments or documents required to be adopted or executed in connection herewith or therewith have been duly authorized and do not and will not, in any respect material to the ability of the Authority to perform its obligations under this Agreement or the remedies of the Bank under this Agreement, (i) violate any provision of any law, rule, regulation, order, writ, judgment, injunction, decree, determination or award in effect having applicability to the Authority or (ii) result in a breach of or constitute a default under any indenture,

Section 3.4. Binding Agreements. This Agreement and each of the other Related Documents constitutes the valid and binding obligation of the Authority, enforceable against the Authority in accordance with its terms, except as such enforceability may be limited by insolvency, moratorium or other laws or equitable principles relating to or affecting the enforcement of creditors' rights generally, by application of equitable principles, and by the limitations on legal remedies against the Authority in the State of California, which limitations are set forth in California Government Code Sections 900 through 985 and California Code of Civil Procedure Sections 695.040, 695.050 and 712.070 and applicable court decisions, and payment of the Bonds is and shall continue to be an obligation of the Authority secured by and payable from the sources specified in the Indenture.

Section 3.5. No Litigation. There is no action, suit, proceeding, inquiry or investigation at law or in equity before or by any court, arbitrator, governmental or other board, body or official, pending with service of process accomplished or, to the best knowledge of the Authority after due inquiry, threatened against or affecting the Authority, which in any manner draws into question the validity or enforceability of any of the Related Documents or in any way contests the existence, organization or powers of the Authority or any elected official thereof to adopt, execute and deliver any of the Related Documents, to issue the Bonds or to perform the obligations thereunder or contemplated thereby.

Section 3.6. Accurate Disclosure. To the knowledge of the Authority, all factual information provided to the Bank by or on behalf of the Authority is, and all other such factual information hereafter provided will be, accurate in all material respects on the date as of which such information is certified. The Official Statement for the Bonds will not as of its date contain any untrue statement of a material fact and will not as of its date omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which made, not misleading, except no representation is made as to any information furnished by DTC, Caltrans or the Bank expressly for inclusion therein.

Except as disclosed to the Bank in writing prior to the Effective Date, there has been no material adverse change in the condition, financial or otherwise, of the Authority from that set forth in those audited financial statements of the Authority.

Section 3.8. Sovereign Immunity. The Authority is not entitled to immunity from legal proceedings to enforce this Agreement, the Fee Letter, the Bonds (including Bank Bonds) or any other Related Document (including, without limitation, immunity from service of process or immunity from jurisdiction of any court otherwise having jurisdiction); *provided, however*, the Authority is a public agency subject to the rules of procedure applicable to public agencies that differ from those applicable to other Persons.

Section 3.9. Compliance with Agreements. The Authority is in compliance with the terms and conditions of this Agreement and each of the other Related Documents, and no breach of the terms hereof or thereof nor any Event of Default has occurred and is continuing, and no event, act or omission has occurred and is continuing which, with the lapse of time, the giving of notice, or both, would constitute an Event of Default or a breach of the terms hereof or thereof.

Section 3.10. Trust Estate. The Indenture creates a valid pledge in favor of the Trustee in the Trust Estate and all necessary action on the part of the Authority, the Trustee and the Bank has been taken as required (other than delivery of possession of after acquired moneys, securities and instruments to the Trustee) to pledge and grant a valid security interest in the Trust Estate for the benefit of the Owners under the Indenture (including the Bank as Owner of a Bank Bond), the holders of Parity Obligations (including the Bank holding a Reimbursement Obligation), and the Bank (as a holder of Obligations other than Reimbursement Obligations) prior to any pledge, lien, assignment or security interest of any other creditors of the Authority except that the Obligations (other than Reimbursement Obligations) in favor of the Bank are secured on a basis subordinate to the Subordinate Obligations of the Authority.

Section 3.11. Bonds; Parity Obligations. Each Bond (including each Bank Bond), Liquidity Advance and unreimbursed drawing is entitled to the benefits of the Indenture. The obligation of the Authority to reimburse the Bank for drawings made under the Letter of Credit, to pay interest thereon, to pay Liquidity Advances, to pay interest thereon and to pay Bank Bonds and interest thereon is secured by Bridge Toll Revenues on parity with the obligation of the Authority to pay the principal of, and interest on, the Bonds and such obligations are designated as Parity Obligations under the Indenture. Section 3.18. Use of Proceeds. No part of the proceeds made available hereunder or under the Letter of Credit will (a) be used for the purpose, whether immediate, incidental, or ultimate, to purchase or carry any margin stock (within the meaning of Regulation U of the Board of Governors of the Federal Reserve System, as amended from time to time), or to external credit to others for the purpose of purchasing or carrying any margin stock, or for any other purpose which would violate any of the regulations of said Board of Governors or (b) violate Anti-Corruption Laws or applicable Sanctions.

Section 3.19. Incorporation of Representations and Warranties by Reference. The Authority hereby makes to the Bank the same representations and warranties as are set forth in the Related Documents (other than the Remarketing Agreement), which representations and warranties, as well as the related defined terms contained therein, are hereby incorporated by reference with the same effect as if each and every representation and warranty and defined term were set forth herein in its entirety.

Section 3.20. Anti-Corruption Laws and Sanctions. The Authority has implemented and maintains in effect policies and procedures designed to ensure compliance by the Authority and its directors, officers and employees with Anti-Corruption Laws and applicable Sanctions, and the Authority and its officers and employees and to the knowledge of the Authority its directors and agents, are in compliance with Anti-Corruption Laws and applicable Sanctions in all material respects. Notwithstanding anything herein or in any Related Document to the contrary, no Event of Default shall relieve the Bank from its obligation to make payment under the Letter of Credit in the manner and upon the conditions set forth therein.

SECTION 6. COVENANTS.

So long as the Letter of Credit remains outstanding and until all Obligations shall have been paid in full, the Authority shall comply with the following covenants:

Section 6.1. Notice. The Authority will promptly give written notice to the Bank of the occurrence of any Event of Default known to the Authority or any event known to the Authority which, upon a lapse of time or notice or both, could reasonably be expected to become an Event of Default and shall provide a written statement of an Authorized Authority Representative setting forth the details of each such Event of Default or potential Event of Default and the action which the Authority proposes to take with respect thereto.

Section 6.2. Accounting Records; Information. The Authority will maintain adequate books, accounts and records in order to present its financial statements as required by the laws of California. The Authority shall provide to the Bank or shall make available to the public free of charge (or other restrictions) on the Authority's website or via the Electronic Municipal Market Access the following:

(a) a copy of its audited annual financial statements as soon as they are available (and in no event later than 210 days after the end of each fiscal year of the Authority), together with an audit opinion thereon prepared by an independent certified public accountant and a certificate of the Authority signed by a duly authorized officer certifying that as of the date of such certificate no Event of Default has occurred and is continuing and the Authority is in compliance with Section 6.15 hereof;

(b) (i) as soon as practicable and in any event within sixty (60) days following the end of each of the first three fiscal quarters of the fiscal year beginning on July 1st of each year, commencing with the fiscal quarter ending on March 31, 2024, a copy of the Authority's unaudited financial reports cover letter, a comparison of the Authority's operating budget to actual amounts incurred and the MTC investment report for the fiscal quarter then ended; and (ii) as soon as practicable and in any event within ninety (90) days following the end of the fourth fiscal quarter of the fiscal year beginning on July 1st of each year, a copy of the Authority's unaudited financial reports cover letter, a comparison of the Authority's operating budget to actual amounts incurred and the MTC investment report for the fiscal quarter then ended; and

(2) a copy of any supplement, amendment or modification to the Indenture as soon as it is available (and in no event later than thirty (30) days after the effectiveness thereof).

Section 6.3. Maintenance of Tax-Exempt Status. The Authority will take no action or fail to take any action with respect to investment of proceeds of the Bonds or in any other respect which will result in the Bonds being considered "arbitrage bonds" within the meaning of the Code or otherwise adversely affect the exclusion of interest on any Bond from gross income for federal income tax purposes.

Section 6.4. Access to Books and Records. To the extent permitted by law and with reasonable notice, the Authority will permit any person designated by the Bank to visit the offices of the Authority to examine the books and financial records, including minutes of meetings of any relevant governmental committees or agencies, and make copies thereof or extracts therefrom, and to discuss the affairs, finances and accounts of the Authority with its principal officials, all at such reasonable times and as often as the Bank may reasonably request. The Bank agrees to maintain the confidentiality of all such books, records and information regarding the Authority which is not otherwise publicly available; *provided, however,* that the Bank shall not be precluded from disclosing such information or the contents of such books and records (i) to its officers, directors, employees, agents, attorneys, auditors and accountants who have a need to know such books, records or information in accordance with customary banking practices and who receive such books, records or information having been made aware of the restrictions set forth in this Section 6.4, (ii) to any actual or proposed Participant, transferee, assignee, pledgee or Bank which has agreed in writing to be bound by the provisions of this Section 6.4, (iii) to the extent disclosure is required by law, statute, rule, regulation or judicial process or (iv) upon the lawful demand of any court or agency or regulator having jurisdiction over the Bank or any Participant.

Section 6.5. Compliance with Documents. The Authority agrees that it will perform and comply with each and every covenant and agreement required to be performed or observed by it in the Related Documents.

Section 6.6. Compliance with Laws. The Authority shall comply with all laws, rules and regulations, and with all final orders, writs, judgments, injunctions, decrees or awards to which it may be subject; *provided, however,* that the Authority may contest the validity or application thereof and appeal or otherwise seek relief therefrom, and exercise any and all of the rights and remedies which it may have with regard thereto, so long as such acts do not affect the Authority's power and authority to execute and deliver the Related Documents, to perform its obligations thereunder and to pay all amounts payable by it hereunder.

Section 6.7. Amendments. The Authority shall not amend, modify, terminate or grant, or permit the amendment, modification, termination or grant of, any waiver under, or consent to, or permit or suffer to occur any action or omission which results in, or is equivalent to, an amendment, termination, modification, or grant of a waiver of a material nature under the Indenture or any Bond without the prior written consent of the Bank, except as permitted in Article IX of the Indenture and Section 6.12 of this Agreement. Subject to the right of the Authority to appoint Remarketing Agents pursuant to Section 6.14, the Authority shall not amend or modify, or grant any waiver of, any material provision of any Remarketing Agreement without the prior consent of the Bank.

Section 6.8. Official Statement. The Authority shall not change any reference to the Bank or include any additional reference to the Bank in any official statement or reoffering circular for the Bonds without the Bank's prior written consent thereto, which the Bank shall not unreasonably withhold based upon customary business practices at the time such consent is requested.

Section 6.9. Voluntary Redemption. Without the prior written consent of the Bank at any time it may own Bank Bonds, the Authority shall not cause the optional redemption pursuant to the Indenture of any Bonds bearing interest at a variable rate (other than Bank Bonds) prior to redeeming such Bank Bonds in full; *provided* that if notice of redemption of Bonds has been mailed when no Bank Bonds are outstanding, such redemption of Bonds may be completed even if Bank Bonds arise after the mailing of such notice but prior to the redemption. Without limiting the preceding sentence, the Authority shall not issue, or cause the Trustee to issue, a notice of optional redemption of the Bonds of any Series unless (i) the optional redemption notice is given in connection with the issuance of refunding bonds the proceeds (or a portion thereof) of which will be used to reimburse the Bank for the drawing that will be made under the Letter of Credit to pay the redemption price of the Bonds or (ii) the Authority has deposited with the Trustee an amount sufficient to reimburse the Bank for the full amount of the drawing under the Letter of Credit that will be made in connection with such optional redemption; or the notice states that such redemption is conditioned upon the Trustee receiving the deposit described in (ii) above on or prior to the scheduled date of redemption.

Section 6.10. Certain Notices. The Authority shall give the Bank prompt notice of any action, suit or proceeding known to it at law or in equity or by or before any governmental instrumentality, entity or other agency which, if adversely determined, would materially impair the ability of the Authority to carry out its obligations under this Agreement, the other Related Documents or any other document, instrument or agreement required hereunder or thereunder. The Authority shall promptly give written notice to the Bank of any material dispute which may exist between the Authority on the one hand and the Trustee or any Remarketing Agent on the other hand or any dispute in connection with any transaction contemplated under this Agreement or any other Related Document.

Section 6.11. Existence. The Authority shall maintain its legal existence.

Section 6.12. Incorporation of Certain Covenants. The covenants of the Authority set forth in Articles V and VI of the Indenture (in each case, as in effect on the Effective Date), as well as the related defined terms contained therein, are hereby incorporated by reference with the same

effect as if each and every covenant and defined term were set forth herein in its entirety. Without the written consent of the Bank, no amendment to such covenants or defined terms made pursuant to the Indenture shall be effective to amend such covenants and defined terms as incorporated by reference herein.

Section 6.13. Substitution. The Authority agrees that, on or prior to the delivery of any Credit Support Instrument to replace the Letter of Credit, the Authority or the issuer of the Credit Support Instrument, as the case may be, will provide immediately available funds to the Bank, which funds, when taken together with funds available to the Bank under the Indenture on or prior to the delivery of such Credit Support Instrument will be sufficient to ensure the payment of all Obligations owing to the Bank.

Section 6.14. Removal and Appointment of Successors. The Authority shall not, without prior consultation with the Bank in good faith, remove the Trustee. If the Trustee is removed or resigns, the Authority may appoint any of the Persons listed on Schedule 6.14 under the caption “Permitted Trustees” as successor Trustee without the consent of the Bank. If the Authority desires to appoint a Person other than a Person listed on Schedule 6.14 as successor Trustee, the Authority must obtain the prior written consent of the Bank, which consent shall not be unreasonably withheld. The Authority shall cause each successor Trustee to enter into a Custodian Agreement with the Authority and the Bank at the time such successor is appointed. The Authority shall not, without prior consultation with the Bank whose Letter of Credit supports a Series of Bonds, in good faith, remove the Remarketing Agent for such Series of Bonds. If a Remarketing Agent for a Series of Bonds is removed or resigns, the Authority may appoint any of the Persons listed on Schedule 6.14 under the caption “Permitted Remarketing Agents” as a successor Remarketing Agent or a Person that is a member of the Financial Industry Regulatory Authority, Inc. with a minimum net worth of \$100,000,000 (based upon its most recently publicly filed financial statements) without the consent of the Bank. If the Authority desires to appoint a Person other than a Person listed on Schedule 6.14 or a Person that is a member of the Financial Industry Regulatory Authority, Inc. with a minimum net worth of \$100,000,000 (based upon its most recently publicly filed financial statements) as a successor Remarketing Agent for a Series of Bonds, the Authority must obtain the prior written consent of the Bank whose Letter of Credit supports that Series of Bonds, which consent shall not be unreasonably withheld.

Section 6.15. Minimum Coverage. The Authority shall establish tolls on the Bay Area Bridges in accordance with Section 6.04 of the Indenture at rates sufficient to pay all amounts due from time to time (including, without limitation, principal of, and interest on, Debt of the Authority) in respect of obligations secured by Bridge Toll Revenues.

Section 6.16. Proceeds. The proceeds of drawings under the Letter of Credit will be used solely to the pay the principal of, redemption price of, purchase price of, and interest on the Bonds and for no other purpose, including, without limitation, a purpose in violation of Anti-Corruption Laws or Sanctions. The proceeds of Liquidity Advances will be used solely to pay the purchase price of Bonds which have been tendered and have not been remarketed and for no other purpose, including, without limitation, a purpose in violation of Anti-Corruption Laws or Sanctions.

Section 6.17. Exempt Status. The Authority shall not take any action or omit to take any action that, if taken or omitted, would adversely affect the excludability of interest on the Bonds from the gross income of the holders thereof for purposes of Federal income taxation.

Section 6.18. ERISA. The Authority will not establish, become a party to or contribute to any “employee benefit plan” within the meaning of Section 3(3) of the Employee Retirement Income Security Act of 1974, as amended, or any other form of bonus, incentive compensation, deferred compensation or other similar plan or arrangement other than a “governmental plan” within the meaning of Section 414(b) of the Code and Section 3(32) of the Employee Retirement Income Security Act of 1974, as amended.

Section 6.19. Expiration of the Letter of Credit. If Bonds will remain outstanding on and after the Stated Expiration Date of the Letter of Credit other than as fixed rate Bonds, index Bonds, term Bonds or auction rate Bonds, the Authority shall obtain a Credit Support Instrument to become effective on or before such Stated Expiration Date.

Section 6.20. Improved Payment Terms. So long as this Agreement has not terminated, the Authority shall not: (a) issue any bonds pursuant to the Act payable from and secured by Bridge Toll Revenues other than bonds issued pursuant to the Indenture or bonds issued pursuant to another indenture that are subordinate in right of payment to bonds issued pursuant to the Indenture or (b) issue any bonds payable from and secured by Bridge Toll Revenues the principal of which may be accelerated upon the occurrence of one or more events or at the direction of any Person. If, after the date of this Agreement, the Authority enters into any liquidity agreement or arrangement or obtains credit enhancement with respect to any bonds payable from and secured by Bridge Toll Revenues that contains a “term-out” or “bullet” payment provision or mandatory redemption schedule that requires the payment or redemption of such bonds (i) in less than five (5) years and with an “interest-only” period of less than two (2) years or no “interest-only” period, (ii) in installments more frequent than quarterly installments and/or (iii) in a single payment or in installment payments other than equal installments of principal over the amortization period (excluding the interest-only period) (“*Improved Payment Terms*”), the Authority will promptly notify the Bank and provide a copy of such agreement containing the Improved Payment Terms to the Bank and, if the Bank requests the Authority to amend this Agreement within sixty (60) days of the Bank’s receipt of such agreement, then the Authority will amend Sections 2.3(a) and 2.6(c) to provide for Improved Payment Terms and, if the consent of any Person other than the Bank is required in order to amend Sections 2.3(a) and 2.6(c), secure the consent of such Person and if any other procedures are required to effectuate such amendment, the Authority will perform such procedures.

Section 6.21. Other Bank Agreements. In the event that the Authority shall, after the date of this Agreement, enter into any Bank Agreement providing any Bank Party with additional or more restrictive covenants; additional or more restrictive events of default; additional or more expansive remedies (other than pricing or interest rate increases) and/or additional or more expansive security/collateral provisions (collectively, the “*Additional Rights*”) than are provided to the Bank in this Agreement, the Authority shall promptly notify the Bank of such Additional Rights and, if within thirty (30) days after such notice the Bank so requests, the Authority and the Bank shall promptly enter into an amendment to this Agreement to include such Additional Rights

in this Agreement, effective immediately after any applicable requirements of the Indenture have been satisfied, including, without limitation, any mandatory tender of the Bonds. Notwithstanding anything to the contrary set forth in this Section, the ability of the Bank to terminate the Letter of Credit other than in accordance with its terms may not be amended without confirmation from each Rating Agency then rating the Bonds that such amendment will not adversely impact such Rating Agency's Rating in respect of such Bonds.

Section 6.22. Anti-Terrorism Laws. The Authority is not in violation of any Anti-Terrorism Law nor does it engage in or conspire to engage in any transaction that evades or avoids, or has the purpose of evading or avoiding, or attempts to violate, any of the prohibitions set forth in any Anti-Terrorism Law.

SECTION 7. EVENTS OF DEFAULT; REMEDIES.

Section 7.1. Events of Default. It shall be an "Event of Default" hereunder if any of the following events shall occur and be continuing:

(a) The Authority shall fail to pay, or cause to be paid, when due (i) the principal of, or interest on, any Liquidity Advance or Bank Bond or reimbursement obligation arising from a drawing under the Letter of Credit (other than a Liquidity Drawing which has become a Liquidity Advance); or (ii) any Obligation (other than an Obligation described in clause (i) immediately above) and, in the case of this clause (ii) only, such failure shall continue unremedied for ten (10) Business Days or more; or

a result of a default or event of default caused by or attributable to the Authority under the related Swap Contract); or

(d) Any material provision of any Related Document at any time for any reason ceases to be valid and binding on the Authority in accordance with the terms of such Related Document or is declared or ruled to be null and void by a court or other governmental agency of appropriate jurisdiction; or

(e) An Event of Insolvency shall have occurred; or

(f) The long-term unenhanced ratings (i.e., any rating that is assigned to a Bond (other than a Bank Bond) or any other indebtedness of the Authority senior to or on a parity with the Bonds (other than Bank Bonds) and secured by and payable from Bridge Toll Revenues without regard to the provision of credit enhancement such as a letter of credit, bond insurance policy or other financial guarantee) of the Bonds or any other indebtedness of the Authority senior to or on a parity with the Bonds and secured by and payable from Bridge Toll Revenues shall be withdrawn or suspended for credit related reasons by any two of Fitch, S&P and Moody's or reduced below "BBB-," "BBB-" and "Baa3," respectively, by any two of Fitch, S&P and Moody's; or

(g) A breach by the Authority of the provisions of, or an event of default by the Authority shall occur and be continuing under, any Related Document (other than this Agreement) or under any Other Reimbursement Agreement and the expiration of any applicable grace period shall have occurred; or

(h) The Authority shall default in the observance or performance of any covenant or agreement set forth in Section 6.1, 6.7, 6.8, 6.9, 6.11, 6.13, 6.14 or 6.16 of this Agreement; or

(i) The Authority shall default in the observance or performance of any covenant or agreement contained in this Agreement (other than those contained in Sections 6.19, 6.2(b) and Section 6.2(1) and those listed in Section 7.1(h)) and such default shall continue for thirty (30) days after written notice of such default shall have been given to the Authority by the Bank; or

(j) Any representation or warranty on the part of the Authority contained in, or incorporated into, this Agreement shall at any time prove to have been untrue in any material respect when made or when reaffirmed, as the case may be;

(k) The existence of the Authority is terminated or the Authority is dissolved; or

(l) One or more judgments or orders for the payment of money in excess of \$35,000,000 in the aggregate and payable from Bridge Toll Revenues and for which insurance proceeds shall not be available (or for which insurance coverage has been denied)

(m) The Act is repealed, reenacted or amended by legislative or judicial action or any other legislation is enacted, repealed, reenacted or amended, in a manner that could reasonably be expected to result in a material adverse effect on the ability of the Authority to timely perform its obligations under the Related Documents.

Section 7.2. Remedies. In addition to any other remedies herein or by law or by equity provided, upon the occurrence and during the continuance of any Event of Default:

(a) The Bank may give notice of the occurrence of such Event of Default to the Trustee, directing the Trustee to cause a mandatory tender of the Bonds, causing the Letter of Credit to terminate in accordance with its terms thirty (30) days thereafter;

(b) The Bank shall be entitled to proceed to enforce all remedies, available, if any, under the Related Documents;

(c) The Bank shall be entitled to proceed to enforce all remedies available under the Related Documents and under applicable law and in equity, including, but not limited to, the right to seek mandamus; and/or

(d) The Bank may declare all Obligations (other than Bank Bonds) to be, and such amounts shall thereupon become, immediately due and payable without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Authority, *provided* that upon the occurrence of an Event of Default under Section 7.1(e) hereof such acceleration shall automatically occur (unless such automatic acceleration is waived by the Bank in writing).

Additionally, from and after the occurrence of an Event of Default (other than an Event of Default of the type described in Section 7.1(i) resulting from a failure of the Authority to comply with its obligations set forth in Section 6.19), the Bank Note and all unreimbursed drawings evidenced thereby shall bear interest at the Default Rate.

Notwithstanding the foregoing provisions of this Section 7.2, the remedies set forth in Section 7.2(a) and Section 7.2(d) shall not be available in the case of an Event of Default of the type described in Section 7.1(i) resulting from a failure of the Authority to comply with its obligations set forth in Section 6.19.

SECTION 8. MISCELLANEOUS.

Section 8.1. Notices; Effectiveness; Electronic Communications. (a) Except in the case of notices and other communications (if any) expressly permitted to be given by telephone (and except as provided in subsection (b) below), all notices and other communications provided for herein shall be in writing and shall be delivered by hand or overnight courier service, mailed by certified or registered mail or sent by fax transmission or e-mail transmission as follows, and all

notices and other communications expressly permitted hereunder to be given by telephone shall be made to the applicable telephone number, to the address, fax number, e-mail address or telephone number specified for the applicable Person in Exhibit B hereto. Notices and other communications sent by hand or overnight courier service, or mailed by certified or registered mail, shall be deemed to have been given when received; notices and other communications sent by fax transmission shall be deemed to have been given when sent (except that, if not given during normal business hours for the recipient, shall be deemed to have been given at the opening of business on the next Business Day for the recipient). Notices and other communications delivered through electronic communications to the extent provided in subsection (b) below, shall be effective as provided in such subsection (c).

(b) Notices and other communications to the Bank hereunder may be delivered or furnished by electronic communication (including e-mail and Internet or intranet websites) pursuant to mutually agreed procedures established by the Bank and the Authority. Each party hereto, in its discretion, agrees to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it provided that the approval of such procedures may be limited to particular notices or communications.

(c) Unless the Bank otherwise prescribes in the procedures described in Section 8.1(b), (i) notices and other communications sent to an e-mail address shall be deemed received upon the sender's receipt of an acknowledgement from the intended recipient (such as by telephone or fax transmission or by the "return receipt requested" function, as available, return e-mail or other written acknowledgement), and (ii) notices and other communications posted to an Internet or intranet website shall be deemed received by the intended recipient upon the sender's receipt of an acknowledgement by the intended recipient (such as by telephone or fax transmission or by the "return receipt requested" function, as available, return email address or other written acknowledgement) indicating that such notice or communication is available and identifying the website address therefor; *provided* that, for both clauses (i) and (ii), if such notice, email or other communication is not sent during the normal business hours of the recipient, such notice, email or communication shall be deemed to have been sent at the opening of business on the next Business Day for the recipient.

(d) Each party hereto may change its address, fax number or telephone number or e-mail address for notices and other communications hereunder by notice to the other parties hereto.

(e) The Bank shall be entitled to, in good faith, rely and act upon any notices (including, without limitation, telephonic or electronic notices) purportedly given by or on behalf of the Authority even if (i) such notices were not made in a manner specified herein, were incomplete or were not preceded or followed by any other form of notice specified herein, or (ii) prior to the receipt of any confirmation thereof, the terms of such notice, as reasonably understood by the recipient, varied from the terms included in such confirmation. The Authority shall indemnify the Bank and its Affiliates from all losses, costs, expenses and liabilities resulting from the reliance by such Person on each notice purportedly given by or on behalf of the Authority. All telephonic notices to and other telephonic communications with the Bank may be recorded by the Bank and each of the parties hereto hereby consents to such recording.

Section 8.2. No Waiver; Cumulative Remedies. No failure or delay on the part of the Authority, or the Bank in exercising any right, power or remedy under this Agreement or the Fee Letter shall operate as a waiver thereof; nor shall any single or partial exercise of any such right, power or remedy preclude any other or further exercise thereof; the remedies herein provided are cumulative and not exclusive of any remedies provided by law. No notice to or demand on the Authority or any other party hereto in any case shall entitle the Authority or such other party to any other or further notice or demand in similar or other circumstances or constitute a waiver of the rights of the Bank to any other or further action in any circumstances without notice or demand.

Section 8.3. Severability. If any provision of this Agreement shall be held to be invalid, inoperative or unenforceable as applied in any particular case in any jurisdiction or jurisdictions, or in all jurisdictions because it conflicts with any provisions of any constitution, statute, rule of public policy, or any other reason, such circumstances shall not have the effect of rendering the provision in question invalid, inoperative or unenforceable in any other case or circumstances, or of rendering any other provision or provisions of this Agreement invalid, inoperative or unenforceable to any extent whatever.

Section 8.4. Amendments, etc. Except as otherwise provided in Sections 2.10, 2.11 and 2.12, no provision of this Agreement or the Fee Letter may be amended or waived, unless such amendment or waiver is in writing and is signed by the Authority and the Bank (and, if the rights or duties of the Trustee are affected thereby, by the Trustee).

Section 8.5. Indemnification. To the extent permitted by law, the Authority hereby agrees to indemnify the Bank, and its officers, directors, employees and their agents (each, an “*indemnified person*”), upon demand, and to hold harmless each indemnified person from and against, any and all claims, damages, losses, liabilities and reasonable costs and expenses which such person may incur by reason of or in connection with (i) the offering, reoffering, sale, remarketing or resale of the Bonds (including, without limitation, by reason of any untrue statement or alleged untrue statement of any material fact contained in any official statement or reoffering circular of the Authority for Bonds or caused by any omission or alleged omission to state therein a material fact necessary to make such statements, in the light of the circumstances under which they were made, not misleading (except as to information provided in writing by the Bank for inclusion in any such official statement or reoffering circular of the Authority)); (ii) the validity of the Related Documents (other than a failure thereof resulting from any invalidity on the part of the Bank); or (iii) the execution, delivery and performance of this Agreement, the Fee Letter and the Letter of Credit, or the making or the failure to make payments under the Letter of Credit; *provided, however*, that the Authority shall not be required to indemnify an indemnified person for any claims, damages, losses, liabilities, costs or expenses to the extent that such claims, damages, losses, liabilities, costs or expenses were caused by the willful misconduct or gross negligence of such indemnified person. Nothing in this Section 8.5 is intended to limit any other obligation of the Authority contained in this Agreement or in any other Related Document.

An indemnified person shall, promptly after the receipt of notice of the commencement of any action against the indemnified person in respect of which indemnification may be sought against the Authority, notify the Authority in writing of the commencement thereof. In case any such action shall be brought against an indemnified person and such indemnified person shall

notify the Authority of the commencement thereof, the Authority may, or if so requested by the indemnified person shall, participate therein or assume the defense thereof, with counsel reasonably satisfactory to the indemnified person, and after notice from the Authority to the indemnified person of an election to so assume the defense thereof, the Authority will not be liable to the indemnified person under this paragraph for any legal or other expenses subsequently incurred by the indemnified person in connection with the defense thereof other than reasonable costs of investigation; *provided, however*, that unless and until the Authority assumes the defense of any such action at the request of an indemnified person, the Authority shall have the right to participate at its own expense in the defense of any such action. If the Authority shall not have employed counsel to have charge of the defense of any such action or if the indemnified person shall have reasonably concluded that there may be defenses available to it which are different from or additional to those available to the Authority (in which case the Authority shall not have the right to direct the defense of such action on behalf of the indemnified person), reasonable legal and other expenses incurred by the indemnified person shall be borne by the Authority. The Authority shall not be liable for any settlement of any such action by an indemnified person effected without the consent of the Authority, which consent shall not be unreasonably withheld, but if settled with the consent of the Authority or if there is a final judgment for the plaintiff in any such action, the Authority will indemnify and hold harmless the indemnified person from and against any loss or liability by reason of such settlement or judgment insofar as such settlement or judgment shall relate to any liability in respect of which the indemnified person is entitled to indemnity hereunder.

To the extent permitted by law, the Authority agrees to indemnify and hold harmless each indemnified person (on a net after-tax basis) from any present or future claim or liability for stamp, transfer, documentary, excise or other similar tax and any penalties or interest with respect thereto, which may be assessed, levied or collected by any jurisdiction in connection with the execution, delivery and performance of, or any payment made under, this Agreement, the Bonds and the other Related Documents, or any amendment thereto.

All rights and responsibilities under this Section 8.5 shall survive the termination of this Agreement and apply to claims, damages, losses, liabilities and costs and expenses incurred or claimed thereafter.

Section 8.6. Successors and Assigns; Participations. (a) This Agreement shall (i) be binding upon the Authority and its assigns, and (ii) inure to the benefit of and be enforceable by the Bank and its successors, transferees and assigns; *provided* that the Authority may not assign all or any part of this Agreement without the prior written consent of the Bank.

(b) The Bank may at any time, without the consent of, or notice to, the Authority or the Trustee, sell participations to any Person (other than a natural Person or the Authority) (each, a "*Participant*") in all or a portion of the Available Amount of the Letter of Credit issued by the Bank, the Liquidity Advances made by the Bank, unreimbursed drawings owing to the Bank, the Bank's right to receive payments from the Authority pursuant to this Agreement, the Bank's right to receive payments from the Authority pursuant to the Fee Letter or in respect of Bank Bonds held by or for the account of the Bank and to receive amounts payable with respect to such Bank Bonds; *provided* that (i) the Bank's obligations under this Agreement shall remain unchanged,

(ii) the Bank shall remain solely responsible to the other parties hereto for the performance of such obligations and (iii) the Authority and the Trustee shall continue to deal solely and directly with the Bank in connection with the Bank's rights and obligations under this Agreement. Any agreement or instrument pursuant to which the Bank sells a participation interest with a principal commitment of less than \$50,000,000 shall provide that the Bank shall retain the sole right to enforce this Agreement and to approve any amendment, modification or waiver of any provision of this Agreement that directly and adversely affects such Participant. Each Participant shall be entitled to the benefits of Sections 2.7 and 2.8 to the same extent as if it were the Bank; *provided* that such Participant shall not be entitled to receive any greater payment under Sections 2.7 or 2.8, with respect to any participation, than its participating Bank would have been entitled to receive. The Bank that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Authority, maintain a register on which it enters the name and address of each Participant and the principal amounts of (and stated interest on) each Participant's interest in the Obligations (the "*Participant Register*"); *provided* that no Bank shall have any obligation to disclose all or any portion of the Participant Register (including the identity of any Participant or any information relating to a Participant's interest in any Obligations) to any Person except to the extent that such disclosure is necessary to establish that such Obligation is in registered form under Section 5f.103-1(c) of the United States Treasury Regulations. The entries in the Participant Register shall be conclusive absent manifest error, and the Bank shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Agreement notwithstanding any notice to the contrary.

Section 8.7. *Fees and Expenses.* The Authority shall pay (a) all reasonable out-of-pocket expenses of the Bank, including reasonable fees and expenses of counsel retained by the Bank in connection with any amendment, waiver or consent hereunder, under the Bonds or under any Related Document or any amendment hereof or thereof and (b) if any Event of Default occurs, all reasonable out-of-pocket expenses incurred by the Bank, including reasonable fees and disbursements of counsel and experts retained by the Bank in connection with such Event of Default and collection and other enforcement proceedings resulting therefrom.

Section 8.8. *Counterparts.* This Agreement may be executed in several counterparts and by different parties on different counterparts, each of which shall be regarded as an original and all of which shall constitute one and the same document.

Section 8.9. *Governing Law.* (a) This Agreement shall be governed by, and construed in accordance with, the laws of the State of California; *provided*, however, that the power and authority of the Bank to enter into this Agreement and the rights and obligations of the Bank hereunder shall be governed by the laws of the State of New York without giving effect to conflicts of laws provisions (other than New York General Obligations Laws 51401 and 51402.

(b) Any and all disputes or legal actions or proceedings arising out of, under and/or pertaining to the Related Documents or any document related thereto shall be brought in the courts of the State of California located in the County of Alameda or of the Courts of the United States of America for the Central, Northern or Eastern Districts of California and, by execution and delivery of this Agreement, the parties hereto consent to and hereby accept for themselves and in respect of their property, generally and unconditionally, the jurisdiction of the aforesaid courts.

To the extent permitted by law, the parties hereto hereby irrevocably waive any objection, including, without limitation, any objection to the laying of venue or based on the grounds of forum non conveniens, which they may now or hereafter have to the bringing of any such action or proceeding in such respective jurisdictions. The provisions of this Section 8.9(b) shall not limit the rights of any parties hereto to bring any such action or proceeding against the Bank in any jurisdiction where such action or proceeding is legally permissible.

(c) The parties hereto further irrevocably consent, to the extent permitted by law, to the service of process of any of the aforementioned courts in any such action or proceeding by the mailing of copies thereof by registered or certified mail, postage prepaid, to such parties at their respective Notice Address pursuant to Section 8.1 hereof, such service to become effective thirty (30) days after such mailing.

(d) The parties hereto waive, to the extent permitted by law, a trial by jury in any such action or proceeding.

Section 8.10. Complete Statement of Agreement. This Agreement, together with the documents referred to in this Agreement (including, without limitation, the Fee Letter), is the complete and exclusive statement of the terms of the agreement among the parties hereto relating to the subject matter described herein and therein and supersedes all prior agreements.

Section 8.11. Heading. Section headings in this Agreement are included herein for convenience of reference only and shall not constitute a part of this Agreement.

Section 8.12. Holidays. Except as otherwise provided herein, whenever any payment or action to be made or taken hereunder shall be stated to be due on a day which is not a Business Day, such payment or action shall be made or taken on the next following Business Day, and such extension of time shall be included in computing interest or fees, if any, in connection with such payment or action.

Section 8.13. Liability of the Bank. The Authority agrees that none of the Bank or its officers, directors, employees and agents shall have any liability or responsibility for the acts or omissions of either the Trustee or the Remarketing Agent in respect of its use of the Letter of Credit or any amounts made available by the Bank thereunder. The Bank and its officers, directors, employees and agents shall have no responsibility for, nor incur any liability in respect of, any act, or any failure to act, by the Trustee which results in the failure of the Trustee to effect the payment or purchase of Bonds with funds provided by the Bank under the Letter of Credit or to comply with the applicable provisions of the Indenture. None of the Bank and its officers or directors shall be liable or responsible for: (a) the use which may be made of the Letter of Credit or the proceeds of any drawing made thereunder or for any acts or omissions of the Trustee and any transfer in connection therewith, (b) the validity, sufficiency or genuineness of documents, or of any endorsement(s) thereon, even if documents should in fact prove to be in any or all respects invalid, insufficient, fraudulent or forged, (c) payment by the Bank against presentation of documents which do not comply with the terms of the Letter of Credit, including failure of any documents to bear any reference or adequate reference to the Letter of Credit, or (d) any other circumstances whatsoever in making or failing to make payment under the Letter of Credit, except for any direct,

as opposed to consequential, indirect or punitive damages (the right to receive consequential, indirect or punitive damages being hereby waived), suffered by the Authority as a result of (i) the Bank's willful misconduct or gross negligence in determining whether documents presented under the Letter of Credit comply with the terms of the Letter of Credit or (ii) the Bank's willful failure or gross negligence in failing to pay under the Letter of Credit after the presentation to it by the Trustee of a sight draft and certificate strictly complying with the terms and conditions of such Letter of Credit. In furtherance and not in limitation of the foregoing, the Bank may accept documents that appear on their face to be in order, without responsibility for further investigation, regardless of any notice or information to the contrary.

The Bank shall not be liable or responsible in any respect for (a) any error, omission, interruption or delay in transmission, dispatch or delivery of any message or advice, however transmitted, in connection with the Letter of Credit or (b) any action, inaction or omission which may be taken by it in good faith in connection with the Letter of Credit, *provided* that the Authority shall not be liable or responsible in any respect if such liability or responsibility results from the willful misconduct or gross negligence of the Bank. The Authority further agrees that any action taken or omitted by the Bank under or in connection with the Letter of Credit or the related draft or document, if done in good faith without gross negligence, shall be effective against the Authority as to the rights, duties and obligations of the Bank, and shall not place the Bank under any liability to the Authority.

Section 8.14. Obligations Absolute. The obligations of the Authority under this Agreement and the Fee Letter shall be absolute, unconditional and irrevocable, and shall be paid and performed strictly in accordance with the terms hereof and thereof, under all circumstances whatsoever, including, without limitation, the following circumstances:

- (a) any lack of validity or enforceability of the Related Documents;
- (b) any amendment or waiver of or any consent to or departure from all or any of the Related Documents;
- (c) the existence of any claim, set-off, defense or other rights which the Authority may have at any time against the Trustee, any beneficiary or any transferee of the Letter of Credit (or any persons for whom the Trustee, any such beneficiary or any such transferee may be acting), the Bank or any Participant, whether in connection with the transactions contemplated by any Related Document or any related or unrelated transactions,
- (d) any breach of contract or other dispute between the Authority and the Trustee, any beneficiary or any transferee of the Letter of Credit (or any person for whom the Trustee, any such beneficiary or any such transferee may be acting), the owners of the Bonds, the Bank or any other person,
- (e) any delay, extension of time, renewal, compromise or other indulgence or modification granted or agreed to by the Bank, with or without notice to or approval by the

Authority, in respect of any of the Authority's obligations to the Bank under this Agreement and/or the Fee Letter,

(f) any certificate, statement or any other document presented under the Letter of Credit proving to be forged, fraudulent, invalid or insufficient in any respect or any statement therein being untrue or inaccurate in any respect,

(g) any non-application or misapplication by the Trustee of the proceeds of any drawing under the Letter of Credit,

(h) payment by the Bank under the Letter of Credit against presentation of a certificate which does not comply with the terms of the Letter of Credit, and

(i) any other circumstance or happening whatsoever, whether or not similar to any of the foregoing.

Section 8.15. Government Regulations. The Authority shall ensure that the proceeds of the Bonds and the Letter of Credit shall not be used to violate any of the foreign asset control regulations of Office of Foreign Assets Control or any enabling statute or Executive Order relating thereto. Further, the Authority shall comply with all applicable Bank Secrecy Act laws and regulations, as amended. The Authority agrees to provide documentary and other evidence of the Authority's identity as may be requested by the Bank at any time to enable the Bank to verify the Authority's identity or to comply with any applicable law or regulation, including, without limitation, Section 326 of the USA Patriot Act of 2001, 31 U.S.C. Section 5318.

Section 8.16. Assignment of Obligations. No such assignment shall release the Bank from its obligations hereunder or under the Letter of Credit.

Section 8.17. No Advisory or Fiduciary Responsibility. In connection with all aspects of the transactions contemplated hereby, the Authority acknowledges and agrees that: (i) (A) the arranging and other services regarding this Agreement provided by the Bank are arm's-length commercial transactions between the Authority, on the one hand, and the Bank, on the other hand, (B) the Authority has consulted its own legal, accounting, regulatory and tax advisors to the extent it has deemed appropriate and (C) the Authority is capable of evaluating, and understands and accepts, the terms, risks and conditions of the transactions contemplated hereby and by the other Related Documents; (ii) (A) the Bank is and has been acting solely as a principal and, except as expressly agreed in writing by the relevant parties, has not been, is not, and will not be acting as an advisor, agent or fiduciary for the Authority or any other Person and (B) the Bank does not have any obligation to the Authority with respect to the transactions contemplated hereby except those

obligations expressly set forth herein and in the other Related Documents other than those imposed by law, e.g., good faith and fair dealing; and (iii) the Bank and its Affiliates may be engaged in a broad range of transactions that involve interests that differ from those of the Authority, and the Bank does not have any obligation to disclose any of such interests to the Authority.

Section 8.18. LIBOR Litigation. On March 31, 2014, the Authority initiated litigation against 25 named defendants in the United States District Court for the Northern District of California seeking recovery for damages suffered by the Authority under interest rate swap contracts with the panel banks and other counterparties resulting from the manipulation of U.S. dollar LIBOR between August 2007 and May 2010 (the "*LIBOR Litigation*"). The Bank acknowledges such LIBOR Litigation and agrees that none of the indemnity, waiver, increased costs or similar provisions of this Agreement apply to any expense or liability of the Bank incurred in connection with the LIBOR Litigation or related proceedings and that the rights and obligations of the Authority and the Bank are separate and distinct from and not subject to any set-off or counterclaim against the parties' respective rights and obligations in the LIBOR Litigation.

Section 8.19. US QFC Stay Rules. To the extent that the Letter of Credit or the Reimbursement Agreement provide support, through a guarantee or otherwise, for any Swap Contract or any other agreement or instrument that is a QFC (such support, "*QFC Credit Support*", and each such QFC, a "Supported QFC"), the parties acknowledge and agree as follows with respect to the resolution power of the Federal Deposit Insurance Corporation under the Federal Deposit Insurance Act and Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act (together with the regulations promulgated thereunder, the "*U.S. Special Resolution Regimes*") in respect of such Supported QFC and QFC Credit Support (with the provisions below applicable notwithstanding that the Letter of Credit or the Reimbursement Agreement and any Supported QFC may in fact be stated to be governed by the laws of the United States or any state of the United States):

(a) In the event a Covered Entity that is party to a Supported QFC (each, a "*Covered Party*") becomes subject to a proceeding under a U.S. Special Resolution Regime, the transfer of such Supported QFC and the benefit of such QFC Credit Support (and any interest and obligation in or under such Supported QFC and such QFC Credit Support, and any rights in property securing such Supported QFC or such QFC Credit Support) from such Covered Party will be effective to the same extent as the transfer would be effective under the U.S. Special Resolution Regime if the Supported QFC and such QFC Credit Support (and any such interest, obligation and rights in property) were governed by the laws of the United States or a state of the United States. In the event a Covered Party or a BHC Act Affiliate of a Covered Party becomes subject to a proceeding under a U.S. Special Resolution Regime, Default Rights under the Reimbursement Agreement that might otherwise apply to such Supported QFC or any QFC Credit Support that may be exercised against such Covered Party are permitted to be exercised to no greater extent than such Default Rights could be exercised under the U.S. Special Resolution Regime if the Supported QFC and the Reimbursement Agreement were governed by the laws of the United States or a state of the United States. Without limitation of the foregoing, it is understood and agreed that rights and remedies of the parties with respect to a defaulting

lender shall in no event affect the rights of any Covered Party with respect to a Supported QFC or any QFC Credit Support.

(b) As used in this Section 8.19, the following terms have the following meanings:

"BHC Act Affiliate" of a party means an "affiliate" (as such term is defined under, and interpreted in accordance with, 12 U.S.C. 1841(k)) of such party.

"Default Right" has the meaning assigned to that term in, and shall be interpreted in accordance with, 12 C.F.R. §§ 252.81, 47.2 or 382.1, as applicable.

"QFC" has the meaning assigned to the term "qualified financial contract" in, and shall be interpreted in accordance with, 12 U.S.C. 5390(c)(8)(D).

All drawings shall be made by presentation of the appropriate Payment Document (i) at _____, Attention _____ without further need of documentation, including the original of this Letter of Credit, it being understood that each Payment Document so submitted is to be the sole operative instrument of drawing. You shall use your best efforts in the case of a Purchase Drawing to give telephonic notice of a drawing to the Bank at (____) _____ on the Business Day (as defined below) preceding the day of such drawing (but such notice shall not be a condition to drawing hereunder and you shall have no liability for not doing so). The Principal Component will be reduced automatically by the amount specified in the applicable certificate as relating to principal with respect to any drawing hereunder and the Interest Component will be automatically reduced by (i) an amount equal to 50 days interest at the Cap Interest Rate on the amount by which the Principal Component is reduced on such date in connection with a Redemption Drawing, Purchase Drawing or a Maturity Drawing and (ii) an amount equal to the amount of an Interest Drawing; *provided, however*, that the amount of any Interest Drawing shall be automatically reinstated effective as of the opening of business at the office of the Bank at which drawings under this Letter of Credit are to be honored on the fifth (5th) Business Day from the date of such drawing unless you shall have received from us by telecopy or in writing on or before the close of business at the office of the Bank at which drawings under this Letter of Credit are to be honored on the fourth (4th) Business Day from the date of such drawing notice that the Bank has not been reimbursed in full for such drawing (which event is an Event of Default under the Reimbursement Agreement) or any other Event of Default under the Reimbursement Agreement has occurred and as a consequence thereof the Letter of Credit will not be so reinstated. In addition, prior to the Termination Date, our obligation to honor drawings hereunder shall be automatically reinstated concurrently upon receipt by the Bank, or the Trustee on the Bank's behalf, of an amount equal to the amount of a Purchase Drawing previously honored (or portion thereof) plus accrued interest thereon as required under the Reimbursement Agreement as specified in a certificate in the form of Annex K hereto.

Such reduction shall be effective automatically as of opening of business on the next Business Day following the date of delivery of such certificate.

Upon any permanent reduction of the Available Amount, the Principal Component and the Interest Component to be drawn under this Letter of Credit, as provided herein, we will deliver to you an amendment to this Letter of Credit substantially in the form of Annex H hereto to reflect any such reduction, provided that our failure to do so will not affect such permanent reduction. The "*Available Amount*" shall mean the Original Stated Amount (i) less the amount of all prior reductions pursuant to Interest Drawings, Redemption Drawings, Purchase Drawings or Maturity Drawings, (ii) less the amount of any reduction thereof pursuant to a certificate in the form of Annex G hereto, (iii) plus the amount of all reinstatements as above provided.

Prior to the Termination Date, we may extend the Stated Expiration Date from time to time at the request of the Authority by delivering to you an amendment to this Letter of Credit in the form of Annex J hereto designating the date to which the Stated Expiration Date is being extended. Each such extension of the Stated Expiration Date shall automatically become effective on the Business Day such notice is delivered to you and thereafter all references in this Letter of Credit to the Stated Expiration Date shall be deemed to be references to the date designated as such in such notice. Any date to which the Stated Expiration Date has been extended as herein provided may be extended in a like manner.

Upon the Termination Date, this Letter of Credit shall automatically terminate and be delivered to the Bank for cancellation. Failure to deliver said Letter of Credit will have no effect on the Termination Date, and the Letter of Credit will still be considered terminated.

This Letter of Credit is only transferable to any transferee who has succeeded you as Trustee under the Master Indenture, and may be successively transferred. Any transfer request must be affected by presenting to us the attached form of Annex I signed by the transferor and the transferee together with the original Letter of Credit. Except as expressly stated herein, this Letter of Credit is governed by, and construed in accordance with the International Standby Practices, ICC Publication No. 590 (the "ISP98"), except for (i) Rule 2.06(c)(iii) thereof with regard to any amendment of this Letter of Credit for the purpose of extending the Letter of Credit Expiration Date, (ii) Rule 3.12(a) thereof, and (iii) Rule 5.01(a) thereof with regard to any notice of dishonor which shall be given to you in the manner set forth herein. As to matters not governed by the ISP98, this Letter of Credit shall be governed by and construed in accordance with the laws of the State of New York, including without limitation the Uniform Commercial Code as in effect in the State of New York, without regard to principles of conflict of laws.

All payments made by us hereunder shall be made from our funds and not with the funds of any other Person.

The Letter of Credit shall be in the initial amount of \$50,821,918, which is the sum of (i) the aggregate principal amount of the Bonds, plus (ii) interest thereon at an assumed rate of twelve percent (12%) per annum for a period of 50 days on the basis of a 365-day year based on the actual number of

days elapsed. The Bank agrees that it will use its own funds (and not the funds of any other Person) in paying drawings under the Letter of Credit.

Section 2.2. Letter of Credit Drawings. The Trustee is authorized to make drawings under the Letter of Credit in accordance with the terms thereof. The Authority hereby directs the Bank to make payments under the Letter of Credit in the manner therein provided. The Authority hereby irrevocably approves reductions and reinstatements of the Available Amount as provided in the Letter of Credit.

Section 2.3. Reimbursement of Drawings; Prepayment; Interest. (a) If the conditions precedent contained in Section 5.2 hereof are satisfied at the time of payment by the Bank of a Liquidity Drawing, such Liquidity Drawing shall constitute an advance (“*Liquidity Advance*”) by the Bank to the Authority. Subject to the acceleration of Obligations (including Liquidity Advances) in accordance with Section 7.2(d), each Liquidity Advance shall be repaid in thirteen (13) equal quarterly installments of principal (each, an “*Amortization Payment*”) payable on each Amortization Payment Date for such Liquidity Advance and with the final Amortization Payment (which shall be equal to all principal of such Liquidity Advance remaining outstanding) being due and payable no later than the Amortization End Date for such Liquidity Advance. A Liquidity Advance shall be prepaid by the Authority (i) on each date on which a Bank Bond purchased with the proceeds of the Liquidity Drawing which gave rise to such Liquidity Advance (a “*Related Bank Bond*”) is redeemed, defeased or is otherwise paid in accordance with its terms, but only to the extent of the principal amount of the Related Bank Bond so redeemed, defeased or otherwise paid; and (ii) the date of the remarketing of a Related Bank Bond, but only to the extent of the principal amount of such Related Bank Bond that is remarketed. If the Letter of Credit is replaced with a Credit Support Instrument, as a condition precedent to such replacement, the Authority shall, or shall cause the issuer of such Credit Support Instrument to, prepay in full on or prior to the applicable Substitution Date all outstanding Liquidity Advances derived from Liquidity Drawings made pursuant to the Letter of Credit. If the Letter of Credit is terminated following a drawing thereunder made to purchase Bonds in connection with the conversion of the interest mode of such Bonds to a mode other than a Daily Rate or a Weekly Rate, the Authority shall prepay in full on the date of conversion all outstanding Liquidity Advances derived from Liquidity Drawings made pursuant to the Letter of Credit. The Authority may also elect to prepay a Liquidity Advance in whole or in part at any time on any Business Day, without premium or penalty. If the Authority prepays a Liquidity Advance it shall give Notice to the Bank on the date such prepayment is made. Each date on which the principal amount of a Liquidity Advance is required to be paid or prepaid or is optionally prepaid is hereinafter referred to as a “*Liquidity Advance Payment Date*.”

(b) The Authority also promises to pay interest on the unpaid principal amount of each Liquidity Advance from the date such Liquidity Advance is made until it is paid in full, at a rate per annum equal to the Bank Rate from time to time in effect. Interest on the unpaid principal amount of each Liquidity Advance shall be payable on the first Business Day of each calendar month following the date such Liquidity Advance was made and on each Liquidity Advance Payment Date on the amount being prepaid. Any Liquidity Advance and/or interest thereon that is not paid when due shall bear interest at the rate per annum equal to the Default Rate from time to time in effect.

(c) The Authority agrees to reimburse the Bank for the full amount of any Liquidity Drawing honored by the Bank (but only if the conditions precedent contained in Section 5.2 hereof are not satisfied on the date of payment by the Bank of such Liquidity Drawing) immediately following, and on the date of, payment by the Bank of each such drawing. If the Authority does not make such reimbursement on such date, each such reimbursement obligation shall bear interest at the rate per annum equal to the (i) the Federal Funds Rate for such date plus 0.5% until the next Business Day, (ii) the Base Rate for the period commencing on the Business Day after the applicable drawing date to and including the ninth day after the applicable drawing date; and (iii) the Default Rate for the period commencing on the tenth day after the applicable drawing date.

(d) The Authority agrees to reimburse the Bank for the full amount of any drawing (other than a Liquidity Drawing) honored by the Bank immediately following, and on the date of, payment by the Bank of each such drawing. If the Authority does not make such reimbursement on such date, each such reimbursement obligation shall bear interest at the rate per annum equal to the Default Rate from time to time in effect.

(e) For purposes of computing interest, funds received after 4:30 p.m. New York City time on a Business Day shall be deemed to have been received on the following Business Day.

(f) Any interest payable pursuant to this Agreement or any Bank Bond shall not exceed the Maximum Bank Rate. In the event any interest required to be paid hereunder or in respect of any Bank Bond at any time exceeds the Maximum Bank Rate, the portion of such interest required to be paid on a current basis shall equal the Maximum Bank Rates; *provided, however*, that the differential between the amount of interest payable assuming no Maximum Bank Rate and the amount paid on a current basis after giving effect to the Maximum Bank Rate shall be carried forward and shall be payable on any subsequent date of calculation so as to result in a recovery of interest previously unrealized (because of the limitation dictated by the Maximum Bank Rate) at a rate of interest, and as part of the interest payable, that, after giving effect to the recovery of such excess and all other interest paid and accrued hereunder or under such Bank Bond to the date of calculation, does not exceed the Maximum Bank Rate. Upon the termination of the Letter of Credit and the payment in full of all obligations of the Authority in connection therewith, in consideration for the limitation of the rate of interest otherwise payable hereunder, to the extent permitted by law, the Authority shall pay to the Bank a fee equal to the amount of all unpaid deferred interest.

(g) In the event any Liquidity Advance is outstanding or any drawing under the Letter of Credit remains unpaid, the Bank shall provide monthly statements to the Authority and the Trustee calculating the interest owed to the Bank; *provided* that the failure to provide any such statement shall not relieve the Authority of any liability for the payment of the interest due hereunder.

(h) If the principal amount of any Liquidity Advance, reimbursement obligation or any other obligation of the Authority under this Agreement, including interest, is not paid when due (whether by acceleration, redemption or otherwise), such overdue principal payment or other obligation shall bear interest from the date such principal amount or other obligation, as the case may be, was due until paid in full (after as well as before judgment) at a rate per annum (computed on the basis of a year of 365/366 days and actual days elapsed) equal, except as otherwise provided in Section 2.3(c) in the case of a Liquidity Drawing that is not converted to a Liquidity Advance,

to the Default Rate from time to time in effect. Such interest shall be payable on demand. If at any time an Event of Default has occurred and is continuing, the principal amount of any Liquidity Advance, reimbursement obligation or any other obligation of the Authority under this Agreement (including, to the extent permitted by law, any interest payment required thereunder), shall bear interest from the date such principal amount or other obligation, as the case may be, was due until paid in full (after as well as before judgment) at a rate per annum (computed on the basis of a year of 365/366 days and actual days elapsed) equal to the Default Rate from time to time in effect. Such interest shall be payable on demand.

(i) Each Liquidity Advance made by the Bank shall be a loan by the Bank to the Authority under this Agreement and pursuant to California Government Code Section 5922(c). The Authority's obligation to repay each Liquidity Advance with interest in accordance with this Agreement shall be evidenced by this Agreement and the Related Bank Bonds. Bank Bonds shall bear interest at the Bank Rate. There shall be credited against the amount payable to the Bank pursuant to Section 2.3 any amount received by the Bank in respect of the payment of principal of, interest on, redemption price or purchase price of Bank Bonds (or beneficial interests therein) owned by the Bank.

Section 2.4. Fees and Expenses. The Authority agrees to pay the fees and expenses in the amounts, at the times and to the Person or Persons set forth in the Fee Letter. All fees and expenses shall be paid from the Authority's Fees and Expenses Fund. The Authority covenants and agrees to maintain in the Fees and Expenses Fund amounts sufficient to pay all fees and expenses when due.

Section 2.5. [Reserved].

Section 2.6. Remarketing of Bonds; Redemption of Bank Bonds. (a) On any Business Day that Bank Bonds are outstanding, the Authority may cause the Trustee to give Notice to the Bank stating that the Authority elects to remarket such Bonds in a minimum principal amount of \$100,000 and multiples of \$5,000 in excess thereof, and such Notice may state that the Bonds are to be remarketed to the Authority. Bonds that are purchased by the Authority in any such remarketing will not be cancelled. Any such Notice that is received by the Bank on or before 12:30 p.m. New York City time on a Business Day shall be effective on the Business Day it is received and any such Notice that is received by the Bank after 12:30 p.m. New York City time on a Business Day shall be effective on the next succeeding Business Day. The Bank hereby instructs the Trustee and/or Custodian to release such Bonds, if such Bonds are then held by the Trustee or Custodian, or to tender such Bonds to the Trustee for purchase, if such Bonds are not then held by the Trustee, no later than 3:30 p.m. New York City time on the date designated by the Trustee for remarketing of such Bonds, but only against delivery by wire transfer to the Trustee, the Custodian or the Bank, as the case may be, of the principal amount of the Bonds that are being remarketed plus accrued interest on such Bonds calculated pursuant to Section 2.3; *provided that* none of the Trustee, the Custodian or the Bank shall be obligated to release or tender Bonds for remarketing and the Bank shall not have any obligation to sell such Bonds unless (i) the Authority has paid or has duly provided for the payment of the Differential Interest Amount to the Bank and (ii) the Bank has received no less than two Business Days' prior written notice of such sale. If less than all Bank Bonds of a Series are remarketed on any date, the Bank Bonds of such Series having

the highest Differential Interest Amount payable shall be remarketed first. Any sale of a Bank Bond pursuant to this Section 2.6(a) shall be without recourse to the seller and without representation or warranty of any kind.

(b) Each Bank Bond, and the accrued interest thereon, shall be paid in full by or on behalf of the Authority on the earliest to occur of (i) the date on which such Bank Bond is redeemed, defeased or is otherwise payable in accordance with its terms, (ii) the date of the remarketing of such Bank Bond, (iii) the date on which such Bank Bond matures in accordance with its terms, (iv) the Substitution Date for the Series of Bonds that includes the Bank Bond, (v) the Conversion Date for the Series of bonds that includes the Bank Bond, and (vi) the Amortization End Date for such Bank Bond.

(c) Each Bank Bond, together with accrued interest thereon, shall be redeemed in thirteen (13) equal quarterly installments of principal (each in authorized denominations) payable on each Amortization Payment Date for such Bank Bond and with the final installment being due and payable no later than the Amortization End Date for such Bank Bond. The Bank shall use its best efforts to notify the Authority of the amount of accrued interest on each Bank Bond on the Business Day prior to the date on which such amount is due.

(d) The Authority may optionally redeem any Bank Bond at any time prior to the date on which such Bank Bond is required to be redeemed under Section 2.6(c) on one Business Days' Notice. If Bank Bonds of more than one Series are outstanding on the date the Authority desires to optionally redeem Bank Bonds, the Authority shall redeem Bank Bonds from each Series pro rata based upon the aggregate principal amount of Bank Bonds outstanding on such date.

Section 2.7. Increased Costs. (a) If any Change in Law:

(i) shall subject the Bank to any tax, duty, assessment or other charge with respect to this Agreement, the Fee Letter, the Letter of Credit or any Bank Bonds held by or on behalf of the Bank, or shall change the basis of taxation of payments to the Bank of any amounts due under this Agreement, the Fee Letter or any Bank Bonds held by or on behalf of the Bank (except for changes in the rate of tax on the overall net income of the Bank); or

(ii) shall impose, modify or deem applicable any reserve (including, without limitation, any such requirement imposed by the Board of Governors of the Federal Reserve System), special deposit, compulsory loan, insurance charge or similar requirement against the assets of, deposits with or for the account of, or credit extended by, the Bank (including advances and letters of credit) or shall impose on the Bank or on the United States market for letters of credit any other condition affecting its obligations under this Agreement, the Fee Letter or the Letter of Credit;

and the result of any of the foregoing is to increase the cost to the Bank of performing its obligations under this Agreement and the Letter of Credit, or to reduce the amount of any sum received or receivable by the Bank under this Agreement, the Fee Letter or any Bank Bonds owned by the Bank, by an amount deemed by the Bank to be material, then, within 30 days after demand

by the Bank (or, if such increased costs will continue to be incurred by the Bank, in arrears on a monthly basis as agreed between the Authority and the Bank), the Authority shall pay to the Bank such additional amount or amounts as will compensate the Bank for such increased cost or reduction.

(b) If the Bank determines that any Change in Law affecting the Bank or any Person controlling the Bank (a “*Parent*”) regarding capital or liquidity requirements has or would have the effect of reducing the rate of return on the capital or liquidity of the Bank or its Parent as a consequence of this Agreement, the Fee Letter or the Letter of Credit to a level below that which the Bank or its Parent would have achieved but for such Change in Law (taking into consideration the Bank’s policies and the policies of its Parent with respect to capital adequacy), then from time to time, within 30 days after demand by the Bank (or if such additional costs of the Bank will continue to be suffered by the Bank, in arrears on a monthly basis as agreed between the Authority and the Bank), the Authority shall pay to the Bank such additional amount or amounts as will compensate the Bank or its Parent for such reduction in the rate of return on the capital or liquidity of the Bank or its Parent.

(c) The Bank will use its best efforts to notify the Authority within 90 days of the Bank’s obtaining knowledge of any Change in Law which will entitle the Bank to compensation pursuant to this Section. If the Bank fails to notify the Authority within such 90-day period, the Authority shall be relieved from any liability for payment of such compensation for any increased costs or reduction in return to the extent (and only to such extent) that such increased costs or reduction in return are incurred during the period commencing after the date the Bank obtains such knowledge and ending on the date the Bank notifies the Authority of such event. A certificate of the Bank claiming compensation under this Section and setting forth the additional amount or amounts to be paid to it hereunder and attaching such information in reasonable detail as may be reasonably requested by the Authority shall be conclusive in the absence of manifest error. In determining such amount, the Bank may use any reasonable average and attribution methods.

(d) No Participant or other transferee of the Bank’s rights shall be entitled to receive any greater payment under this Section than the Bank would have been entitled to receive with respect to the rights transferred, unless such transfer is made with the Authority’s prior written consent.

(e) The obligations of the Authority under this Section 2.7 shall survive the termination of this Agreement.

Section 2.8. Manner and Place of Payments; Interest Calculation. (a) Unless otherwise specified herein, all payments by the Authority under this Agreement, including, without limitation, payments of principal of or interest on Liquidity Advances and Bank Bonds, shall be effective only if made in lawful money of the United States and in immediately available funds by wire transfer to the Payment Account of the Bank.

(b) All payments by or on behalf of the Authority hereunder shall be made to the Bank not later than 4:30 p.m., New York City time, to its Payment Account. If any payment hereunder becomes due and payable on a day other than a Business Day, the due date for such payment shall be extended without penalty to the next succeeding Business Day. If the date for any payment

hereunder is extended by operation of law or otherwise, interest thereon shall be payable for such extended time. All payments received later than 4:30 p.m. New York City time on the date due shall bear interest for each day from the due date until payment in full at the Default Rate for such day.

(c) Interest payable hereunder and under any Fee Letter and interest on each Bank Bond owned by the Bank shall be calculated on the basis of a year of 365/366 days based on the actual number of days elapsed.

(d) Any and all payments to the Bank by or on behalf of the Authority hereunder and/or under the Fee Letter shall be made free and clear of and without deduction for any and all taxes, levies, imposts, deductions, charges, withholdings or liabilities imposed thereon, excluding, however, taxes imposed on or measured by the net income or capital of the Bank by any jurisdiction or any political subdivision or taxing authority thereof or therein solely as a result of a connection between the Bank and such jurisdiction or political subdivision (all such non excluded taxes, levies, imposts, deductions, charges, withholdings and liabilities being hereinafter referred to as "*Taxes*"). If the Authority shall be required by law to withhold or deduct any Taxes imposed by the United States or any political subdivision thereof from or in respect of any sum payable hereunder or under the Fee Letter to the Bank, (i) the sum payable shall be increased as may be necessary so that after making all required deductions (including deductions applicable to additional sums payable under this Section 2.8), the Bank receives an amount equal to the sum it would have received had no such deductions been made, (ii) the Authority shall make such deductions and (iii) the Authority shall pay the full amount deducted to the relevant taxation authority or other authority in accordance with applicable law. In addition, the Authority agrees to pay any present or future stamp, recording or documentary taxes and any other excise or property taxes, charges or similar levies that arise under the laws of the United States of America, the State of California, the State of New York or any other taxing authority from any payment made hereunder, made under the Fee Letter or from the execution or delivery or otherwise with respect to this Agreement or the Fee Letter or Letter of Credit (hereinafter referred to as "*Other Taxes*"). The Bank shall provide to the Authority within a reasonable time a copy of any written notification it receives with respect to Other Taxes owing by the Authority to the Bank hereunder; *provided* that the failure by the Bank to send such notice shall not relieve the Authority of its obligation to pay such amounts hereunder.

(e) The Authority shall, to the fullest extent permitted by law, indemnify the Bank for the full amount of Taxes and Other Taxes including any Taxes or Other Taxes imposed by any jurisdiction on amounts payable under this Section 2.8 paid by the Bank or any liability (including penalties, interest and expenses) arising therefrom or with respect thereto, whether or not such Taxes or Other Taxes were correctly or legally asserted; *provided*, that the Authority shall not be obligated to indemnify the Bank for any penalties, interest or expenses relating to Taxes or Other Taxes arising from the Bank's gross negligence or willful misconduct. The Bank agrees to give notice to the Authority of the assertion of any claim against the Bank relating to such Taxes or Other Taxes as promptly as is practicable after being notified of such assertion; *provided*, that the Bank's failure to notify the Authority promptly of such assertion shall not relieve the Authority of its obligation under this Section 2.8. Payments by the Authority pursuant to this indemnification

shall be made within thirty (30) days from the date the Bank makes written demand therefor, which demand shall be accompanied by a certificate describing in reasonable detail the basis thereof.

(f) Within thirty (30) days after the date of any payment of Taxes by the Authority, the Authority shall furnish to the Bank the original or a certified copy of a receipt evidencing payment thereof. The Authority shall compensate the Bank for all reasonable losses and expenses sustained by the Bank as a result of any failure by the Authority to so furnish such copy of such receipt.

(g) The obligations of the Authority under this Section 2.8 shall survive the termination of this Agreement.

Section 2.9. Reserved.

The Bank's determination to accept or reject any such request shall be within the Bank's sole and absolute discretion. The failure of the Bank to respond to such a request shall be deemed a denial of that request. If the Bank agrees to such an extension, the Bank shall deliver to the Trustee notice of extension in accordance with the terms of the Letter of Credit. Any date to which the Stated Expiration Date of the Letter of Credit has been extended in accordance with this Section 2.12 may be extended in like manner.

SECTION 6. COVENANTS.

So long as the Letter of Credit remains outstanding and until all Obligations shall have been paid in full, the Authority shall comply with the following covenants:

Section 6.3. Maintenance of Tax-Exempt Status. The Authority will take no action or fail to take any action with respect to investment of proceeds of the Bonds or in any other respect which will result in the Bonds being considered "arbitrage bonds" within the meaning of the Code or otherwise adversely affect the exclusion of interest on any Bond from gross income for federal income tax purposes.

Section 6.4. Access to Books and Records. To the extent permitted by law and with reasonable notice, the Authority will permit any person designated by the Bank to visit the offices of the Authority to examine the books and financial records, including minutes of meetings of any relevant governmental committees or agencies, and make copies thereof or extracts therefrom, and to discuss the affairs, finances and accounts of the Authority with its principal officials, all at such reasonable times and as often as the Bank may reasonably request. The Bank agrees to maintain the confidentiality of all such books, records and information regarding the Authority which is not otherwise publicly available; *provided, however*, that the Bank shall not be precluded from disclosing such information or the contents of such books and records (i) to its officers, directors, employees, agents, attorneys, auditors and accountants who have a need to know such books, records or information in accordance with customary banking practices and who receive such books, records or information having been made aware of the restrictions set forth in this Section 6.4, (ii) to any actual or proposed Participant, transferee, assignee, pledgee or Bank which has agreed in writing to be bound by the provisions of this Section 6.4, (iii) to the extent disclosure is required by law, statute, rule, regulation or judicial process or (iv) upon the lawful demand of any court or agency or regulator having jurisdiction over the Bank or any Participant.

Section 6.6. Compliance with Laws. The Authority shall comply with all laws, rules and regulations, and with all final orders, writs, judgments, injunctions, decrees or awards to which it may be subject; *provided, however,* that the Authority may contest the validity or application thereof and appeal or otherwise seek relief therefrom, and exercise any and all of the rights and remedies which it may have with regard thereto, so long as such acts do not affect the Authority's power and authority to execute and deliver the Related Documents, to perform its obligations thereunder and to pay all amounts payable by it hereunder.

Section 6.7. Amendments. The Authority shall not amend, modify, terminate or grant, or permit the amendment, modification, termination or grant of, any waiver under, or consent to, or permit or suffer to occur any action or omission which results in, or is equivalent to, an amendment, termination, modification, or grant of a waiver of a material nature under the Indenture or any Bond without the prior written consent of the Bank, except as permitted in Article IX of the Indenture and Section 6.12 of this Agreement. Subject to the right of the Authority to appoint Remarketing Agents pursuant to Section 6.14, the Authority shall not amend or modify, or grant any waiver of, any material provision of any Remarketing Agreement without the prior consent of the Bank.

Section 6.8. Official Statement. Section 6.9. Voluntary Redemption. Without the prior written consent of the Bank at any time it may own Bank Bonds, the Authority shall not cause the optional redemption pursuant to the Indenture of any Bonds bearing interest at a variable rate (other than Bank Bonds) prior to redeeming such Bank Bonds in full; *provided* that if notice of redemption of Bonds has been mailed when no Bank Bonds are outstanding, such redemption of Bonds may be completed even if Bank Bonds arise after the mailing of such notice but prior to the redemption. Without limiting the preceding sentence, the Authority shall not issue, or cause the Trustee to issue, a notice of optional redemption of the Bonds of any Series unless (i) the optional redemption notice is given in connection with the issuance of refunding bonds the proceeds (or a portion thereof) of which will be used to reimburse the Bank for the drawing that will be made under the Letter of Credit to pay the redemption price of the Bonds or (ii) the Authority has deposited with the Trustee an amount sufficient to reimburse the Bank for the full amount of the drawing under the Letter of Credit that will be made in connection with such optional redemption; or the notice states that such redemption is conditioned upon the Trustee receiving the deposit described in (ii) above on or prior to the scheduled date of redemption.

Section 6.10. Certain Notices. The Authority shall give the Bank prompt notice of any action, suit or proceeding known to it at law or in equity or by or before any governmental instrumentality, entity or other agency which, if adversely determined, would materially impair the ability of the Authority to carry out its obligations under this Agreement, the other Related Documents or any other document, instrument or agreement required hereunder or thereunder. The Authority shall promptly give written notice to the Bank of any material dispute which may exist between the Authority on the one hand and the Trustee or any Remarketing Agent on the

other hand or any dispute in connection with any transaction contemplated under this Agreement or any other Related Document.

Section 6.11. Existence. The Authority shall maintain its legal existence.

Section 6.12. Incorporation of Certain Covenants. The covenants of the Authority set forth in Articles V and VI of the Indenture (in each case, as in effect on the Effective Date), as well as the related defined terms contained therein, are hereby incorporated by reference with the same effect as if each and every covenant and defined term were set forth herein in its entirety. Without the written consent of the Bank, no amendment to such covenants or defined terms made pursuant to the Indenture shall be effective to amend such covenants and defined terms as incorporated by reference herein.

Section 6.13. Substitution. The Authority agrees that, on or prior to the delivery of any Credit Support Instrument to replace the Letter of Credit, the Authority or the issuer of the Credit Support Instrument, as the case may be, will provide immediately available funds to the Bank, which funds, when taken together with funds available to the Bank under the Indenture on or prior to the delivery of such Credit Support Instrument will be sufficient to ensure the payment of all Obligations owing to the Bank.

Section 6.14. Removal and Appointment of Successors. The Authority shall not, without prior consultation with the Bank in good faith, remove the Trustee. If the Trustee is removed or resigns, the Authority may appoint any of the Persons listed on Schedule 6.14 under the caption "Permitted Trustees" as successor Trustee without the consent of the Bank. If the Authority desires to appoint a Person other than a Person listed on Schedule 6.14 as successor Trustee, the Authority must obtain the prior written consent of the Bank, which consent shall not be unreasonably withheld. The Authority shall cause each successor Trustee to enter into a Custodian Agreement with the Authority and the Bank at the time such successor is appointed. The Authority shall not, without prior consultation with the Bank whose Letter of Credit supports a Series of Bonds, in good faith, remove the Remarketing Agent for such Series of Bonds. If a Remarketing Agent for a Series of Bonds is removed or resigns, the Authority may appoint any of the Persons listed on Schedule 6.14 under the caption "Permitted Remarketing Agents" as a successor Remarketing Agent or a Person that is a member of the Financial Industry Regulatory Authority, Inc. with a minimum net worth of \$100,000,000 (based upon its most recently publicly filed financial statements) without the consent of the Bank. If the Authority desires to appoint a Person other than a Person listed on Schedule 6.14 or a Person that is a member of the Financial Industry Regulatory Authority, Inc. with a minimum net worth of \$100,000,000 (based upon its most recently publicly filed financial statements) as a successor Remarketing Agent for a Series of Bonds, the Authority must obtain the prior written consent of the Bank whose Letter of Credit supports that Series of Bonds, which consent shall not be unreasonably withheld.

Section 6.15. Minimum Coverage. The Authority shall establish tolls on the Bay Area Bridges in accordance with Section 6.04 of the Indenture at rates sufficient to pay all amounts due from time to time (including, without limitation, principal of, and interest on, Debt of the Authority) in respect of obligations secured by Bridge Toll Revenues.

Section 6.16. Proceeds. The proceeds of drawings under the Letter of Credit will be used solely to pay the principal of, redemption price of, purchase price of, and interest on the Bonds and for no other purpose, including, without limitation, a purpose in violation of Anti-Corruption Laws or Sanctions. The proceeds of Liquidity Advances will be used solely to pay the purchase price of Bonds which have been tendered and have not been remarketed and for no other purpose, including, without limitation, a purpose in violation of Anti-Corruption Laws or Sanctions.

Section 6.17. Exempt Status. The Authority shall not take any action or omit to take any action that, if taken or omitted, would adversely affect the excludability of interest on the Bonds from the gross income of the holders thereof for purposes of Federal income taxation.

Section 6.18. ERISA. The Authority will not establish, become a party to or contribute to any “employee benefit plan” within the meaning of Section 3(3) of the Employee Retirement Income Security Act of 1974, as amended, or any other form of bonus, incentive compensation, deferred compensation or other similar plan or arrangement other than a “governmental plan” within the meaning of Section 414(b) of the Code and Section 3(32) of the Employee Retirement Income Security Act of 1974, as amended.

Section 6.19. Expiration of the Letter of Credit. If Bonds will remain outstanding on and after the Stated Expiration Date of the Letter of Credit other than as fixed rate Bonds, index Bonds, term Bonds or auction rate Bonds, the Authority shall obtain a Credit Support Instrument to become effective on or before such Stated Expiration Date.

Section 6.20. Improved Payment Terms. So long as this Agreement has not terminated, the Authority shall not: (a) issue any bonds pursuant to the Act payable from and secured by Bridge Toll Revenues other than bonds issued pursuant to the Indenture or bonds issued pursuant to another indenture that are subordinate in right of payment to bonds issued pursuant to the Indenture or (b) issue any bonds payable from and secured by Bridge Toll Revenues the principal of which may be accelerated upon the occurrence of one or more events or at the direction of any Person. If, after the date of this Agreement, the Authority enters into any liquidity agreement or arrangement or obtains credit enhancement with respect to any bonds payable from and secured by Bridge Toll Revenues that contains a “term-out” or “bullet” payment provision or mandatory redemption schedule that requires the payment or redemption of such bonds (i) in less than five (5) years and with an “interest-only” period of less than two (2) years or no “interest-only” period, (ii) in installments more frequent than quarterly installments and/or (iii) in a single payment or in installment payments other than equal installments of principal over the amortization period (excluding the interest-only period) (“Improved Payment Terms”), the Authority will promptly notify the Bank and provide a copy of such agreement containing the Improved Payment Terms to the Bank and, if the Bank requests the Authority to amend this Agreement within sixty (60) days of the Bank’s receipt of such agreement, then the Authority will amend Sections 2.3(a) and 2.6(c) to provide for Improved Payment Terms and, if the consent of any Person other than the Bank is required in order to amend Sections 2.3(a) and 2.6(c), secure the consent of such Person and if any other procedures are required to effectuate such amendment, the Authority will perform such procedures.

Section 6.21. Other Bank Agreements. In the event that the Authority shall, after the date of this Agreement, enter into any Bank Agreement providing any Bank Party with additional or more restrictive covenants; additional or more restrictive events of default; additional or more expansive remedies (other than pricing or interest rate increases) and/or additional or more expansive security/collateral provisions (collectively, the “*Additional Rights*”) than are provided to the Bank in this Agreement, the Authority shall promptly notify the Bank of such Additional Rights and, if within thirty (30) days after such notice the Bank so requests, the Authority and the Bank shall promptly enter into an amendment to this Agreement to include such Additional Rights in this Agreement, effective immediately after any applicable requirements of the Indenture have been satisfied, including, without limitation, any mandatory tender of the Bonds. Notwithstanding anything to the contrary set forth in this Section, the ability of the Bank to terminate the Letter of Credit other than in accordance with its terms may not be amended without confirmation from each Rating Agency then rating the Bonds that such amendment will not adversely impact such Rating Agency’s Rating in respect of such Bonds.

Section 6.22. Anti-Terrorism Laws. The Authority is not in violation of any Anti-Terrorism Law nor does it engage in or conspire to engage in any transaction that evades or avoids, or has the purpose of evading or avoiding, or attempts to violate, any of the prohibitions set forth in any Anti-Terrorism Law.

SECTION 7. EVENTS OF DEFAULT; REMEDIES.

Section 7.1. Events of Default. It shall be an “Event of Default” hereunder if any of the following events shall occur and be continuing:

(a) The Authority shall fail to pay, or cause to be paid, when due (i) the principal of, or interest on, any Liquidity Advance or Bank Bond or reimbursement obligation arising from a drawing under the Letter of Credit (other than a Liquidity Drawing which has become a Liquidity Advance); or (ii) any Obligation (other than an Obligation described in clause (i) immediately above) and, in the case of this clause (ii) only, such failure shall continue unremedied for ten (10) Business Days or more; or

(b) The Authority shall have declared a moratorium on the payment of, or repudiated, any Obligation or Bond; or

(c) (i) The Authority shall fail to pay, or cause to be paid, when due (whether by scheduled maturity, redemption or otherwise) any Debt or Swap Obligation that is secured by Bridge Toll Revenues, and such failure shall continue after any applicable grace period, or shall have declared a moratorium on the payment of, or repudiated, any such Debt or Swap Obligation or (ii) the Authority shall default in the observance or performance of any agreement or condition relating to any Debt or Swap Obligation that is secured by Bridge Toll Revenues or payable from Bridge Toll Revenues on a parity with the Bonds and the Reimbursement Obligations, or contained in any instrument or agreement evidencing, securing or relating thereto, the effect of which default or event of default is to permit (determined without regard to whether any notice is required) or cause any such Debt or Swap Obligation secured by Bridge Toll Revenues or payable from

Bridge Toll Revenues on a parity with the Bonds and the Reimbursement Obligations to become immediately due and payable in full as the result of the acceleration, mandatory redemption or mandatory tender of such Debt or Swap Obligation secured by Bridge Toll Revenues or payable from Bridge Toll Revenues on a parity with the Bonds and the Reimbursement Obligations (provided that with respect to Swap Contracts only, an event that results in a termination payment secured by or payable from Bridge Toll Revenues on a parity with the Bonds and the Reimbursement Obligations becoming due thereunder shall only constitute an Event of Default hereunder if such termination payment becomes due as a result of a default or event of default caused by or attributable to the Authority under the related Swap Contract); or

(d) Any material provision of any Related Document at any time for any reason ceases to be valid and binding on the Authority in accordance with the terms of such Related Document or is declared or ruled to be null and void by a court or other governmental agency of appropriate jurisdiction; or

(e) An Event of Insolvency shall have occurred; or

(f) The long-term unenhanced ratings (i.e., any rating that is assigned to a Bond (other than a Bank Bond) or any other indebtedness of the Authority senior to or on a parity with the Bonds (other than Bank Bonds) and secured by and payable from Bridge Toll Revenues without regard to the provision of credit enhancement such as a letter of credit, bond insurance policy or other financial guarantee) of the Bonds or any other indebtedness of the Authority senior to or on a parity with the Bonds and secured by and payable from Bridge Toll Revenues shall be withdrawn or suspended for credit related reasons by any two of Fitch, S&P and Moody's or reduced below "BBB-," "BBB-" and "Baa3," respectively, by any two of Fitch, S&P and Moody's; or

(g) A breach by the Authority of the provisions of, or an event of default by the Authority shall occur and be continuing under, any Related Document (other than this Agreement) or under any Other Reimbursement Agreement and the expiration of any applicable grace period shall have occurred; or

(h) The Authority shall default in the observance or performance of any covenant or agreement set forth in Section 6.1, 6.7, 6.8, 6.9, 6.11, 6.13, 6.14 or 6.16 of this Agreement; or

(i) The Authority shall default in the observance or performance of any covenant or agreement contained in this Agreement (other than those contained in Sections 6.19, 6.2(b) and Section 6.2(1) and those listed in Section 7.1(h)) and such default shall continue for thirty (30) days after written notice of such default shall have been given to the Authority by the Bank; or

(j) Any representation or warranty on the part of the Authority contained in, or incorporated into, this Agreement shall at any time prove to have been untrue in any material respect when made or when reaffirmed, as the case may be;

(k) The existence of the Authority is terminated or the Authority is dissolved;
or

(l) One or more judgments or orders for the payment of money in excess of \$35,000,000 in the aggregate and payable from Bridge Toll Revenues and for which insurance proceeds shall not be available (or for which insurance coverage has been denied) shall be rendered against the Authority and such judgment(s) or order(s) shall not be stayed, bonded, vacated, discharged or satisfied for a period of sixty (60) days; or

(m) The Act is repealed, reenacted or amended by legislative or judicial action or any other legislation is enacted, repealed, reenacted or amended, in a manner that could reasonably be expected to result in a material adverse effect on the ability of the Authority to timely perform its obligations under the Related Documents.

Section 7.2. Remedies. In addition to any other remedies herein or by law or by equity provided, upon the occurrence and during the continuance of any Event of Default:

(a) The Bank may give notice of the occurrence of such Event of Default to the Trustee, directing the Trustee to cause a mandatory tender of the Bonds, causing the Letter of Credit to terminate in accordance with its terms thirty (30) days thereafter;

(b) The Bank shall be entitled to proceed to enforce all remedies, available, if any, under the Related Documents;

(c) The Bank shall be entitled to proceed to enforce all remedies available under the Related Documents and under applicable law and in equity, including, but not limited to, the right to seek mandamus; and/or

(d) The Bank may declare all Obligations (other than Bank Bonds) to be, and such amounts shall thereupon become, immediately due and payable without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Authority, *provided* that upon the occurrence of an Event of Default under Section 7.1(e) hereof such acceleration shall automatically occur (unless such automatic acceleration is waived by the Bank in writing).

Additionally, from and after the occurrence of an Event of Default (other than an Event of Default of the type described in Section 7.1(i) resulting from a failure of the Authority to comply with its obligations set forth in Section 6.19), the Bank Note and all unreimbursed drawings evidenced thereby shall bear interest at the Default Rate.

Notwithstanding the foregoing provisions of this Section 7.2, the remedies set forth in Section 7.2(a) and Section 7.2(d) shall not be available in the case of an Event of Default of the type described in Section 7.1(i) resulting from a failure of the Authority to comply with its obligations set forth in Section 6.19.

SECTION 8. MISCELLANEOUS.

Section 8.1. Notices; Effectiveness; Electronic Communications. (a) Except in the case of notices and other communications (if any) expressly permitted to be given by telephone (and except as provided in subsection (b) below), all notices and other communications provided for herein shall be in writing and shall be delivered by hand or overnight courier service, mailed by certified or registered mail or sent by fax transmission or e-mail transmission as follows, and all notices and other communications expressly permitted hereunder to be given by telephone shall be made to the applicable telephone number, to the address, fax number, e-mail address or telephone number specified for the applicable Person in Exhibit B hereto. Notices and other communications sent by hand or overnight courier service, or mailed by certified or registered mail, shall be deemed to have been given when received; notices and other communications sent by fax transmission shall be deemed to have been given when sent (except that, if not given during normal business hours for the recipient, shall be deemed to have been given at the opening of business on the next Business Day for the recipient). Notices and other communications delivered through electronic communications to the extent provided in subsection (b) below, shall be effective as provided in such subsection (c).

(b) Notices and other communications to the Bank hereunder may be delivered or furnished by electronic communication (including e-mail, FPML messaging and Internet or intranet websites) pursuant to mutually agreed procedures established by the Bank and the Authority. Each party hereto, in its discretion, agrees to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it provided that the approval of such procedures may be limited to particular notices or communications.

(c) Unless the Bank otherwise prescribes in the procedures described in Section 8.1(b), (i) notices and other communications sent to an e-mail address shall be deemed received upon the sender's receipt of an acknowledgement from the intended recipient (such as by telephone or fax transmission or by the "return receipt requested" function, as available, return e-mail or other written acknowledgement), and (ii) notices and other communications posted to an Internet or intranet website shall be deemed received by the intended recipient upon the sender's receipt of an acknowledgement by the intended recipient (such as by telephone or fax transmission or by the "return receipt requested" function, as available, return email address or other written acknowledgement) indicating that such notice or communication is available and identifying the website address therefor; *provided* that, for both clauses (i) and (ii), if such notice, email or other communication is not sent during the normal business hours of the recipient, such notice, email or communication shall be deemed to have been sent at the opening of business on the next Business Day for the recipient.

(d) Each party hereto may change its address, fax number or telephone number or e-mail address for notices and other communications hereunder by notice to the other parties hereto.

(e) The Bank shall be entitled to, in good faith, rely and act upon any notices (including, without limitation, telephonic or electronic notices) purportedly given by or on behalf of the Authority even if (i) such notices were not made in a manner specified herein, were incomplete or were not preceded or followed by any other form of notice specified herein, or (ii) prior to the

receipt of any confirmation thereof, the terms of such notice, as reasonably understood by the recipient, varied from the terms included in such confirmation. The Authority shall indemnify the Bank and its Affiliates from all losses, costs, expenses and liabilities resulting from the reliance by such Person on each notice purportedly given by or on behalf of the Authority. All telephonic notices to and other telephonic communications with the Bank may be recorded by the Bank and each of the parties hereto hereby consents to such recording.

Section 8.2. No Waiver; Cumulative Remedies. No failure or delay on the part of the Authority, or the Bank in exercising any right, power or remedy under this Agreement or the Fee Letter shall operate as a waiver thereof; nor shall any single or partial exercise of any such right, power or remedy preclude any other or further exercise thereof; the remedies herein provided are cumulative and not exclusive of any remedies provided by law. No notice to or demand on the Authority or any other party hereto in any case shall entitle the Authority or such other party to any other or further notice or demand in similar or other circumstances or constitute a waiver of the rights of the Bank to any other or further action in any circumstances without notice or demand.

Section 8.3. Severability. If any provision of this Agreement shall be held to be invalid, inoperative or unenforceable as applied in any particular case in any jurisdiction or jurisdictions, or in all jurisdictions because it conflicts with any provisions of any constitution, statute, rule of public policy, or any other reason, such circumstances shall not have the effect of rendering the provision in question invalid, inoperative or unenforceable in any other case or circumstances, or of rendering any other provision or provisions of this Agreement invalid, inoperative or unenforceable to any extent whatever.

Section 8.4. Amendments, etc. Except as otherwise provided in Sections 2.10, 2.11 and 2.12, no provision of this Agreement or the Fee Letter may be amended or waived, unless such amendment or waiver is in writing and is signed by the Authority and the Bank (and, if the rights or duties of the Trustee are affected thereby, by the Trustee).

Section 8.5. Indemnification. To the extent permitted by law, the Authority hereby agrees to indemnify the Bank, and its officers, directors, employees and their agents (each, an “*indemnified person*”), upon demand, and to hold harmless each indemnified person from and against, any and all claims, damages, losses, liabilities and reasonable costs and expenses which such person may incur by reason of or in connection with (i) the offering, reoffering, sale, remarketing or resale of the Bonds (including, without limitation, by reason of any untrue statement or alleged untrue statement of any material fact contained in any official statement or reoffering circular of the Authority for Bonds or caused by any omission or alleged omission to state therein a material fact necessary to make such statements, in the light of the circumstances under which they were made, not misleading (except as to information provided in writing by the Bank for inclusion in any such official statement or reoffering circular of the Authority)); (ii) the validity of the Related Documents (other than a failure thereof resulting from any invalidity on the part of the Bank); or (iii) the execution, delivery and performance of this Agreement, the Fee Letter and the Letter of Credit, or the making or the failure to make payments under the Letter of Credit; *provided, however,* that the Authority shall not be required to indemnify an indemnified person for any claims, damages, losses, liabilities, costs or expenses to the extent that such claims, damages, losses, liabilities, costs or expenses were caused by the willful misconduct or gross negligence of

such indemnified person. Nothing in this Section 8.5 is intended to limit any other obligation of the Authority contained in this Agreement or in any other Related Document.

An indemnified person shall, promptly after the receipt of notice of the commencement of any action against the indemnified person in respect of which indemnification may be sought against the Authority, notify the Authority in writing of the commencement thereof. In case any such action shall be brought against an indemnified person and such indemnified person shall notify the Authority of the commencement thereof, the Authority may, or if so requested by the indemnified person shall, participate therein or assume the defense thereof, with counsel reasonably satisfactory to the indemnified person, and after notice from the Authority to the indemnified person of an election to so assume the defense thereof, the Authority will not be liable to the indemnified person under this paragraph for any legal or other expenses subsequently incurred by the indemnified person in connection with the defense thereof other than reasonable costs of investigation; *provided, however*, that unless and until the Authority assumes the defense of any such action at the request of an indemnified person, the Authority shall have the right to participate at its own expense in the defense of any such action. If the Authority shall not have employed counsel to have charge of the defense of any such action or if the indemnified person shall have reasonably concluded that there may be defenses available to it which are different from or additional to those available to the Authority (in which case the Authority shall not have the right to direct the defense of such action on behalf of the indemnified person), reasonable legal and other expenses incurred by the indemnified person shall be borne by the Authority. The Authority shall not be liable for any settlement of any such action by an indemnified person effected without the consent of the Authority, which consent shall not be unreasonably withheld, but if settled with the consent of the Authority or if there is a final judgment for the plaintiff in any such action, the Authority will indemnify and hold harmless the indemnified person from and against any loss or liability by reason of such settlement or judgment insofar as such settlement or judgment shall relate to any liability in respect of which the indemnified person is entitled to indemnity hereunder.

To the extent permitted by law, the Authority agrees to indemnify and hold harmless each indemnified person (on a net after-tax basis) from any present or future claim or liability for stamp, transfer, documentary, excise or other similar tax and any penalties or interest with respect thereto, which may be assessed, levied or collected by any jurisdiction in connection with the execution, delivery and performance of, or any payment made under, this Agreement, the Bonds and the other Related Documents, or any amendment thereto.

All rights and responsibilities under this Section 8.5 shall survive the termination of this Agreement and apply to claims, damages, losses, liabilities and costs and expenses incurred or claimed thereafter.

Section 8.6. Successors and Assigns; Participations. (a) This Agreement shall (i) be binding upon the Authority and its assigns, and (ii) inure to the benefit of and be enforceable by the Bank and its successors, transferees and assigns; *provided* that the Authority may not assign all or any part of this Agreement without the prior written consent of the Bank.

(b) The Bank may at any time, without the consent of, or notice to, the Authority or the Trustee, sell participations to any Person (other than a natural Person or the Authority) (each, a “Participant”) in all or a portion of the Available Amount of the Letter of Credit issued by the Bank, the Liquidity Advances made by the Bank, unreimbursed drawings owing to the Bank, the Bank’s right to receive payments from the Authority pursuant to this Agreement, the Bank’s right to receive payments from the Authority pursuant to the Fee Letter or in respect of Bank Bonds held by or for the account of the Bank and to receive amounts payable with respect to such Bank Bonds; *provided* that (i) the Bank’s obligations under this Agreement shall remain unchanged, (ii) the Bank shall remain solely responsible to the other parties hereto for the performance of such obligations and (iii) the Authority and the Trustee shall continue to deal solely and directly with the Bank in connection with the Bank’s rights and obligations under this Agreement. Any agreement or instrument pursuant to which the Bank sells a participation interest with a principal commitment of less than \$50,000,000 shall provide that the Bank shall retain the sole right to enforce this Agreement and to approve any amendment, modification or waiver of any provision of this Agreement that directly and adversely affects such Participant. Each Participant shall be entitled to the benefits of Sections 2.7 and 2.8 to the same extent as if it were the Bank; *provided* that such Participant shall not be entitled to receive any greater payment under Sections 2.7 or 2.8, with respect to any participation, than its participating Bank would have been entitled to receive. The Bank that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Authority, maintain a register on which it enters the name and address of each Participant and the principal amounts of (and stated interest on) each Participant’s interest in the Obligations (the “Participant Register”); *provided* that no Bank shall have any obligation to disclose all or any portion of the Participant Register (including the identity of any Participant or any information relating to a Participant’s interest in any Obligations) to any Person except to the extent that such disclosure is necessary to establish that such Obligation is in registered form under Section 5f.103-1(c) of the United States Treasury Regulations. The entries in the Participant Register shall be conclusive absent manifest error, and the Bank shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Agreement notwithstanding any notice to the contrary.

Section 8.7. *Fees and Expenses.* The Authority shall pay (a) all reasonable out-of-pocket expenses of the Bank, including reasonable fees and expenses of counsel retained by the Bank in connection with any amendment, waiver or consent hereunder, under the Bonds or under any Related Document or any amendment hereof or thereof and (b) if any Event of Default occurs, all reasonable out-of-pocket expenses incurred by the Bank, including reasonable fees and disbursements of counsel and experts retained by the Bank in connection with such Event of Default and collection and other enforcement proceedings resulting therefrom.

Section 8.8. *Counterparts.* This Agreement may be executed in several counterparts and by different parties on different counterparts, each of which shall be regarded as an original and all of which shall constitute one and the same document.

Section 8.9. *Governing Law.* (a) This Agreement shall be governed by, and construed in accordance with, the laws of the State of California; provided, however, that the power and authority of the Bank to enter into this Agreement and the rights and obligations of the Bank

hereunder shall be governed by the laws of the State of New York without giving effect to conflicts of laws provisions (other than New York General Obligations Laws 51401 and 51402).

(b) Any and all disputes or legal actions or proceedings arising out of, under and/or pertaining to the Related Documents or any document related thereto shall be brought in the courts of the State of California located in the County of Alameda or of the Courts of the United States of America for the Central, Northern or Eastern Districts of California and, by execution and delivery of this Agreement, the parties hereto consent to and hereby accept for themselves and in respect of their property, generally and unconditionally, the jurisdiction of the aforesaid courts. To the extent permitted by law, the parties hereto hereby irrevocably waive any objection, including, without limitation, any objection to the laying of venue or based on the grounds of forum non conveniens, which they may now or hereafter have to the bringing of any such action or proceeding in such respective jurisdictions. The provisions of this Section 8.9(b) shall not limit the rights of any parties hereto to bring any such action or proceeding against the Bank in any jurisdiction where such action or proceeding is legally permissible.

(c) The parties hereto further irrevocably consent, to the extent permitted by law, to the service of process of any of the aforementioned courts in any such action or proceeding by the mailing of copies thereof by registered or certified mail, postage prepaid, to such parties at their respective Notice Address pursuant to Section 8.1 hereof, such service to become effective thirty (30) days after such mailing.

(d) The parties hereto waive, to the extent permitted by law, a trial by jury in any such action or proceeding.

Section 8.10. Complete Statement of Agreement. This Agreement, together with the documents referred to in this Agreement (including, without limitation, the Fee Letter), is the complete and exclusive statement of the terms of the agreement among the parties hereto relating to the subject matter described herein and therein and supersedes all prior agreements.

Section 8.11. Heading. Section headings in this Agreement are included herein for convenience of reference only and shall not constitute a part of this Agreement.

Section 8.12. Holidays. Except as otherwise provided herein, whenever any payment or action to be made or taken hereunder shall be stated to be due on a day which is not a Business Day, such payment or action shall be made or taken on the next following Business Day, and such extension of time shall be included in computing interest or fees, if any, in connection with such payment or action.

Section 8.13. Liability of the Bank. The Authority agrees that none of the Bank or its officers, directors, employees and agents shall have any liability or responsibility for the acts or omissions of either the Trustee or the Remarketing Agent in respect of its use of the Letter of Credit or any amounts made available by the Bank thereunder. The Bank and its officers, directors, employees and agents shall have no responsibility for, nor incur any liability in respect of, any act, or any failure to act, by the Trustee which results in the failure of the Trustee to effect the payment or purchase of Bonds with funds provided by the Bank under the Letter of Credit or to comply

with the applicable provisions of the Indenture. None of the Bank and its officers or directors shall be liable or responsible for: (a) the use which may be made of the Letter of Credit or the proceeds of any drawing made thereunder or for any acts or omissions of the Trustee and any transfer in connection therewith, (b) the validity, sufficiency or genuineness of documents, or of any endorsement(s) thereon, even if documents should in fact prove to be in any or all respects invalid, insufficient, fraudulent or forged, (c) payment by the Bank against presentation of documents which do not comply with the terms of the Letter of Credit, including failure of any documents to bear any reference or adequate reference to the Letter of Credit, or (d) any other circumstances whatsoever in making or failing to make payment under the Letter of Credit, except for any direct, as opposed to consequential, indirect or punitive damages (the right to receive consequential, indirect or punitive damages being hereby waived), suffered by the Authority as a result of (i) the Bank's willful misconduct or gross negligence in determining whether documents presented under the Letter of Credit comply with the terms of the Letter of Credit or (ii) the Bank's willful failure or gross negligence in failing to pay under the Letter of Credit after the presentation to it by the Trustee of a sight draft and certificate strictly complying with the terms and conditions of such Letter of Credit. In furtherance and not in limitation of the foregoing, the Bank may accept documents that appear on their face to be in order, without responsibility for further investigation, regardless of any notice or information to the contrary.

The Bank shall not be liable or responsible in any respect for (a) any error, omission, interruption or delay in transmission, dispatch or delivery of any message or advice, however transmitted, in connection with the Letter of Credit or (b) any action, inaction or omission which may be taken by it in good faith in connection with the Letter of Credit, *provided* that the Authority shall not be liable or responsible in any respect if such liability or responsibility results from the willful misconduct or gross negligence of the Bank. The Authority further agrees that any action taken or omitted by the Bank under or in connection with the Letter of Credit or the related draft or document, if done in good faith without gross negligence, shall be effective against the Authority as to the rights, duties and obligations of the Bank, and shall not place the Bank under any liability to the Authority.

Section 8.14. Obligations Absolute. The obligations of the Authority under this Agreement and the Fee Letter shall be absolute, unconditional and irrevocable, and shall be paid and performed strictly in accordance with the terms hereof and thereof, under all circumstances whatsoever, including, without limitation, the following circumstances:

- (a) any lack of validity or enforceability of the Related Documents;
- (b) any amendment or waiver of or any consent to or departure from all or any of the Related Documents;
- (c) the existence of any claim, set-off, defense or other rights which the Authority may have at any time against the Trustee, any beneficiary or any transferee of the Letter of Credit (or any persons for whom the Trustee, any such beneficiary or any such transferee may be acting), the Bank or any Participant, whether in connection with the transactions contemplated by any Related Document or any related or unrelated transactions,

(d) any breach of contract or other dispute between the Authority and the Trustee, any beneficiary or any transferee of the Letter of Credit (or any person for whom the Trustee, any such beneficiary or any such transferee may be acting), the owners of the Bonds, the Bank or any other person,

(e) any delay, extension of time, renewal, compromise or other indulgence or modification granted or agreed to by the Bank, with or without notice to or approval by the Authority, in respect of any of the Authority's obligations to the Bank under this Agreement and/or the Fee Letter,

(f) any certificate, statement or any other document presented under the Letter of Credit proving to be forged, fraudulent, invalid or insufficient in any respect or any statement therein being untrue or inaccurate in any respect,

(g) any non-application or misapplication by the Trustee of the proceeds of any drawing under the Letter of Credit,

(h) payment by the Bank under the Letter of Credit against presentation of a certificate which does not comply with the terms of the Letter of Credit, and

(i) any other circumstance or happening whatsoever, whether or not similar to any of the foregoing.

Section 8.15. Government Regulations. The Authority shall ensure that the proceeds of the Bonds and the Letter of Credit shall not be used to violate any of the foreign asset control regulations of Office of Foreign Assets Control or any enabling statute or Executive Order relating thereto. Further, the Authority shall comply with all applicable Bank Secrecy Act laws and regulations, as amended. The Authority agrees to provide documentary and other evidence of the Authority's identity as may be requested by the Bank at any time to enable the Bank to verify the Authority's identity or to comply with any applicable law or regulation, including, without limitation, Section 326 of the USA Patriot Act of 2001, 31 U.S.C. Section 5318.

Section 8.16. Assignment of Obligations. The Bank may assign and pledge, without the consent of the Authority, all or any portion of the Obligations (including Bank Bonds) owing to it to any Federal Reserve Bank or the United States Treasury as collateral security pursuant to Regulation A of the Board of Governors of the Federal Reserve System and any Operating Circular issued by such Federal Reserve Bank, *provided* that any payment in respect of such assigned Obligations made by the Authority to the Bank in accordance with the terms of this Agreement shall satisfy the Authority's obligations hereunder in respect of such assigned Obligation to the extent of such payment. No such assignment shall release the Bank from its obligations hereunder or under the Letter of Credit.

Section 8.17. No Advisory or Fiduciary Responsibility. In connection with all aspects of the transactions contemplated hereby, the Authority acknowledges and agrees that: (i) (A) the arranging and other services regarding this Agreement provided by the Bank are arm's-length commercial transactions between the Authority, on the one hand, and the Bank, on the other hand,

(B) the Authority has consulted its own legal, accounting, regulatory and tax advisors to the extent it has deemed appropriate and (C) the Authority is capable of evaluating, and understands and accepts, the terms, risks and conditions of the transactions contemplated hereby and by the other Related Documents; (ii) (A) the Bank is and has been acting solely as a principal and, except as expressly agreed in writing by the relevant parties, has not been, is not, and will not be acting as an advisor, agent or fiduciary for the Authority or any other Person and (B) the Bank does not have any obligation to the Authority with respect to the transactions contemplated hereby except those obligations expressly set forth herein and in the other Related Documents other than those imposed by law, e.g., good faith and fair dealing; and (iii) the Bank and its Affiliates may be engaged in a broad range of transactions that involve interests that differ from those of the Authority, and the Bank does not have any obligation to disclose any of such interests to the Authority.

Section 8.18. LIBOR Litigation. On March 31, 2014, the Authority initiated litigation against 25 named defendants in the United States District Court for the Northern District of California seeking recovery for damages suffered by the Authority under interest rate swap contracts with the panel banks and other counterparties resulting from the manipulation of U.S. dollar LIBOR between August 2007 and May 2010 (the "*LIBOR Litigation*"). The Bank acknowledges such LIBOR Litigation and agrees that none of the indemnity, waiver, increased costs or similar provisions of this Agreement apply to any expense or liability of the Bank incurred in connection with the LIBOR Litigation or related proceedings and that the rights and obligations of the Authority and the Bank are separate and distinct from and not subject to any set-off or counterclaim against the parties' respective rights and obligations in the LIBOR Litigation.

Section 8.19. US QFC Stay Rules. To the extent that the Letter of Credit or the Reimbursement Agreement provide support, through a guarantee or otherwise, for any Swap Contract or any other agreement or instrument that is a QFC (such support, "*QFC Credit Support*", and each such QFC, a "Supported QFC"), the parties acknowledge and agree as follows with respect to the resolution power of the Federal Deposit Insurance Corporation under the Federal Deposit Insurance Act and Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act (together with the regulations promulgated thereunder, the "*U.S. Special Resolution Regimes*") in respect of such Supported QFC and QFC Credit Support (with the provisions below applicable notwithstanding that the Letter of Credit or the Reimbursement Agreement and any Supported QFC may in fact be stated to be governed by the laws of the United States or any state of the United States):

(a) In the event a Covered Entity that is party to a Supported QFC (each, a "*Covered Party*") becomes subject to a proceeding under a U.S. Special Resolution Regime, the transfer of such Supported QFC and the benefit of such QFC Credit Support (and any interest and obligation in or under such Supported QFC and such QFC Credit Support, and any rights in property securing such Supported QFC or such QFC Credit Support) from such Covered Party will be effective to the same extent as the transfer would be effective under the U.S. Special Resolution Regime if the Supported QFC and such QFC Credit Support (and any such interest, obligation and rights in property) were governed by the laws of the United States or a state of the United States. In the event a Covered Party or a BHC Act Affiliate of a Covered Party becomes subject to a proceeding under a U.S. Special Resolution Regime, Default Rights under the Reimbursement Agreement that

Section 221.02 Amendments to the Indenture Relating to Annual Debt Service.

A. *Amendments to Section 1.01 of the Indenture.* Pursuant to Section 9.02 of the Indenture, the definition of “Annual Debt Service” appearing in Section 1.01 of the Indenture is hereby amended and restated in its entirety as follows (for convenience of the reader, new text is shown in **bold underline** and deleted text is shown in ~~strikethrough~~):

“**Annual Debt Service**” means, at any point in time, with respect to Bonds then Outstanding, the aggregate amount of principal and interest scheduled to become due (either at maturity or by mandatory redemption) and sinking fund payments required to be paid in the then current Fiscal Year on all Outstanding Bonds, as calculated by the Authority in accordance with this definition. For purposes of calculating Annual Debt Service and Maximum Annual Debt Service, the following assumptions are to be used to calculate the principal and interest becoming due in any Fiscal Year:

(i) in determining the principal amount **of a Bond or Parity Obligation** due in each year, payment shall (unless a different subsection of this definition applies for purposes of determining principal maturities or amortization) be assumed to be made in accordance with **the** ~~any~~ amortization schedule established for such principal, including any minimum sinking fund **or** account payments;

(ii) if 20% or more of the principal of such **Series of Bonds or Parity Obligations** is not due until the final stated maturity of ~~such~~ **that Series of Bonds or Parity Obligations**, principal and interest on such Bonds may, at the option of the Authority, be treated as if such principal and interest were due based upon a level amortization of such principal and interest over the term of ~~such~~ **that Series of Bonds or Parity Obligations**;

(iii) if the Bonds **or Parity Obligations** are supported by a Credit Support Instrument, in the form of a line of credit or a letter of credit, principal may, at the option of the Authority, be treated as if it were due based upon a ~~the~~ level amortization of such principal over the maximum term of repayment of borrowings under the Credit Support Agreement entered into in connection with such line of credit or letter of credit;

(iv) if any Outstanding Bonds **or Bonds proposed to be issued constitute or will constitute** variable interest rate Bonds **(including any Bonds issued as part of a Commercial Paper Program)**, the interest rate on such variable interest rate Bonds shall be assumed **to be the average of the SIFMA Index during the twelve (12) weeks preceding the date of calculation** ~~110% of the greater of (a) the daily average interest rate on such Bonds during the 12 months ending with the month preceding the date of calculation, or such shorter period that such Bonds shall have been Outstanding, or (b) the rate of interest on such Bonds on the date of calculation; or if the SIFMA Index is no longer published, at an interest rate equal to 75% of the average of One Month Term SOFR for the twelve (12) weeks preceding the date of calculation, or another similar rate or index selected by the Authority;~~

~~(v) if Bonds proposed to be issued will be variable interest rate Bonds the interest on which is excluded from gross income for federal income tax purposes, then such Bonds shall be assumed to bear interest at an interest rate equal to 110% of the average BMA Index during the three (3) months preceding the month of sale of such Bonds, or if BMA Index is no longer published, at an interest rate equal to 75% of the average One Month USD LIBOR Rate during the three (3) months preceding the month of sale of such Bonds, or if the One Month USD LIBOR Rate is not available for such period, another similar rate or index selected by the Authority;~~

(vi) if **any Outstanding Bonds or** Bonds proposed to be issued will be variable interest rate Bonds the interest on which is included in gross income for federal income tax purposes, then such Bonds shall be assumed to bear interest at an interest rate equal to ~~110% of~~ **the average of One Month Term SOFR for the twelve (12) weeks preceding the date of calculation** ~~One Month USD LIBOR Rate during the three (3) months preceding the month of sale of such Bonds, or if the One Month USD LIBOR~~

~~Rate is not available for such period, another similar rate or index selected by the Authority;~~

~~(vii) if the Bonds are, or will be, upon issuance part of a Commercial Paper Program, the principal of such Bonds constituting commercial paper (hereinafter in this definition referred to as “commercial paper”) will be treated as if such principal were due based upon a 30-year level amortization of principal from the date of calculation and the interest on such commercial paper shall be calculated as if such commercial paper were variable interest rate Bonds;~~

(viii) notwithstanding subsections (iv) or; (v); ~~(vi) or (vii)~~ above, with respect to any variable interest rate Bonds or any commercial paper, if (A) the interest rate on such variable interest rate Bonds or commercial paper, plus (B) the payments received and made by the Authority under a Qualified Swap Agreement or a Swap with respect to such variable interest rate Bonds or commercial paper, are expected to produce a synthetic fixed rate to be paid by the Authority (e.g., a Qualified Swap Agreement or a Swap under which the Authority pays a fixed rate and receives a variable rate which is expected to equal or approximate the rate of interest on such variable interest rate Bonds or commercial paper), the variable interest rate Bonds or commercial paper, as the case may be, shall be treated as bearing such synthetic fixed rate for the duration of the synthetic fixed rate; provided that: (X) during any period when the Swap Party has a long-term credit rating below the two highest long-term Rating Categories by Moody’s and S&P, unless the Qualified Swap Agreement or Swap is rated in one of the two highest long-term Rating Categories of Moody’s and S&P, or (Y) when there is a default under the Qualified Swap Agreement or Swap, or (Z) after a termination event has occurred with respect to the Authority under the Qualified Swap Agreement or Swap, such variable interest rate Bonds or commercial paper shall be assumed to bear interest at an interest rate equal to the higher of: (1) the synthetic fixed rate, or (2) the assumed interest rate calculated as described in subsections (iv) or; (v); ~~(vi) or (vii)~~ above;

~~(ix-vii)~~ with respect to any fixed interest rate Bonds, if (A) the interest rate on such fixed rate Bonds, plus (B) the payments received and made by the Authority under a Qualified Swap Agreement or a Swap with respect to such fixed rate Bonds, are expected to produce a synthetic variable rate to be paid by the Authority (e.g., a Qualified Swap Agreement or a Swap under which the Authority pays a variable rate and receives a fixed rate which is expected to equal the rate of interest on such fixed interest rate Bonds), the fixed interest rate Bonds, shall be treated as bearing such synthetic variable rate for the duration of the synthetic variable rate calculated as provided in (iv) above;

~~(x-viii)~~ if any of the Bonds are, or upon issuance will be, Paired Obligations, the interest thereon shall be the resulting linked rate or effective fixed rate to be paid with respect to such Paired Obligations; ~~and~~

(ix) principal and interest payments on Bonds and Parity Obligations ~~may~~ shall be excluded to the extent such payments are to be paid from amounts then currently on deposit with the Trustee or an other fiduciary in escrow specifically therefor and ~~restricted to Government Obligations and~~ interest payments on any Bonds and

Parity Obligations may shall be excluded to the extent that such interest payments are to be paid from **capitalized interest** the proceeds of Bonds held by the Trustee or **an** other fiduciary as ~~capitalized interest~~ specifically to pay such interest;:-

(x) if any of the Bonds **or Parity Obligations** are, or upon issuance will be, **obligations** Bonds for which the Authority is entitled to receive interest rate subsidy payments from the federal government (including, without limitation, subsidy payments on account of the issuance of Build America Bonds pursuant to the federal American Recovery and Reinvestment Act of 2009), as evidenced by an Opinion of Bond Counsel delivered at the time of issuance of such Bonds **or Parity Obligations**, the **obligations may** Bonds shall be treated as bearing an interest rate equal to the rate of interest borne **or assumed to be borne, as applicable**, by the **obligations** Bonds for the period of determination minus the federal interest rate subsidy payments to which the Authority is entitled for that period ~~if the Authority irrevocably directs that those federal interest rate subsidy payments be made directly to the Trustee for the payment of interest on Bonds pursuant to this Indenture.;~~

(xi) Any payment obligation under a Bond or Parity Obligation that was or is optional or contingent (such as the obligation to make a termination payment under a Qualified Swap Agreement or a Swap), whether or not the option is exercised or the contingency occurs, and any payments that are not scheduled payments, may be excluded; and

(xii) if any of the Bonds or Parity Obligations are, or upon issuance will be, obligations payable in a currency other than lawful currency of the United States of America, then such obligations shall be assumed to be payable in lawful currency of the United States at the rate payable by the Authority pursuant to the Authority's related currency swap or contract entered into in connection with such obligations or, in the absence of such swap or contract, at the rate determined by the Authority using a currency market conversion factor selected by the Authority.

Section 221.04 Amendments to the Indenture Relating to the Reserve Requirement.

A. *Additions to Section 1.01 of the Indenture.* Pursuant to Section 9.02 of the Indenture, the following defined terms are hereby added to Section 1.01 (for convenience of the reader, new text is shown in **bold underline** and deleted text is shown in ~~striketrough~~):

“Effective Date” has the meaning set forth in Section 222.05 of this [_____] Supplemental Indenture.

“Designated Reserve Bonds” means all Series of Bonds issued prior to the Effective Date, and any Series of Bonds issued after the Effective Date which are designated as Designated Reserve Bonds in the Supplemental Indenture pursuant to which such Bonds are issued.

“Non-Designated Reserve Bonds” means all Series of Bonds issued on or after the Effective Date, excluding any Series of Bonds issued after the Effective Date which are designated as Designated Reserve Bonds in the Supplemental Indenture pursuant to which such Bonds are issued.

B. *Amendments to Section 1.01 of the Indenture.* Pursuant to Section 9.02 of the Indenture, the definition of “Reserve Requirement” appearing in Section 1.01 of the Indenture is hereby amended and restated in its entirety as follows (for convenience of the reader, new text is shown in **bold underline** and deleted text is shown in ~~striketrough~~):

“Reserve Requirement” means,

(a) with respect to Designated Reserve Bonds, as of any date of calculation, an amount equal to the lesser of: (i) Maximum Annual Debt Service on all **Designated Reserve Bonds** then Outstanding; and (ii) 125% of average Annual Debt Service on all **Designated Reserve Bonds** then Outstanding; provided that with respect to a Series of variable rate **Designated Reserve Bonds** for which a fixed rate Swap is not in place, the interest rate thereon for purposes of calculating the Reserve Requirement shall be assumed to be equal to the rate calculated pursuant to the definition of Annual Debt Service ~~published in *The Bond Buyer* as the “Bond Buyer Revenue Bond Index”~~ by **calculated as of most recent date preceding the sale date** of such Series **of Designated Reserve Bonds**; and provided, further, that with respect to a Series of **Designated Reserve Bonds**, if the Reserve Fund **Designated Reserve Account** would have to be increased by an amount greater than ten percent (10%) of the stated principal amount of such Series (or, if such Series has more than a de minimis amount of original issue discount or premium, of the issue price of such **Designated Reserve Bonds**) then the Reserve Requirement shall be such lesser amount as is determined by a deposit of such ten percent (10%).

(b) with respect to Non-Designated Reserve Bonds, the amount specified by a Supplemental Indenture as the amount required to be held in an account within the Reserve Fund for the payment of principal of and interest on such Series of Non-Designated Reserve Bonds.

C. *Amendments to Section 5.05 of the Indenture.* Pursuant to Section 9.02 of the Indenture, Section 5.05 of the Indenture is hereby amended and restated in its entirety as follows (for convenience of the reader, new text is shown in **bold underline** and deleted text is shown in ~~strikethrough~~):

SECTION 5.05. Establishment, Funding and Application of the Reserve Fund.

(a) The Trustee shall establish, maintain and hold in trust a separate fund designated as the “Reserve Fund.” **and, within such fund, a separate account designated as the “Designated Reserve Account.”** ~~On the date of issuance of the Initial Bonds, an amount equal to the Reserve Requirement for the Initial Bonds shall be deposited in the Reserve Fund.~~ Moneys in the **Designated Reserve Account** ~~Fund~~ shall be used and withdrawn by the Trustee solely for the purposes of paying principal and interest on the **Designated Reserve** Bonds when due when insufficient moneys for the payment thereof are on deposit in the Principal Account and the Interest Account or (together with any other moneys available therefor) for the payment or redemption of ~~all~~ **such Designated Reserve** Bonds then Outstanding or, for the payment of the final principal and interest payment of a Series of **Designated Reserve** Bonds, if following such payment the amounts in the **Designated Reserve Account** ~~Fund~~ (including the amounts which may be obtained from letters of credit, surety bonds and insurance policies on deposit therein) will equal the Reserve Requirement **for the Designated Reserve Bonds.**

(b) **For any Non-Designated Reserve Bonds for which a Reserve Requirement is established in a Supplemental Indenture, the Reserve Requirement for such Series of Non-Designated Bonds shall be deposited as provided in such Supplemental Indenture in a separate account established by the Trustee within the Reserve Fund solely for the benefit of such Series of Non-Designated Bonds. Alternatively, the Supplemental Indenture for any Series of Non-Designated Reserve Bonds may establish a pooled Reserve Requirement for that Series of Non-Designated Reserve Bonds and any one or more subsequently issued Series of Non-Designated Reserve Bonds with the same pooled Reserve Requirement, in which case the Reserve Requirement for the initial such Series of Non-Designated Reserve Bonds shall be deposited in the Reserve Fund in an account solely for the benefit of those Non-Designated Reserve Bonds and any additional Non-Designated Reserve Bonds with the same pooled Reserve Requirement, and on the date of issuance of any such additional Non-Designated Reserve Bonds, there shall be deposited in the account the amount necessary to increase the balance in the account to an amount equal to the Reserve Requirement for all Non-Designated Reserve Bonds secured by that account.**

In the event that the Trustee shall have withdrawn moneys **from any account within** the Reserve Fund for the purpose of paying principal and interest on the **applicable Series of** Bonds when due ~~as provided in the immediately preceding paragraph~~, the Trustee shall promptly notify the Authority of such withdrawal. Upon receipt of such notification, the Authority shall, on or prior to the first Business Day of each month, commencing the month after such notification is received from the Trustee by the Authority, transfer to the Trustee for deposit in **the applicable account within the** Reserve Fund, an amount equal to one-twelfth (1/12th) of the aggregate amount of each unreplenished withdrawal until the amount on deposit in **the applicable account within** the Reserve Fund is equal to the Reserve Requirement.

Upon receipt of any notification from the Trustee of a deficiency in **any account within** the Reserve Fund due to any required valuation of investments in the Reserve Fund provided by the Trustee pursuant to Section 5.13, the Authority shall, on or prior to the first Business Day of each month, commencing the month after such notification is received from the Trustee by the Authority, transfer to the Trustee for deposit in **the applicable account within** the Reserve Fund, an amount equal to one-twelfth (1/12th) of the aggregate amount of such deficiency until the amount on deposit in **the applicable account within** the Reserve Fund is equal to the **applicable** Reserve Requirement.

The Reserve Requirement for any Series of Bonds, or any portion thereof, may be funded with a Reserve Facility. If the Reserve Requirement is satisfied by a Reserve Facility, the Trustee shall draw on such Reserve Facility in accordance with its terms and the terms hereof, in a timely manner, to the extent necessary to fund any deficiency in ~~the Interest Account or the Principal Account~~ **the payment of principal of or interest on the related Series of Bonds.** The Authority shall repay solely from Revenue any draws under a Reserve Facility and any Reserve Facility Costs related thereto. Interest shall accrue and be payable on such draws and expenses from the date of payment by a Reserve Facility Provider at the rate specified in the agreement with respect to such Reserve Facility.

Before any drawing may be made on a Reserve Facility, the Trustee shall have withdrawn all cash and investments in **the applicable account within** the Reserve Fund to ~~replenish the Principal Account and the Interest Account~~ **pay principal of or interest on the related Series of Bonds.** If any obligations are due and payable under the Reserve Facility, any new funds deposited into **an applicable account within** the Reserve Fund shall be used and withdrawn by the Trustee to pay such obligations. The pledge of amounts on deposit in certain funds and accounts held by the Trustee under this Indenture to secure payment of Reserve Facility Costs set forth in Section 5.03 is on a basis subordinate to the pledge of such amounts to the Trustee for payment of the Bonds and Parity Obligations.

Amounts in respect of Reserve Facility Costs paid to a Reserve Facility Provider shall be credited first to the expenses due, then to interest due and then to principal due. As and to the extent payments are made to a Reserve Facility Provider on account of principal due, the coverage under the Reserve Facility will be increased by a like amount, subject to the terms of the Reserve Facility.

Draws on all Reserve Facilities on which there is available coverage shall be made on a pro-rata basis (calculated by reference to the coverage then available thereunder) after applying all available cash and investments in **an applicable account within** the Reserve Fund. Payment of Reserve Facility Costs with respect to amounts drawn under multiple Reserve Facilities shall be made on a pro-rata basis prior to the replenishment of any cash drawn from **the applicable account within** the Reserve Fund.

If the Authority shall fail to pay any Reserve Facility Costs in accordance with the above requirements, a Reserve Facility Provider shall be entitled to exercise any and all legal and equitable remedies available to such Reserve Facility Provider, including those provided under this Indenture other than remedies which would adversely affect Owners of the Bonds.

This Indenture shall not be discharged until all Reserve Facility Costs owing to a Reserve Facility Provider shall have been paid in full. The Authority's obligation to pay such amounts shall expressly survive payment in full of the Bonds.

In the event that the rating for a Reserve Facility Provider is withdrawn or reduced by Moody's or S&P to a rate below the requirements specified in the definition of Reserve Facility set forth in Section 1.01, the Authority will obtain a substitute or replacement Reserve Facility within sixty (60) days from the date of such reduction or withdrawal to the extent that, in the judgment of the Authority, such a substitute or replacement Reserve Facility is available upon reasonable terms and at a reasonable cost, or the Authority shall deposit cash or other Permitted Investments (to the extent the same are available from Revenue), in order to provide that there will be on deposit in **the applicable account within** the Reserve Fund an amount equal to the **applicable** Reserve Requirement.

Unless ~~the~~ **any Series of** Bonds have been fully paid and retired, the Trustee shall draw the full amount of any letter of credit credited to the **applicable account within** Reserve Fund for such **Series of** Bonds on the third Business Day preceding the date such letter of credit (taking into account any extension, renewal or replacement thereof) would otherwise expire, and shall deposit moneys realized pursuant to such draw in **the applicable account within** the Reserve Fund.

If the Authority causes a cash-funded **account within** Reserve Fund or any portion thereof to be replaced with a Reserve Facility, the amount on deposit in **the applicable account within** the Reserve Fund which is being replaced shall be transferred to the Authority which shall deposit such amount in the Bay Area Toll Account, subject, in the case where such moneys are proceeds of Bonds, to the receipt by the Authority of an Opinion of Bond Counsel to the effect that such transfer will not cause the interest on the Bonds to be included in gross income for purposes of federal income taxation.

ARTICLE CCXXII SECOND AMENDMENTS OF CERTAIN SECTIONS OF THE MASTER INDENTURE

Section 222.01 **Amendments to the Indenture Relating to Annual Debt Service.**

A. *Amendments to Section 1.01 of the Indenture.* Pursuant to Section 9.02 of the Indenture, the definition of "Annual Debt Service" appearing in Section 1.01 of the Indenture is hereby amended and restated in its entirety as follows (for convenience of the reader, new text is shown in **bold underline** and deleted text is shown in ~~strikethrough~~):

"Annual Debt Service" means, at any point in time, with respect to Bonds then Outstanding, the aggregate amount of principal and interest scheduled to become due (either at maturity or by mandatory redemption) and sinking fund payments required to be paid in the then current Fiscal Year on all Outstanding Bonds, as calculated by the Authority in accordance with this definition. For purposes of calculating Annual Debt Service and Maximum Annual Debt Service, the following assumptions are to be used to calculate the principal and interest becoming due in any Fiscal Year:

(i) in determining the principal amount of a Bond or Parity Obligation due in each year, payment shall (unless a different subsection of this definition applies for purposes of determining principal maturities or amortization) be assumed to be made in accordance with the amortization schedule established for such principal, including any minimum sinking fund or account payments;

(ii) if 20% or more of the principal of such Series of Bonds or Parity Obligations is not due until the final stated maturity of that Series of Bonds or Parity Obligations, principal and interest on such Bonds may, at the option of the Authority, be treated as if such principal and interest were due either (A) based upon a level amortization of such principal and interest over the term of that Series of Bonds or Parity Obligations, or (B) in accordance with an amortization schedule set forth in the Supplemental Indenture relating to that Series of Bonds or Parity Obligations;

(iii) if the Bonds or Parity Obligations are supported by a Credit Support Instrument, in the form of a line of credit or a letter of credit, principal may, at the option of the Authority, be treated as if it were due based upon the level amortization of such principal over the maximum term of repayment of borrowings under the Credit Support Agreement entered into in connection with such line of credit or letter of credit;

(iv) if any Outstanding Bonds or Bonds proposed to be issued constitute or will constitute variable interest rate Bonds (including any Bonds issued as part of a Commercial Paper Program), the interest rate on such variable interest rate Bonds shall be assumed to be the average of the SIFMA Index during the twelve (12) weeks preceding the date of calculation; or if the SIFMA Index is no longer published, at an interest rate equal to 75% of the average of One Month Term SOFR for the twelve (12) weeks preceding the date of calculation, or another similar rate or index selected by the Authority;

(v) if any Outstanding Bonds or Bonds proposed to be issued will be variable interest rate Bonds the interest on which is included in gross income for federal income tax purposes, then such Bonds shall be assumed to bear interest at an interest rate equal to the average of One Month Term SOFR for the twelve (12) weeks preceding the date of calculation, or another similar rate or index selected by the Authority;

(vi) notwithstanding subsections (iv) or (v) above, with respect to any variable interest rate Bonds or any commercial paper, if (A) the interest rate on such variable interest rate Bonds or commercial paper, plus (B) the payments received and made by the Authority under a Qualified Swap Agreement or a Swap with respect to such variable interest rate Bonds or commercial paper, are expected to produce a synthetic fixed rate to be paid by the Authority (e.g., a Qualified Swap Agreement or a Swap under which the Authority pays a fixed rate and receives a variable rate which is expected to equal or approximate the rate of interest on such variable interest rate Bonds or commercial paper), the variable interest rate Bonds or commercial paper, as the case may be, shall be treated as bearing such synthetic fixed rate for the duration of the synthetic fixed rate; provided that: (X) during any period when the Swap Party has a long-term credit rating below the two highest long-term Rating Categories by Moody's and S&P,

unless the Qualified Swap Agreement or Swap is rated in one of the two highest long-term Rating Categories of Moody's and S&P, or (Y) when there is a default under the Qualified Swap Agreement or Swap, or (Z) after a termination event has occurred with respect to the Authority under the Qualified Swap Agreement or Swap, such variable interest rate Bonds or commercial paper shall be assumed to bear interest at an interest rate equal to the higher of: (1) the synthetic fixed rate, or (2) the assumed interest rate calculated as described in subsections (iv) or (v) above;

(vii) with respect to any fixed interest rate Bonds, if (A) the interest rate on such fixed rate Bonds, plus (B) the payments received and made by the Authority under a Qualified Swap Agreement or a Swap with respect to such fixed rate Bonds, are expected to produce a synthetic variable rate to be paid by the Authority (e.g., a Qualified Swap Agreement or a Swap under which the Authority pays a variable rate and receives a fixed rate which is expected to equal the rate of interest on such fixed interest rate Bonds), the fixed interest rate Bonds, shall be treated as bearing such synthetic variable rate for the duration of the synthetic variable rate calculated as provided in (iv) above;

(viii) if any of the Bonds are, or upon issuance will be, Paired Obligations, the interest thereon shall be the resulting linked rate or effective fixed rate to be paid with respect to such Paired Obligations;

(ix) principal and interest payments on Bonds and Parity Obligations may be excluded to the extent such payments are to be paid from amounts then currently on deposit with the Trustee or another fiduciary in escrow specifically therefor and interest payments on any Bonds and Parity Obligations may be excluded to the extent that such interest payments are to be paid from capitalized interest held by the Trustee or another fiduciary specifically to pay such interest;

(x) if any of the Bonds or Parity Obligations are, or upon issuance will be, obligations for which the Authority is entitled to receive interest rate subsidy payments from the federal government (including, without limitation, subsidy payments on account of the issuance of Build America Bonds pursuant to the federal American Recovery and Reinvestment Act of 2009), as evidenced by an Opinion of Bond Counsel delivered at the time of issuance of such Bonds or Parity Obligations, the obligations may be treated as bearing an interest rate equal to the rate of interest borne or assumed to be borne, as applicable, by the obligations for the period of determination minus the federal interest rate subsidy payments to which the Authority is entitled for that period;

(xi) Any payment obligation under a Bond or Parity Obligation that was or is optional or contingent (such as the obligation to make a termination payment under a Qualified Swap Agreement or a Swap), whether or not the option is exercised or the contingency occurs, and any payments that are not scheduled payments, may be excluded; and

(xii) if any of the Bonds or Parity Obligations are, or upon issuance will be, obligations payable in a currency other than lawful currency of the United States of America, then such obligations shall be assumed to be payable in lawful currency of the

United States at the rate payable by the Authority pursuant to the Authority's related currency swap or contract entered into in connection with such obligations or, in the absence of such swap or contract, at the rate determined by the Authority using a currency market conversion factor selected by the Authority.

Section 222.02 Amendments to the Indenture Relating to the Reserve Requirement.

A. *Amendments to Section 1.01 of the Indenture.* Pursuant to Section 9.02 of the Indenture, the definition of "Reserve Facility" appearing in Section 1.01 of the Indenture is hereby amended and restated in its entirety as follows (for convenience of the reader, new text is shown in **bold underline** and deleted text is shown in ~~strikethrough~~):

"**Reserve Facility**" means a surety bond or insurance policy issued to the Trustee by a company licensed to issue a surety bond or insurance policy guaranteeing the timely payment of the principal of and interest on the Bonds, which company shall be rated, **at the time such surety bond or insurance policy is issued,** in **at least the second** highest long-term rating category by Moody's ~~and~~ **or** S&P, or a letter of credit issued or confirmed by a state or national bank, or a foreign bank with an agency or branch located in the continental United States, which has outstanding an issue of unsecured long term debt securities rated, **at the time such letter of credit is issued or confirmed,** in at least the second highest long-term rating category by Moody's ~~and~~ **or** S&P, or any combination thereof, deposited with the Trustee by the Authority to satisfy the Reserve Requirement or a portion thereof.

B. *Amendments to Section 5.05 of the Indenture.* Pursuant to Section 9.02 of the Indenture, Section 5.05 of the Indenture is hereby amended and restated in its entirety as follows (for convenience of the reader, new text is shown in **bold underline** and deleted text is shown in ~~strikethrough~~):

SECTION 5.05. Establishment, Funding and Application of the Reserve Fund.

(a) The Trustee shall establish, maintain and hold in trust a separate fund designated as the "Reserve Fund" and, within such fund, a separate account designated as the "Designated Reserve Account." Moneys in the Designated Reserve Account shall be used and withdrawn by the Trustee solely for the purposes of paying principal and interest on the Designated Reserve Bonds when due when insufficient moneys for the payment thereof are on deposit in the Principal Account and the Interest Account or (together with any other moneys available therefor) for the payment or redemption of such Designated Reserve Bonds then Outstanding or, for the payment of the final principal and interest payment of a Series of Designated Reserve Bonds, if following such payment the amounts in the Designated Reserve Account (including the amounts which may be obtained from letters of credit, surety bonds and insurance policies on deposit therein) will equal the Reserve Requirement for the Designated Reserve Bonds.

(b) For any Non-Designated Reserve Bonds for which a Reserve Requirement is established in a Supplemental Indenture, the Reserve Requirement for such Series of Non-Designated Bonds shall be deposited as provided in such Supplemental Indenture in a separate account established by the Trustee within the Reserve Fund solely for the benefit of such Series of Non-Designated Bonds. Alternatively, the Supplemental Indenture for any Series of Non-

Designated Reserve Bonds may establish a pooled Reserve Requirement for that Series of Non-Designated Reserve Bonds and any one or more subsequently issued Series of Non-Designated Reserve Bonds with the same pooled Reserve Requirement, in which case the Reserve Requirement for the initial such Series of Non-Designated Reserve Bonds shall be deposited in the Reserve Fund in an account solely for the benefit of those Non-Designated Reserve Bonds and any additional Non-Designated Reserve Bonds with the same pooled Reserve Requirement, and on the date of issuance of any such additional Non-Designated Reserve Bonds, there shall be deposited in the account the amount necessary to increase the balance in the account to an amount equal to the Reserve Requirement for all Non-Designated Reserve Bonds secured by that account.

In the event that the Trustee shall have withdrawn moneys from any account within the Reserve Fund for the purpose of paying principal and interest on the applicable Series of Bonds when due, the Trustee shall promptly notify the Authority of such withdrawal. Upon receipt of such notification, the Authority shall, on or prior to the first Business Day of each month, commencing the month after such notification is received from the Trustee by the Authority, transfer to the Trustee for deposit in the applicable account within the Reserve Fund, an amount equal to one-twelfth (1/12th) of the aggregate amount of each unreplenished withdrawal until the amount on deposit in the applicable account within the Reserve Fund is equal to the Reserve Requirement.

Upon receipt of any notification from the Trustee of a deficiency in any account within the Reserve Fund due to any required valuation of investments in the Reserve Fund provided by the Trustee pursuant to Section 5.13, the Authority shall, on or prior to the first Business Day of each month, commencing the month after such notification is received from the Trustee by the Authority, transfer to the Trustee for deposit in the applicable account within the Reserve Fund, an amount equal to one-twelfth (1/12th) of the aggregate amount of such deficiency until the amount on deposit in the applicable account within the Reserve Fund is equal to the applicable Reserve Requirement.

The Reserve Requirement for any Series of Bonds, or any portion thereof, may be funded with a Reserve Facility. If the Reserve Requirement is satisfied by a Reserve Facility, the Trustee shall draw on such Reserve Facility in accordance with its terms and the terms hereof, in a timely manner, to the extent necessary to fund any deficiency in the payment of principal or interest on the related Series of Bonds. The Authority shall repay solely from Revenue any draws under a Reserve Facility and any Reserve Facility Costs related thereto. Interest shall accrue and be payable on such draws and expenses from the date of payment by a Reserve Facility Provider at the rate specified in the agreement with respect to such Reserve Facility.

Before any drawing may be made on a Reserve Facility, the Trustee shall have withdrawn all cash and investments in the applicable account within the Reserve Fund to pay principal or interest on the related Series of Bonds. If any obligations are due and payable under the Reserve Facility, any new funds deposited into an applicable account within the Reserve Fund shall be used and withdrawn by the Trustee to pay such obligations. The pledge of amounts on deposit in certain funds and accounts held by the Trustee under this Indenture to

secure payment of Reserve Facility Costs set forth in Section 5.03 is on a basis subordinate to the pledge of such amounts to the Trustee for payment of the Bonds and Parity Obligations.

Amounts in respect of Reserve Facility Costs paid to a Reserve Facility Provider shall be credited first to the expenses due, then to interest due and then to principal due. As and to the extent payments are made to a Reserve Facility Provider on account of principal due, the coverage under the Reserve Facility will be increased by a like amount, subject to the terms of the Reserve Facility.

Draws on all Reserve Facilities on which there is available coverage shall be made on a pro-rata basis (calculated by reference to the coverage then available thereunder) after applying all available cash and investments in an applicable account within the Reserve Fund. Payment of Reserve Facility Costs with respect to amounts drawn under multiple Reserve Facilities shall be made on a pro-rata basis prior to the replenishment of any cash drawn from the applicable account within the Reserve Fund.

If the Authority shall fail to pay any Reserve Facility Costs in accordance with the above requirements, a Reserve Facility Provider shall be entitled to exercise any and all legal and equitable remedies available to such Reserve Facility Provider, including those provided under this Indenture other than remedies which would adversely affect Owners of the Bonds.

This Indenture shall not be discharged until all Reserve Facility Costs owing to a Reserve Facility Provider shall have been paid in full. The Authority's obligation to pay such amounts shall expressly survive payment in full of the Bonds.

In the event that the rating for a Reserve Facility Provider is withdrawn or reduced by Moody's or S&P, **as applicable**, to a rate below the requirements specified in the definition of Reserve Facility set forth in Section 1.01, the Authority will obtain a substitute or replacement Reserve Facility within sixty (60) days from the date of such reduction or withdrawal to the extent that, in the judgment of the Authority, such a substitute or replacement Reserve Facility is available upon reasonable terms and at a reasonable cost, or the Authority shall deposit cash or other Permitted Investments (to the extent the same are available from Revenue), in order to provide that there will be on deposit in the applicable account within the Reserve Fund an amount equal to the applicable Reserve Requirement.

Unless any Series of Bonds have been fully paid and retired, the Trustee shall draw the full amount of any letter of credit credited to the applicable account within Reserve Fund for such Series of Bonds on the third Business Day preceding the date such letter of credit (taking into account any extension, renewal or replacement thereof) would otherwise expire, and shall deposit moneys realized pursuant to such draw in the applicable account within the Reserve Fund.

If the Authority causes a cash-funded account within Reserve Fund or any portion thereof to be replaced with a Reserve Facility, the amount on deposit in the applicable account within the Reserve Fund which is being replaced shall be transferred to the Authority which shall deposit such amount in the Bay Area Toll Account, subject, in the case where such moneys are proceeds

of Bonds, to the receipt by the Authority of an Opinion of Bond Counsel to the effect that such transfer will not cause the interest on the Bonds to be included in gross income for purposes of federal income taxation.

Section 222.03 Amendments to the Indenture Relating to the Rating Agencies.

A. *Additions to Section 1.01 of the Indenture.* Pursuant to Section 9.01 of the Indenture, the following defined terms are hereby added to Section 1.01 (for convenience of the reader, new text is shown in **bold underline** and deleted text is shown in ~~strikethrough~~):
