- <sup>(2)</sup> In an effort to aggregate the voted authority of various constitutional amendments, Section 49-d-8 provided that bonds otherwise authorized by the Development Fund I Constitutional Provisions could be issued as Water Assistance Bonds to augment Development Fund II. The remaining authorization under the Development Fund I Constitutional Provisions was used for bonds issued to augment Development Fund II.
- (3) Section 49-d-8 limits the authorized amount of Economically Distressed Areas Program ("EDAP") Bonds that may be issued by the Board under that section to \$250 million in the aggregate, and the Board has previously issued EDAP Bonds in such amount under such authorization (including Water Development Bonds issued pursuant to subsection (b) of Section 49-d-7 of the Constitution).
- <sup>(4)</sup> Section 49-d-9 requires that \$50,000,000 of the bonds authorized to be issued under Section 49-d-9 be used for the Water Infrastructure Fund to provide financial assistance to eligible Texas political subdivisions, a requirement that the Board met in 2008.
- <sup>(5)</sup> Included in this amount are Financial Assistance Bonds issued by the Board in the aggregate principal amount of \$871,720,000 to provide funds for the Water Infrastructure Fund, of which \$629,825,000 in principal is still outstanding.
- (6) Section 49-d-11 authorizes the Board to issue additional general obligation bonds for one or more accounts of Development Fund II in amounts such that the aggregate principal amount of bonds issued under Section 49-d-11 that are outstanding at any time does not exceed \$6 billion.

- (1) The financial data presented here is a recapitulation of the Board's financial statements presented in their Annual Financial Reports. The Board's financial statements become a part of the Comprehensive Annual Financial Report for the State of Texas, which is audited by the State Auditor's Office; however, the scope of the reviews at the agency level do not constitute an audit of the individual agency's financial statements. Consequently, these statements are considered unaudited at the agency level.
- (2) The term Net Assets was changed to Net Position to comply with FY13 Annual Financial Reporting requirements and Government Accounting Standards Board Statement No. 54.
- (3) In fiscal year 2014, the balances associated with the state participation program were restated to the proprietary enterprise fund type. The activity of the state participation program is now fully supported by the loan repayments and thus meets one of the required enterprise fund reporting criteria.

- (1) The financial data presented here is a recapitulation of the Board's financial statements presented in their Annual Financial Reports. The Board's financial statements become a part of the Comprehensive Annual Financial Report for the State of Texas, which is audited by the State Auditor's Office; however, the scope of the reviews at the agency level do not constitute an audit of the individual agency's financial statements. Consequently, these statements are considered unaudited at the agency level. Any adjustments related to the agency as a result of the CAFR Audit are not reflected in the amounts reported here.
- (2) The term Net Assets was changed to Net Position to comply with FY13 Annual Financial Reporting requirements and Government Accounting Standards Board Statement No. 54.
- (3) In fiscal year 2014, the balances associated with the state participation program were restated to the proprietary enterprise fund type. The activity of the state participation program is now fully supported by the loan repayments and thus meets one of the required enterprise fund reporting criteria.

<sup>(1)</sup> The Texas Water Development Board's fiscal year runs from 9/1 to 8/31.

<sup>(2)</sup> Represents loan receipts received from September 1st through May 31st to be used for debt service.

<sup>(3)</sup> Represents the total income available from loan receipt and investment projections based on current fund balances.

<sup>(4)</sup> Represents current debt service requirements.

<sup>(5)</sup> Total revenue to debt ratio. Total revenue includes beginning fund balances, actual loan receipts received from September 1st thru May 31st, and projected loan receipt and investment projections.

<sup>(6)</sup> Projected fee income is derived from fees charged to borrowers to cover the administrative costs of the program. The fees in all years are based upon the assumption that \$235,143,906 in principal amount of loans are made per year with charges of 1.85% of the loan amount. Fees are collected outside of the State Revolving Fund based upon state law. Borrowers are provided an additional reduction in loan rates to offset the charges. This is reflected in the cash flow loan rate assumption

- (1) The financial data presented here is a recapitulation of the Board's financial statements presented in their Annual Financial Reports. The Board's financial statements become a part of the Comprehensive Annual Financial Report for the State of Texas, which is audited by the State Auditor's Office; however, the scope of the reviews at the agency level do not constitute an audit of the individual agency's financial statements. Consequently, these statements are considered unaudited at the agency level. Any adjustments related to the agency's financial data as a result of the CAFR Audit are not reflected in the amounts reported here.
- (2) The term Net Assets was changed to Net Position to comply with FY13 Annual Financial Reporting requirements and Government Accounting Standards Board Statement No. 54.
- (3) The deferred revenue balance associated with loan origination fees was restated out of the financial statements due to the implementation of Government Accounting Standards Board Statement No. 65. Such payments are now recognized as revenue when received.
- (4) The classification of net position was restated to the "restricted" category in fiscal 2014 to be in conformance with generally accepted accounting principles.

<sup>(1)</sup> The financial data presented here is a recapitulation of the Board's financial statements presented in their Annual Financial Reports. The Board's financial statements become a part of the Comprehensive Annual Financial Report for the State of Texas, which is audited by the State Auditor's Office; however, the scope of the reviews at the agency level do not constitute an audit of the individual agency's financial statements. Consequently, these statements are considered unaudited at the agency level.

<sup>(2)</sup> The term Net Assets was changed to Net Position to comply with FY13 Annual Financial Reporting requirements and Government Accounting Standards Board Statement No. 54.

<sup>(3)</sup> The deferred revenue balance associated with loan origination fees was restated out of the financial statements due to the implementation of Government Accounting Standards Board Statement No. 65. Such payments are now recognized as revenue when received.
