The Master Trust Indenture and the Bond Indentures are collectively referred to herein as the “**Indentures**”. See “**INTRODUCTION**”. Interest on each series of the Series 2023 Bonds will accrue from their Date of Delivery at the fixed rates of interest shown on the inside cover pages hereof. Interest on each series of Series 2023 Bonds will be payable on April 15, 2024, and on each October 15 and April 15 thereafter until maturity or prior redemption, and will be calculated on the basis of a 360-day year composed of twelve 30-day months. The Series 2023 Bonds are being issued only as fully registered bonds in the denomination of \$5,000 or any integral multiple thereof within a series and maturity. Capitalized terms used on the cover page hereof and not otherwise defined shall have the meanings assigned in “**APPENDIX C – Definitions and Summary of Certain Provisions of the Master Trust Indenture and the Bond Indentures**”.

The Board initially will issue the Series 2023 Bonds registered only in the name of Cede & Co., the nominee of The Depository Trust Company, New York, New York (DTC), pursuant to the book-entry-only system described in “**APPENDIX F – Description of Book-Entry-Only System and Global Clearance Procedures**”. Principal of the Series 2023 Bonds will be payable to Cede & Co., which will make distributions of the payments to the participating members of DTC for subsequent remittance to the Beneficial Owners (as defined in *Appendix F*). In the event the Series 2023 Bonds are not in the book-entry-only system, payment of principal of the Series 2023 Bonds will be made to the registered owner upon maturity or redemption prior to maturity only upon presentation and surrender of such Series 2023 Bonds at the Designated Payment/Transfer Office of the Bond Indenture Trustee, as initial Paying Agent/Registrar (the **Paying Agent/Registrar**). As of the date hereof, the Designated Payment/Transfer Office of the Paying Agent/Registrar is in Houston, Texas.

The proceeds from the sale of the Series 2023 Bonds will be used (i) to provide funds to finance projects to implement the State Water Plan, as defined herein, through the purchase or entering into of bonds, notes, agreements or other evidences of indebtedness (collectively, the **Political Subdivision Obligations**) purchased from, or entered into with, a Political Subdivision to evidence the obligation to repay Political Subdivision Obligations made or incurred pursuant thereto, as further described in *Appendix A* and (ii) to pay the costs of issuance of the Series 2023 Bonds. See “**PLAN OF FINANCE**”.

The Series 2023 Bonds are special, limited obligations of the Board equally and ratably secured by and payable solely from a lien on the related Security, as hereinafter defined, pursuant to the applicable Bond Indenture including, but not limited to: (i) all Revenues, as hereinafter defined, held under the related Bond Indenture; (ii) all amounts held in the funds and accounts established under the applicable Bond Indenture (other than the Rebate Fund established for the Series 2023A Bonds and the Costs of Issuance Accounts established for the Series 2023 Bonds); and (iii) all of the proceeds of the foregoing including, without limitation, investments thereof. In addition, the Series 2023 Bonds are secured by amounts that become available under the Master Trust Indenture. The Series 2023A Bonds and the Taxable Series 2023B Bonds are not parity bonds. **The security held under the 2023A Bond Indenture does not secure the Taxable Series 2023B Bonds. The security held under the 2023B Bond Indenture does not secure the Series 2023A Bonds.** See “**SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2023 BONDS**”.

The Series 2023 Bonds of each series are subject to optional redemption prior to their stated maturity. The Series 2023 Bonds are subject to mandatory sinking fund redemption prior to their stated maturity as described herein. See “**THE SERIES 2023 BONDS - Redemption**”.

The Series 2023 Bonds are issued under authority of the laws of the State of Texas, including specifically Subchapter H, Chapter 15, Texas Water Code, as amended. The Series 2023 Bonds shall never constitute general obligations of the Board or the State of Texas within the meaning of any constitutional or statutory provision or limitation. Issuance of the Series 2023 Bonds shall not, directly, indirectly or contingently, obligate the State of Texas to levy any form of taxation therefor or make any appropriation for their payment. The Board has no taxing power.

SEE PAGES ii and iii HEREIN FOR STATED MATURITIES, PRINCIPAL AMOUNTS, INTEREST RATES, INITIAL YIELDS, AND CUSIP NUMBERS.

*The Series 2023 Bonds are offered for delivery when, as and if issued, and are subject to the approval of the Attorney General of the State of Texas and subject to the approval of certain legal matters by McCall, Parkhurst & Horton L.L.P., Dallas, Texas, Bond Counsel. FOR THESE PURPOSES, A “RETAIL INVESTOR” MEANS A PERSON WHO IS ONE (OR MORE) OF: (I) A RETAIL CLIENT AS DEFINED IN POINT (11) OF ARTICLE 4(1) OF DIRECTIVE 2014/65/EU (AS AMENDED, “MIFID II”); (II) A CUSTOMER WITHIN THE MEANING OF DIRECTIVE (EU) 2016/97 (THE INSURANCE DISTRIBUTION DIRECTIVE), WHERE THAT CUSTOMER WOULD NOT QUALIFY AS A PROFESSIONAL CLIENT AS DEFINED IN POINT (10) OF ARTICLE 4(1) OF MIFID II; OR (III) NOT A QUALIFIED INVESTOR AS DEFINED IN REGULATION (EU) 2017/1129 (THE PROSPECTUS REGULATION). CONSEQUENTLY, NO KEY INFORMATION DOCUMENT REQUIRED BY REGULATION (EU) NO. 1286/2014 (AS AMENDED, THE “PRIIPS REGULATION”) FOR OFFERING OR SELLING THE BONDS OR OTHERWISE MAKING THEM AVAILABLE TO RETAIL INVESTORS IN THE EEA HAS BEEN PREPARED AND THEREFORE OFFERING OR SELLING THE BONDS OR OTHERWISE MAKING THEM AVAILABLE TO ANY RETAIL INVESTOR IN THE EEA MAY BE UNLAWFUL UNDER THE PRIIPS REGULATION.

THIS OFFICIAL STATEMENT IS NOT A PROSPECTUS FOR THE PURPOSES OF THE PROSPECTUS REGULATION. THIS OFFICIAL STATEMENT HAS BEEN PREPARED ON THE BASIS THAT ALL OFFERS AND SALES OF THE BONDS TO ANY PERSON THAT IS LOCATED WITHIN A MEMBER STATE OF THE EEA WILL BE MADE PURSUANT TO AN EXEMPTION UNDER ARTICLE 1(4) OF THE PROSPECTUS REGULATION FROM THE REQUIREMENT TO PRODUCE A PROSPECTUS FOR OFFERS OF THE BONDS. ACCORDINGLY, ANY PERSON MAKING OR INTENDING TO MAKE ANY OFFER IN THE EEA OF THE BONDS SHOULD ONLY DO SO IN CIRCUMSTANCES IN WHICH NO OBLIGATION ARISES FOR THE ISSUER OR ANY OF THE UNDERWRITERS TO PROVIDE A PROSPECTUS FOR SUCH OFFER. NEITHER THE ISSUER NOR THE UNDERWRITERS HAVE AUTHORIZED, NOR DO THEY AUTHORIZE, THE MAKING OF ANY OFFER OF BONDS THROUGH ANY FINANCIAL INTERMEDIARY, OTHER THAN OFFERS MADE BY THE UNDERWRITERS, WHICH CONSTITUTE THE FINAL PLACEMENT OF THE BONDS CONTEMPLATED IN THIS OFFICIAL STATEMENT.

THE OFFER OF ANY BONDS WHICH IS THE SUBJECT OF THE OFFERING CONTEMPLATED BY THIS OFFICIAL STATEMENT IS NOT BEING MADE AND WILL NOT BE MADE TO THE PUBLIC IN THE EEA, OTHER THAN: (A) TO ANY LEGAL ENTITY WHICH IS A “QUALIFIED INVESTOR” AS SUCH TERM IS DEFINED IN THE PROSPECTUS REGULATION; (B) TO FEWER THAN 150 NATURAL OR LEGAL PERSONS (OTHER THAN “QUALIFIED INVESTORS” AS SUCH TERM IS DEFINED IN THE PROSPECTUS REGULATION), SUBJECT TO OBTAINING THE PRIOR CONSENT OF THE RELEVANT UNDERWRITER OR THE ISSUER FOR ANY SUCH OFFER; OR (C) IN ANY OTHER CIRCUMSTANCES FALLING WITHIN ARTICLE 1(4) OF THE PROSPECTUS REGULATION; PROVIDED THAT NO SUCH OFFER OF THE BONDS SHALL REQUIRE THE ISSUER OR ANY UNDERWRITER TO PUBLISH A PROSPECTUS PURSUANT TO ARTICLE 3 OF THE PROSPECTUS REGULATION OR A SUPPLEMENT TO A PROSPECTUS PURSUANT TO ARTICLE 23 OF THE PROSPECTUS REGULATION.

FOR THE PURPOSES OF THIS PROVISION, THE EXPRESSION AN “OFFER OF SECURITIES TO THE PUBLIC” IN RELATION TO THE BONDS IN ANY MEMBER STATE OF THE EEA MEANS THE COMMUNICATION IN ANY FORM AND BY ANY MEANS OF SUFFICIENT INFORMATION ON THE TERMS OF THE OFFER AND THE BONDS TO BE OFFERED SO AS TO ENABLE AN INVESTOR TO DECIDE TO PURCHASE THE BONDS OR SUBSCRIBE FOR THE BONDS.

EACH SUBSCRIBER FOR OR PURCHASER OF THE BONDS IN THE OFFERING LOCATED WITHIN A MEMBER STATE OF THE EEA WILL BE DEEMED TO HAVE REPRESENTED, ACKNOWLEDGED AND AGREED THAT IT IS A “QUALIFIED INVESTOR” AS DEFINED IN THE PROSPECTUS REGULATION. THE ISSUER AND EACH UNDERWRITER AND OTHERS WILL RELY ON THE TRUTH AND ACCURACY OF THE FOREGOING REPRESENTATION, ACKNOWLEDGEMENT AND AGREEMENT.

Both SWIFT and SWIRFT are administered by, or on behalf of, the Board, or its successor, for the purpose of implementing the State Water Plan. The Series 2023 Bonds are to be issued pursuant to the terms of a Master Trust Indenture, dated as of October 1, 2015, between the Board and The Bank of New York Mellon Trust Company, National Association (the **Master Trust Indenture**) and a Bond Indenture, dated as of October 1, 2023, between the Board and The Bank of New York Mellon Trust Company, National Association, with respect to the Series 2023A Bonds (the **2023A Bond Indenture**), and a Bond Indenture, dated as of October 1, 2023, between the Board and The Bank of New York Mellon Trust Company, National Association, with respect to the Taxable Series 2023B Bonds (the **2023B Bond Indenture**, and together with the 2023A Bond Indenture, the **Bond Indentures**). The SWIFT Funds Transfer Agreement (the **SWIFT Funds Transfer Agreement**) executed in connection with the issuance of the Series 2023 Bonds constitutes such a bond enhancement agreement under state law. Pursuant to Subchapter G (as defined herein) the Board may elect no more than two transfers of funds from SWIFT in each fiscal year of the State, which commences on September 1 of a calendar year and ends on the succeeding August 31. To that end, on August 15, 2023, the Board and the TTSTC entered into the SWIFT Funds Transfer Agreement, pursuant to which not to exceed \$130,000,000 in funds from SWIFT will be transferred on or before the Date of Delivery to the Master Trustee for immediate transfer to the Bond Indenture Trustee for deposit under the respective Bond Indentures. The Master Trust Indenture was authorized and approved by the Board on July 23, 2015 and became effective November 5, 2015. The Master Trust Indenture has not been amended since it became effective. The Bond Indentures, the authority to execute the Bond Purchase Agreement and the hereinafter defined SWIFT Funds Transfer Agreement, were authorized and approved by a resolution adopted by the Board on July 25, 2023 (the **Resolution**). Pursuant to authority conferred by the Resolution, by execution of the Bond Purchase Agreement, an Authorized Representative of the Board is authorized to act on behalf of the Board in selling and delivering the Series 2023 Bonds. The Master Trust Indenture and the Bond Indentures are sometimes hereinafter collectively referred to as the **"Indentures"**. The Master Trust Indenture governs the revenue bond program and the issuance of **"Master Trust Bonds"**. The Series 2023A Bonds will be the fourteenth series and the Taxable Series 2023B Bonds will be the fifteenth series of Master Trust Bonds issued pursuant to the Master Trust Indenture. Terms used but not defined herein have the same meaning assigned to such terms in **"APPENDIX C – DEFINITIONS AND SUMMARY OF CERTAIN PROVISIONS OF THE MASTER TRUST INDENTURE AND THE BOND INDENTURES"**.

The Board

The Board, an agency of the State, is responsible for collecting and disseminating water-related data, assisting with regional planning and preparing the State Water Plan for the development of the State's water resources. The Board administers financial assistance programs for the construction of water supply, wastewater treatment, flood control, and agricultural water conservation projects.

The Board is authorized to issue general obligation bonds and revenue bonds to provide financial assistance in connection with the funding of State Water Plan projects and receive transfers from SWIFT in support thereof. See **"STATE WATER IMPLEMENTATION FUND FOR TEXAS PROGRAM"** and **"APPENDIX D – INFORMATION REGARDING THE TEXAS WATER DEVELOPMENT BOARD"** herein.

SWIFT/SWIRFT

SWIFT and SWIRFT are constitutionally dedicated funds in the State Treasury, outside the general revenue fund of the State. SWIFT was established for the purpose of implementing a program to provide financial assistance for projects included in the State Water Plan. Moneys in SWIFT are made available to the Board from time to time through bond enhancement agreements, including the SWIFT Funds Transfer Agreement. **Moneys on deposit in SWIFT are not pledged in support of bonds issued by the Board, including specifically the Series 2023 Bonds.** SWIRFT will be used to provide financing for projects included in the State Water Plan. The Board intends to use proceeds from SWIRFT revenue bonds to provide financial assistance to Political Subdivisions. The provisions of Subchapter G of Chapter 15 of the Texas Water Code, as amended (**Subchapter G**), govern the operation and use of SWIFT. The provisions of Subchapter H of Chapter 15 of the Texas Water Code, as amended (**Subchapter H**), govern SWIRFT and the issuance of revenue bonds in support of SWIRFT.

In addition to the SWIFT Funds Transfer Agreement, the Board may, but is not legally required to, seek a transfer of funds from SWIFT to SWIRFT in support of SWIRFT through the execution of a bond enhancement agreement with the Texas Treasury Safekeeping Trust Company (the **TTSTC**). The Board may direct at its sole discretion, additional transfers from SWIFT to provide a source of revenue or security for outstanding bonds that were supported by a transfer from SWIFT, including the Series 2023 Bonds, but the Board is under no obligation to direct such a transfer, and no assurance is given that the Board will direct additional transfers from SWIFT for such purpose. If the Board were to elect to proceed with an additional transfer, then additional State administrative approvals (including discretionary approvals) will be sought and there is no assurance that such approval will be obtained. Pursuant to Subchapter G, the Board may effect no more than two transfers of funds from SWIFT in each fiscal year of the State, which commences on September 1 of a calendar year and ends on the succeeding August 31. The SWIFT Funds Transfer Agreement is a bond enhancement agreement under Subchapter G. See **“SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2023 BONDS – SWIFT Funds Transfer Agreement”** herein and **“STATE WATER IMPLEMENTATION FUND FOR TEXAS PROGRAM”**.

Bonds issued pursuant to the terms of the Master Trust Indenture are referred to herein as the “Master Trust Bonds”. The Series 2023A Bonds are the fourteenth series and the Taxable Series 2023B Bonds are the fifteenth series of Master Trust Bonds issued by the Board. See **“SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2023 BONDS – Master Trust Indenture”** for a description of the authority to issue Master Trust Bonds in accordance with the terms of the Master Trust Indenture.

Political Subdivision Obligations

Each bond, note, agreement or other evidence of indebtedness purchased from or entered into by the Board with a Political Subdivision, evidencing the obligation of the Political Subdivision to the obligation made or incurred pursuant thereto constitutes a “**Political Subdivision Obligation**”. Prior to purchasing or entering into Political Subdivision Obligations, the Executive Administrator’s staff will review contracts relating to any State Water Plan project. Additionally, the Board may not purchase or enter into any Political Subdivision Obligations that have low interest or deferred payment structures unless the Political Subdivision Obligations have been approved for legality by the Attorney General of the State. In addition, the Board will also receive an approving opinion from a nationally recognized bond counsel regarding the legality of the Political Subdivision Obligation under state law and, if applicable, providing that the interest on the Political Subdivision Obligation is exempt from federal income taxation. The Attorney General of the State has advised the Board that it has legal authority to enter into financing agreements with authorized Political Subdivisions where the Board Participation structure is used to effect the financing to be provided to the Political Subdivision. See “**STATE WATER IMPLEMENTATION FUND FOR TEXAS PROGRAM – Political Subdivision Obligations - Board Participation Obligations**”. Upon approval by the Attorney General of the State, registration of the Political Subdivision Obligations by the Comptroller and delivery to the Board, the Political Subdivision Obligations issued by the Political Subdivisions will be valid, binding and incontestable against a statutory challenge, as provided by the Texas Water Code.

Moneys on deposit to the credit of SWIFT DO NOT provide security for the Series 2023 Bonds.

THE SERIES 2023 BONDS DO NOT CONSTITUTE GENERAL OBLIGATIONS OF THE BOARD OR THE STATE WITHIN THE MEANING OF ANY CONSTITUTIONAL OR STATUTORY PROVISION OR LIMITATION. ISSUANCE OF THE SERIES 2023 BONDS DOES NOT, DIRECTLY, INDIRECTLY OR CONTINGENTLY, OBLIGATE THE STATE OR ANY AGENCY OR POLITICAL SUBDIVISION THEREOF TO LEVY ANY FORM OF TAXATION THEREFOR OR MAKE ANY APPROPRIATION FOR THEIR PAYMENT. Master Trust Indenture

The Master Trust Indenture authorizes a comprehensive program to accommodate the issuance or incurrence of obligations created under the Master Trust Indenture. The Series 2023A Bonds are the fourteenth series and the Taxable Series 2023B Bonds are the fifteenth series of Master Trust Bonds to be secured by the Master Trust Indenture. See “**APPENDIX C –DEFINITIONS AND SUMMARY OF CERTAIN PROVISIONS OF THE MASTER**

TRUST INDENTURE AND THE BOND INDENTURES”. The Master Trust Indenture provides security for revenue bonds issued by the Board pursuant to Subchapter H.

The trust estate established under the Master Trust Indenture consists of (a) moneys transferred to the Master Trustee by each bond indenture trustee (including the Bond Indenture Trustee), and (b) all cash, moneys, securities and investments other than any moneys, securities and investments deposited in the Rebate Fund established under a bond trust indenture (including the respective Bond Indentures), paid to or held by the Master Trustee in the funds and accounts created under the Master Trust Indenture.

The Master Trustee will promptly deposit to the credit of the Program Account (a) all moneys released by a Bond Indenture Trustee with respect to a Series of Bonds (or portion thereof) and (b) any other lawfully available moneys directed by the Board to be deposited to the credit of the Program Account. Moneys in the Program Account may be used by the Master Trustee to pay reasonable expenses, charges and other disbursements of the Master Trustee incurred in connection with administering the trusts established by the Master Trust Indenture. If no later than 40 days prior to any Payment Date, it is anticipated there will not be available moneys sufficient to pay the principal of and interest on the Series 2023 Bonds then due, the Bond Indenture Trustee shall immediately give notice to the Board and the Master Trustee of such anticipated deficiency. Upon a certification from a bond indenture trustee (including the Bond Indenture Trustee) of a deficiency in funds available to pay scheduled debt service on Master Trust Bonds (including either series of the Series 2023 Bonds), the Master Trustee will transfer to the bond indenture trustee the amount certified to by the bond indenture trustee to be necessary to timely make the debt service payment due on such Master Trust Bonds. If more than one bond indenture trustee has certified to the Master Trustee that there are insufficient funds available to make a scheduled debt service payment, the Master Trustee shall transfer moneys to the bond indenture trustee *pro rata* based on the amount of the respective deficiencies among such Master Trust Bonds. There is no assurance that money will be available in the Program Account to cure a deficiency.

In order for a series of Master Trust Bonds to be secured by the Master Trust Indenture, the Board will execute a Series Certificate stating that a Series of Master Trust Bonds is entitled to the benefits of the Master Trust Indenture upon satisfaction of the following conditions: (i) the principal amount of the Master Trust Bonds being issued and any other Master Trust Bonds then Outstanding shall not exceed in the aggregate principal amount of any limitation imposed by law, and (ii) an Officer’s Certificate shall have been delivered to the Master Trustee to the effect that projected cash flow reports prepared by or on behalf of the Board attached to such Officer’s Certificate evidence the sufficiency of the available revenues under (a) the bond indentures relating to all outstanding Master Trust Bonds and (b) the bond indenture relating to the Master Trust Bonds then to be issued (taking into account the amounts transferred or to be transferred to the Transfer Account pursuant to the SWIFT Funds Transfer Agreement and then immediately to be transferred to the bond indenture trustee relating to such Master Trust Bonds) to pay not less than 1.00 times the principal and interest payments coming due on (x) all Master Trust Bonds then outstanding and (y) the Master Trust Bonds then to be issued on each payment date with respect to the Master Trust Bonds until maturity.

The pledge effected by the Master Trust Indenture shall be a continuing, irrevocable and exclusive first lien on the trust estate created under the Master Trust Indenture. After payment in full of the principal of, redemption premium, if any, and interest on the Master Trust Bonds secured by the Master Trust Indenture, and the payment of all fees and expenses payable to a Bond Indenture Trustee under the terms of any bond trust indenture, the lien on the trust estate created under the Master Trust Indenture shall be released and no longer be in effect. Any moneys held by the Master Trustee at such time may be transferred to the Comptroller for deposit to the credit of SWIFT, as directed by the Board.

Should the Board determine that there is an available surplus balance, then in accordance with direction received from the Board in an Officer’s Certificate, the Master Trustee shall transfer from the Program Account such amounts constituting Surplus Balance identified in the Officer’s Certificate to the Comptroller, with instructions that such surplus balance shall be deposited to the credit of SWIFT.

SWIFT Funds Transfer Agreement

The Board has entered into a bond enhancement agreement (the **SWIFT Funds Transfer Agreement**) with the TTSTC on August 15, 2023 in connection with the issuance of the Series 2023 Bonds. In accordance with the provisions of the Texas Water Code and the terms of the SWIFT Funds Transfer Agreement, the Board has requested that the TTSTC disburse from SWIFT an amount not to exceed \$130,000,000, to be transferred by the Board to the Master Trustee for deposit into the Transfer Account held by the Master Trustee in the manner described in the SWIFT Funds Transfer Agreement. These monies will be used to provide the necessary subsidies in support of the payment of the Political Subdivision Obligations. The SWIFT Funds Transfer Agreement will be the first transfer of moneys from SWIFT effected in the State’s fiscal year ending August 31, 2024.

No later than four Business Days following the date the Bond Purchase Agreement is executed by the Board and the underwriters of the Series 2023 Bonds (the **Execution Date**), an executed Board Request will be delivered to the TTSTC, stating (a) the amount of the disbursement to be transferred to the Master Trustee for deposit into the Transfer Account (which amount may not exceed the amount set forth in SWIFT Funds Transfer Agreement, and is defined herein as the **Stated Amount**) and (b) the Date of Delivery. In no event will the Execution Date be within five Business Days of the Date of Delivery.

On or before, but no earlier than, five Business Days before the Date of Delivery, the TTSTC shall transfer the Stated Amount, in immediately available funds, to the Master Trustee, acting for the benefit of the Board, for deposit into the Transfer Account. In making such transfer, the TTSTC shall be entitled to rely on written instructions received from the Board directing the transfer and deposit of the Stated Amount.

On or before the Date of Delivery, \$98,286,806.81 will be transferred by the Master Trustee to the 2023A Bond Trustee for deposit to the credit of the Assistance Account established by the 2023A Bond Indenture.

On or before the Date of Delivery, \$475,040.96 will be transferred by the Master Trustee to the Taxable 2023B Bond Trustee for deposit to the credit of the Assistance Account established by the 2023B Bond Indenture.

Moneys deposited to the credit of the Assistance Account shall be invested on the Date of Delivery in Investment Securities as directed by the Board, in a manner (with respect to the Series 2023A Bonds) which would not adversely affect the treatment of the Series 2023A Bonds as obligations described in section 103 of the Code. Moneys deposited to the credit of the Assistance Account established by the 2023B Indenture shall be invested as directed by the Board.

Release, Substitution or Prepayment of Pledged Political Subdivision Obligations

Release of Political Subdivision Obligations. The Bond Indenture Trustee, upon the written direction of the Board, may release Political Subdivision Obligations from the lien of the respective Bond Indenture, upon the satisfaction of the following:

- (i) the delivery to the Bond Indenture Trustee of an Officer's Certificate to the effect that (A) cash flow reports evidence the sufficiency of (1) available Revenues from the remaining Political Subdivision Obligations and interest earnings on investments for each Payment Date to pay not less than 1.0 times principal and interest coming due on the applicable series of Series 2023 Bonds on each such Payment Date until maturity, and (2) any and all available revenues for each Payment Date securing all outstanding Master Trust Bonds to pay not less than 1.0 times principal and interest coming due on all Master Trust Bonds on each such Payment Date (clauses (1) and (2) being herein referred to as the **Coverage Requirement for the Series 2023 Bonds**) and (B) specifying the Political Subdivision Obligations to be released; and
- (ii) the delivery to the Bond Indenture Trustee of an amendment to the schedule of Political Subdivision Obligations attached to the applicable Bond Indenture (which amendment does not require the consent of the owners of the applicable series of Series 2023 Bonds).

Substitution of Political Subdivision Obligations. The Bond Indenture Trustee, upon the written direction of the Board may release Political Subdivision Obligations and substitute one or more Political Subdivision Obligations upon the delivery to the Bond Indenture Trustee of (a) the instruments described above in the applicable Bond Indenture, *provided*, that the substituted Political Subdivision Obligation shall be included in the calculation of the Coverage Requirement and (b) as a result of such substitution, the Coverage Requirement shall be not less than 1.0 times principal and interest coming due on the applicable series of the Series 2023 Bonds on each such Payment Date until maturity.

Amendment of Terms of Political Subdivision Obligations. The Board shall not consent to the amendment of the terms of a Political Subdivision Obligation unless the Board first delivers to the Bond Indenture Trustee an Officer's Certificate to the effect that the amendment will not cause the Coverage Requirement for the applicable series of Series 2023 Bonds not to be satisfied.

No Parity or Superior Obligations

The Board shall not issue or incur any bonds, notes, or other obligations payable from or secured by, in whole or in part, any or all of the Security for the Series 2023A Bonds prior to or on a parity with the pledge of the Security securing payment of the Series 2023A Bonds. THE SERIES 2023 BONDS

General

The Series 2023 Bonds are special, limited obligations of the Board and are issued pursuant to the Master Trust Indenture, the applicable Bond Indenture and Subchapter H.

The Series 2023 Bonds will be issued as fully registered bonds in denominations of \$5,000 or any integral multiples thereof. Interest on the Series 2023 Bonds will accrue from the Date of Delivery to the Underwriters at the respective rates for each series shown on the inside cover pages of this Official Statement, calculated on the basis of a 360-day year composed of twelve 30-day months. Interest on the Series 2023 Bonds will be payable semiannually commencing on April 15, 2024, and on each October 15 and April 15 thereafter (each an **Interest Payment Date**), until maturity or prior redemption. The Series 2023 Bonds will mature in the principal amounts and on the dates shown for each series on the inside cover pages of this Official Statement. The Series 2023 Bonds, when issued, will be registered in the name of Cede & Co., as nominee for DTC.

Payment

As long as the Series 2023 Bonds are held in the book-entry-only system, payment on the Series 2023 Bonds of each series will be made directly to DTC or its nominee, Cede & Co., by the applicable Bond Indenture Trustee, acting in its capacity as paying agent and registrar (the **Paying Agent/Registrar**) for the Series 2023 Bonds of each series, in accordance with arrangements among the Board, the Paying Agent/Registrar and DTC. See “**APPENDIX F — DESCRIPTION OF BOOK-ENTRY-ONLY SYSTEM AND GLOBAL CLEARANCE PROCEDURES**”.

The principal and redemption price of the Series 2023 Bonds shall be payable, without exchange or collection charges, in lawful money of the United States of America, to the respective registered owners thereof upon presentation and surrender thereof at maturity or upon the date fixed for redemption prior to maturity at the office for payment of the Paying Agent/Registrar (the **Designated Payment/Transfer Office**). If the Series 2023 Bonds are not held in book-entry form, as described in “**APPENDIX F -DESCRIPTION OF BOOK-ENTRY-ONLY SYSTEM AND GLOBAL CLEARANCE PROCEDURES**,” interest on the Series 2023 Bonds shall be payable by the Paying Agent/Registrar on each Interest Payment Date, in lawful money of the United States of America, by check or draft dated as of such Interest Payment Date, sent by United States mail, first-class postage prepaid, to the respective owners thereof, at the address of each such registered owner as it appears in the Register on the Record Date (hereinafter defined) preceding each such Interest Payment Date. Any accrued interest due upon the redemption of any Series 2023 Bond prior to maturity as provided in the Bond Indentures shall be payable to the registered owner thereof at the Designated Payment/Transfer Office, upon presentation and surrender thereof for redemption and payment at the Designated Payment/Transfer Office. As of the date of this Official Statement, the Designated Payment/Transfer Office of the Paying Agent/Registrar is its Houston, Texas, corporate trust office.

The principal amount of 2023A Term Bonds of a stated maturity required to be redeemed on any mandatory redemption date pursuant to the operation of the mandatory sinking fund redemption provisions shall be reduced, at the option of the Board, by the principal amount of any 2023A Term Bonds of the same maturity which, at least 45 days prior to a mandatory redemption date (1) shall have been acquired by the Board at a price not exceeding the principal amount of such 2023A Term Bonds plus accrued interest to the date of purchase thereof, and delivered to the Paying Agent/Registrar for cancellation, (2) shall have been purchased and canceled by the Paying Agent/Registrar at the request of the Board at a price not exceeding the principal amount of such 2023A Term Bonds plus accrued interest to the date of purchase, or (3) shall have been redeemed pursuant to the optional redemption provisions and not theretofore credited against a mandatory redemption requirement.

Optional Redemption – Taxable Series 2023B Bonds. The Taxable Series 2023B Bonds maturing on and after October 15, 2034, are subject to redemption at the option of the Board, in whole or in part on any date on and after October 15, 2033 at the redemption price, of 100% of the principal amount thereof being redeemed, plus accrued interest thereon to the date fixed for redemption. Taxable Series 2023B Bonds to be redeemed pursuant to the optional redemption provisions above shall be selected from the maturities and in the principal amounts as shall be determined by the Board.

Mandatory Sinking Fund Redemption – Taxable Series 2023B Bonds. The Taxable Series 2023B Bonds scheduled to mature on October 15 in the years 2031, 2043 and 2053 (the **2023B Term Bonds**) are subject to scheduled mandatory redemption by the Paying Agent/Registrar by lot, or by any other customary method that results in a random selection, at a price equal to the principal amount thereof, plus accrued interest to the redemption date, out of moneys available for such purpose in the interest and sinking fund for the Taxable Series 2023B Bonds, on the dates and in the respective principal amounts, set forth in the following schedule:

* Stated Maturity

The principal amount of 2023B Term Bonds of a stated maturity required to be redeemed on any mandatory redemption date pursuant to the operation of the mandatory sinking fund redemption provisions shall be reduced, at the option of the Board, by the principal amount of any 2023B Term Bonds of the same maturity which, at least 45 days prior to a mandatory redemption date (1) shall have been acquired by the Board at a price not exceeding the principal amount of such 2023B Term Bonds plus accrued interest to the date of purchase thereof, and delivered to the Paying Agent/Registrar for cancellation, (2) shall have been purchased and canceled by the Paying Agent/Registrar at the request of the Board at a price not exceeding the principal amount of such 2023B Term Bonds plus accrued interest to the date of purchase, or (3) shall have been redeemed pursuant to the optional redemption provisions and not theretofore credited against a mandatory redemption requirement.

Notice of Redemption. Official notice of any redemption of Series 2023 Bonds shall be given by the Paying Agent/Registrar on behalf of the Board by mailing a copy of an official redemption notice by first class mail, postage prepaid, at least thirty (30) days and not more than sixty (60) days prior to the date fixed for redemption to the owner of the Series 2023 Bond or Series 2023 Bonds to be redeemed at the address shown on the Bond Register; *provided, however,* that the failure to send, mail or receive such notice, or any defect therein or in the sending or mailing thereof, shall not affect the validity or effectiveness of the proceedings for the redemption of any Series 2023 Bond, and it is hereby specifically provided that the publication of such notice as required above shall be the only notice actually required in connection with or as a prerequisite to the redemption of any Series 2023 Bonds or portions thereof. Should notice to call Series 2023 Bonds of each series for redemption at the option of the Board be given in the manner provided above, but the Board shall not be able to provide such applicable Bond Indenture Trustee with amounts sufficient to effect on the date fixed for redemption the payment of the entire redemption price of the Series 2023 Bonds so called for redemption, such Series 2023 Bonds shall not be redeemed on the date fixed for redemption, and the notice of redemption for such Series 2023 Bonds shall be null and void. In addition, any notice of optional redemption may be made conditional upon the receipt of moneys to effect such redemption. Notice of an optional redemption may be rescinded if sufficient moneys have not been deposited with the Bond Indenture Trustee.

The Paying Agent/Registrar shall also send notice of any redemption by United States mail, first-class postage prepaid, to DTC at the same time that it sends notice of redemption to Holders. So long as all Series 2023 Bonds are held under a book entry system by DTC, notice of redemption shall be sent by the Agent only to DTC or its nominee. Selection of book entry interests in the Series 2023 Bonds called for redemption and notice of redemption to the owners of Series 2023 Bonds called for redemption, is the responsibility of DTC (or any successor securities depository) pursuant to its rules and procedures, and of its participants and indirect participants. Any failure of DTC (or any successor securities depository) to advise any participant, or of any participant or any indirect participant to notify the owner of a book-entry interest, of any such notice and its content or effect shall not affect the validity of any proceedings for the redemption of any Series 2023 Bonds.

Partial Redemption. If less than all of the Series 2023A Bonds within a maturity are called for redemption, the Series 2023A Bonds selected for redemption within such maturity shall be chosen by lot by the Paying Agent/Registrar (provided that a portion thereof may be redeemed only in an integral multiple of \$5,000 principal amount). During any period in which ownership of the Series 2023A Bonds is determined only by a book-entry at a securities depository for the Series 2023A Bonds, if less than all of the Series 2023A Bonds within a maturity are called for redemption, the particular Series 2023A Bonds selected for redemption within such maturity shall be selected in accordance with the arrangements among the Board, the Paying Agent/Registrar and DTC. See “***APPENDIX F — DESCRIPTION OF BOOK-ENTRY-ONLY SYSTEM AND GLOBAL CLEARANCE PROCEDURES***”.

As long as the Taxable Series 2023B Bonds are registered in book-entry only form and so long as DTC, or a successor securities depository, is the sole registered owner of such Taxable Series 2023B Bonds and if less than all of the Taxable Series 2023B Bonds of a maturity are called for prior redemption, the particular Taxable Series 2023B Bonds or portions thereof to be redeemed shall be selected on a “Pro Rata Pass-Through Distribution of Principal” basis in accordance with DTC procedures. However, so long as the Taxable Series 2023B Bonds are registered in book-entry form, the selection for redemption of such Taxable Series 2023B Bonds shall be made in accordance with the operational arrangements of DTC then in effect. It is the Board’s intent that redemption allocations made by DTC, the DTC Participants or such other intermediaries that may exist between the Board and the beneficial owners be made on a “Pro Rata Pass-Through Distribution of Principal” basis as described above. However, the Board can provide no assurance that DTC, the DTC Participants or any other intermediaries will allocation redemptions among beneficial owners on such basis. If the DTC operational arrangements do not allow for the redemption for the Taxable Series 2023B Bonds on a Pro Rata Pass-Through Distribution of Principal basis as discussed above, then the Taxable Series 2023B Bonds will be selected for redemption in accordance with DTC procedures by lot. **The Board can provide no assurance that DTC, its participants or any other intermediaries, will allocate redemptions of the Taxable Series 2023B Bonds of a particular maturity among the beneficial owners on such a proportional basis.** If the Taxable Series 2023B Bonds are no longer registered to DTC or its nominee, any redemption of less than all of a maturity of the Taxable Series 2023B Bonds shall be effected by the Paying Agent/Registrar among owners on a pro-rata basis subject to minimum authorized denominations. The particular Taxable Series 2023B Bonds or portions thereof to be redeemed shall be determined by the Paying Agent/Registrar, using such method as it shall deem fair and appropriate.

Registration, Transfer and Exchange

The Bond Indenture Trustee for each series of the Series 2023 Bonds has been named to serve as initial Paying Agent/Registrar for the Series 2023 Bonds of each series. In each Bond Indenture, the Board retains the right to replace the Paying Agent/Registrar. If the Board replaces the Paying Agent/Registrar, such Paying Agent/Registrar shall, promptly upon the appointment of a successor, deliver the Paying Agent/Registrar’s records to the successor Paying Agent/Registrar, and the successor Paying Agent/Registrar shall act in the same capacity as the previous Paying Agent/Registrar. Any successor Paying Agent/Registrar selected by the Board shall be a commercial bank or a trust company duly organized under the laws of the United States of America or any state or territory thereof, having a combined capital stock, surplus and undivided profits of at least \$100,000,000, having trust powers and authorized by law to perform all the duties imposed upon it by such Bond Indenture.

In the event the Book-Entry-Only System is discontinued, printed certificates will be delivered to the owners of the Series 2023 Bonds and thereafter the Series 2023 Bonds may be transferred, registered and assigned on the registration books only upon presentation and surrender of such printed certificates to the Paying Agent/Registrar, and such registration and transfer shall be without expense or service charge to the Registered Owner, except for any tax or other governmental charges required to be paid with respect to such registration and transfer. A Series 2023 Bond may be assigned by the execution of an assignment form on the Series 2023 Bonds or by other instrument of transfer and assignment acceptable to the Paying Agent/Registrar. A new Series 2023 Bond or Series 2023 Bonds will be delivered

by the Paying Agent/Registrar in lieu of the Series 2023 Bond being transferred or exchanged at the designated office of the Paying Agent/Registrar. New Series 2023 Bonds registered and delivered in an exchange or transfer shall be in authorized denominations and for a like kind and aggregate principal amount as the Series 2023 Bond or Series 2023 Bonds surrendered for exchange or transfer. See “**APPENDIX F —DESCRIPTION OF BOOK-ENTRY-ONLY SYSTEM AND GLOBAL CLEARANCE PROCEDURES**” herein for a description of the system to be utilized initially in regard to the ownership and transferability of the Series 2023 Bonds.

The record date (**Record Date**) for the interest payable on any interest payment date for the Series 2023 Bonds means the close of business on the last Business Day of the month next preceding such interest payment date.

Neither the Board nor the Paying Agent/Registrar shall be required to issue, transfer, or exchange any Series 2023 Bond, or any portion thereof called for redemption prior to maturity prior to its redemption date, provided, however, such limitation on transferability shall not be applicable to an exchange by the owner of the uncalled balance of a Series 2023 Bond.

If any Series 2023 Bond is mutilated, destroyed, stolen or lost, a new Series 2023 Bond in the same principal amount and series as the Series 2023 Bond so mutilated, destroyed, stolen or lost will be issued. In the case of a mutilated Series 2023 Bond, such new Series 2023 Bond will be delivered only upon surrender and cancellation of such mutilated Series 2023 Bond. In the case of any Series 2023 Bond issued in lieu of and in substitution for a Series 2023 Bond which has been destroyed, stolen or lost, such new Series 2023 Bond will be delivered only (a) upon filing with the Board and the Paying Agent/Registrar of satisfactory evidence to the effect that such Series 2023 Bond has been destroyed, stolen or lost and proof of the ownership thereof, and (b) upon furnishing the Board and the Paying Agent/Registrar with indemnity satisfactory to them. The person requesting the authentication and delivery of a new Series 2023 Bond must pay such expenses as the Paying Agent/Registrar may incur in connection therewith.

STATE WATER IMPLEMENTATION FUND FOR TEXAS PROGRAM

Introduction

To ensure the ongoing vitality of its economy, Texas’ citizens, water experts, and government agencies collaborate in a comprehensive water planning process, so Texas will have enough water in the future to sustain its cities, rural communities and its economic development while also preserving the agricultural and natural resources that have defined Texas for generations. Texas also has one of the fastest growing populations in the country. In 1950, there were approximately 8 million Texas residents. The 2022 State Water Plan projects Texas’ population will increase 73 percent in the next 50 years, from 29.7 million in 2020 to more than 51.5 million in 2070.

Water user groups, those groups planned for in the State Water Plan that include providers, face a potential water shortage of 3.1 million acre-feet per year in 2020 and 6.9 million acre-feet per year in 2070 in drought of record conditions. Approximately 5,800 water management strategies recommended in the current State Water Plan would provide 1.7 million acre-feet per year in additional water supplies to water user groups in 2020 and 7.7 million acre-feet per year in 2070. The estimated capital cost to design, construct, and implement the more than 2,400 recommended water management strategy projects by 2070 is approximately \$80 billion.

In 2013, the 83rd Regular Session of the Texas State Legislature (the **Legislature**), enacted enabling legislation to implement provisions relating to the proposed constitutional amendments that created SWIFT and SWIRFT. With the adoption of the two amendments as described below under “**STATE WATER IMPLEMENTATION FUND FOR TEXAS PROGRAM – Authorization of SWIFT and SWIRFT**,” the plan was implemented. The financial assistance program envisioned by the creation of SWIFT and SWIRFT and as further described below is referred to herein as the “**SWIFT Program**”. Revenue bonds issued to support the State Water Implementation Fund for Texas Program, including the Series 2023 Bonds, are issued through SWIRFT.

Authorization of SWIFT and SWIRFT

On November 5, 2013, voters approved constitutional amendments adding two sections to Article III of the Constitution (Sections 49-d-12 and 49-d-13). Generally, Section 49-d-12 authorized the appropriation of \$2 billion from the State’s economic stabilization fund to create and fund SWIFT as a special fund in the state treasury outside the general revenue fund. Section 49-d-13 created SWIRFT as a special fund in the state treasury outside the general revenue fund.

Statutory and Regulatory Framework

Section 49-d-12 provides that money in SWIFT shall be administered, without further appropriation, by the Board for the purpose of implementing the State Water Plan. In addition, Section 49-d-12 authorizes the Legislature to authorize the Board to enter into bond enhancement agreements to provide a source of revenue or security for general obligation bonds or revenue bonds issued by the Board, the proceeds of which are used to finance State Water Plan projects, provided that the bond enhancement agreements do not exceed the capacity of SWIFT to fully support such agreements. Moneys to be made available under the terms of a bond enhancement agreement are contributed solely from SWIFT. Section 49-d-12 provides that the Legislature may authorize the Board to use SWIFT to finance, including by direct loan, water projects included in the State Water Plan. However, state law currently does not permit the use of moneys within SWIFT to be used to purchase or fund direct loans. Subchapter G of the Texas Water Code provides that the Board has legal title to the money and investments of SWIFT to be used without further appropriation for the sole purpose of implementing the State Water Plan. Responsibility for the management and investment of SWIFT is conferred on the TTSTC, which holds and invests SWIFT for and in the name of the Board.

In accordance with state law, \$2 billion from the State's economic stabilization fund was appropriated and transferred to SWIFT. To date, approximately \$903,552,715 has been transferred from SWIFT to respective Assistance Accounts held by the bond indenture trustees for the outstanding Master Trust Bonds; see "STATE WATER IMPLEMENTATION FUND FOR TEXAS PROGRAM – Outstanding Master Trust Bonds". As of June 30, 2023, the TTSTC has advised the Board that SWIFT has a balance of approximately \$1.77 billion. Moneys in SWIFT currently are invested by the TTSTC in a variety of investments, taking into account both the short-term and long-term needs for funds anticipated to be transferred from SWIFT. The goal of the SWIFT Program is to achieve funding of approximately \$27 billion of water projects over 50 years from 2015, of which \$8.8 billion has been provided as of June 30, 2023. Subchapter G provides that the Board shall undertake to apply not less than 10 percent to support projects that are for Rural Political Subdivisions (as defined in Section 15.001, Texas Water Code, as amended) or agricultural water conservation, and 20 percent to support projects, including agricultural irrigation projects, that are designed for water conservation or reuse, in each five-year period between the adoptions of a new State Water Plan.

The Board has adopted rules providing for the use of money received from SWIFT consistent with Subchapter G, including rules establishing standards for determining whether projects meet the criteria for rural political subdivision projects and water conservation or reuse projects, and specifying the manner for prioritizing projects included in the State Water Plan for the purpose of providing financial assistance under Subchapter G. The Board has also adopted policies and procedures for the purpose of mitigating or minimizing the adverse effects, if any, of federal laws and regulations relating to income taxes, arbitrage, rebates, and related matters.

At the direction of the Board, the TTSTC shall make disbursements from SWIFT to another fund or account pursuant to a bond enhancement agreement in amounts the Board determines are needed for debt service payments on or security provisions of the Board's general obligation bonds or revenue bonds, after considering all other sources available for those purposes in the respective fund or account. Disbursements may be made under a bond enhancement agreement to the Board for the support of bonds the proceeds of which are used to provide financial assistance in the form of a Political Subdivision Obligation bearing an interest rate of not less than 50 percent of the then-current rate of interest available to the Board; a loan to finance a facility with a term not to exceed the lesser of the expected useful life of the facility or thirty years; a deferral of loan repayments; incremental repurchase terms for an acquired facility; or a combination of the above-described methods.

To effect disbursements from SWIFT, the Board may direct the TTSTC to enter into bond enhancement agreements to provide a source of revenue or security for the payment of the principal of and interest on general obligation bonds or revenue bonds issued by the Board to finance or refinance projects included in the State Water Plan if the proceeds of the sale of the bonds have been or will be deposited to the credit of: (1) SWIRFT; (2) the Rural Water Assistance Fund; (3) the State Participation Account; (4) the Agriculture Water Conservation Fund; or (5) the Water Infrastructure Fund, the latter four funds and accounts are administered by the Board. The SWIFT Funds Transfer Agreement executed in connection with the issuance of the Series 2023 Bonds constitutes such a bond enhancement agreement under state law. See "**SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2023 BONDS – SWIFT Funds Transfer Agreement**". **SWIFT does not constitute Security for the Series 2023A Bonds or Security for the Taxable Series 2023B Bonds.**

Section 49-d-13 authorizes the Legislature to authorize the Board to issue bonds and enter into related credit agreements that are payable from revenues available to SWIRFT. Obligations issued or incurred pursuant to Section 49-d-13 are special obligations payable solely from amounts in SWIRFT. Moneys in SWIRFT consist of moneys transferred or deposited to the credit of SWIRFT by law; the proceeds of any fee or tax that may be imposed by the State in the future that by statute is dedicated for deposit to the credit of SWIRFT; any other revenue that the Legislature by statute dedicates for deposit to SWIRFT; investment earnings on amounts credited to SWIRFT; bond proceeds, including proceeds from revenue bonds issued by the Board under Subchapter H, that are designated by the Board for the purpose of providing money for SWIRFT; repayments of Political Subdivision Obligations made from SWIRFT; money from the sale, transfer, or lease of a project acquired, constructed, reconstructed, developed, or enlarged with money from SWIRFT and money disbursed to SWIRFT from SWIFT.

The Board may use money in SWIRFT (i) as a source of revenue or security for the payment of the principal of and interest on revenue bonds issued by the Board under Subchapter H, other bonds issued by the Board if the proceeds of the Master Trust Bonds will be deposited in SWIRFT, (ii) to acquire Political Subdivision Obligations, or other assets from another fund or account administered by the Board, or (iii) to pay necessary and reasonable costs incurred by the Board in administering the fund. Money deposited to the credit of SWIRFT must be invested as determined by the Board. Subchapter H also authorizes the Board to issue revenue bonds for the purpose of providing money for SWIRFT. Revenue bonds issued under Subchapter H are special obligations of the Board payable only from and secured by designated income and receipts of SWIRFT, and such bonds do not constitute indebtedness of the State.

Outstanding Master Trust Bonds

The Board has issued, and there are currently outstanding, thirteen series of Master Trust Bonds: State of Texas Water Implementation Revenue Fund for Texas Revenue Bonds as identified in the table below. All proceeds of the outstanding Master Trust Bonds available to acquire Political Subdivision Obligations have been expended and funded State Water Plan Projects by providing financial assistance to Political Subdivisions.

Texas Water Development Board

The Board is an agency of the State and was created by constitutional amendment in 1957. Leading the state's efforts in ensuring a secure water future for Texas, the Board is responsible for coordinating long-range water planning in the State. The Board is primarily responsible for the State's financial programs associated with the water industry. Since its inception and as of June 30, 2023, the Board has committed to fund in excess of \$33.8 billion in financial assistance for the purposes described below.

The Board administers multiple financial programs to provide financial assistance to political subdivisions, including, non-profit water supply corporations, and in certain circumstances, investor-owned utilities, throughout Texas. Those programs include providing financial assistance through the issuance of general obligations bonds for all components of water supply, wastewater (sewage) conveyance and treatment, flood control projects, water projects that involve the conversion from a ground water supply source to a surface supply; providing financial assistance through the issuance of revenue bonds to facilitate the provision of wastewater treatment projects through the Clean Water State Revolving Fund; and for the provision of facilities for the treatment of drinking water through the Drinking Water State Revolving Fund. See "**APPENDIX D – INFORMATION REGARDING THE TEXAS WATER DEVELOPMENT BOARD – Financial Assistance Programs**".

Advisory Committee

Subchapter G established the State Water Implementation Fund for Texas Advisory Committee (the **SWIFT Advisory Committee**), which consists of seven persons: the Comptroller, or a person designated by the Comptroller; three members of the senate appointed by the Lieutenant Governor, including a member of the committee of the senate having primary jurisdiction over matters relating to finance and a member of the committee of the senate having primary jurisdiction over matters relating to natural resources; and three members of the house of representatives appointed by the Speaker of the House, including a member of the committee of the house having primary jurisdiction over matters relating to appropriations and a member of the committee of the house having primary jurisdiction over matters relating to natural resources. The SWIFT Advisory Committee shall submit comments and recommendations to the Board regarding the use of money in SWIFT for use by the Board in adopting rules and policies and procedures.

State Water Plan

Pursuant to Subchapter C of Chapter 16 of the Texas Water Code, the Legislature directed the Board to prepare, develop, formulate, and adopt a comprehensive state water plan (the **State Water Plan**) prior to January 2002. Thereafter, the Board has been responsible for preparing, developing, formulating and adopting a State Water Plan before the end of each successive five-year period after that date. The State Water Plan provides for and identifies projects in furtherance of the orderly development, management, and conservation of water resources and preparation for and response to drought conditions, in order that sufficient water will be available at a reasonable cost to ensure public health, safety and welfare, further economic development and protect the agricultural and natural resources of the entire State.

For purposes of developing the State Water Plan, the State is divided into 16 regional water planning areas. Each regional water planning group for each regional water planning area must prepare a regional water plan and submit the plan to the Board for approval by the Board, and for inclusion in the State Water Plan. The regional water planning groups shall submit their adopted regional water plans to the Board no later than January 5 of the year that is one year prior to the date the Board is required to adopt the State Water Plan for the ensuing five-year period.

On adoption of the State Water Plan, the Board is required to deliver the State Water Plan to the Governor, the Lieutenant Governor and the Speaker of the Texas House of Representatives and present the adopted State Water Plan for review to the appropriate legislative committees in the Legislature.

The first State Water Plan was developed by the Board in 1961. The most current State Water Plan, the 11th State Water Plan developed by the Board, was adopted by the Board and became effective on July 7, 2021. The 2022 State Water Plan is available on the website of the Board at <http://www.twdb.texas.gov/waterplanning/swp/2022/index.asp>.

Application Process

Any Political Subdivision with a recommended water management strategy project with associated capital costs included in the most recently adopted State Water Plan can apply for assistance under the SWIFT Program⁽¹⁾. Financing for planning, design and construction costs will be available with the multi-year commitment options, available for funding needs spanning several years.

On February 1, 2023, the application period for the 2023 prioritization cycle of the SWIFT Program officially closed. The Board received abridged applications for State Water Plan projects totaling approximately \$2.3 billion. On April 6, 2023, the Board approved the prioritization of those projects and sent invitations to eligible political subdivisions to submit complete applications. The abridged applications were prioritized based on multiple statutory requirements, including size of the population served, diverse urban and rural populations, regionalization and meeting a high percentage of water users' needs, amount of financial contribution, financial capacity, ability to leverage with local and federal funding, emergency needs, and effect on water conservation.

In conjunction with the approved projects and commitments from the 2023 prioritization cycle and first eight prioritization cycles occurring prior to 2023, the Board expects to acquire, enter into, or amend Political Subdivision Obligations in fall 2023, providing funding in the amount of approximately \$1.05 billion. All of the Political Subdivision Obligations expected to be funded by the Series 2023 Bonds constitute State Water Plan projects under the current State Water Plan. See “**APPENDIX A – SUMMARY OF POLITICAL SUBDIVISION OBLIGATIONS EXPECTED TO BE FUNDED BY SERIES 2023A BONDS AND BY THE TAXABLE SERIES 2023B BONDS**”.

The Board works with communities to develop projects from inception to procurement of funding and through construction completion. Eight teams provide outreach and assistance to existing and potential customers and build relationships with entities. The Application and Closing Team is responsible for the processing of applications and closing on funding commitments, while seven multi-disciplinary regional teams assigned by geographic area are responsible for monitoring progression of projects, including the approval of plans and specifications to ensure consistency with Board and state rules and regulations. Each regional team is headed by a regional team manager who serves as the single point of contact for customers in each region. This approach has provided customers with improved service by a dedicated regional team.

The Application and Closing Team consists of a manager, financial analysts, and loan specialist. The regional teams are comprehensive and include the staff necessary to assist clients through the infrastructure funding and construction process. The teams consist of a manager, project reviewers, environmental reviewers, engineers, attorney, and regional planner.

The Board has significant flexibility in establishing the terms of the financial assistance made available under the SWIFT Program consistent with achievement of legislative and Board objectives.

Political Subdivision Obligations and Underwriting and Monitoring Process

Pursuant to the Texas Water Code, Political Subdivision Obligations purchased from or entered into by the Board with a Political Subdivision can be payable from a pledge of ad valorem taxes, water system net revenues, wastewater system net revenues, net revenues of a combined water and sewer system, contract revenues, or any combination of pledges of taxes, assessments and/or utility system(s) (including gas or electric) revenues. The Board expects to purchase some Political Subdivision Obligations the security of which has a lien on revenues subordinate to outstanding and future debt of the Political Subdivision. For Political Subdivision Obligations payable solely from revenues, including subordinate lien revenue pledges, the Board requires a reserve fund and a coverage test to be met for the issuance of any additional bonds. Political Subdivision Obligations payable from ad valorem taxes are subject to constitutional and statutory limitations relating to the nature of the pledge of ad valorem taxes the Political Subdivision may provide.

⁽¹⁾ The SWIFT Program includes two funds, SWIFT and SWIRFT. Revenue bonds for the SWIFT Program are issued through SWIRFT.

The Board also requires each Political Subdivision to maintain adequate insurance coverage on the project being constructed and to provide annual audited financial statements. The Board continually monitors its portfolio for delinquent accounts. If a payment is late, the Board implements its collection process. The Master Trustee has confirmed to the Board all Political Subdivision Obligations payments for the October 15, 2023 debt service payment on outstanding Master Trust Bonds have been received. The Board has not experienced late payments on Political Subdivision Obligations issued or incurred in connection with the SWIFT Program. To date, there have been no payment defaults on the Political Subdivision Obligations financed by the Board through its administration of the SWIFT Program.

Prior to purchasing or entering into Political Subdivision Obligations, staff of the Executive Administrator of the Board reviews contracts relating to any State Water Plan project. Additionally, the Board may not purchase or enter into any Political Subdivision Obligations that have low interest or deferred payment structures unless the Political Subdivision Obligations have been approved as to legality under state law by an approving opinion of the Attorney General of the State, the effect of which under state law is that the Political Subdivision Obligations are valid and incontestable in a court or other forum and are binding obligations for all purposes according to their terms. The Board will also receive an approving opinion from a bond counsel regarding a Political Subdivision Obligation under state law and, if applicable, providing that the interest on the Political Subdivision Obligation is exempt from federal income taxation. The Attorney General of the State has advised the Board that it has legal authority to enter into financing agreements with authorized Political Subdivisions where the Board Participation structure is used to effect the financing to be provided to the Political Subdivision. See “**STATE WATER IMPLEMENTATION FUND FOR TEXAS PROGRAM – Political Subdivision Obligations - Board Participation Obligations**”. Upon approval by the Attorney General of the State, registration of the Political Subdivision Obligations by the Comptroller and delivery to the Board, the Political Subdivision Obligations issued by the Political Subdivisions will be valid, binding and incontestable against a statutory challenge, as provided by the Texas Water Code.

The Political Subdivision Obligations expected to be purchased will include a range of credits. Below is a description of the security pledges of the Political Subdivision Obligations expected to be held within the Portfolio Account for the Series 2023 Bonds. Political Subdivisions need not have ratings or obtain credit ratings on Political Subdivision Obligations expected to be purchased by the Board. In addition, the Board may acquire a temporary ownership interest in a facility which a Political Subdivision will repurchase at a future date. See “**STATE WATER IMPLEMENTATION FUND FOR TEXAS PROGRAM – Political Subdivision Obligations and Underwriting and Monitoring Process – Board Participation Obligations**”.

As of the time of issuance, North Texas Municipal Water District (NTMWD) is expected to represent approximately 51% (**Significant Borrower**) of the Political Subdivision Obligations expected to be held within the Portfolio Account for the Series 2023A Bonds (consisting of \$532,390,000 in principal amount of Political Subdivision Obligations) and Palo Pinto County Municipal Water District No. 1 is expected to represent 100% of the Political Subdivision Obligations expected to be held within the Portfolio Account for the Taxable Series 2023B Bonds (consisting of \$5,040,000 principal amount of Political Subdivision Obligations). See “**APPENDIX A – SUMMARY OF POLITICAL SUBDIVISION OBLIGATIONS EXPECTED TO BE FUNDED BY SERIES 2023A BONDS AND BY TAXABLE SERIES 2023B BONDS**” and “**APPENDIX B – SIGNIFICANT BORROWER INFORMATION**”.

General Obligations. When a Political Subdivision issues a general obligation, its full faith and credit are pledged to secure payment when due of the principal of and interest on the obligation. State law requires the eligible Political Subdivision to levy taxes that will be collected in amounts and at the times sufficient to make debt service payments. If the eligible Political Subdivision fails to make a payment when due, the owner of a general obligation, such as the Board, can bring suit for mandamus to require the tax levy to be collected and applied to debt service. Political Subdivision general obligations typically require voter approval.

The tax levy described above may be limited depending upon the type of eligible Political Subdivision issuing the general obligations. Water districts, including municipal utility districts, operating pursuant to Article XVI, Section 59 of the Texas Constitution, are authorized to issue bonds payable from ad valorem taxes unlimited as to rate or amount. However, some general obligation bonds issued by municipalities are payable from a limited ad valorem tax, whether imposed by state law or its home rule charter.

Municipalities which operate pursuant to the home rule charter provisions of Article XI, Section 5 of the Texas Constitution are limited to a tax rate of not to exceed \$2.50 per \$100 assessed valuation for all municipal purposes, including the payment of debt service on bonds. The home rule charter approved by the voters of the municipalities may, and often does, provide for a lower tax rate limitation. There are requirements set forth in Article XI, Section 5 of the Texas Constitution which must be satisfied in order for a municipality to be eligible to seek home rule status including a requirement that a municipality contain a population of more than 5,000 inhabitants and that the municipality hold an election at which a majority of the voters approve adoption of a home rule charter. A Type A general law municipality with a population of 5,000 or less is limited to a tax rate of not to exceed \$1.50 per \$100 assessed valuation for all municipal purposes; provided, however, under certain circumstances a tax rate not to exceed \$0.25 per \$100 assessed valuation may be imposed. A Type A general law municipality with a population of 5,000 or more is limited to a tax rate of not to exceed \$2.50 per \$100 assessed valuation for all municipal purposes.

Revenue Obligations. When an eligible Political Subdivision issues a revenue obligation, the obligation is a limited obligation payable solely from the revenues that are specifically pledged. Revenue bonds are not a debt of the issuer, but solely a charge upon the revenues generated by properties of the systems so encumbered. The holder of such revenue bonds does not have the right to demand payment out of any funds raised or to be raised by taxation.

Municipalities, including home rule and general law municipalities, are authorized pursuant to Chapter 1502, Texas Government Code, as amended, to issue bonds payable from the revenues of their electric system, water system, sewer system or sanitary disposal equipment and appliances, or natural gas system, parks and or swimming pools, either or all such systems. The expenses of operation and maintenance of the system, including, without limitation, all salaries, labor, materials, interest, repairs and extensions necessary to render efficient service is a first lien against the revenues of such systems. Pursuant to state law, municipalities must charge and collect a rate sufficient to pay all operating, maintenance, depreciation, replacement, betterment, interest charges and all debt service requirements relating to such system.

Combination General Obligation and Revenue Obligations. Combination General Obligation and Revenue Obligations, which may be in the form of bonds or certificates of obligation, are payable from a combination of ad valorem property taxes, with the same tax rate limitations as discussed above under “General Obligations,” and revenues from various types of systems such as waterworks, sewer, gas and electric or any combination thereof as authorized pursuant to Chapter 1502, Texas Government Code and as discussed above under “Revenue Obligations,” or other revenues the political subdivision may lawfully pledge in support of such obligations. The revenue pledge may be limited to surplus net revenues only or may include all net revenues after the payment of necessary operation and maintenance expenses, and the payment of obligations secured by a superior pledge of net revenues. Debt instruments purchased by the Board under the SWIFT Program are secured by a combination of ad valorem taxes and revenues constitute “debt”, as defined in Section 26.012(7)(A)(ii)(c), Texas Tax Code.

Contract Revenue Bonds. When an eligible Political Subdivision issues Contract Revenue Bonds, the bonds are a limited obligation payable solely from the payments to be received pursuant to a contract. Certain eligible Political Subdivisions are authorized pursuant to state law to issue bonds payable from contract payments due from the beneficiary of the facilities constructed with the proceeds of the bonds issued. In the instance of SWIRFT, a municipality is typically the contracting party which is responsible for debt service payments on the bonds. Generally, such contract payments are payable as an operation and maintenance expense of a municipality's waterworks and sewer system and therefore have a first lien on the revenues of such systems and are paid prior to paying debt service on any obligations of a municipality payable from the same type of revenue pledge.

Board Participation Obligations. An eligible Political Subdivision enters into long-term, fixed-rate financing agreements whereby the Board will have a temporary ownership interest in a facility. The Political Subdivision will repurchase the interest in the facility under a repayment schedule that allows for the structured deferral of both principal and interest. See “**APPENDIX A – SUMMARY OF POLITICAL SUBDIVISION OBLIGATIONS EXPECTED TO BE FUNDED BY SERIES 2023A BONDS AND BY TAXABLE SERIES 2023B BONDS**” for a percentage breakdown of the security to be pledged in respect to the Political Subdivision Obligations. The Board has by resolution officially approved for funding and therefore made a binding commitment to provide financial assistance, subject to the availability of funds and compliance with certain conditions.

Types of Program Assistance

Assistance to Political Subdivisions is expected to fall into one of three categories of obligations as outlined below:

(1) **Low-Interest** – Long-term, fixed-rate obligations offered at below market rate. Maturities range from 20 to 30 years. Interest rates are based on the Board’s cost of funds, which reflects the credit rating of SWIRFT. This rate is further reduced by a subsidy established by the Board. For the applicants whose projects were approved in the fiscal year ending August 31, 2023, the subsidy amount for tax-exempt projects is up to 25% for 20-year maturities, 18% for obligations up to 25 years and 14%, for obligations up to 30 years. The subsidy amount for taxable projects is up to 20% for 20-year maturities, 14% for obligations up to 25 years and 10% for obligations up to 30 years. The subsidy amount for tax-exempt rural projects is up to 50% for 20-year maturities, 34% for obligations up to 25 years and 27% for obligations up to 30 years. The subsidy amount for taxable rural projects is up to 40% for 20-year maturities, 27% for obligations up to 25 years and 22% for obligations up to 30 years. These interest rate subsidies are based on general assumptions of debt structure by the Political Subdivision Obligations prior to application. These subsidies are subject to modification as necessary should a Political Subdivision Obligations request a modified debt structure.

(2) **Deferred** – Used for funding only developmental costs (planning and design). Maturities range from 20 to 30 years. Principal payments are deferred, and interest does not accrue for up to eight years or until the end of construction, whichever occurs first. The obligation is amortized over the remaining term of the agreement. Interest rates are based on the Board’s cost of funds, which reflects the credit rating of SWIRFT. No additional subsidy is available.

(3) **Board Participation** – Long-term, fixed-rate financing through a temporary Board ownership interest in a facility. These terms are intended to allow entities to reasonably finance the total debt for an optimally sized regional facility. The local sponsor repurchases the Board’s interest under a repayment schedule that allows for the structured deferral of both principal and interest. Maturities vary but are generally 34 years. Interest rates are based on the Board’s cost of funds, which reflects the credit rating of SWIRFT. No additional subsidy amount is available.

Texas Treasury Safekeeping Trust Company

Funds in SWIFT are held by the TTSTC, which is responsible for the investment of funds entrusted to it. The TTSTC has developed a written investment policy. SWIFT funds will be annually audited, and copies of such audits will be provided to both the Board and the SWIFT Advisory Committee. A copy of the SWIFT investment policy and annual report can be found on the TTSTC’s website at the following link: <http://www.TTSTC.org>.

DEBT SERVICE AND CASH FLOW PROJECTIONS

Projected Revenue Cash Flows

Projected revenue cash flows as set forth in Table 2 in this Official Statement (the **Projected Revenue Cash Flows**) were prepared by the Board’s Financial Advisor. Projected Revenue Cash Flows contain estimates that include assumptions regarding future events, including assumptions regarding future Political Subdivision Obligations purchased or entered into and funded with proceeds of Bonds, transfers of moneys from the Assistance Account to the Debt Service Account, future interest rates on Political Subdivision Obligations, the repayment of Political Subdivision Obligations by Political Subdivisions and investment earnings on such moneys. The actual results will differ from the estimates stated in the Projected Revenue Cash Flows to the extent that actual future events differ from the estimates and assumptions upon which the Projected Revenue Cash Flows are based. See “**OTHER INFORMATION – Forward-Looking Statements**”.

The following tables (collectively, “**Table 2**”) represent cash flow projections for the respective series of Series 2023 Bonds.

INVESTMENT CONSIDERATIONS

Prospective purchasers of the Series 2023 Bonds should be aware that investment in the Series 2023 Bonds entails some degree of risk and uncertainty. Each prospective investor in the Series 2023 Bonds should read this Official Statement in its entirety. Particular attention should be given to the factors described below which, among others, could affect the payment of the debt service on the Series 2023 Bonds and which could also affect the market price and liquidity of the Series 2023 Bonds to an extent that cannot be determined. References to an Account or a Bond Indenture are intended to refer to such Account or Bond Indenture governing either series of the Series 2023 Bonds. This discussion of investment considerations is not, and is not intended to be, exhaustive.

Moneys on Deposit in SWIFT Are Not Pledged in Support of the Series 2023 Bonds

The Board may, but is not legally required to, seek a transfer of funds from SWIFT to SWIRFT in support of SWIRFT through the execution of a bond enhancement agreement with the TTSTC. The Board may direct at its sole discretion, additional transfers from SWIFT to provide a source of revenue or security for outstanding bonds that were supported by a transfer from SWIFT, including the Series 2023 Bonds, but the Board is under no obligation to direct such a transfer, and no assurance is given that the Board will direct additional transfers from SWIFT for such purpose or the amount of any such transfers, if made. If the Board were to elect to proceed with an additional transfer, then additional State administrative approval will need to be sought and there is no assurance that such approval will be obtained. Pursuant to Subchapter G, the Board may effect no more than two transfers of funds from SWIFT in each fiscal year of the State, which commences on September 1 of a calendar year and ends on the succeeding August 31.

One or More Local Governments May Default Under Their Political Subdivision Obligations

The primary source of repayment for the Series 2023 Bonds is the payments under the Political Subdivision Obligations. The ability of the Political Subdivisions to make full and timely payments of debt service or other repayment obligations due on their respective Political Subdivision Obligations will depend on various economic and financial circumstances, including weather-related events such as damage caused by storms and other natural disasters. If a Political Subdivision fails to pay the principal of or interest on any Political Subdivision Obligations held in a Portfolio Account, the Board may seek to enforce payment of such principal and interest and any other amounts due and payable pursuant to applicable provisions of state law. There can be no assurance that the Board will have an effective remedy or realize any amounts or amounts equal to all amounts due to the Board under the Political Subdivision Obligations. Acceleration is not a remedy if a default under the terms of a Political Subdivision Obligation occurs.

The proceedings relating to the issuance of the Political Subdivision Obligations purchased for a Portfolio Account will be subject to review and approval by the Attorney General of the State with an approval required for Political Subdivision Obligations that utilize the low interest and deferred payment structures. Such approval does not ensure that payments of principal and interest on Political Subdivision Obligations will be made when due.

Owners of Series 2023 Bonds are Not Entitled to Accelerate the Indebtedness of the Series 2023 Bonds upon a Default

The payment of principal of, premium, if any, and interest on the Series 2023 Bonds is not subject to acceleration upon the occurrence and continuation of an Event of Default under the applicable Bond Indenture. Owners of the Series 2023 Bonds will therefore be required to collect debt service payments on the Series 2023 Bonds due after an Event of Default based on the Series 2023 Bonds scheduled payment dates from the Revenues and other property pledged under the applicable Bond Indenture which may not be sufficient to make such payments.

Repayment of the Series 2023 Bonds from Sources Other than the Political Subdivision Obligations

The interest rates on the Political Subdivision Obligations will be lower than the interest rates on the corresponding Series 2023 Bonds that were issued to acquire them. Because the debt service on the Series 2023 Bonds is expected to be paid only in part from the payments made on the Political Subdivision Obligations, the payment of debt service on the Series 2023 Bonds will need to be made from the other funds available under the applicable Bond Indenture, including specifically moneys in the Assistance Account for the Series 2023 Bonds. See “**SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2023 BONDS – SWIFT Funds Transfer Agreement**”.

Limitations on Remedies Available to Owners of Series 2023 Bonds

The enforceability of the rights and remedies of the Owners of Series 2023 Bonds (either against the Board or against the Political Subdivisions as issuers of, or obligors under, their Political Subdivision Obligations), and the obligations incurred by (a) the Board in issuing the Series 2023 Bonds and (b) the Political Subdivisions in issuing or entering into their Political Subdivision Obligations, are subject to the following: the federal Bankruptcy Code and applicable bankruptcy, insolvency, reorganization, moratorium, or similar laws relating to or affecting the enforcement of creditors' rights generally, now or hereafter in effect; usual equity principles which may limit the specific enforcement under state law of certain remedies; the exercise by the United States of America of the powers delegated to it by the United States Constitution; and the reasonable and necessary exercise, in certain unusual situations, of the police power inherent in the State and its governmental subdivisions in the interest of serving a legitimate and significant public purpose. Bankruptcy proceedings, or the exercise of powers by the federal or state government, if initiated, could subject the Owners of the Series 2023 Bonds to judicial discretion and interpretation of their rights in bankruptcy and otherwise, and consequently may involve risks of delay, limitation or modification of their rights.

TAX MATTERS

THE FOLLOWING DISCUSSION, WHICH WAS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE SALE OF THE SERIES 2023 BONDS, IS NOT INTENDED OR WRITTEN TO BE USED, AND CANNOT BE USED BY ANY TAXPAYER, TO AVOID PENALTIES THAT MIGHT BE IMPOSED ON THE TAXPAYER IN CONNECTION WITH THE MATTERS DISCUSSED BELOW. INVESTORS SHOULD CONSULT THEIR OWN TAX ADVISORS CONCERNING THE TAX IMPLICATIONS OF RECENTLY ENACTED LEGISLATION OR THE PURCHASE, OWNERSHIP OR DISPOSITION OF THE SERIES 2023 BONDS UNDER APPLICABLE STATE OR LOCAL LAWS, OR ANY OTHER TAX CONSEQUENCE.

Certain Federal Income Tax Considerations

The following discussion is a summary of certain expected material federal income tax consequences of the purchase, ownership and disposition of the Series 2023 Bonds and is based on the Internal Revenue Code of 1986, as amended (the **Code**), the regulations promulgated thereunder, published rulings and pronouncements of the Internal Revenue Service (**IRS**) and court decisions currently in effect.

There can be no assurance that the IRS will not take a contrary view, and no ruling from the IRS, has been, or is expected to be, sought on the issues discussed herein. Any subsequent changes or interpretations may apply retroactively and could affect the opinion and summary of federal income tax consequences discussed herein.

The following discussion is not a complete analysis or description of all potential U.S. federal tax considerations that may be relevant to, or of the actual tax effect that any of the matters described herein will have on, particular holders of the Series 2023 Bonds and does not address U.S. federal gift or estate tax or (as otherwise stated herein) the alternative minimum tax, state, local or other tax consequences. This summary does not address special classes of taxpayers (such as partnerships, or other pass-thru entities treated as a partnerships for U.S. federal income tax purposes, S corporations, mutual funds, insurance companies, financial institutions, small business investment companies, regulated investment companies, real estate investment trusts, grantor trusts, former citizens of the U.S., broker-dealers, traders in securities and tax-exempt organizations, individual recipients of Social Security or Railroad Retirement benefits, taxpayers qualifying for the health insurance premium assistance credit, taxpayers who may be subject to or personal holding company provisions of the Code) that are subject to special treatment under U.S. federal income tax laws, or persons that hold Series 2023 Bonds as a hedge against, or that are hedged against, currency risk or that are part of hedge, straddle, conversion or other integrated transaction, or persons whose functional currency is not the "U.S. dollar". This summary is further limited to investors who will hold the Series 2023 Bonds as "capital assets" (generally, property held for investment) within the meaning of section 1221 of the Code. This discussion is based on statutes, regulations, published rulings and court decisions existing on the date of delivery of Bond Counsel's opinions, as described below (**Existing Law**), all of which are subject to change or modification, retroactively.

As used herein, the term “**U.S. Holder**” means a beneficial owner of a Series 2023 Bond who or which is: (i) an individual citizen or resident of the United States, (ii) a corporation or partnership created or organized under the laws of the United States or any political subdivision thereof or therein, (iii) an estate, the income of which is subject to U.S. federal income tax regardless of the source; or (iv) a trust, if (a) a court within the U.S. is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust, or (b) the trust validly elects to be treated as a U.S. person for U.S. federal income tax purposes. As used herein, the term “**Non-U.S. Holder**” means a beneficial owner of a Series 2023 Bond that is not a U.S. Holder.

THIS SUMMARY IS INCLUDED HEREIN FOR GENERAL INFORMATION ONLY AND DOES NOT DISCUSS ALL ASPECTS OF THE U.S. FEDERAL INCOME TAXATION THAT MAY BE RELEVANT TO A PARTICULAR HOLDER OF SERIES 2023 BONDS IN LIGHT OF THE HOLDER’S PARTICULAR CIRCUMSTANCES AND INCOME TAX SITUATION. PROSPECTIVE HOLDERS OF THE SERIES 2023 BONDS SHOULD CONSULT THEIR OWN TAX ADVISORS AS TO THE TAX TREATMENT WHICH MAY BE ANTICIPATED TO RESULT FROM RECENTLY ENACTED LEGISLATION OR THE PURCHASE, OWNERSHIP AND DISPOSITION OF THE SERIES 2023 BONDS BEFORE DETERMINING WHETHER TO PURCHASE SERIES 2023 BONDS.

FOREIGN INVESTORS SHOULD ALSO CONSULT THEIR OWN TAX ADVISORS REGARDING THE TAX CONSEQUENCES UNIQUE TO NON-U.S. HOLDERS.

Future and Proposed Legislation

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the federal or state level, may adversely affect the tax-exempt status of interest on the Series 2023A Bonds under federal or state law and could affect the market price or marketability of the Series 2023A Bonds. Any such legislation, action or court decision could limit the value of certain deductions and exclusions, including the exclusion for tax-exempt interest. The likelihood of any such legislation, action or court decision being enacted or becoming effective cannot be predicted. Prospective purchasers of the Series 2023A Bonds should consult their own tax advisors regarding the foregoing matters.

Information Reporting and Backup Withholding

Subject to certain exceptions, information reports describing interest income, including original issue discount, with respect to the Series 2023 Bonds will be sent to each registered holder and to the IRS. Payments of interest and principal may be subject to backup withholding under sections 1471 through 1474 or backup withholding under section 3406 of the Code if a recipient of the payments fails to furnish to the payor such owner’s social security number or other taxpayer identification number (**TIN**), furnishes an incorrect TIN, or otherwise fails to establish an exemption from the backup withholding tax. Any amounts so withheld would be allowed as a credit against the recipient’s federal income tax. Special rules apply to partnerships, estates and trusts, and in certain circumstances, and in respect of Non-U.S. Holders, certifications as to foreign status and other matters may be required to be provided by partners and beneficiaries thereof.

Tax-Exempt Bonds

Opinion.

On the date of initial delivery of the Series 2023A Bonds, McCall, Parkhurst & Horton L.L.P., Bond Counsel, will render its opinion that, in accordance with Existing Law, (1) for federal income tax purposes, interest on the Series 2023A Bonds will be excludable from the “gross income” of the holders thereof and (2) the Series 2023A Bonds will not be treated as “specified private activity bonds”, the interest on which would be included as an alternative minimum tax preference item under section 57(a)(5) of the Code. Except as stated above, Bond Counsel will express no opinion as to any other federal, state or local tax consequences of the purchase, ownership or disposition of the Series 2023A Bonds. See “**APPENDIX E - Proposed Forms of Opinions of Bond Counsel**”.

In rendering its opinion, Bond Counsel will rely upon (a) certain information and representations of the Board, including information and representations contained in the Board's federal tax certificate related to the Series 2023A Bonds, and (b) covenants of the Board contained in the 2023A Bond Indenture relating to certain matters, including arbitrage and the use of the proceeds of the Series 2023A Bonds and the property financed or refinanced therewith. Failure by the Board to observe the aforementioned representations or covenants could cause the interest on the Series 2023A Bonds to become taxable retroactively to the date of issuance.

The Code and the regulations promulgated thereunder contain a number of requirements that must be satisfied subsequent to the issuance of the Series 2023A Bonds in order for interest on the Series 2023A Bonds to be, and to remain, excludable from gross income for federal income tax purposes. Failure to comply with such requirements may cause interest on the Series 2023A Bonds to be included in gross income retroactively to the date of issuance of the Series 2023A Bonds. The opinion of Bond Counsel is conditioned on compliance by the Board with such requirements, and Bond Counsel has not been retained to monitor compliance with these requirements subsequent to the issuance of the Series 2023A Bonds.

Bond Counsel's opinion regarding the Series 2023A Bonds represents its legal judgment based upon its review of Existing Law and the reliance on the aforementioned information, representations and covenants. Bond Counsel's opinion related to the Series 2023A Bonds is not a guarantee of a result. Existing Law is subject to change by the Congress and to subsequent judicial and administrative interpretation by the courts and the Department of the Treasury.

There can be no assurance that Existing Law or the interpretation thereof will not be changed in a manner which would adversely affect the tax treatment of the purchase, ownership or disposition of the Series 2023A Bonds.

Federal Income Tax Accounting Treatment of Original Issue Discount.

The initial public offering price to be paid for one or more maturities of the Series 2023A Bonds may be less than the principal amount thereof or one or more periods for the payment of interest on the Series 2023A Bonds may not be equal to the accrual period or be in excess of one year (the **Original Issue Discount Bonds**). In such event, the difference between (i) the "stated redemption price at maturity" of each Original Issue Discount Bond, and (ii) the initial offering price to the public of such Original Issue Discount Bond would constitute original issue discount. The "stated redemption price at maturity" means the sum of all payments to be made on the Series 2023A Bonds less the amount of all periodic interest payments. Periodic interest payments are payments which are made during equal accrual periods (or during any unequal period if it is the initial or final period) and which are made during accrual periods which do not exceed one year.

Under Existing Law, any U.S. Holder who has purchased a Series 2023A Bond as an Original Issue Discount Bond in the initial public offering is entitled to exclude from gross income (as defined in section 61 of the Code) an amount of income with respect to such Original Issue Discount Bond equal to that portion of the amount of such original issue discount allocable to the accrual period. For a discussion of certain collateral federal tax consequences, see discussion set forth below. In the event of the redemption, sale or other taxable disposition of such Original Issue Discount Bond prior to stated maturity, however, the amount realized by such U.S. Holder in excess of the basis of such Original Issue Discount Bond in the hands of such U.S. Holder (adjusted upward by the portion of the original issue discount allocable to the period for which such Original Issue Discount Bond was held by such initial owner) is includable in gross income.

Under Existing Law, the original issue discount on each Original Issue Discount Bond is accrued daily to the stated maturity thereof (in amounts calculated as described below for each accrual period and ratably within each such accrual period) and the accrued amount is added to an initial owner's basis for such Original Issue Discount Bond for purposes of determining the amount of gain or loss recognized by such owner upon the redemption, sale or other disposition thereof. The amount to be added to basis for each accrual period is equal to (a) the sum of the issue price and the amount of original issue discount accrued in prior periods multiplied by the yield to stated maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) less (b) the amounts payable as current interest during such accrual period on such Original Issue Discount Bond.

All U.S. Holders of Original Issue Discount Bonds should consult their own tax advisors with respect to the determination for federal, state and local income tax purposes of the treatment of interest accrued upon redemption, sale or other disposition of such Original Issue Discount Bonds and with respect to the federal, state, local and foreign tax consequences of the purchase, ownership, redemption, sale or other disposition of such Original Issue Discount Bonds.

Collateral Federal Income Tax Consequences.

Interest on the Series 2023A Bonds may be includable in certain corporation's "adjusted financial statement income" determined under section 56A of the Code to calculate the alternative minimum tax imposed by section 55 of the Code.

Under section 6012 of the Code, U.S. Holders of tax-exempt obligations, such as the Series 2023A Bonds, may be required to disclose interest received or accrued during each taxable year on their returns of federal income taxation.

Section 1276 of the Code provides for ordinary income tax treatment of gain recognized upon the disposition of a tax-exempt obligation, such as the Series 2023A Bonds, if such obligation was acquired at a "market discount" and if the fixed maturity of such obligation is equal to, or exceeds, one year from the date of issue. Such treatment applies to "market discount bonds" to the extent such gain does not exceed the accrued market discount of such Series 2023A Bonds; although for this purpose, a de minimis amount of market discount is ignored. A "market discount bond" is one which is acquired by the holder at a purchase price which is less than the stated redemption price at maturity or, in the case of a Series 2023A Bond issued at an original issue discount, the "revised issue price" (i.e., the issue price plus accrued original issue discount). The "accrued market discount" is the amount which bears the same ratio to the market discount as the number of days during which the holder holds the obligation bears to the number of days between the acquisition date and the final maturity date.

A ruling was not sought from the Internal Revenue Service by the Board with respect to the Series 2023A Bonds or the projects financed with proceeds of the Series 2023A Bonds. Bond Counsel's opinion represents its legal judgment based upon its review of Existing Law and the representations of the Board that it deems relevant to render such opinion and is not a guarantee of a result. No assurances can be given as to whether the Internal Revenue Service will commence an audit of the Series 2023A Bonds, or as to whether the Internal Revenue Service would agree with the opinion of Bond Counsel. If an audit is commenced, under current procedures the Internal Revenue Service is likely to treat the Board as the taxpayer and the Bondholders may have no right to participate in such procedure. No additional interest will be paid upon any determination of taxability.

Taxable Bonds

Certain U.S. Federal Income Tax Consequences to U.S. Holders.

Periodic Interest Payments and Original Issue Discount. The Taxable Series 2023B Bonds are not obligations described in section 103(a) of the Code. Accordingly, the stated interest paid on the Taxable Series 2023B Bonds or original issue discount, if any, accruing on the Taxable Series 2023B Bonds will be includable in "gross income" within the meaning of section 61 of the Code of each owner thereof and be subject to federal income taxation when received or accrued, depending upon the tax accounting method applicable to such owner.

Disposition of Bonds. An owner will recognize gain or loss on the redemption, sale, exchange or other disposition of a Taxable Series 2023B Bond equal to the difference between the redemption or sale price (exclusive of any amount paid for accrued interest) and the owner's tax basis in the Taxable Series 2023B Bonds. Generally, a U.S. Holder's tax basis in the Taxable Series 2023B Bonds will be the owner's initial cost, increased by income reported by such U.S. Holder, including original issue discount and market discount income, and reduced, but not below zero, by any amortized premium. Any gain or loss generally will be a capital gain or loss and either will be long-term or short-term depending on whether the Taxable Series 2023B Bonds has been held for more than one year.

Defeasance of the Taxable Bonds. Defeasance of any Taxable Series 2023B Bond may result in a reissuance thereof, for U.S. federal income tax purposes, in which event a U.S. Holder will recognize taxable gain or loss as described above.

Certain U.S. Federal Income Tax Consequences to Non-U.S. Holders.

A Non-U.S. Holder that is not subject to U.S. federal income tax as a result of any direct or indirect connection to the U.S. in addition to its ownership of a Taxable Series 2023B Bond, will not be subject to U.S. federal income or withholding tax in respect of such Taxable Series 2023B Bond, provided that such Non-U.S. Holder complies, to the extent necessary, with identification requirements including delivery of a signed statement under penalties of perjury, certifying that such Non-U.S. Holder is not a U.S. person and providing the name and address of such Non-U.S. Holder. Absent such exemption, payments of interest, including any amounts paid or accrued in respect of accrued original issue discount, may be subject to withholding taxes, subject to reduction under any applicable tax treaty. Non-U.S. Holders are urged to consult their own tax advisors regarding the ownership, sale or other disposition of a Taxable Series 2023B Bond.

The foregoing rules will not apply to exempt a U.S. shareholder of a controlled foreign corporation from taxation on the U.S. shareholder's allocable portion of the interest income received by the controlled foreign corporation.

CONTINUING DISCLOSURE OF INFORMATION

The Board has entered into a separate undertaking for the benefit of bondholders of either series of the Series 2023 Bonds to provide certain updated information and notices to the Municipal Securities Rulemaking Board (the **MSRB**) through its Electronic Municipal Market Access (**EMMA**) system.

Continuing Disclosure Undertaking of the Board

In each Bond Indenture, the Board has made the following agreement for the benefit of the bondholders and Beneficial Owners of the related Series 2023A Bonds or Taxable Series 2023B Bonds, as the case may be. The Board is required to observe the agreement for so long as it remains obligated to advance funds to pay the related series of Series 2023 Bonds. Under the agreement, the Board will be obligated to provide certain updated financial information and operating data annually, and timely notice of certain specified events, to the MSRB through EMMA.

Annual Reports

The Board will provide certain updated financial information and operating data to the MSRB annually. The information to be updated includes “**Table 1 – DEBT SERVICE ON OUTSTANDING MASTER TRUST BONDS AND SERIES 2023 BONDS**”, “**Table 2 – PROJECTED REVENUE CASH FLOWS – SERIES 2023 BONDS**” and “**APPENDIX A– SUMMARY OF POLITICAL SUBDIVISION OBLIGATIONS EXPECTED TO BE FUNDED BY SERIES 2023A BONDS AND BY TAXABLE SERIES 2023B BONDS**” herein. The Board will update and provide this information within 195 days after the end of each fiscal year ending in or after 2024.

Any such financial statements will be prepared in accordance with generally accepted accounting principles for governmental entities or such other accounting principles as the Board may be required to employ from time to time pursuant to State law or regulation.

The Board's current fiscal year end is August 31. Accordingly, it must provide updated information within 195 days thereof unless the Board changes its fiscal year. If the Board changes its fiscal year, it will notify the MSRB of the change prior to the next date by which the Board otherwise would be required to provide financial information and operating data as described above.

In addition, the Board will provide timely notice of any failure by the Board to provide information, data, or financial statements in accordance with its agreement described above under “CONTINUING DISCLOSURE OF INFORMATION – Continuing Disclosure Undertaking of the Board – Annual Reports”.

For the purposes of the event numbered (12) above, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the Board in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the Board, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Board. As used in events numbered (15) and (16) above, the term "Financial Obligation" means: (i) a debt obligation; (ii) a derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) a guarantee of (i) or (ii), however, the term Financial Obligation shall not include municipal securities as to which a final official statement has been provided to the MSRB consistent with the Rule.

Availability of Information

The Board has agreed to provide the foregoing financial and operating information only as described above. The Board will be required to file their respective continuing disclosure information using the MSRB’s EMMA system. Investors will be able to access continuing disclosure information filed with the MSRB free of charge at www.emma.msrb.org.

Limitations and Amendments

The Board has agreed to update information and to provide notices of disclosure events only as described above. The Board makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell Series 2023 Bonds at any future date. The Board disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of its continuing disclosure agreement or from any statement made pursuant to its agreement, although holders of Series 2023 Bonds may seek a writ of mandamus to compel the Board to comply with its agreement.

The Board may amend its respective continuing disclosure agreement from time to time to adapt to changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or type of operations of the Board, if (i) the agreement, as amended, would have permitted an underwriter to purchase or sell Series 2023 Bonds in the offering described herein in compliance with the Rule, taking into account any amendments or interpretations of the Rule to the date of such amendment, as well as such changed circumstances, and (ii) either (a) the holders of a majority in aggregate principal amount of the related series of outstanding Series 2023 Bonds consent to the amendment or (b) a person unaffiliated with the Board (such as nationally recognized bond counsel) determines that the amendment will not materially impair the interests of the beneficial owners of such Series 2023 Bonds. The Board may also amend or repeal the provisions of its continuing disclosure agreement if the SEC amends or repeals the applicable provisions of the Rule or a court of final jurisdiction enters judgment that such provisions of the Rule are invalid, but only if and to the extent that the provisions of this sentence would not prevent an underwriter from lawfully purchasing or selling Series 2023 Bonds in the primary offering of the Series 2023 Bonds. If the Board so amends the agreement, it has agreed to include with the next financial information and operating data provided in accordance with its agreement described above under “Annual Reports” an explanation, in narrative form, of the reasons for the amendment and of the impact of any change in the type of financial information and operating data so provided.

If the Board changes its fiscal year, it will notify the MSRB of the change (and of the date of the new fiscal year end) prior to the next date by which the Board otherwise would be required to provide financial information and operating data pursuant to this Section.

The financial information and operating data to be provided pursuant to this Section may be set forth in full in one or more documents or may be included by specific reference to any document (including an official statement or other offering document, if it is available from the MSRB) that theretofore has been provided to the MSRB or filed with the SEC. All filings shall be made electronically, in the format specified by the MSRB.

Continuing Disclosure Undertaking of Significant Borrowers

In each Bond Indenture, the Board covenants that it will require each Significant Borrower (any Political Subdivision with outstanding aggregate principal amount of Political Subdivision Obligations issued by the Political Subdivision and held in the Portfolio Account established by the 2023A Bond Indenture and the 2023B Bond Indenture, as the case may be, comprises at least 20% in aggregate principal amount of all Political Subdivision Obligations held, on and after April 1, 2024, in the related Portfolio Account) to adopt an ordinance, order or resolution (a **Significant Borrower Undertaking**) pursuant to which such Significant Borrower must agree to provide annually to the MSRB financial information and operating data with respect to the Significant Borrower of the general type hereinafter described. The term Significant Borrower includes (i) any Political Subdivision that is expected to be a Significant Borrower as of the date on which each Bond Indenture is adopted (an **Existing Significant Borrower**) and (ii) a Political Subdivision that, as a result of the Board’s future acquisition of its Political Subdivision Obligations, or substitution of its Political Subdivision Obligations as permitted by each Bond Indenture, or the prepayment or redemption of other Political Subdivision Obligations held in the Portfolio Account, established by each Bond Indenture, becomes a Significant Borrower (a **Future Significant Borrower**). Any Existing Significant Borrower must agree to provide, within 195 days after the end of each fiscal year of the Existing Significant Borrower ending in or after the fiscal year in which the Political Subdivision Obligations were issued, financial information and operating data with respect thereto of the nature included in its Significant Borrower Undertaking. See “APPENDIX B – Significant Borrower Information” for more information. Any financial statements so to be provided shall be prepared in accordance with the accounting principles described in its Significant Borrower Undertaking, or such other accounting principles as such Existing Significant Borrower may be required to employ from time to time pursuant to state law or regulation. Any Future Significant Borrower must agree to provide, within 195 days after the end of each fiscal year of the Future Significant Borrower ending in or after the year the Political Subdivision becomes a Significant Borrower, financial information and operating data with respect thereto of the nature required by the Rule and its Significant Borrower Undertaking. Any financial statements so to be provided shall be prepared in accordance with the accounting principles described in its Significant Borrower Undertaking, or such other accounting principles as such Significant Borrower may be required to employ from time to time pursuant to state law or regulation. In any case, if such Significant Borrower commissions an audit of such statements and the audit is completed within the period during

which they must be provided, the financial statements to be provided shall be audited. If the audit of such financial statements is not complete within such period, then such Significant Borrower shall provide notice that the audited financial statements are not available and provide unaudited financial statements and thereafter audited financial statements for the applicable fiscal year to the MSRB, when and if the audit report on such statements becomes available.

Each Significant Borrower shall also agree to notify the MSRB in a timely manner, not in excess of ten (10) Business Days after the occurrence of certain disclosure events as described in the Significant Borrower Undertaking.

In addition, each Significant Borrower shall also agree to provide timely notice of any failure by such Significant Borrower to provide information, data or financial statements in accordance with its Significant Borrower Undertaking.

If any Significant Borrower changes its fiscal year, it shall be the duty of such Significant Borrower, as required by its respective Significant Borrower Undertaking, to notify the MSRB of the change (and of the date of the new fiscal year end) prior to the next date by which such Significant Borrower otherwise would be required to provide financial information and operating data. The financial information and operating data to be provided may be set forth in full in one or more documents or may be included by specific reference to any document (including an official statement or other offering document, if it is available from the MSRB) that theretofore has been provided to the MSRB or filed with the SEC.

Each Significant Borrower shall be obligated under its Significant Borrower Undertaking to observe and perform the covenants specified in this Section for so long as, but only for so long as, such Significant Borrower remains an “obligated person” with respect to the applicable series of the Series 2023 Bonds within the meaning of the Rule.

Each Significant Borrower Undertaking is for the sole benefit of the Holders and beneficial owners of the related series of Series 2023 Bonds, and nothing, express or implied, shall give any benefit or any legal or equitable right, remedy, or claim to any other person.

No default by any Significant Borrower in observing or performing its obligations as described above shall constitute a breach of or default under the related Bond Indenture for purposes of any other provision of the related Bond Indenture. Nothing as described above is intended or shall act to disclaim, waive, or otherwise limit the duties of any Significant Borrower under federal and state securities laws.

Each Significant Borrower Undertaking shall provide that the nature of the undertaking therein may be amended by the related Significant Borrower from time to time to adapt to changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or type of operations of such Significant Borrower, but only if (1) the undertaking, as so amended, would have permitted an underwriter to purchase or sell the related Political Subdivision Obligations in compliance with the Rule, taking into account any amendments or interpretations of the Rule since such offering as well as such changed circumstances and (2) either (a) the Holders of a majority in aggregate principal amount (or any greater amount required by any other provision of each Bond Indenture that authorizes such an amendment) of the outstanding related Political Subdivision Obligations consent to such amendment or (b) a person that is unaffiliated with any Significant Borrower (such as nationally recognized bond counsel) determined that such amendment will not materially impair the interest of the Holders and beneficial owners of the related Political Subdivision Obligations. If any Significant Borrower so amends its Significant Borrower Undertaking, it shall include with any amended financial information or operating data next provided an explanation, in narrative form, of the reason for the amendment and of the impact of any change in the type of financial information or operating data so provided.

The Board, as a condition to making financial assistance available to a Political Subdivision, requires that a Political Subdivision must include a provision in its authorizing proceedings to the effect that such Political Subdivision will covenant to provide relevant financial information and operating data with respect to such Political Subdivision annually to the MSRB within 195 days after the end of each fiscal year of such Political Subdivision, and to file with the MSRB certain specified “disclosure events” with respect to the Political Subdivision Obligations consistent with the Rule, as if the Board were a “Participating Underwriter” within the meaning of the Rule.

As a result of the prepayment or redemption of Political Subdivision Obligations held in the applicable Portfolio Account established by each Bond Indenture, should a Political Subdivision become a Future Significant Borrower, the applicable Bond Indenture Trustee will promptly notify the Board and the Political Subdivision that becomes a Future Significant Borrower in writing that the Political Subdivision has become a Future Significant Borrower. As a result of a Significant Borrower's Political Subdivision Obligations held in the Portfolio Account established by each Bond Indenture no longer comprising at least twenty percent (20%) in aggregate principal amount of all Political Subdivision Obligations held in such Portfolio Account, the Bond Indenture Trustee will promptly notify the Board and such Political Subdivision in writing that such Political Subdivision no longer is a Significant Borrower. Notice to the Political Subdivision shall be sent to the address provided to the Bond Indenture Trustee by the Board at the time the Political Subdivision Obligation is directed by the Board to be purchased by the Bond Indenture Trustee in accordance with the provisions of each Bond Indenture.

If the Board is unable, through no fault of its own, to obtain a Significant Borrower Undertaking from any Political Subdivision which currently has Political Subdivision Obligations held in the Portfolio Account established by the 2023A Bond Indenture or the 2023B Bond Indenture, as the case may be, and which subsequently becomes a Significant Borrower, the Board is under no obligation to take any action if any such Significant Borrower fails to provide the information requested.

As of the Date of Delivery, NTMWD will be the only Significant Borrower under the 2023A Bond Indenture and the Palo Pinto County Municipal Water District No. 1 is the sole Significant Borrower under the 2023B Bond Indenture.

Compliance with Prior Undertakings of Significant Borrowers Under the Bond Indentures

NTMWD and the Palo Pinto County Municipal Water District No. 1 have furnished for inclusion in this Official Statement the following subcaptions. The Board makes no representation as to the accuracy or completeness of the information contained in the following subcaptions.

North Texas Municipal Water District

During the last five years, NTMWD believes it has complied in all material respects with its previous continuing disclosure undertakings, entered into pursuant to the Rule, except as follows:

In its Buffalo Creek Wastewater Interceptor System Contract Revenue Refunding Bonds, Series 2012, Buffalo Creek Wastewater Interceptor System Contract Revenue Refunding and Improvement Bonds, Series 2019, and Buffalo Creek Wastewater Interceptor System Contract Revenue Bonds, Series 2020, NTMWD agreed that it would provide or cause the significant obligated person to provide certain updated financial information and operating data annually to the MSRB, which information would include audited financial statements, provided an audit is commissioned and the audit is completed in time. NTMWD further agreed that if audited financial statements were not available by the required time, NTMWD would provide or cause to be provided unaudited financial statements within the required time, which is six months after the end of each fiscal year of the significant obligated person (March 31 in each year) and would provide or cause to be provided audited financial statements when and if such audited financial statements became available. For fiscal years ending 2017-2021, the City of Rockwall, Texas, filed its audited financial statements after the March 31 deadline in each year. In addition, with respect to the Series 2012 Bonds and the Series 2019 Bonds, the City of Heath did not timely file its audited financial statements for fiscal year ended 2019 by the March 31, 2020, deadline. NTMWD filed certain financial information of the type included in Appendix C of the official statements by the required time.

Transfers from Program Account to SWIFT

Should the Board determine that there is an available Surplus Balance, then, in accordance with direction received from the Board in an Officer's Certificate, the Master Trustee shall transfer from the Program Account such amounts constituting Surplus Balance identified in the Officer's Certificate to the Comptroller of Public Accounts, with instructions that such Surplus Balance be deposited to the credit of SWIFT for repayment of transfers of moneys received by the Board from SWIFT pursuant to a SWIFT Transfer Agreement. Promptly after making such transfer, the Master Trustee shall confirm in writing to the Board that the transfer of such Surplus Balance to the Comptroller of Public Accounts has been made and that the Comptroller of Public Accounts has acknowledged receipt of such transfer for deposit to the credit of SWIFT.

Investment

Moneys on deposit in the Transfer Account shall not be invested by the Master Trustee. Moneys on deposit in the Program Account shall be invested by the Master Trustee in Authorized Investments, as directed by a Board Representative. In the event an Authorized Investment requiring a minimum rating has its rating withdrawn or reduced below the minimum requirement, the Board shall not be required to cause the Authorized Investment to be sold. Upon receiving a written direction by a Board Representative, the Trustee may proceed to sell the Authorized Investment and purchase other Authorized Investments with the proceeds of the sale of such Authorized Investment in accordance with written instructions from the Board Representative.

Dispositions of Assets

After the payment in full of principal, redemption premium (if any), and interest on all of the Bonds secured under the Master Trust Indenture, and the payment of all fees and expenses payable to the Bond Trustees under the terms of any Bond Indenture, the lien on the Trust Estate shall be released and will no longer be in effect, and at such time all moneys on held by the Master Trustee under the terms of Master Trust Indenture may be transferred to the Comptroller of Public Accounts for deposit to the credit of SWIFT, as directed by the Board pursuant to an Officer's Certificate.

AMENDMENTS

The Master Trust Indenture may be amended by a written instrument executed by the Board and the Master Trustee, if (a) in the sole judgment of the Master Trustee, the amendment does not materially adversely affect the interests of the owners of any Series of Bonds, or (b) such amendment is necessary to enable the efficient administration of the Master Trust Indenture in respect to effecting State Water Plan Projects, or to comply with applicable provisions of State law, including, without limitation, Subchapters G and H of the Texas Water Code, in respect to financing State Water Plan Projects, and (c) the Board and the Master Trustee receive written confirmation from each of the Rating Agencies then having a current rating on a Series of Bonds that the amendment will not result in the downgrade, qualification or withdrawal of its credit rating on any Series of Bonds. In exercising its judgment, the Master Trustee may rely on the opinion of such counsel as it may reasonably select.

FUNDS AND ACCOUNTS

Establishment of Funds and Accounts

SWIRFT is a special fund in the state treasury outside the general revenue fund of the State, and the Board has the authority under the Texas Water Code, to cause SWIRFT and any accounts established in SWIRFT to be managed by a corporate trustee. By executing this Indenture, the Board is exercising such authority granted to it by the Texas Water Code. The Board hereby creates and establishes the following special accounts within SWIRFT, each of which shall be held by the Trustee:

- (a) Assistance Account;
- (b) Project Financing Account;
- (c) Portfolio Account (and within the Portfolio Account a Portfolio Repayment Subaccount and a Prepayment Subaccount);

- (d) Revenue Account (and within the Revenue Account a Repayment Subaccount and an Administrative Expenses Subaccount);
- (e) Debt Service Account (and within the Debt Service Account, a Principal and Interest Subaccount and a Redemption Subaccount);
- (f) Surplus Revenue Account; and
- (g) Costs of Issuance Account.

In connection with the issuance of the Series 2023A Bonds, the Trustee also maintains a Rebate Fund for the sole benefit of the United States of America. The Rebate Fund does not constitute a fund or account within SWIRFT.

Assistance Account

On the Date of Delivery, the Trustee shall receive from the Master Trustee, moneys on deposit in the Transfer Account to be deposited in the Assistance Account. On or before each Interest Payment Date designated in the Bond Indenture's Schedule of Transfers from the Assistance Account, the Trustee shall transfer the amounts shown in the Bond Indenture's Schedule of Transfers from the Assistance Account to the Principal and Interest Subaccount in the Debt Service Account to pay the interest and the principal of the Bonds. A Board Representative may execute an Officer's Certificate to modify or amend the Bond Indenture's Schedule of Transfers from the Assistance Account, including to reflect the deposit of funds available to the Board from any lawfully available source, or to liquidate and direct the transfer and deposit, and reinvestment of proceeds of Investment Securities, to the extent the Board Representative certifies in the Officer's Certificate that such actions are necessary or desirable to pay debt service on the Bonds.

Project Financing Account

At the direction of the Board through the delivery of an Officer's Certificate, the Trustee shall (i) disburse moneys in the Project Financing Account for the acquisition of Political Subdivision Obligations or interest therein or (ii) transfer moneys to the Principal and Interest Subaccount within the Debt Service Account. Political Subdivision Obligations so purchased shall be held in the Portfolio Account.

Portfolio Account

(a) All Political Subdivision Obligations acquired for SWIRFT, upon their acquisition by the Trustee and the direction of the Board, will be promptly transferred to the Trustee and deposited into the Portfolio Account as directed by a Board Representative through the execution and delivery to the Trustee of an Officer's Certificate (including specifically an Officer's Certificate delivered in accordance with "*— Project Financing Account*" above) and held therein until paid in full. Promptly upon their receipt, (i) Repayments of principal of and interest on Political Subdivision Obligations shall be deposited by the Trustee in the Portfolio Repayment Subaccount and thereafter shall be transferred promptly to the Revenue Account.

(b) Moneys received as Prepayments of Political Subdivision Obligations which were funded in whole or in part with proceeds of the Bonds shall be retained in the Prepayment Subaccount of the Portfolio Account and used by the Trustee to acquire either Political Subdivision Obligations or Investment Securities, as directed by the Board in an Officer's Certificate. To the extent required by the Code, moneys on deposit in the Portfolio Account representing Prepayments shall be used within one hundred and eighty (180) days of the receipt of the Prepayment to acquire Political Subdivision Obligations or to acquire Investment Securities, in satisfaction of the Prepayment of Pledged Political Subdivision Obligation requirements described in the Indenture, unless the Trustee receives an opinion of nationally-recognized bond counsel to the effect that the failure to take such action will not adversely affect the excludability from gross income of the interest payable on the Series 2023A Bonds then Outstanding. If the Board does not reasonably expect Prepayments to be applied to acquire Political Subdivision Obligations or Investment Securities, such moneys must be applied as follows:

(i) Moneys on deposit in the Prepayment Subaccount of the Portfolio Account will be transferred to the Redemption Subaccount in the Debt Service Account as directed by the Board in an Officer's Certificate and shall be used within ninety (90) days of their deposit to the Redemption Subaccount in the Debt Service Account to redeem Bonds.

(ii) Prepayments which have not been applied in the manner described above may be held by the Board for a period in excess of ninety (90) days following their receipt if there has been delivered to the Board a written opinion of nationally-recognized bond counsel to the effect that such action will not

(i) be inconsistent with the terms of the Bond Indenture and (ii) adversely affect the excludability from gross income of the interest payable on the Series 2023A Bonds then Outstanding.

Revenue Account

All Repayments representing principal of and interest on Political Subdivision Obligations transferred from the Portfolio Account, all net investment earnings on the funds and accounts (other than the Assistance Account and the Costs of Issuance Account), Repayments representing amounts to be deposited to the credit of the Administrative Expenses Subaccount, and all other moneys directed to be deposited in the Revenue Account by the Board shall be deposited in the Revenue Account. Moneys in the Repayment Subaccount of the Revenue Account shall be transferred to the Debt Service Account to pay the principal of and interest due on the Bonds as provided in “— *Flow of Funds*” below. Moneys in the Revenue Account which are needed to pay for fees, charges and expenses of the Trustee shall be deposited to the credit of the Administrative Expenses Subaccount and distributed in the manner described in “— *Flow of Funds*” below.

Moneys on deposit in the respective Debt Service Subaccounts of the Debt Service Account shall be applied solely to pay the interest on the Bonds as the same becomes due and payable and to pay the principal on the Bonds as the same becomes due and payable at maturity or upon the scheduled mandatory sinking fund redemption of Bonds, if any, prior to maturity. On each scheduled Interest Payment Date, Principal Payment Date and Redemption Date of the Bonds, the Trustee shall remit or set aside and hold in trust an amount from the Principal and Interest Subaccount or Redemption Subaccount of the Debt Service Account sufficient to pay interest on the Bonds becoming due and payable on such Interest Payment Date, Principal Payment Date or Redemption Date.

Pending such application, moneys in the Surplus Revenue Account shall be invested pursuant to the “— *Investments*” section below.

Costs of Issuance Account

The amount of moneys stated in the Bond Indenture to be deposited into the Costs of Issuance Account from the proceeds of the Bonds under the Bond Indenture shall be applied by the Trustee to the payment of costs of issuance of the Bonds, including payment of all necessary fees, charges and expenses of the Trustee and the Board relating to the Bonds, as limited, in respect to the Trustee, by the Bond Indenture. At the direction of the Board through the delivery of an Officer’s Certificate, the Trustee will transfer any balance remaining in the Costs of Issuance Account on the 180th day following the issuance of the Bonds to the Project Financing Account, the Principal and Interest Subaccount within the Debt Service Account, or both the Project Financing Account and the Principal and Interest Subaccount within the Debt Service Account.

Investments

Moneys in the Assistance Account, the Project Financing Account, the Costs of Issuance Account, the Revenue Account, the Debt Service Account and the Surplus Revenue Account shall at all times be invested by the Trustee in Investment Securities, as directed by a Board Representative, maturing at such times and in such amounts as will make cash available for the purposes of such funds and accounts as needed, subject to the restrictions, if any, relating to covenants pertaining to the tax-exempt status of the Bonds. Net investment earnings on the funds and accounts (other than the Assistance Account and the Costs of Issuance Account) shall be credited to the Revenue Account by no later than the last Business Day of the month received. Should any Investment Security which has a minimum rating requirement have its rating withdrawn or reduced below the minimum rating requirement, the Board shall not be required to cause the Investment Security to be sold. Upon receiving a written direction by a Board Representative, the Trustee may proceed to sell the Investment Security and purchase other Investment Securities with the proceeds of the sale of such Investment Security in accordance with written instructions from the Board Representative. The Trustee may invest money held under the Bond Indenture in an Investment Security acquired in a transaction for which the Trustee or any Affiliate thereof receives compensation.

FLOW OF FUNDS

(a) On each Payment Date, the Trustee shall transfer from the Assistance Account the amount shown in the Bond Indenture's Schedule of Transfers from the Assistance Account to be transferred on the respective Payment Date to pay principal and interest due on the Bonds and deposit the same to the Debt Service Account.

(b) On each Payment Date, the Trustee shall transfer Revenues in the order of priority as follows:

FIRST, from the Repayment Subaccount of the Revenue Account amounts sufficient, together with other amounts on deposit in the Debt Service Account, to pay principal and interest due on the Bonds and deposit the same to the Principal and Interest Subaccount of the Debt Service Account.

SECOND from the Administrative Expenses Subaccount of the Revenue Account, amounts sufficient to pay the fees, charges and expenses of the Trustee as described in the Bond Indenture.

The Trustee is directed by the Board to pay principal and interest due on the Bonds from the Principal and Interest Subaccount of the Debt Service Account. Any moneys remaining in the Revenue Account and subaccounts therein, after making the transfers described, above may be transferred to the Surplus Revenue Account upon the Board delivering an Officer's Certificate directing the transfer of funds from the Revenue Account to the Surplus Revenue Account. Transfers to the Surplus Revenue Account may be made on a Payment Date, after the transfers described in FIRST and SECOND above have been made.

(c) If no later than 40 days prior to any Payment Date, it is determined there will not be available moneys sufficient to pay the principal of and interest on the Bonds then due, the Trustee shall immediately give notice to the Board and the Master Trustee of such projected deficiency. The notice shall certify the projected amounts required to make up for such projected deficiency and request (i) the Board take such measures as permitted by the Bond Indenture to cure the deficiency and (ii) if the Board is unable to take such measures as described in "FUNDS AND ACCOUNTS – Assistance Account" above, that a transfer of moneys from the Program Account be effected. The Trustee shall deposit moneys made available by the Board, or transferred by the Master Trustee from the Program Account, and designated for deposit in the Debt Service Account in accordance with such designation.

GENERAL COVENANTS AND PROVISIONS

Rights under Political Subdivision Obligations

The Political Subdivision Obligations set forth the payment obligations of the Political Subdivision to repay and prepay its Political Subdivision Obligation received from the Board. The Board agrees that the Trustee, in its name or in the name of the Board, may enforce all rights of the Board and all obligations of each Political Subdivision under and pursuant to each Political Subdivision Obligation for and on behalf of the owners of the Bonds, whether the Board is in default hereunder or thereunder; provided, however, that the Trustee shall not be deemed to assume the Political Subdivision Obligations, and shall have no obligations under the Political Subdivision Obligations, except as expressly provided therein. The Board hereby agrees to cooperate fully with the Trustee in any proceedings, or to join

in or commence in its own name any proceedings, for the enforcement of the obligations of a Political Subdivision under and pursuant to the related Political Subdivision Obligation, if the Trustee shall so reasonably request, provided any costs of the Board (including without limitation the reasonable fees and expenses of attorneys) in connection therewith shall be paid out of the Trust Estate. Notwithstanding anything in the Bond Indenture to the contrary, the Board has retained its rights to enforce the covenants of a Political Subdivision agreed to under the related Political Subdivision Obligation, and in that connection the Trustee will cooperate with the Board in the exercise of such remedies. If an event of default shall occur and be continuing under any Political Subdivision Obligation, the Trustee may direct the Board to exercise its rights and remedies under such Political Subdivision Obligation. The Trustee acknowledges that the Board will be represented by the State Attorney General in any legal action taken by the Board to enforce its rights under a Political Subdivision Obligation.

Release of Pledged Political Subdivision Obligations; Substitution of Pledged Political Subdivision Obligations; Prepayment of Pledged Political Subdivision Obligations

(a) Release of Political Subdivision Obligations. The Trustee, upon the written direction of the Board, may release Political Subdivision Obligations from the lien of this Indenture upon the satisfaction of the following:

(i) the delivery to the Trustee of an Officer's Certificate (A) to the effect that cash flow reports evidence the sufficiency of (1) available Revenues from the remaining Political Subdivision Obligations and interest earnings on investments for each Payment Date until maturity, and (2) any and all available revenues for each Payment Date securing all outstanding Master Trust Bonds to pay no less than 1.0 times principal and interest coming due on all Master Trust Bonds on each such Payment Date (clauses (1) and (2) of this being herein referred to as the "Coverage Requirement") and (B) specifying the Political Obligations to be released; and

(ii) the delivery to the Trustee of an amendment of the Bond Indenture's schedule of Political Subdivision Obligations (which amendment does not require the consent of the owners of the Bonds).

(b) Substitution of Political Subdivision Obligations. The Trustee, upon the written direction of the Board may release Political Subdivision Obligations and substitute one or more Political Subdivision Obligations for such Political Subdivision Obligation upon the delivery to the Trustee of (i) the instruments described in (a) above *provided*, that the substituted Political Subdivision Obligations shall be included in the calculation of the Coverage Requirement and (ii) an Officer's Certificate stating that as a result of such substitution, the Coverage Requirement shall be not less than 1.0 times principal and interest coming due on the Bonds on each such Payment Date until maturity.

(c) Prepayment of Political Subdivision Obligations. Upon receipt of any Prepayment, if the Board cannot deliver to the Trustee an Officer's Certificate to the effect that the Coverage Requirement will be satisfied after taking into account such Prepayment, then the Board may exercise its rights described in (b) above.

(d) Amendment of Terms of Political Subdivision Obligations. The Board shall not consent to the amendment of the terms of a Political Subdivision Obligation unless the Board first delivers to the Trustee an Officer's Certificate to the effect that the amendment will not cause the Coverage Requirement not to be satisfied and the amendment will not cause any representation, warranty or covenant of the Board in the Indentures to be inaccurate or breached in any material respect.

No Parity or Superior Obligations

The Board shall not issue or incur any bonds, notes or other obligations payable from or secured by, in whole or in part, any or all of the Security prior to or on a parity with the pledge of the Security securing payment of the Bonds.

DEFAULTS AND REMEDIES

Defaults; Events of Default

The following events constitute an "Event of Default":

- (a) default in the due and punctual payment of the principal of, premium, if any, or interest on any Bond; or
- (b) default made by the Board in the observance of any of the covenants, agreements or conditions on its part in the Bond Indenture or in the Bonds contained, except for such a default described in (a) above, and such default shall have continued for a period of 90 days after the Board shall have been given written notice of such default by the Trustee or by the owners of at least a majority in aggregate principal amount of the Bonds then Outstanding.

Remedies; Rights of Bondholders

(a) Upon the occurrence and continuance of an Event of Default, the Trustee may pursue any available remedy by action at law or suit in equity to enforce the payment of the principal of and interest on the Bonds then Outstanding, including any and all such actions arising under or by reason of the Political Subdivision Obligations by causing the Board to exercise such rights and remedies under the Political Subdivision Obligations as the Trustee shall direct, pursuant to the Bond Indenture.

(b) If an Event of Default shall have occurred and be continuing the Trustee may, in its discretion, and if requested so to do by the owners of at least a majority in aggregate principal amount of the Bonds then Outstanding and indemnified as provided by the Bond Indenture, the Trustee shall, exercise such one or more of the rights and powers conferred by the Bond Indenture as the Trustee shall deem most expedient in the interest of the owners of the Bonds.

(c) No remedy by the terms of the Bond Indenture conferred upon or reserved to the Trustee (or to the owners of the Bonds) is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given to the Trustee or to the owners of the Bonds hereunder or now or hereafter existing at law or in equity.

(d) No delay or omission to exercise any right or power accruing upon any default or Event of Default shall impair any such right or power or shall be construed to be a waiver of any such default or Event of Default or acquiescence therein; and every such right and power may be exercised from time to time as often as may be deemed expedient.

(e) The foregoing notwithstanding, acceleration is not a remedy should a default or Event of Default occur.

Rights and Remedies of Bondholders

No owner of any Bond shall have any right to institute any suit, action or proceeding in equity or at law for the enforcement of the Bond Indenture or for the execution of any trust thereof or for any other remedy under the Bond Indenture unless a default has occurred of which the Trustee has been notified as required under the Bond Indenture and unless such default became an Event of Default and the owners of at least a majority in aggregate principal amount of the Bonds then Outstanding made written request to the Trustee, and provided the Trustee reasonable opportunity either to proceed to exercise the powers to institute such action, suit or proceeding to exercise the powers granted under the Bond Indenture or to institute such action, suit or proceeding in its own name and unless they have also provided indemnity to the Trustee pursuant to the Bond Indenture.

Unless the Trustee thereafter fails or refuses to exercise the powers granted under the Bond Indenture, or to institute such action, suit or proceeding in its, his, her or their own name or names, and such notification, request and offer of indemnity are hereby declared in every case at the option of the Trustee to be conditions precedent to any action or cause of action for the enforcement of the Bond Indenture, or for any other remedy under the Bond Indenture, all proceedings at law or in equity shall be instituted pursuant to the Bond Indenture for the equal benefit of the owners of all of the Bonds then Outstanding.

Nothing in the Bond Indenture contained shall, however, affect or impair the right of any owner of any Bond to enforce the payment of the principal of, premium, if any, and interest on such Bond at the time, place, from the source and in the manner herein and in such Bond expressed.

SUPPLEMENTAL INDENTURES

Supplemental Indentures Not Requiring Consent of Bondholders

The Board and the Trustee may without the consent of, or notice to, any of the owners of the Bonds, enter into an indenture or indentures supplemental to the Bond Indenture which shall not be inconsistent with the terms and provisions of the Bond Indenture for any one or more of the following purposes:

- (a) to cure any ambiguity or formal defect or omission in the Bond Indenture;

- (e) to modify, amend or supplement the Bond Indenture or any indenture supplemental hereto in such manner as to permit the qualification of the Bond Indenture under the Trust Indenture Act of 1939, as then amended, or any similar federal statute hereafter in effect or to permit the qualification of the Bonds for sale under the securities laws of any state of the United States of America;
- (f) to release Political Subdivision Obligations from the lien of the Bond Indenture as permitted by “GENERAL COVENANTS AND PROVISIONS — *Release of Pledged Political Subdivision Obligations; Substitution of Pledged Political Subdivision Obligations; Prepayment of Pledged Political Subdivision Obligations*” above;
- (g) to evidence the appointment of a separate trustee or the succession of a new Trustee under the Bond Indenture or a successor to the Bond Registrar;

- (i) with respect to the Series 2023A Bonds, to make any change deemed necessary by the Board to maintain the exclusion of interest on the Bonds from gross income of the owners thereof for federal income tax purposes;
- (j) to modify, amend or supplement the Bond Indenture or any indenture supplemental thereto in such manner to address the appointment of a Securities Depository to replace DTC and its book-entry-only system described in the Bond Indenture; or

The Board and the Trustee may without the consent of, or notice to, any of the owners of the Bonds, enter into an indenture or indentures supplemental to the Bond Indenture which shall not be inconsistent with the terms and provisions of the Bond Indenture to amend, supplement or modify any provisions of the Bond Indenture relating to

the administration or implementation of the program to finance State Water Plan Projects, or affecting the ability of the Board to finance any State Water Plan Project. No such amendment, supplement or modification shall be enacted unless each of the Rating Agencies shall advise the Board in writing that the rating or ratings assigned by the Rating Agency to the Board's then outstanding Bonds will not be lowered, reduced or withdrawn as a result of the amendment, supplement or modification proposed to be enacted. Additionally, the Board shall give notice in the manner described in the Bond Indenture within 60 days of the approval of such amendment or modification by the Board to the Bondholders, the Master Trustee and the Rating Agencies.

Such notice shall set forth the text of the amendment, supplement or modification and state that each Rating Agency has advised the Board the rating or ratings assigned by the Rating Agency to the Board's then outstanding Bonds have not or will not be lowered, reduced, or withdrawn as a result of the amendment, supplement or modification to be enacted.

Supplemental Indentures Requiring Consent of Bondholders

(a) Except for *Supplemental Indentures Not Requiring Consent of Bondholders* and subject to (b) and (c) below, the owners of at least a majority in aggregate principal amount of the Bonds then Outstanding shall have the right from time to time, to consent to and approve the execution by the Board and the Trustee of such other indenture or indentures supplemental hereto as shall be deemed necessary and desirable by the Board for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in this Indenture or in any indenture supplemental hereto. Nothing contained in this section shall permit, or be construed as permitting, without the consent of the owners of all the Bonds then Outstanding (i) an extension of the stated maturity or reduction in the principal amount of, or reduction in the rate or extension of the time of payment of interest on, any Bonds, or (ii) the creation of any lien on the Revenues and other funds pledged under the Bond Indenture prior to or on a parity with the lien of the Bond Indenture, or (iii) a reduction in the aforesaid aggregate principal amount of the Bonds the owners of which are required to consent to any such indenture supplemental to the Bond Indenture. No such amendment shall modify the rights, duties or immunities of the Trustee without the written consent of the Trustee.

(b) If at any time the Board shall request the Trustee to enter into any such Supplemental Indenture requiring consent of the Bondholders, the Trustee shall cause notice of the proposed execution of such Supplemental Indenture to be mailed to the Rating Agencies and to each owner of the Bonds Outstanding as shown by the Bond Register by United States mail, first class, postage prepaid. Such notice shall briefly set forth the nature of the proposed Supplemental Indenture, and shall state that copies thereof are on file at the principal corporate trust office of the Trustee for inspection by all owners of the Bonds. If, within 90 days or such longer period as shall be prescribed by the Board following the mailing of such notice, the owners of at least a majority in aggregate principal amount of the Bonds Outstanding at the time of the execution of any such Supplemental Indenture shall have consented to and approved the execution of the Supplemental Indenture as provided by the Bond Indenture, no owner of any Bond shall have any right to object to any of the terms and provisions contained therein, or the operation thereof, or in any manner to question the propriety of the execution thereof, or to enjoin or restrain the Trustee or the Board from executing the same or from taking any action pursuant to the provisions thereof. Upon the execution of any such Supplemental Indenture requiring consent of the Bondholders, the Bond Indenture shall be and be deemed to be modified and amended.

(c) The Trustee may rely upon an opinion of counsel as conclusive evidence that any Supplemental Indenture entered into by the Board and the Trustee complies with the provisions of the Bond Indenture.

DEFEASANCE

(a) When all of the Bonds shall have been paid and discharged and the Board shall have paid or caused to be paid all other sums payable hereunder by the Board, then the requirements contained in the Bond Indenture and the pledge of Security made under the Bond Indenture and all other rights granted through the Bond Indenture shall terminate. Bonds shall be deemed to have been paid and discharged within the meaning of the Bond Indenture if there shall have been deposited with the Trustee, or other bank or trust company, having full trust powers and meeting the requirements of a successor Trustee under the Bond Indenture impressed with a first lien to the Trustee for the benefit of the owners of the Bonds at or prior to maturity or redemption date of said Bonds, in trust for an irrevocably appropriated for such bonds

(i) moneys and/or Defeasance Securities which, together with the interest to be earned on any such obligations, as evidenced by the written report of an independent certified public accountant, will be sufficient for the payment of the principal of said Bonds, the premium thereon, if any, and interest to accrue to the date of maturity or redemption, as the case may be, or if default in such payment shall have occurred on such date, then to the date of the tender of such payments, *provided, however*, that if any such Bonds shall be redeemed prior to the maturity thereof:

- (1) the Board shall have elected to redeem such Bonds, and
- (2) either notice of such redemption shall have been given, or the Board shall have given irrevocable instructions to the Trustee to redeem such Bonds; and

(ii) an opinion of Bond Counsel addressed to the Board and the Trustee to the effect that providing for the payment of the Series 2023A Bonds by depositing such moneys and/or Defeasance Securities with the Trustee in accordance with this section will not cause the interest on the Series 2023A Bonds to be included in gross income of the owners for federal income tax purposes.

INFORMATION REGARDING THE TEXAS WATER DEVELOPMENT BOARD

[THIS PAGE INTENTIONALLY LEFT BLANK]

TEXAS WATER DEVELOPMENT BOARD

General

The Board is an agency of the State and was created by constitutional amendment in 1957. Its mission is to lead the State's efforts in ensuring a secure water future for Texas. The Board is responsible for long-range water planning in the State. The Board is primarily responsible for the State's financial programs associated with the water industry, including the establishment of policy for the financial programs.

The Board initially was given authorization to issue as general obligations of the State \$200,000,000 in "Water Development Bonds" for the "construction of dams, reservoirs and other water storage projects". Subsequent amendments to the Constitution and enabling legislation expanded the types of water-related facilities eligible for Board financial assistance to include all components of water supply, wastewater (sewage) conveyance and treatment, flood control, municipal solid waste management and agricultural water conservation projects. The Board may also execute contracts with any agency of the United States for the acquisition and development of storage facilities in the State and reservoirs constructed by the federal government, which contracts constitute general obligations of the State.

The primary focus of the Board prior to 1985 was to provide loans to assist communities that found it a hardship to obtain funding from other sources. Constitutional amendments and legislative changes implemented in 1985 broadened the eligibility criteria to include regional water, wastewater, municipal solid waste management, flood control projects, and water projects that involved the conversion from a ground water supply source to a surface supply. In 1987, with the creation of the Clean Water State Revolving Fund (**CWSRF**), all political subdivisions (no hardship or regional criteria required) became eligible to apply for financial assistance for wastewater treatment projects. In 1989, a constitutional amendment and legislation authorized the Board to provide loan and grant assistance to construct potable water supply and sanitary sewer systems in impoverished areas through the Economically Distressed Areas Program (**EDAP**).

Since 1957, the Legislature and the voters of the State have approved constitutional amendments increasing the Board's bond issuance authority and authorized funding purposes, such that under the various Sections in Article III of the State Constitution (Sections 49-c, 49-d, 49-d-1, 49-d-2, 49-d-5, 49-d-6 and 49-d-7, referred to herein as the **Development Fund I Constitutional Provisions**), the Board was authorized to issue up to \$2.48 billion in Water Development Bonds to augment the Texas Water Development Fund (**Development Fund I**). Pursuant to such authorization, the Board has issued \$1,467,190,000 of Water Development Bonds. Development Fund II (**Development Fund II**) was established pursuant to Section 49-d-8, which was approved by the voters of the State on November 4, 1997. Development Fund II is a fund in the State Treasury separate and legally distinct from Development Fund I. All of the liabilities and assets formerly held in the Texas Water Development Fund I have been transferred to Development Fund II.

Organizational Structure

In addition to its constitutional and statutory responsibilities in providing and administering Development Fund II and other financial programs, the Board is responsible for establishing policy in connection with the State Revolving Fund programs administered by the United States Environmental Protection Agency (**USEPA**). The Board also is responsible for administering the State Water Implementation Fund for Texas (**SWIFT**) and the issuance of revenue bonds through the State Water Implementation Revenue Fund for Texas (**SWIRFT**) to provide financial assistance to political subdivisions in implementing the State Water Plan. The Board is primarily responsible for the State's financial programs associated with the water and wastewater industry including the establishment of policy for the financial programs and the employment of an Executive Administrator.

Board Members

The Board is composed of three full-time members who are appointed by the Governor and confirmed by the Texas Senate and will serve staggered six-year terms. A person appointed to the Board may not serve for more than two six-year terms. In accordance with State law, the Board must appoint the Executive Administrator of the Board.

The Board meets at least monthly in Austin, Texas and holds additional meetings as needed. The Board considers financial assistance applications from eligible applicants, awards grants for water-related research and planning, and conducts other Board business such as adopting the State Water Plan.

Financial Assistance Programs other than the SWIFT and SWIRFT Programs

Below is a brief summary of additional financial assistance programs, other than SWIFT and SWIRFT, administered by the Board and funded with general revenues or the proceeds of general obligation bonds of the State.

Texas Water Development Funds

Development Fund I and Development Fund II are used to provide loans and grants to eligible applicants for the construction of local or regional water supply, wastewater treatment, flood control and municipal solid waste management projects. These funds are funded through the issuance of general obligation bonds issued by the Board on behalf of the State of Texas pursuant to Sections 49-c, 49-d, 49-d-1, 49-d-2, 49-d-5, 49-d-6, 49-d-7, 49-d-8, 49-d-9, 49-d-10, 49-d-11, and 49-d-14 of Article III of the Texas Constitution. Development Fund I is no longer active, and the Board has no current intention to issue bonds to augment Development Fund I. The Board has established the following major accounts within Development Fund II: the EDAP Account, the Financial Assistance Account, and the State Participation Account. The Board has also established the EDAP Bond Payment Account, the Financial Assistance Bond Payment Account, the State Participation Bond Payment Account, and other accounts (including specifically the Water Infrastructure Fund Bond Payment Account) necessary for the proper administration of Development Fund II, as determined by the Board.

Water Assistance Fund

The Water Assistance Fund is funded through appropriations made by the Legislature and provides grants and loans at an interest rate set by Board rule to eligible political entities for water supply and treatment projects, wastewater treatment projects, flood control projects, purchasing an interest in reservoirs and providing grants up to 100% of funding for water research, and matching grants for flood protection and regional water supply and wastewater feasibility planning.

Water Infrastructure Fund

In 2001, the Legislature added provisions to Chapter 15 of the Texas Water Code creating the Water Infrastructure Fund in furtherance of the public purpose of conserving and developing the water resources of the State. The Water Infrastructure Fund may be used (i) to make loans to political subdivisions for projects to conserve, mitigate, convey and develop water resources of the State (WIF Projects); (ii) to make grants, low interest loans, or zero interest loans to political subdivisions for WIF Projects to serve areas outside metropolitan statistical areas in order to ensure that the projects are implemented, or for WIF Projects to serve economically distressed areas; (iii) to make loans for planning and design costs, permitting costs and other costs associated with State or federal regulatory

activities with respect to WIF Projects; (iv) as a source of revenue or security for the payment of principal and interest on bonds issued by the Board if the proceeds of the sale of such bonds will be deposited in the Water Infrastructure Fund; and (v) to pay the necessary and reasonable expenses of the Board in administering the Water Infrastructure Fund. In 2003, the previously mentioned provisions were designated within Chapter 15 of the Texas Water Code as Subchapter Q.

The Board may direct the Comptroller of Public Accounts of the State (Comptroller) to transfer amounts from the Financial Assistance Account to the Water Infrastructure Fund to provide financial assistance under the Texas Water Code for the purposes provided in Subchapter Q, specifically for the uses described above, as listed in Section 15.974, Texas Water Code, as amended. Subchapter Q further provides that the Water Infrastructure Fund may be used (1) as a source of revenue for the repayment of debt service on Financial Assistance Bonds, the proceeds of which have been deposited into the Water Infrastructure Fund, and (2) pursuant to HB 1904 of the 87th Regular Session of the Texas Legislature, effective September 1, 2021, to make transfers from the Water Infrastructure Fund to the Financial Assistance Account for the purposes described in Section 49-d-8, other than for the purposes described in Sections 17.957 and 17.958, Texas Water Code, as amended.

Rural Water Assistance Fund

Chapter 15, Subchapter R, of the Texas Water Code authorizes and governs the Rural Water Assistance Fund (**RWAF**), which is a special fund in the State Treasury. The RWAF may be used, among other purposes, to (i) provide low interest loans to Rural Political Subdivisions as defined in Section 15.001, Texas Water Code, as amended, for water or water related projects and for water quality enhancement projects, including the construction of infrastructure facilities for wholesale or retail water and sewer service, desalination projects, the purchase or lease of well water fields; the construction of infrastructure facilities for wholesale purchase or lease of rights to produce groundwater; onsite or wetland wastewater treatment facilities; and interim financing of construction projects, (ii) finance water projects in the State Water Plan or regional water plan or (iii) enable a Rural Political Subdivision to obtain water or wastewater service supplied by larger political subdivisions or to finance the consolidation or regionalization of neighboring political subdivisions, or both. The RWAF may also be used to (a) contract for outreach, financial, planning, and technical assistance to assist Rural Political Subdivisions in obtaining financial assistance from any source for any purpose that could be funded by the RWAF and (b) buy down interest rates on loans or provide grants to Rural Political Subdivisions.

The Board may direct the Comptroller to transfer amounts from the Financial Assistance Account to the RWAF to provide financial assistance under the Texas Water Code for the purposes provided in Subchapter R, specifically for the uses described above, as listed in Section 15.994, Texas Water Code, as amended. Subchapter R further provides that the RWAF may be used as a source of revenue for the repayment of debt service on Financial Assistance Bonds, the proceeds of which have been deposited into the RWAF.

Texas Agricultural Water Conservation Bond Program

Article III, Section 50-d of the Constitution (adopted in 1985) authorizes the Board to issue general obligation Texas Agricultural Water Conservation Bonds. Subchapter J was added to Chapter 17 of the Texas Water Code, implementing the Agricultural Water Conservation Bond Program and creating the Agricultural Water Conservation Fund (the **Agriculture Fund**).

Money in the Agriculture Fund may be used to provide grants to State agencies to fund conservation programs or conservation projects, provide grants or loans to certain political subdivisions for conservation programs or conservation projects, provide linked deposits to certain financial institutions for loans to certain entities and individuals for conservation projects, pay for the Board's conservation programs, pay costs of issuance for and debt service due on Texas Agricultural Water Conservation Bonds, and to pay the Board's related administrative expenses.

Conservation programs, certain costs of which may be financed from the Agriculture Fund, include: (a) agricultural water conservation technical assistance programs; (b) research, demonstration, technology transfer, or educational programs relating to agricultural water use and conservation; (c) precipitation enhancement programs; and (d) any other agricultural water conservation program defined by Board rule. Conservation projects, certain costs of which may be financed from the Agriculture Fund, include projects that: (a) improve water use efficiency; (b) prepare irrigated land for conversion to dry land conditions; (c) prepare dry land for more efficient use of precipitation; (d) purchase and fund the acquisition and installation of devices on public or private property to indicate the amount of water withdrawn for irrigation; (e) prepare and maintain land to be used for brush control activities; and (f) implement any other agricultural water conservation project defined by Board rule.

Flood Infrastructure Fund

Article III, Section 49-d-14 of the Texas Constitution (adopted in 2019) created the Flood Infrastructure Fund (FIF) as a special fund in the State treasury outside the general revenue fund. Subchapter I was added to Chapter 15 of the Texas Water Code to implement the FIF program and establish the FIF. The FIF is administered by the Board and has been funded with transfers of approximately \$1.4 billion from the State's general revenue fund and economic stabilization fund. The Board may utilize the proceeds of general obligation bonds or revenue bonds issued for an authorized purpose of the FIF.

The FIF program provides grants and zero interest loans for flood control, flood mitigation, and drainage projects. Eligible projects include structural, nonstructural, and nature-based solutions which fall into one of four categories: (1) flood protection planning for watersheds; (2) planning, acquisition, design, construction, and rehabilitation; (3) federal award matching funds; and (4) measures immediately effective in protecting life and property. Project funding is available to eligible political subdivision applicants, including a city, county, district or authority created under Article III, Section 52, or Article XVI, Section 59, of the Texas Constitution. In addition, funding for flood protection planning for watersheds is also available to any other political subdivision of the state, any interstate compact commission to which the state is a party, and any nonprofit water supply corporation created and operating under Chapter 67 of the Texas Water Code.

Revenue Bonds

The Board is authorized to issue an unlimited amount of revenue bonds to fund certain eligible projects. The Board has the authority to sell revenue bonds for the following purposes: (1) to finance the construction of water and wastewater projects of political subdivisions and nonprofit water supply corporations; (2) to provide interim financing to political subdivisions which are also receiving long term financing from the Board; (3) to finance projects of nonprofit water supply corporations; (4) to provide the State matching funds for federal funds provided to the Clean Water State Revolving Fund (CWSRF), the Drinking Water State Revolving Fund (DWSRF), and any additional State revolving fund hereafter established by the Board to provide financial assistance to political subdivisions for public works in accordance with a federal capitalization grant program; and (5) to finance water and sewer projects in economically distressed areas to the extent such assistance will not adversely affect the current or future integrity of financial assistance programs of the Board. The Board's revenue bonds do not constitute a debt of the State, and neither the full faith and credit nor the taxing authority of the State is in any manner pledged, given or loaned to the payment of the Board's revenue bonds. Further, the Board's revenue bonds are not secured by or payable from money in either Development Fund I or Development Fund II.

State Revolving Funds

State Water Pollution Control Revolving Fund

The Federal Water Pollution Control Act of 1972, as amended by the Water Quality Act of 1987, as amended (the **Federal Act**), established the Federal Loan Program (described below) as a joint federal and state program. Under the Federal Loan Program, the United States Environmental Protection Agency (USEPA) is authorized to make grants (the **SRF Capitalization Grants**) to states to aid in providing financial assistance to municipalities; intermunicipal, interstate or state agencies; or other public entities eligible for assistance under the Federal Act (the **Eligible Borrowers**) for eligible projects including the construction of publicly owned treatment works, managing stormwater, measures to reduce the demand for publicly owned treatment works capacity through water conservation, efficiency, or reuse, and nonpoint source pollution control projects and other authorized purposes pursuant to the Federal Act. As

a condition to receipt of an SRF Capitalization Grant, a state is required to establish a perpetual state revolving fund into which the SRF Capitalization Grant must be deposited, and to provide state matching funds for the SRF Capitalization Grant. Funds in a state revolving fund are permitted to be applied to provide financial assistance to Eligible Borrowers in a number of ways, including making direct loans, purchasing or refinancing debt obligations and providing loan guarantees.

Pursuant to Chapter 15, Subchapter J of the Texas Water Code (**Subchapter J**), which became effective June 17, 1987, the State created the CWSRF for the purpose of providing financial assistance to Eligible Borrowers for authorized activities and uses. The Board currently provides financial assistance by purchasing political subdivision obligations from Eligible Borrowers, or by providing loans or principal forgiveness.

The Board purchases political subdivision obligations or provides loans under the State Revolving Fund program with terms up to thirty (30) years from project completion, but in no event longer than the projected useful life of the project financed or refinanced.

State Safe Drinking Water Revolving Fund

The Federal Safe Drinking Water Act (SDWA) established national primary drinking water regulations to protect the safety of the public's drinking water. Under the SDWA, the USEPA is authorized to make grants (DWSRF Capitalization Grants) to states to assist communities in meeting established drinking water standards. As a condition to receipt of a DWSRF Capitalization Grant, a state is required to establish a drinking water state revolving fund into which the DWSRF Capitalization Grant must be deposited, provide state matching funds for the DWSRF Capitalization Grant for deposit in the safe drinking water revolving fund and comply with certain other requirements of the SDWA. Pursuant to Subchapter J, Texas created the DWSRF for the purpose of providing financial assistance to political subdivisions and water supply corporations. The Legislature expanded the program to allow funding for privately owned corporations for loan subsidies, provided that only appropriated funds and federal grants are utilized for such purpose.

DWSRF funds are permitted to be applied to provide financial assistance to community water systems and non-profit community water systems in a number of ways, including making direct loans, retiring existing debt through refinancing, and providing loan guarantees for expenditures that facilitate compliance with the primary national drinking water regulations. Under the SDWA, no less than 15% of money credited to the DWSRF must be provided to public water systems which serve fewer than 10,000 persons to the extent such funds can be obligated for eligible projects. Additional set asides may be made for source water protection loans and programs for capacity development and for state administration of the SDWA. The Board currently provides financial assistance by purchasing political subdivision obligations from Eligible Borrowers, or by providing loans or principal forgiveness. The maximum term of such form of financial assistance may not exceed thirty (30) years from project completion, but in no event longer than the expected design life of the project financed or refinanced.

Cybersecurity

All agencies of the State are required to adhere to Texas Administrative Code Chapter 202, which establishes a baseline of security standards and includes a Control Standards Catalog that is aligned with FISMA and NIST 800-53, rev5. Additionally, the State's Office of the Chief Information Security Officer, in conjunction with the Statewide Information Security Advisory Committee, created a strategic plan for the State that focuses on cybersecurity initiatives. The plan, adopted January 2018, addresses the goals of engagement, tooling, staffing, response and outreach. In addition to compliance with such plan, the Board has adopted information technology policies and procedures, including risk management policies and procedures that are reviewed and updated annually. The Board employs other routine and standard processes that ensure the security of information resources as well, such as an annual risk assessment of information resources, a quarterly security report presented to executive leadership, and an annual third party controlled penetration test. Additionally, there is, an Information Security Risk Assessment conducted by a third-party and an Agency Security Plan, both of which assess the Board's maturity level relative to established security objectives and are updated every two years. In addition, the Board requires annual security awareness training of all employees and contractors and conducts quarterly phishing exercises to reinforce awareness concepts. As of the date of this Official Statement, there have been no cybersecurity incidents that have materially impacted the operation or financial condition of the Board.

Sunset Review of the Board

The Board is subject to review, but not abolishment, under the Texas Sunset Act, Chapter 325, Texas Government Code (the Sunset Act), by the Sunset Advisory Commission (the Commission). A Sunset bill relating to the functions of the TWDB has been signed by the Governor and is effective September 1, 2023. The Sunset Act prohibits the Legislature from enacting legislation that would in any way affect the Board's obligations, including those contractual obligations to the Bondholders of the Series 2023 Bonds.

2023 Legislative Session

In odd-numbered years, the Legislature meets in a regular session lasting 140 days. On January 10, 2023, the Legislature convened its 88th Regular Session and was in session until May 29, 2023. On May 29, 2023, Governor Abbott called for a special session to begin immediately on May 29 focusing on property tax relief and border security. The first special session ended on June 27, 2023 and the Governor immediately called a second special session the same day. The call of the second special session is focused on property tax relief and the potential elimination of maintenance and operations property taxes for the state's school districts. The second special session ended on July 13, 2023. The Governor may call additional special sessions, at his discretion, each lasting no more than 30 days.

During the 88th Regular Session, the Legislature passed Senate Bill (S.B.) 28, legislation intended to provide large-scale investments in developing water supply for Texas. The bill creates the New Water Supply for Texas Fund, effective September 1, 2023, and requires the Board to take actions to finance projects that will lead to the development of seven million acre-feet of new water supplies for the state by December 31, 2033. S.B. 28 also creates the statewide water public awareness account, effective September 1, 2023, to educate residents of the State about water, including through supporting local and regional water education programs. The bill additionally creates the Texas Water Fund to work with existing Board financing programs. Provisions of S.B. 28 relating to the Texas Water Fund are subject to approval by the voters of a constitutional amendment in November 2023. If passed by the voters, these provisions are effective January 1, 2024.

Proposed Form of Opinion of Bond Counsel

*An opinion in substantially the following form will be delivered by
McCall, Parkhurst & Horton L.L.P., Bond Counsel,
upon the delivery of the Bonds, assuming no material changes in facts or law.*

**TEXAS WATER DEVELOPMENT BOARD
STATE WATER IMPLEMENTATION REVENUE FUND FOR TEXAS
REVENUE BONDS, SERIES 2023A (MASTER TRUST),
IN THE AGGREGATE PRINCIPAL AMOUNT OF \$1,007,490,000**

AS BOND COUNSEL for the Texas Water Development Board (the "Issuer"), the issuer of the Bonds described above (the "Bonds"), we have examined into the legality and validity of the issue of bonds described above, which bear interest from the date, mature on the dates, and are subject to redemption, all as specified on the face of the Bonds, all in accordance with the resolution of the Issuer authorizing the issuance of the Bonds (the "Authorizing Resolution").

THE BONDS are issued and are equally secured as to payment of principal and interest under a Master Trust Indenture dated as of October 1, 2015, between the Issuer and The Bank of New York Mellon Trust Company, National Association, as Master Trustee (the "Master Trust Indenture"), and a Bond Indenture dated as of October 1, 2023, between the Issuer and The Bank of New York Mellon Trust Company, National Association, as Trustee (the "Bond Indenture"). Terms used herein and not otherwise defined shall have the meaning given in the Master Trust Indenture and the Bond Indenture.

WE HAVE EXAMINED the applicable and pertinent provisions of the Constitution and laws of the State of Texas, and a transcript of certified proceedings of the Issuer, and other pertinent instruments authorizing and relating to the issuance of the Bonds, including one of the executed Bonds (Bond No. T-1).

BASED ON SAID EXAMINATION, IT IS OUR OPINION that the Issuer is duly created and validly exists as a body corporate and politic and instrumentality, agency and department of the State of Texas, and is vested with full right and power to adopt the Authorizing Resolution, enter into the Master Trust Indenture, the Bond Indenture and that certain SWIFT Funds Transfer Agreement dated as of August 15, 2023, between the Issuer and the Texas Treasury Safekeeping Trust Company (the "Transfer Agreement"), and perform the agreements on its part contained therein and to issue the Bonds; the Authorizing Resolution has been duly adopted by the Issuer and the Bond Indenture has been duly executed and delivered on behalf of the Issuer; the Bond Indenture creates a valid lien on the Political Subdivision Obligations, and the moneys, securities and funds held and pledged thereunder as security for the Bonds are on a parity with other bonds issued under the Master Trust Indenture, subject to the application thereof to the purposes and on the conditions permitted by the Bond Indenture; the Bonds have been authorized and issued in accordance with the Constitution and laws of the State of Texas, specifically Subchapter H of Chapter 15, Texas Water Code (the "Act"), and constitute valid and binding special obligations of the Issuer secured by and payable solely from the security described in the Bond Indenture; and that the Bonds, the Transfer Agreement, the Master Trust Indenture and the Bond Indenture are enforceable in accordance with their respective terms and conditions, except to the extent that the rights and remedies of the owners of the Bonds may be limited by laws now existing or hereafter enacted relating to bankruptcy, insolvency, reorganization, moratorium or other similar laws affecting the rights of creditors, and certain equitable remedies, including specific performance, or legal remedies awarded, as may be subject to the exercise of judicial discretion.

IN OUR OPINION, except as discussed below, the interest on the Bonds is excludable from the gross income of the owners for federal income tax purposes under the statutes, regulations, rulings, and court decisions existing on the date of this opinion. We are further of the opinion that the Bonds are not "specified private activity bonds" and that, accordingly, interest on the Bonds will not be included as an individual alternative minimum tax preference item under section 57(a)(5) of the Internal Revenue Code of 1986 (the "Code"). In expressing the aforementioned opinions, we have relied on certain representations, the accuracy of which we have not independently verified, and assume compliance by the Issuer with certain covenants, regarding the use and investment of the proceeds of the Bonds and the use of the project refinanced with the proceeds of the Bonds. We call your attention to the fact that if such representations are determined to be inaccurate or if the Issuer fails to comply with such covenants, interest on the Bonds may become includable in gross income retroactively to the date of issuance of the Bonds.

EXCEPT AS STATED ABOVE, we express no opinion as to any other federal, state or local tax consequences of acquiring, carrying, owning or disposing of the Bonds. In particular, but not by way of limitation, we express no opinion with respect to the federal, state or local tax consequences arising from the enactment of any pending or future legislation. Owners of the Bonds should consult their tax advisors regarding the applicability of any collateral tax consequences of owning the Bonds.

WE CALL YOUR ATTENTION TO THE FACT that the interest on tax-exempt obligations, such as the Bonds, may be includable in a corporation's adjusted financial statement income for purposes of determining the alternative minimum tax imposed on certain corporations by section 55 of the Code.

WE EXPRESS NO OPINION as to any insurance policies issued with respect to the payments due for the principal of and interest on the Bonds, nor as to any such insurance policies issued in the future.

OUR SOLE ENGAGEMENT in connection with the issuance of the Bonds is as Bond Counsel for the Issuer, and, in that capacity, we have been engaged by the Issuer for the sole purpose of rendering an opinion with respect to the legality and validity of the Bonds under the Constitution and laws of the State of Texas, and with respect to the exclusion from gross income of the interest on the Bonds for federal income tax purposes, and for no other reason or purpose. The foregoing opinions represent our legal judgment based upon a review of existing legal authorities that we deem relevant to render such opinions and are not a guarantee of a result. We have not been requested to investigate or verify, and have not independently investigated or verified any records, data, or other material relating to the financial condition or capabilities of the Issuer, or the disclosure thereof in connection with the sale of the Bonds, and have not assumed any responsibility with respect thereto. We express no opinion and make no comment with respect to the marketability of the Bonds and have relied solely on certificates executed by officials of the Issuer as to the current outstanding indebtedness of the Issuer and the Security available for the payment of debt service on the Bonds. Our role in connection with the Issuer's Official Statement prepared for use in connection with the sale of the Bonds has been limited as described therein.

OUR OPINIONS ARE BASED ON EXISTING LAW, which is subject to change. Such opinions are further based on our knowledge of facts as of the date hereof. We assume no duty to update or supplement our opinions to reflect any facts or circumstances that may thereafter come to our attention or to reflect any changes in any law that may thereafter occur or become effective. Moreover, our opinions are not a guarantee of result and are not binding on the Internal Revenue Service (the "Service"); rather, such opinions represent our legal judgment based upon our review of existing law and in reliance upon the representations and covenants referenced above that we deem relevant to such opinions. The Service has an ongoing audit program to determine compliance with rules that relate to whether interest on state or local obligations is includable in gross income for federal income tax purposes. No assurance can be given whether or not the Service will commence an audit of the Bonds. If an audit is commenced, in accordance with its current published procedures the Service is likely to treat the Issuer as the taxpayer. We observe that the Issuer has covenanted not to take any action, or omit to take any action within its control, that if taken or omitted, respectively, may result in the treatment of interest on the Bonds as includable in gross income for federal income tax purposes.

Respectfully,

Proposed Form of Opinion of Bond Counsel

*An opinion in substantially the following form will be delivered by
McCall, Parkhurst & Horton L.L.P., Bond Counsel,
upon the delivery of the Bonds, assuming no material changes in facts or law.*

**TEXAS WATER DEVELOPMENT BOARD
STATE WATER IMPLEMENTATION REVENUE FUND FOR TEXAS
REVENUE BONDS, TAXABLE SERIES 2023B (MASTER TRUST),
IN THE AGGREGATE PRINCIPAL AMOUNT OF \$5,080,000**

AS BOND COUNSEL for the Texas Water Development Board (the "Issuer"), the issuer of the Bonds described above (the "Bonds"), we have examined into the legality and validity of the issue of bonds described above, which bear interest from the date, mature on the dates, and are subject to redemption, all as specified on the face of the Bonds, all in accordance with the resolution of the Issuer authorizing the issuance of the Bonds (the "Authorizing Resolution").

THE BONDS are issued and are equally secured as to payment of principal and interest under a Master Trust Indenture dated as of October 1, 2015, between the Issuer and The Bank of New York Mellon Trust Company, National Association, as Master Trustee (the "Master Trust Indenture"), and a Bond Indenture dated as of October 1, 2023, between the Issuer and The Bank of New York Mellon Trust Company, National Association, as Trustee (the "Bond Indenture"). Terms used herein and not otherwise defined shall have the meaning given in the Master Trust Indenture and the Bond Indenture.

WE HAVE EXAMINED the applicable and pertinent provisions of the Constitution and laws of the State of Texas, and a transcript of certified proceedings of the Issuer, and other pertinent instruments authorizing and relating to the issuance of the Bonds, including one of the executed Bonds (Bond No. T-1).

BASED ON SAID EXAMINATION, IT IS OUR OPINION that the Issuer is duly created and validly exists as a body corporate and politic and instrumentality, agency and department of the State of Texas, and is vested with full right and power to adopt the Authorizing Resolution, enter into the Master Trust Indenture, the Bond Indenture and that certain SWIFT Funds Transfer Agreement dated as of August 15, 2023, between the Issuer and the Texas Treasury Safekeeping Trust Company (the "Transfer Agreement"), and perform the agreements on its part contained therein and to issue the Bonds; the Authorizing Resolution has been duly adopted by the Issuer and the Bond Indenture has been duly executed and delivered on behalf of the Issuer; the Bond Indenture creates a valid lien on the Political Subdivision Obligations, and the moneys, securities and funds held and pledged thereunder as security for the Bonds are on a parity with other bonds issued under the Master Trust Indenture, subject to the application thereof to the purposes and on the conditions permitted by the Bond Indenture; the Bonds have been authorized and issued in accordance with the Constitution and laws of the State of Texas, specifically Subchapter H of Chapter 15, Texas Water Code (the "Act"), and constitute valid and binding special obligations of the Issuer secured by and payable solely from the security described in the Bond Indenture; and that the Bonds, the Transfer Agreement, the Master Trust Indenture and the Bond Indenture are enforceable in accordance with their respective terms and conditions, except to the extent that the rights and remedies of the owners of the Bonds may be limited by laws now existing or hereafter enacted relating to bankruptcy, insolvency, reorganization, moratorium or other similar laws affecting the rights of creditors, and certain equitable remedies, including specific performance, or legal remedies awarded, as may be subject to the exercise of judicial discretion.

THE BONDS ARE NOT obligations described in section 103 of the Internal Revenue Code of 1986.

EXCEPT AS STATED ABOVE, we express no opinion as to any other federal, state or local tax consequences of acquiring, carrying, owning or disposing of the Bonds. In particular, but not by way of limitation, we express no opinion with respect to the federal, state or local tax consequences arising from the enactment of any pending or future legislation.

WE EXPRESS NO OPINION as to any insurance policies issued with respect to the payments due for the principal of and interest on the Bonds, nor as to any such insurance policies issued in the future.

OUR SOLE ENGAGEMENT in connection with the issuance of the Bonds is as Bond Counsel for the Issuer, and, in that capacity, we have been engaged by the Issuer for the sole purpose of rendering an opinion with respect to the legality and validity of the Bonds under the Constitution and laws of the State of Texas, and for no other reason or purpose. The foregoing opinions represent our legal judgment based upon a review of existing legal authorities that we deem relevant to render such opinions and are not a guarantee of a result. We have not been requested to investigate or verify, and have not independently investigated or verified any records, data, or other material relating to the financial condition or capabilities of the Issuer, or the disclosure thereof in connection with the sale of the Bonds, and have not assumed any responsibility with respect thereto. We express no opinion and make no comment with respect to the marketability of the Bonds and have relied solely on certificates executed by officials of the Issuer as to the current outstanding indebtedness of the Issuer and the Security available for the payment of debt service on the Bonds. Our role in connection with the Issuer's Official Statement prepared for use in connection with the sale of the Bonds has been limited as described therein.

OUR OPINIONS ARE BASED ON EXISTING LAW, which is subject to change. Such opinions are further based on our knowledge of facts as of the date hereof. We assume no duty to update or supplement our opinions to reflect any facts or circumstances that may thereafter come to our attention or to reflect any changes in any law that may thereafter occur or become effective.

Respectfully,

APPENDIX F

BOOK-ENTRY-ONLY SYSTEM AND GLOBAL CLEARANCE PROCEDURES

The information set out in this Appendix F is subject to any change in or reinterpretation of the rules, regulations and procedures of DTC (as defined below), Euroclear Bank S.A./N.V. as operator of the Euroclear System (Euroclear) or Clearstream Banking, S.A. (Clearstream Banking) (DTC, Euroclear and Clearstream Banking together, the “Clearing Systems” currently in effect). The information in this Appendix F concerning the Clearing Systems has been obtained from sources that the Board believes to be reliable, but none of the Board, the Financial Advisor, the Bond Indenture Trustee or the Underwriters take any responsibility for the accuracy, completeness or adequacy of the information in this Appendix F. Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. The Board will not have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Series 2023 Bonds held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

DTC Book-Entry Only System

Below is a description of how ownership of the Series 2023 Bonds is to be transferred and how the principal and interest on the Series 2023 Bonds are to be paid to and credited by The Depository Trust Company, New York, New York (DTC) while the Series 2023 Bonds are registered in its nominee name. The information in this section concerning DTC and the Book-Entry-Only System has been provided by DTC for use in disclosure documents such as the Official Statement.

The Board and the Underwriters cannot and do not give any assurance that (1) DTC will distribute payments of debt service on the Series 2023 Bonds, or redemption or other notices, to DTC Participants, (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Series 2023 Bonds), or redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis, or (3) DTC will serve and act in the manner described in the Official Statement. The current rules applicable to DTC are on file with the Securities and Exchange Commission, and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC. Termination of the DTC Book-Entry-Only System by the Board may require consent of the Participants under DTC Operational Arrangements.

DTC will act as securities depository for the Series 2023 Bonds. The Series 2023 Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered Bond will be issued for each maturity and series of the Series 2023 Bonds, as set forth on the inside of the cover page hereof, in the aggregate principal amount of such maturity and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose Trust Company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (Direct Participants) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (DTCC). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (Indirect Participants and, together with the Direct Participants, the Participants). The DTC rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Series 2023 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2023 Bonds on DTC’s records. The ownership interest of each actual purchaser of each Series 2023 Bond (Beneficial Owner) is in turn to be recorded on the Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are,

however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2023 Bonds are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Series 2023 Bonds, except in the event that use of the book-entry system for the Series 2023 Bonds is discontinued.

To facilitate subsequent transfers, all Series 2023 Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2023 Bonds with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2023 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2023 Bonds are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Beneficial Owners of the Series 2023 Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect to the Series 2023 Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of the Series 2023 Bonds may wish to ascertain that the nominee holding the Series 2023 Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners, in the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of the notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Series 2023 Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Series 2023 Bonds unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Board as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2023 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

All payments on the Series 2023 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from the Board or the Paying Agent/Registrar on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee, the Paying Agent/Registrar, or the Board, subject to any statutory or regulatory requirements as may be in effect from time to time. All payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) are the responsibility of the Board or the Paying Agent/Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Participants.

DTC may discontinue providing its services as securities depository with respect to the Series 2023 Bonds at any time by giving reasonable notice to the Board or the Paying Agent/Registrar. Under such circumstances, in the event that a successor securities depository is not obtained, Series 2023 Bond certificates are required to be printed and delivered.

The Board may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Board believes to be reliable, but the Board takes no responsibility for the accuracy thereof and the information is not to be construed as a representation by the Board, the Financial Advisor or the Underwriters.

Use of certain terms in other sections of the Official Statement. In reading the Official Statement it should be understood while the Series 2023 Bonds are in the book-entry-only system, references in other sections of the Official Statement to registered owners should be read to include the person for which the Participant acquires an interest in the Series 2023 Bonds, but (i) all rights of ownership must be exercised through DTC and the Book-Entry-Only System, and (ii) except as described above, notices that are to be given to registered owners under the Resolution will be given only to DTC.

Euroclear and Clearstream Banking

The information in this section concerning Euroclear and Clearstream Banking has been provided by such Clearing Systems for use in disclosure documents such as the Official Statement:

Euroclear and Clearstream Banking each hold securities for their customers and facilitate the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders. Euroclear and Clearstream Banking provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream Banking also deal with domestic securities markets in several countries through established depository and custodial relationships. Euroclear and Clearstream Banking have established an electronic bridge between their two systems across which their respective participants may settle trades with each other.

Euroclear and Clearstream Banking customers are worldwide financial institutions, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to Euroclear and Clearstream Banking is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system, either directly or indirectly.

Clearing and Settlement Procedures

The Series 2023 Bonds sold in offshore transactions will be initially issued to investors through the book-entry facilities of DTC, or Clearstream Banking and Euroclear in Europe if the investors are participants in those systems, or indirectly through organizations that are participants in the systems. For any of such Series 2023 Bonds, the record holder will be DTC's nominee. Clearstream Banking and Euroclear will hold omnibus positions on behalf of their participants through customers' securities accounts in Clearstream Banking's and Euroclear's names on the books of their respective depositories.

The depositories, in turn, will hold positions in customers' securities accounts in the depositories' names on the books of DTC. Because of time zone differences, the securities account of a Clearstream Banking or Euroclear participant as a result of a transaction with a participant, other than a depository holding on behalf of Clearstream Banking or Euroclear, will be credited during the securities settlement processing day, which must be a business day for Clearstream Banking or Euroclear, as the case may be, immediately following the DTC settlement date. These credits or any transactions in the securities settled during the processing will be reported to the relevant Euroclear participant or Clearstream Banking participant on that business day. Cash received in Clearstream Banking or Euroclear as a result of sales of securities by or through a Clearstream Banking participant or Euroclear participant to a Participant, other than the depository for Clearstream Banking or Euroclear, will be received with value on the DTC settlement date but will be available in the relevant Clearstream Banking or Euroclear cash account only as of the business day following settlement in DTC.

Transfers between Participants will occur in accordance with DTC rules. Transfers between Clearstream Banking participants or Euroclear participants will occur in accordance with their respective rules and operating procedures. Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream Banking participants or Euroclear participants, on the other, will be effected in DTC in accordance with DTC rules on behalf of the relevant European international clearing system by the relevant depositories; however, cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in the system in accordance with its rules and procedures and within its established deadlines in European time. The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its depository to take action to effect final settlement on its behalf by delivering or receiving securities in DTC, and making or receiving payment in accordance with normal procedures for same day funds settlement applicable to DTC. Clearstream Banking participants or Euroclear participants may not deliver instructions directly to the depositories.

The Board will not impose any fees in respect of holding the Series 2023 Bonds; however, holders of book-entry interests in the Series 2023 Bonds may incur fees normally payable in respect of the maintenance and operation of accounts in the Clearing Systems.

Initial Settlement

Interests in the Series 2023 Bonds held in the Euroclear and Clearstream Clearing Systems will be held in uncertified book-entry form. Purchasers electing to hold book-entry interests in the Series 2023 Bonds through Euroclear and Clearstream Banking accounts will follow the settlement procedures applicable to conventional Eurobonds. Book-entry interests in the Series 2023 Bonds will be credited to Euroclear and Clearstream Banking participants' securities clearance accounts on the business day following the date of delivery of the Series 2023 Bonds against payment (value as on the date of delivery of the Series 2023 Bonds). Participants acting on behalf of purchasers electing to hold book-entry interests in the Series 2023 Bonds through DTC will follow the delivery practices applicable to securities eligible for DTC's Same Day Funds Settlement system. Participants' securities accounts will be credited with book-entry interests in the Series 2023 Bonds following confirmation of receipt of payment to the Board on the date of delivery of the Series 2023 Bonds.

Secondary Market Trading

Secondary market trades in the Series 2023 Bonds will be settled by transfer of title to book-entry interests in the Clearing Systems. Title to such book-entry interests will pass by registration of the transfer within the records of Euroclear, Clearstream Banking or DTC, as the case may be, in accordance with their respective procedures. Book-entry interests in the Series 2023 Bonds may be transferred within Euroclear and within Clearstream Banking and between Euroclear and Clearstream Banking in accordance with procedures established for these purposes by Euroclear and Clearstream Banking. Book-entry interests in the Series 2023 Bonds may be transferred within DTC in accordance with procedures established for this purpose by DTC. Transfer of book-entry interests in the Series 2023 Bonds between Euroclear or Clearstream Banking and DTC may be effected in accordance with procedures established for this purpose by Euroclear, Clearstream Banking and DTC.

Special Timing Considerations

Investors will only be able to make and receive deliveries, payments and other communications involving the Series 2023 Bonds through Euroclear or Clearstream Banking on days when those systems are open for business. In addition, because of time-zone differences, there may be complications with completing transactions involving Clearstream Banking and/or Euroclear on the same business day as in the United States. U.S. investors who wish to transfer their interests in the Series 2023 Bonds, or to receive or make a payment or delivery of Series 2023 Bonds, on a particular day, may find that the transactions will not be performed until the next business day in Luxembourg if Clearstream Banking is used, or Brussels if Euroclear is used.

General

None of DTC, Euroclear, or Clearstream Banking is under any obligation to perform or continue to perform the procedures referred to above, and such procedures may be discontinued at any time.

None of the Board, the Financial Advisor, the Bond Indenture Trustee or the Underwriters will have any responsibility for the performance by DTC, Euroclear, or Clearstream Banking or their respective direct or indirect participants or account holders of their respective obligations, including the timely transfer of funds to pay interest on and principal of the Series 2023 Bonds when due, under the rules and procedures governing their operations or the arrangements referred to above.
