## OFFICIAL STATEMENT

### RELATING TO

**\$68,015,000**

### NEW MEXICO FINANCE AUTHORITY SUBORDINATE LIEN PUBLIC PROJECT REVOLVING FUND REVENUE REFUNDING BONDS, SERIES 2017B

#### INTRODUCTION

This Official Statement, which includes the cover page, the inside front cover page, and appendices, provides information in connection with the offer and sale of the \$68,015,000 New Mexico Finance Authority Subordinate Lien Public Project Revolving Fund Revenue Refunding Bonds, Series 2017B (the “Series 2017B Bonds”) being issued by the New Mexico Finance Authority (the “Finance Authority” or the “NMFA”). The Series 2017B Bonds, together with additional bonds the Finance Authority has issued or may issue in parity with them under the Indenture (defined below), are collectively referred to in this Official Statement as the “Bonds” or the “Parity Bonds.” Capitalized terms used and not defined in the main body of this Official Statement have the meanings specified in the Subordinated General Indenture of Trust and Pledge, dated as of March 1, 2005, as previously amended and supplemented (the “General Indenture”), and as further amended and supplemented by a Fourteenth Supplemental Indenture of Trust, dated as of March 1, 2017 (the “Fourteenth Supplemental Indenture” and together with the General Indenture, the “Indenture”) all between the Finance Authority and BOKF, NA, Albuquerque, New Mexico, as trustee (the “Trustee”), and are presented under the caption “Definitions” in “APPENDIX B—EXTRACTS OF CERTAIN PROVISIONS OF THE INDENTURE.”

#### **New Mexico Finance Authority**

The Finance Authority, established by the legislature of the State of New Mexico (the “State”) in 1992, is a governmental instrumentality separate and apart from the State created to coordinate the planning and financing of State and local public projects. For additional information concerning the Finance Authority, see “NEW MEXICO FINANCE AUTHORITY” and the Finance Authority’s financial statements for the fiscal year ended June 30, 2016 included as APPENDIX A hereto. See “FINANCIAL STATEMENTS.”

#### **Authority and Purpose**

The Series 2017B Bonds are being issued under the authority of and pursuant to the laws of the State, including particularly the New Mexico Finance Authority Act, Section 6-21-1 et seq., NMSA 1978, as amended (the “Act”), and the Indenture. The Public Project Revolving Fund has been established pursuant to the Act. For a description of the Public Project Revolving Fund Program, see “NEW MEXICO FINANCE AUTHORITY—The Public Project Revolving Fund Program.”

Proceeds from the sale of the Series 2017B Bonds will be used by the Finance Authority for the purposes of (i) currently refunding the Refunded Obligations (as defined herein) to achieve debt service savings and (ii) paying costs incurred in connection with the issuance of the Series 2017B Bonds. See “THE PLAN OF FINANCING” for more information with respect to the sources and uses of proceeds of the Series 2017B Bonds.

#### **Parity Obligations**

Obligations, including Bonds, with a lien on the Trust Estate on a parity with the lien of the Series 2017B Bonds have been issued and may be issued to (i) provide loans to governmental entities of the State (the “Governmental Units”), to reimburse the Public Project Revolving Fund for loans made to Governmental Units, and to purchase securities from Governmental Units or (ii) refund the Finance Authority’s outstanding Parity Bonds. For a description of the Parity Bonds currently outstanding (the “Outstanding Parity Bonds”), see “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS—Outstanding Parity Bonds.”

## Senior Obligations

The Finance Authority's General Indenture of Trust and Pledge dated as of June 1, 1995, as amended and supplemented (the "Senior Indenture"), creates a lien on the NMFA Portion of the Governmental Gross Receipts Tax and additional pledged loans pledged to the Senior Indenture (collectively, and as defined in the Indenture, the "PPRF Revenues") that is senior to the lien of the Indenture. Pursuant to the Senior Indenture the Finance Authority has issued and may issue bonds or other obligations with a lien on PPRF Revenues senior to the lien of the Indenture ("Senior Bonds"). Those Senior Bonds and obligations are secured by and payable from the PPRF Revenues prior to their release from the Senior Indenture. The Finance Authority maintains an ongoing program to provide loans and to purchase securities from Governmental Units and expects to finance some of those activities with the issuance of additional Senior Bonds. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS—Outstanding Senior Bonds."

At or about the same time that the Finance Authority issues the Series 2017B Bonds, the Finance Authority expects to issue its New Mexico Finance Authority Senior Lien Public Project Revolving Fund Revenue Bonds, Series 2017A in the principal amount of \$60,265,000 (the "Series 2017A Bonds"). The issuance of the Series 2017B Bonds is not contingent upon the issuance of the Series 2017A Bonds. The timing, amount and other details of any other additional Senior Bonds are not known as of the date of this Official Statement.

## The Series 2017B Bonds

The Series 2017B Bonds will be dated the date of their initial delivery. Interest on the Series 2017B Bonds is payable on June 15 and December 15 of each year, commencing June 15, 2017. The Series 2017B Bonds will mature on the dates and in the amounts (unless redeemed prior to maturity) and will bear interest at the rates shown on the inside front cover of this Official Statement. The Series 2017B Bonds are issuable in denominations of \$5,000 or integral multiples of \$5,000.

Individual purchases will be made in book-entry only form, and purchasers of the Series 2017B Bonds will not receive physical delivery of bond certificates except as more fully described in "APPENDIX E—BOOK-ENTRY ONLY SYSTEM." Payments of principal of and interest on the Series 2017B Bonds will be made directly to The Depository Trust Company ("DTC") or its nominee, Cede & Co., by the Paying Agent, so long as DTC or Cede & Co. is the sole registered owner. Upon receipt of such payments, DTC is to remit such payments to the DTC Participants (as defined below) for subsequent disbursement to the beneficial owners of the Series 2017B Bonds, all as more fully described in APPENDIX E. In reading this Official Statement, it should be understood that while the Series 2017B Bonds are in book-entry only form, references in other sections of this Official Statement to Owners should be read to include the person for whom the Participants and Indirect Participants acquire an interest in the Series 2017B Bonds, but (i) all rights of ownership must be exercised through DTC and the book-entry only system as described in APPENDIX E, and (ii) except as otherwise provided in the Indenture, notices that are to be given to Owners by the Finance Authority, the Trustee, the Registrar or the Paying Agent will be given only to DTC.

## No Redemption

The Series 2017B Bonds are not subject to optional redemption prior to maturity. See "THE SERIES 2017B BONDS—No Redemption."

## Security and Sources of Payment

Trust Estate. The Bonds, including the Series 2017B Bonds, are special limited obligations of the Finance Authority secured by and payable solely from the Trust Estate, which includes the special revenues and funds of the Finance Authority pledged under the Indenture, including: (i) moneys from the repayment by governmental borrowers of loans made or securities issued to finance a project under the Indenture ("Agreements"); (ii) moneys from the repayment by governmental borrowers to the Finance Authority of loans made or securities purchased from moneys in the Public Project Revolving Fund and pledged as "Additional Pledged Loans" under the Indenture; (iii) certain Governmental Gross Receipts Tax revenues and moneys from the repayment to the Finance Authority of certain loans, to the extent available on June 1 of each year after all obligations of the Finance Authority under the Senior Indenture have been satisfied (together with the moneys described in (ii) in this paragraph, the "Subordinate Lien PPRF Revenues"); (iv) any additional revenues received by the Finance Authority and designated as part of the special revenues and funds pledged under the Indenture pursuant to a Supplemental Indenture or Pledge Notification; and (v) certain funds and accounts created and maintained pursuant to the Indenture. See "SECURITY

AND SOURCES OF PAYMENT FOR THE BONDS—Flow of Funds” and see “Establishment and Use of Funds” in “APPENDIX B—EXTRACTS OF CERTAIN PROVISIONS OF THE INDENTURE” herein. Moneys from the sources described in (ii) and (iii) above may be released from the Indenture on June 16 of each year. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS” herein.

**The Bonds do not constitute or create a general obligation or other indebtedness of the State, the Finance Authority or any Governmental Unit within the meaning of any constitutional or statutory debt limitation. THE FINANCE AUTHORITY HAS NO TAXING POWERS. No provision of the Series 2017B Bonds will be construed or interpreted as a donation by or lending of the credit of the Finance Authority, the State, or any Governmental Unit within the meaning of the Constitution of the State. The principal of and interest and premium, if any, on the Bonds do not constitute or give rise to a personal liability on the part of the members, directors and officers of the Finance Authority. No breach of any pledge, obligation or agreement of the Finance Authority will impose a pecuniary liability or a charge upon the general credit of the State, the Finance Authority or any political subdivision of the State, or upon the taxing power of the State or any political subdivision of the State.**

Additional Bonds. The Finance Authority maintains an ongoing program to provide loans and to purchase securities from Governmental Units and expects to finance certain of those activities with the issuance of additional Parity Bonds (“Additional Bonds”) with a lien on parity with the Series 2017B Bonds. The Finance Authority must satisfy certain requirements set forth in the Indenture to issue such Additional Bonds. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS—Additional Bonds.” The timing, amount and other details of such Additional Bonds are not known as of the date of this Official Statement.

### **Continuing Disclosure Undertaking**

The Finance Authority has undertaken for the benefit of the Series 2017B Bond Owners that, so long as the Series 2017B Bonds remain outstanding, the Finance Authority will provide certain annual financial information, operating data and audited financial statements with respect to the Finance Authority and each Governmental Unit expected by the Finance Authority to have loan repayment obligations in the then-current fiscal year constituting more than twenty percent (20%) of the estimated Subordinate Lien Revenues (as herein defined) in the then-current fiscal year to the Municipal Securities Rulemaking Board (the “MSRB”) in an electronic format prescribed by the MSRB and notice of certain material events to the MSRB in an electronic format prescribed by the MSRB in accordance with Rule 15c2-12 promulgated under the Securities Exchange Act of 1934, as amended (the “Rule”). The provisions of the Continuing Disclosure Undertaking may be amended under certain circumstances. See “CONTINUING DISCLOSURE UNDERTAKING.”

### **Tax Considerations**

In the opinion of Gilmore & Bell, P.C., Bond Counsel to the Finance Authority, under existing law and assuming continued compliance with certain requirements of the Internal Revenue Code of 1986, as amended, (1) the interest on the Series 2017B Bonds (including any original issue discount properly allocable to an owner thereof) is excludable from gross income for federal income tax purposes, and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations and (2) the interest on the Series 2017B Bonds is exempt from income taxation by the State of New Mexico. See “TAX MATTERS” herein.

### **General**

The Series 2017B Bonds will be dated the date of their initial delivery and interest will accrue on the Series 2017B Bonds from such date at the rates presented on the inside front cover page of this Official Statement (calculated on the basis of a 360-day year consisting of twelve 30-day months), and is payable on June 15 and December 15 of each year, commencing June 15, 2017. The Series 2017B Bonds will be issued in the aggregate principal amounts and will mature on the dates and in the amounts shown on the inside front cover (unless redeemed prior to maturity). The Series 2017B Bonds are issuable in denominations of \$5,000 or integral multiples of \$5,000 (the “Authorized Denominations”).

### **Book-Entry Only System**

DTC will act as securities depository for all of the Series 2017B Bonds through its nominee, Cede & Co. One fully registered bond in a denomination equal to the principal amount and maturity of the Series 2017B Bonds will be registered in the name of Cede & Co. Individual purchases of Series 2017B Bonds will be made in book-entry only form, and beneficial owners of the Series 2017B Bonds will not receive physical delivery of bond certificates, except as described in APPENDIX E. Upon receipt of payments of principal and interest, DTC will remit such payment to DTC participants for subsequent disbursement to the beneficial owners of the Series 2017B Bonds. For a more complete description of the book-entry only system, see “APPENDIX E—BOOK-ENTRY ONLY SYSTEM.”

### **No Redemption**

The Series 2017B Bonds are not subject to optional redemption prior to maturity.

### **Defeasance**

When a Bond has been deemed to be paid under the Indenture, it will no longer be secured by or entitled to the benefits of the Indenture, except for the purposes of any such payment. Any Bond will be deemed to be paid for all purposes of the Indenture when (1) the principal of and the applicable premium, if any, on such Bond (whether at maturity or prior redemption) plus interest on the Bond to the Bond’s due date either have been paid or have been provided by irrevocably

depositing with the Trustee or other escrow agent, in trust, and the Trustee or other escrow agent shall have irrevocably set aside exclusively for such payment moneys sufficient to make such payment, and/or noncallable Governmental Obligations maturing as to principal and interest in such amount and at such times as will insure the availability of sufficient moneys to make such payment, and (2) all necessary and proper fees, compensation and expenses of the Trustee and any paying agents pertaining to the Bonds with respect to which such deposit is made shall have been paid or the payment thereof provided for to the satisfaction of the Trustee.

## **SECURITY AND SOURCES OF PAYMENT FOR THE BONDS**

### **Special Limited Obligations**

The Bonds, including the Series 2017B Bonds, are special limited obligations of the Finance Authority payable solely from the Trust Estate. The Series 2017B Bonds do not constitute nor create a general obligation or other indebtedness of the State, the Finance Authority or any Governmental Unit within the meaning of any constitutional or statutory debt limitation. THE FINANCE AUTHORITY HAS NO TAXING POWERS. No provision of the Series 2017B Bonds will be construed or interpreted as a donation by or lending of the credit of the Finance Authority, the State or any Governmental Unit within the meaning of the Constitution of the State. The principal of and interest and premium, if any, on the Series 2017B Bonds do not constitute or give rise to a personal liability on the part of the members, directors and officers of the Finance Authority. No breach of any pledge, obligation or agreement of the Finance Authority will impose a pecuniary liability or a charge upon the general credit of the State, the Finance Authority or any political subdivision of the State, or upon the taxing power of the State or any political subdivision of the State.

### **Trust Estate**

In the Indenture, the Finance Authority pledges and assigns the Trust Estate, first, for the equal and ratable payment of the Bonds, the PPRF Secured Obligations (as to amounts deposited to the Revenue Fund), the Security Instrument Repayment Obligations and the SWAP Payments, and, second, for the equal and ratable payment of the Reserve Instrument Repayment Obligations. The Trust Estate includes: (i) Agreement Revenues; (ii) Additional Pledged Revenues; (iii) Subordinate Lien PPRF Revenues; and (iv) other amounts in certain funds and accounts created and maintained pursuant to the Indenture; all as more fully described below. The Agreement Revenues, Additional Pledged Revenues and Subordinate Lien PPRF Revenues are collectively referred to as the “Subordinate Lien Revenues.”

Agreement Revenues. The Agreements consist of Loan Agreements and Securities executed and delivered by Governmental Units in consideration for the financing of all or a portion of their respective projects by the Finance Authority. Under each Agreement, the respective Governmental Unit pledges to the Finance Authority for payment of all amounts due under their respective Agreements (i) revenues of specific enterprise systems or revenues attributable to certain taxes (the “Agreement Revenues”) and (ii) moneys in certain funds and accounts held by the Trustee. Each Governmental Unit executing a Loan Agreement or issuing Securities agrees to pay principal of and interest on its loan promptly from its Agreement Revenues and to continue such payments until its Loan is paid in full. Each Governmental Unit that has entered into a Loan Agreement or has issued Securities has pledged specific Agreement Revenues to the repayment of its Loan. It should be noted that each Governmental Unit that has entered into an Agreement with the Finance Authority has the ability to incur additional obligations that may be secured on a parity basis with the Agreement Revenues as long as certain conditions are satisfied. See APPENDIX F for information relating to the largest repayment obligations. A Governmental Unit is not required to make up any Loan Payment not paid in full by another Governmental Unit or to make up any insufficiency in the Subordinate Lien PPRF Revenues. The Finance Authority reports that no Governmental Unit has failed to timely pay its obligations owing under its respective Agreement.

<sup>(1)</sup> Fiscal year 2017-2018 amounts are shown due to a material change expected following the May 1, 2017 prepayment by Albuquerque Bernalillo County Water Utility Authority (“ABCWUA”) of \$37,625,000 of the outstanding principal amount of the 2007 New Mexico Finance Authority Public Project Revolving Fund Loan Agreement dated September 26, 2007, as amended (the “ABCWUA Prepayment”). The Finance Authority expects to apply proceeds received from the ABCWUA Prepayment to redeem a portion of the outstanding Series 2007C Bonds on June 15, 2017.

The following table lists the ten Governmental Units (by revenue pledged) that, based on scheduled payments for the fiscal years shown, and assuming no prepayments (other than the ABCWUA Prepayment) of any Agreements, are expected to provide the largest amount of Agreement Revenues in fiscal years 2016-2017 and 2017-2018. The Agreement Revenues generated from such Agreements account for 72.119% of projected Agreement Revenues for fiscal year 2016-2017 and 66.887% of projected Agreement Revenues for fiscal year 2017-2018.

Although Agreement Revenues are received at various times throughout the year, they are held under the Indenture until June 15 of each year to be applied to pay debt service on the Bonds. For more information with respect to Governmental Units with the largest repayment obligations as of the date hereof, see “APPENDIX F—LARGEST REPAYMENT OBLIGATIONS.”

The Finance Authority may require and has previously required the establishment and funding of an Agreement Reserve Fund in connection with certain Agreements. Amounts in a Governmental Unit’s account of the Agreement Reserve Fund will be withdrawn by the Trustee and deposited into that Governmental Unit’s account of the Debt Service Fund to the extent of any shortfall in payments by such Governmental Unit under its Agreement.

Additional Pledged Revenues. Additional Pledged Revenues consist of any additional revenues received by the Finance Authority and designated as part of the Trust Estate pursuant to the Indenture or a Pledge Notification. Additional Pledged Revenues are not revenues attributable to Additional Pledged Loans. Additional Pledged Revenues may be among the amounts released from the Revenue Fund on June 16 of each year to the extent they will not be required for payment of debt service in the then current Bond Fund Year, as described below under “Subordinate Lien PPRF Revenues.” Additional Pledged Revenues are deposited in the Revenue Fund immediately upon their receipt throughout the year by the Finance Authority. For a more complete description of these deposits and transfers, see “Flow of Funds” below under this caption, and “Establishment and Use of Funds” in “APPENDIX B—EXTRACTS OF CERTAIN PROVISIONS OF THE INDENTURE.” At the present, the Finance Authority has not designated any sources of revenues as “Additional Pledged Revenues.”

Subordinate Lien PPRF Revenues. Subordinate Lien PPRF Revenues consist in part of the NMFA Portion of the Governmental Gross Receipts Tax and moneys from the repayment to the Finance Authority of the Additional Senior Pledged Loans deposited to the revenue fund created under the Senior Indenture (the “PPRF Revenues”), to the extent such amounts are available on June 1 of each Bond Fund Year after all obligations of the Finance Authority under the Senior Indenture have been satisfied and the Trustee has retained any amounts required to be retained pursuant to the Senior Indenture. “Additional Senior Pledged Loans” are additional loans or securities made or purchased by the Finance Authority from amounts on deposit in the Public Project Revolving Fund, the payments of principal of and interest on which have been specifically pledged by the Finance Authority to the payment of the Senior Bonds and other amounts due under the Senior Indenture. Pursuant to the Indenture, all moneys released from the Senior Indenture on June 1 of each Bond Fund Year are to be deposited into the Revenue Fund created by the Indenture. See “INVESTMENT CONSIDERATIONS—Availability of Subordinate Lien PPRF Revenues.”

Subordinate Lien PPRF Revenues also consist, in part, of revenues from Additional Pledged Loans. The Finance Authority may make loans from or purchase securities with available funds in the Public Project Revolving Fund. At its option, the Finance Authority may designate such loans or securities as “Additional Pledged Loans” and upon such designation, the principal and interest payments on such loans or securities become pledged by the Finance Authority to the payment of Bonds and PPRF Secured Obligations and other amounts secured by the Indenture. See “Flow of Funds” below under this caption.

Additional Pledged Loans (repayments of which are pledged to the payment of the Bonds) are not Additional Senior Pledged Loans (repayments of which are pledged only to the extent available for transfer under the Senior Indenture on June 1 of each Bond Fund Year).

The following table shows, for fiscal years 2011-2012 through 2015-2016, the amounts released to the Finance Authority from the Senior Indenture, which represent the amounts that would be included as Historical Subordinate Lien PPRF Revenues under the Indenture.

The Governmental Gross Receipts Tax. Pursuant to Section 7-1-6.38, NMSA 1978, the Public Project Revolving Fund administered by the Finance Authority is allocated seventy-five percent (75%) (the “NMFA Portion of the Governmental Gross Receipts Tax”) of all net receipts of a governmental gross receipts tax which is levied and collected pursuant to Section 7-9-4.3, NMSA 1978. The governmental gross receipts tax was enacted into law and first imposed in 1991 at a rate of five percent (5%) on governmental gross receipts. Governmental gross receipts are defined in Section 7-9-3.2, NMSA 1978, as all receipts of the State or any agency, institution, instrumentality or political subdivision thereof except any school district and any entity licensed by the State Department of Health that is principally engaged in providing health care services, from (i) the sale of tangible personal property other than water from facilities open to the general public; (ii) the performance of or admissions to recreational, athletic or entertainment services or events in facilities open to the general public; (iii) refuse collection, refuse disposal or both; (iv) sewage services; (v) the sale of water by a utility owned or operated by a county, municipality or other political subdivision of the State; and (vi) the renting of parking, docking or tie-down spaces or the granting of permission to park vehicles, tie-down aircraft or dock boats.

The definition of governmental gross receipts includes receipts from the sale of tangible personal property handled on consignment when sold from facilities open to the general public, but excludes cash discounts taken and allowed, governmental gross receipts tax payable on transactions reportable for the period and any type of time-price differential.

Certain receipts are excluded from the governmental gross receipts tax, including (i) receipts from the sale of gas or electricity by a utility owned or operated by a county, municipality or other political subdivision, (ii) receipts from operation of a cable television system owned or operated by a municipality, (iii) receipts from the sale of livestock, receipts of growers, producers, trappers or nonprofit marketing associations from selling livestock, or live poultry, and (iv) receipts from certain activities at a minor league baseball stadium.

In addition, there are certain deductions from the governmental gross receipts tax, including (i) certain receipts from selling tangible personal property to the United States or the State, (ii) receipts from selling tangible personal property to an Indian tribe, nation or pueblo, (iii) receipts from transactions in interstate commerce, (iv) certain receipts from selling tangible personal property to entities exempt from federal income tax pursuant to Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, and (v) receipts from the sale of prescription drugs.

Collection and Distribution Information. Governmental agencies are treated as taxpayers under the provisions of the State’s Tax Administration Act, Section 7-1-1 et seq., NMSA 1978, and are responsible for paying the governmental gross receipts tax to the New Mexico Taxation and Revenue Department in accordance with the State’s Tax Administration Act. Collections are first deposited into a tax administration suspense fund for the purpose of making disbursements for refunds, among other things. On the last day of each month, the balance in the suspense fund is identified by tax source and distributed to the appropriate municipalities or state agencies, including the Finance Authority. Collection of governmental gross receipts tax is administered by the New Mexico Taxation and Revenue Department. Governmental gross receipts taxes are to be paid on or before the 25th day of the month following the month in which the taxable event occurs.

Presented below is information from the New Mexico Taxation and Revenue Department concerning collections of the governmental gross receipts tax for the fiscal years 2011-2012 through 2015-2016.

Such collections are disbursed in monthly installments by the New Mexico Taxation and Revenue Department and received by the Finance Authority two months after the month of collection throughout the Finance Authority’s fiscal year. (Source: State of New Mexico Taxation and Revenue Department.)

Based upon data provided by the State of New Mexico Taxation and Revenue Department, the payers of the governmental gross receipt tax whose payments accounted for at least 5% of the total net receipts from the governmental gross receipts tax in fiscal year 2015-2016 were the Albuquerque Bernalillo County Water Utility Authority, the City of Albuquerque, the City of Santa Fe and the City of Las Cruces. Although the Finance Authority has not verified and does not guarantee the accuracy of such information, the Finance Authority does not have any reason to believe that the list of entities providing at least 5% of the governmental gross receipts tax is incorrect as of this date.

Collections from the NMFA Portion of the Governmental Gross Receipt Tax that are not needed for payments under the Senior Indenture and the Indenture may be released from the Trust Estate and are subject to appropriation by the State legislature for purposes and programs other than the PPRF, including drinking and clean water programs, planning grant programs, and for purposes otherwise permitted by law. The release and appropriation of such amounts has no effect on the

Finance Authority's debt service coverage or cash flow, as disbursements of such amounts are made after payment of all obligations under the Senior Indenture and the Indenture.

### **Funds and Accounts**

The Indenture creates a Revenue Fund, a Program Fund (with separate accounts for each Agreement or Project), a Bond Fund, a Debt Service Fund (with separate accounts for each Agreement), a Debt Service Reserve Fund (with a separate account for each series of Bonds with a Debt Service Reserve Requirement), an Agreement Reserve Fund (with a separate account for each Agreement that has a reserve requirement), an Expense Fund and a Reserve Instrument Fund all of which are part of the Trust Estate. Amounts on deposit in accounts in each Debt Service Reserve Account and in each Agreement Reserve Account shall only secure repayment of the Loan made under the related Agreement. The Finance Authority is not establishing or funding an account in the Debt Service Reserve Fund for the Series 2017B Bonds. Amounts in the accounts of the Program Fund are held by the Finance Authority and, upon request and submission of proper documentation, by the respective Governmental Unit, the Finance Authority will disburse funds directly to the provider of goods or services relating to the Project for which an account has been established in the Program Fund.

### **Flow of Funds**

Loan Payments. All Loan Payments payable under the Loan Agreements and Securities (except as otherwise provided in a Supplemental Indenture) are required to be paid directly to the Finance Authority for remittance to the Trustee for deposit immediately upon their receipt, as follows:

First: to the related Account in the Debt Service Fund in an amount required to cause the aggregate amount on deposit in that Account to equal the amount then required to make the principal and interest payments due or to next become due with respect to the Loan (it being anticipated that each Governmental Unit will deposit an amount at least equal to the Loan Payments coming due under the related Loan Agreement or Securities with the Finance Authority, which will remit that amount to the Trustee for allocation to the related Account in the Debt Service Fund);

Second: to the related Account, if any, in the Agreement Reserve Fund to the extent necessary to cause the balance in said Account to equal the Agreement Reserve Requirement, if any, of such Account; and

Third: to the payment of Program Costs (to the extent allocable to such Agreement).

On the fifth day preceding a Loan Payment Date (or, if such fifth day is not a Business Day, on the Business Day next preceding such fifth day), if the amount on deposit in any Governmental Unit's Account of the Debt Service Fund is insufficient for payments coming due under the related Agreement on the next Loan Payment Date, the Trustee is directed to transfer from the related Agreement Reserve Account, if any, to that Governmental Unit's Account of the Debt Service Fund, an amount sufficient, together with amounts in such Debt Service Account, to pay the Principal Component and the Interest Component due under such Loan Agreement or Securities on such Loan Payment Date. Two Business Days prior to an Interest Payment Date, available moneys in the Revenue Fund will be transferred to the Paying Agent for the Bonds to the extent the amounts in the Bond Fund and the Debt Service Fund are insufficient to pay Debt Service on the Bonds on such Interest Payment Date. On each Interest Payment Date for the Bonds, the Trustee is directed to transfer moneys in the respective Accounts of the Debt Service Fund to the Bond Fund to pay the interest on the related Bonds becoming due on such Interest Payment Date and to pay the principal of each related Bond due at maturity or by prior redemption, to the extent amounts are on deposit for such purpose.

At least once each year, and more frequently if required pursuant to the provisions of a Supplemental Indenture, the Trustee must determine the amount necessary (i) to be transferred to the Bond Fund from each Debt Service Account from payments relating to a Governmental Unit's Agreement, (ii) to replenish the Governmental Unit's Account in the Agreement Reserve Fund, and (iii) to pay the Governmental Unit's share of Program Costs for the year. The Trustee is directed to return any excess the Trustee does not expect to be required for such payments to the related Governmental Unit or to credit such excess to the Loan Payments next coming due under the Governmental Unit's Agreement. Any excess attributable to earnings on funds and accounts for the Governmental Unit will be returned to the Governmental Unit or will be credited to the Loan Payments next coming due and any remaining excess will be deposited into the Revenue Fund.

Revenue Fund. During each Bond Fund Year, (i) all PPRF Revenues released from the lien of the Senior Indenture will be paid by the Finance Authority to the Trustee immediately upon their release on June 1 of each year, (ii) all Additional Pledged Revenues will be immediately deposited with the Trustee; and (iii) all payments representing principal and interest from Additional Pledged Loans will be paid immediately upon their receipt by the Finance Authority to the Trustee. All of those amounts will be accounted for and maintained by the Trustee in the Revenue Fund. The Revenue Fund will be kept separate and apart from all other accounts of the Trustee and prior to transfers of any excess funds from the Revenue Fund on June 16 of each year (as described below), all amounts in it will be transferred by the Trustee in the order of priority specified below:

(a) To the Bond Fund, an amount needed, when added to amounts on deposit in the Bond Fund and transferred from the Debt Service Fund, to pay the principal of and interest on the Bonds due on June 15 and to rectify any deficiency in the Bond Fund that has not otherwise been rectified.

(b) To the Paying Agent for any PPRF Secured Obligation that notifies the Trustee, an amount needed, when added to amounts otherwise available for such purpose, to pay the principal and interest then due with respect to the PPRF Secured Obligations on June 15 and to rectify any such deficiency in the payment of any PPRF Secured Obligation which has occurred that has not otherwise been rectified.

(c) To the Bond Fund, an amount needed, when added to amounts transferred from the Debt Service Fund, to pay the amounts due on the Security Instrument Repayment Obligations and the SWAP Payments (net of SWAP Receipts) then due pursuant to any Security Instrument Agreements or Interest Rate Swaps, and the amount needed to rectify any deficiency in the payment of any Security Instrument Repayment Obligations or SWAP Payments that has not been rectified.

The transfers required by the preceding paragraph are to be made on a parity basis. If the amount available for transfer is insufficient, the Trustee must make those transfers ratably according to the amounts due.

After making the transfers described above, the Finance Authority must make the following transfers to the Trustee:

(a) To the extent the Debt Service Reserve Requirement, if any, is not funded with a Reserve Instrument or Instruments, (i) to the Accounts in the Debt Service Reserve Fund, any amounts required by the General Indenture and by any Supplemental Indenture to accumulate therein the applicable Debt Service Reserve Requirement with respect to each Series of Bonds at the times and in the amounts provided in the General Indenture and in any Supplemental Indenture and (ii) if funds shall have been withdrawn from an Account in the Debt Service Reserve Fund or any Account in the Debt Service Reserve Fund is at any time funded in an amount less than the applicable Debt Service Reserve Requirement, the Finance Authority shall transfer from the Revenue Fund to such Account or Accounts in the Debt Service Reserve Fund an amount sufficient to restore such Account or Accounts within one year with 12 substantially equal payments during such period (unless otherwise provided for by the Supplemental Indenture governing the applicable Debt Service Reserve Requirement); or a ratable portion (based on the amount to be transferred pursuant to the following bulleted clause) of remaining amounts if less than the amount necessary; and

(b) Equally and ratably to the Accounts of the Reserve Instrument Fund, with respect to all Reserve Instruments in effect and expected to continue in effect after the end of such month, such amount from the Revenue Fund, or a ratable portion (based on the amount to be transferred pursuant to the previous bulleted clause) of the amount so remaining if less than the amount necessary, that is required to be paid, on or before the next such transfer or deposit from the Revenue Fund into the Reserve Instrument Fund, to the Reserve Instrument Provider pursuant to any Reserve Instrument Agreement, other than Reserve Instrument Costs, in order to cause the Reserve Instrument Coverage to equal the Reserve Instrument Limit within one year from any draw date under the Reserve Instrument.

In the event that funds have been withdrawn from an Account in the Agreement Reserve Fund, or any Account in the Agreement Reserve Fund is at any time funded in an amount less than its Agreement Reserve Requirement after making the transfers described above, the Finance Authority will transfer for deposit in such Account sufficient Subordinate Lien PPRF Revenues, Agreement Revenues with respect to the related Agreement, Additional Pledged Revenues and revenues from Additional Pledged Loans to restore such Account within one year with 12 substantially equal payments during such period (unless otherwise provided for by the Supplemental Indenture governing the applicable Agreement Reserve Requirement); or a ratable portion of remaining Subordinate Lien PPRF Revenues, Agreement Revenues with respect to the

related Agreement, Additional Pledged Revenues and revenues from Additional Pledged Loans if less than the amount necessary.

After making the foregoing transfers to the Bond Fund and to the Paying Agent for the PPRF Secured Obligations and to the Security Instrument Issuers and to the SWAP Providers and to the Reserve Instrument Providers, on June 16 of each year, the Finance Authority will be entitled to direct the Trustee in writing to release to the Finance Authority the balance on deposit in the Revenue Fund and the Trustee must then transfer the balance to the Finance Authority. However, prior to any such release being made, there must be retained in the Revenue Fund an amount, after giving credit for available amounts in all accounts in the Debt Service Reserve Fund and the Agreement Reserve Fund, sufficient to make payments of all Bond Debt Service requirements (calculated as provided in clauses (i), (ii) and (iii) of the definition of Debt Service presented under the caption “Definitions” in “APPENDIX B—EXTRACTS OF CERTAIN PROVISIONS OF THE INDENTURE”), Security Instrument Repayment Obligations, SWAP Payments and Reserve Instrument Repayment Obligations coming due in the then current Bond Fund Year; provided further, that once additional moneys are deposited into the Bond Fund to make all of the foregoing payments, the amounts retained in the Revenue Fund may be released from the lien of the Indenture but only to the extent of additional moneys deposited into the Bond Fund. The Finance Authority may use the balance for (i) deposit to the Public Project Revolving Fund as required by the Act; (ii) redemption of Bonds prior to maturity by depositing the same into the Bond Fund; (iii) refinancing, refunding, repurchase or advance refunding of any Bonds; or (iv) for any other lawful purpose, including payment of Program Costs for Bonds and similar costs for PPRF Secured Obligations, replacement of reserves for Bonds or PPRF Secured Obligations and payment of Termination Payments.

The Finance Authority may, but is not obligated to, use any legally available PPRF Revenues of the Finance Authority to satisfy its obligations under the Indenture. At this point, the Finance Authority has not entered into any counterparty transactions with respect to the PPRF.

Debt Service Reserve Fund. The Indenture permits the establishment of a separate Account in the Debt Service Reserve Fund solely for the benefit of the holders of a Series of Bonds in an amount equal to the least of (i) 10% of the proceeds of such Series of Bonds determined on the basis of original principal amount (unless original issue premium or original issue discount exceeds two percent of original principal, then determined on the basis of initial purchase price to the public); (ii) the maximum annual Debt Service during any Bond Fund Year for such Series of Bonds; or (iii) 125% of the average annual Debt Service for such Series of Bonds (the “Debt Service Reserve Requirement”). If at any time the amount on deposit in any Account of the Debt Service Reserve Fund is less than the Debt Service Reserve Requirement for that Account, the Finance Authority is required to make payments totaling the amount of any such deficiency directly to the Trustee for deposit into the Debt Service Reserve Fund. **Although the Finance Authority has established separate Accounts in the Debt Service Reserve Fund for Series of Outstanding Parity Bonds, it is not establishing or funding an Account in the Debt Service Reserve Fund for the Series 2017B Bonds.**

The Debt Service Reserve Requirement may be funded entirely or in part with one or more letters of credit, bond insurance policies, surety bonds, standby bond purchase agreements, lines of credit or other devices (each, a “Reserve Instrument”). No Reserve Instrument may be allowed to expire or terminate while the related Series of Bonds are Outstanding unless and until cash has been deposited into the related account of the Debt Service Reserve Fund, or a new Reserve Instrument has been issued in place of the expiring or terminating Reserve Instrument, or any combination thereof in an amount or to provide coverage, as the case may be, at least equal to the amount required to be maintained in the related account of the Debt Service Reserve Fund.

In the event of a deficiency in the Bond Fund for a Series of Bonds, the Trustee will transfer moneys on deposit in the related Account of the Debt Service Reserve Fund to the Bond Fund to make up such deficiency. Moneys on deposit in any Account of the Debt Service Reserve Fund will be used to make up any deficiencies in the Bond Fund only for the Series of Bonds secured by that Account and any Reserve Instrument may only be drawn upon with respect to the Series of Bonds for which such Reserve Instrument was obtained.

If funds on deposit in an Account of the Debt Service Reserve Fund are needed to make up any deficiencies in the Bond Fund, and there is insufficient cash available in such Account of the Debt Service Reserve Fund to make up such deficiency and Reserve Instruments applicable to such Series are in effect, the Trustee will immediately make a demand for payment on such Reserve Instruments, to the maximum extent authorized by such Reserve Instruments, in the amount necessary to make up such deficiency, and immediately deposit such payment upon receipt thereof into the Bond Fund.

Moneys at any time on deposit in the account of the Debt Service Reserve Fund in excess of the amount required to be maintained therein (taking into account the amount of related Reserve Instrument Coverage) will be transferred by the Trustee to the Bond Fund at least once each year.

Previous Series of Outstanding Parity Bonds are secured by Accounts in the Debt Service Reserve Fund. The Debt Service Reserve Requirement for such Series of Outstanding Parity Bonds was funded by the acquisition of Reserve Instruments issued by MBIA Insurance Corporation (“MBIA,” and consequently ceded to its subsidiary National Public Finance Guarantee Corp., “National”). The Finance Authority makes no representation as to the ability of MBIA or National to meet its obligations under its respective Reserve Instruments. In the event that a Reserve Instrument on deposit in the Debt Service Reserve Fund were terminated, the Finance Authority is required to replenish the Debt Service Reserve Requirement for the respective Series of Bonds or to provide a replacement Reserve Instrument.

MBIA issued its Reserve Instruments when it was rated “AAA” and “Aaa” by S&P and Moody’s, respectively. The Finance Authority has been informed that S&P and Moody’s have lowered or no longer maintain their ratings with respect to MBIA and National. The Finance Authority (with the advice of counsel) has determined that the Indenture does not require the Finance Authority to replace the Reserve Instruments as a result of the action taken by the rating agencies. Further financial information regarding MBIA and National can be obtained at their respective websites. The Finance Authority makes no representation as to any information on those websites or the ability of MBIA, National or any other provider of Reserve Instruments to make payments on the Outstanding Parity Bonds in amounts and at the times required by the Indenture.

Investment Earnings. All income earned from the investment of moneys in the respective Accounts held by the Finance Authority and the respective Accounts of the Debt Service Fund and the Agreement Reserve Fund (but only to the extent that the amount on deposit exceeds the related Agreement Reserve Requirement), shall be deposited in the related Account of the Debt Service Fund and applied as a credit to the Loan Payment next coming due under the Agreement, with all earnings received on the Governmental Unit’s Accounts being allocated solely to the benefit of such Governmental Unit.

### **Application of Loan Prepayments**

A limited number of Governmental Units (in an amount not deemed material by the Finance Authority) have the option, beginning one year after origination, to make full or partial Prepayments of their Loans. Neither the outstanding Bonds nor the Series 2017B Bonds are subject to mandatory redemption under such circumstances. With respect to a particular Series of Bonds, the Indenture instead provides that, for the purpose of matching, to the extent practicable, (i) the revenues received from Loan Payments received pursuant to Loans reimbursed or originated with proceeds of a specific Series of Bonds with debt service payable on such Series of Bonds, and (ii) the overall debt service requirements on the Outstanding Bonds and the particular Series of Bonds with revenues received from Loan Payments on all outstanding Loans, the Finance Authority shall, within 365 days following the receipt of a Prepayment, in part or in full, of a Loan reimbursed with proceeds of a particular Series of Bonds, take separately or in combination any one or more of the actions described in subsections (a), (b) or (c) of this Section:

(a) The Finance Authority may, to the extent practicable, call for optional redemption prior to maturity Bonds from such Series which are subject to redemption, selecting Bonds of such Series for optional redemption in an amount and with debt service requirements that approximate the debt service requirements of the Loan for which the Prepayment was received (or a pro-rata portion thereof in the event that only a portion of the Prepayment is applied pursuant to this Subsection); or

(b) The Finance Authority may, to the extent practicable, originate one or more new Loans (i) in an aggregate principal amount equal to or greater than the amount of the Prepayment (or a pro rata portion thereof in the event that only a portion of the Prepayment is applied pursuant to this Subsection), and (ii) with a final maturity date and debt service requirements approximating the final maturity date and debt service requirements of the Loan pursuant to which the Prepayment was made (or a pro rata portion thereof in the event that only a portion of the Prepayment is applied pursuant to this Subsection). The Finance Authority shall provide a Cash Flow Statement to the Trustee establishing that, in taking the actions described in subsection (b) of this Section, the requirements of the Cash Flow Statement, as defined in of the Indenture, are satisfied.

(c) In the event that the Finance Authority does not take one of the actions described in either subsections (a) or (b) of this Section, the Finance Authority shall defease the particular Series of Bonds, in

Authorized Denominations, to the first optional redemption date for such Series of Bonds, in an amount approximating the amount of the Prepayment received (or a pro rata portion thereof in the event that only a portion of the Prepayment is applied pursuant to this Subsection). The principal amount and maturity date of the particular Series of Bonds to be defeased shall correspond to the principal amount and due date of the Principal Component of such Prepayment. The Finance Authority shall recalculate the Loan payments due under any Loan in the case of a Prepayment in part of Loan payments under such Loan in a manner which is consistent with the actions taken as described in subsections (a), (b) or (c) of this Section.

(d) If, within 90 days following the receipt of a Prepayment, the Finance Authority has not either redeemed Bonds as provided in Subsection (a) of this Section or originated one or more new Loans as provided in Subsection (b) of this Section, the Finance Authority shall restrict the yield on investment of the Prepayment amount to the yield on the Loan for which the Prepayment was made, until one or more new Loans have been originated in an aggregate principal amount equal to or greater than the amount of the Prepayment, until Bonds have been redeemed, or until Bonds have been defeased as provided in Subsection (c) of this Section.

Historical Prepayments. During the fiscal years indicated below, the Finance Authority has received prepayments (including Prepayments under the Indenture as well as prepayments of obligations under the Senior Indenture) in the numbers and aggregate principal amounts presented in the following table. Because prepayment of some Loans by Governmental Units is optional for certain Governmental Units and because the Loan Payments that Governmental Units may prepay vary greatly in amount, the occurrence and aggregate principal amount of Prepayments in past fiscal years are not an indication of Prepayments to be received by the Finance Authority in future fiscal years.

Fiscal Year	Number of Prepayments <sup>(1)</sup>	Aggregate Principal Amount <sup>(1)(2)</sup>
2006-2007	9	\$ 9,145,000
2007-2008	21	2,973,716
2008-2009	32	10,223,706
2009-2010	23	6,945,375
2010-2011	58	124,271,480
2011-2012	55	118,727,583
2012-2013	33	54,407,892
2013-2014	23	71,812,973
2014-2015	18	87,924,017
2015-2016	19	57,202,797
2016-2017 <sup>(3)</sup>	13	3,402,081

<sup>(1)</sup> Historically, refinancing opportunities associated with favorable interest rates, which make it economically beneficial for Governmental Units to refinance their respective loans, have impacted the amount of prepayments in any given fiscal year.

<sup>(2)</sup> As discussed above under “Application of Loan Payments,” the Finance Authority has applied a portion of such prepayments to originate additional loans which, pursuant to a Pledge Notification, have been pledged to the Indenture. The Finance Authority has also applied a portion of such prepayments to redeem obligations under the Indenture or the Senior Indenture. Prepayments yet to be applied are not material in amount.

<sup>(3)</sup> Reflects prepayments received for the period of July 1, 2016 through December 31, 2016. Does not include the ABCWUA Prepayment to be made on May 1, 2017. See, also, table entitled “GOVERNMENTAL UNITS EXPECTED TO GENERATE LARGEST AGREEMENT REVENUES” under subsection “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS—Trust Estate.”

### **Additional Bonds**

Additional Bonds, PPRF Secured Obligations, Security Instrument Repayment Obligations and SWAP Payments or other indebtedness, bonds or notes of the Finance Authority payable on a parity with the Bonds out of the Trust Estate may be issued, created or incurred, only if certain requirements have been met, including the following:

(a) The Finance Authority must deliver to the Trustee a “Cash Flow Statement,” taking into account the issuance of the Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes. A Cash Flow Statement incorporates a variety of items including revenues, debt service, loan prepayments and discount factors for certain types of Loans and more particularly described in “APPENDIX B—EXTRACTS OF CERTAIN PROVISIONS OF THE INDENTURE.”

(b) All payments required by the Indenture to be made into the Bond Fund must have been made in full.

(c) The proceeds of the Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes must be used (1) to refund Bonds issued under the Indenture or other obligations of the Finance Authority (including the funding of necessary reserves and the payment of costs of issuance); (2) to make additional Loans or to purchase Securities (including the funding of necessary reserves and the payment of costs of issuance); or (3) to finance other projects approved by the Finance Authority.

(d) No Event of Default has occurred and is continuing under the Indenture, except that the foregoing will not preclude the issuance of Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes if (1) the issuance of such Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes otherwise complies with the requirements of the Indenture; and (2) such Event of Default will cease to continue upon the issuance of the Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes and the application of the proceeds thereof.

All payments required to be made into the Bond Fund must have been made in full, and there must be on deposit in each account of the Debt Service Reserve Fund (taking into account any Reserve Instrument Coverage) the full amount required to be accumulated therein at the time of issuance of the Additional Bonds.

Any of the foregoing requirements may be revised or deleted with written evidence from the Rating Agencies to the effect that such revision or deletion will not result in the rating on the Outstanding Bonds being lowered.

The Finance Authority maintains an ongoing program to provide loans and to purchase securities from Governmental Units and expects to finance certain of those activities with the issuance of Additional Bonds in parity with the Series 2017B Bonds. The Finance Authority expects to issue additional Senior Bonds within the next six months and may issue Additional Bonds within the next twelve months. The issuance of such Additional Bonds depends on a variety of factors, including market conditions. No assurance can be given when, or if, such Additional Bonds will be issued. The timing, amount and other details of such other Additional Bonds are not known as of the date of this Official Statement.

#### **No Senior Lien Obligations Other Than Senior Bonds**

Other than the Senior Bonds, no additional indebtedness, bonds or notes of the Finance Authority payable on a priority senior to the pledge of the Trust Estate for payment of the Bonds, PPRF Secured Obligations, the Security Instrument Repayment Obligations and the SWAP Payments will be created or incurred without the prior written consent of 100% of the Owners of Outstanding Bonds, Owners of PPRF Secured Obligations, Security Instrument Issuers and SWAP Counterparties.

The Finance Authority may issue additional bonds pursuant to the Indenture from time to time to satisfy the financing needs of governmental entities in the State of New Mexico.

## Outstanding Senior Bonds

The Finance Authority is authorized to issue bonds pursuant to the Senior Indenture to provide funds to Governmental Units for projects that have been approved by the Legislature for funding through the Public Project Revolving Fund. In connection with the issuance of Senior Bonds, the Finance Authority may enter into a loan agreement with the Governmental Unit or may purchase securities of the Governmental Unit in consideration for the loan of a portion of the proceeds of such Senior Bonds for projects (the “Senior PPRF Agreements”). The Senior Bonds are secured by (i) all revenues received by the Finance Authority from the allocation of the NMFA Portion of the Governmental Gross Receipts Tax, as more fully described herein under “The Governmental Gross Receipts Tax”; (ii) all revenues received or earned by the Finance Authority from or attributable to the Senior PPRF Agreements (except for certain costs of administering the Public Project Revolving Fund program); (iii) all revenues received or earned by the Finance Authority from or attributable to other loan agreements or securities pledged to the Senior Indenture; and (iv) all interest earned by and profits derived from the sale of investments in certain funds and accounts created under the Senior Indenture.

The Finance Authority has issued, and expects to issue, additional Senior Bonds under the Senior Indenture from time to time to satisfy the financing needs of governmental entities of the State of New Mexico. The Finance Authority has established a debt service reserve fund under the Senior Indenture to secure payment of debt service on any Senior Bonds issued under the Senior Indenture (the “Senior Lien Common Debt Service Reserve Fund”). As of January 31, 2017, the Senior Lien Common Debt Service Reserve Fund was funded in the amount of \$30,525,395. The Senior Lien Common Debt Service Reserve Fund secures the Senior Bonds and is not pledged as security for the Bonds.

### **Supplemental Indentures and Amendments to Agreements; Rating Agency Discretion**

Pursuant to the Indenture, the Finance Authority and the Trustee may, without the consent of or notice to any of the Owners of the Bonds, enter into an indenture or indentures supplemental to the Indenture in order to make certain amendments or changes to the Indenture, including any amendment with the prior written confirmation from the Rating Agencies that such amendment will not result in the rating on the Bonds and the PPRF Secured Obligations, following such amendment, to be lower than the rating on the Bonds and the PPRF Secured Obligations immediately prior to such amendment. See “APPENDIX B—EXTRACTS OF CERTAIN PROVISIONS OF THE INDENTURE—Supplemental Indentures, Amendments to Agreements, and Amendments and Supplements to Senior Indenture.”

In addition, the Finance Authority with the consent of the Trustee and the related Governmental Unit may, without the consent of any Owners of the Bonds, amend any Agreement, Additional Pledged Loan documents and any existing Security Documents with the prior written confirmation from the Rating Agencies that such amendment will not result in the rating on the Bonds following such amendment to be lower than the rating on the Bonds immediately prior to such amendment; or make any other change or amendment upon the delivery to the Trustee of a Cash Flow Statement and an Approval of Bond Counsel.

The following table shows estimated available revenues pledged to the payment of the Bonds, total debt service requirements for the Series 2017B Bonds and all currently Outstanding Parity Bonds and the resulting estimated annual coverage ratios. Revenues for current and future fiscal years are based on Fiscal Year 2015-2016 releases of PPRF Revenues from the Senior Indenture and scheduled payments under the Agreements and Additional Pledged Loans and do not reflect any future Prepayments (other than the ABCWUA Prepayment) or delinquencies. The estimated annual coverage ratios are based in part on assumptions that may not be realized. ## NEW MEXICO FINANCE AUTHORITY

### General Information

The Finance Authority is a public body politic and corporate, separate and apart from the State, constituting a governmental instrumentality of the State. The Finance Authority was created in 1992 pursuant to the Act to coordinate the planning and financing of State and local public projects, to provide for long-term planning and assessment of State and local capital needs and to improve cooperation among the executive and legislative branches of State government and local governments in financing public projects. Pursuant to the Act, the Finance Authority and its corporate existence will continue until terminated by law, provided that no such law will take effect so long as the Finance Authority has bonds or other obligations outstanding, unless provision has been made for the payment of all such obligations. The Finance Authority is comprised of 11 members who also constitute the Finance Authority's board of directors and currently employs 39 persons, including a Chief Executive Officer. The Chief Executive Officer directs the business and affairs of the Finance Authority, subject to the policies, control and direction of the Finance Authority.

The Finance Authority staff provides a full range of services to its borrowers and other parties benefiting from or otherwise interested in the Finance Authority's financing programs. Those services include loan servicing and program fund administration, financial analysis relating to all aspects of the Finance Authority's programs, accounting, program marketing and development services, application assistance to borrowers, coordination and assistance with other funding sources, coordination with taxing and regulatory authorities, and coordination with various legislative authorities.

### Powers

In addition to the power to issue bonds and other obligations to finance specific programs and projects, pursuant to the Act, the Finance Authority is granted all powers necessary and appropriate to carry out and effectuate its public and corporate purposes, including but not limited to the following powers:

- (a) to procure insurance to secure payment on any loan, lease or purchase payments owed to the Finance Authority by a qualified entity in such amounts and from such insurers, including the federal government, as it may deem necessary or desirable, and to pay any premiums for such insurance;
- (b) to fix, revise from time to time, charge and collect fees and other charges in connection with the making of loans and any other services rendered by the Finance Authority;
- (c) to accept, administer, hold and use all funds made available to the Finance Authority from any sources;
- (d) to borrow money and to issue bonds and provide for the rights of holders of the bonds;
- (e) to establish and maintain reserve and sinking fund accounts to insure against and have funds available for maintenance of other debt service accounts;
- (f) to invest and reinvest its funds and to take and hold property as security for the investment of such funds;
- (g) subject to any agreement with bondholders to: (1) renegotiate any loan, lease or agreement; (2) consent to any modification of the terms of any loan, lease or agreement and, (3) purchase bonds, which may upon purchase be canceled; and
- (h) to do any and all things necessary or convenient to carry out its purposes and exercise the powers given and granted in the Act.

The Finance Authority has no authority to impose or collect taxes.

## Organization and Governance

The Finance Authority is composed of 11 members who serve as the governing body of the Finance Authority. Six of the members are ex officio members designated in the Act and five members are appointed by the Governor with the advice and consent of the State Senate. One of the appointed members must be the chief financial officer of a State higher educational institution. The remaining four appointed members must be residents of the State. The six ex officio members with voting privileges include four cabinet-level secretaries, each of whom are appointed by the Governor and serve at the pleasure of the Governor (the Secretary of Finance and Administration, the Secretary of Economic Development, the Secretary of Energy, Minerals and Natural Resources, and the Secretary of Environment), and two are chief executive directors of State-wide associations (the Executive Director of the New Mexico Municipal League and the Executive Director of the New Mexico Association of Counties). The appointed members serve at the pleasure of the Governor and the appointed members serve four-year terms. Vacancies for the appointed members are filled by appointment of the Governor for the remainder of any unexpired term. Any appointed member is eligible for reappointment.

The governing body of the Finance Authority exercises and oversees the exercise of the powers of the Finance Authority. The governing body of the Finance Authority satisfies those responsibilities through monthly meetings and through the standing committees that the governing body has established. A quorum of the governing body exists when a majority of the members then serving are present. A majority vote of a quorum of the members present may transact any business of the Finance Authority. A vacancy in the membership of the governing body does not impact the ability of a quorum to exercise all rights and duties of the Finance Authority. The committees are advisory and have no authority to act on behalf of the governing body, except that the Contracts Committee has authority to award certain contracts and the Investment Committee has authority to authorize certain investments. Each committee reviews and makes recommendations to the governing body concerning matters assigned to it by the governing body.

The Executive Committee provides oversight and direction relating to the operations of the Finance Authority. Other committees include the Finance and Loan Committee, the Audit Committee, the Economic Development Committee, the Investment Committee, the Disclosure Committee, and the Contracts Committee. The committees typically meet monthly.

The governing body has also established written policies concerning the exercise of the powers of the Finance Authority, including the administration of the Public Project Revolving Fund. The written policies serve as ongoing directions to staff and consultants with respect to standards to be applied in the conduct of the business of the Finance Authority.

## **Legislative Oversight**

The Act also provides for the creation of a legislative oversight committee, whose membership is determined by the State Legislative Council. The oversight committee is required to monitor and oversee the operation of the Finance Authority, and in that capacity it, among other things: (i) meets on a regular basis to receive and review reports from the Finance Authority and to review and approve regulations proposed for adoption pursuant to the Act; (ii) monitors and provides assistance and advice on the public project financing program of the Finance Authority; (iii) oversees and monitors State and local government capital planning and financing; (iv) provides advice and assistance to the Finance Authority on planning, setting priorities for and financing of State and local capital projects; (v) undertakes an ongoing examination of the statutes, constitutional provisions, regulations and court decisions governing State and local government capital financing in the State; and (vi) reports its findings and recommendations, including recommended legislation or necessary changes, to the Governor and to each session of the State legislature (the “Legislature”), and makes available the report and proposed legislation.

## **The Public Project Revolving Fund Program**

General. The Act created the Public Project Revolving Fund (the “PPRF”) program of the Finance Authority in 1992 to pay the reasonably necessary costs of originating and servicing loans, grants or securities funded by the PPRF and to make loans or grants and to purchase or sell securities to assist qualified entities in financing the acquisition, construction, improvement, alteration or reconstruction of assets of a long-term capital nature, including land; buildings; water rights; water, sewerage and waste disposal systems; streets; airports; municipal utilities; public recreation facilities; public transportation systems; parking facilities; and machinery, furniture and equipment. Public projects financed through the PPRF in amounts in excess of \$1 million per project require specific authorization by the Legislature. As of December 31, 2016, the Finance Authority had made 1,350 PPRF loans totaling approximately \$2.9 billion. To implement the PPRF Program, the Finance Authority has been granted the following specific powers:

- (a) to make loans to qualified entities that establish one or more dedicated sources of revenue to repay the loan from the Finance Authority;
- (b) to make, enter into and enforce all contracts necessary, convenient or desirable for the purposes of the Finance Authority or pertaining to (1) a loan to a qualified entity, (2) a purchase or sale of securities individually or on a pooled basis, or (3) the performance of its duties and execution of any of its powers under the Act;
- (c) to purchase or hold securities at prices and in a manner the Finance Authority considers advisable, giving due consideration to the financial capability of the qualified entity, and sell securities acquired or held by it at prices without relation to cost and in a manner the Finance Authority considers advisable;
- (d) to prescribe the form of application or procedure required of a qualified entity for a loan or purchase of its securities, fix the terms and conditions of the loan or purchase and enter into agreements with qualified entities with respect to loans or purchases;
- (e) to charge for its costs and services in review or consideration of a proposed loan to a qualified entity or purchase by the Finance Authority of securities, whether or not the loan is made or the securities purchased;
- (f) to fix and establish terms and provisions with respect to: (1) a purchase of securities by the Finance Authority, including date and maturities of the securities; (2) redemption or payment before maturity; and (3) any other matters that in connection with the purchase are necessary, desirable or advisable in the judgment of the Finance Authority;
- (g) to the extent permitted under its contracts with the holders of bonds of the Finance Authority, consent to modification of the rate of interest, time and payment of installment of principal or interest, security or any other term of a bond, contract or agreement of any kind to which the Finance Authority is a party;
- (h) in connection with the purchase of any securities, to consider the ability of the qualified entity to secure financing from other sources and the costs of that financing and the particular public project or purpose to be financed or refinanced with the proceeds of the securities to be purchased by the Finance Authority;
- (i) to acquire fee simple, leasehold, mortgagor's or mortgagee's interests in real and personal property and to sell, mortgage, convey or lease that property for Finance Authority purposes; and
- (j) in the event of a default by a qualifying entity, enforce its rights by suit or mandamus or use all of the available remedies under State law.

Contingent Liquidity Account. In an effort to pursue its policy of maintaining a sufficient cash balance to meet the borrowing needs of eligible entities and improving the fund and cash balances of the PPRF program, the Finance Authority established a contingency account (the "Contingent Liquidity Account"). Although it will not be pledged to the Series 2017B Bonds, or any other Finance Authority bonds, the Contingent Liquidity Account is intended to enhance the Finance Authority's ability to meet the cash-flow needs of the PPRF program. Funds from the Contingent Liquidity Account may be used to pay debt service on Finance Authority bonds; however, such use is within the sole discretion of the Finance Authority and such funds may also be used for other purposes, including but not limited to payments of unforeseen expenses of the Finance Authority, urgent economic development projects, loan originations, or addressing other purposes as determined by the Finance Authority. As of January 31, 2017, the Contingent Liquidity Account was funded to an amount of approximately \$30,525,395. The debt management policy relating to the PPRF was revised on November 19, 2015 to provide that the Contingent Liquidity Account will be funded to an amount no greater than the funding level for the Common Debt Service Reserve Fund.

Temporary Borrowing. The Finance Authority has entered into an arrangement (the "Wells Fargo Short-Term Borrowing") with Wells Fargo Bank, National Association ("Wells Fargo") for Wells Fargo to provide to the Finance Authority an amount up to \$100,000,000 to reimburse the Finance Authority for loans made to eligible entities that are incurred prior to the issuance of a series of bonds or to make loans to eligible entities by using funds drawn from the Wells Fargo Short-Term Borrowing. Once the amounts are advanced, the Finance Authority has up to 180 days to repay the advancement. The Wells Fargo Short-Term Borrowing is currently scheduled to expire on December 10, 2020. The Wells Fargo Short-Term Borrowing is secured by proceeds of bonds that are anticipated to be issued subsequent to the advances.

The Finance Authority has entered into Wells Fargo Short-Term Borrowing to assist it with its cash flows. The Wells Fargo Short-Term Borrowing is not secured by the Trust Estate. The Finance Authority does not have any current plans to draw upon the Wells Fargo Short-Term Borrowing. However, the Finance Authority reserves the right to draw upon the Wells Fargo Short-Term Borrowing if it is expedient to do so.

The Finance Authority also participates in or administers other bond programs designed to provide financing to local governmental entities and state agencies for public projects. ### LITIGATION

To the knowledge of the Finance Authority, there is no controversy or litigation known to be pending or threatened to restrain or enjoin the issuance, sale, execution or delivery of the Series 2017B Bonds, the execution, adoption or effectiveness of the Indenture or the levying or collecting of any Revenues the loss of which would materially adversely affect the ability of the Finance Authority to pay debt service on the Series 2017B Bonds, or in any way contesting or affecting the validity or enforceability of the Series 2017B Bonds, the Indenture, or any proceeding and authority of the Finance Authority taken with respect to the foregoing. The Finance Authority will deliver a non-litigation certification as to the foregoing prior to the issuance of the Series 2017B Bonds.

### ESCROW VERIFICATION

When the Series 2017B Bonds are issued, BondResource Partners, LP, a wholly owned subsidiary of PFM Asset Management LLC (“Verification Agent”), will deliver to the Authority a report indicating that it has verified the arithmetic accuracy of (a) the mathematical computations of the adequacy of the cash and the maturing principal amounts of, and the interest on, the escrow securities to pay the principal, interest and redemption price coming due on the Series 2007C Refunded Bonds; and (b) certain yield calculations relating to the Series 2007C Refunded Bonds. The Verification Agent expressed no opinion on the assumptions provided to it, nor as to the exemption from taxation of the interest on the Series 2017B Bonds.

### UNDERWRITING

Pursuant to a Bond Purchase Agreement dated February 23, 2017 (the “Bond Purchase Agreement”) between RBC Capital Markets, LLC, as representative of the Underwriters, and the Finance Authority, the Underwriters have agreed to purchase the Series 2017B Bonds from the Finance Authority at a purchase price equal to \$75,538,732.06 (being the par

amount of the Series 2017B Bonds plus an original issue premium of \$7,705,435.00, and less an underwriting discount of \$181,702.94). The Bond Purchase Agreement provides that the Underwriters will purchase all of the Series 2017B Bonds if any are purchased, the obligation to make such purchase being subject to certain terms and conditions set forth in the Bond Purchase Agreement, including the approval of certain legal matters by counsel and certain other conditions.

The prices at which the Series 2017B Bonds are offered to the public (and the yields resulting therefrom) may vary from the initial public offering prices appearing on the inside front cover of this Official Statement. In addition, the Underwriters may allow commissions or discounts from such initial offering prices to dealers and others.

J.P. Morgan Securities LLC (“JPMS”), one of the Underwriters of the Series 2017B Bonds, has entered into negotiated dealer agreements (each, a “Dealer Agreement”) with each of Charles Schwab & Co., Inc. (“CS&Co.”) and LPL Financial LLC (“LPL”) for the retail distribution of certain securities offerings at the original issue prices. Pursuant to each Dealer Agreement, each of CS&Co. and LPL may purchase Series 2017B Bonds from JPMS at the original issue price less a negotiated portion of the selling concession applicable to any Series 2017B Bonds that such firm sells.

The Underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, principal investment, hedging, financing and brokerage services. Certain of the Underwriters and their respective affiliates have, from time to time, performed, and may in the future perform, various financial advisory and investment banking services for the Finance Authority, for which they received or will receive customary fees and expenses.

In the ordinary course of their various business activities, the Underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities, which may include credit default swaps) and financial instruments (including bank loans) for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities and instruments. Such investment and securities activities may involve securities and instruments of the Finance Authority.

The Underwriters and their respective affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments.

## **TAX MATTERS**

The following is a summary of the material federal and State of New Mexico income tax consequences of holding and disposing of the Series 2017B Bonds. This summary is based upon laws, regulations, rulings and judicial decisions now in effect, all of which are subject to change (possibly on a retroactive basis). This summary does not discuss all aspects of federal income taxation that may be relevant to investors in light of their personal investment circumstances or describe the tax consequences to certain types of owners subject to special treatment under the federal income tax laws (for example, dealers in securities or other persons who do not hold the Series 2017B Bonds as a capital asset, tax-exempt organizations, individual retirement accounts and other tax deferred accounts, and foreign taxpayers), and, except for the income tax laws of the State of New Mexico, does not discuss the consequences to an owner under any state, local or foreign tax laws. The summary does not deal with the tax treatment of persons who purchase the Series 2017B Bonds in the secondary market. Prospective investors are advised to consult their own tax advisors regarding federal, state, local and other tax considerations of holding and disposing of the Series 2017B Bonds.

### **Opinion of Bond Counsel**

In the opinion of Gilmore & Bell, P.C., Bond Counsel, under the law existing as of the issue date of the Series 2017B Bonds:

Federal and State of New Mexico Tax Exemption. The interest on the Series 2017B Bonds (including any original issue discount properly allocable to an owner thereof) is excludable from gross income for federal income tax purposes and is exempt from income taxation by the State of New Mexico.

Alternative Minimum Tax. Interest on the Series 2017B Bonds is not an item of tax preference for purposes of computing the federal alternative minimum tax imposed on individuals and corporations, but is taken into account in

determining adjusted current earnings for the purpose of computing the alternative minimum tax imposed on certain corporations.

Bond counsel's opinions are provided as of the date of the original issue of the Series 2017B Bonds, subject to the condition that the Finance Authority and the Original Governmental Units (as defined in the Fourteenth Supplemental Indenture) have complied with all requirements of the Code that must be satisfied subsequent to the issuance of the Series 2017B Bonds in order that interest thereon be, or continue to be, excludable from gross income for federal income tax purposes. The Finance Authority and the Original Governmental Units have covenanted to comply with all such requirements. Failure to comply with certain of such requirements may cause the inclusion of interest on the Series 2017B Bonds in gross income for federal and State of New Mexico income tax purposes retroactive to the date of issuance of the Series 2017B Bonds. Bond Counsel is expressing no opinion regarding other federal, state or local tax consequences arising with respect to the Series 2017B Bonds but has reviewed the discussion under the heading "TAX MATTERS."

### **Other Tax Consequences**

Original Issue Premium. If a Series 2017B Bond is issued at a price that exceeds the stated redemption price at maturity of the Series 2017B Bond, the excess of the purchase price over the stated redemption price at maturity constitutes "premium" on that Series 2017B Bond. Under Section 171 of the Code, the purchaser of that Series 2017B Bond must amortize the premium over the term of the Series 2017B Bond using constant yield principles, based on the purchaser's yield to maturity. As premium is amortized, the owner's basis in the Series 2017B Bond and the amount of tax-exempt interest received will be reduced by the amount of amortizable premium properly allocable to the owner. This will result in an increase in the gain (or decrease in the loss) to be recognized for federal income tax purposes on sale or disposition of the Series 2017B Bond prior to its maturity. Even though the owner's basis is reduced, no federal income tax deduction is allowed. Prospective investors should consult their own tax advisors concerning the calculation and accrual of bond premium.

Sale, Exchange or Retirement of Bonds. Upon the sale, exchange or retirement (including redemption) of a Series 2017B Bond, an owner of the Series 2017B Bond generally will recognize gain or loss in an amount equal to the difference between the amount of cash and the fair market value of any property received on the sale, exchange or retirement of the Series 2017B Bond (other than in respect of accrued and unpaid interest) and such owner's adjusted tax basis in the Series 2017B Bond. To the extent a Series 2017B Bond is held as a capital asset, such gain or loss will be capital gain or loss and will be long-term capital gain or loss if the Series 2017B Bond has been held for more than 12 months at the time of sale, exchange or retirement.

Reporting Requirements. In general, information reporting requirements will apply to certain payments of principal, interest and premium paid on the Series 2017B Bonds, and to the proceeds paid on the sale of the Series 2017B Bonds, other than certain exempt recipients (such as corporations and foreign entities). A backup withholding tax will apply to such payments if the owner fails to provide a taxpayer identification number or certification of foreign or other exempt status or fails to report in full dividend and interest income. The amount of any backup withholding from a payment to an owner will be allowed as a credit against the owner's federal income tax liability.

Collateral Federal Income Tax Consequences. Prospective purchasers of the Series 2017B Bonds should be aware that ownership of the Series 2017B Bonds may result in collateral federal income tax consequences to certain taxpayers, including, without limitation, financial institutions, property and casualty insurance companies, individual recipients of Social Security or Railroad Retirement benefits, certain S corporations with "excess net passive income," foreign corporations subject to the branch profits tax, life insurance companies, and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry or have paid or incurred certain expenses allocable to the Series 2017B Bonds. Bond Counsel expresses no opinion regarding these tax consequences. Purchasers of Series 2017B Bonds should consult their tax advisors as to the applicability of these tax consequences and other federal income tax consequences of the purchase, ownership and disposition of the Series 2017B Bonds, including the possible application of state, local, foreign and other tax laws.

### **LEGAL MATTERS**

In connection with the issuance and sale of the Series 2017B Bonds, Gilmore & Bell, P.C., Salt Lake City, Utah, as Bond Counsel to the Finance Authority, will deliver its opinion in substantially the form included in APPENDIX D. Certain legal matters will be passed upon for the Finance Authority by its General Counsel. Certain matters relating to disclosure

will be passed upon for the Finance Authority by Andrews Kurth Kenyon LLP, Austin, Texas, Disclosure Counsel to the Finance Authority. Certain legal matters will be passed upon for the Underwriters by Hogan Lovells US LLP, Denver, Colorado, counsel to the Underwriters. The counsels involved in this transaction have not participated in any independent verification of the information concerning the financial condition or capabilities of the Finance Authority contained in this Official Statement.

### **MUNICIPAL ADVISOR**

The Finance Authority has retained Western Financial Group, LLC, a wholly-owned subsidiary of PFM Financial Advisors LLC (“WFG”), as municipal advisor in connection with the preparation of this Official Statement and with respect to the issuance of the Series 2017B Bonds. WFG was recently acquired by, and is a wholly-owned subsidiary of, PFM Financial Advisors LLC. WFG is an independent advisory firm and is not engaged in the business of underwriting, trading or distributing municipal securities or other public securities.

### **FINANCIAL STATEMENTS**

The financial statements of the Finance Authority for the year ended June 30, 2016, included in APPENDIX A of this Official Statement, have been audited by REDW, LLC, certified public accountants, Albuquerque, New Mexico, as set forth in its report thereon dated November 16, 2016. REDW, LLC has not been asked to consent to the use of its name and audited financial reports of the Finance Authority in this Official Statement nor has REDW, LLC participated in the preparation of this Official Statement.

In July 2012, the Finance Authority disclosed that what it believed was the audit of its financial statements for the fiscal year ended June 30, 2011 was not completed properly (the “Incomplete Audit”). Upon such discovery, the Finance Authority withdrew the Incomplete Audit. The Finance Authority then initiated an investigation and determined that its former controller had misrepresented the status of the Incomplete Audit and provided financial statements for use with third parties that he falsely represented as “audited.” For additional information relating to the Incomplete Audit, see “2011 Audit Situation” at [www.nmfa.net/investors/disclosures/](http://www.nmfa.net/investors/disclosures/).

### **CONTINUING DISCLOSURE UNDERTAKING**

The Finance Authority will execute and deliver a Continuing Disclosure Undertaking in connection with the issuance of the Series 2017B Bonds pursuant to which it will agree to provide the following information:

- to the Municipal Securities Rulemaking Board (“MSRB”) in an electronic format prescribed by the MSRB by March 31 of each fiscal year, or the next succeeding business day if March 31 is not a business day (and to the Trustee and to each holder of the Series 2017B Bonds who requests such information):
  1. with respect to the Finance Authority annual financial information and operating data concerning the Subordinate Lien PPRF Revenues, such information to be of the type set forth under the table captioned “Historical Subordinate Lien PPRF Revenues — Fiscal Years 2011-2012 Through 2015-2016 (Released to the Indenture on June 1)” under the caption “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS —Trust Estate–Subordinate Lien PPRF Revenues” in the Official Statement;
  2. with respect to any Governmental Unit expected by the Finance Authority, on the last business day that is at least 45 days prior to the date specified for providing such information to the MSRB, to have Loan repayment obligations in the then-current fiscal year constituting more than 20% of the estimated Subordinate Lien Revenues for the then-current fiscal year (the “20% Test”), and each additional Governmental Unit designated by the Finance Authority by such business day, information concerning the four-year history of the specific revenues constituting such Governmental Unit’s Agreement Revenues, or such shorter period for which such information is available;
  3. audited financial statements (in each case, prepared in accordance with generally accepted accounting principles consistently applied, as in effect from time to time) for the Finance Authority, any Governmental Unit meeting the 20% Test and each additional Governmental Unit

designated by the Finance Authority, or, if audited financial statements are not available by March 31 of each fiscal year, or the next succeeding business day if March 31 is not a business day, unaudited financial statements and audited financial statements as soon as such audited financial statements become available;

- in a timely manner to the MSRB in an electronic format prescribed by the MSRB, notice of any failure of the Finance Authority to provide the required annual financial information and audited or unaudited financial statements, on or before the date specified in its Continuing Disclosure Undertaking;
- in a timely manner, but not more than ten business days after the occurrence of the event, to the MSRB in an electronic format prescribed by the MSRB, notice of the occurrence of any of the following events (if applicable) with respect to the Series 2017B Bonds:
  1. principal and interest payment delinquencies;
  2. unscheduled draws on debt service reserves reflecting financial difficulties;
  3. unscheduled draws on credit enhancements reflecting financial difficulties;
  4. substitution of credit or liquidity providers, or their failure to perform;
  5. adverse tax opinions or the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the bonds;
  6. defeasances;
  7. tender offers;
  8. bankruptcy, insolvency, receivership or similar proceedings; and
  9. rating changes.
- in a timely manner, but not more than ten business days after the occurrence of the event, to the MSRB in an electronic format prescribed by the MSRB, notice of the occurrence of any of the following events (if applicable) with respect to the Series 2017B Bonds, if material:
  1. mergers, consolidations, acquisitions, the sale of all or substantially all of the assets of the obligated persons or their termination;
  2. appointment of a successor or additional trustee or the change of the name of a trustee;
  3. non-payment related defaults;
  4. modification of rights of owners of the bonds;
  5. bond calls; and
  6. release, substitution, or sale of property securing repayment of the bonds.

The Finance Authority may from time to time choose to provide notice of the occurrence of certain other events, in addition to those listed above, if, in the judgment of the Finance Authority, such other event is material with respect to the Series 2017B Bonds. However, the Finance Authority does not undertake to commit to provide any such notice of the occurrence of any material event except those events listed above.

The Finance Authority reserves the right to modify from time to time the Continuing Disclosure Undertaking, including the specific types of information provided or the format of the presentation of such information, to the extent necessary or appropriate in the judgment of the Finance Authority; provided that, the Finance Authority has agreed that any such modification will be done in a manner consistent with the Rule. The Finance Authority acknowledges that its undertaking pursuant to the Rule described under this heading is intended to be for the benefit of the Owners of the Series 2017B Bonds and will be enforceable by the Owners; provided that the right to enforce the provisions of this undertaking are limited to a right to obtain specific performance of the Finance Authority's obligations, and any failure by the Finance Authority to comply with the provisions of the undertaking will not be an event of default with respect to the Series 2017B Bonds.

None of the Governmental Units have represented annual Loan repayment obligations exceeding 20% of estimated Revenues in the first full year immediately following issuance of the Series 2017B Bonds. See APPENDIX F for a discussion of Loans to Governmental Units with the largest outstanding principal loan balances.

In July 2012, the Finance Authority disclosed that what it believed was the audit of its financial statements for the fiscal year ended June 30, 2011 was not properly completed (the "Incomplete Audit"). See "FINANCIAL STATEMENTS." Due to the Incomplete Audit, the Finance Authority was unable to file its audit for the fiscal year ended June 30, 2011 in a manner that was in material compliance with its previous undertakings. Eventually, the audit for fiscal year ended June 30, 2011 was completed and made available, and the Finance Authority filed such audit with the MSRB in February 2013 as specified in its disclosure undertakings. In addition, the Finance Authority reports that it did not provide notice to the MSRB of an upgrade on its Subordinate Lien Bonds by Moody's in April 2011 from Aa3 to Aa2. The Finance Authority filed notice of such upgrade with the MSRB in September 2014.

## **RATINGS**

S&P and Moody's have assigned ratings of "AA+" and "Aa2," respectively, to the Series 2017B Bonds. An explanation of the significance of such ratings may be obtained from S&P and Moody's, respectively.

Such ratings reflect only the views of such organizations. The ratings are not a recommendation to buy, sell or hold the Series 2017B Bonds and there is no assurance that such ratings will continue for any given period of time or that such ratings will not be revised downward or withdrawn entirely by the rating agencies if, in their judgment, circumstances so warrant. Any downward revision or withdrawal of the ratings given to the Series 2017B Bonds may have an adverse effect on the market price of the Series 2017B Bonds. The Municipal Advisor has not undertaken any responsibility to bring to the attention of the owners of the Series 2017B Bonds any proposed revision or withdrawal of the ratings on the Series 2017B Bonds, or to oppose any such proposed revision or withdrawal. The Finance Authority undertakes no responsibility to oppose any such revision or withdrawal. Any such downward revision or withdrawal of the ratings or other actions by a rating agency may have an adverse effect on the market price of the Series 2017B Bonds.

## **INVESTMENT CONSIDERATIONS**

### **Availability of Subordinate Lien PPRF Revenues**

The amount of Subordinate Lien PPRF Revenues actually released to the Indenture on any June 1 may be affected by several factors. Among other things, the amount of governmental gross receipts taxes that will be collected and distributed to the Finance Authority and ultimately released from the Senior Indenture to become Subordinate Lien PPRF Revenues is subject to fluctuation based on the activities that generate those taxes, including general economic conditions. There can be no guarantee that the NFMA's Portion of the Governmental Gross Receipts Taxes collected in the future will be consistent with historical collection trends. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS—Trust Estate—The Governmental Gross Receipts Tax."

In addition, the amount of money to be released from the Senior Indenture to become Subordinate Lien PPRF Revenues may be reduced if the other revenues expected to pay debt service on the Senior Bonds in a given year are not available. The availability of those revenues is dependent upon many factors not within the Finance Authority's control, including the ability of entities to which the Finance Authority has loaned the proceeds of the Senior Bonds to repay those loans.

Pursuant to Section 7-9-4.3, NMSA 1978, revisions to laws of the State affecting, among other things, tax rates, taxed activities and distributions of governmental gross receipts taxes could be adopted in the future by the State legislature. There is no assurance that any future revisions to State laws will not adversely affect, among other things, tax rates, activities now subject to the governmental gross receipts tax or distribution of governmental gross receipts tax revenues to the Finance Authority. However, the State has pledged to and agreed with holders of any bonds or notes issued under the Act that the State will not limit or alter the rights vested by the Act in the Finance Authority to fulfill the terms of any agreements made with the holders thereof or in any way impair the rights and remedies of those holders until the bonds or notes together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of those holders, are fully met and discharged.

As previously stated, the Series 2017B Bonds are also payable from Agreement Revenues. Agreement Revenues are derived from a variety of different sources including enterprise system revenues, property taxes and specific taxes. Those sources of Agreement Revenues may be adversely affected by a variety of factors including, but not limited to, general economic conditions, the demand and cost of certain services and governmental actions. There can be no guarantee that future Agreement Revenues will be consistent with historical receipts.

The mandate from the Budget Control Act of 2011 that became effective in March 2013 requires a reduction of federal spending (“Sequestration”). The Finance Authority receives an insignificant amount of federal including federally provided interest subsidies for the Finance Authority’s Series 2010A-2 Bonds revenues. In addition, various entities throughout the State of New Mexico have been receiving federal revenues. While some of those entities may experience a reduction in the receipt of federal revenues due to Sequestration, the Finance Authority does not believe that any such reductions will impact the ability of the Finance Authority to pay debt service on its Bonds.

## Independent Auditor's Report

Governing Board  
New Mexico Finance Authority  
and  
Mr. Timothy Keller  
New Mexico Office of the State Auditor  
Santa Fe, NM

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the New Mexico Finance Authority (the "Authority"), a component unit of the State of New Mexico, as of and for the years ended June 30, 2016 and 2015, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on the accompanying financial statements based on our audits. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Authority as of June 30, 2016 and 2015, and the respective changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Other Matters**

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Other Information***

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The accompanying supplementary schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal regulations (CFR) Part 200, Uniform Administration Requirements, Cost Principles and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The supplementary schedules and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. #### **Overview of the Financial Statements**

The financial statements of New Mexico Finance Authority (the "Authority") have been prepared using the economic resources measurement focus and accrual basis of accounting in accordance with generally accepted accounting principles. The Authority's basic financial statements are comprised of the following:

- ◆ The *Statement of Net Position* presents information on the assets and liabilities of the Authority, with the difference between the assets and the liabilities reported as net position. Over time, increases or decreases in net position serve as a useful indicator of whether financial position is improving or deteriorating.
- ◆ The *Statement of Revenues, Expenses and Changes in Net Position* present information reflecting changes in the net position of the Authority during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods.
- ◆ The *Statement of Cash Flows* reports the cash flows from operating activities, noncapital financing activities, capital and related financing activities and investing activities, and the resulting change in cash and cash equivalents during the fiscal year.

The accompanying notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes can be found immediately following the financial statements.

#### **Financial Highlights**

- ◆ The Authority's overall financial position improved slightly from June 30, 2015 to June 30, 2016. The key indicator is total net position which increased by \$5.6 million or 1.1%.
- ◆ Unrestricted cash decreased \$6.2 million or 28.7%. Restricted cash increased by \$21.8 million or 19.2%. Restricted investments increased by \$52.0 million or 18.6%.
- ◆ The total assets of NMFA increased by \$136.5 million or 8.0% as compared against the prior fiscal year. Various reasons account for the increase in assets, which are discussed by management below. The most significant were additional PPRF loan closings and cash generated from additional bonds issuances.
- ◆ Loans receivable increased by \$82.9 million or 7.0% from previous year.
- ◆ Intergovernmental receivables decreased by \$16.0 million or 15.1%, primarily as a result of debt payments received in fiscal year 2016.
- ◆ Bonds payable increased by \$57.5 million or 5.4% in 2016, the result of issuing of \$241.7 million in new bonds, principal payments on outstanding bonds of \$168.5 million, and amortization of bond premium of \$15.7 million.
- ◆ Undisbursed loan proceeds increased by \$63.7 million or 88.5% during fiscal year 2016 due to the timing of a bond issuance at the end of the fiscal year.

**New Mexico Finance Authority**  
**Management's Discussion and Analysis**  
**June 30, 2016 and 2015**

- ◆ Appropriation revenue decreased by \$4.0 million in fiscal year 2016, representing a decrease of 10.8% from fiscal year 2015. The reduction resulted from lower metro court and health sciences appropriations.
- ◆ The Authority experienced a \$3.9 million or 120.5% increase in administrative and processing fees revenue from \$3.2 million in 2015 to \$7.0 million in 2016. This increase is mainly a result of an exit fee received by Finance New Mexico of \$3.4 million in FY 2016.
- ◆ Expenses increased 15.8% from \$108.7 million in 2015 to \$125.9 million in 2016, representing an increase of \$17.2 million. Bond interest expense increased by \$8.0 million or 21.1% mostly to additional bonds outstanding. Loan refinancing pass-through expense increased by \$12.5 million due to a greater amount of refinanced loans with associated bond premiums passed through to the borrower.
- ◆ Grant revenue and corresponding activity decreased 11.6% or \$7.4 million as the Authority experienced decreased grant activity within the Colonias and Drinking Water programs during the year. This includes federal grant revenues and transfers from the State of New Mexico.
- ◆ Reversions and transfers increased 319.5% or \$14.6 million as the Authority transferred \$10.5 million to the New Mexico Economic Development Department for projects pursuant to the Local Economic Development Act. Additionally, the Authority transferred \$5.0 million to the New Mexico Economic Development Department of the existing award of \$13.2 million from United States Treasury State Small Business Credit Initiative Program.

**Assets**

During FY 2016, Loans receivable increased by \$82.9 million or 7.0%. New loans made during the year totaled \$199.1 million while loan payments received were \$116.3 million.

It should be noted that the Statement of Net Position reflects the implementation of GASB 72, which increased investments reported as of June 30, 2016 by \$1.3 million. See Note 3 in the notes to the financial statements for more information regarding the disclosures of investments.

**New Mexico Finance Authority**  
**Management's Discussion and Analysis**  
**June 30, 2016 and 2015**

Total cash and investments increased 16.3% from \$415.2 million in 2015 to \$482.7 million in fiscal year 2016 due primarily to timing of a bond closing at the end of the fiscal year.

***Liabilities***

During FY 2016, bonds payable increased by \$57.5 million resulting from the issuance of \$241.7 million in new bonds, principal payments and defeasances on outstanding bonds of \$168.5 million, and amortization of bond premium of \$15.7 million. Undisbursed loan proceeds increased by \$63.7 million in FY2016 due to a bond issuance occurring close to the fiscal year end. Advanced loan payments experienced an \$8.7 million or 11.7% increase from fiscal year 2015.

Operating revenue increased to \$61.0 million or 15.6% in 2016. Administrative and processing fees increased by \$3.9 million or a 120.5% increase in administrative and processing fees revenue from \$3.2 million in 2015 to \$7.0 million in 2016. This increase is mainly a result of an exit fee received by Finance New Mexico of \$3.4 million in FY 2016. During FY 2016, interest on loans increased by \$3.1 million or 6.4% due to increased loan activity. Interest on investments increased by 137.1% as compared to 2015 due to the implementation of GASB 72 and increased return on investments.

**New Mexico Finance Authority**  
**Management's Discussion and Analysis**  
**June 30, 2016 and 2015**

Overall operating costs increased \$17.2 million or 15.8% mainly due to increased debt service interest expense of \$8.0 million associated with additional bonds outstanding. Additionally, refinanced loans with correlating bond premiums increased during FY2016. As a result, loan refinancing pass-through expenses increased by \$12.5 million.

Grant revenue and corresponding activity decreased 11.6% or \$7.4 million as the Authority experienced decreased grant activity within the Colonias and Drinking Water programs. During FY 2016, appropriation revenue decreased by \$4.0 million, representing a decrease of 10.8% from fiscal year 2015. The reduction is a result of reduced metro court and health sciences appropriations. Reversions and transfers increased 319.5% or \$14.6 million as the Authority transferred \$10.5 million to New Mexico Economic Development Department for projects pursuant to Local Economic Development Act. Additionally, the Authority transferred \$5.0 million to New Mexico Economic Development Department of the existing award of \$13.2 million from United States Treasury State Small Business Credit Initiative Program to the Authority's financial statements.

***Long-Term Debt***

The Authority's long-term debt consists of outstanding bond issues related to the various programs administered by the Authority. At the end of fiscal year 2016, the total amount outstanding was \$1.1 billion (excluding the \$1.3 billion in GRIP bonds which are administered by, but are not a direct liability of the Authority). More detailed information about the Authority's long-term debt is presented in Note 7 to the financial statements.

During the fiscal year, the Authority issued \$241.7 million in PPRF bonds, primarily to directly fund loans and to reimburse the PPRF loan fund for loans already made.

***Programs***

The Authority accounts for each of its programs separately, each with its own assets, liabilities, net position, income and expense. The Public Project Revolving Fund (PPRF) is highlighted in the following discussion due to the significance of the program to the Authority's financial statements.

**Public Project Revolving Fund**

The Authority, established in 1992, was designed as a vehicle to administer the PPRF. The mission of the PPRF is to coordinate planning and financing of state and local public projects with borrowers who could not, on their own, access the bond market on a cost-effective basis. Qualified entities, including without limitation counties, municipalities and school districts, are eligible to borrow from the PPRF. Since 1993, the PPRF has made 1,295 loans totaling \$2.75 billion.

**New Mexico Finance Authority**  
**Management's Discussion and Analysis**  
**June 30, 2016 and 2015**

The PPRF makes loans of less than \$5 million from funds on hand. The Authority's cash is replenished at a later date by "packaging" the loans as collateral and selling tax-exempt bonds. Loans larger than \$5 million are funded through simultaneous closings with a reimbursement bond issue, ensuring a precise matching of loan and bond interest rates.

The Authority operates, in many respects, in the same manner as a bank or other lending institution. Infrastructure finance agencies similar to the Authority are often called "bond banks." Financial statements for the PPRF are presented in the following pages in a format similar to that employed by commercial banking organizations.

***Net Interest Income***

As a not-for-profit lender, the Authority attempts to pass on to its borrowers the same rates paid on the bonds issued to provide loaned funds. Therefore, in its planning and management processes, the Authority attempts to achieve a zero net interest income in the PPRF. In fiscal year 2016, the PPRF had net interest loss of \$16.5 million, compared to income of \$300 thousand in 2015. This is a result of market conditions in which the Authority exercised their early call bond provisions and issued new bonds associated with certain loans. Where the saving on refinancing was passed-through to the borrowers. A major part of the resulting loss, of \$16.5 million, is the loan refinancing pass-through expense of \$21.5 million during fiscal year 2016.

***PPRF Indentures***

The PPRF maintains a General Indenture of Trust (Senior Lien) and a Subordinated Indenture of Trust (Subordinate Lien). At the end of Fiscal Year 2016, there were 664 loans totaling \$1.225 billion outstanding; 74% of those loans are subject to the Senior Lien Indenture and 26% of those loans are subject to the Subordinate Lien Indenture. This is an increase of 6.0% from \$1.156 billion in 2015 primarily as a result of increased bond issuances and loan closings to take advantage of historically low interest rates and to match assets with liabilities.

**(In millions)**

As of October 25, 2016, the Senior Lien is rated AAA and the Subordinate Lien is rated AA by Standard & Poor's and as of October 27, 2016, the Senior Lien is rated Aa1 by Moody's and the Subordinate Lien is rated Aa2. In order to maintain these ratings, the PPRF holds reserves and credit enhancements. These include the Common Debt Service Reserve, Contingent Liquidity Account, and pooled borrower debt service reserve. The Common Debt Service Reserve is subject to the General Indenture of Trust for the Senior Lien, borrower reserves are pledged to the individual loans, and the Contingent Liquidity Account is considered to be held outside the General and Subordinated Indentures of Trust.

***Governmental Gross Receipts Tax***

The Governmental Gross Receipts Tax (GGRT) is a tax imposed on the gross receipts of municipalities for services rendered to customers such as water, sewer, and solid waste collection. 75% of GGRT collections are appropriated to the PPRF. The Authority's share of GGRT collections was \$28.1 million in 2016, a \$1.6 million increase from the \$26.5 million received in 2015. The GGRT funds are used:

- ◆ As a credit enhancement for the PPRF bonds. In the event of defaults on loans, GGRT funds can be used to make up for any shortfall in funds available for bond payments.
- ◆ To fund loans to borrowers, especially smaller loans which the Authority may choose to not reimburse in a bond issue.
- ◆ To pay operating expenses of the PPRF.

***Other Programs***

The PPRF accounts for a large portion of total Authority activity. At June 30, 2016, the relationships were as follows:

	<u>PPRF</u>	<u>Total Authority</u>	<u>% PPRF</u>
Total assets	\$1.6 billion	\$1.8 billion	88%
Net position	\$286.3 million	\$505.6 million	57%
Revenues	\$81.7million	\$94.1 million	87%

There are 23 other programs administered by the Authority, some of which are loan programs and some of which are grant programs. These include the Drinking Water Revolving Loan Fund, Colonias Infrastructure Fund, and economic development programs such as New Market Tax Credits.

The Drinking Water Revolving Loan Fund program experienced a decrease in grant revenues and expenses in Fiscal Year 2016. This decrease was due to the slower rate of requisitions on grant subsidies awarded for qualifying drinking water facility projects in New Mexico. The Authority saw an offsetting increase in the Colonias Infrastructure program grant activity in Fiscal Year 2016. This increase reflected the fact that the program saw an increased number of projects being approved during 2016. As a relatively new program created through the Colonias Infrastructure Act taking effect July 1, 2011, the number of approved projects increases as more funding is available.

Since 2010, a for-profit limited liability company operated by the Authority was awarded a total of \$201 million allocation of New Markets Tax Credits by the U.S. Treasury Department. Under this program, the Authority provides federal income tax credits to incentivize businesses to create jobs and otherwise contribute to the economic development of the State. Prior to 2016, the Authority made twelve awards totaling \$151.3 million. During Fiscal Year 2016, the Authority made additional awards of \$7.75 million. The tax credits have no impact on the financial statements of the Authority as they are held by Finance New Mexico, LLC (FNMLLC). The Authority does incur certain expenses to administer the program and fees charged to applicants and recipients of the credits, which are minimal. In Fiscal Year 2016, the Authority received \$3.4 million in an Exit Fee from one of the New Market Tax Credit projects. This income was a one-time event upon the termination of one New Market Tax Credit project. Future exit fees are anticipated.

**1) Nature of Organization**

The New Mexico Finance Authority (the “Authority”), a component unit of the State of New Mexico (the “State”), is a public body politic and corporate, separate and apart from the state constituting a governmental instrumentality, organized and existing pursuant to the New Mexico Finance Authority Act (the “Act”) created by the Laws of 1992 Chapter 61, as amended. The Authority has broad powers to provide financing for an array of infrastructure and economic development projects. The Authority also provides for long-term planning and assessment of state and local capital needs and improves cooperation among the executive and legislative branches of state government and local governments in financing public projects.

The Authority’s governing board is composed of eleven members including the Secretary of the Department of Finance and Administration; the Secretary of Economic Development; the Secretary of Energy, Minerals and Natural Resources; and the Secretary of the Environment Department. The Executive Director of the New Mexico Municipal League and the Executive Director of the New Mexico Association of Counties are ex-officio members of the Authority with voting privileges. The Governor, with the advice and consent of the Senate, appoints to the Authority Board, whose membership must include the Chief Financial Officer of an institution of higher education and four other members who are residents of the State. The appointed members serve at the pleasure of the Governor.

The Authority issues loans to entities pursuant to the rules and regulations governing the Public Projects Revolving Loan Fund Program (PPRF). The PPRF provides low cost financing to local government entities for a variety of infrastructure projects throughout the State. The PPRF Program receives 75 percent of the Governmental Gross Receipts Tax of the State of New Mexico pursuant to section 7-1-6.1 NMSA, 1978, and may issue bonds in amounts deemed necessary to provide sufficient money for the purposes set forth by the New Mexico Finance Authority Act. Bonds are issued under a Master Indenture as well as individual Series Indentures, proceeds and covenants of which are administered through a trust relationship established by contract with a trust company or bank bearing trust powers (Trustee) and the Authority. The Authority may also serve as conduit issuer of revenue bonds for other governmental agencies.

The Authority manages the Drinking Water State Revolving Loan Program (DWRLF) and the Water Trust Board Program (WTB).

The DWSRF provides low cost financing for the construction of and improvements to drinking water facilities throughout New Mexico in order to protect drinking water quality and public health. This program is funded through a federal capitalization grant where the Environmental Protection Agency (EPA) and the State cost share 83.33% and 16.67%, respectively, all approved budget period costs.

The WTB program provides grant and interest free loans to support water projects which support water use efficiency, resource conservation and protection and fair distribution and allocation of water.

Other significant programs administered by the Authority include:

- ◆ The Local Transportation Infrastructure Projects Program provides for grants and low-cost financial assistance for local governments transportation projects which are not eligible for federal funding and funding for which have not been set by the existing Local Government Road Fund.
- ◆ The Economic Development Program provides comprehensive financing tools to stimulate economic development projects statewide.
- ◆ The New Markets Tax Credit Program, whereby the Authority acts as the managing member in FNMLLC, a for-profit limited liability company which receives allocations of federal tax credits under Section 45D of the Internal Revenue Code.
- ◆ The Primary Care Capital Program is a revolving loan program which provides financial assistance to rural primary care health clinics for infrastructure, construction and capital equipment purchases. These loans provide 20 percent annual loan forgiveness if the borrower agrees to a contract-for-services to provide medical care free or at reduced prices to sick and indigent clients.
- ◆ The Water and Wastewater Project Grant Program provides grant funding for water and wastewater system projects authorized by legislation.
- ◆ The Local Government Planning Grant Program provides grants to qualified entities on a per project basis for water and wastewater related studies, long-term water management plans and economic development plans.
- ◆ The State Capital Improvement Financing accounts for the issuance of revenue bonds the proceeds of which were used to finance capital improvements to a state facility located adjacent to the State Capitol.
- ◆ The UNM Health Sciences administers the financing of several capital projects for UNM Health Sciences Center. The Authority issued bonds, secured by authorized distributions of cigarette excise taxes, for the purpose of designing, constructing, equipping and furnishing additions and improvements to the University of New Mexico Hospital and the Cancer Research and Treatment Center.
- ◆ The Colonias Infrastructure Act appropriates to the Authority 5% of the senior lien severance tax bond proceeds for loans and grants to certain communities in southern New Mexico that lack basic infrastructure for water and wastewater, solid waste disposal, flood and drainage control, roads and housing.
- ◆ Through a Memorandum of Understanding entered into with the New Mexico Economic Development Department, the Authority received \$13.2 million of federal State Small Business Credit Initiative funds in 2011 to help increase the flow of capital to small businesses by mitigating bank risk. The Authority uses the funds to

The Authority is not subject to the supervision or control of any other board, bureau, department or agency of the State, except as specifically provided in the Act. Bonds and other obligations issued by the Authority under the provisions of the Act are not a debt or liability of the State or any subdivision thereof. The New Mexico Finance Authority Oversight Committee was created by the Act and was appointed by the Legislative Council Service to provide legislative oversight.

The financial statements include the accounts of the Authority and its blended component unit, FNMLLC. All intercompany transactions and balances are eliminated. The condensed financial statements of FNMLLC are disclosed in Note 16.

**2) Summary of Significant Accounting Policies**

Accounting Principles

The financial statements of the Authority have been prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental units and funds. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting.

Basis of Presentation

The financial statements of the Authority have been prepared using the economic resources measurement focus and the accrual basis of accounting. All of the Authority's activities, except those in which the Authority acts as an agent, are reported as an enterprise fund. Enterprise funds are used for activities for which a fee is charged to external users for goods and services.

The Authority distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing financial services in connection with on-going operations. Primary operating revenues includes financing income and fees charged to program borrowers. Operating expenses include interest expense, program support, as well as funds granted to others in the form of loan forgiveness and other subsidies to governmental entities.

Nonoperating items consist primarily of governmental gross receipts and other tax distributions reported as appropriations, grant revenue, and transfers-out for excess distributions and reversions of prior year appropriated revenue.

Revenues from grants that are restricted for specific uses are recognized as revenues and as receivables when the related costs are incurred. When restricted resources meet the criteria to be available for use and unrestricted resources are also available, it is the

Authority's policy to use restricted resources first. Expenses are recorded when they are incurred. Expenses charged to federal programs are recorded utilizing the cost principles prescribed or permitted by the various funding sources.

Agency Funds

Agency Funds are used to report resources held by the Authority in a purely custodial capacity. These funds result from transactions associated with the Authority acting as fiscal agent for the New Mexico Department of Transportation (the "Department") on several of the Department's bond transactions. The amounts reported as agency funds do not belong to the Authority and are held in separate accounts on the Authority's books in the name of the Department. Accordingly, all assets held and reported in the Agency Funds are offset by a corresponding liability.

Cash, Cash Equivalents and Investments

The Authority considers all highly liquid financial instruments with a maturity of three months or less when purchased to be cash equivalents. Cash and cash equivalents consist of cash on deposit with Wells Fargo Bank and the Bank of Albuquerque which also acts as bond trustee. Certain proceeds of the Authority's bonds, as well as certain resources set aside for their repayment are invested in certain allowable securities.

In fiscal year 2016, NMFA implemented GASB No.72, Fair Value Measurement and Application. Fair value is the amount that would be received on the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The statement provides guidance for determining a fair value measurement for financial reporting purposes. The statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements.

Accounts Receivable

Accounts receivable consists of payments due from governmental entities, administrative fees due from projects, and other receivables arising from the normal course of operations.

Loans Receivable

Loans are carried at amounts advanced, net of collections and reserves for loan losses, if any. Loans that become past due as to principal and interest are evaluated for collectability. Generally, loans are not placed on nonaccrual status because they are insured, guaranteed, or collateralized.

The allowance for loan losses is maintained to cover possible losses inherent in the loan portfolio based on management's evaluation of the loan portfolio, giving consideration to various factors, including collateral value, past loan loss experience, current facts and economic conditions. The allowance is based on management's estimates, and ultimate losses may vary from the current estimates. These estimates are reviewed periodically and any necessary adjustments are reported in income in the period they become known.

**New Mexico Finance Authority**

**June 30, 2016 and 2015**

Intergovernmental Receivables

Intergovernmental receivables consist of amounts due from the State based on legislated appropriation of specified taxes for repayment of certain bonds issued by the Authority on behalf of State entities. The related statute directs the Authority to issue bonds and make proceeds available to specified State entities to fund various projects. The statute appropriates a portion of existing taxes or fees to fund the payment of the related bonds. No allowance has been established, as all such receivables are considered collectable.

Capital Assets

Capital assets are recorded at historical cost and depreciated over their estimated useful lives. Donated capital assets are recorded at their estimated fair value at the date of donation. Additions, improvements and other capital outlays individually exceeding \$5,000 that significantly extend the useful life of an asset are capitalized.

Estimated useful life is management's estimate of how long the asset is expected to meet service demands. Straight-line depreciation is used, based on estimated useful lives ranging from three to seven years.

Deferred Outflows/Inflows of Resources

The statement of net position, where applicable, includes separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent consumption of net position that applies to future periods that will be recognized as an expense in future periods. Deferred inflows of resources represent an acquisition of net position that applies to future periods and will be recognized as revenues in future periods.

Bond Discounts and Premiums

Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount.

Loan Refinancing Pass-Through

Loan refinancing pass-through expenses are bond premiums associated with certain refinanced loans passed through by The Authority to the respective borrowers. The refinanced loans were associated with certain bond premiums which reduced the outstanding principal of the associated loans. The reductions resulted in a loan refinancing pass-through expenses to The Authority. For the fiscal years 2016 and 2015, loan refinancing pass-through expenses were \$21,455,228 and \$8,945,997, respectively.

Compensated Absences

Full-time employees with ten years or less employment with the Authority are entitled to fifteen days' annual vacation leave. Employees with more than ten years' service receive twenty days annual vacation leave. When employees terminate, they are compensated at their current hourly rate for accumulated unpaid vacation leave.

# New Mexico Finance Authority

## Notes to Financial Statements

June 30, 2016 and 2015

Full-time employees are entitled to twelve days of sick leave each fiscal year. When employees terminate, they are compensated at twenty-five (25%) of their current hourly rate of accumulated unpaid sick leave up to 320 hours. Part-time employees accrue vacation leave and sick leave on a prorated basis based on the number of hours they work. Accrued compensated absences are recorded and liquidated in the PPRF operating fund. Historically, the year-end balances are used within one-year thus the compensated absence liability will be recorded as a current liability.

### Undisbursed Loan Proceeds

Undisbursed loan proceeds represent loan amounts awaiting disbursement to loan recipients. Funds are not automatically disbursed in their entirety when a loan closes. Proceeds are disbursed as the related project costs are incurred. The accounts, in the majority, represent loans of the PPRF program.

### Net Position

The difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources, is referred to as net position. Net position is categorized as net investment in capital assets (net of related debt), restricted and unrestricted, based on the following:

*Net investment in capital assets* is intended to reflect the portion of net position which is associated with capital assets less outstanding capital asset related debt. The net of related debt is the debt less the outstanding liquid assets and any associated unamortized cost. The Authority has no capital asset related debt.

*Restricted net position* has third-party (statutory, bond covenant or granting agency) limitations on their use. When there is an option, the Authority spends restricted resources first.

### Income Taxes

Accordingly, no provision for income taxes has been included in the accompanying financial statements. The Authority is subject to other Internal Revenue Code sections relating to the tax-exempt status of the bonds issued by the Authority.

### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

### Budget

The Authority's budget represents a financial plan, not a legal constraint, therefore, budgetary comparison information is not presented in the financial statements or as required supplementary information.

### Reclassification

Certain comparative amounts in the statement of revenues, expenses and changes in net position have been reclassified to conform with the current year's presentation.

**3) Cash and Cash Equivalents and Investments**

The Authority follows GASB No. 40, *Deposit and Investment Risk Disclosures*. This statement requires the disclosure of applicable interest rate, credit, custodial credit, concentration of credit and foreign currency risks.

Investments conform to the provisions of the Statements of Investment Policies, Objectives and Guidelines dated October 24, 2013. The investment policy applies to all of the Authority's funds; including funds the Authority may manage for others, except for those funds where trust indentures, bond resolutions, or other documents or agreements control the investment of funds. This policy is the Authority's master investment policy and may be amended or supplemented as applied to specific categories of funds by adoption of addenda by the Authority's Board applicable to specific categories of the Authority funds.

Except where prohibited by statute, trust indenture, or other controlling authority, the Authority consolidates cash and reserve balances from all funds to maximize investment earnings and to increase efficiencies with regard to investment pricing, safekeeping, and administration. Investment income is allocated to the various funds based on their respective participation. The primary objectives, in order of priority, of the Authority's investment activity shall be safety, liquidity and yield.

Investments shall be undertaken in a manner that seeks to ensure the preservation and principal in the overall portfolio while mitigating credit risk and interest rate risk.

The Authority has Primary Care Capital Program funds invested in the New Mexico State Treasurer's Office investment pool. State law (Section 8-6-3 NMSA 1978) requires investments of these funds be managed by the New Mexico State Treasurer's Office.

Credit Risk

The Authority minimizes credit risk (the risk of loss due to the failure of securities issuer or backer) by limiting investments, prequalifying financial institutions, broker/dealers, intermediaries and advisors with which the Authority will do business and diversifying the investment portfolio so that the impact of potential losses from any one type of security or from any one individual issuer will be minimized.

The New Mexico State Treasurer pools are not rated.

FNMLLC cash balances are maintained in several accounts in several banks. At times, these balances may exceed the federal insurance limits; however, FNMLLC has not experienced any losses with respect to its bank balances in excess of government provided insurance. Management believes that no significant concentration of credit risk exists with respect to these cash balances at June 30, 2016 and 2015.

**New Mexico Finance Authority**  
**Notes to Financial Statements**  
**June 30, 2016 and 2015**

Interest Rate Risk

The Authority minimizes interest rate risk (the risk that the market value of securities in the portfolio will decline due to changes in market interest rates) by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities in the open market prior to maturity and by investing operating funds primarily in short-term securities limiting the average maturity of the portfolio.

For the Primary Care Capital program funds invested in the New Mexico State Treasurer's Office investment pool, the New Mexico State Treasurer's Office has an investment policy that limits investment maturities to five years or less on allowable investments. This policy is a means of managing exposure to fair value losses arising from increasing interest rates. This policy is reviewed and approved annually by the New Mexico State Board of Finance.

For additional GASB 40 disclosure information regarding cash held by the New Mexico State Treasurer, the reader should refer to the separate audit report for the New Mexico State Treasurer's Office for the fiscal years ended June 30, 2016 and 2015.

State General Fund Investment Pool

The Authority, as required by Section 24-1C-4, NMSA 1978, administers the Primary Care Capital Fund (PCC Fund), which was created as a revolving fund in the State Treasurer's Office (STO). PCC Funds are deposited into the State General Fund Investment Pool (SGFIP), as are funds of state agencies, and as of the end of fiscal year 2016 totaled \$927,896, representing less than 1% of total Authority funds.

It is important to note that all other funds of the Authority, including Public Project Revolving Funds that are subject to the General and Subordinated Indentures of Trust, are held outside of the STO with a Trustee and are secured in accordance with the Authority's Investment Policy.

**Fair Value Measurement**

NMFA's investments measured and reported at fair value are classified according to the following hierarchy:

Level 1—Investments reflect prices quoted in active markets.

Level 2—Investments reflect prices that are based on a similar observable asset either directly or indirectly, which may include inputs in markets that are not considered to be active.

Level 3—Investments reflect prices based upon unobservable sources.

The categorization of investments within the hierarchy is based upon the pricing transparency of the instrument and should not be perceived as the particular investment's risk.

**New Mexico Finance Authority**  
**Notes to Financial Statements**  
**June 30, 2016 and 2015**

Debt, equities, and investment derivatives classified in Level 1 of the fair value hierarchy are valued directly from a predetermined primary external pricing vendor. Assets classified in Level 2 are subject to pricing by an alternative pricing source due to lack of information available by the primary vendor. Assets classified in Level 3, due to lack of an independent pricing source, are valued using an internal fair value as provided by the investment manager.

**Current and Advance Refunding of Debt**

The PPRF Revenue Refunding Bonds Senior Lien 2016C series, issued in the total par amount of \$67,540,000, refunded the outstanding portions of the PPRF Revenue Bonds Senior Lien 2006D series in the amount of \$45,045,908. The refunding resulted in debt service savings over 15 to 20 years of \$12,603,391 and a Net Present Value (NPV) savings to the State of New Mexico of \$9,337,876 for the State Building Projects.

**New Mexico Finance Authority**  
**Notes to Financial Statements**  
**June 30, 2016 and 2015**

The PPRF Revenue Refunding Bonds Senior Lien 2016A series, issued in the total par amount of \$52,070,000 refunded the outstanding portions of the 2004A Cigarette Tax Bonds and the PPRF Revenue Bonds 2005E series in the amount of \$31,396,723. The refunding resulted in debt service savings over the remaining 10 to 15 years of \$5,505,790, converted for comparison purposes to a NPV savings of \$5,002,352.

The PPRF Refunding Revenue Bonds Subordinate Lien 2015A series, issued in the total par amount of \$63,390,000, refunded the outstanding portions of the PPRF Refunding Revenue Bonds Subordinate Lien 2005C series and PPRF Revenue Bonds Subordinate Lien 2006C series. The PPRF 2005C series bonds were originally issued to fund a loan to the Metro Courts and that loan was refunded simultaneously with the issuance of the 2015A series bonds. The PPRF 2006A series bonds were originally issued to fund a loan to the City of Santa Fe and that loan was refunded simultaneously with the issuance of the 2015A series bonds. The purpose of the refinancing was financial savings for both bonds. The PPRF 2005C series bonds resulted in a reduction in debt service expense for Metro Courts over the remaining life of the loan of \$5,621,486 converted for comparison purposes to a NPV savings of \$4,741,519. The PPRF 2006A series bonds resulted in a reduction in debt service expense for the City of Santa Fe over the remaining life of the loan of \$5,800,337 converted for comparison purposes to a NPV savings of \$4,351,828. Portions of the PPRF 2006A bonds were used to fund other loans. In total, the PPRF 2015A series bonds produced debt service savings over the remaining life of the loan of \$16,591,573 converted for comparison purposes to a NPV savings of \$13,834,690. The NPV rate used was 2.873%, the rate calculated for IRS Arbitrage Yield purposes.

**8) Advanced Loan Payments**

Advanced loan payments represent the amounts received from loan recipients which have not been applied as a payment against their loan as well as debt service reserve accounts funded from the loan proceeds. The Authority applies loan payments semi-annually, therefore, any payments received prior to being applied to the loan are held in an account which earns interest and the interest is credited to the borrower. These funds are held by the trustee and in accounts at the State Treasurer's office. The balance of advanced loan payments was \$83,008,008 and \$74,332,049 at June 30, 2016 and 2015.

**9) Line of Credit**

The Authority maintains a credit facility with Wells Fargo for the PPRF which provides for a borrowing limit of up to \$100,000,000 for the purpose of obtaining necessary funding, on an interim basis, to make loans to qualified entities prior to the issuance, sale and delivery of certain Public Project Revolving Fund Revenue Bonds and to reimburse

**New Mexico Finance Authority**  
**Notes to Financial Statements**  
**June 30, 2016 and 2015**

the Authority for such loans that have been made. The terms of the credit facility require payment in full of any outstanding balance from the proceeds of the next PPRF bond issuance. Interest is due monthly on the outstanding balance, and accrues at 70% of U.S. dollar monthly LIBOR plus 75 basis points. The LIBOR rate at June 30, 2016, was .154. The Authority pays a 15 basis point fee on the unused portion of the facility. For fiscal year ended June 30, 2016, the line of credit has no activity and the balance at year-end was zero. A summary of changes for fiscal year ended June 30, 2015 follows:

**Activity for Fiscal Year 2015**

	Balance June 30, 2014	Increases	Decreases	Balance, June 30, 2015	Due within One Year

**10) Operating Lease Commitment**

The Authority is committed under various lease agreements for office space, a vehicle, and office equipment. These leases are classified as operating leases. Lease expenditures for the years ended June 30, 2016 and 2015, were \$328,004 and \$316,250. Future minimum lease payments are as follows:

**11) Retirement Plans**

The Authority's retirement plan was organized under Section 408(k) of the Internal Revenue Code. The retirement plan is not subject to the general claims of the creditors of the Authority. Each eligible employee participating in the plan must contribute 3% of their compensation. The Authority makes a contribution of 15% of their compensation. Employees can make an additional, voluntary contribution of up to 4% of their compensation. The Authority also makes a 50% matching contribution on voluntary contributions. Employee contributions are 100% vested, and the Authority contributions will vest 100% to the employee over five years. The contributions are invested in various

mutual funds selected by the employee. The Authority's contributions for this retirement plan for the year ended June 30, 2016 and 2015 were \$487,766 and \$484,916, respectively. Additionally, employee contributions for the retirement plan for the years ended June 30, 2016 and 2015, respectively, were \$151,004 and \$149,634. Substantially all full-time employees participate in this plan.

The Authority maintains a retirement plan in accordance with an "eligible deferred compensation plan" pursuant to Section 457 of the Internal Revenue Code for its Executive Director. The contributions are made regardless of the number of hours worked or the employment status on the last day of the plan year. Employer contributions are limited by IRS Code Section 457(e)(15)(A). The employee is fully vested at all times. The executive plan was in effect for the years ended June 30, 2016 and 2015.

**12) Compensated Absences**

**June 30, 2016 and 2015**

**13) Agency Transactions**

The Authority was authorized in 2003 to issue bonds as agent for the New Mexico Department of Transportation (NMDOT). Approximately \$1.3 billion and \$1.4 billion of such bonds are outstanding at June 30, 2016 and 2015, respectively.

Debt service for the bonds is payable solely from certain revenues of the Department of Transportation. In the opinion of legal counsel, there is no claim that could be asserted against the Authority's assets for payment of debt service on the bonds; therefore, these bonds are not reflected in the Authority's financial statements. The Authority receives a biannual fee from the Department of Transportation equal to its overhead costs for management of the bond issues. The fee is recognized on a cost reimbursement basis.

**14) Contingencies**

Litigation

In the normal course of operations, the Authority is involved in certain litigation and arbitration proceedings involving former employee complaints and subcontractor claims. Management and legal counsel believe the outcomes will not have a materially adverse impact on the financial position of the Authority.

Loan Prepayment and Bond Call Provisions

During the period 2004 to 2008, including PPRF series bonds 2004A through 2008A, loans of less than \$25,000,000 contained provisions allowing for prepayment after one year whereas the related bonds used to fund the loans contained ten-year call provisions. In the event of a loan prepayment prior to the tenth year, the Authority's bond indentures require the substitution of a loan with similar cash flow characteristics or the defeasance of the related bond.

If interest rates at the time of prepayment are lower than the rates on the related bonds, as is currently the case, both loan substitution and defeasance will result in the Authority earning less on the substituted loan or the defeasance escrow than it will pay on the related bond, resulting in a negative cash flow. The Authority has other funding sources available to pay the shortfall, including the proceeds of loan payoff, reserve funds, and operating cash. Management does not believe this condition will have a material adverse impact on the financial statements. The variance in prepayment and call periods was eliminated through a Board resolution in 2008 so that this condition no longer exists after June 2018. The loans containing the shortened call provision total approximately \$97 million and the related bonds total approximately \$316 million as of June 30, 2016. Loans exercising this call provision pre-paid \$61.2 million in principal during FY2016 and \$18.6 million in FY2015. Loans exercising this call provision in the original loan

amount of \$7.4 million reached their maturity date in FY2016 while loans in the original amount of \$22.1 million reached their maturity date in FY2015.

The Authority is exposed to various risks of loss related to torts; theft of, damages to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Authority participates in the State of New Mexico self-insurance program (Risk Management Program). Under this program, the Authority pays an annual premium to the State for the following types of insurance coverage:

- Workers' compensation insurance
- General liability insurance
- Civil rights
- Blanket property insurance
- Boiler and machinery insurance
- Auto physical damage insurance
- Crime insurance

The Authority also carries commercial insurance to cover losses to which it may be exposed related to their leased office space.

During the year, there were no significant reductions in commercial insurance coverage. For the past five years, no insurance settlements exceeded commercial insurance coverage.

**15) Related Party Transactions**

The Authority has issued bonds or purchased securities for several other state entities to finance the construction of certain capital projects. Representatives of two of these entities (the Secretary of the New Mexico Department of Finance and Administration and the Secretary of the New Mexico Department of Energy, Minerals and Natural Resources) are members of the Authority's Board of Directors. Additionally, a representative serving on the Board holds a position as Cabinet Secretary of the NM Environmental Department in which the Authority assists the Department in the administration of the State's Drinking Water federal program.

**16) Finance New Mexico, LLC**

The Authority has invested in and is the managing member of FNMLLC which was formed on June 19, 2006, under the laws of the State of New Mexico. FNMLLC is an

approved Community Development Entity (CDE) that holds New Market Tax Credits (NMTC) allocation authority to be used for investment in Qualified Active Low-Income Community Businesses (QALICB) pursuant to Section 45D of the Internal Revenue Code (IRC).

The principal business objective of FNMLLC is to provide nontraditional investment capital to underserved markets and enhance the return on such investments by providing its members with new market tax credits. In general, under Section 45D of the Internal Revenue Code, a qualified investor in a CDE can receive the tax credits to be used to reduce Federal taxes.

In accordance with the operating agreement of FNMLLC, 99% of profits, losses and cash flows are allocated to the Authority, the managing member, and 1% to New Mexico Community Capital, the nonmanaging member.

In 2015, management reevaluated how to report the Authority's interest in FNMLLC for financial statement purposes. Management evaluated a number of criteria as stated in GASB Statements Number 39 and 61, amendments of GASB Statement Number 14. The basic, but not the only criterion, is FNMLLC's financial accountability to the Authority. Financial accountability is measured through the degree to which the Authority can appoint a voting majority of the governing body, impose its will, ascertain a potential financial benefit, or face a potential financial burden with regard to the potential component unit. Based on the above criterion, it was determined that the FNMLLC is a blended component unit of the Authority. As such, the Authority has consolidated the FNMLLC's financial statement amounts within the Authority's New Market Tax Credit program. The condensed component unit information for FNMLLC and subsidiaries, for the years ended June 30, 2016 and 2015 were as follows:

**17) Subsequent Event**

On October 19, 2016, the Legislature of the State of New Mexico 52<sup>nd</sup> Legislature, 2<sup>nd</sup> Special Session enacted the transfer of \$15,500,000 from PPRF to the New Mexico State General Fund, provided that, except as otherwise provided in the Tax Administration Act, the amount transferred is from the fiscal year 2017 portion of the governmental gross receipts tax distributed to the public project revolving fund pursuant to Section 7-1-6.38 NMSA 1978 and that is not otherwise pledged for payment of obligations of the Authority.

The Authority has evaluated subsequent events through November 14, 2016, the date which the financial statements were available to be issued.

“Subordinated Bond Anticipation Obligations” means Bond Anticipation Obligations, the Principal Installments on which have been subordinated pursuant to the Indenture.

“Supplemental Indenture” means any supplemental indenture approved by the NMFA in accordance with the Indenture amending or supplementing the Indenture or any Supplemental Indenture.

“SWAP Counterparty” means a member of the International Swap and Derivatives Association, Inc. which is (a) rated in one of the three top rating categories by at least one of the Rating Agencies and (b) meeting the requirements (including the rating requirements, if any) of applicable laws of the State. The documentation with respect to each Interest Rate Swap will require the SWAP Counterparty to (i) maintain its rating in one of the three top rating categories by at least one of the Rating Agencies (or to collateralize its obligations to the satisfaction of the Rating Agencies rating the related Bonds) and (ii) meet the requirements of State law (including the rating requirements, if any).

“SWAP Payments” means as of each payment date specified in an Interest Rate Swap, the amount, if any, payable to the SWAP Counterparty by the Trustee on behalf of the NMFA. SWAP Payments do not include any Termination Payments.

“SWAP Receipts” means as of each payment date specified in an Interest Rate Swap, the amount, if any, payable to the Trustee for the account of the NMFA by the SWAP Counterparty. SWAP Receipts do not include amounts received with respect to the early termination or modification of an Interest Rate Swap.

“Taxable Bonds” means all Bonds designated in the related Supplemental Indenture as bearing or accruing interest intended to be subject to Federal income taxation.

“Tax-Exempt Bonds” means all Bonds other than the Taxable Bonds.

“Termination Payments” means the amount payable to the SWAP Counterparty by the Trustee on behalf of the NMFA with respect to the early termination or modification of an Interest Rate Swap. Termination Payments will be payable from and secured by Subordinate Lien PPRF Revenues after payment of amounts then due pursuant to the Indenture.

“Trust Estate” means the property held in trust by or pledged to the Trustee pursuant to the Granting Clauses of the Indenture.

“Trustee” means BOKF, N.A., Albuquerque, New Mexico, and its successors and any corporation or association resulting from or surviving any consolidation or merger to which it or its successors may be a party and any successor trustee at the time serving as successor trustee under the Indenture.

“Variable Rate Bonds” means, as of any date of calculation, Bonds the terms of which on such date of calculation are such that interest thereon for any future period of time is expressed to be calculated at a rate which is not susceptible to a precise determination.

### **The Bonds and PPRF Secured Obligations**

Execution: Limited Obligation. The Bonds will be executed on behalf of the NMFA with the manual or official facsimile signature of an Authorized Officer, countersigned with the manual or official facsimile signature of its Secretary and impressed or imprinted thereon the official seal or facsimile thereof of the NMFA. In case any officer, the facsimile of whose signature appears on the Bonds, ceases to be such officer before the delivery of such Bonds, such facsimile will nevertheless be valid and sufficient for all purposes, the same as if he or she had remained in office until delivery. The Bonds, together with interest thereon, will be limited obligations of the NMFA payable, on a parity with the PPRF Secured Obligations (as to the amounts deposited to the Revenue Fund), the Security Instrument Repayment Obligations and the SWAP Payments solely from the Trust Estate.

The Bonds will be a valid claim of the respective Registered Owners thereof only against the Trust Estate and the NMFA pledges and assigns the same, FIRST, for the equal and ratable payment of the Bonds, the PPRF Secured Obligations (as to amounts deposited to the Revenue Fund), the Security Instrument Repayment Obligations and the SWAP Payments, and, SECOND, for the equal and ratable payment of the Reserve Instrument Repayment Obligations. The Trust Estate will be used for no other purpose than to pay the principal of, premium, if any, and interest on the Bonds, PPRF Secured Obligations as to the amounts deposited to the Revenue Fund, the Security Instrument Repayment Obligations, the SWAP Payments and the Reserve Instrument Repayment Obligations, except as may be otherwise expressly authorized in the Indenture (including the release of Subordinate Lien PPRF Revenues free and clear of the lien of the Indenture upon satisfaction of the payments then due and payable, as provided in the Indenture and the release of Loans, Additional Pledged Loans and Additional Pledged Revenues as provided in the Indenture). The lien and pledge of the Subordinate Lien PPRF Revenues is subject to the prior lien of the Senior Indenture on the PPRF Revenues in that the PPRF Revenues will first be used to satisfy the requirements of the Senior Indenture and upon the release from the lien of the Senior Indenture the PPRF Revenues will immediately be subject to the lien of the Indenture. The Subordinate Lien PPRF Revenues (including the PPRF Revenues following the release thereof each year from the lien of the Senior Indenture) and the other amounts pledged under the Indenture are not subject to the lien of the Senior Indenture.

The Bonds, the Security Instrument Repayment Obligations and SWAP Payments are special limited obligations of the NMFA payable solely from the Trust Estate and will be a valid claim of the respective Owners thereof only against the Revenue Fund, the Bond Fund, the Debt Service Reserve Fund, the Debt Service Fund, the Agreement Reserve Fund (except as limited by the Indenture) and other moneys held by the Trustee under the Indenture (except the Rebate Fund), and the Bonds, the Security Instrument Repayment Obligations and SWAP Payments will not constitute or create a general obligation or other indebtedness of the State or (except as expressly provided in an Agreement or Securities) any Governmental Unit within the meaning of any constitutional or statutory debt limitation. The obligation of the NMFA under the Indenture with respect to the PPRF Secured Obligations is a special limited obligation of the NMFA payable solely from the amounts deposited or to be deposited to the Revenue Fund and will be a valid claim of the respective owners of and fiduciaries for the PPRF Secured Obligations only against the Revenue Fund, and the PPRF Secured Obligations will not constitute nor create a general obligation or other indebtedness of the State or any Governmental Unit within the meaning of any constitutional or statutory debt limitation.

The obligation of the NMFA under the Indenture with respect to the Reserve Instrument Repayment Obligations is a special limited obligation of the NMFA payable solely from the Trust Estate after payment of the Bonds, PPRF Secured Obligations (as to the amounts deposited in the Revenue Fund), Security Instrument Repayment Obligations and SWAP Payments and will be a valid claim of the Reserve Instrument Providers against the Trust Estate and will not constitute or give rise to a general obligation or other indebtedness of the State, the NMFA or any other Governmental Unit within the meaning of any constitutional or statutory debt limitation.

No provision of the Bonds, the PPRF Secured Obligations, the Security Instrument Repayment Obligations, the SWAP Payments or Reserve Instrument Repayment Obligation, will be construed or interpreted as creating a delegation of governmental powers or as a donation by or lending of the credit of the NMFA, the State or any Governmental Unit within the meaning of the Constitution of the State. THE NMFA HAS NO TAXING POWERS. The obligation to pay the Principal of and interest and premium, if any, on the Bonds, the PPRF Secured Obligations, the Security Instrument Repayment Obligations, the SWAP Payments and the Reserve Instrument Repayment Obligations will not constitute or give rise to a pecuniary liability on the part of the members, directors and officers of the NMFA. No breach of any pledge, obligation or agreement of the NMFA will impose a pecuniary liability or a charge upon the general credit or taxing power of the State or any political subdivision of the State.

The provisions of the Indenture relating to the execution of Bonds may be changed as they apply to the Bonds of any Series by the Supplemental Indenture authorizing such Series of Bonds.

Registration and Exchange of Bonds; Persons Treated as Owners. Books for the registration and for the transfer of the Bonds as provided in the Indenture will be kept by the Trustee which is constituted and appointed by the Indenture as the Bond Registrar with respect to the Bonds, provided, however, that the NMFA may by Supplemental Indenture select a party other than the Trustee to act as Bond Registrar with respect to the Series of Bonds issued under said Supplemental Indenture. Upon the occurrence of an Event of Default, which would require any Security Instrument Issuer to make a payment under a Security Instrument Agreement, the Bond Registrar will make such registration books available to the Security Instrument Issuer. Any Bond may, in accordance with its terms, be transferred only upon the registration books kept by the Bond Registrar by the person in whose name it is registered, in person or by his duly authorized attorney, upon surrender of such Bond for cancellation, accompanied by delivery of a written instrument of transfer in a form approved by the Registrar, duly executed. No transfer will be effective until entered on the registration books kept by the Registrar. Upon surrender for transfer of any fully registered Bond at the principal office of the Trustee, duly endorsed for transfer or accompanied by an assignment duly executed by the Registered Owner or his attorney duly authorized in writing and satisfactory to the Trustee, the NMFA will execute and the Trustee will authenticate and deliver in the name of the transferee or transferees a new, fully registered Bond or Bonds for a like aggregate principal amount. Bonds may be exchanged at the principal corporate trust office of the Trustee for a like aggregate principal amount of Bonds of other authorized denominations of the same Series and the same maturity. The execution by the NMFA of any Bond of any authorized denomination will constitute full and due authorization of such denomination, and the Trustee will thereby be authorized to authenticate and deliver such Bond. The NMFA and the Trustee will not be required to transfer or exchange any Bond of a particular Series (i) during the period from and including any Regular Record Date, to and including the next succeeding Interest Payment Date, (ii) during the period from and including the day fifteen days prior to any Special Record Date, to and including the date of the proposed payment pertaining thereto, (iii) during the period from and including the day fifteen days prior to the mailing of notice calling any Bonds of a particular Series for redemption, to and including the date of such mailing, or (iv) at any time following the mailing of notice calling such Bond for redemption.

The NMFA, the Bond Registrar and the Paying Agent may treat and consider the person in whose name each Bond is registered on the registration books kept by the Registrar as the holder and absolute owner thereof for the purpose of receiving payment of, or on account of, the principal or redemption price thereof and interest due thereon and for all other purposes whatsoever, and neither the NMFA, the Bond Registrar nor the Paying Agent will be affected by any notice to the contrary. Payment of or on account of either principal of or interest on any Bond will be made only to or upon order of the Registered Owner thereof or such person's legal representative, but such registration may be changed as provided in the Indenture. All such payments will be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

In each case the Trustee will require the payment by the Registered Owner requesting exchange or transfer, only of any tax or other governmental charge required to be paid with respect to such exchange or transfer.

Nonpresentment of Bonds. In the event that any Bond is not presented for payment when the principal thereof becomes due at maturity, or otherwise, if funds sufficient to pay any such Bond has been made available to the Trustee for the benefit of the holder or holders thereof, all liability of the NMFA to the holder thereof for the payment of such Bond ceases, determines and is completely discharged, and it is the duty of the Trustee to hold such funds, without liability to the holders of such Bonds for interest thereon, for the benefit of the holder of such Bond who thereafter is restricted exclusively to such funds, for any claim of whatever nature on his part under the Indenture or on, or with respect to, such Bond. Moneys so deposited with the Trustee which remain unclaimed four (4) years after the date payment thereof becomes due will, to the extent authorized by applicable law, at the request of the NMFA and if the NMFA is not at the time to the knowledge of the Trustee in default with respect to any covenant contained in the Indenture and if to the knowledge of the Trustee there has been no Event of Default, be repaid to the NMFA and the Owners of the Bonds for which the deposit was made will thereafter be limited to a claim against the NMFA; provided that the Trustee, before making payment to the NMFA, may cause a notice to be given to the Owners of the Bonds at their registered addresses, stating that the moneys remaining unclaimed will be returned to the NMFA after a specified date. Upon payment of such amounts to the NMFA by the Trustee, the NMFA will deal with such money as required by applicable law. The obligation of the Trustee under the Indenture to pay any such amounts to the NMFA will be subject to any provisions of law applicable to the Trustee providing other requirements for disposition of unclaimed property.

PPRF Secured Obligations. The NMFA may secure PPRF Secured Obligations pursuant to a Supplemental Indenture entered into with the Trustee pursuant to the terms of the Indenture. No bond or other obligations will be considered a PPRF Secured Obligation under the Indenture for any purpose or entitled to any security or benefit under the Indenture, unless specifically identified as such in a Supplemental Indenture. Each PPRF Secured Obligation will contain a provision substantially as follows:

“This Bond is secured by the New Mexico Finance Authority (the “NMFA”) as a PPRF Secured Obligation (as defined in the referenced Indenture) under the Subordinated General Indenture of Trust and Pledge (the “Indenture”) between the NMFA and Bank of Albuquerque N.A. (the “Trustee”), as trustee dated as of March 1, 2005 and as provided in the \_\_\_\_\_ Supplemental Indenture dated as of \_\_\_\_\_, \_\_\_\_\_ (the “Supplemental Indenture”) and is entitled to the benefits and is subject to all of the terms and conditions of the Indenture and Supplemental Indenture (as the same may be amended or modified from time to time). The obligations of the NMFA under the Indenture are special limited obligations payable solely from and to the extent of the sources set forth in the Indenture.”

Prior to the execution by the Trustee of a Supplemental Indenture relating to any PPRF Secured Obligation or Obligations, there will have been filed with the Trustee:

- (a) a copy of the Indenture (to the extent not theretofore so filed) and the related Supplemental Indenture;
- (b) a copy, certified by an Authorized Officer of the NMFA, of the proceedings of the NMFA approving the execution and delivery of the PPRF Secured Obligations and the related Supplemental Indenture, together with a certificate, dated as of the date of execution of such Supplemental Indenture, of an Authorized Officer of the NMFA that such proceedings are still in force and effect without amendments except as shown in such proceedings; and
- (c) a certificate of the NMFA to the effect that the Legislature of the State has, to the extent required by law, approved each Project designated for financing under such Supplemental Indenture.

The paying agent for each PPRF Secured Obligation will use its best efforts to notify the Trustee, at least five business days prior to each Interest Payment Date or principal payment date for the PPRF Secured Obligations, if such paying agent has determined that it will not have sufficient moneys available for the payment of amounts due with respect to the PPRF Secured Obligations.

Issuance of Additional Bonds and PPRF Secured Obligations and Additional Senior Bonds.

- (a) No additional indebtedness, bonds or notes of the NMFA payable on a priority senior to the pledge of the Trust Estate for the payment of the Bonds, PPRF Secured Obligations, the Security Instrument Agreements and Interest Rate Swaps authorized in the Indenture, may be created or incurred without the prior written consent

of 100% of the Owners of the Outstanding Bonds, owners of PPRF Secured Obligations and Security Instrument Issuers and SWAP Counterparties; provided however, that additional Senior Bonds or other indebtedness, bonds or notes of the NMFA payable on a priority senior to the pledge of PPRF Revenues under the Indenture may be issued in accordance with the requirements of the Senior Indenture.

(b) In addition, except for the Initial Bonds, no Additional Bonds, PPRF Secured Obligations, Security Instrument Repayment Obligations and SWAP Payments or other indebtedness, bonds or notes of the NMFA payable on a parity with the Bonds, the PPRF Secured Obligations, Securities Instrument Repayment Obligations and SWAP Payments authorized in the Indenture out of the Trust Estate may be issued, created or incurred, unless the following requirements have been met:

(i) the NMFA delivers to the Trustee a Cash Flow Statement taking into account the issuance of the Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes and taking into account the execution and delivery of any related Security Instrument Agreement and Interest Rate Swap;

(ii) all payments required by the Indenture to be made into the Bond Fund must have been made in full;

(iii) the proceeds of the Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes must be used (x) to refund Bonds issued under the Indenture or other obligations of the NMFA (including the funding of necessary reserves and the payment of costs of issuance), (y) to make Loans or to purchase Securities (including the funding of necessary reserves and the payment of costs of issuance) or (z) to finance other projects approved by the NMFA; and

(iv) no Event of Default has occurred and is continuing under the Indenture. The foregoing provisions of this paragraph (iv) will not preclude the issuance of Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes if (x) the issuance of such Additional Bonds and PPRF Secured Obligations or other indebtedness, bonds or notes otherwise complies with the provisions of the Indenture and (y) such Event of Default will cease to continue upon the issuance of the Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes and the application of the proceeds thereof.

(c) There must be on deposit in each Account of the Debt Service Reserve Fund (taking into account any Reserve Instrument coverage) the full amount required to be accumulated therein at the time of issuance of the Additional Bonds.

The requirements above may be revised or deleted with written evidence from the Rating Agencies to the effect that such revision or deletion will not result in the rating on the Outstanding Bonds and outstanding PPRF Secured Obligations being lowered.

Covenant Against Creating or Permitting Liens. Except for (A) the pledge of the PPRF Revenues pursuant to the Senior Indenture and (B) the pledge of the Trust Estate to secure payment of the Bonds, PPRF Secured Obligations, Security Instrument Repayment Obligations, SWAP Payments, and Reserve Instrument Repayment Obligations under the Indenture, the Trust Estate is and will be free and clear of any pledge, lien, charge, or encumbrance thereon or with respect thereto; provided, however, that (i) nothing contained in the Indenture will prevent the NMFA from issuing, if and to the extent permitted by law, indebtedness having a lien on the Trust Estate subordinated to that of the Bonds, the PPRF Secured Obligations, Security Instrument Repayment Obligations and SWAP Payments and (ii) Subordinate Lien PPRF Revenues not needed for payments under the Indenture in any Bond Fund Year may be released to the NMFA free and clear of the lien of the Indenture as provided in the Indenture.

### **Open Market Purchases of Bonds**

Purchases of Outstanding Bonds on the open market may be made by the NMFA at public or private sale as, when and at such prices as the NMFA may in its discretion determine. Any accrued interest payable upon the purchase of Bonds may be paid from the amount reserved in the Bond Fund for the payment of interest on such Bonds on the next following Interest Payment Date. Any Bonds so purchased will be cancelled by the Trustee and surrendered to the NMFA or destroyed and will not be reissued.

## **Covenants of the NMFA**

Existence; Compliance with Laws. The NMFA will take no action to discontinue maintenance of its existence nor to impair its rights, powers, privileges, and franchises, and will comply with all valid and applicable laws, acts, rules, regulations, permits, orders, requirements and directions of any legislative, executive, administrative or judicial body which may relate to the execution and delivery of the Bonds, PPRF Secured Obligations, Security Instrument Repayment Obligations, SWAP Payments and Reserve Instrument Repayment Obligations and the performance of the NMFA's obligations under the Indenture.

No Transfer of Loan Agreements, Additional Pledged Loans, Security Documents and Securities; Exceptions; Further Assurance. The NMFA and the Trustee will not transfer any of the Loan Agreements, Additional Pledged Loans, Security Documents and Securities, except as specifically authorized in the Indenture in furtherance of the security for the Bonds, PPRF Secured Obligations, the Security Instrument Repayment Obligations, SWAP Payments and Reserve Instrument Repayment Obligations; provided that, (i) once the Governmental Unit has repaid all amounts, if any, owing under its Loan Agreement, Securities, or Additional Pledge Loan and complied with the other provisions thereof, the NMFA and the Trustee may release such Agreement or Additional Pledge Loan and any Security Documents from the pledge created under the Indenture; and (ii) the NMFA may direct the release of any Additional Pledged Loan from the lien and pledge of the Trust Estate under the Indenture upon the delivery to the Trustee of a Cash Flow Statement reflecting such release. Except to the extent otherwise provided in the Indenture and in the Senior Indenture, the NMFA will not enter into any contract or take any action by which the rights of the Trustee or the Bond Owners, the owners of PPRF Secured Obligations, Security Instrument Issuers, SWAP Counterparties and Reserve Instrument Providers may be impaired and will, from time to time, execute and deliver such further instruments and will take such further action as may be required to carry out the purposes of the Indenture.

Financing Statements. The NMFA will cause a financing statement to be filed with the Secretary of State of the State, and in such other manner and at such places as may be required by law fully to protect the security interest of the Owners of the Bonds, the owners of PPRF Secured Obligations, Security Instrument Issuers, SWAP Counterparties and Reserve Instrument Providers and the right, title and interest of the Trustee in and to the Trust Estate. From time to time, the Trustee may, but will not be required to, obtain an opinion of counsel setting forth what, if any, actions by the NMFA or Trustee should be taken to preserve such security. The NMFA will execute or cause to be executed any and all further instruments as are reasonably requested by the Trustee for the protection of the interests of the Bond Owners, the owners of PPRF Secured Obligations, Security Instrument Issuers, SWAP Counterparties and Reserve Instrument Providers and will furnish satisfactory evidence to the Trustee that such actions have been taken and will take such other action as is necessary to preserve the lien upon the Trust Estate created by the Indenture until the principal of and interest on the Bonds, the PPRF Secured Obligations, Security Instrument Repayment Obligations, SWAP Payments and Reserve Instrument Repayment Obligations executed and delivered under the Indenture have been paid. The Trustee will execute or join in the execution of any such further or additional instrument and file or join in the filing thereof at such time or times and in such place or places as it may be advised by an opinion of Counsel may be necessary to preserve the lien of the Indenture upon the Trust Estate created by the Indenture or any part thereof until the principal of and interest on the Bonds, the PPRF Secured Obligations, Security Instrument Repayment Obligations, SWAP Payments and Reserve Instrument Repayment Obligations have been paid.

Rights Under Loan Agreements, Security Documents and Securities. The Loan Agreements, Security Documents and Securities set forth the covenants and obligations of the Governmental Units, including provisions that, subsequent to the issuance of a related Series of Bonds and prior to their payment in full or provision for payment thereof in accordance with the provisions in the Indenture, the Loan Agreements, Security Documents and Securities may not be effectively amended, changed, modified, altered or terminated without the prior written consent of the Trustee in accordance with the Indenture, and reference is made to the same for a detailed statement of said covenants and obligations of the Governmental Units under the Indenture.

Tax-Exempt Bonds. The NMFA covenants and agrees to and for the benefit of the Owners of the Tax-Exempt Bonds that the NMFA (i) will not take any action that would cause interest on the Tax-Exempt Bonds to become subject to federal income taxation, (ii) will not omit to take or cause to be taken, in timely manner, any action, which omission would cause the interest on the Tax-Exempt Bonds to become subject to federal income taxation, and (iii) will, to the extent possible, comply with any other requirements of federal tax law applicable to the Tax-Exempt Bonds in order to preserve the exemption from federal income taxation of interest on the Tax-Exempt Bonds.

State Pledge of Non-Impairment. The State has pledged to and agreed with the holders of the Bonds and the owners of PPRF Secured Obligations (as obligations issued under the Act) that the State will not limit or alter the rights vested in the NMFA under the Act to fulfill the terms of the Indenture with the Bond holders and the owners of PPRF Secured Obligations or in any way impair the rights and remedies of those holders until the Bonds and the PPRF Secured Obligations together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of those holders, are fully met and discharged.

### **Financing Loan Agreements and Securities**

Restrictions. The following restrictions will apply to Loans made by the NMFA under the Indenture:

- (a) The aggregate principal amount of each Loan Agreement and Security will be in whole multiples of Authorized Denomination.
- (b) Each Governmental Unit will agree not to take or permit any action which would cause the respective Agreement or the related Series of Bonds to be “arbitrage bonds” under Sections 103 and 148 of the Code.
- (c) Amounts disbursed from each Governmental Units’ Account within the Program Fund will be used to finance the costs of the related Project and related expenditures on behalf of the Governmental Unit. All funds on deposit in a Governmental Unit’s Program Account may be disbursed to fund a capital projects account held by or on behalf of the Governmental Unit, provided that the Governmental Unit establishes an account for such moneys separate from its other funds, and expressly acknowledges and agrees that its use of such moneys is subject to the requirements and restrictions set forth in the Indenture.
- (d) Each Governmental Unit agrees to pay the Rebatable Arbitrage relating to its Accounts in the Program Fund, the Agreement Reserve Fund and the Debt Service Fund.
- (e) At the time of execution and delivery of each Agreement, the related Governmental Unit will execute and deliver a certificate to the effect that the Governmental Unit (i) will not take any action that would cause the interest on the Bonds to become subject to federal income taxation, (ii) will not omit to take or cause to be taken, in timely manner, any action, which omission would cause the interest on the Bonds to become subject to federal income taxation, and (iii) will, to the extent possible, comply with any other requirements of federal tax law applicable to the Agreement in order to preserve the exemption from federal income taxation of the interest on the Bonds.

The provisions of Subsections (b), (d) and (e) above will not apply to Agreements financed with proceeds of Taxable Bonds.

Waiver of Compliance With Program Requirements. With the Approval of Bond Counsel, any of the requirements of the Indenture may be waived or modified by the Trustee and the NMFA

Loan Agreement and Securities — Loan Payments. The Loan Payments will be governed by the following provisions:

- (a) Principal, Program Costs and Interest Components. A portion of each Loan Payment is paid as, and represents payment of, interest on the related Loan (the “Interest Component”) and payment of a Program Cost component relating to each Loan (the “Program Cost Component”) and the balance of each Loan Payment is paid as, and represents payment of, principal (the “Principal Component”) with respect to the related Loan, all as set forth in the related Agreement. Amounts due as the Principal, Program Costs, and Interest Components of Loan Payments due under each Loan Agreement or Securities will be paid on or before each Loan Payment Date. The Interest Component of Loan Payments for each Agreement will be the amount of interest based on a 360-day year comprised of twelve 30-day months, unless otherwise specified in the related Supplemental Indenture or Pledge Notification. The Program Cost Component may be included in the interest rate applicable to a Loan.
- (b) Agreement and Term. The “Term” of an Agreement will be defined in the Agreement.

(c) Agreement Payment. Agreements will provide that the related Governmental Unit will pay Loan Payments to the NMFA for remittance to Trustee. In the case of Securities, the Securities will be registered in the name of the Trustee or properly assigned to the Trustee on the books of any registrar for such Securities or if in bearer form delivered to the NMFA for remittance to and to be held by the Trustee.

(d) Prepayments. Agreements may contain a provision permitting the Governmental Unit to prepay the Principal Component of Loan Payments, in accordance with the provisions of the Agreement subject to any conditions set forth in the related Supplemental Indenture or Agreement. Partial prepayments of the Principal Component of Loan Payments will be made in multiples of the minimum Authorized Denomination.

(e) Use of Reserve at Final Payment. At the time of payment in full under each Loan Agreement or Securities, the applicable Agreement Reserve Account in the Agreement Reserve Fund will be applied toward the final payment of amounts due under the related Agreement.

### **Establishment and Use of Funds**

Establishment of Funds; Accounts Within Funds. There are established with the Trustee the following funds and accounts within funds, each of which will be held, for the term of the Indenture, in Accounts segregated from all other moneys of the Trustee or the NMFA:

- (a) a Program Fund and within such fund a separate Account for each Agreement or Project;
- (b) a Debt Service Fund and within such fund a separate Account for each Agreement;
- (c) a Bond Fund;
- (d) an Agreement Reserve Fund and within such fund, a separate Account for each Agreement which contemplates the establishment of an Agreement Reserve Account;
- (e) an Expense Fund;
- (f) a Rebate Fund and within such fund a separate Account for each Agreement (other than Agreements related to Taxable Bonds);
- (g) a Subordinate Lien PPRF Revenue Fund (in the Indenture the “Revenue Fund”) established as an account of the Public Project Revolving Fund;
- (h) a Debt Service Reserve Fund and within such fund a separate Account for each Series of Bonds for which a Debt Service Reserve Requirement is established; and
- (i) a Reserve Instrument Fund.

In addition to the foregoing, the NMFA may establish subaccounts within the Program Fund, the Agreement Reserve Fund, the Debt Service Reserve Fund, the Reserve Instrument Fund or the Debt Service Fund.

Program Fund. Except with respect to Reimbursement Bonds, proceeds of which may be deposited directly to the Public Project Revolving Fund, upon the issuance of a Series of Bonds, the Trustee will deposit the amount specified in the related Supplemental Indenture in the Program Fund and except in the case of Uncommitted Proceeds, will allocate such amount to the respective Accounts within the Program Fund as provided in each Agreement, Supplemental Indenture or Pledge Notification. Upon the issuance of a Series of Bonds for which there are Uncommitted Proceeds, the Trustee should deposit such Uncommitted Proceeds in the Program Fund until such time that the Trustee receives a Pledge Notification that identifies the Agreement or Project to which Uncommitted Proceeds are to be allocated and at such time, the Trustee will allocate such Uncommitted Proceeds to the respective Accounts within the Program Fund as provided in each Agreement, Supplemental Indenture or Pledge Notification. Disbursements from each Account within the Program Fund will be made as provided below and may be made in stages or in a single disbursement for the purpose of funding a Governmental Unit’s capital projects account.

Application of Loan Payments. Pursuant to the Loan Agreements and Securities and except as otherwise provided in a Supplemental Indenture, the Loan Payments payable under the Indenture will be paid directly to the NMFA for remittance to the Trustee. Any moneys received by the Trustee directly from a Governmental Unit will be remitted to the NMFA for deposit in the NMFA debt service account or other appropriate account for the Governmental Unit or other borrower from which the Trustee received such moneys.

The Trustee will deposit all Loan Payments from the Loan Agreements and Securities immediately upon receipt thereof from the NMFA, as follows:

First: to the related Account in the Debt Service Fund in an amount required to cause the aggregate amount on deposit therein to equal the amount then required to make the principal and interest payments due or to next become due with respect to the Loan (it being anticipated that each Governmental Unit will deposit an amount at least equal to the Loan Payments falling due under the related Loan Agreement or Securities with the NMFA, which will remit that amount to the Trustee for allocation to the related Account in the Debt Service Fund).

Second: to the related Account, if any, in the Agreement Reserve Fund to the extent necessary to cause the balance in said Account to equal the Agreement Reserve Requirement, if any, of such Account.

Third: to the payment of Program Costs (to the extent allocable to such Agreement).

All income earned from the investment of moneys in the respective Accounts (i) held by the NMFA and (ii) of the Debt Service Fund and the Agreement Reserve Fund (but only to the extent that the amount on deposit therein exceeds the related Agreement Reserve Requirement), will be deposited in the related Account of the Debt Service Fund and applied as a credit to the Loan Payment next coming due under the Agreement, provided, however, that all earnings received on the Governmental Unit's Accounts will be allocated solely to the benefit of such Governmental Unit. The NMFA will notify the Governmental Unit at least fifteen (15) days prior to the due date of its next payment of Loan Payments of the amount of earnings so allocated.

At least once each year, and more frequently if required pursuant to the provisions of a Supplemental Indenture, the Trustee will determine the amount necessary (i) to be transferred to the Bond Fund from each Debt Service Account from payments relating to a Governmental Unit's Agreement, (ii) to replenish the Governmental Unit's Account in the Agreement Reserve Fund and (iii) to pay the Governmental Unit's share of Program Costs for the year, and will return any excess which the Trustee does not expect to be required for such payments to the related Governmental Unit or will credit such excess to the Loan Payments next coming due under the Governmental Unit's Agreement, as provided in the Agreement and subject to the following:

(i) Any excess attributable to earnings on funds and accounts for the Governmental Unit will be returned to the Governmental Unit or will credit such excess to the Loan Payments next coming due under the Governmental Unit's Agreement; and

(ii) Any other excess will be deposited into the Revenue Fund.

Debt Service Fund. When required pursuant to the provisions of a Supplemental Indenture, the Trustee will transfer moneys in the respective Accounts of the Debt Service Fund to the Bond Fund to pay principal of, and premium, if any, and interest on the Bonds, any Security Instrument Repayment Obligations, SWAP Payments (less any SWAP Receipts) and Reserve Instrument Repayment Obligations becoming due, to the extent amounts are on deposit therein for such purpose. When any Bond is called for redemption because a Governmental Unit has made a Prepayment under its Loan Agreement or Securities, the Trustee will, on the redemption date for such Bond, transfer the amount necessary for such redemption from the related Account in the Debt Service Fund to the Bond Fund.

The Trustee will keep the Debt Service Fund and each Governmental Unit's Account therein separate and apart from all other Funds and Accounts held by it.

In the event that a subaccount of a Governmental Unit's Account within the Debt Service Fund is created for an Additional Pledged Loan, amounts representing principal of and interest on such Additional Pledged Loan will be deposited to the subaccount within the Debt Service Account and will be transferred on each payment date for such Additional Pledged

Loan from the Debt Service Fund to the Revenue Fund. Amounts paid under an Additional Pledged Loan for replenishment of a related subaccount of the Agreement Reserve Fund will be deposited therein upon receipt.

Agreement Reserve Fund. The Trustee will deposit the amount, if any, set forth in a Supplemental Indenture or Pledge Notification to the Agreement Reserve Fund and from the source specified in such Supplemental Indenture or Pledge Notification and will allocate such amount to the respective Accounts as provided in each Agreement.

If the amounts on deposit in any Governmental Unit's Account of the Debt Service Fund are insufficient for payments coming due under the related Agreement on the next Loan Payment Date, on the fifth day preceding a Loan Payment Date (or, if such fifth day is not a Business Day, on the Business Day next preceding such fifth day), the Trustee will transfer to such Governmental Unit's Account in the Debt Service Fund from the related Agreement Reserve Account, an amount sufficient, together with amounts in the related Debt Service Account, to pay the Principal Component and the Interest Component due under such Agreement on such Loan Payment Date.

Amounts on deposit in the respective Account of the Agreement Reserve Fund in excess of the related Agreement Reserve Account Requirement will be transferred at least annually to the related Account of the Debt Service Fund and credited against payments next coming due under the related Agreement.

Amounts on deposit in the respective Account of the Agreement Reserve Fund will be applied toward the final payment of amounts falling due under the related Agreement.

As provided in an Agreement, a Governmental Unit may (i) fund an Account in the Agreement Reserve Fund over time from deposits made by or on behalf of the Governmental Unit or (ii) may use any reserve fund surety or similar instruments in lieu of a cash deposit to the Agreement Reserve Fund, as more fully described in the Supplemental Indenture and the Agreement.

The Trustee will keep the Agreement Reserve Fund and each Governmental Unit's Account therein separate and apart from all other Funds and Accounts held by it.

Amounts on deposit in each Agreement Reserve Account, if any, secure only the payments to be made under the related Agreement and may not be applied toward payments under any other Agreement or toward payment of the Bonds, except to the extent that amounts are due and owing under the related Agreement and amounts are not otherwise available for such payments in the related Account of the Debt Service Fund.

In the event that a subaccount of a Governmental Unit's Account within the Agreement Reserve Fund is created for an Additional Pledged Loan, such amounts will be used, in a manner similar to that described above, to secure payment of principal of and interest on such Additional Pledged Loan. In the event that amounts paid by the related Governmental Unit for the payment of principal of and interest on such Additional Pledged Loan are insufficient to make such payments on the fifth day preceding the payment date for such Additional Pledged Loan, amounts on deposit in the related subaccount of the Agreement Reserve Fund will be transferred to the subaccount within the Debt Service Fund and used toward payments on such Additional Pledged Loan on such payment date. Amounts paid under an Additional Pledged Loan for replenishment of the related subaccount of the Agreement Reserve Fund will be deposited therein upon receipt.

Bond Fund. All moneys held by the Trustee in the Bond Fund will be applied in accordance with the Indenture to pay the principal or redemption price of Bonds as they mature or become due, upon surrender thereof, and the interest on Bonds as it becomes due. There will be deposited into the Bond Fund all accrued interest received, if any, at the time of the execution, sale and delivery of the Bonds. There will also be deposited to the Bond Fund from the Debt Service Fund the amounts described in the Indenture and from the Revenue Fund the amounts described in the Indenture. Amounts remaining on deposit in the Bond Fund at the end of each Bond Fund Year and after payment of all amounts due on the Bonds for such Bond Fund Year will be transferred to the Revenue Fund.

The Trustee will pay out of the Bond Fund to the Security Instrument Issuers and to the SWAP Counterparties, if any, that have issued Security Instruments or Interest Rate Swaps, respectively, with respect to such Series of Bonds, an amount equal to any Security Instrument Repayment Obligations and SWAP Payments (net of SWAP Receipts) as the case may be, then due and payable to such Security Instrument Issuers or SWAP Counterparties, as applicable. Except as otherwise specified in a related Supplemental Indenture, all such Security Instrument Repayment Obligations and SWAP Payments will be paid on a parity with the payments to be made with respect to principal of and interest on the Bonds;

provided that amounts paid under a Security Instrument will be applied only to pay the related Series of Bonds. If payment is so made on Pledged Bonds held for the benefit of the Security Instrument Issuer, a corresponding payment on the Security Instrument Repayment Obligation will be deemed to have been made (without requiring an additional payment by the NMFA) and the Trustee will keep its records accordingly.

The NMFA authorizes and directs the Trustee to withdraw sufficient funds from the Bond Fund to pay Debt Service on the Bonds and Security Instrument Repayment Obligations and to pay the SWAP Payments as the same become due and payable and to make said funds so withdrawn available to the Trustee and any Paying Agent for the purpose of paying said Debt Service. In the event that Debt Service on a Series of Bonds is due more frequently than Loan Payments and amounts on deposit in the Bond Fund are insufficient therefor, amounts on deposit in the Revenue Fund will be used to pay Debt Service on such Series of Bonds, and upon receipt of the Loan Payments, the Revenue Fund will be reimbursed for such payments, as directed by the NMFA. Amounts remaining on deposit in the Bond Fund at the end of the Bond Fund Year after the payment of amounts due, as described above for such Bond Fund Year, will be transferred to the Revenue Fund.

The Trustee will deposit to the Bond Fund all moneys transferred from the Debt Service Reserve Fund or from a Reserve Instrument or Instruments then in effect as provided in the Indenture.

Use of Debt Service Reserve Fund. Except as otherwise provided in the Indenture and subject to the immediately following sentence, moneys in each account in the Debt Service Reserve Fund will at all times be maintained in an amount not less than the applicable Debt Service Reserve Requirement, if any. In calculating the amount on deposit in each account in the Debt Service Reserve Fund, the amount of any Reserve Instrument Coverage will be treated as an amount on deposit in such account in the Debt Service Reserve Fund. Each Supplemental Indenture authorizing the issuance of a Series of Bonds will specify the Debt Service Reserve Requirement, if any, applicable to such Series, which amount will either be (i) deposited immediately upon the issuance and delivery of such Series from (a) proceeds from the sale thereof or from any other legally available source, or (b) by a Reserve Instrument or Instruments, or (c) any combination thereof, (ii) deposited from legally available moneys over the period of time specified therein, or (iii) deposited from any combination of (i) and (ii) above; provided however, the foregoing provisions will be subject to the requirements of any Security Instrument Issuer set forth in any Supplemental Indenture. If at any time the amount on deposit in any account of the Debt Service Reserve Fund is less than the minimum amount to be maintained therein under the Indenture, the NMFA is required, pursuant to the Indenture and the provisions of any Supplemental Indenture, to make payments totaling the amount of any such deficiency directly to the Trustee for deposit into the Debt Service Reserve Fund.

In the event of a deficiency in the Bond Fund for a Series of Bonds, the Trustee will transfer moneys on deposit in the related Account of the Debt Service Reserve Fund to the Bond Fund to make up such deficiency.

In the event funds on deposit in an account of the Debt Service Reserve Fund are needed to make up any deficiencies in the Bond Fund as aforementioned, and there is insufficient cash available in such account of the Debt Service Reserve Fund to make up such deficiency and Reserve Instruments applicable to such Series are in effect, the Trustee will immediately make a demand for payment on such Reserve Instruments, to the maximum extent authorized by such Reserve Instruments, in the amount necessary to make up such deficiency, and immediately deposit such payment upon receipt thereof into the Bond Fund. Thereafter, the NMFA will be obligated to reinstate the Reserve Instrument as provided in the Indenture.

No Reserve Instrument will be allowed to expire or terminate while the related Series of Bonds are Outstanding unless and until cash has been deposited into the related account of the Debt Service Reserve Fund, or a new Reserve Instrument has been issued in place of the expiring or terminating Reserve Instrument, or any combination thereof in an amount or to provide coverage, as the case may be, at least equal to the amount required to be maintained in the related account of the Debt Service Reserve Fund.

Moneys at any time on deposit in any Account of the Debt Service Reserve Fund in excess of the amount required to be maintained therein (taking into account the amount of related Reserve Instrument Coverage) will be transferred by the Trustee to the Bond Fund at least once each year.

Moneys on deposit in any Account of the Debt Service Reserve Fund will be used to make up any deficiencies in the Bond Fund only for the Series of Bonds secured by said account and any Reserve Instrument will only be drawn upon with respect to the Series of Bonds for which such Reserve Instrument was obtained.

The NMFA may, upon obtaining approving opinion of bond counsel to the effect that such transaction will not adversely affect the tax-exempt status of any outstanding Bonds, replace any amounts required to be on deposit in the Debt Service Reserve Fund with a Reserve Instrument.

Use of Reserve Instrument Fund. There will be paid into the Reserve Instrument Fund the amounts required by the Indenture and by a Supplemental Indenture to be so paid. The amounts in the Reserve Instrument Fund will, from time to time, be applied by the Trustee on behalf of the NMFA to pay the Reserve Instrument Repayment Obligations which are due and payable to any Reserve Instrument Provider under any applicable Reserve Instrument Agreement.

Use of Revenue Fund. Pursuant to the Senior Indenture, the PPRF Revenues which are not used to satisfy obligations of the NMFA under the Indenture or required by the terms thereof to be retained by the trustee under the Indenture, are to be released from the lien and pledge of the Senior Indenture on June 1 of each year (being the last day of each bond fund year under the Indenture) and the NMFA covenants and agrees that such amounts are and will be subject to the lien of the Indenture. During each Bond Fund Year, (i) all PPRF Revenues released from the lien of the Senior Indenture will be paid to the Trustee immediately upon the release thereof on June 1 of each year, (ii) all amounts received as Additional Pledged Revenues will be immediately deposited with the Trustee and (iii) all payments representing principal and interest from Additional Pledged Loans will be paid immediately upon receipt thereof by the NMFA to the Trustee, and all of the same will be accounted for and maintained by the Trustee in the Revenue Fund, which fund will be kept separate and apart from all other accounts of the Trustee and which, prior to transfer of any excess therefrom pursuant to the Indenture, will be expended and used by the Trustee only in the manner and order of priority specified below.

(a) (i) If the amounts on deposit in the Bond Fund are insufficient for payments of principal of and interest on the Bonds due on such date or if a deficiency has occurred in the Bond Fund that has not otherwise been rectified, the Trustee will immediately transfer from the Revenue Fund to the Bond Fund, an amount sufficient, together with amounts transferred from the Debt Service Fund, to pay the principal of and interest on the Bonds due on such date and to rectify any such deficiency then still existing;

(ii) if the Trustee receives notice from the paying agent for any PPRF Secured Obligation that the amounts available for payment of principal and interest with respect to such PPRF Secured Obligation then due on such date will be insufficient or if a deficiency in the payment of any PPRF Secured Obligation has occurred that has not otherwise been rectified, the Trustee will immediately transfer from the Revenue Fund to such paying agent an amount sufficient, together with amounts otherwise available for such purpose, to pay the principal and interest then due with respect to the PPRF Secured Obligations on such date and to rectify any such deficiency then still existing; and

(iii) if the amounts on deposit in the Bond Fund are insufficient for payments then coming due on such date with respect to any Security Instrument Repayment Obligations or SWAP Payments (net of SWAP Receipts) then due pursuant to any Security Instrument Agreements or Interest Rate Swaps or if there has been a deficiency in the payment of any Security Instrument Repayment Obligations or SWAP Payments that has not been rectified, the Trustee will immediately transfer from the Revenue Fund to the Bond Fund, an amount sufficient, together with amounts transferred from the Debt Service Fund, to pay the amounts due on the Security Instrument Repayment Obligations and the SWAP Payments (net of SWAP Receipts) then due on such date and to rectify any such deficiency then still existing.

The transfers required by (i), (ii) and (iii) above are to be made on a parity basis. In the event that the amounts available for transfer pursuant to (i), (ii) and (iii) above are insufficient therefor the Trustee will make such transfers ratably according to the amounts due.

(b) Subject to making the transfers set forth in Subsection (a) above, the NMFA will make the following transfers to the Trustee:

(i) To the extent the Debt Service Reserve Requirement, if any, is not funded with a Reserve Instrument or Instruments, (A) to the Accounts in the Debt Service Reserve Fund any amounts required by the Indenture and by any Supplemental Indenture to accumulate therein the applicable Debt Service Reserve Requirement with respect to each Series of Bonds at the times and in the amounts provided in the Indenture and in any Supplemental Indenture and (B) if funds have been withdrawn from an Account in the Debt Service Reserve Fund or any Account in the Debt Service Reserve Fund is at any time funded in an

amount less than the applicable Debt Service Reserve Requirement, the NMFA will transfer from the Revenue Fund in such Account(s) in the Debt Service Reserve Fund in an amount sufficient to restore such Account(s) within one year with twelve (12) substantially equal payments during such period (unless otherwise provided for by the Supplemental Indenture governing the applicable Debt Service Reserve Requirement); or a ratable portion (based on the amount to be transferred pursuant to the Indenture) of remaining amounts if less than the amount necessary; and

(ii) Equally and ratably to the Accounts of the Reserve Instrument Fund, with respect to all Reserve Instruments which are in effect and are expected to continue in effect after the end of such month, such amount from the Revenue Fund, or a ratable portion (based on the amount to be transferred pursuant to the Indenture) of the amount so remaining if less than the amount necessary, that is required to be paid, on or before the next such transfer or deposit from the Revenue Fund into the Reserve Instrument Fund, to the Reserve Instrument Provider pursuant to any Reserve Instrument Agreement, other than Reserve Instrument Costs, in order to cause the Reserve Instrument Coverage to equal the Reserve Instrument Limit within one year from any draw date under the Reserve Instrument.

(c) In the event that funds are withdrawn from an Account in the Agreement Reserve Fund, or any Account in the Agreement Reserve Fund is at any time funded in an amount less than the applicable Agreement Reserve Requirement, the NMFA will transfer for deposit in such Account(s) in the Agreement Reserve Fund sufficient Subordinate Lien PPRF Revenues, Agreement Revenues, Additional Pledged Revenues and revenues from Additional Pledged Loans in amount to restore such Account(s) within one year with twelve (12) substantially equal payments during such period (unless otherwise provided for by the Supplemental Indenture governing the applicable Agreement Reserve Requirement); or a ratable portion of remaining Subordinate Lien PPRF Revenues, Agreement Revenues, Additional Pledged Revenues and revenues from Additional Pledged Loans if less than the amount necessary.

(d) Subject to making the foregoing transfers to the Bond Fund and to the paying agent for the PPRF Secured Obligations and to the Security Instrument Issuers and to the SWAP Providers and to the Reserve Instrument Providers, on June 16 of each year, the NMFA will be entitled to direct the Trustee in writing to release to the NMFA the balance on deposit in the Revenue Fund and the Trustee will transfer the such amount to the NMFA and the NMFA may use such balance for:

- (i) deposit to the Public Project Revolving Fund as required by the Act;
- (ii) redemption of Bonds prior to maturity by depositing the same into the Bond Fund;
- (iii) refinancing, refunding, repurchase or advance refunding of any Bonds; or
- (iv) for any other lawful purpose, including (A) payment of Program Costs for Bonds issued under the Indenture and similar costs for PPRF Secured Obligations, (B) replacement of reserves for Bonds issued under the Indenture or PPRF Secured Obligations, and (C) payment of Termination Payments;

provided, however, that notwithstanding the foregoing there will be retained in the Revenue Fund an amount, after giving credit for available amounts in all accounts in the Debt Service Reserve Fund and the Agreement Reserve Fund, sufficient to make payments of all Debt Service requirements on all Bonds, all Security Instrument Repayment Obligations, all SWAP Payments and all Reserve Instrument Repayment Obligations coming due in the then current Bond Fund Year; provided further, that once additional moneys are deposited into the Bond Fund to make all of the foregoing payments, the amounts retained in the Revenue Fund may be released from the lien of this Indenture but only to the extent of additional moneys deposited into the Bond Fund. For purposes of calculating the Debt Service on Variable Rate Bonds for purposes of the Indenture, the provisions of clauses (1), (2) and (3) of the definition of "Debt Service" in the Indenture will apply.

(e) The NMFA may, but is not obligated to, use any PPRF Revenues of the NMFA to satisfy its obligations under the Indenture.

Subordinate Lien PPRF Revenues, Additional Pledged Revenues, Revenues from Additional Pledged Loans and Agreement Revenues to be Held for All Bond Owners and Owners of PPRF Secured Obligations. All of the Subordinate Lien PPRF Revenues, Additional Pledged Revenues, revenues from Additional Pledged Loans and the Agreement Revenues

will, until applied as provided in the Indenture, be held by the Trustee or the NMFA, as applicable, only for the benefit of the Owners of Bonds, Owners of PPRF Secured Obligations (as to Subordinate Lien PPRF Revenues only), Security Instrument Issuers, SWAP Counterparties and Reserve Instrument Providers.

Moneys to be Held in Trust. All moneys required to be deposited with or paid to the Trustee or the NMFA for account to any fund referred to in any provision of the Indenture will be held by the Trustee and the NMFA, as the case may be, in trust. Moneys held by the NMFA as servicer of the Agreements and the Additional Pledged Loans until paid to the Trustee will be kept separate and apart from all other accounts of the NMFA, who will hold and administer such moneys as agent for the Trustee and such moneys will at all times be subject to the lien and trust imposed by the Indenture.

Repayment to Governmental Units from Debt Service Fund. Any amounts remaining in any Governmental Unit's Debt Service Account or Agreement Reserve Account after payment in full of the principal of and premium, if any, and interest on the related Agreement, the fees, charges, and expenses of Trustee, all other amounts required to be paid under the Indenture will be paid immediately to the Governmental Unit as an overpayment of Loan Payments.

Trustee under the Indenture. The Trustee under the Indenture and the trustee under the Senior Indenture will at all times be one and the same entity.

### **Investment of Moneys**

Any moneys held (i) as part of a Governmental Unit's Account in any of the Funds established by the Indenture or (ii) by the NMFA as agent for the Trustee, will be invested by the Trustee or the NMFA, as the case may be, in Permitted Investments in accordance with the Indenture. The Trustee or the NMFA will sell and reduce to cash a sufficient amount of such investments whenever the cash balance in the related Debt Service Account is insufficient to pay the principal of and premium, if any, and interest on the related Agreement when due.

Any moneys on deposit in the Revenue Fund, the Expense Fund, the Rebate Fund, the Debt Service Reserve Fund or the Bond Fund will be invested and reinvested by the Trustee at the direction of the NMFA only in Permitted Investments in accordance with the Indenture. Any such investments will be held by or under the control of the Trustee. The Trustee will sell and reduce to cash a sufficient amount of the investments on deposit in the Bond Fund whenever the cash balance in the Bond Fund is insufficient to pay the principal of and premium, if any, and interest on the Bonds when due.

All such investments will at all times be a part of the Account or Fund from where the money used to acquire such investments was deposited and all gains thereon will be credited to, and losses thereon will be charged against, such accounts or funds except as expressly provided to the contrary in the Indenture.

All investments will mature or be subject to repurchase, withdrawal without penalty, or redemption at the option of the owner on or before the dates on which the amounts invested are reasonably expected to be needed for the purposes of the Indenture.

The principal of the investments and the interest, income, and profits received in respect thereof will be applied as follows:

(i) all interest, income, and profits received in respect of the investment of the amounts on deposit in a Governmental Unit's Account in any of the Funds established by Article VI of the Indenture will (after deduction of any losses) be retained in the applicable Governmental Unit's Account from which the investment was derived (except as otherwise required with respect to the Agreement Reserve Fund and deposits to be made to the Rebate Fund);

(ii) all interest, income, and profits received in respect of the investment of the amounts on deposit in the Revenue Fund, the Rebate Fund or the Bond Fund will (after deduction of any losses) be retained in such Fund; and

(iii) whenever any other transfer or payment is required to be made from any particular Fund or Account, such transfer or payment will be made from such combination of maturing principal, redemption, or repurchase prices, liquidation proceeds, and withdrawals of principal as the Trustee deems appropriate for such purpose, after taking into account such factors as future transfers or payments from the

Fund or Account in question, the reinvestment opportunities for maturing principal, the current yield on any permitted investments to be redeemed, withdrawn, or sold, and any penalties, gains, or losses to be realized upon any such redemption, withdrawal, or sale.

Neither the NMFA nor the Trustee will be accountable for any depreciation in the value of the Permitted Investments or any losses incurred upon any authorized disposition thereof.

Method and Frequency of Valuation. In computing the amount in any fund or account, Permitted Investments will be valued at least annually at cost, including commissions and accrued interest but excluding interest accrued following acquisition.

### **Defeasance**

When there has been paid, or provisions for payment have been made to or for the holders and Owners of the Bonds and PPRF Secured Obligations, the principal of and premium, if any, and interest due or to become due on the Bonds and PPRF Secured Obligations at the times and in the manner stipulated therein, and if there has been paid to the Trustee and any paying agents all sums of money due or to become due according to the Indenture, and if the NMFA has paid or has caused to be paid to (i) all Security Instrument Issuers all Security Instrument Repayment Obligations due and payable under all Security Instruments, (ii) all SWAP Counterparties all SWAP Payments due and payable under all Interest Rate Swaps, and (iii) all Reserve Instrument Providers all Reserve Instrument Repayment Obligations due and payable under all Reserve Instrument Agreements, then the estate and rights granted by the Indenture will cease, terminate and be void, whereupon the Trustee will cancel and discharge the lien of the Indenture, and on demand of the NMFA will execute such documents to evidence such release as will be reasonably required by the NMFA and will turn over to the NMFA all balances held by the Trustee under the Indenture (other than amounts required for return to the Governmental Units as provided in the Indenture).

Any Bond will be deemed to be paid for all purposes of the Indenture when (a) payment of the principal of and the applicable premium, if any, on such Bond, whether at maturity or prior redemption plus interest thereon to the due date thereof either (i) has been made or caused to be made in accordance with the terms thereof, or (ii) has been provided by irrevocably depositing with the Trustee or other escrow agent, in trust, and the Trustee or other escrow agent has irrevocably set aside exclusively for such payment, (1) moneys sufficient to make such payment, and/or (2) noncallable Governmental Obligations maturing as to principal and interest in such amount and at such times as will insure the availability of sufficient moneys to make such payment, and (b) all necessary and proper fees, compensation and expenses of the Trustee and any paying agents pertaining to the Bonds with respect to which such deposit is made will have been paid or the payment thereof provided for to the satisfaction of the Trustee. At such time as a Bond is deemed to be paid under the Indenture, as aforesaid, it will no longer be secured by or entitled to the benefits of the Indenture, except for the purposes of any such payment from such moneys or noncallable Governmental Obligations.

All moneys so deposited with the Trustee (or other escrow agent) as provided in the Indenture may at the direction of the NMFA also be invested and reinvested in noncallable Governmental Obligations, maturing in the amounts and at times as set forth in the Indenture, and all income from all noncallable Governmental Obligations in the hands of the Trustee pursuant to the Indenture which is not required for the payment of the Bonds and interest and premium, if any, thereon with respect to which such moneys has been so deposited, will be deposited in the Revenue Fund as and when realized and collected for use and application as are other moneys deposited in that fund.

Notwithstanding anything in the Indenture to the contrary, all moneys or noncallable Governmental Obligations set aside and held in trust pursuant to the provisions of the Indenture for the payment of Bonds (including interest and premium thereon, if any) will be applied to and used solely for the payment of the particular Bonds (including interest and premium thereof, if any) with respect to which such moneys and noncallable Governmental Obligations have been so set aside in trust.

Neither the obligations nor the moneys deposited with the Trustee (or other escrow agent) pursuant to the Indenture will be withdrawn or used for any purpose other than, and will be segregated and held in trust for, the payment of the principal or redemption price of, and interest on, the Bonds or portions thereof.

Whenever moneys or obligations are deposited with the Trustee (or other escrow agent) for the payment or redemption of any Bonds more than sixty (60) days prior to the date that such Bonds are to mature or be redeemed, the Trustee will mail a notice stating that such moneys or obligations have been deposited and identifying the Bonds for the

payment of which such moneys or obligations are being held, to all Owners of Bonds for the payment of which such moneys or obligations are being held.

Notwithstanding anything in the Indenture to the contrary, if moneys or Government Obligations have been deposited or set aside with the Trustee pursuant to the Indenture for the payment of Bonds and such Bonds have not in fact been actually paid in full, no amendment to the provisions of the Indenture will be made without the consent of the Registered Owner of each Bond affected thereby.

Notwithstanding anything in the Indenture to the contrary, in the event that the principal and/or interest due on any Series of Bonds is paid by a bond insurer with respect to such Series of Bonds pursuant to a municipal bond insurance policy, the Bonds of such Series will remain Outstanding for all purposes, not be defeased or otherwise satisfied and not be considered paid by the NMFA, and the assignment and pledge of the Trust Estate and all covenants, agreements and other obligations of the NMFA to the Registered Owners and related Security Instrument Issuers of such Series of Bonds will continue to exist and will run to the benefit of such bond insurer, and such bond insurer will be subrogated to the rights of such Registered Owners and related Security Instrument Issuers of such Series of Bonds.

### **Default Provisions and Remedies of the Trustee and Owners**

Events of Default Defined. Each of the following events is an “Event of Default” under the Indenture:

- (a) if payment of any installment of interest on any of the Bonds is not made by or on behalf of the NMFA when the same becomes due and payable; or
- (b) if payment of the principal of or the redemption premium, if any, on any of the Bonds is not by or on behalf of the NMFA when the same becomes due and payable, either at maturity or by proceedings for redemption in advance of maturity or through failure to fulfill any payment to any fund under the Indenture or otherwise; or
- (c) if the NMFA for any reason is rendered incapable of fulfilling its obligations under the Indenture;  
or
- (d) if an order or decree is entered, with the consent or acquiescence of the NMFA, appointing a receiver or custodian for any of the Trust Estate, or approving a petition filed against the NMFA seeking reorganization of the NMFA under the federal bankruptcy laws or any other similar law or statute of the United States of America or any state thereof, or if any such order or decree, having been entered without the consent or acquiescence of the NMFA is not vacated or discharged or stayed on appeal within 30 days after the entry thereof;  
or
- (e) if any proceeding is instituted, with the consent or acquiescence of the NMFA, for the purpose of effecting a composition between the NMFA and its creditors or for the purpose of adjusting the claims of such creditors pursuant to any federal or state statute now or enacted after the effective date of the Indenture, if the claims of such creditors are or may be under any circumstances payable from the Trust Estate; or
- (f) if (i) the NMFA is adjudged insolvent by a court of competent jurisdiction, or (ii) an order, judgment or decree be entered by any court of competent jurisdiction appointing, without the consent of the NMFA, a receiver, trustee or custodian of the NMFA or of the whole or any part of their property and any of the aforesaid adjudications, orders, judgments or decrees are not vacated or set aside or stayed within 60 days from the date of entry thereof; or
- (g) if the NMFA files a petition or answer seeking reorganization, relief or any arrangement under the federal bankruptcy laws or any other applicable law or statute of the United States of America or any state thereof;  
or
- (h) if, under the provisions of any other law for the relief or aid of debtors, any court of competent jurisdiction assumes custody or control of the NMFA or of the whole or any substantial part of the property of the NMFA, and such custody or control will not be terminated within 30 days from the date of assumption of such custody or control; or

(i) if the NMFA defaults in the due and punctual performance of any other of the covenants, conditions, agreements and provisions contained in the Bonds or in the Indenture or any Supplemental Indenture thereto on the part of the NMFA to be performed, other than as set forth in the Indenture, and such Default continues for 30 days after written notice specifying such Event of Default and requiring the same to be remedied has been given to the NMFA by the Trustee, which may give such notice in its discretion and will give such notice at the written request of the Registered Owners of not less than 25% in aggregate principal amount of the Bonds then Outstanding under the Indenture.

Remedies of the Trustee. If an Event of Default has occurred and is continuing, the Trustee in its discretion may, and upon the written request of the Owners of a majority in aggregate principal amount of all Bonds then Outstanding and receipt of indemnity to its satisfaction, will, in its own name:

(a) by mandamus or other action or proceeding or suit at law or in equity enforce the rights of the Owners of the Bonds under the Indenture, including enforcing any rights under the Agreements, Additional Pledged Loans and Security Documents and the provisions of the Indenture for the benefit of the Owners of the Bonds and, as provided in the Indenture, the owners of the PPRF Secured Obligations against the NMFA and any related Governmental Unit, and compel the NMFA and any related Governmental Unit, to perform or carry out its duties under the law and the agreements and covenants required to be performed by it contained in the Indenture or in any Agreement or Additional Pledged Loans (including the appointment of a receiver); or

(b) by suit in equity enjoin any acts or things which are unlawful or violate the rights of the Trustee;  
or

(c) intervene in judicial proceedings that affect the Bonds, the PPRF Secured Obligations, the Agreements, the Additional Pledged Revenues, the Additional Pledged Loans or the security therefor; or

(d) exercise any or all remedies permitted under the Agreements or Security Documents; or

(e) cause the NMFA or any related Governmental Unit to account as if it were the trustee of an express trust for all of the Subordinate Lien PPRF Revenues, Additional Pledged Revenues, Agreement Revenues and revenues attributable to Additional Pledged Loans pledged under the Indenture or pursuant to the Agreements and any Security Documents; or

(f) terminate the provisions of the Indenture providing for NMFA collection, deposit and loan administration functions in connection with Loans and Additional Pledged Loans and cause such payments to be made directly to the Trustee.

Non-Waiver. A waiver of any default or breach of duty or contract by the Trustee or the Owners of the Bonds or PPRF Secured Obligations will not affect any subsequent default or breach of duty or contract or impair any rights or remedies on any subsequent default or breach of duty or contract. No delay or omission by the Trustee or the Owners of the Bonds or PPRF Secured Obligations to exercise any right or remedy accruing upon any default or breach of duty or contract will impair any such right or be construed to be a waiver of any such default or breach of duty or contract or an acquiescence therein, and every right or remedy conferred upon the Trustee or the Owners by law or by the Indenture may be enforced and exercised from time to time and as often as is deemed expedient by the Trustee or the Owners.

If any action, proceeding or suit to enforce any right or to exercise any remedy is abandoned or determined adversely to the Trustee or the Owners, the Trustee, the Owners, the NMFA, and the Governmental Units will be restored to the former positions, rights and remedies as if such action, proceeding or suit had not been brought or taken.

Remedies Not Exclusive. No remedy conferred upon or reserved to the Trustee or the Owners of the Bonds or PPRF Secured Obligations in the Indenture is intended to be exclusive of any other remedy, and each such remedy will be cumulative and will be in addition to every other remedy given under the Indenture or now or hereafter existing in law or in equity or by statute or otherwise and may be extended without exhausting and without regard to any other remedy conferred by any law.

No Liability by the NMFA for Payments of Governmental Units. Other than in its capacity as servicer of Loans and Additional Pledged Loans, the NMFA will not have any obligation or liability to the Trustee or the Owners of the Bonds or

PPRF Secured Obligations with respect to the payment when due of the Loan Payments by the Governmental Units, or with respect to the performance by the Governmental Units of the other agreements and covenants required to be performed by them contained in the Loan Agreements, Additional Pledged Loans and Securities, the related Security Documents, or in the Indenture, or with respect to the performance by the Trustee or any right or obligation required to be performed by them contained in the Indenture.

No Liability by the Governmental Units to the Owners. Except for the payment when due of the Loan Payments and Additional Pledged Loans and the performance of the other agreements and covenants required to be performed by it contained in the Agreements, Additional Pledged Loans and Security Documents, the Governmental Units will not have any obligation or liability to the Owners of Bonds and PPRF Secured Obligations with respect to the Indenture or the preparation, execution, delivery or transfer of the Bonds or the disbursement of the Loan Payments, by the Trustee, or with respect to the performance by the NMFA of any right or obligation required to be performed by it contained in the Indenture or for the performance by any other Governmental Unit of such other Governmental Unit's obligations under an Agreement, Additional Pledged Loans or Security Documents.

Limitation of Owners' Right to Bring Suit. No Owner of any Bond or PPRF Secured Obligations will have any right to institute any proceeding, judicial or otherwise, under or with respect to the Indenture, for the appointment of a receiver or trustee or for any other remedy under the Indenture, at law or in equity, unless;

(a) such Owner has previously given written notice to the Trustee of a continuing Event of Default (in the case of the Bonds) or of the payment default or other default pursuant to the Indenture (in the case of PPRF Secured Obligations);

(b) the Owners of Bonds and PPRF Secured Obligations of not less than a majority of the aggregate principal amount of the Bonds Outstanding and PPRF Secured Obligations then outstanding have made written request to the Trustee to institute proceedings in respect of such Event of Default (in the case of the Bonds) or of the payment default or other default pursuant to the Indenture (in the case of PPRF Secured Obligations) in its own name as Trustee under the Indenture;

(c) such Owner or Owners have offered to the Trustee reasonable indemnity, satisfactory to the Trustee, against the costs, expenses and liabilities to be incurred in compliance with such request; and

(d) the Trustee for 60 days after its receipt of such notice, request and offer of indemnity has failed to institute any such proceeding.

No one or more Owners of Bonds and PPRF Secured Obligations has any right in any manner whatever by virtue of, or by availing of, any provision of the Indenture to affect, disturb or prejudice the lien of the Indenture or the rights of any other Owners or to obtain or to seek to obtain priority or preference over any other Owners or to enforce any right under the Indenture, except in the manner provided in the Indenture and for the equal and ratable benefit of all Bond Owners and Owners of PPRF Secured Obligations. Notwithstanding the foregoing, the Owner of any Bond and the Owners of PPRF Secured Obligations has the right, which is absolute and unconditional, to receive payment of interest on such Bond or PPRF Secured Obligation when due in accordance with the terms thereof and of the Indenture and the principal of such Bond or PPRF Secured Obligation at the stated maturity thereof and to institute suit for the enforcement of any such payment in accordance with the provisions of the Indenture and such rights will not be impaired without the consent of such Owner.

The Owners of a majority in aggregate principal amount of the Bonds and PPRF Secured Obligations outstanding have the right, after furnishing indemnity satisfactory to the Trustee, to direct the method and place of conducting all remedial proceedings by the Trustee under the Indenture, provided that such direction is not in conflict with any rule of law or with the Indenture or unduly prejudice the rights of minority Owners of Bonds or PPRF Secured Obligations.

Application of Funds Upon Default. All moneys received by the Trustee or by any receiver pursuant to any right given or action taken under the provisions of the Indenture or under the provisions of the related Agreements, will, after payment of the reasonable costs and fees of, and the reasonable expenses, liabilities and advances incurred or made by the Trustee, and after giving effect to the parity claim of PPRF Secured Obligations to amounts on deposit in the Revenue Fund, be deposited in the Bond Fund and all moneys so deposited during the continuance of an Event of Default (other than moneys deposited to the Bond Fund for the payment of Bonds which have previously matured or otherwise become payable prior to such Event of Default), together with all moneys in the Funds maintained by the Trustee or the NMFA under the Indenture,

and after giving effect to the parity claim of PPRF Secured Obligations to amounts on deposit in the Revenue Fund, will be applied as follows:

(a) To the payment of the Principal of, premium, if any, and interest then due and payable on the bonds as follows:

(i) Unless the principal of all Bonds has become due and payable, all such moneys will be applied:

FIRST: To the payment to the persons or entity entitled thereto of all installments of interest then due on the Bonds, in the order of maturity of the installments of such interest, and, if the amount available is not sufficient to pay in full any particular installment of interest, then to the payment ratably according to the amounts due on such installment, to the persons or entity entitled thereto without any discrimination or privilege;

SECOND: To the payment to the persons or entity entitled thereto of the unpaid principal of any of the Bonds which have become due (other than Bonds called for prepayment for the payment of which moneys are held pursuant to the provisions of the Indenture), with interest on such Bonds at their rate from the respective dates upon which they became due, in the order of their due dates, and, if the amount available is not sufficient to pay in full Bonds due on any particular date, together with such interest, then to the payment ratably, according to the amount of principal and interest due on such date, to the persons or entities entitled thereto without any discrimination or privilege;

THIRD: To be held for the payment to the persons entitled thereto as the same becomes due of the principal of, the premium, if any, and interest on the Bonds which may thereafter become due at maturity and, if the amount available is not sufficient to pay in full Bonds due on any particular date, together with interest then due and owing thereon, payment will be made ratably according to the amount of principal due on such date to the persons entitled thereto without any discrimination or privilege.

(ii) If the principal of all the Bonds has become due all such moneys will be applied to the payment of the principal and interest then due and unpaid upon the Bonds, with the interest on overdue principal, as aforesaid, without preference or priority of principal over interest or of interest over principal or of any installment of interest over any other installment of interest, or of any Bonds over any other certificates, ratably, according to the amounts due respectively for principal and interest, to the persons entitled thereto without any discrimination or privilege.

(b) To the payment of all obligations then due and payable to any Security Instrument Issuers under any applicable Security Instrument Agreement.

Whenever moneys are to be applied pursuant to the provisions of the Indenture, such moneys will be applied at such times, and from time to time, as the Trustee determines, having due regard for the amount of such moneys available for such application in the future. Whenever the Trustee applies such moneys it will fix the date (which will be an Interest Payment Date unless it will deem another date more suitable) upon which date such application is to commence and upon such date interest on the amounts of principal to be paid on such date will cease to accrue. The Trustee will give such notice as it may deem appropriate of the deposit with it of any moneys and of the fixing of any such date and of the Special Record Date in accordance with the Indenture. The Trustee is not required to make payment to the holder of any unpaid Bond until such Bond is presented to the Trustee for appropriate endorsement or for cancellation if fully paid.

Waivers of Events of Default. The Trustee may in its discretion waive any Event of Default under the Indenture and its consequences and will do so upon the written request of the Registered Owners of (a) a majority in aggregate principal amount of all the Bonds then outstanding in respect of which Default in the payment of principal and interest exist, or (b) a majority in aggregate principal amount of the Bonds then Outstanding in the case of any other Event of Default; provided, however, that there will not be waived (i) any Event of Default in the payment of the principal of any Bonds at the date of maturity specified therein, or (ii) any default in the payment when due of the interest on any such Bonds, unless prior to such waiver or rescission, all arrears of interest, with interest (to the extent permitted by law) at the rate borne by the Bonds in

respect of which such Event of Default has occurred on overdue installments of interest and all arrears of payments of principal and premium, if any, when due and all expenses of the Trustee, in connection with such Event of Default have been paid or provided for, and in case of any such waiver or rescission, or in case any proceeding taken by the Trustee on account of any such Event of Default has been discontinued or abandoned or determined adversely, then and in every such case the NMFA, the Trustee, the Security Instrument Issuers and the Registered Owners will be restored to their former positions and rights under the Indenture, respectively, but no such waiver or rescission will extend to any subsequent or other Event of Default, or impair any right consequent thereon.

Defaults Relating to PPRF Secured Obligations. A default with respect to the PPRF Secured Obligations is not (in and of itself) an Event of Default under the Indenture and the Owners of the PPRF Secured Obligations will be limited to their right to payment from Subordinate Lien PPRF Revenues and performance by the NMFA of its covenants and agreements under the Indenture on their behalf. In the event that NMFA fails to make payment on any PPRF Secured Obligation or defaults in the due and punctual performance of any other covenant, condition or provision of the Indenture relating thereto, the Trustee may and upon the written request of the Owners of a majority of the PPRF Secured Obligations (or any fiduciary therefore) and upon receipt of indemnity to its satisfaction, will in its own name exercise any of the rights and remedies provided in the Indenture to the extent applicable to the collection and application of Subordinate Lien PPRF Revenues.

The Owners of PPRF Secured Obligations will be secured by and entitled to a parity claim on all Subordinate Lien PPRF Revenues deposited to or required to be deposited to the Revenue Fund. In the exercise of remedies under the Indenture relating to the collection and application of Subordinate Lien PPRF Revenues, the Trustee will act for the benefit of the Owners of the PPRF Secured Obligations on the same basis as for Owners of Bonds.

### **The Trustee**

Fees, Charges and Expenses of the Trustee. The Trustee will be entitled to payment and reimbursement for reasonable fees for its services rendered under the Indenture and all advances, counsel fees and other expenses reasonably and necessarily made or incurred by the Trustee in connection with such services. The Trustee will be entitled to payment and reimbursement for the reasonable fees and charges of the Trustee as Paying Agent and Registrar for the Bonds as provided in the Indenture. Upon an Event of Default, but only upon an Event of Default, the Trustee will have a right of payment prior to payment on account of interest or principal of, or premium, if any, on any Bond for the foregoing advances, fees, costs and expenses incurred.

Notice to Owners if Event of Default Occurs. Except as otherwise required by the Indenture, the Trustee will give to the Owners of Bonds and PPRF Secured Obligations notice of each default under the Indenture known to the Trustee within ninety days after the occurrence thereof, unless such default has been remedied or cured before the giving of such notice; provided that, except in the case of default in the payment of principal of or premium, if any, or interest on any of the Bonds or PPRF Secured Obligations, the Trustee will be protected in withholding such notice if and so long as the board of directors, the executive committee or a trust committee of directors or responsible officers of the Trustee in good faith determines that the withholding of such notice is in the interest of the Owners. Each such notice of default will be given by the Trustee by mailing written notice thereof to all holders of Bonds and PPRF Secured Obligations then outstanding whose names appear on the list of Owners as provided in the Indenture and, if required by the Trustee, such Owners have offered the Security or indemnity required by the Indenture.

Intervention by the Trustee. In any judicial proceeding to which the NMFA or a Governmental Unit is a party and which, in the opinion of the Trustee and its counsel, has a substantial bearing on the interest of Owners of the Bonds, the Trustee may intervene on behalf of Owners and will do so if requested in writing by the Owners of a majority in the aggregate principal amount of Bonds then outstanding and, if required by the Trustee, such Owners have offered the Security or indemnity required by the Indenture.

Successor Trustee. Any corporation or association into which the Trustee may be converted or merged, or with which it may be consolidated, or to which it may sell or transfer its corporate trust business and assets as a whole or substantially as a whole, or any corporation or association resulting from any such conversion, sale, merger, consolidation or transfer to which it is a party, will be and become successor to the Trustee under the Indenture and vested with all of the title to the Trust Estate and all the trusts, powers, discretions, immunities, privileges and all other matters as was its predecessor, without the execution or filing of any instrument or any further act, deed or conveyance on the part of any of the parties to the Indenture, anything in the Indenture to the contrary notwithstanding.

Resignation by the Trustee. The Trustee and any successor to the Trustee may at any time resign from the trusts created in the Indenture by giving thirty days' written notice by registered or certified mail to the NMFA and to the owner of each Bond as shown by the list of Owners required by the Indenture to be kept by the Trustee, and such resignation will take effect only upon the appointment of a successor Trustee by the Owners or by the NMFA.

Removal of the Trustee. The Trustee may be removed at any time, by the NMFA (except during the continuance of an Event of Default) by written notice signed by the NMFA or by an instrument or concurrent instruments in writing delivered to the Trustee and to the NMFA and signed by the Owners of a majority in aggregate principal amount of Bonds then outstanding. Any removal will take effect upon the appointment of a successor Trustee.

Appointment of Successor Trustee. In case the Trustee under the Indenture resigns or is removed, or is dissolved, or is in course of dissolution or liquidation, or otherwise become incapable of acting under the Indenture, or in case it is taken under the control of any public officer or officers, or of a receiver appointed by a court, the NMFA covenants and agrees to appoint a successor Trustee. If in a proper case no appointment of a successor Trustee is made by the NMFA pursuant to the Indenture within 45 days after the Trustee gives NMFA written notice of resignation or after a vacancy in the office of the Trustee has occurred by reason of its inability to act or its removal, the Trustee, or any Bondholder may apply to any court of competent jurisdiction to appoint a successor to itself as Trustee. Said court, after such notice, if any, as such court may deem proper, thereupon may appoint a successor Trustee. Every such Trustee appointed pursuant to the Indenture will be a trust company or bank in good standing having a reported capital and surplus of not less than \$50,000,000 if there be such an institution willing, qualified and able to accept the trust upon customary terms.

Concerning Any Successor Trustee. Every successor Trustee appointed under the Indenture will execute, acknowledge and deliver to its predecessor and also to the NMFA an instrument in writing accepting such appointment under the Indenture, and thereupon such successor, without any further act, deed or conveyance, will become fully vested with all the estates, properties, rights, powers, trusts, duties and obligations of its predecessors; but such predecessor will, nevertheless, on the written request of the NMFA, or of its successor, execute and deliver an instrument transferring to such successor all the estates, properties, rights, powers and trusts of such predecessor under the Indenture; and every predecessor Trustee will deliver all securities and moneys held by it as Trustee under the Indenture to its successor. Should any instrument in writing from the NMFA be required by any successor Trustee for more fully and certainly vesting in such successor the estate, rights, powers and duties vested by the Indenture or intended to be vested in the predecessor, any and all such instruments in writing will, on request, be executed, acknowledged and delivered by the NMFA. The resignation of any Trustee and the instrument or instruments removing any Trustee and appointing a successor under the Indenture, together with all other instruments provided for in the Indenture, will be filed or recorded by the successor Trustee in each recording office where the Indenture has been filed or recorded.

### **Supplemental Indentures, Amendments to Agreements, Amendments and Supplements to Senior Indenture**

Supplemental Indentures Not Requiring Consent of Owners. The NMFA and the Trustee may, without consent of, or notice to, any of the Owners enter into an indenture or indentures supplemental to the Indenture for any one or more of the following purposes:

- (a) To provide for the issuance of the Initial Obligations or Additional Bonds and PPRF Secured Obligations in accordance with the Indenture;
- (b) To cure any ambiguity or formal defect or omission in the Indenture;
- (c) To grant to or confer upon the Trustee for the benefit of the Owners any additional rights, remedies, powers or authority that may lawfully be granted to or conferred upon the Owners or the Trustee;
- (d) To subject to the Indenture additional revenues, properties or collateral;
- (e) To evidence the appointment of a separate Trustee or paying agent or the succession of a new Trustee or paying agent under the Indenture;
- (f) To make any other change which in the judgment of the Trustee is not materially adverse to the interests of the Trustee or any of the Owners;

(g) To make any amendments with the prior written confirmation from the Rating Agencies that such amendments will not result in the rating on the Bonds and PPRF Secured or any Governmental Unit or to grant additional powers or rights to the Trustee;

(h) To add additional covenants of the NMFA or any Governmental Unit or to surrender any right or power conferred in the Indenture upon the NMFA or any Governmental Unit or to grant additional powers or rights to the Trustee.

Supplemental Indentures Requiring Consent of Owners. Exclusive of supplemental indentures covered by the Indenture and subject to the terms and provisions contained in the Indenture, and not otherwise, the Owners of not less than a majority in aggregate principal amount of the Bonds and PPRF Secured Obligations then outstanding have the right, from time to time, anything contained in the Indenture to the contrary notwithstanding, to consent to and approve the execution by the NMFA and the Trustee of such other indenture or indentures supplemental to the Indenture as is deemed necessary and desirable by the NMFA for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in the Indenture or in any supplemental indenture; provided, however, that nothing in the Indenture permits, or is construed as permitting, (i) an extension of the maturity of the principal of, or the interest on, any Bond issued under the Indenture, or (ii) a reduction in the principal amount of, or redemption premium on, any Bond or the rate of interest thereon, or (iii) a privilege or priority of any Bond or Bonds or PPRF Secured Obligations over any other Bond or Bonds or PPRF Secured Obligations, or (iv) a reduction in the aggregate principal amount of the Bonds or PPRF Secured Obligations required for consent to such supplemental indentures, or (v) permit the creation of any lien ranking prior to the lien of the Indenture on the Trust Estate or any part thereof, or (vi) deprive the Owner of any Bond then outstanding of the lien created by the Indenture on the Trust Estate without the prior consent of 100% of the holders of the Bonds and PPRF Secured Obligations affected by such supplemental indenture. The Trustee may, but is not obligated to, enter into any such supplemental indenture which adversely affects the Trustee's rights, duties or immunities under the Indenture or the Agreements.

Amendment of Agreements and Security Documents. The NMFA has the right to amend an Agreement, Additional Pledged Loan documents and any existing Security Documents with the consent of the Trustee and the related Governmental Unit without Bond Owners' consent, for one or more of the following purposes:

(i) to add additional covenants of the NMFA or the related Governmental Unit, as applicable, or to surrender any right or power conferred in the Indenture upon the NMFA or the related Governmental Unit;

(ii) to make any amendments with the prior written confirmation from the Rating Agencies that such amendment will not result in the rating on the Bonds and PPRF Secured Obligations following such amendment being lower than the rating on the Bonds and PPRF Secured Obligations immediately prior to such amendment;

(iii) for any purpose not inconsistent with the terms of the Indenture or to cure any ambiguity or to correct or supplement any provision contained therein or in any amendment thereto which may be defective or inconsistent with any other provision contained therein or in the Indenture or in any amendment thereto or in any Supplemental Indenture, or to make such other provisions in regard to matters or questions arising under any Agreement, or Security Documents which in the judgment of the Trustee do not adversely affect the interests of the Owners of Bonds or owners of any PPRF Secured Obligations; or

(iv) to make any other change or amendment upon delivery to the Trustee of a Cash Flow Statement and an Approval of Bond Counsel.

If the NMFA or a Governmental Unit proposes to amend an Agreement or related Security Documents in a manner not contemplated by (a) above the Trustee will notify the Owners of the Bonds of the proposed amendment and may consent thereto with the consent of the Owners of at least a majority in aggregate principal amount of the Bonds then Outstanding.

Amendments and Supplements to Senior Indenture. The NMFA will be permitted to amend and supplement the provisions of the Senior Indenture as provided therein including amendments and supplements permitting the issuance of additional Senior Bonds under the Indenture, provided that without the prior written consent of the Owners of not less than a majority in aggregate principal amount of the Bonds then outstanding under the Indenture and the owners of PPRF Secured

Obligations, the NMFA and the Trustee will not amend or supplement the Senior Indenture to change the time for release of the PPRF Revenues from the lien of the Senior Indenture or to preclude such release as contemplated under the Indenture.

### **Miscellaneous**

Consents, etc. of Owners. Any consent, request, direction, approval, objection or other instrument required by the Indenture to be signed and executed by the Owners may be in any number of concurrent documents and may be executed by such Owners in person or by agent appointed in writing. Proof of the execution of any such consent, request, direction, approval, objection or other instrument or of the writing appointing any such agent and of the ownership of Bonds, if made in the following manner, will be sufficient for any of the purposes of the Indenture, and will be conclusive in favor of the Trustee with regard to any action taken by it under such request or other instrument, namely:

(a) The fact and date of the execution by any person of any such writing may be proved by the certificate of any officer in any jurisdiction who by law has power to take acknowledgments within such jurisdiction that the person signing such writing acknowledged before him the execution thereof, or by an affidavit of any witness to such execution.

(b) The fact of ownership of Bonds and the amount or amounts, numbers and other identification of such Bonds, and the date of holding the same, will be proved by the registration books of the Trustee maintained by the Trustee pursuant to the Indenture.

(c) The fact of ownership of PPRF Secured Obligations and the amount or amounts, numbers and other identification of such PPRF Secured Obligations, and the date of holding the same, will be proved by the registration books of the registrar for such obligations or otherwise as the NMFA may determine.

For all purposes of the Indenture and of the proceedings for the enforcement thereof, such person will be deemed to continue to be the Owner of such Bond or owner of PPRF Secured Obligations until the Trustee receives notice in writing to the contrary.

Limitation of Rights. With the exception of any rights expressly conferred in the Indenture, nothing expressed or mentioned in or to be implied from the Indenture or the Bonds or PPRF Secured Obligations is intended or is to be construed to give to any person or company other than the parties thereto, the Governmental Units and the Owners of the Bonds or owners of any PPRF Secured Obligations, any legal or equitable right, remedy or claim under or with respect to the Indenture or any covenants, conditions and provisions therein contained; the Indenture and all of the covenants, conditions and provisions thereof being intended to be and being for the sole and exclusive benefit of the parties thereto, the Governmental Units and the holders of the Bonds and PPRF Secured Obligations as provided in the Indenture.

No breach of any pledge, obligation or agreement of the Finance Authority will impose a pecuniary liability or a charge upon the general credit of the State, the Finance Authority or any political subdivision of the State, or upon the taxing power of the State or any political subdivision of the State.

The information presented in this Appendix C relates to certain economic and demographic information relating to the State. Such information is for informational purposes and is presented to provide readers a sense of the economic and demographic composition of the State. #### Generally

The State, admitted as the forty-seventh state on January 6, 1912, is the fifth largest state, containing approximately 121,593 square miles. The estimated 2015 population of the State was 2,085,109. The State has a semiarid subtropical climate with light precipitation. Its climate is characterized by sunshine and bright skies in both winter and summer. Every part of the State receives no less than 70 percent sunshine year-round. Humidity ranges from 60 percent (mornings) to 30 percent (afternoons). Thunderstorms in July and August bring most of the moisture. December to March snowfalls vary from 2 inches (lower Rio Grande Valley) to 300 inches (north central mountains).

#### Governmental Organization

The Executive Branch of State government consists of a Governor, Lieutenant Governor, Secretary of State, State Auditor, State Treasurer, Attorney General, and Commissioner of Public Lands. These officials are elected to four-year terms beginning January 1 after their election. An elected Executive Branch officer may succeed himself or herself in office once. The primary functions of the Executive Branch are currently carried out by the offices of each elected Executive Branch officeholder, in addition to approximately 22 cabinet departments, each headed by a cabinet secretary appointed by the Governor with the advice and consent of the Senate, and approximately 9 cabinet-level agencies. Elections for all executive branch statewide offices were held on November 4, 2014.

The State Board of Finance (“State Board”) has seven voting members consisting of the Governor, the Lieutenant Governor, the State Treasurer, and four members appointed by the Governor with the advice and consent of the Senate. No more than two appointed members may be from the same political party. The Department of Finance and Administration (the “DFA”) Secretary serves as the Executive Officer of the State Board and is a non-voting member. The State Board, in addition to other powers and duties provided by law, has general supervisory authority over the fiscal affairs of the State and over the safekeeping and depositing of all money and securities belonging to, or in the custody of, the State. The Governor serves as the President of the State Board.

The DFA is the principal financial organization of State government and performs through its divisions the duties and functions relating to State and local government financing and general administration. The executive and administrative head of the DFA is the Secretary, who is appointed by the Governor with the advice and consent of the Senate. The State Board’s staff are a division of the DFA. The Director of the State Board is appointed by the Secretary with the approval of the members of the State Board.

The Legislature consists of 112 members and is divided into a Senate and a House of Representatives. Senators are elected for four-year terms and members of the House are elected for two-year terms. The Legislature convenes in regular session annually on the third Tuesday in January. Regular sessions are constitutionally limited in length to 60 calendar days in odd-numbered years and 30 calendar days in even-numbered years. Special sessions of the Legislature may be convened by the Governor. Extraordinary sessions may be convened by the Legislature under certain limited circumstances.

Legislators do not receive any salary, but do receive per diem and mileage allowances while in session or performing official State business.

The judicial branch is composed of a statewide system including Magistrate and District Courts, the Court of Appeals and the Supreme Court. The District Courts are the trial courts of record with general jurisdiction.

## APPENDIX D

### FORM OF OPINION OF BOND COUNSEL

[Form of opinion of Gilmore & Bell, P.C.]

\_\_\_\_\_, 2017

New Mexico Finance Authority  
Santa Fe, New Mexico

Re: \$68,015,000 New Mexico Finance Authority Subordinate Lien Public Project Revolving Fund Revenue Refunding Bonds, Series 2017B

We have acted as bond counsel to the New Mexico Finance Authority (the "Finance Authority") in connection with the issuance of its Subordinate Lien Public Project Revolving Fund Revenue Refunding Bonds, Series 2017B in the aggregate principal amount of \$68,015,000 (the "Series 2017B Bonds"). The Series 2017B Bonds are being issued for the purpose of providing funds to (i) refund the Refunded Obligations, the proceeds of which were used to originate loans to or purchase securities from, or reimburse the Finance Authority for monies used to originate loans to or purchase securities from certain governmental units within the State of New Mexico (each an "Original Governmental Unit"), which loans or securities are used to finance or refinance a public project for the use and benefit of the respective Governmental Unit; and (ii) pay costs of issuance associated with the Series 2017B Bonds.

The Finance Authority is a public body politic and corporate created by and existing under the New Mexico Finance Authority Act, Sections 6-21-1 et. seq., NMSA 1978, as amended and supplemented (the "Act"). The Series 2017B Bonds are authorized under and secured by a Subordinated General Indenture of Trust and Pledge, dated as of March 1, 2005, as heretofore amended and supplemented (the "General Indenture"), and as further amended and supplemented by a Fourteenth Supplemental Indenture of Trust dated as of March 1, 2005 (the "Fourteenth Supplemental Indenture," and collectively with the General Indenture, the "Indenture") between the Finance Authority and BOKF, NA, as successor trustee (the "Trustee"). Capitalized terms not otherwise defined herein shall have the meanings set forth in the Indenture.

We have reviewed the Indenture, an opinion of the general counsel to the Finance Authority, certificates of the Finance Authority, the Trustee, and others, and such other documents, opinions and matters to the extent we deemed necessary to render the opinions set forth herein. As to the questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications furnished to us without undertaking to verify the same by independent investigation. Our examination has been limited to the foregoing as they exist or are in effect as of the date hereof. Our opinion is limited to the matters expressly set forth herein, and we express no opinion concerning any other matters.

Based on our examination and the foregoing, we are of the opinion, as of the date hereof and under existing law as follows:

1. The Finance Authority is a public body politic and corporate duly organized and validly existing under the laws of the State of New Mexico and has lawful authority to issue the Series 2017B Bonds.

2. The Indenture has been duly executed and delivered by, and is a valid and binding obligation of, the Finance Authority. The Indenture creates a valid pledge of the Trust Estate pledged under the Indenture to secure the payment of the principal of and interest on the Series 2017B Bonds, subject to the provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth in the Indenture.

3. The Series 2017B Bonds constitute special limited obligations of the Finance Authority, payable solely from the Trust Estate and do not constitute a general obligation or other indebtedness of the State of New Mexico or any Governmental Unit within the meaning of any constitutional or statutory debt limitation.

4. The interest on the Series 2017B Bonds (including any original issue discount properly allocable to an owner thereof) (i) is excludable from gross income for federal income tax purposes, (ii) is exempt from income taxation by

the State of New Mexico, and (iii) is not an item of tax preference for purposes of computing the federal alternative minimum tax imposed on individuals and corporations, but is taken into account in determining adjusted current earnings for the purpose of computing the alternative minimum tax imposed on certain corporations. The opinions set forth in this paragraph are subject to the condition that the Finance Authority and the Original Governmental Units comply with all requirements of the Internal Revenue Code of 1986 that must be satisfied subsequent to the issuance of the Series 2017B Bonds in order that interest thereon be, or continue to be, excludable from gross income for federal income tax purposes. The Finance Authority and the Original Governmental Units have covenanted to comply with all of these requirements. Failure to comply with certain of these requirements may cause the interest on the Series 2017B Bonds to be included in gross income for federal and State of New Mexico income tax purposes retroactive to the date of issuance of the Series 2017B Bonds.

In rendering our opinion, we wish to advise you that:

(a) the rights of the holders of the Series 2017B Bonds and the enforceability thereof and of the documents identified in this opinion may be subject to bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium, and other laws relating to or affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable, and their enforcement may also be subject to the application of equitable principles and the exercise of judicial discretion in appropriate cases;

(b) we express no opinion herein as to the accuracy, adequacy, or completeness of the Official Statement or any other offering material relating to the Series 2017B Bonds; and

### BOOK-ENTRY ONLY SYSTEM

*The information in this section concerning DTC and DTC's book-entry only system has been obtained from sources that the Finance Authority and the Municipal Advisor believe to be reliable, but the Finance Authority and the Municipal Advisor take no responsibility for the completeness or accuracy thereof. The following description of the procedures and record keeping with respect to beneficial ownership interests in the Series 2017B Bonds, payment of principal, premium, if any, interest on the Series 2017B Bonds to DTC Participants or Beneficial Owners, confirmation and transfers of beneficial ownership interests in the Series 2017B Bonds and other related transactions by and between DTC, the DTC Participants and the Beneficial Owners is based solely on information provided by DTC.*

The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the Series 2017B Bonds. The Series 2017B Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Series 2017B Bond certificate will be issued for each maturity of the Series 2017B Bonds, each in the aggregate principal amount of such issue, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of section 17A of the Exchange Act. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com).

Purchases of Series 2017B Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2017B Bonds on DTC's records. The ownership interest of each actual purchaser of each Series 2017B Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2017B Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Series 2017B Bonds, except in the event that use of the book-entry system for the Series 2017B Bonds is discontinued.

To facilitate subsequent transfers, all Series 2017B Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2017B Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2017B Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2017B Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices will be sent to DTC. If less than all of the Series 2017B Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Series 2017B Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Finance Authority as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2017B Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions and dividend payments on the Series 2017B Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Finance Authority or the Trustee, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC or its nominee, the Trustee or the Finance Authority, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Finance Authority or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Series 2017B Bonds at any time by giving reasonable notice to the Finance Authority or the Trustee. Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered.

The Finance Authority may decide to discontinue use of the system of book-entry only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

When reference is made to any action which is required or permitted to be taken by the Beneficial Owners, such reference only relates to those permitted to act by statute, regulation or otherwise on behalf of such Beneficial Owners for such purposes. When notices are given, they are to be sent to DTC, and the Finance Authority does not have responsibility for distributing such notices to the Beneficial Owners.

The Finance Authority does not have any responsibility or obligation to the DTC Participants or the Beneficial Owners with respect to (a) the accuracy of any records maintained by DTC or any DTC Participant; (b) the payment by DTC or any DTC Participant of any amount due to any Beneficial Owner in respect of the principal of and premium, if any, and interest on the Series 2017B Bonds; (c) the selection of the Beneficial Owners to receive payment in the event of any partial redemption of the Series 2017B Bonds; (d) any consent given or other action taken by DTC, or its nominee, Cede & Co., as Bond Owner; or (e) the distribution by DTC to DTC Participants or Beneficial Owners of any notices received by DTC as registered owner of the Series 2017B Bonds.

## APPENDIX F

### LARGEST REPAYMENT OBLIGATIONS

Information regarding the Outstanding Agreements representing the five largest repayment obligations and their obligors is provided below.

Albuquerque-Bernalillo County Water Utility Authority Loan. In the 2003 Regular Session, the New Mexico Legislature adopted legislation (Laws 2003, Chapter 437, codified as NMSA 1978, Section 72-1-10) creating the Albuquerque-Bernalillo County Water Utility Authority (the “ABCWUA”) as a joint agency of the City of Albuquerque, New Mexico and Bernalillo County. The ABCWUA has jurisdiction over certain water facilities and properties and certain sanitary sewer facilities and properties.

Pursuant to various loan agreements (the “ABCWUA Loan Agreements”) between ABCWUA and the Finance Authority totaling \$97,005,000, ABCWUA pledged to the Finance Authority, on a parity basis with other obligations of ABCWUA, water and sewer systems revenues for the purpose of: acquiring, constructing, extending, enlarging, bettering, repairing, replacing, equipping or otherwise improving the water and wastewater system including expenses related to: regular system improvements, expansion, maintenance and upgrades to operate a water and wastewater utility pursuant to the basic capital program and diversion of surface water from the San Juan Chama and delivering it for use by current and future users of the system.

The Finance Authority has issued various series of Bonds and used proceeds from those bonds to provide the funding for the ABCWUA Loan Agreements. The latest scheduled maturity date of the ABCWUA Loan Agreements is May 1, 2025. As of March 31, 2017, the outstanding principal amount of the ABCWUA Loan Agreements will be \$43,165,000. Pursuant to an escrow agreement between ABCWUA and BOKF, N.A., dba Bank of Albuquerque, \$37,625,000 of the outstanding principal amount of the 2007 New Mexico Finance Authority Public Project Revolving Fund Loan Agreement dated September 26, 2007, as amended, has been defeased and will be prepaid on May 1, 2017.

City of Santa Fe—Convention and Civic Center Loan. The Finance Authority has previously entered into a loan agreement in the amount of \$42,220,000 with the City of Santa Fe (the “Santa Fe Agreement”) secured by a pledge to the Finance Authority of the City of Santa Fe’s Lodgers’ Tax. Proceeds from the Santa Fe Agreement were used to finance the construction of a new Convention and Civic Center in the City of Santa Fe. As of March 31, 2017, the Santa Fe Agreement will have an outstanding aggregate principal amount of \$33,205,000, with a final scheduled maturity on June 15, 2035.

Bernalillo County—Metropolitan Court Bonds. The Finance Authority has entered into various obligations with the Bernalillo County Metropolitan Court (the “Metro Court Obligations”) in which certain court facilities revenues as described below are used to secure the debt obligations. The proceeds of the Metro Court Obligations provided funds for the refunding of bonds issued by the Finance Authority to finance the design, construction, furnishing and equipping of a new court building for the Bernalillo County Metropolitan Court.

The Metro Court Obligations are payable solely from the Pledged Court Facilities Revenues, which consist of a portion of certain court fees and penalty assessments deposited to the Court Facilities Fund and distributed monthly by the State Treasurer, at the direction of the Director of the Administrative Office of the Courts, to the Finance Authority for deposit to the Pledged Court Facilities Revenue Fund and certain parking fees, rents and other charges collected by the Bernalillo County Metropolitan Court from tenants and users of the Parking Facility Project after deduction of certain related costs. Certain funds and accounts created and maintained by the Finance Authority pursuant to the resolution authorizing the issuance of the Metro Court Bonds are also pledged to secure repayment of the Metro Court Bonds. As of March 31, 2017, these obligations will have an outstanding principal amount of \$30,195,000, with a final scheduled maturity of May 1, 2025.

Jicarilla Apache Nation—Refunding Loan. The Finance Authority has previously entered into a loan agreement in the amount of \$29,355,000 with the Jicarilla Apache Nation (the “Jicarilla Apache Nation Agreement”) secured by a pledge to the Finance Authority of all revenues available to the Jicarilla Apache Nation, a portion of which consists of investment and oil and gas revenues. Proceeds from the Jicarilla Apache Nation Agreement are being used to refinance certain outstanding obligations of the Jicarilla Apache Nation. As of March 31, 2017, the Jicarilla Apache Nation Agreement will have an outstanding aggregate principal amount of \$27,170,000, with a final scheduled maturity on May 1, 2027.

Santa Ana Pueblo — Wastewater Treatment Facility Expansion and Refunding Loan. The Finance Authority has previously entered into a loan agreement with Santa Ana Pueblo (the “Santa Ana Pueblo Agreement”) secured by a pledge to the Finance Authority of gross system revenues and certain local tax revenues. Proceeds from the Santa Ana Pueblo Agreement were used to finance an expansion to the Santa Ana Pueblo wastewater treatment facility and refinance an existing loan. As of March 31, 2017, the Santa Ana Pueblo Agreement will have an outstanding aggregate principal amount of \$26,940,000, with a final scheduled maturity on May 1, 2033.

## OFFICIAL STATEMENT

### RELATING TO

**\$41,395,000**

### NEW MEXICO FINANCE AUTHORITY SUBORDINATE LIEN PUBLIC PROJECT REVOLVING FUND REVENUE AND REFUNDING BONDS, SERIES 2017D

### INTRODUCTION

This Official Statement, which includes the cover page, the inside front cover page, and appendices, provides information in connection with the offer and sale of the \$41,395,000 New Mexico Finance Authority Subordinate Lien Public Project Revolving Fund Revenue and Refunding Bonds, Series 2017D (the “Series 2017D Bonds”) being issued by the New Mexico Finance Authority (the “Finance Authority” or the “NMFA”). The Series 2017D Bonds, together with additional bonds the Finance Authority has issued or may issue in parity with them under the Indenture (defined below), are collectively referred to in this Official Statement as the “Bonds” or the “Parity Bonds.” The Bonds are being issued pursuant to the terms of the Subordinated General Indenture of Trust and Pledge, dated as of March 1, 2005, as previously amended and supplemented (the “General Indenture”), and as further amended and supplemented by a Fifteenth Supplemental Indenture of Trust, dated as of August 1, 2017 (the “Fifteenth Supplemental Indenture” and, together with the General Indenture, the “Indenture”) all between the Finance Authority and BOKF, NA, Albuquerque, New Mexico, as trustee (the “Trustee”). Capitalized terms used and not defined in the main body of this Official Statement have the meanings specified in the Indenture and are presented under the caption “Definitions” in “APPENDIX B—EXTRACTS OF CERTAIN PROVISIONS OF THE INDENTURE.”

#### **New Mexico Finance Authority**

The Finance Authority, established by the legislature of the State of New Mexico (the “State”) in 1992, is a governmental instrumentality separate and apart from the State created to coordinate the planning and financing of State and local public projects. For additional information concerning the Finance Authority, see “NEW MEXICO FINANCE AUTHORITY” and the Finance Authority’s financial statements for the fiscal year ended June 30, 2016 included as APPENDIX A hereto. See “FINANCIAL STATEMENTS.”

#### **Authority and Purpose**

The Series 2017D Bonds are being issued under the authority of and pursuant to the laws of the State, including particularly the New Mexico Finance Authority Act, Section 6-21-1 et seq., NMSA 1978, as amended (the “Act”), and the Indenture. The Public Project Revolving Fund has been established pursuant to the Act. For a description of the Public Project Revolving Fund Program, see “NEW MEXICO FINANCE AUTHORITY—The Public Project Revolving Fund Program.”

Proceeds from the sale of the Series 2017D Bonds will be used by the Finance Authority for the purposes of (i) originating Loans to or purchasing Securities from, or reimbursing the Finance Authority for moneys used to originate Loans to or purchase Securities from certain governmental units, the proceeds of which will be or were used to finance or refinance certain Projects for such governmental units, (ii) currently refunding the Finance Authority’s outstanding Subordinate Lien Public Project Revolving Fund Revenue Bonds, Series 2007B, in the aggregate principal amount of \$18,195,000 (the “Refunded Obligations”) to achieve debt service savings and (iii) paying costs incurred in connection with the issuance of the Series 2017D Bonds. See “THE PLAN OF FINANCING” for more information with respect to the sources and uses of proceeds of the Series 2017D Bonds, “SCHEDULE I – SCHEDULE OF REFUNDED OBLIGATIONS” for more information regarding the Refunded Obligations, and APPENDIX F for a list of the Governmental Units and the amount of the Loans to be financed or refinanced with the proceeds of the Series 2017D Bonds. Such Governmental Units whose Loans are being financed or refinanced with proceeds of the Series 2017D Bonds are sometimes referred to herein as the “2017D Governmental Units.”

## **Parity Obligations**

Obligations, including Bonds, with a lien on the Trust Estate on a parity with the lien of the Series 2017D Bonds have been issued and may be issued to (i) provide loans to governmental entities of the State (the “Governmental Units”), to reimburse the Public Project Revolving Fund for loans made to Governmental Units, and to purchase securities from Governmental Units or (ii) refund the Finance Authority’s outstanding Parity Bonds. For a description of the Parity Bonds currently outstanding (the “Outstanding Parity Bonds”), see “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS—Outstanding Parity Bonds.”

## **Senior Obligations**

The Finance Authority’s General Indenture of Trust and Pledge dated as of June 1, 1995, as amended and supplemented (the “Senior Indenture”), creates a lien on the NMFA Portion of the Governmental Gross Receipts Tax and additional pledged loans pledged to the Senior Indenture (collectively, and as defined in the Indenture, the “PPRF Revenues”) that is senior to the lien of the Indenture. Pursuant to the Senior Indenture the Finance Authority has issued and may issue bonds or other obligations with a lien on PPRF Revenues senior to the lien of the Indenture (“Senior Bonds”). Those Senior Bonds and obligations are secured by and payable from the PPRF Revenues prior to their release from the Senior Indenture. The Finance Authority maintains an ongoing program to provide loans and to purchase securities from Governmental Units and expects to finance some of those activities with the issuance of additional Senior Bonds. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS—Outstanding Senior Bonds.” The timing, amount and other details of any additional Senior Bonds are not known as of the date of this Official Statement.

## **The Series 2017D Bonds**

The Series 2017D Bonds will be dated the date of their initial delivery. Interest on the Series 2017D Bonds is payable on June 15 and December 15 of each year, commencing December 15, 2017. The Series 2017D Bonds will mature on the dates and in the amounts (unless redeemed prior to maturity) and will bear interest at the rates shown on the inside front cover of this Official Statement. The Series 2017D Bonds are issuable in denominations of \$5,000 or integral multiples of \$5,000.

Individual purchases will be made in book-entry only form, and purchasers of the Series 2017D Bonds will not receive physical delivery of bond certificates except as more fully described in “APPENDIX E—BOOK-ENTRY ONLY SYSTEM.” Payments of principal of and interest on the Series 2017D Bonds will be made directly to The Depository Trust Company (“DTC”) or its nominee, Cede & Co., by the Paying Agent, so long as DTC or Cede & Co. is the sole registered owner. Upon receipt of such payments, DTC is to remit such payments to the DTC Participants (as defined below) for subsequent disbursement to the beneficial owners of the Series 2017D Bonds, all as more fully described in APPENDIX E. In reading this Official Statement, it should be understood that while the Series 2017D Bonds are in book-entry only form, references in other sections of this Official Statement to Owners should be read to include the person for whom the Participants and Indirect Participants acquire an interest in the Series 2017D Bonds, but (i) all rights of ownership must be exercised through DTC and the book-entry only system as described in APPENDIX E, and (ii) except as otherwise provided in the Indenture, notices that are to be given to Owners by the Finance Authority, the Trustee, the Registrar or the Paying Agent will be given only to DTC.

## **Redemption**

The Series 2017D Bonds are subject to optional redemption prior to maturity. See “THE SERIES 2017D BONDS—Redemption.”

## **Security and Sources of Payment**

Trust Estate. The Bonds, including the Series 2017D Bonds, are special limited obligations of the Finance Authority secured by and payable solely from the Trust Estate, which includes the special revenues and funds of the Finance Authority pledged under the Indenture, including: (i) moneys from the repayment by governmental borrowers of loans made or securities issued to finance a project under the Indenture (“Agreements”); (ii) moneys from the repayment by governmental borrowers to the Finance Authority of loans made or securities purchased from moneys in the Public Project Revolving Fund and pledged as “Additional Pledged Loans” under the Indenture; (iii) certain Governmental Gross Receipts Tax revenues and moneys from the repayment to the Finance Authority of certain loans, to the extent available on June 1 of each year after all

obligations of the Finance Authority under the Senior Indenture have been satisfied (together with the moneys described in (ii) in this paragraph, the “Subordinate Lien PPRF Revenues”); (iv) any additional revenues received by the Finance Authority and designated as part of the special revenues and funds pledged under the Indenture pursuant to a Supplemental Indenture or Pledge Notification; and (v) certain funds and accounts created and maintained pursuant to the Indenture. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS—Flow of Funds” and see “Establishment and Use of Funds” in “APPENDIX B—EXTRACTS OF CERTAIN PROVISIONS OF THE INDENTURE” herein. Moneys from the sources described in (ii) and (iii) above may be released from the Indenture on June 16 of each year. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS” herein.

**The Bonds do not constitute or create a general obligation or other indebtedness of the State, the Finance Authority or any Governmental Unit within the meaning of any constitutional or statutory debt limitation. THE FINANCE AUTHORITY HAS NO TAXING POWERS. No provision of the Series 2017D Bonds will be construed or interpreted as a donation by or lending of the credit of the Finance Authority, the State, or any Governmental Unit within the meaning of the Constitution of the State. The principal of and interest and premium, if any, on the Bonds do not constitute or give rise to a personal liability on the part of the members, directors and officers of the Finance Authority. No breach of any pledge, obligation or agreement of the Finance Authority will impose a pecuniary liability or a charge upon the general credit of the State, the Finance Authority or any political subdivision of the State, or upon the taxing power of the State or any political subdivision of the State.**

Additional Bonds. The Finance Authority maintains an ongoing program to provide loans and to purchase securities from Governmental Units and expects to finance certain of those activities with the issuance of additional Parity Bonds (“Additional Bonds”) with a lien on parity with the Series 2017D Bonds. The Finance Authority must satisfy certain requirements set forth in the Indenture to issue such Additional Bonds. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS—Additional Bonds.” The timing, amount and other details of such Additional Bonds are not known as of the date of this Official Statement.

### **Continuing Disclosure Undertaking**

The Finance Authority has undertaken for the benefit of the Series 2017D Bond Owners that, so long as the Series 2017D Bonds remain outstanding, the Finance Authority will provide certain annual financial information, operating data and audited financial statements with respect to the Finance Authority and each Governmental Unit expected by the Finance Authority to have loan repayment obligations in the then-current fiscal year constituting more than twenty percent (20%) of the estimated Subordinate Lien Revenues (as herein defined) in the then-current fiscal year to the Municipal Securities Rulemaking Board (the “MSRB”) in an electronic format prescribed by the MSRB and notice of certain material events to the MSRB in an electronic format prescribed by the MSRB in accordance with Rule 15c2-12 promulgated under the Securities Exchange Act of 1934, as amended (the “Rule”). The provisions of the Continuing Disclosure Undertaking may be amended under certain circumstances. See “CONTINUING DISCLOSURE UNDERTAKING.”

### **Tax Considerations**

In the opinion of Gilmore & Bell, P.C., Bond Counsel to the Finance Authority, under existing law and assuming continued compliance with certain requirements of the Internal Revenue Code of 1986, as amended, (1) the interest on the Series 2017D Bonds (including any original issue discount properly allocable to an owner thereof) is excludable from gross income for federal income tax purposes, and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations and (2) the interest on the Series 2017D Bonds is exempt from income taxation by the State of New Mexico. See “TAX MATTERS” herein.

Any statements in this Official Statement involving matters of opinion, whether or not expressly so stated, are intended as such and not as representations of fact. ## **THE SERIES 2017D BONDS**

### **General**

The Series 2017D Bonds will be dated the date of their initial delivery and interest will accrue on the Series 2017D Bonds from such date at the rates presented on the inside front cover page of this Official Statement (calculated on the basis of a 360-day year consisting of twelve 30-day months), and is payable on June 15 and December 15 of each year, commencing December 15, 2017. The Series 2017D Bonds will be issued in the aggregate principal amounts and will mature on the dates and in the amounts shown on the inside front cover (unless redeemed prior to maturity). The Series 2017D Bonds are issuable in denominations of \$5,000 or integral multiples of \$5,000 (the "Authorized Denominations").

### **Book-Entry Only System**

DTC will act as securities depository for all of the Series 2017D Bonds through its nominee, Cede & Co. One fully registered bond in a denomination equal to the principal amount and maturity of the Series 2017D Bonds will be registered in the name of Cede & Co. Individual purchases of Series 2017D Bonds will be made in book-entry only form, and beneficial owners of the Series 2017D Bonds will not receive physical delivery of bond certificates, except as described in APPENDIX E. Upon receipt of payments of principal and interest, DTC will remit such payment to DTC participants for subsequent disbursement to the beneficial owners of the Series 2017D Bonds. For a more complete description of the book-entry only system, see "APPENDIX E—BOOK-ENTRY ONLY SYSTEM."

### **Redemption**

Optional Redemption. The Series 2017D Bonds maturing on or after June 15, 2028, are subject to optional redemption at any time on and after June 15, 2027, in whole or in part, in such order of maturity as may be selected by the Finance Authority and by lot within each maturity (if in part, in integral multiples of \$5,000), at the option of the Finance Authority, upon notice as provided in the General Indenture and at the redemption price of 100% of the principal amount of the Series 2017D Bonds to be redeemed, plus interest accrued to the redemption date.

Notice of Redemption. In the event any of the Bonds are to be redeemed, notice of such redemption is to be mailed by first class mail, postage prepaid, to all Registered Owners of Bonds to be redeemed at their addresses as they appear on the registration books of the Registrar at least 30 days, but not more than 60 days, prior to the redemption date.

In addition, further notice of any redemption of Bonds is to be given by the Trustee at least two Business Days in advance of the mailed notice to Registered Owners, by registered or certified mail or overnight delivery service, to all registered securities depositories then in the business of holding substantial amounts (as reasonably determined by the Trustee) of obligations of types comprising the Bonds and to at least two national information services that disseminate notices of redemption of obligations such as the Bonds. Failure to give all or any portion of such further notice will not in any manner defeat the effectiveness of a call for redemption.

If at the time of mailing of any notice of redemption there are not on deposit with the Trustee moneys sufficient to redeem all the Bonds called for redemption, such notice is to state that such redemption is subject to the deposit of the redemption moneys with the Trustee not later than the redemption date and that such notice will be of no effect unless such moneys are so deposited.

A second notice of redemption is to be given, not later than 90 days subsequent to the redemption date, to Registered Owners of Bonds or portions thereof redeemed but who failed to deliver Bonds for redemption prior to the 60th day following such redemption date. Any notice mailed will be conclusively presumed to have been duly given, whether or not the owner of such Bonds receives the notice. Receipt of such notice is not a condition precedent to such redemption and failure so to receive any such notice by any of such Registered Owners will not affect the validity of the proceedings for the redemption of the Bonds.

Partially Redeemed Bonds. In case any Series 2017D Bond is redeemed in part, upon the presentation of such Series 2017D Bond for such partial redemption, the Finance Authority will execute and the Trustee will authenticate and deliver or cause to be delivered to or upon the written order of the Registered Owner thereof, at the expense of the Finance Authority, a Series 2017D Bond or Bonds of the same series, interest rate and maturity and in an aggregate principal amount equal to the unredeemed portion of such Series 2017D Bond. A portion of any Series 2017D Bond of a denomination of more than \$5,000 to be redeemed will be in the principal amount of \$5,000 or an integral multiple of \$5,000 and, in selecting portions of such Series 2017D Bonds for redemption, the Trustee will treat each such Bond as representing that number of Series 2017D Bonds of \$5,000 denomination which is obtained by dividing the principal amount of such Bonds by \$5,000.

## **Defeasance**

When a Bond has been deemed to be paid under the Indenture, it will no longer be secured by or entitled to the benefits of the Indenture, except for the purposes of any such payment. Any Bond will be deemed to be paid for all purposes of the Indenture when (1) the principal of and the applicable premium, if any, on such Bond (whether at maturity or prior redemption) plus interest on the Bond to the Bond's due date either have been paid or have been provided by irrevocably depositing with the Trustee or other escrow agent, in trust, and the Trustee or other escrow agent shall have irrevocably set aside exclusively for such payment moneys sufficient to make such payment, and/or noncallable Governmental Obligations maturing as to principal and interest in such amount and at such times as will insure the availability of sufficient moneys to make such payment, and (2) all necessary and proper fees, compensation and expenses of the Trustee and any paying agents pertaining to the Bonds with respect to which such deposit is made shall have been paid or the payment thereof provided for to the satisfaction of the Trustee.

## **SECURITY AND SOURCES OF PAYMENT FOR THE BONDS**

### **Special Limited Obligations**

The Bonds, including the Series 2017D Bonds, are special limited obligations of the Finance Authority payable solely from the Trust Estate. The Series 2017D Bonds do not constitute nor create a general obligation or other indebtedness of the State, the Finance Authority or any Governmental Unit within the meaning of any constitutional or statutory debt limitation. THE FINANCE AUTHORITY HAS NO TAXING POWERS. No provision of the Series 2017D Bonds will be construed or interpreted as a donation by or lending of the credit of the Finance Authority, the State or any Governmental Unit within the meaning of the Constitution of the State. The principal of and interest and premium, if any, on the Series 2017D Bonds do not constitute or give rise to a personal liability on the part of the members, directors and officers of the Finance Authority. No breach of any pledge, obligation or agreement of the Finance Authority will impose a pecuniary

liability or a charge upon the general credit of the State, the Finance Authority or any political subdivision of the State, or upon the taxing power of the State or any political subdivision of the State.

**Trust Estate**

In the Indenture, the Finance Authority pledges and assigns the Trust Estate, first, for the equal and ratable payment of the Bonds, the PPRF Secured Obligations (as to amounts deposited to the Revenue Fund), the Security Instrument Repayment Obligations and the SWAP Payments, and, second, for the equal and ratable payment of the Reserve Instrument Repayment Obligations. The Trust Estate includes: (i) Agreement Revenues; (ii) Additional Pledged Revenues; (iii) Subordinate Lien PPRF Revenues; and (iv) other amounts in certain funds and accounts created and maintained pursuant to the Indenture; all as more fully described below. The Agreement Revenues, Additional Pledged Revenues and Subordinate Lien PPRF Revenues are collectively referred to as the “Subordinate Lien Revenues.”

Agreement Revenues. The Agreements consist of Loan Agreements and Securities executed and delivered by Governmental Units in consideration for the financing of all or a portion of their respective projects by the Finance Authority. Under each Agreement, the respective Governmental Unit pledges to the Finance Authority for payment of all amounts due under their respective Agreements (i) revenues of specific enterprise systems, revenues attributable to certain taxes or funds appropriated on an annual basis to that Governmental Unit (the “Agreement Revenues”) and (ii) moneys in certain funds and accounts held by the Trustee. Each Governmental Unit executing a Loan Agreement or issuing Securities agrees to pay principal of and interest on its loan promptly from its Agreement Revenues and to continue such payments until its Loan is paid in full. Each Governmental Unit that has entered into a Loan Agreement or has issued Securities has pledged specific Agreement Revenues to the repayment of its Loan. It should be noted that each Governmental Unit that has entered into an Agreement with the Finance Authority has the ability to incur additional obligations that may be secured on a parity basis with the Agreement Revenues as long as certain conditions are satisfied. See APPENDIX F for information relating to the largest repayment obligations. A Governmental Unit is not required to make up any Loan Payment not paid in full by another Governmental Unit or to make up any insufficiency in the Subordinate Lien PPRF Revenues.

The total par amount of Agreements secured by funds appropriated on an annual basis to a Governmental Unit (“Annual Appropriation Agreements”) cannot exceed twice the fully funded level of the Supplemental Credit Reserve Fund (as defined herein).

The following table lists the various types of revenues from which Agreement Revenues are derived based upon scheduled payments in fiscal year 2017-2018. The table also lists the amounts of those revenues and the percentage of the total Agreement Revenues of those revenues.

<u>Type of Revenue</u>	<u>FY 2017-2018 Amounts</u>	<u>% of Total Agreement Revenues</u>

(Source: The Finance Authority.)

Although Agreement Revenues are received at various times throughout the year, they are held under the Indenture until June 15 of each year to be applied to pay debt service on the Bonds. For more information with respect to Governmental Units with the largest repayment obligations as of the date hereof, see “APPENDIX F—Largest Repayment Obligations.”

The Finance Authority may require and has previously required the establishment and funding of an Agreement Reserve Fund in connection with certain Agreements. Amounts in a Governmental Unit’s account of the Agreement Reserve Fund will be withdrawn by the Trustee and deposited into that Governmental Unit’s account of the Debt Service Fund to the extent of any shortfall in payments by such Governmental Unit under its Agreement. See “APPENDIX F—2017D Governmental Units” for the amount of Agreement Reserve Account, if any, to be funded by the 2017D Governmental Units.

Additional Pledged Revenues. Additional Pledged Revenues consist of any additional revenues received by the Finance Authority and designated as part of the Trust Estate pursuant to the Indenture or a Pledge Notification. Additional Pledged Revenues are not revenues attributable to Additional Pledged Loans. Additional Pledged Revenues may be among the amounts released from the Revenue Fund on June 16 of each year to the extent they will not be required for payment of debt service in the then current Bond Fund Year, as described below under “Subordinate Lien PPRF Revenues.” Additional Pledged Revenues are deposited in the Revenue Fund immediately upon their receipt throughout the year by the Finance Authority. For a more complete description of these deposits and transfers, see “Flow of Funds” below under this caption, and “Establishment and Use of Funds” in “APPENDIX B—EXTRACTS OF CERTAIN PROVISIONS OF THE INDENTURE.” At the present, the Finance Authority has not designated any sources of revenues as “Additional Pledged Revenues.”

Subordinate Lien PPRF Revenues. Subordinate Lien PPRF Revenues consist in part of the NMFA Portion of the Governmental Gross Receipts Tax and moneys from the repayment to the Finance Authority of the Additional Senior Pledged Loans deposited to the revenue fund created under the Senior Indenture (the “PPRF Revenues”), to the extent such amounts are available on June 1 of each Bond Fund Year after all obligations of the Finance Authority under the Senior Indenture have been satisfied and the Trustee has retained any amounts required to be retained pursuant to the Senior Indenture. “Additional Senior Pledged Loans” are additional loans or securities made or purchased by the Finance Authority from amounts on deposit in the Public Project Revolving Fund, the payments of principal of and interest on which have been specifically pledged by the Finance Authority to the payment of the Senior Bonds and other amounts due under the Senior Indenture. Pursuant to the Indenture, all moneys released from the Senior Indenture on June 1 of each Bond Fund Year are to

be deposited into the Revenue Fund created by the Indenture. See “INVESTMENT CONSIDERATIONS—Availability of Subordinate Lien PPRF Revenues.”

Subordinate Lien PPRF Revenues also consist, in part, of revenues from Additional Pledged Loans. The Finance Authority may make loans from or purchase securities with available funds in the Public Project Revolving Fund. At its option, the Finance Authority may designate such loans or securities as “Additional Pledged Loans” and upon such designation, the principal and interest payments on such loans or securities become pledged by the Finance Authority to the payment of Bonds and PPRF Secured Obligations and other amounts secured by the Indenture. See “Flow of Funds” below under this caption.

Additional Pledged Loans (repayments of which are pledged to the payment of the Bonds) are not Additional Senior Pledged Loans (repayments of which are pledged only to the extent available for transfer under the Senior Indenture on June 1 of each Bond Fund Year).

The following table shows, for fiscal years 2012-2013 through 2016-2017, the amounts released to the Finance Authority from the Senior Indenture, which represent the amounts that would be included as Historical Subordinate Lien PPRF Revenues under the Indenture.

Such collections are disbursed in monthly installments by the New Mexico Taxation and Revenue Department and received by the Finance Authority two months after the month of collection throughout the Finance Authority’s fiscal year.

(2) The reduction in Subordinate Lien PPRF Revenues, which is the result of a prior mismatch and temporary escalation of the revenues received from replacement Loans substituted for certain prepaid Loans, was expected and is consistent with revenue forecasts contained in previously published projections. The Governmental Gross Receipts Tax. Pursuant to Section 7-1-6.38, NMSA 1978, the Public Project Revolving Fund administered by the Finance Authority is allocated seventy-five percent (75%) (the “NMFA Portion of the Governmental Gross Receipts Tax”) of all net receipts of a governmental gross receipts tax which is levied and collected pursuant to Section 7-9-4.3, NMSA 1978. The governmental gross receipts tax was enacted into law and first imposed in 1991 at a rate of five percent (5%) on governmental gross receipts. Governmental gross receipts are defined in Section 7-9-3.2, NMSA 1978, as all receipts of the State or any agency, institution, instrumentality or political subdivision thereof except any school district and any entity licensed by the State Department of Health that is principally engaged in providing health care services, from (i) the sale of tangible personal property other than water from facilities open to the general public; (ii) the performance of or admissions to recreational, athletic or entertainment services or events in facilities open to the general public; (iii) refuse collection, refuse disposal or both; (iv) sewage services; (v) the sale of water by a utility owned or operated by a county, municipality or other political subdivision of the State; and (vi) the renting of parking, docking or tie-down spaces or the granting of permission to park vehicles, tie-down aircraft or dock boats.

The definition of governmental gross receipts includes receipts from the sale of tangible personal property handled on consignment when sold from facilities open to the general public, but excludes cash discounts taken and allowed, governmental gross receipts tax payable on transactions reportable for the period and any type of time-price differential.

Certain receipts are excluded from the governmental gross receipts tax, including (i) receipts from the sale of gas or electricity by a utility owned or operated by a county, municipality or other political subdivision, (ii) receipts from operation of a cable television system owned or operated by a municipality, (iii) receipts from the sale of livestock, receipts of growers,

producers, trappers or nonprofit marketing associations from selling livestock, or live poultry, and (iv) receipts from certain activities at a minor league baseball stadium.

In addition, there are certain deductions from the governmental gross receipts tax, including (i) certain receipts from selling tangible personal property to the United States or the State, (ii) receipts from selling tangible personal property to an Indian tribe, nation or pueblo, (iii) receipts from transactions in interstate commerce, (iv) certain receipts from selling tangible personal property to entities exempt from federal income tax pursuant to Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, and (v) receipts from the sale of prescription drugs.

**Collection and Distribution Information.** Governmental agencies are treated as taxpayers under the provisions of the State’s Tax Administration Act, Section 7-1-1 et seq., NMSA 1978, and are responsible for paying the governmental gross receipts tax to the New Mexico Taxation and Revenue Department in accordance with the State’s Tax Administration Act. Collections are first deposited into a tax administration suspense fund for the purpose of making disbursements for refunds, among other things. On the last day of each month, the balance in the suspense fund is identified by tax source and distributed to the appropriate municipalities or state agencies, including the Finance Authority. Collection of governmental gross receipts tax is administered by the New Mexico Taxation and Revenue Department. Governmental gross receipts taxes are to be paid on or before the 25th day of the month following the month in which the taxable event occurs.

Presented below is information from the New Mexico Taxation and Revenue Department concerning collections of the governmental gross receipts tax for the fiscal years 2012-2013 through 2016-2017.

(Source: State of New Mexico Taxation and Revenue Department.)

Based upon data provided by the State of New Mexico Taxation and Revenue Department, the payers of the governmental gross receipt tax whose payments accounted for at least 5% of the total net receipts from the governmental gross receipts tax in fiscal year 2016-2017 were the Albuquerque Bernalillo County Water Utility Authority, the City of Albuquerque, the City of Santa Fe and the City of Las Cruces. Although the Finance Authority has not verified and does not guarantee the accuracy of such information, the Finance Authority does not have any reason to believe that the list of entities providing at least 5% of the governmental gross receipts tax is incorrect as of this date.

Collections from the NMFA Portion of the Governmental Gross Receipt Tax that are not needed for payments under the Senior Indenture and the Indenture may be released from the Trust Estate and are subject to appropriation by the State legislature for purposes and programs other than the PPRF, including drinking and clean water programs, planning grant programs, and for purposes otherwise permitted by law. The release and appropriation of such amounts has no effect on the Finance Authority’s debt service coverage or cash flow, as disbursements of such amounts are made after payment of all obligations under the Senior Indenture and the Indenture.

**Funds and Accounts**

The Indenture creates a Revenue Fund, a Program Fund (with separate accounts for each Agreement or Project), a Bond Fund, a Debt Service Fund (with separate accounts for each Agreement), a Debt Service Reserve Fund (with a separate account for each series of Bonds with a Debt Service Reserve Requirement), an Agreement Reserve Fund (with a separate

account for each Agreement that has a reserve requirement), a Supplemental Credit Reserve Fund, an Expense Fund and a Reserve Instrument Fund all of which are part of the Trust Estate. Amounts on deposit in accounts in each Debt Service Reserve Account and in each Agreement Reserve Account shall only secure repayment of the Loan made under the related Agreement. The Finance Authority is not establishing or funding an account in the Debt Service Reserve Fund for the Series 2017D Bonds. The Finance Authority is not establishing or funding accounts in the Agreement Reserve Fund for any of the 2017D Governmental Units. Amounts in the accounts of the Program Fund are held by the Finance Authority and, upon request and submission of proper documentation, by the respective Governmental Unit, the Finance Authority will disburse funds directly to the provider of goods or services relating to the Project for which an account has been established in the Program Fund.

### **Flow of Funds**

Loan Payments. All Loan Payments payable under the Loan Agreements and Securities (except as otherwise provided in a Supplemental Indenture) are required to be paid directly to the Finance Authority for remittance to the Trustee for deposit immediately upon their receipt, as follows:

First: to the related Account in the Debt Service Fund in an amount required to cause the aggregate amount on deposit in that Account to equal the amount then required to make the principal and interest payments due or to next become due with respect to the Loan (it being anticipated that each Governmental Unit will deposit an amount at least equal to the Loan Payments coming due under the related Loan Agreement or Securities with the Finance Authority, which will remit that amount to the Trustee for allocation to the related Account in the Debt Service Fund);

Second: to the related Account, if any, in the Agreement Reserve Fund to the extent necessary to cause the balance in said Account to equal the Agreement Reserve Requirement, if any, of such Account;

Third: in the event the Supplemental Credit Reserve Fund has been used to satisfy amounts due under a Loan Agreement or in relation to certain Securities, then to the extent Loan Payments are received as to that specific Loan Agreement or Securities, to the Supplemental Credit Reserve Fund to the extent necessary to cause the payments to the Supplemental Credit Reserve Fund to equal the amounts withdrawn from the Supplemental Credit Reserve Fund to satisfy amounts due under the Loan Agreement or as to such Securities; and

Fourth: to the payment of Program Costs (to the extent allocable to such Agreement).

On the fifth day preceding a Loan Payment Date (or, if such fifth day is not a Business Day, on the Business Day next preceding such fifth day), if the amount on deposit in any Governmental Unit's Account of the Debt Service Fund is insufficient for payments coming due under the related Agreement on the next Loan Payment Date, the Trustee is directed to transfer from the related Agreement Reserve Account, if any, to that Governmental Unit's Account of the Debt Service Fund, an amount sufficient, together with amounts in such Debt Service Account, to pay the Principal Component and the Interest Component due under such Loan Agreement or Securities on such Loan Payment Date. Two Business Days prior to an Interest Payment Date, available moneys in the Revenue Fund will be transferred to the Paying Agent for the Bonds to the extent the amounts in the Bond Fund and the Debt Service Fund are insufficient to pay Debt Service on the Bonds on such Interest Payment Date. On each Interest Payment Date for the Bonds, the Trustee is directed to transfer moneys in the respective Accounts of the Debt Service Fund to the Bond Fund to pay the interest on the related Bonds becoming due on such Interest Payment Date and to pay the principal of each related Bond due at maturity or by prior redemption, to the extent amounts are on deposit for such purpose.

At least once each year, and more frequently if required pursuant to the provisions of a Supplemental Indenture, the Trustee must determine the amount necessary (i) to be transferred to the Bond Fund from each Debt Service Account from payments relating to a Governmental Unit's Agreement, (ii) to replenish the Governmental Unit's Account in the Agreement Reserve Fund, and (iii) to pay the Governmental Unit's share of Program Costs for the year. The Trustee is directed to return any excess the Trustee does not expect to be required for such payments to the related Governmental Unit or to credit such excess to the Loan Payments next coming due under the Governmental Unit's Agreement. Any excess attributable to earnings on funds and accounts for the Governmental Unit will be returned to the Governmental Unit or will be credited to the Loan Payments next coming due and any remaining excess will be deposited into the Revenue Fund.

Revenue Fund. During each Bond Fund Year, (i) all PPRF Revenues released from the lien of the Senior Indenture will be paid by the Finance Authority to the Trustee immediately upon their release on June 1 of each year, (ii) all Additional Pledged Revenues will be immediately deposited with the Trustee; and (iii) all payments representing principal and interest from Additional Pledged Loans will be paid immediately upon their receipt by the Finance Authority to the Trustee. All of those amounts will be accounted for and maintained by the Trustee in the Revenue Fund. The Revenue Fund will be kept separate and apart from all other accounts of the Trustee and prior to transfers of any excess funds from the Revenue Fund on June 16 of each year (as described below), all amounts in it will be transferred by the Trustee in the order of priority specified below:

(a) To the Bond Fund, an amount needed, when added to amounts on deposit in the Bond Fund and transferred from the Debt Service Fund, to pay the principal of and interest on the Bonds due on June 15 and to rectify any deficiency in the Bond Fund that has not otherwise been rectified.

(b) To the Paying Agent for any PPRF Secured Obligation that notifies the Trustee, an amount needed, when added to amounts otherwise available for such purpose, to pay the principal and interest then due with respect to the PPRF Secured Obligations on June 15 and to rectify any such deficiency in the payment of any PPRF Secured Obligation which has occurred that has not otherwise been rectified.

(c) To the Bond Fund, an amount needed, when added to amounts transferred from the Debt Service Fund, to pay the amounts due on the Security Instrument Repayment Obligations and the SWAP Payments (net of SWAP Receipts) then due pursuant to any Security Instrument Agreements or Interest Rate Swaps, and the amount needed to rectify any deficiency in the payment of any Security Instrument Repayment Obligations or SWAP Payments that has not been rectified.

The transfers required by the preceding paragraph are to be made on a parity basis. If the amount available for transfer is insufficient, the Trustee must make those transfers ratably according to the amounts due.

After making the transfers described above, the Finance Authority must make the following transfers to the Trustee:

(a) To the extent the Debt Service Reserve Requirement, if any, is not funded with a Reserve Instrument or Instruments, (i) to the Accounts in the Debt Service Reserve Fund, any amounts required by the General Indenture and by any Supplemental Indenture to accumulate therein the applicable Debt Service Reserve Requirement with respect to each Series of Bonds at the times and in the amounts provided in the General Indenture and in any Supplemental Indenture and (ii) if funds shall have been withdrawn from an Account in the Debt Service Reserve Fund or any Account in the Debt Service Reserve Fund is at any time funded in an amount less than the applicable Debt Service Reserve Requirement, the Finance Authority shall transfer from the Revenue Fund to such Account or Accounts in the Debt Service Reserve Fund an amount sufficient to restore such Account or Accounts within one year with 12 substantially equal payments during such period (unless otherwise provided for by the Supplemental Indenture governing the applicable Debt Service Reserve Requirement); or a ratable portion (based on the amount to be transferred pursuant to the following bulleted clause) of remaining amounts if less than the amount necessary; and

(b) Equally and ratably to the Accounts of the Reserve Instrument Fund, with respect to all Reserve Instruments in effect and expected to continue in effect after the end of such month, such amount from the Revenue Fund, or a ratable portion (based on the amount to be transferred pursuant to the previous bulleted clause) of the amount so remaining if less than the amount necessary, that is required to be paid, on or before the next such transfer or deposit from the Revenue Fund into the Reserve Instrument Fund, to the Reserve Instrument Provider pursuant to any Reserve Instrument Agreement, other than Reserve Instrument Costs, in order to cause the Reserve Instrument Coverage to equal the Reserve Instrument Limit within one year from any draw date under the Reserve Instrument.

In the event that funds have been withdrawn from an Account in the Agreement Reserve Fund, or any Account in the Agreement Reserve Fund is at any time funded in an amount less than its Agreement Reserve Requirement after making the transfers described above, the Finance Authority will transfer for deposit in such Account sufficient Subordinate Lien PPRF Revenues, Agreement Revenues with respect to the related Agreement, Additional Pledged Revenues and revenues from Additional Pledged Loans to restore such Account within one year with 12 substantially equal payments during such period (unless otherwise provided for by the Supplemental Indenture governing the applicable Agreement Reserve Requirement); or a ratable portion of remaining Subordinate Lien PPRF Revenues, Agreement Revenues with respect to the

related Agreement, Additional Pledged Revenues and revenues from Additional Pledged Loans if less than the amount necessary.

After making the foregoing transfers to the Bond Fund and to the Paying Agent for the PPRF Secured Obligations and to the Security Instrument Issuers and to the SWAP Providers and to the Reserve Instrument Providers, on June 16 of each year, the Finance Authority will be entitled to direct the Trustee in writing to release to the Finance Authority the balance on deposit in the Revenue Fund and the Trustee must then transfer the balance to the Finance Authority. However, prior to any such release being made, there must be retained in the Revenue Fund an amount, after giving credit for available amounts in all accounts in the Debt Service Reserve Fund and the Agreement Reserve Fund, sufficient to make payments of all Bond Debt Service requirements (calculated as provided in clauses (i), (ii) and (iii) of the definition of Debt Service presented under the caption “Definitions” in “APPENDIX B—EXTRACTS OF CERTAIN PROVISIONS OF THE INDENTURE”), Security Instrument Repayment Obligations, SWAP Payments and Reserve Instrument Repayment Obligations coming due in the then current Bond Fund Year; provided further, that once additional moneys are deposited into the Bond Fund to make all of the foregoing payments, the amounts retained in the Revenue Fund may be released from the lien of the Indenture but only to the extent of additional moneys deposited into the Bond Fund. The Finance Authority shall use excess moneys to fund the Supplemental Credit Reserve Fund, and may use the balance for (i) deposit to the Public Project Revolving Fund as required by the Act; (ii) redemption of Bonds prior to maturity by depositing the same into the Bond Fund; (iii) refinancing, refunding, repurchase or advance refunding of any Bonds; or (iv) for any other lawful purpose, including payment of Program Costs for Bonds and similar costs for PPRF Secured Obligations, replacement of reserves for Bonds or PPRF Secured Obligations and payment of Termination Payments.

The Finance Authority may, but is not obligated to, use any legally available PPRF Revenues of the Finance Authority to satisfy its obligations under the Indenture. At this point, the Finance Authority has not entered into any counterparty transactions with respect to the PPRF.

Debt Service Reserve Fund. The Indenture permits the establishment of a separate Account in the Debt Service Reserve Fund solely for the benefit of the holders of a Series of Bonds in an amount equal to the least of (i) 10% of the proceeds of such Series of Bonds determined on the basis of original principal amount (unless original issue premium or original issue discount exceeds two percent of original principal, then determined on the basis of initial purchase price to the public); (ii) the maximum annual Debt Service during any Bond Fund Year for such Series of Bonds; or (iii) 125% of the average annual Debt Service for such Series of Bonds (the “Debt Service Reserve Requirement”). If at any time the amount on deposit in any Account of the Debt Service Reserve Fund is less than the Debt Service Reserve Requirement for that Account, the Finance Authority is required to make payments totaling the amount of any such deficiency directly to the Trustee for deposit into the Debt Service Reserve Fund. **Although the Finance Authority has established separate Accounts in the Debt Service Reserve Fund for Series of Outstanding Parity Bonds, it is not establishing or funding an Account in the Debt Service Reserve Fund for the Series 2017D Bonds.**

The Debt Service Reserve Requirement may be funded entirely or in part with one or more letters of credit, bond insurance policies, surety bonds, standby bond purchase agreements, lines of credit or other devices (each, a “Reserve Instrument”). No Reserve Instrument may be allowed to expire or terminate while the related Series of Bonds are Outstanding unless and until cash has been deposited into the related account of the Debt Service Reserve Fund, or a new Reserve Instrument has been issued in place of the expiring or terminating Reserve Instrument, or any combination thereof in an amount or to provide coverage, as the case may be, at least equal to the amount required to be maintained in the related account of the Debt Service Reserve Fund.

In the event of a deficiency in the Bond Fund for a Series of Bonds, the Trustee will transfer moneys on deposit in the related Account of the Debt Service Reserve Fund to the Bond Fund to make up such deficiency. Moneys on deposit in any Account of the Debt Service Reserve Fund will be used to make up any deficiencies in the Bond Fund only for the Series of Bonds secured by that Account and any Reserve Instrument may only be drawn upon with respect to the Series of Bonds for which such Reserve Instrument was obtained.

If funds on deposit in an Account of the Debt Service Reserve Fund are needed to make up any deficiencies in the Bond Fund, and there is insufficient cash available in such Account of the Debt Service Reserve Fund to make up such deficiency and Reserve Instruments applicable to such Series are in effect, the Trustee will immediately make a demand for payment on such Reserve Instruments, to the maximum extent authorized by such Reserve Instruments, in the amount necessary to make up such deficiency, and immediately deposit such payment upon receipt thereof into the Bond Fund.

Moneys at any time on deposit in the account of the Debt Service Reserve Fund in excess of the amount required to be maintained therein (taking into account the amount of related Reserve Instrument Coverage) will be transferred by the Trustee to the Bond Fund at least once each year.

Previous Series of Outstanding Parity Bonds are secured by Accounts in the Debt Service Reserve Fund. The Debt Service Reserve Requirement for such Series of Outstanding Parity Bonds was funded by the acquisition of Reserve Instruments issued by MBIA Insurance Corporation (“MBIA,” and consequently ceded to its subsidiary National Public Finance Guarantee Corp., “National”). The Finance Authority makes no representation as to the ability of MBIA or National to meet its obligations under its respective Reserve Instruments. In the event that a Reserve Instrument on deposit in the Debt Service Reserve Fund were terminated, the Finance Authority is required to replenish the Debt Service Reserve Requirement for the respective Series of Bonds or to provide a replacement Reserve Instrument.

MBIA issued its Reserve Instruments when it was rated “AAA” and “Aaa” by S&P and Moody’s, respectively. The Finance Authority has been informed that S&P and Moody’s have lowered or no longer maintain their ratings with respect to MBIA and National. The Finance Authority (with the advice of counsel) has determined that the Indenture does not require the Finance Authority to replace the Reserve Instruments as a result of the action taken by the rating agencies. Further financial information regarding MBIA and National can be obtained at their respective websites. The Finance Authority makes no representation as to any information on those websites or the ability of MBIA, National or any other provider of Reserve Instruments to make payments on the Outstanding Parity Bonds in amounts and at the times required by the Indenture.

Supplemental Credit Reserve Fund. Pursuant to an amendment to the Indenture approved on June 22, 2017, the Supplemental Credit Reserve Fund was established to as part of the Trust Estate. The Supplemental Credit Reserve Fund was initially funded on July 5, 2017, in an amount of \$30,593,376 transferred from the now-deactivated Contingent Liquidity Account (as defined herein). See “NEW MEXICO FINANCE AUTHORITY – The Public Project Revolving Fund – Contingent Liquidity Account.” If the amounts on deposit in any Governmental Unit’s Debt Service Account of the Debt Service Fund or in any repayment account in connection with a Short-Term Borrowing are insufficient for payments coming due under the related Loan Agreement or Securities on the next Loan Payment Date or payments coming due on the next Short-Term Borrowing Payment Date, after applying any applicable Agreement Reserve Account or other source for the payment of Debt Service, on the third day preceding a Loan Payment Date or Short-Term Borrowing Payment Date, as applicable (or, if such third day is not a Business Day, on the Business Day next preceding such third day), the Trustee shall transfer from the Supplemental Credit Reserve Fund, an amount sufficient, together with amounts in the related Debt Service Account, to pay the Principal Component and the Interest Component due under such Loan Agreement or Securities or Short-Term Borrowing on such Loan Payment Date or Short-Term Borrowing Payment Date, as applicable.

The Finance Authority shall determine, as of the end of each Bond Fund Year, the Supplemental Credit Reserve Requirement, which shall be an amount equal to the amount of the Common Debt Service Reserve Fund at that time. The Finance Authority shall deposit the amount, if any, to fund the Supplemental Credit Reserve Fund to the then Supplemental Credit Reserve Requirement within three (3) business days of receipt by the Finance Authority of the disbursement of the Subordinate Lien PPRF Revenues distributed to the Finance Authority by the trustee under the Subordinated Indenture on June 16, being the day after the end of the applicable Bond Fund Year under the Subordinated Indenture.

If amounts on deposit in the Supplemental Credit Reserve Fund are greater than the Supplemental Credit Reserve Requirement for a given Bond Fund Year, then no additional deposit shall be made to the Supplemental Credit Reserve Fund for such Bond Fund Year. Any such excess amount may be used during the subsequent Bond Fund Year, at the discretion of the Finance Authority, for the redemption of Bonds prior to maturity by depositing the amount into the Bond Fund or the defeasance of any Bonds. If the Finance Authority does not have sufficient Subordinate Lien PPRF Revenues to fund the Supplemental Credit Reserve Fund to the Supplemental Credit Reserve Requirement, then the Finance Authority shall not be required to fund from any other source any such difference in excess of the then available amount of Subordinate Lien PPRF Revenues.

Amounts on deposit in the Supplemental Credit Reserve Fund may not be applied toward payment of the Bonds, except to the extent that amounts are due and owing under the Bonds and amounts are not otherwise available for such payments in the Debt Service Fund and the Debt Service Reserve Fund.

If all of the following are true: (i) amounts in the Supplemental Credit Reserve Fund have been disbursed to pay Principal Component or and Interest Component due under a Loan Agreement or in relation to Securities, (ii) at the end of

the Bond Fund Year following such disbursement, the amount that was funded into the Supplemental Credit Reserve Fund from Subordinate Lien PPRF Revenues and that was attributable to disbursements that should have been, but were not, restored by a Governmental Unit prior to such Bond Fund Year end (a “SCRF Restorative Funding”), (iii) the relevant Governmental Unit later came into compliance as to certain delinquent payments that had been previously made from Supplemental Credit Reserve Fund disbursements (a “SCRF Compliance Restoration”), and (iv) the amount in the Supplemental Credit Reserve Fund exceeds the Supplemental Credit Reserve Requirement; then no more frequently than every three months, the Trustee, upon the written request of the Finance Authority (which written request shall also certify that the foregoing conditions have been satisfied) shall disburse to the Finance Authority the amount by which aggregate SCRF Compliance Restoration amounts exceed the aggregate SCRF Restorative Funding amounts.

If no Bonds remain outstanding (or all Bonds have been defeased), then upon the request of the Finance Authority, any amount remaining in the Supplemental Credit Reserve Fund shall be disbursed by the Trustee to the Finance Authority, and the disbursed amounts may be used by the Finance Authority for any purpose under the Indenture.

Investment Earnings. All income earned from the investment of moneys in the respective Accounts held by the Finance Authority and the respective Accounts of the Debt Service Fund and the Agreement Reserve Fund (but only to the extent that the amount on deposit exceeds the related Agreement Reserve Requirement), shall be deposited in the related Account of the Debt Service Fund and applied as a credit to the Loan Payment next coming due under the Agreement, with all earnings received on the Governmental Unit’s Accounts being allocated solely to the benefit of such Governmental Unit.

### **Application of Loan Prepayments**

A limited number of Governmental Units (in an amount not deemed material by the Finance Authority) have the option, beginning one year after origination, to make full or partial Prepayments of their Loans. Neither the outstanding Bonds nor the Series 2017D Bonds are subject to mandatory redemption under such circumstances. With respect to a particular Series of Bonds, the Indenture instead provides that, for the purpose of matching, to the extent practicable, (i) the revenues received from Loan Payments received pursuant to Loans reimbursed or originated with proceeds of a specific Series of Bonds with debt service payable on such Series of Bonds, and (ii) the overall debt service requirements on the Outstanding Bonds and the particular Series of Bonds with revenues received from Loan Payments on all outstanding Loans, the Finance Authority shall, within 365 days following the receipt of a Prepayment, in part or in full, of a Loan reimbursed with proceeds of a particular Series of Bonds, take separately or in combination any one or more of the actions described in subsections (a), (b) or (c) of this Section:

(a) The Finance Authority may, to the extent practicable, call for optional redemption prior to maturity Bonds from such Series which are subject to redemption, selecting Bonds of such Series for optional redemption in an amount and with debt service requirements that approximate the debt service requirements of the Loan for which the Prepayment was received (or a pro-rata portion thereof in the event that only a portion of the Prepayment is applied pursuant to this Subsection); or

(b) The Finance Authority may, to the extent practicable, originate one or more new Loans (i) in an aggregate principal amount equal to or greater than the amount of the Prepayment (or a pro rata portion thereof in the event that only a portion of the Prepayment is applied pursuant to this Subsection), and (ii) with a final maturity date and debt service requirements approximating the final maturity date and debt service requirements of the Loan pursuant to which the Prepayment was made (or a pro rata portion thereof in the event that only a portion of the Prepayment is applied pursuant to this Subsection). The Finance Authority shall provide a Cash Flow Statement to the Trustee establishing that, in taking the actions described in subsection (b) of this Section, the requirements of the Cash Flow Statement, as defined in of the Indenture, are satisfied.

(c) In the event that the Finance Authority does not take one of the actions described in either subsections (a) or (b) of this Section, the Finance Authority shall defease the particular Series of Bonds, in Authorized Denominations, to the first optional redemption date for such Series of Bonds, in an amount approximating the amount of the Prepayment received (or a pro rata portion thereof in the event that only a portion of the Prepayment is applied pursuant to this Subsection). The principal amount and maturity date of the particular Series of Bonds to be defeased shall correspond to the principal amount and due date of the Principal Component of such Prepayment. The Finance Authority shall recalculate the Loan payments due under any Loan in the case of a Prepayment in part of Loan payments under such Loan in a manner which is consistent with the actions taken as described in subsections (a), (b) or (c) of this Section.

(d) If, within 90 days following the receipt of a Prepayment, the Finance Authority has not either redeemed Bonds as provided in Subsection (a) of this Section or originated one or more new Loans as provided in Subsection (b) of this Section, the Finance Authority shall restrict the yield on investment of the Prepayment amount to the yield on the Loan for which the Prepayment was made, until one or more new Loans have been originated in an aggregate principal amount equal to or greater than the amount of the Prepayment, until Bonds have been redeemed, or until Bonds have been defeased as provided in Subsection (c) of this Section.

Historical Prepayments. During the fiscal years indicated below, the Finance Authority has received prepayments (including Prepayments under the Indenture as well as prepayments of obligations under the Senior Indenture) in the numbers and aggregate principal amounts presented in the following table. Because prepayment of some Loans by Governmental Units is optional for certain Governmental Units and because the Loan Payments that Governmental Units may prepay vary greatly in amount, the occurrence and aggregate principal amount of Prepayments in past fiscal years are not an indication of Prepayments to be received by the Finance Authority in future fiscal years.

Fiscal Year	Number of Prepayments <sup>(1)</sup>	Aggregate Principal Amount <sup>(1)(2)</sup>
2006-2007	9	\$ 9,145,000
2007-2008	21	2,973,716
2008-2009	32	10,223,706
2009-2010	23	6,945,375
2010-2011	58	124,271,480
2011-2012	55	118,727,583
2012-2013	33	54,407,892
2013-2014	23	71,812,973
2014-2015	18	87,924,017
2015-2016	19	57,202,797
2016-2017	20	42,764,880

<sup>(1)</sup> Historically, refinancing opportunities associated with favorable interest rates, which make it economically beneficial for Governmental Units to refinance their respective loans, have impacted the amount of prepayments in any given fiscal year.

<sup>(2)</sup> As discussed above under “Application of Loan Payments,” the Finance Authority has applied a portion of such prepayments to originate additional loans which, pursuant to a Pledge Notification, have been pledged to the Indenture. The Finance Authority has also applied a portion of such prepayments to redeem obligations under the Indenture or the Senior Indenture. Prepayments yet to be applied are not material in amount.

### **Additional Bonds**

Additional Bonds, PPRF Secured Obligations, Security Instrument Repayment Obligations and SWAP Payments or other indebtedness, bonds or notes of the Finance Authority payable on a parity with the Bonds out of the Trust Estate may be issued, created or incurred, only if certain requirements have been met, including the following:

(a) The Finance Authority must deliver to the Trustee a “Cash Flow Statement,” taking into account the issuance of the Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes. A Cash Flow Statement incorporates a variety of items including revenues, debt service, loan prepayments and discount factors for certain types of Loans and more particularly described in “APPENDIX B—EXTRACTS OF CERTAIN PROVISIONS OF THE INDENTURE.”

(b) All payments required by the Indenture to be made into the Bond Fund must have been made in full.

(c) The proceeds of the Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes must be used (1) to refund Bonds issued under the Indenture or other obligations of the Finance Authority (including the funding of necessary reserves and the payment of costs of issuance); (2) to make additional Loans or to purchase Securities (including the funding of necessary reserves and the payment of costs of issuance); or (3) to finance other projects approved by the Finance Authority.

(d) No Event of Default has occurred and is continuing under the Indenture, except that the foregoing will not preclude the issuance of Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes if (1) the issuance of such Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes otherwise complies with the requirements of the Indenture; and (2) such Event of Default will cease to continue upon the issuance of the Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes and the application of the proceeds thereof.

All payments required to be made into the Bond Fund must have been made in full, and there must be on deposit in each account of the Debt Service Reserve Fund (taking into account any Reserve Instrument Coverage) the full amount required to be accumulated therein at the time of issuance of the Additional Bonds.

Any of the foregoing requirements may be revised or deleted with written evidence from the Rating Agencies to the effect that such revision or deletion will not result in the rating on the Outstanding Bonds being lowered.

The Finance Authority maintains an ongoing program to provide loans and to purchase securities from Governmental Units and expects to finance certain of those activities with the issuance of Additional Bonds in parity with the Series 2017D Bonds. The Finance Authority expects to issue additional Senior Bonds within the next six months and may issue Additional Bonds within the next twelve months. The issuance of such Additional Bonds depends on a variety of factors, including market conditions. No assurance can be given when, or if, such Additional Bonds will be issued. The timing, amount and other details of such other Additional Bonds are not known as of the date of this Official Statement.

#### **No Senior Lien Obligations Other Than Senior Bonds**

Other than the Senior Bonds, no additional indebtedness, bonds or notes of the Finance Authority payable on a priority senior to the pledge of the Trust Estate for payment of the Bonds, PPRF Secured Obligations, the Security Instrument Repayment Obligations and the SWAP Payments will be created or incurred without the prior written consent of 100% of the Owners of Outstanding Bonds, Owners of PPRF Secured Obligations, Security Instrument Issuers and SWAP Counterparties.

In connection with the issuance of Senior Bonds, the Finance Authority may enter into a loan agreement with the Governmental Unit or may purchase securities of the Governmental Unit in consideration for the loan of a portion of the proceeds of such Senior Bonds for projects (the “Senior PPRF Agreements”). The Senior Bonds are secured by (i) all revenues received by the Finance Authority from the allocation of the NMFA Portion of the Governmental Gross Receipts Tax, as more fully described herein under “The Governmental Gross Receipts Tax”; (ii) all revenues received or earned by the Finance Authority from or attributable to the Senior PPRF Agreements (except for certain costs of administering the Public Project Revolving Fund program); (iii) all revenues received or earned by the Finance Authority from or attributable to other loan agreements or securities pledged to the Senior Indenture; and (iv) all interest earned by and profits derived from the sale of investments in certain funds and accounts created under the Senior Indenture.

As of June 30, 2017, the Common Debt Service Reserve Fund was funded in the amount of \$30,593,376. The Common Debt Service Reserve Fund secures the Senior Bonds and is not pledged as security for the Bonds.

## **Supplemental Indentures and Amendments to Agreements; Rating Agency Discretion**

Pursuant to the Indenture, the Finance Authority and the Trustee may, without the consent of or notice to any of the Owners of the Bonds, enter into an indenture or indentures supplemental to the Indenture in order to make certain amendments or changes to the Indenture, including any amendment with the prior written confirmation from the Rating Agencies that such amendment will not result in the rating on the Bonds and the PPRF Secured Obligations, following such amendment, to be lower than the rating on the Bonds and the PPRF Secured Obligations immediately prior to such amendment. See “APPENDIX B—EXTRACTS OF CERTAIN PROVISIONS OF THE INDENTURE—Supplemental Indentures, Amendments to Agreements, and Amendments and Supplements to Senior Indenture.”

In addition, the Finance Authority with the consent of the Trustee and the related Governmental Unit may, without the consent of any Owners of the Bonds, amend any Agreement, Additional Pledged Loan documents and any existing Security Documents with the prior written confirmation from the Rating Agencies that such amendment will not result in the rating on the Bonds following such amendment to be lower than the rating on the Bonds immediately prior to such amendment; or make any other change or amendment upon the delivery to the Trustee of a Cash Flow Statement and an Approval of Bond Counsel.

## **THE PLAN OF FINANCING**

Upon the delivery of the Series 2017D Bonds, the Refunded Obligations will be deemed paid and will no longer be secured by or entitled to the benefits of the Indenture except for the purpose of payment from moneys on deposit in the Refunded Obligations Redemption Account held by the Trustee.

## Organization and Governance

The Finance Authority is composed of 11 members who serve as the governing body of the Finance Authority. Six of the members are ex officio members designated in the Act and five members are appointed by the Governor with the advice and consent of the State Senate. One of the appointed members must be the chief financial officer of a State higher educational institution. The remaining four appointed members must be residents of the State. The six ex officio members with voting privileges include four cabinet-level secretaries, each of whom are appointed by the Governor and serve at the pleasure of the Governor (the Secretary of Finance and Administration, the Secretary of Economic Development, the Secretary of Energy, Minerals and Natural Resources, and the Secretary of Environment), and two are chief executive directors of State-wide associations (the Executive Director of the New Mexico Municipal League and the Executive Director of the New Mexico Association of Counties). The appointed members serve at the pleasure of the Governor and the appointed members serve four-year terms. Vacancies for the appointed members are filled by appointment of the Governor for the remainder of any unexpired term. Any appointed member is eligible for reappointment.

The governing body of the Finance Authority exercises and oversees the exercise of the powers of the Finance Authority. The governing body of the Finance Authority satisfies those responsibilities through monthly meetings and through the standing committees that the governing body has established. A quorum of the governing body exists when a majority of the members then serving are present. A majority vote of a quorum of the members present may transact any business of the Finance Authority. A vacancy in the membership of the governing body does not impact the ability of a quorum to exercise all rights and duties of the Finance Authority. The committees are advisory and have no authority to act on behalf of the governing body, except that the Contracts Committee has authority to award certain contracts and the Investment Committee has authority to authorize certain investments. Each committee reviews and makes recommendations to the governing body concerning matters assigned to it by the governing body.

The Executive Committee provides oversight and direction relating to the operations of the Finance Authority. Other committees include the Finance and Loan Committee, the Audit Committee, the Economic Development Committee, the Investment Committee, the Disclosure Committee, and the Contracts Committee. The committees typically meet monthly.

The governing body has also established written policies concerning the exercise of the powers of the Finance Authority, including the administration of the Public Project Revolving Fund. The written policies serve as ongoing directions to staff and consultants with respect to standards to be applied in the conduct of the business of the Finance Authority.

## **Legislative Oversight**

The Act also provides for the creation of a legislative oversight committee, whose membership is determined by the State Legislative Council. The oversight committee is required to monitor and oversee the operation of the Finance Authority, and in that capacity it, among other things: (i) meets on a regular basis to receive and review reports from the Finance Authority and to review and approve regulations proposed for adoption pursuant to the Act; (ii) monitors and provides assistance and advice on the public project financing program of the Finance Authority; (iii) oversees and monitors State and local government capital planning and financing; (iv) provides advice and assistance to the Finance Authority on planning, setting priorities for and financing of State and local capital projects; (v) undertakes an ongoing examination of the statutes, constitutional provisions, regulations and court decisions governing State and local government capital financing in the State; and (vi) reports its findings and recommendations, including recommended legislation or necessary changes, to the Governor and to each session of the State legislature (the “Legislature”), and makes available the report and proposed legislation.

## **The Public Project Revolving Fund Program**

General. The Act created the Public Project Revolving Fund (the “PPRF”) program of the Finance Authority in 1992 to pay the reasonably necessary costs of originating and servicing loans, grants or securities funded by the PPRF and to make loans or grants and to purchase or sell securities to assist qualified entities in financing the acquisition, construction, improvement, alteration or reconstruction of assets of a long-term capital nature, including land; buildings; water rights; water, sewerage and waste disposal systems; streets; airports; municipal utilities; public recreation facilities; public transportation systems; parking facilities; and machinery, furniture and equipment. Public projects financed through the PPRF in amounts in excess of \$1 million per project require specific authorization by the Legislature. As of June 23, 2017, the Finance Authority had made 1,407 PPRF loans totaling approximately \$3.1 billion. To implement the PPRF Program, the Finance Authority has been granted the following specific powers:

- (a) to make loans to qualified entities that establish one or more dedicated sources of revenue to repay the loan from the Finance Authority;

(b) to make, enter into and enforce all contracts necessary, convenient or desirable for the purposes of the Finance Authority or pertaining to (1) a loan to a qualified entity, (2) a purchase or sale of securities individually or on a pooled basis, or (3) the performance of its duties and execution of any of its powers under the Act;

(c) to purchase or hold securities at prices and in a manner the Finance Authority considers advisable, giving due consideration to the financial capability of the qualified entity, and sell securities acquired or held by it at prices without relation to cost and in a manner the Finance Authority considers advisable;

(d) to prescribe the form of application or procedure required of a qualified entity for a loan or purchase of its securities, fix the terms and conditions of the loan or purchase and enter into agreements with qualified entities with respect to loans or purchases;

(e) to charge for its costs and services in review or consideration of a proposed loan to a qualified entity or purchase by the Finance Authority of securities, whether or not the loan is made or the securities purchased;

(f) to fix and establish terms and provisions with respect to: (1) a purchase of securities by the Finance Authority, including date and maturities of the securities; (2) redemption or payment before maturity; and (3) any other matters that in connection with the purchase are necessary, desirable or advisable in the judgment of the Finance Authority;

(g) to the extent permitted under its contracts with the holders of bonds of the Finance Authority, consent to modification of the rate of interest, time and payment of installment of principal or interest, security or any other term of a bond, contract or agreement of any kind to which the Finance Authority is a party;

(h) in connection with the purchase of any securities, to consider the ability of the qualified entity to secure financing from other sources and the costs of that financing and the particular public project or purpose to be financed or refinanced with the proceeds of the securities to be purchased by the Finance Authority;

(i) to acquire fee simple, leasehold, mortgagor's or mortgagee's interests in real and personal property and to sell, mortgage, convey or lease that property for Finance Authority purposes; and

(j) in the event of a default by a qualifying entity, enforce its rights by suit or mandamus or use all of the available remedies under State law.

Contingent Liquidity Account. In an effort to pursue its policy of maintaining a sufficient cash balance to meet the borrowing needs of eligible entities and improving the fund and cash balances of the PPRF program, the Finance Authority established a contingency account (the "Contingent Liquidity Account") in an amount equal to the Common Debt Service Reserve Fund. Although not pledged to any Finance Authority bonds, the Contingent Liquidity Account was intended to enhance the Finance Authority's ability to meet the cash-flow needs of the PPRF program. At its meeting on June 22, 2017, the Finance Authority's board of directors amended the PPRF debt management policy to provide for the creation of the Supplemental Credit Reserve Fund and the deactivation of the Contingent Liquidity Account. Effective July 5, 2017, amounts in the Contingent Liquidity Account were transferred to the Supplemental Credit Reserve Fund.

Temporary Borrowing. The Finance Authority has entered into an arrangement (the "Wells Fargo Short-Term Borrowing") with Wells Fargo Bank, National Association ("Wells Fargo") for Wells Fargo to provide to the Finance Authority an amount up to \$100,000,000 to reimburse the Finance Authority for loans made to eligible entities that are incurred prior to the issuance of a series of bonds or to make loans to eligible entities by using funds drawn from the Wells Fargo Short-Term Borrowing. Once the amounts are advanced, the Finance Authority has up to 180 days to repay the advancement. The Wells Fargo Short-Term Borrowing is currently scheduled to expire on December 10, 2020. The Wells Fargo Short-Term Borrowing is secured by proceeds of bonds that are anticipated to be issued subsequent to the advances. The Finance Authority has entered into the Wells Fargo Short-Term Borrowing to assist it with its cash flows. The Wells Fargo Short-Term Borrowing is not secured by the Trust Estate. The Finance Authority does not have any current plans to draw upon the Wells Fargo Short-Term Borrowing. However, the Finance Authority reserves the right to draw upon the Wells Fargo Short-Term Borrowing if it is expedient to do so.

## LITIGATION

To the knowledge of the Finance Authority, there is no controversy or litigation known to be pending or threatened to restrain or enjoin the issuance, sale, execution or delivery of the Series 2017D Bonds, the execution, adoption or effectiveness of the Indenture or the levying or collecting of any Revenues the loss of which would materially adversely affect the ability of the Finance Authority to pay debt service on the Series 2017D Bonds, or in any way contesting or affecting the validity or enforceability of the Series 2017D Bonds, the Indenture, or any proceeding and authority of the Finance Authority taken with respect to the foregoing. The Finance Authority will deliver a non-litigation certification as to the foregoing prior to the issuance of the Series 2017D Bonds.

## UNDERWRITING

Pursuant to a Bond Purchase Agreement dated August 10, 2017 (the “Bond Purchase Agreement”) between Merrill Lynch, Pierce, Fenner & Smith, Incorporated, as representative of the Underwriters, and the Finance Authority, the Underwriters have agreed to purchase the Series 2017D Bonds from the Finance Authority at a purchase price equal to \$48,528,530.58 (being the par amount of the Series 2017D Bonds plus an original issue premium of \$7,229,486.80, and less an underwriting discount of \$95,956.22). The Bond Purchase Agreement provides that the Underwriters will purchase all of the Series 2017D Bonds if any are purchased, the obligation to make such purchase being subject to certain terms and conditions set forth in the Bond Purchase Agreement, including the approval of certain legal matters by counsel and certain other conditions.

The prices at which the Series 2017D Bonds are offered to the public (and the yields resulting therefrom) may vary from the initial public offering prices appearing on the inside front cover of this Official Statement. In addition, the Underwriters may allow commissions or discounts from such initial offering prices to dealers and others.

George K. Baum & Company, one of the Underwriters of the Series 2017D Bonds, and Pershing LLC (“Pershing”), a subsidiary of The Bank of New York Mellon Corporation, have a distribution agreement enabling Pershing to obtain and distribute certain municipal securities underwritten by or allocated to George K. Baum & Company. Under the distribution agreement, George K. Baum & Company will allocate a portion of received takedowns, fees or commissions to Pershing for Series 2017D Bonds sold under the agreement.

The Underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, principal investment, hedging, financing and brokerage services. Certain of the Underwriters and their respective affiliates have, from time to time, performed, and may in the future perform, various financial advisory and investment banking services for the Finance Authority, for which they received or will receive customary fees and expenses.

In the ordinary course of their various business activities, the Underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities, which may include credit default swaps) and financial instruments (including bank loans) for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities and instruments. Such investment and securities activities may involve securities and instruments of the Finance Authority.

The Underwriters and their respective affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments.

## **TAX MATTERS**

The following is a summary of the material federal and State of New Mexico income tax consequences of holding and disposing of the Series 2017D Bonds. This summary is based upon laws, regulations, rulings and judicial decisions now in effect, all of which are subject to change (possibly on a retroactive basis). This summary does not discuss all aspects of federal income taxation that may be relevant to investors in light of their personal investment circumstances or describe the tax consequences to certain types of owners subject to special treatment under the federal income tax laws (for example, dealers in securities or other persons who do not hold the Series 2017D Bonds as a capital asset, tax-exempt organizations, individual retirement accounts and other tax deferred accounts, and foreign taxpayers), and, except for the income tax laws of the State of New Mexico, does not discuss the consequences to an owner under any state, local or foreign tax laws. The summary does not deal with the tax treatment of persons who purchase the Series 2017D Bonds in the secondary market. Prospective investors are advised to consult their own tax advisors regarding federal, state, local and other tax considerations of holding and disposing of the Series 2017D Bonds.

### **Opinion of Bond Counsel**

In the opinion of Gilmore & Bell, P.C., Bond Counsel, under the law existing as of the issue date of the Series 2017D Bonds:

Federal and State of New Mexico Tax Exemption. The interest on the Series 2017D Bonds (including any original issue discount properly allocable to an owner thereof) is excludable from gross income for federal income tax purposes and is exempt from income taxation by the State of New Mexico.

Alternative Minimum Tax. Interest on the Series 2017D Bonds is not an item of tax preference for purposes of computing the federal alternative minimum tax imposed on individuals and corporations, but is taken into account in determining adjusted current earnings for the purpose of computing the alternative minimum tax imposed on certain corporations.

Bond counsel's opinions are provided as of the date of the original issue of the Series 2017D Bonds, subject to the condition that the Finance Authority and the Original Governmental Units (as defined in the Fifteenth Supplemental Indenture) have complied with all requirements of the Code that must be satisfied subsequent to the issuance of the Series 2017D Bonds in order that interest thereon be, or continue to be, excludable from gross income for federal income tax purposes. The Finance Authority and the Original Governmental Units have covenanted to comply with all such requirements. Failure to comply with certain of such requirements may cause the inclusion of interest on the Series 2017D Bonds in gross income for federal and State of New Mexico income tax purposes retroactive to the date of issuance of the Series 2017D Bonds. Bond Counsel is expressing no opinion regarding other federal, state or local tax consequences arising with respect to the Series 2017D Bonds but has reviewed the discussion under the heading "TAX MATTERS."

## **Other Tax Consequences**

Original Issue Premium. If a Series 2017D Bond is issued at a price that exceeds the stated redemption price at maturity of the Series 2017D Bond, the excess of the purchase price over the stated redemption price at maturity constitutes “premium” on that Series 2017D Bond. Under Section 171 of the Code, the purchaser of that Series 2017D Bond must amortize the premium over the term of the Series 2017D Bond using constant yield principles, based on the purchaser’s yield to maturity. As premium is amortized, the owner’s basis in the Series 2017D Bond and the amount of tax-exempt interest received will be reduced by the amount of amortizable premium properly allocable to the owner. This will result in an increase in the gain (or decrease in the loss) to be recognized for federal income tax purposes on sale or disposition of the Series 2017D Bond prior to its maturity. Even though the owner’s basis is reduced, no federal income tax deduction is allowed. Prospective investors should consult their own tax advisors concerning the calculation and accrual of bond premium.

Sale, Exchange or Retirement of Bonds. Upon the sale, exchange or retirement (including redemption) of a Series 2017D Bond, an owner of the Series 2017D Bond generally will recognize gain or loss in an amount equal to the difference between the amount of cash and the fair market value of any property received on the sale, exchange or retirement of the Series 2017D Bond (other than in respect of accrued and unpaid interest) and such owner’s adjusted tax basis in the Series 2017D Bond. To the extent a Series 2017D Bond is held as a capital asset, such gain or loss will be capital gain or loss and will be long-term capital gain or loss if the Series 2017D Bond has been held for more than 12 months at the time of sale, exchange or retirement.

Reporting Requirements. In general, information reporting requirements will apply to certain payments of principal, interest and premium paid on the Series 2017D Bonds, and to the proceeds paid on the sale of the Series 2017D Bonds, other than certain exempt recipients (such as corporations and foreign entities). A backup withholding tax will apply to such payments if the owner fails to provide a taxpayer identification number or certification of foreign or other exempt status or fails to report in full dividend and interest income. The amount of any backup withholding from a payment to an owner will be allowed as a credit against the owner’s federal income tax liability.

Collateral Federal Income Tax Consequences. Prospective purchasers of the Series 2017D Bonds should be aware that ownership of the Series 2017D Bonds may result in collateral federal income tax consequences to certain taxpayers, including, without limitation, financial institutions, property and casualty insurance companies, individual recipients of Social Security or Railroad Retirement benefits, certain S corporations with “excess net passive income,” foreign corporations subject to the branch profits tax, life insurance companies, and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry or have paid or incurred certain expenses allocable to the Series 2017D Bonds. Bond Counsel expresses no opinion regarding these tax consequences. Purchasers of Series 2017D Bonds should consult their tax advisors as to the applicability of these tax consequences and other federal income tax consequences of the purchase, ownership and disposition of the Series 2017D Bonds, including the possible application of state, local, foreign and other tax laws.

## **LEGAL MATTERS**

In connection with the issuance and sale of the Series 2017D Bonds, Gilmore & Bell, P.C., Salt Lake City, Utah, as Bond Counsel to the Finance Authority, will deliver its opinion in substantially the form included in APPENDIX D. Certain legal matters will be passed upon for the Finance Authority by its General Counsel. Certain matters relating to disclosure will be passed upon for the Finance Authority by Andrews Kurth Kenyon LLP, Austin, Texas, Disclosure Counsel to the Finance Authority. Certain legal matters will be passed upon for the Underwriters by Hogan Lovells US LLP, Denver, Colorado, counsel to the Underwriters. The counsels involved in this transaction have not participated in any independent verification of the information concerning the financial condition or capabilities of the Finance Authority contained in this Official Statement.

## **MUNICIPAL ADVISOR**

The Finance Authority has retained Western Financial Group, LLC, a wholly-owned subsidiary of PFM Financial Advisors LLC (“WFG”), as municipal advisor in connection with the preparation of this Official Statement and with respect to the issuance of the Series 2017D Bonds. WFG was recently acquired by, and is a wholly-owned subsidiary of, PFM Financial Advisors LLC. WFG is an independent advisory firm and is not engaged in the business of underwriting, trading or distributing municipal securities or other public securities.

## FINANCIAL STATEMENTS

The financial statements of the Finance Authority for the year ended June 30, 2016, included in APPENDIX A of this Official Statement, have been audited by REDW, LLC, certified public accountants, Albuquerque, New Mexico, as set forth in its report thereon dated November 16, 2016. REDW, LLC has not been asked to consent to the use of its name and audited financial reports of the Finance Authority in this Official Statement nor has REDW, LLC participated in the preparation of this Official Statement.

Upon such discovery, the Finance Authority withdrew the Incomplete Audit. The Finance Authority then initiated an investigation and determined that its former controller had misrepresented the status of the Incomplete Audit and provided financial statements for use with third parties that he falsely represented as “audited.” For additional information relating to the Incomplete Audit, see “2011 Audit Situation” at [www.nmfa.net/investors/disclosures/](http://www.nmfa.net/investors/disclosures/).

    1. mergers, consolidations, acquisitions, the sale of all or substantially all of the assets of the obligated persons or their termination;
    2. appointment of a successor or additional trustee or the change of the name of a trustee;
    3. non-payment related defaults;
    4. modification of rights of owners of the bonds;
    5. bond calls; and
    6. release, substitution, or sale of property securing repayment of the bonds.

The Finance Authority may from time to time choose to provide notice of the occurrence of certain other events, in addition to those listed above, if, in the judgment of the Finance Authority, such other event is material with respect to the Series 2017D Bonds. However, the Finance Authority does not undertake to commit to provide any such notice of the occurrence of any material event except those events listed above.

The Finance Authority reserves the right to modify from time to time the Continuing Disclosure Undertaking, including the specific types of information provided or the format of the presentation of such information, to the extent necessary or appropriate in the judgment of the Finance Authority; provided that, the Finance Authority has agreed that any such modification will be done in a manner consistent with the Rule. The Finance Authority acknowledges that its undertaking pursuant to the Rule described under this heading is intended to be for the benefit of the Owners of the Series 2017D Bonds and will be enforceable by the Owners; provided that the right to enforce the provisions of this undertaking are limited to a right to obtain specific performance of the Finance Authority's obligations, and any failure by the Finance Authority to comply with the provisions of the undertaking will not be an event of default with respect to the Series 2017D Bonds.

None of the Governmental Units have represented annual Loan repayment obligations exceeding 20% of estimated Revenues in the first full year immediately following issuance of the Series 2017D Bonds. See APPENDIX F for a discussion of Loans to Governmental Units with the largest outstanding principal loan balances.

In July 2012, the Finance Authority disclosed that what it believed was the audit of its financial statements for the fiscal year ended June 30, 2011 was not properly completed (the "Incomplete Audit"). See "FINANCIAL STATEMENTS." Due to the Incomplete Audit, the Finance Authority was unable to file its audit for the fiscal year ended June 30, 2011 in a

manner that was in material compliance with its previous undertakings. Eventually, the audit for fiscal year ended June 30, 2011 was completed and made available, and the Finance Authority filed such audit with the MSRB in February 2013 as specified in its disclosure undertakings. In addition, the Finance Authority reports that it did not provide notice to the MSRB of an upgrade on its Subordinate Lien Bonds by Moody's in April 2011 from Aa3 to Aa2. The Finance Authority filed notice of such upgrade with the MSRB in September 2014.

## RATINGS

S&P and Moody's have assigned ratings of "AAA" and "Aa2," respectively, to the Series 2017D Bonds. An explanation of the significance of such ratings may be obtained from S&P and Moody's, respectively.

Such ratings reflect only the views of such organizations. The ratings are not a recommendation to buy, sell or hold the Series 2017D Bonds and there is no assurance that such ratings will continue for any given period of time or that such ratings will not be revised downward or withdrawn entirely by the rating agencies if, in their judgment, circumstances so warrant. Any downward revision or withdrawal of the ratings given to the Series 2017D Bonds may have an adverse effect on the market price of the Series 2017D Bonds. The Municipal Advisor has not undertaken any responsibility to bring to the attention of the owners of the Series 2017D Bonds any proposed revision or withdrawal of the ratings on the Series 2017D Bonds, or to oppose any such proposed revision or withdrawal. The Finance Authority undertakes no responsibility to oppose any such revision or withdrawal. Any such downward revision or withdrawal of the ratings or other actions by a rating agency may have an adverse effect on the market price of the Series 2017D Bonds.

## INVESTMENT CONSIDERATIONS

### Availability of Subordinate Lien PPRF Revenues

The amount of Subordinate Lien PPRF Revenues actually released to the Indenture on any June 1 may be affected by several factors. Among other things, the amount of governmental gross receipts taxes that will be collected and distributed to the Finance Authority and ultimately released from the Senior Indenture to become Subordinate Lien PPRF Revenues is subject to fluctuation based on the activities that generate those taxes, including general economic conditions. There can be no guarantee that the NFMA's Portion of the Governmental Gross Receipts Taxes collected in the future will be consistent with historical collection trends. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS—Trust Estate—The Governmental Gross Receipts Tax."

In addition, the amount of money to be released from the Senior Indenture to become Subordinate Lien PPRF Revenues may be reduced if the other revenues expected to pay debt service on the Senior Bonds in a given year are not available. The availability of those revenues is dependent upon many factors not within the Finance Authority's control, including the ability of entities to which the Finance Authority has loaned the proceeds of the Senior Bonds to repay those loans.

Pursuant to Section 7-9-4.3, NMSA 1978, revisions to laws of the State affecting, among other things, tax rates, taxed activities and distributions of governmental gross receipts taxes could be adopted in the future by the State legislature. There is no assurance that any future revisions to State laws will not adversely affect, among other things, tax rates, activities now subject to the governmental gross receipts tax or distribution of governmental gross receipts tax revenues to the Finance Authority. However, the State has pledged to and agreed with holders of any bonds or notes issued under the Act that the State will not limit or alter the rights vested by the Act in the Finance Authority to fulfill the terms of any agreements made with the holders thereof or in any way impair the rights and remedies of those holders until the bonds or notes together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of those holders, are fully met and discharged.

As previously stated, the Series 2017D Bonds are also payable from Agreement Revenues. Agreement Revenues are derived from a variety of different sources including enterprise system revenues, property taxes and specific taxes. Those sources of Agreement Revenues may be adversely affected by a variety of factors including, but not limited to, general economic conditions, the demand and cost of certain services and governmental actions. There can be no guarantee that future Agreement Revenues will be consistent with historical receipts.

The mandate from the Budget Control Act of 2011 that became effective in March 2013 requires a reduction of federal spending ("Sequestration"). The Finance Authority receives an insignificant amount of federal including federally

provided interest subsidies for the Finance Authority's Series 2010A-2 Bonds revenues. In addition, various entities throughout the State of New Mexico have been receiving federal revenues. While some of those entities may experience a reduction in the receipt of federal revenues due to Sequestration, the Finance Authority does not believe that any such reductions will impact the ability of the Finance Authority to pay debt service on its Bonds.

## Independent Auditor's Report

Governing Board  
New Mexico Finance Authority  
and  
Mr. Timothy Keller  
New Mexico Office of the State Auditor  
Santa Fe, NM

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the New Mexico Finance Authority (the "Authority"), a component unit of the State of New Mexico, as of and for the years ended June 30, 2016 and 2015, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on the accompanying financial statements based on our audits. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Authority as of June 30, 2016 and 2015, and the respective changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Other Matters**

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Other Information***

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The accompanying supplementary schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal regulations (CFR) Part 200, Uniform Administration Requirements, Cost Principles and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The supplementary schedules and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the

information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The vendor schedule listed in the table of contents as other supplementary information have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 16, 2016, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

**Overview of the Financial Statements**

The financial statements of New Mexico Finance Authority (the "Authority") have been prepared using the economic resources measurement focus and accrual basis of accounting in accordance with generally accepted accounting principles. The Authority's basic financial statements are comprised of the following:

- ◆ The *Statement of Net Position* presents information on the assets and liabilities of the Authority, with the difference between the assets and the liabilities reported as net position. Over time, increases or decreases in net position serve as a useful indicator of whether financial position is improving or deteriorating.
- ◆ The *Statement of Revenues, Expenses and Changes in Net Position* present information reflecting changes in the net position of the Authority during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods.
- ◆ The *Statement of Cash Flows* reports the cash flows from operating activities, noncapital financing activities, capital and related financing activities and investing activities, and the resulting change in cash and cash equivalents during the fiscal year.

The accompanying notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes can be found immediately following the financial statements.

**Financial Highlights**

- ◆ The Authority's overall financial position improved slightly from June 30, 2015 to June 30, 2016. The key indicator is total net position which increased by \$5.6 million or 1.1%.
- ◆ Unrestricted cash decreased \$6.2 million or 28.7%. Restricted cash increased by \$21.8 million or 19.2%. Restricted investments increased by \$52.0 million or 18.6%.
- ◆ The total assets of NMFA increased by \$136.5 million or 8.0% as compared against the prior fiscal year. Various reasons account for the increase in assets, which are discussed by management below. The most significant were additional PPRF loan closings and cash generated from additional bonds issuances.
- ◆ Loans receivable increased by \$82.9 million or 7.0% from previous year.
- ◆ Intergovernmental receivables decreased by \$16.0 million or 15.1%, primarily as a result of debt payments received in fiscal year 2016.
- ◆ Bonds payable increased by \$57.5 million or 5.4% in 2016, the result of issuing of \$241.7 million in new bonds, principal payments on outstanding bonds of \$168.5 million, and amortization of bond premium of \$15.7 million.
- ◆ Undisbursed loan proceeds increased by \$63.7 million or 88.5% during fiscal year 2016 due to the timing of a bond issuance at the end of the fiscal year.

**New Mexico Finance Authority**  
**Management's Discussion and Analysis**  
**June 30, 2016 and 2015**

- ◆ Appropriation revenue decreased by \$4.0 million in fiscal year 2016, representing a decrease of 10.8% from fiscal year 2015. The reduction resulted from lower metro court and health sciences appropriations.
- ◆ The Authority experienced a \$3.9 million or 120.5% increase in administrative and processing fees revenue from \$3.2 million in 2015 to \$7.0 million in 2016. This increase is mainly a result of an exit fee received by Finance New Mexico of \$3.4 million in FY 2016.
- ◆ Expenses increased 15.8% from \$108.7 million in 2015 to \$125.9 million in 2016, representing an increase of \$17.2 million. Bond interest expense increased by \$8.0 million or 21.1% mostly to additional bonds outstanding. Loan refinancing pass-through expense increased by \$12.5 million due to a greater amount of refinanced loans with associated bond premiums passed through to the borrower.
- ◆ Grant revenue and corresponding activity decreased 11.6% or \$7.4 million as the Authority experienced decreased grant activity within the Colonias and Drinking Water programs during the year. This includes federal grant revenues and transfers from the State of New Mexico.
- ◆ Reversions and transfers increased 319.5% or \$14.6 million as the Authority transferred \$10.5 million to the New Mexico Economic Development Department for projects pursuant to the Local Economic Development Act. Additionally, the Authority transferred \$5.0 million to the New Mexico Economic Development Department of the existing award of \$13.2 million from United States Treasury State Small Business Credit Initiative Program.

**Statement of Net Position**

The following presents condensed, combined statements of net position as of June 30, 2016, 2015, and 2014. The table also includes the dollar and percentage change from June 30, 2015 to June 30, 2016.

**Assets**

During FY 2016, Loans receivable increased by \$82.9 million or 7.0%. New loans made during the year totaled \$199.1 million while loan payments received were \$116.3 million.

It should be noted that the Statement of Net Position reflects the implementation of GASB 72, which increased investments reported as of June 30, 2016 by \$1.3 million. See Note 3 in the notes to the financial statements for more information regarding the disclosures of investments.

**New Mexico Finance Authority**  
**Management's Discussion and Analysis**  
**June 30, 2016 and 2015**

Total cash and investments increased 16.3% from \$415.2 million in 2015 to \$482.7 million in fiscal year 2016 due primarily to timing of a bond closing at the end of the fiscal year.

***Liabilities***

During FY 2016, bonds payable increased by \$57.5 million resulting from the issuance of \$241.7 million in new bonds, principal payments and defeasances on outstanding bonds of \$168.5 million, and amortization of bond premium of \$15.7 million. Undisbursed loan proceeds increased by \$63.7 million in FY2016 due to a bond issuance occurring close to the fiscal year end. Advanced loan payments experienced an \$8.7 million or 11.7% increase from fiscal year 2015.

Operating revenue increased to \$61.0 million or 15.6% in 2016. Administrative and processing fees increased by \$3.9 million or a 120.5% increase in administrative and processing fees revenue from \$3.2 million in 2015 to \$7.0 million in 2016. This increase is mainly a result of an exit fee received by Finance New Mexico of \$3.4 million in FY 2016. During FY 2016, interest on loans increased by \$3.1 million or 6.4% due to increased loan activity. Interest on investments increased by 137.1% as compared to 2015 due to the implementation of GASB 72 and increased return on investments.

**New Mexico Finance Authority**  
**Management's Discussion and Analysis**  
**June 30, 2016 and 2015**

Overall operating costs increased \$17.2 million or 15.8% mainly due to increased debt service interest expense of \$8.0 million associated with additional bonds outstanding. Additionally, refinanced loans with correlating bond premiums increased during FY2016. As a result, loan refinancing pass-through expenses increased by \$12.5 million.

Grant revenue and corresponding activity decreased 11.6% or \$7.4 million as the Authority experienced decreased grant activity within the Colonias and Drinking Water programs. During FY 2016, appropriation revenue decreased by \$4.0 million, representing a decrease of 10.8% from fiscal year 2015. The reduction is a result of reduced metro court and health sciences appropriations. Reversions and transfers increased 319.5% or \$14.6 million as the Authority transferred \$10.5 million to New Mexico Economic Development Department for projects pursuant to Local Economic Development Act. Additionally, the Authority transferred \$5.0 million to New Mexico Economic Development Department of the existing award of \$13.2 million from United States Treasury State Small Business Credit Initiative Program to the Authority's financial statements.

***Long-Term Debt***

The Authority's long-term debt consists of outstanding bond issues related to the various programs administered by the Authority. At the end of fiscal year 2016, the total amount outstanding was \$1.1 billion (excluding the \$1.3 billion in GRIP bonds which are administered by, but are not a direct liability of the Authority). More detailed information about the Authority's long-term debt is presented in Note 7 to the financial statements.

During the fiscal year, the Authority issued \$241.7 million in PPRF bonds, primarily to directly fund loans and to reimburse the PPRF loan fund for loans already made.

***Programs***

The Authority accounts for each of its programs separately, each with its own assets, liabilities, net position, income and expense. The Public Project Revolving Fund (PPRF) is highlighted in the following discussion due to the significance of the program to the Authority's financial statements.

**Public Project Revolving Fund**

The Authority, established in 1992, was designed as a vehicle to administer the PPRF. The mission of the PPRF is to coordinate planning and financing of state and local public projects with borrowers who could not, on their own, access the bond market on a cost-effective basis. Qualified entities, including without limitation counties, municipalities and school districts, are eligible to borrow from the PPRF. Since 1993, the PPRF has made 1,295 loans totaling \$2.75 billion.

**New Mexico Finance Authority**  
**Management's Discussion and Analysis**  
**June 30, 2016 and 2015**

The PPRF makes loans of less than \$5 million from funds on hand. The Authority's cash is replenished at a later date by "packaging" the loans as collateral and selling tax-exempt bonds. Loans larger than \$5 million are funded through simultaneous closings with a reimbursement bond issue, ensuring a precise matching of loan and bond interest rates.

The Authority operates, in many respects, in the same manner as a bank or other lending institution. Infrastructure finance agencies similar to the Authority are often called "bond banks." Financial statements for the PPRF are presented in the following pages in a format similar to that employed by commercial banking organizations.

***Net Interest Income***

As a not-for-profit lender, the Authority attempts to pass on to its borrowers the same rates paid on the bonds issued to provide loaned funds. Therefore, in its planning and management processes, the Authority attempts to achieve a zero net interest income in the PPRF. In fiscal year 2016, the PPRF had net interest loss of \$16.5 million, compared to income of \$300 thousand in 2015. This is a result of market conditions in which the Authority exercised their early call bond provisions and issued new bonds associated with certain loans. Where the saving on refinancing was passed-through to the borrowers. A major part of the resulting loss, of \$16.5 million, is the loan refinancing pass-through expense of \$21.5 million during fiscal year 2016.

***PPRF Indentures***

The PPRF maintains a General Indenture of Trust (Senior Lien) and a Subordinated Indenture of Trust (Subordinate Lien). At the end of Fiscal Year 2016, there were 664 loans totaling \$1.225 billion outstanding; 74% of those loans are subject to the Senior Lien Indenture and 26% of those loans are subject to the Subordinate Lien Indenture. This is an increase of 6.0% from \$1.156 billion in 2015 primarily as a result of increased bond issuances and loan closings to take advantage of historically low interest rates and to match assets with liabilities.

**(In millions)**

As of October 25, 2016, the Senior Lien is rated AAA and the Subordinate Lien is rated AA by Standard & Poor's and as of October 27, 2016, the Senior Lien is rated Aa1 by Moody's and the Subordinate Lien is rated Aa2. In order to maintain these ratings, the PPRF holds reserves and credit enhancements. These include the Common Debt Service Reserve, Contingent Liquidity Account, and pooled borrower debt service reserve. The Common Debt Service Reserve is subject to the General Indenture of Trust for the Senior Lien, borrower reserves are pledged to the individual loans, and the Contingent Liquidity Account is considered to be held outside the General and Subordinated Indentures of Trust.

***Governmental Gross Receipts Tax***

The Governmental Gross Receipts Tax (GGRT) is a tax imposed on the gross receipts of municipalities for services rendered to customers such as water, sewer, and solid waste collection. 75% of GGRT collections are appropriated to the PPRF. The Authority's share of GGRT collections was \$28.1 million in 2016, a \$1.6 million increase from the \$26.5 million received in 2015. The GGRT funds are used:

- ◆ As a credit enhancement for the PPRF bonds. In the event of defaults on loans, GGRT funds can be used to make up for any shortfall in funds available for bond payments.
- ◆ To fund loans to borrowers, especially smaller loans which the Authority may choose to not reimburse in a bond issue.
- ◆ To pay operating expenses of the PPRF.

***Other Programs***

The PPRF accounts for a large portion of total Authority activity. At June 30, 2016, the relationships were as follows:

	<u>PPRF</u>	<u>Total Authority</u>	<u>% PPRF</u>
Total assets	\$1.6 billion	\$1.8 billion	88%
Net position	\$286.3 million	\$505.6 million	57%

There are 23 other programs administered by the Authority, some of which are loan programs and some of which are grant programs. These include the Drinking Water Revolving Loan Fund, Colonias Infrastructure Fund, and economic development programs such as New Market Tax Credits.

The Drinking Water Revolving Loan Fund program experienced a decrease in grant revenues and expenses in Fiscal Year 2016. This decrease was due to the slower rate of requisitions on grant subsidies awarded for qualifying drinking water facility projects in New Mexico. The Authority saw an offsetting increase in the Colonias Infrastructure program grant activity in Fiscal Year 2016. This increase reflected the fact that the program saw an increased number of projects being approved during 2016. As a relatively new program created through the Colonias Infrastructure Act taking effect July 1, 2011, the number of approved projects increases as more funding is available.

Since 2010, a for-profit limited liability company operated by the Authority was awarded a total of \$201 million allocation of New Markets Tax Credits by the U.S. Treasury Department. Under this program, the Authority provides federal income tax credits to incentivize businesses to create jobs and otherwise contribute to the economic development of the State. Prior to 2016, the Authority made twelve awards totaling \$151.3 million. During Fiscal Year 2016, the Authority made additional awards of \$7.75 million. The tax credits have no impact on the financial statements of the Authority as they are held by Finance New Mexico, LLC (FNMLLC). The Authority does incur certain expenses to administer the program and fees charged to applicants and recipients of the credits, which are minimal. In Fiscal Year 2016, the Authority received \$3.4 million in an Exit Fee from one of the New Market Tax Credit projects. This income was a one-time event upon the termination of one New Market Tax Credit project. Future exit fees are anticipated.

## **Notes to Financial Statements**

**June 30, 2016 and 2015**

### **1) Nature of Organization**

The New Mexico Finance Authority (the “Authority”), a component unit of the State of New Mexico (the “State”), is a public body politic and corporate, separate and apart from the state constituting a governmental instrumentality, organized and existing pursuant to the New Mexico Finance Authority Act (the “Act”) created by the Laws of 1992 Chapter 61, as amended. The Authority has broad powers to provide financing for an array of infrastructure and economic development projects. The Authority also provides for long-term planning and assessment of state and local capital needs and improves cooperation among the executive and legislative branches of state government and local governments in financing public projects.

The Authority’s governing board is composed of eleven members including the Secretary of the Department of Finance and Administration; the Secretary of Economic Development; the Secretary of Energy, Minerals and Natural Resources; and the Secretary of the Environment Department. The Executive Director of the New Mexico Municipal League and the Executive Director of the New Mexico Association of Counties are ex-officio members of the Authority with voting privileges. The Governor, with the advice and consent of the Senate, appoints to the Authority Board, whose membership must include the Chief Financial Officer of an institution of higher education and four other members who are residents of the State. The appointed members serve at the pleasure of the Governor.

The Authority issues loans to entities pursuant to the rules and regulations governing the Public Projects Revolving Loan Fund Program (PPRF). The PPRF provides low cost financing to local government entities for a variety of infrastructure projects throughout the State. The PPRF Program receives 75 percent of the Governmental Gross Receipts Tax of the State of New Mexico pursuant to section 7-1-6.1 NMSA, 1978, and may issue bonds in amounts deemed necessary to provide sufficient money for the purposes set forth by the New Mexico Finance Authority Act. Bonds are issued under a Master Indenture as well as individual Series Indentures, proceeds and covenants of which are administered through a trust relationship established by contract with a trust company or bank bearing trust powers (Trustee) and the Authority. The Authority may also serve as conduit issuer of revenue bonds for other governmental agencies.

The Authority manages the Drinking Water State Revolving Loan Program (DWRLF) and the Water Trust Board Program (WTB).

The DWSRF provides low cost financing for the construction of and improvements to drinking water facilities throughout New Mexico in order to protect drinking water quality and public health. This program is funded through a federal capitalization grant where the Environmental Protection Agency (EPA) and the State cost share 83.33% and 16.67%, respectively, all approved budget period costs.

The WTB program provides grant and interest free loans to support water projects which support water use efficiency, resource conservation and protection and fair distribution and allocation of water.

Other significant programs administered by the Authority include:

- ◆ The Local Transportation Infrastructure Projects Program provides for grants and low-cost financial assistance for local governments transportation projects which are not eligible for federal funding and funding for which have not been set by the existing Local Government Road Fund.
- ◆ The Economic Development Program provides comprehensive financing tools to stimulate economic development projects statewide.
- ◆ The New Markets Tax Credit Program, whereby the Authority acts as the managing member in FNMLLC, a for-profit limited liability company which receives allocations of federal tax credits under Section 45D of the Internal Revenue Code.
- ◆ The Primary Care Capital Program is a revolving loan program which provides financial assistance to rural primary care health clinics for infrastructure, construction and capital equipment purchases. These loans provide 20 percent annual loan forgiveness if the borrower agrees to a contract-for-services to provide medical care free or at reduced prices to sick and indigent clients.
- ◆ The Water and Wastewater Project Grant Program provides grant funding for water and wastewater system projects authorized by legislation.
- ◆ The Local Government Planning Grant Program provides grants to qualified entities on a per project basis for water and wastewater related studies, long-term water management plans and economic development plans.
- ◆ The State Capital Improvement Financing accounts for the issuance of revenue bonds the proceeds of which were used to finance capital improvements to a state facility located adjacent to the State Capitol.
- ◆ The UNM Health Sciences administers the financing of several capital projects for UNM Health Sciences Center. The Authority issued bonds, secured by authorized distributions of cigarette excise taxes, for the purpose of designing, constructing, equipping and furnishing additions and improvements to the University of New Mexico Hospital and the Cancer Research and Treatment Center.
- ◆ The Colonias Infrastructure Act appropriates to the Authority 5% of the senior lien severance tax bond proceeds for loans and grants to certain communities in southern New Mexico that lack basic infrastructure for water and wastewater, solid waste disposal, flood and drainage control, roads and housing.
- ◆ Through a Memorandum of Understanding entered into with the New Mexico Economic Development Department, the Authority received \$13.2 million of federal State Small Business Credit Initiative funds in 2011 to help increase the flow of capital to small businesses by mitigating bank risk. The Authority uses the funds to

buy loan participations from banks for economic development projects under a program marketed as the Collateral Support Participation.

The Authority is not subject to the supervision or control of any other board, bureau, department or agency of the State, except as specifically provided in the Act. Bonds and other obligations issued by the Authority under the provisions of the Act are not a debt or liability of the State or any subdivision thereof. The New Mexico Finance Authority Oversight Committee was created by the Act and was appointed by the Legislative Council Service to provide legislative oversight.

The financial statements include the accounts of the Authority and its blended component unit, FNMLLC. All intercompany transactions and balances are eliminated. The condensed financial statements of FNMLLC are disclosed in Note 16.

**2) Summary of Significant Accounting Policies**

Accounting Principles

The financial statements of the Authority have been prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental units and funds. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting.

Basis of Presentation

The financial statements of the Authority have been prepared using the economic resources measurement focus and the accrual basis of accounting. All of the Authority's activities, except those in which the Authority acts as an agent, are reported as an enterprise fund. Enterprise funds are used for activities for which a fee is charged to external users for goods and services.

The Authority distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing financial services in connection with on-going operations. Primary operating revenues includes financing income and fees charged to program borrowers. Operating expenses include interest expense, program support, as well as funds granted to others in the form of loan forgiveness and other subsidies to governmental entities.

Nonoperating items consist primarily of governmental gross receipts and other tax distributions reported as appropriations, grant revenue, and transfers-out for excess distributions and reversions of prior year appropriated revenue.

Revenues from grants that are restricted for specific uses are recognized as revenues and as receivables when the related costs are incurred. When restricted resources meet the criteria to be available for use and unrestricted resources are also available, it is the

**New Mexico Finance Authority**  
**Notes to Financial Statements**  
**June 30, 2016 and 2015**

Authority's policy to use restricted resources first. Expenses are recorded when they are incurred. Expenses charged to federal programs are recorded utilizing the cost principles prescribed or permitted by the various funding sources.

Agency Funds

Agency Funds are used to report resources held by the Authority in a purely custodial capacity. These funds result from transactions associated with the Authority acting as fiscal agent for the New Mexico Department of Transportation (the "Department") on several of the Department's bond transactions. The amounts reported as agency funds do not belong to the Authority and are held in separate accounts on the Authority's books in the name of the Department. Accordingly, all assets held and reported in the Agency Funds are offset by a corresponding liability.

Cash, Cash Equivalents and Investments

The Authority considers all highly liquid financial instruments with a maturity of three months or less when purchased to be cash equivalents. Cash and cash equivalents consist of cash on deposit with Wells Fargo Bank and the Bank of Albuquerque which also acts as bond trustee. Certain proceeds of the Authority's bonds, as well as certain resources set aside for their repayment are invested in certain allowable securities.

In fiscal year 2016, NMFA implemented GASB No.72, Fair Value Measurement and Application. Fair value is the amount that would be received on the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The statement provides guidance for determining a fair value measurement for financial reporting purposes. The statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements.

Accounts Receivable

Accounts receivable consists of payments due from governmental entities, administrative fees due from projects, and other receivables arising from the normal course of operations.

Loans Receivable

Loans are carried at amounts advanced, net of collections and reserves for loan losses, if any. Loans that become past due as to principal and interest are evaluated for collectability. Generally, loans are not placed on nonaccrual status because they are insured, guaranteed, or collateralized.

The allowance for loan losses is maintained to cover possible losses inherent in the loan portfolio based on management's evaluation of the loan portfolio, giving consideration to various factors, including collateral value, past loan loss experience, current facts and economic conditions. The allowance is based on management's estimates, and ultimate losses may vary from the current estimates. These estimates are reviewed periodically and any necessary adjustments are reported in income in the period they become known.

**New Mexico Finance Authority**  
**Notes to Financial Statements**  
**June 30, 2016 and 2015**

Intergovernmental Receivables

Intergovernmental receivables consist of amounts due from the State based on legislated appropriation of specified taxes for repayment of certain bonds issued by the Authority on behalf of State entities. The related statute directs the Authority to issue bonds and make proceeds available to specified State entities to fund various projects. The statute appropriates a portion of existing taxes or fees to fund the payment of the related bonds. No allowance has been established, as all such receivables are considered collectable.

Capital Assets

Capital assets are recorded at historical cost and depreciated over their estimated useful lives. Donated capital assets are recorded at their estimated fair value at the date of donation. Additions, improvements and other capital outlays individually exceeding \$5,000 that significantly extend the useful life of an asset are capitalized.

Estimated useful life is management's estimate of how long the asset is expected to meet service demands. Straight-line depreciation is used, based on estimated useful lives ranging from three to seven years.

Deferred Outflows/Inflows of Resources

The statement of net position, where applicable, includes separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent consumption of net position that applies to future periods that will be recognized as an expense in future periods. Deferred inflows of resources represent an acquisition of net position that applies to future periods and will be recognized as revenues in future periods.

Bond Discounts and Premiums

Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount.

Loan Refinancing Pass-Through

Loan refinancing pass-through expenses are bond premiums associated with certain refinanced loans passed through by The Authority to the respective borrowers. The refinanced loans were associated with certain bond premiums which reduced the outstanding principal of the associated loans. The reductions resulted in a loan refinancing pass-through expenses to The Authority. For the fiscal years 2016 and 2015, loan refinancing pass-through expenses were \$21,455,228 and \$8,945,997, respectively.

Compensated Absences

Full-time employees with ten years or less employment with the Authority are entitled to fifteen days' annual vacation leave. Employees with more than ten years' service receive twenty days annual vacation leave. When employees terminate, they are compensated at their current hourly rate for accumulated unpaid vacation leave.

**New Mexico Finance Authority**  
**Notes to Financial Statements**  
**June 30, 2016 and 2015**

Full-time employees are entitled to twelve days of sick leave each fiscal year. When employees terminate, they are compensated at twenty-five (25%) of their current hourly rate of accumulated unpaid sick leave up to 320 hours. Part-time employees accrue vacation leave and sick leave on a prorated basis based on the number of hours they work. Accrued compensated absences are recorded and liquidated in the PPRF operating fund. Historically, the year-end balances are used within one-year thus the compensated absence liability will be recorded as a current liability.

Undisbursed Loan Proceeds

Undisbursed loan proceeds represent loan amounts awaiting disbursement to loan recipients. Funds are not automatically disbursed in their entirety when a loan closes. Proceeds are disbursed as the related project costs are incurred. The accounts, in the majority, represent loans of the PPRF program.

Net Position

The difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources, is referred to as net position. Net position is categorized as net investment in capital assets (net of related debt), restricted and unrestricted, based on the following:

*Net investment in capital assets* is intended to reflect the portion of net position which is associated with capital assets less outstanding capital asset related debt. The net of related debt is the debt less the outstanding liquid assets and any associated unamortized cost. The Authority has no capital asset related debt.

*Restricted net position* has third-party (statutory, bond covenant or granting agency) limitations on their use. When there is an option, the Authority spends restricted resources first.

The Authority has Primary Care Capital Program funds invested in the New Mexico State Treasurer's Office investment pool. State law (Section 8-6-3 NMSA 1978) requires investments of these funds be managed by the New Mexico State Treasurer's Office.

Credit Risk

The Authority minimizes credit risk (the risk of loss due to the failure of securities issuer or backer) by limiting investments, prequalifying financial institutions, broker/dealers, intermediaries and advisors with which the Authority will do business and diversifying the investment portfolio so that the impact of potential losses from any one type of security or from any one individual issuer will be minimized.

The New Mexico State Treasurer pools are not rated.

FNMLLC cash balances are maintained in several accounts in several banks. At times, these balances may exceed the federal insurance limits; however, FNMLLC has not experienced any losses with respect to its bank balances in excess of government provided insurance. Management believes that no significant concentration of credit risk exists with respect to these cash balances at June 30, 2016 and 2015.

Interest Rate Risk

The Authority minimizes interest rate risk (the risk that the market value of securities in the portfolio will decline due to changes in market interest rates) by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities in the open market prior to maturity and by investing operating funds primarily in short-term securities limiting the average maturity of the portfolio.

For the Primary Care Capital program funds invested in the New Mexico State Treasurer's Office investment pool, the New Mexico State Treasurer's Office has an investment policy that limits investment maturities to five years or less on allowable investments. This policy is a means of managing exposure to fair value losses arising from increasing interest rates. This policy is reviewed and approved annually by the New Mexico State Board of Finance.

For additional GASB 40 disclosure information regarding cash held by the New Mexico State Treasurer, the reader should refer to the separate audit report for the New Mexico State Treasurer's Office for the fiscal years ended June 30, 2016 and 2015.

State General Fund Investment Pool

The Authority, as required by Section 24-1C-4, NMSA 1978, administers the Primary Care Capital Fund (PCC Fund), which was created as a revolving fund in the State Treasurer's Office (STO). PCC Funds are deposited into the State General Fund Investment Pool (SGFIP), as are funds of state agencies, and as of the end of fiscal year 2016 totaled \$927,896, representing less than 1% of total Authority funds.

It is important to note that all other funds of the Authority, including Public Project Revolving Funds that are subject to the General and Subordinated Indentures of Trust, are held outside of the STO with a Trustee and are secured in accordance with the Authority's Investment Policy.

<b>Description</b>	<b>Fair Value at June 30, 2016</b>	<b>Average Years to Maturity</b>	<b>Percentage of Authority Funds</b>

**Fair Value Measurement**

NMFA's investments measured and reported at fair value are classified according to the following hierarchy:

Level 1—Investments reflect prices quoted in active markets.

Level 2—Investments reflect prices that are based on a similar observable asset either directly or indirectly, which may include inputs in markets that are not considered to be active.

Level 3—Investments reflect prices based upon unobservable sources.

The categorization of investments within the hierarchy is based upon the pricing transparency of the instrument and should not be perceived as the particular investment's risk.

**New Mexico Finance Authority**  
**Notes to Financial Statements**  
**June 30, 2016 and 2015**

Debt, equities, and investment derivatives classified in Level 1 of the fair value hierarchy are valued directly from a predetermined primary external pricing vendor. Assets classified in Level 2 are subject to pricing by an alternative pricing source due to lack of information available by the primary vendor. Assets classified in Level 3, due to lack of an independent pricing source, are valued using an internal fair value as provided by the investment manager.

The refunding resulted in debt service savings over the remaining 10 to 15 years of \$5,505,790, converted for comparison purposes to a NPV savings of \$5,002,352.

The PPRF Refunding Revenue Bonds Subordinate Lien 2015A series, issued in the total par amount of \$63,390,000, refunded the outstanding portions of the PPRF Refunding Revenue Bonds Subordinate Lien 2005C series and PPRF Revenue Bonds Subordinate Lien 2006C series. The PPRF 2006A series bonds were originally issued to fund a loan to the City of Santa Fe and that loan was refunded simultaneously with the issuance of the 2015A series bonds. The NPV rate used was 2.873%, the rate calculated for IRS Arbitrage Yield purposes.

**8) Advanced Loan Payments**

Advanced loan payments represent the amounts received from loan recipients which have not been applied as a payment against their loan as well as debt service reserve accounts funded from the loan proceeds. The Authority applies loan payments semi-annually, therefore, any payments received prior to being applied to the loan are held in an account which earns interest and the interest is credited to the borrower. These funds are held by the trustee and in accounts at the State Treasurer's office. The balance of advanced loan payments was \$83,008,008 and \$74,332,049 at June 30, 2016 and 2015.

**9) Line of Credit**

The Authority maintains a credit facility with Wells Fargo for the PPRF which provides for a borrowing limit of up to \$100,000,000 for the purpose of obtaining necessary funding, on an interim basis, to make loans to qualified entities prior to the issuance, sale and delivery of certain Public Project Revolving Fund Revenue Bonds and to reimburse

**June 30, 2016 and 2015**

the Authority for such loans that have been made. The terms of the credit facility require payment in full of any outstanding balance from the proceeds of the next PPRF bond issuance. Interest is due monthly on the outstanding balance, and accrues at 70% of U.S. dollar monthly LIBOR plus 75 basis points. The LIBOR rate at June 30, 2016, was .154. The Authority pays a 15 basis point fee on the unused portion of the facility. For fiscal year ended June 30, 2016, the line of credit has no activity and the balance at year-end was zero. A summary of changes for fiscal year ended June 30, 2015 follows:

**11) Retirement Plans**

The Authority's retirement plan was organized under Section 408(k) of the Internal Revenue Code. The retirement plan is not subject to the general claims of the creditors of the Authority. Each eligible employee participating in the plan must contribute 3% of their compensation. The Authority makes a contribution of 15% of their compensation. Employees can make an additional, voluntary contribution of up to 4% of their compensation. The Authority also makes a 50% matching contribution on voluntary contributions. Employee contributions are 100% vested, and the Authority contributions will vest 100% to the employee over five years. The contributions are invested in various

mutual funds selected by the employee. The Authority's contributions for this retirement plan for the year ended June 30, 2016 and 2015 were \$487,766 and \$484,916, respectively. Additionally, employee contributions for the retirement plan for the years ended June 30, 2016 and 2015, respectively, were \$151,004 and \$149,634. Substantially all full-time employees participate in this plan.

The Authority maintains a retirement plan in accordance with an "eligible deferred compensation plan" pursuant to Section 457 of the Internal Revenue Code for its Executive Director. The contributions are made regardless of the number of hours worked or the employment status on the last day of the plan year. Employer contributions are limited by IRS Code Section 457(e)(15)(A). The employee is fully vested at all times. The executive plan was in effect for the years ended June 30, 2016 and 2015.

**June 30, 2016 and 2015**

**13) Agency Transactions**

The Authority was authorized in 2003 to issue bonds as agent for the New Mexico Department of Transportation (NMDOT). Approximately \$1.3 billion and \$1.4 billion of such bonds are outstanding at June 30, 2016 and 2015, respectively.

Debt service for the bonds is payable solely from certain revenues of the Department of Transportation. In the opinion of legal counsel, there is no claim that could be asserted against the Authority's assets for payment of debt service on the bonds; therefore, these bonds are not reflected in the Authority's financial statements. The Authority receives a biannual fee from the Department of Transportation equal to its overhead costs for management of the bond issues. The fee is recognized on a cost reimbursement basis.

**14) Contingencies**

Litigation

In the normal course of operations, the Authority is involved in certain litigation and arbitration proceedings involving former employee complaints and subcontractor claims. Management and legal counsel believe the outcomes will not have a materially adverse impact on the financial position of the Authority.

Loan Prepayment and Bond Call Provisions

During the period 2004 to 2008, including PPRF series bonds 2004A through 2008A, loans of less than \$25,000,000 contained provisions allowing for prepayment after one year whereas the related bonds used to fund the loans contained ten-year call provisions. In the event of a loan prepayment prior to the tenth year, the Authority's bond indentures require the substitution of a loan with similar cash flow characteristics or the defeasance of the related bond.

If interest rates at the time of prepayment are lower than the rates on the related bonds, as is currently the case, both loan substitution and defeasance will result in the Authority earning less on the substituted loan or the defeasance escrow than it will pay on the related bond, resulting in a negative cash flow. The Authority has other funding sources available to pay the shortfall, including the proceeds of loan payoff, reserve funds, and operating cash. Management does not believe this condition will have a material adverse impact on the financial statements. The variance in prepayment and call periods was eliminated through a Board resolution in 2008 so that this condition no longer exists after June 2018. The loans containing the shortened call provision total approximately \$97 million and the related bonds total approximately \$316 million as of June 30, 2016. Loans exercising this call provision pre-paid \$61.2 million in principal during FY2016 and \$18.6 million in FY2015. Loans exercising this call provision in the original loan

approved Community Development Entity (CDE) that holds New Market Tax Credits (NMTC) allocation authority to be used for investment in Qualified Active Low-Income Community Businesses (QALICB) pursuant to Section 45D of the Internal Revenue Code (IRC).

The principal business objective of FNMLLC is to provide nontraditional investment capital to underserved markets and enhance the return on such investments by providing its members with new market tax credits. In general, under Section 45D of the Internal Revenue Code, a qualified investor in a CDE can receive the tax credits to be used to reduce Federal taxes.

In accordance with the operating agreement of FNMLLC, 99% of profits, losses and cash flows are allocated to the Authority, the managing member, and 1% to New Mexico Community Capital, the nonmanaging member.

In 2015, management reevaluated how to report the Authority's interest in FNMLLC for financial statement purposes. Management evaluated a number of criteria as stated in GASB Statements Number 39 and 61, amendments of GASB Statement Number 14. The basic, but not the only criterion, is FNMLLC's financial accountability to the Authority. Financial accountability is measured through the degree to which the Authority can appoint a voting majority of the governing body, impose its will, ascertain a potential financial benefit, or face a potential financial burden with regard to the potential component unit. Based on the above criterion, it was determined that the FNMLLC is a blended component unit of the Authority. As such, the Authority has consolidated the FNMLLC's financial statement amounts within the Authority's New Market Tax Credit program. The condensed component unit information for FNMLLC and subsidiaries, for the years ended June 30, 2016 and 2015 were as follows:

The execution by the NMFA of any Bond of any authorized denomination will constitute full and due authorization of such denomination, and the Trustee will thereby be authorized to authenticate and deliver such Bond. The NMFA and the Trustee will not be required to transfer or exchange any Bond of a particular Series (i) during the period from and including any Regular Record Date, to and including the next succeeding Interest Payment Date, (ii) during the period from and including the day fifteen days prior to any Special Record Date, to and including the date of the proposed payment pertaining thereto, (iii) during the period from and including the day fifteen days prior to the mailing of notice calling any Bonds of a particular Series for redemption, to and including the date of such mailing, or (iv) at any time following the mailing of notice calling such Bond for redemption.

Payment of or on account of either principal of or interest on any Bond will be made only to or upon order of the Registered Owner thereof or such person's legal representative, but such registration may be changed as provided in the Indenture. All such payments will be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

In each case the Trustee will require the payment by the Registered Owner requesting exchange or transfer, only of any tax or other governmental charge required to be paid with respect to such exchange or transfer.

In the event that any Bond is not presented for payment when the principal thereof becomes due at maturity, or otherwise, if funds sufficient to pay any such Bond has been made available to the Trustee for the benefit of the holder or holders thereof, all liability of the NMFA to the holder thereof for the payment of such Bond ceases, determines and is completely discharged, and it is the duty of the Trustee to hold such funds, without liability to the holders of such Bonds for interest thereon, for the benefit of the holder of such Bond who thereafter is restricted exclusively to such funds, for any claim of whatever nature on his part under the Indenture or on, or with respect to, such Bond. Moneys so deposited with the Trustee which remain unclaimed four (4) years after the date payment thereof becomes due will, to the extent authorized by applicable law, at the request of the NMFA and if the NMFA is not at the time to the knowledge of the Trustee in default with respect to any covenant contained in the Indenture and if to the knowledge of the Trustee there has been no Event of Default, be repaid to the NMFA and the Owners of the Bonds for which the deposit was made will thereafter be limited to a claim against the NMFA; provided that the Trustee, before making payment to the NMFA, may cause a notice to be given to the Owners of the Bonds at their registered addresses, stating that the moneys remaining unclaimed will be returned to the NMFA after a specified date. Upon payment of such amounts to the NMFA by the Trustee, the NMFA will deal with such money as required by applicable law. The obligation of the Trustee under the Indenture to pay any such amounts to the NMFA will be subject to any provisions of law applicable to the Trustee providing other requirements for disposition of unclaimed property.

(i) the NMFA delivers to the Trustee a Cash Flow Statement taking into account the issuance of the Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes and taking into account the execution and delivery of any related Security Instrument Agreement and Interest Rate Swap;

(ii) all payments required by the Indenture to be made into the Bond Fund must have been made in full;

(iii) the proceeds of the Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes must be used (x) to refund Bonds issued under the Indenture or other obligations of the NMFA (including the funding of necessary reserves and the payment of costs of issuance), (y) to make Loans or to purchase Securities (including the funding of necessary reserves and the payment of costs of issuance) or (z) to finance other projects approved by the NMFA; and

(iv) no Event of Default has occurred and is continuing under the Indenture. The foregoing provisions of this paragraph (iv) will not preclude the issuance of Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes if (x) the issuance of such Additional Bonds and PPRF Secured Obligations or other indebtedness, bonds or notes otherwise complies with the provisions of the Indenture and (y) such Event of Default will cease to continue upon the issuance of the Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes and the application of the proceeds thereof.

(c) There must be on deposit in each Account of the Debt Service Reserve Fund (taking into account any Reserve Instrument coverage) the full amount required to be accumulated therein at the time of issuance of the Additional Bonds.

The requirements above may be revised or deleted with written evidence from the Rating Agencies to the effect that such revision or deletion will not result in the rating on the Outstanding Bonds and outstanding PPRF Secured Obligations being lowered.

Covenant Against Creating or Permitting Liens. Except for (A) the pledge of the PPRF Revenues pursuant to the Senior Indenture and (B) the pledge of the Trust Estate to secure payment of the Bonds, PPRF Secured Obligations, Security Instrument Repayment Obligations, SWAP Payments, and Reserve Instrument Repayment Obligations under the Indenture, the Trust Estate is and will be free and clear of any pledge, lien, charge, or encumbrance thereon or with respect thereto; provided, however, that (i) nothing contained in the Indenture will prevent the NMFA from issuing, if and to the extent permitted by law, indebtedness having a lien on the Trust Estate subordinated to that of the Bonds, the PPRF Secured Obligations, Security Instrument Repayment Obligations and SWAP Payments and (ii) Subordinate Lien PPRF Revenues not needed for payments under the Indenture in any Bond Fund Year may be released to the NMFA free and clear of the lien of the Indenture as provided in the Indenture.

Limitation on Annual Appropriation Agreements. The Finance Authority may enter into Annual Appropriation Agreements with Governmental Units; provided, however, that in no event shall the aggregate principal amount of all Outstanding Annual Appropriation Agreements at any one time exceed twice the amount of the Supplemental Credit Reserve Requirement for the Bond Fund Year in which the calculation is made.

### **Open Market Purchases of Bonds**

Purchases of Outstanding Bonds on the open market may be made by the NMFA at public or private sale as, when and at such prices as the NMFA may in its discretion determine. Any accrued interest payable upon the purchase of Bonds may be paid from the amount reserved in the Bond Fund for the payment of interest on such Bonds on the next following Interest Payment Date. Any Bonds so purchased will be cancelled by the Trustee and surrendered to the NMFA or destroyed and will not be reissued.

### **Covenants of the NMFA**

Payment of Principal, Premium, if any, and Interest. The NMFA covenants that it will promptly pay or cause to be paid the principal of and premium, if any, and interest on every Bond, Security Instrument Repayment Obligation, SWAP Payment or Reserve Instrument Repayment Obligation issued or incurred under or pursuant to the Indenture at the place, on the dates and in the manner provided in the Indenture and in said Bonds, Security Instrument Repayment Obligations, SWAP Payments or Reserve Instrument Repayment Obligations according to the true intent and meaning thereof, but solely from the Subordinate Lien PPRF Revenues and the Agreement Revenues, the Additional Pledged Revenues and other amounts pledged therefor which are from time to time held by the Trustee in the Revenue Fund, the Bond Fund, the Debt Service Reserve Fund (only for the Series of Bonds for which an account is established in the Debt Service Reserve Fund), the Debt Service Fund, the Agreement Reserve Fund, and the Supplemental Credit Reserve Fund, which amounts are specifically pledged by the Indenture to the payment thereof in the manner and to the extent in the Indenture and in the Loan Agreements, Security Documents and Securities specified, and nothing in the Bonds, the Security Instrument Agreements, the Interest Rate Swaps, the Reserve Instrument Agreements or in this Indenture shall be construed as pledging any other funds or assets of the NMFA. The NMFA shall in no event be liable for the payment of the principal of and premium, if any, or interest on any of the Bonds, Security Instrument Repayment Obligations, the SWAP Payments or the Reserve Instrument Repayment Obligation or for the performance of any pledge, obligation or agreement undertaken by the NMFA, except to the extent that the monies pledged in the Indenture or assets granted therein as security are sufficient and available therefor.

The NMFA covenants that it will promptly pay or cause to be paid the principal of, and premium, if any, and interest on every PPRF Secured Obligation secured under the Indenture at the place, on the dates and in the manner provided in the Indenture and in said PPRF Secured Obligation and the related Supplemental Indenture, according to the true intent and meaning thereof, but solely from the Subordinate Lien PPRF Revenues and other amounts pledged therefor which are from time to time held by Trustee in the Revenue Fund which amounts are specifically pledged by the Indenture to the payment thereof in the manner and to the extent in the Indenture and in the related Supplemental Indenture specified, and nothing in this Indenture shall be construed as pledging any other funds or assets of the NMFA. The NMFA shall in no event be liable for the payment of the principal of and premium, if any, or interest on any of the PPRF Secured Obligations or for the performance of any pledge, obligation or agreement undertaken by the NMFA, except to the extent that the aforementioned moneys pledged in the Indenture or assets granted therein as security are sufficient and available therefor. Agreement

Revenues and amounts on deposit in the Bond Fund, the Debt Service Fund, the Debt Service Reserve Fund, and the Agreement Reserve Fund are not pledged to the payment of PPRF Secured Obligations.

Existence; Compliance with Laws. The NMFA will take no action to discontinue maintenance of its existence nor to impair its rights, powers, privileges, and franchises, and will comply with all valid and applicable laws, acts, rules, regulations, permits, orders, requirements and directions of any legislative, executive, administrative or judicial body which may relate to the execution and delivery of the Bonds, PPRF Secured Obligations, Security Instrument Repayment Obligations, SWAP Payments and Reserve Instrument Repayment Obligations and the performance of the NMFA's obligations under the Indenture.

No Transfer of Loan Agreements, Additional Pledged Loans, Security Documents and Securities; Exceptions; Further Assurance. The NMFA and the Trustee will not transfer any of the Loan Agreements, Additional Pledged Loans, Security Documents and Securities, except as specifically authorized in the Indenture in furtherance of the security for the Bonds, PPRF Secured Obligations, the Security Instrument Repayment Obligations, SWAP Payments and Reserve Instrument Repayment Obligations; provided that, (i) once the Governmental Unit has repaid all amounts, if any, owing under its Loan Agreement, Securities, or Additional Pledge Loan and complied with the other provisions thereof, the NMFA and the Trustee may release such Agreement or Additional Pledge Loan and any Security Documents from the pledge created under the Indenture; and (ii) the NMFA may direct the release of any Additional Pledged Loan from the lien and pledge of the Trust Estate under the Indenture upon the delivery to the Trustee of a Cash Flow Statement reflecting such release. Except to the extent otherwise provided in the Indenture and in the Senior Indenture, the NMFA will not enter into any contract or take any action by which the rights of the Trustee or the Bond Owners, the owners of PPRF Secured Obligations, Security Instrument Issuers, SWAP Counterparties and Reserve Instrument Providers may be impaired and will, from time to time, execute and deliver such further instruments and will take such further action as may be required to carry out the purposes of the Indenture.

Financing Statements. The NMFA will cause a financing statement to be filed with the Secretary of State of the State, and in such other manner and at such places as may be required by law fully to protect the security interest of the Owners of the Bonds, the owners of PPRF Secured Obligations, Security Instrument Issuers, SWAP Counterparties and Reserve Instrument Providers and the right, title and interest of the Trustee in and to the Trust Estate. From time to time, the Trustee may, but will not be required to, obtain an opinion of counsel setting forth what, if any, actions by the NMFA or Trustee should be taken to preserve such security. The NMFA will execute or cause to be executed any and all further instruments as are reasonably requested by the Trustee for the protection of the interests of the Bond Owners, the owners of PPRF Secured Obligations, Security Instrument Issuers, SWAP Counterparties and Reserve Instrument Providers and will furnish satisfactory evidence to the Trustee that such actions have been taken and will take such other action as is necessary to preserve the lien upon the Trust Estate created by the Indenture until the principal of and interest on the Bonds, the PPRF Secured Obligations, Security Instrument Repayment Obligations, SWAP Payments and Reserve Instrument Repayment Obligations executed and delivered under the Indenture have been paid. The Trustee will execute or join in the execution of any such further or additional instrument and file or join in the filing thereof at such time or times and in such place or places as it may be advised by an opinion of Counsel may be necessary to preserve the lien of the Indenture upon the Trust Estate created by the Indenture or any part thereof until the principal of and interest on the Bonds, the PPRF Secured Obligations, Security Instrument Repayment Obligations, SWAP Payments and Reserve Instrument Repayment Obligations have been paid.

Rights Under Loan Agreements, Security Documents and Securities. The Loan Agreements, Security Documents and Securities set forth the covenants and obligations of the Governmental Units, including provisions that, subsequent to the issuance of a related Series of Bonds and prior to their payment in full or provision for payment thereof in accordance with the provisions in the Indenture, the Loan Agreements, Security Documents and Securities may not be effectively amended, changed, modified, altered or terminated without the prior written consent of the Trustee in accordance with the Indenture, and reference is made to the same for a detailed statement of said covenants and obligations of the Governmental Units under the Indenture.

Tax-Exempt Bonds. The NMFA covenants and agrees to and for the benefit of the Owners of the Tax-Exempt Bonds that the NMFA (i) will not take any action that would cause interest on the Tax-Exempt Bonds to become subject to federal income taxation, (ii) will not omit to take or cause to be taken, in timely manner, any action, which omission would cause the interest on the Tax-Exempt Bonds to become subject to federal income taxation, and (iii) will, to the extent possible, comply with any other requirements of federal tax law applicable to the Tax-Exempt Bonds in order to preserve the exemption from federal income taxation of interest on the Tax-Exempt Bonds.

State Pledge of Non-Impairment. The State has pledged to and agreed with the holders of the Bonds and the owners of PPRF Secured Obligations (as obligations issued under the Act) that the State will not limit or alter the rights vested in the NMFA under the Act to fulfill the terms of the Indenture with the Bond holders and the owners of PPRF Secured Obligations or in any way impair the rights and remedies of those holders until the Bonds and the PPRF Secured Obligations together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of those holders, are fully met and discharged.

### **Financing Loan Agreements and Securities**

Restrictions. The following restrictions will apply to Loans made by the NMFA under the Indenture:

- (a) The aggregate principal amount of each Loan Agreement and Security will be in whole multiples of Authorized Denomination.
- (b) Each Governmental Unit will agree not to take or permit any action which would cause the respective Agreement or the related Series of Bonds to be “arbitrage bonds” under Sections 103 and 148 of the Code.
- (c) Amounts disbursed from each Governmental Units’ Account within the Program Fund will be used to finance the costs of the related Project and related expenditures on behalf of the Governmental Unit. All funds on deposit in a Governmental Unit’s Program Account may be disbursed to fund a capital projects account held by or on behalf of the Governmental Unit, provided that the Governmental Unit establishes an account for such moneys separate from its other funds, and expressly acknowledges and agrees that its use of such moneys is subject to the requirements and restrictions set forth in the Indenture.
- (d) Each Governmental Unit agrees to pay the Rebatable Arbitrage relating to its Accounts in the Program Fund, the Agreement Reserve Fund and the Debt Service Fund.
- (e) At the time of execution and delivery of each Agreement, the related Governmental Unit will execute and deliver a certificate to the effect that the Governmental Unit (i) will not take any action that would cause the interest on the Bonds to become subject to federal income taxation, (ii) will not omit to take or cause to be taken, in timely manner, any action, which omission would cause the interest on the Bonds to become subject to federal income taxation, and (iii) will, to the extent possible, comply with any other requirements of federal tax law applicable to the Agreement in order to preserve the exemption from federal income taxation of the interest on the Bonds.

The provisions of Subsections (b), (d) and (e) above will not apply to Agreements financed with proceeds of Taxable Bonds.

Waiver of Compliance With Program Requirements. With the Approval of Bond Counsel, any of the requirements of the Indenture may be waived or modified by the Trustee and the NMFA

Loan Agreement and Securities — Loan Payments. The Loan Payments will be governed by the following provisions:

- (a) Principal, Program Costs and Interest Components. A portion of each Loan Payment is paid as, and represents payment of, interest on the related Loan (the “Interest Component”) and payment of a Program Cost component relating to each Loan (the “Program Cost Component”) and the balance of each Loan Payment is paid as, and represents payment of, principal (the “Principal Component”) with respect to the related Loan, all as set forth in the related Agreement. Amounts due as the Principal, Program Costs, and Interest Components of Loan Payments due under each Loan Agreement or Securities will be paid on or before each Loan Payment Date. The Interest Component of Loan Payments for each Agreement will be the amount of interest based on a 360-day year comprised of twelve 30-day months, unless otherwise specified in the related Supplemental Indenture or Pledge Notification. The Program Cost Component may be included in the interest rate applicable to a Loan.
- (b) Agreement and Term. The “Term” of an Agreement will be defined in the Agreement.

(c) Agreement Payment. Agreements will provide that the related Governmental Unit will pay Loan Payments to the NMFA for remittance to Trustee. In the case of Securities, the Securities will be registered in the name of the Trustee or properly assigned to the Trustee on the books of any registrar for such Securities or if in bearer form delivered to the NMFA for remittance to and to be held by the Trustee.

(d) Prepayments. Agreements may contain a provision permitting the Governmental Unit to prepay the Principal Component of Loan Payments, in accordance with the provisions of the Agreement subject to any conditions set forth in the related Supplemental Indenture or Agreement. Partial prepayments of the Principal Component of Loan Payments will be made in multiples of the minimum Authorized Denomination.

(e) Use of Reserve at Final Payment. At the time of payment in full under each Loan Agreement or Securities, the applicable Agreement Reserve Account in the Agreement Reserve Fund will be applied toward the final payment of amounts due under the related Agreement.

### **Establishment and Use of Funds**

Establishment of Funds; Accounts Within Funds. There are established with the Trustee the following funds and accounts within funds, each of which will be held, for the term of the Indenture, in Accounts segregated from all other moneys of the Trustee or the NMFA:

- (a) a Program Fund and within such fund a separate Account for each Agreement or Project;
- (b) a Debt Service Fund and within such fund a separate Account for each Agreement;
- (c) a Bond Fund;
- (d) an Agreement Reserve Fund and within such fund, a separate Account for each Agreement which contemplates the establishment of an Agreement Reserve Account;
- (e) an Expense Fund;
- (f) a Rebate Fund and within such fund a separate Account for each Agreement (other than Agreements related to Taxable Bonds);
- (g) a Subordinate Lien PPRF Revenue Fund (in the Indenture the “Revenue Fund”) established as an account of the Public Project Revolving Fund;
- (h) a Debt Service Reserve Fund and within such fund a separate Account for each Series of Bonds for which a Debt Service Reserve Requirement is established;
- (i) a Supplemental Credit Reserve Fund; and
- (i) a Reserve Instrument Fund.

In addition to the foregoing, the NMFA may establish subaccounts within the Program Fund, the Agreement Reserve Fund, the Debt Service Reserve Fund, the Reserve Instrument Fund or the Debt Service Fund.

Program Fund. Except with respect to Reimbursement Bonds, proceeds of which may be deposited directly to the Public Project Revolving Fund, upon the issuance of a Series of Bonds, the Trustee will deposit the amount specified in the related Supplemental Indenture in the Program Fund and except in the case of Uncommitted Proceeds, will allocate such amount to the respective Accounts within the Program Fund as provided in each Agreement, Supplemental Indenture or Pledge Notification. Upon the issuance of a Series of Bonds for which there are Uncommitted Proceeds, the Trustee should deposit such Uncommitted Proceeds in the Program Fund until such time that the Trustee receives a Pledge Notification that identifies the Agreement or Project to which Uncommitted Proceeds are to be allocated and at such time, the Trustee will allocate such Uncommitted Proceeds to the respective Accounts within the Program Fund as provided in each Agreement, Supplemental Indenture or Pledge Notification. Disbursements from each Account within the Program Fund will be made as

provided below and may be made in stages or in a single disbursement for the purpose of funding a Governmental Unit's capital projects account.

Application of Loan Payments. Pursuant to the Loan Agreements and Securities and except as otherwise provided in a Supplemental Indenture, the Loan Payments payable under the Indenture will be paid directly to the NMFA for remittance to the Trustee. Any moneys received by the Trustee directly from a Governmental Unit will be remitted to the NMFA for deposit in the NMFA debt service account or other appropriate account for the Governmental Unit or other borrower from which the Trustee received such moneys.

The Trustee will deposit all Loan Payments from the Loan Agreements and Securities immediately upon receipt thereof from the NMFA, as follows:

First: to the related Account in the Debt Service Fund in an amount required to cause the aggregate amount on deposit therein to equal the amount then required to make the principal and interest payments due or to next become due with respect to the Loan (it being anticipated that each Governmental Unit will deposit an amount at least equal to the Loan Payments falling due under the related Loan Agreement or Securities with the NMFA, which will remit that amount to the Trustee for allocation to the related Account in the Debt Service Fund).

Second: to the related Account, if any, in the Agreement Reserve Fund to the extent necessary to cause the balance in said Account to equal the Agreement Reserve Requirement, if any, of such Account.

Third: in the event the Supplemental Credit Reserve Fund has been used to satisfy amounts due under a Loan Agreement or in relation to certain Securities, then to the extent Loan Payments are received as to that specific Loan Agreement or Securities, to the Supplemental Credit Reserve Fund to the extent necessary to cause the payments to the Supplemental Credit Reserve Fund to equal the amounts withdrawn from the Supplemental Credit Reserve Fund to satisfy amounts due under the Loan Agreement or as to such Securities.

Fourth: to the payment of Program Costs (to the extent allocable to such Agreement).

All income earned from the investment of moneys in the respective Accounts (i) held by the NMFA and (ii) of the Debt Service Fund and the Agreement Reserve Fund (but only to the extent that the amount on deposit therein exceeds the related Agreement Reserve Requirement), will be deposited in the related Account of the Debt Service Fund and applied as a credit to the Loan Payment next coming due under the Agreement, provided, however, that all earnings received on the Governmental Unit's Accounts will be allocated solely to the benefit of such Governmental Unit. The NMFA will notify the Governmental Unit at least fifteen (15) days prior to the due date of its next payment of Loan Payments of the amount of earnings so allocated.

At least once each year, and more frequently if required pursuant to the provisions of a Supplemental Indenture, the Trustee will determine the amount necessary (i) to be transferred to the Bond Fund from each Debt Service Account from payments relating to a Governmental Unit's Agreement, (ii) to replenish the Governmental Unit's Account in the Agreement Reserve Fund and (iii) to pay the Governmental Unit's share of Program Costs for the year, and will return any excess which the Trustee does not expect to be required for such payments to the related Governmental Unit or will credit such excess to the Loan Payments next coming due under the Governmental Unit's Agreement, as provided in the Agreement and subject to the following:

(i) Any excess attributable to earnings on funds and accounts for the Governmental Unit will be returned to the Governmental Unit or will credit such excess to the Loan Payments next coming due under the Governmental Unit's Agreement; and

(ii) Any other excess will be deposited into the Revenue Fund.

Debt Service Fund. When required pursuant to the provisions of a Supplemental Indenture, the Trustee will transfer moneys in the respective Accounts of the Debt Service Fund to the Bond Fund to pay principal of, and premium, if any, and interest on the Bonds, any Security Instrument Repayment Obligations, SWAP Payments (less any SWAP Receipts) and Reserve Instrument Repayment Obligations becoming due, to the extent amounts are on deposit therein for such purpose. When any Bond is called for redemption because a Governmental Unit has made a Prepayment under its Loan Agreement or

Securities, the Trustee will, on the redemption date for such Bond, transfer the amount necessary for such redemption from the related Account in the Debt Service Fund to the Bond Fund.

The Trustee will keep the Debt Service Fund and each Governmental Unit's Account therein separate and apart from all other Funds and Accounts held by it.

In the event that a subaccount of a Governmental Unit's Account within the Debt Service Fund is created for an Additional Pledged Loan, amounts representing principal of and interest on such Additional Pledged Loan will be deposited to the subaccount within the Debt Service Account and will be transferred on each payment date for such Additional Pledged Loan from the Debt Service Fund to the Revenue Fund. Amounts paid under an Additional Pledged Loan for replenishment of a related subaccount of the Agreement Reserve Fund will be deposited therein upon receipt.

Agreement Reserve Fund. The Trustee will deposit the amount, if any, set forth in a Supplemental Indenture or Pledge Notification to the Agreement Reserve Fund and from the source specified in such Supplemental Indenture or Pledge Notification and will allocate such amount to the respective Accounts as provided in each Agreement.

If the amounts on deposit in any Governmental Unit's Account of the Debt Service Fund are insufficient for payments coming due under the related Agreement on the next Loan Payment Date, on the fifth day preceding a Loan Payment Date (or, if such fifth day is not a Business Day, on the Business Day next preceding such fifth day), the Trustee will transfer to such Governmental Unit's Account in the Debt Service Fund from the related Agreement Reserve Account, an amount sufficient, together with amounts in the related Debt Service Account, to pay the Principal Component and the Interest Component due under such Agreement on such Loan Payment Date.

Amounts on deposit in the respective Account of the Agreement Reserve Fund in excess of the related Agreement Reserve Account Requirement will be transferred at least annually to the related Account of the Debt Service Fund and credited against payments next coming due under the related Agreement.

Amounts on deposit in the respective Account of the Agreement Reserve Fund will be applied toward the final payment of amounts falling due under the related Agreement.

As provided in an Agreement, a Governmental Unit may (i) fund an Account in the Agreement Reserve Fund over time from deposits made by or on behalf of the Governmental Unit or (ii) may use any reserve fund surety or similar instruments in lieu of a cash deposit to the Agreement Reserve Fund, as more fully described in the Supplemental Indenture and the Agreement.

The Trustee will keep the Agreement Reserve Fund and each Governmental Unit's Account therein separate and apart from all other Funds and Accounts held by it.

Amounts on deposit in each Agreement Reserve Account, if any, secure only the payments to be made under the related Agreement and may not be applied toward payments under any other Agreement or toward payment of the Bonds, except to the extent that amounts are due and owing under the related Agreement and amounts are not otherwise available for such payments in the related Account of the Debt Service Fund.

In the event that a subaccount of a Governmental Unit's Account within the Agreement Reserve Fund is created for an Additional Pledged Loan, such amounts will be used, in a manner similar to that described above, to secure payment of principal of and interest on such Additional Pledged Loan. In the event that amounts paid by the related Governmental Unit for the payment of principal of and interest on such Additional Pledged Loan are insufficient to make such payments on the fifth day preceding the payment date for such Additional Pledged Loan, amounts on deposit in the related subaccount of the Agreement Reserve Fund will be transferred to the subaccount within the Debt Service Fund and used toward payments on such Additional Pledged Loan on such payment date. Amounts paid under an Additional Pledged Loan for replenishment of the related subaccount of the Agreement Reserve Fund will be deposited therein upon receipt.

Bond Fund. All moneys held by the Trustee in the Bond Fund will be applied in accordance with the Indenture to pay the principal or redemption price of Bonds as they mature or become due, upon surrender thereof, and the interest on Bonds as it becomes due. There will be deposited into the Bond Fund all accrued interest received, if any, at the time of the execution, sale and delivery of the Bonds. There will also be deposited to the Bond Fund from the Debt Service Fund the amounts described in the Indenture and from the Revenue Fund the amounts described in the Indenture. Amounts remaining

on deposit in the Bond Fund at the end of each Bond Fund Year and after payment of all amounts due on the Bonds for such Bond Fund Year will be transferred to the Revenue Fund.

The Trustee will pay out of the Bond Fund to the Security Instrument Issuers and to the SWAP Counterparties, if any, that have issued Security Instruments or Interest Rate Swaps, respectively, with respect to such Series of Bonds, an amount equal to any Security Instrument Repayment Obligations and SWAP Payments (net of SWAP Receipts) as the case may be, then due and payable to such Security Instrument Issuers or SWAP Counterparties, as applicable. Except as otherwise specified in a related Supplemental Indenture, all such Security Instrument Repayment Obligations and SWAP Payments will be paid on a parity with the payments to be made with respect to principal of and interest on the Bonds; provided that amounts paid under a Security Instrument will be applied only to pay the related Series of Bonds. If payment is so made on Pledged Bonds held for the benefit of the Security Instrument Issuer, a corresponding payment on the Security Instrument Repayment Obligation will be deemed to have been made (without requiring an additional payment by the NMFA) and the Trustee will keep its records accordingly.

The NMFA authorizes and directs the Trustee to withdraw sufficient funds from the Bond Fund to pay Debt Service on the Bonds and Security Instrument Repayment Obligations and to pay the SWAP Payments as the same become due and payable and to make said funds so withdrawn available to the Trustee and any Paying Agent for the purpose of paying said Debt Service. In the event that Debt Service on a Series of Bonds is due more frequently than Loan Payments and amounts on deposit in the Bond Fund are insufficient therefor, amounts on deposit in the Revenue Fund will be used to pay Debt Service on such Series of Bonds, and upon receipt of the Loan Payments, the Revenue Fund will be reimbursed for such payments, as directed by the NMFA. Amounts remaining on deposit in the Bond Fund at the end of the Bond Fund Year after the payment of amounts due, as described above for such Bond Fund Year, will be transferred to the Revenue Fund.

The Trustee will deposit to the Bond Fund all moneys transferred from the Debt Service Reserve Fund or from a Reserve Instrument or Instruments then in effect as provided in the Indenture.

Use of Debt Service Reserve Fund. Except as otherwise provided in the Indenture and subject to the immediately following sentence, moneys in each account in the Debt Service Reserve Fund will at all times be maintained in an amount not less than the applicable Debt Service Reserve Requirement, if any. In calculating the amount on deposit in each account in the Debt Service Reserve Fund, the amount of any Reserve Instrument Coverage will be treated as an amount on deposit in such account in the Debt Service Reserve Fund. Each Supplemental Indenture authorizing the issuance of a Series of Bonds will specify the Debt Service Reserve Requirement, if any, applicable to such Series, which amount will either be (i) deposited immediately upon the issuance and delivery of such Series from (a) proceeds from the sale thereof or from any other legally available source, or (b) by a Reserve Instrument or Instruments, or (c) any combination thereof, (ii) deposited from legally available moneys over the period of time specified therein, or (iii) deposited from any combination of (i) and (ii) above; provided however, the foregoing provisions will be subject to the requirements of any Security Instrument Issuer set forth in any Supplemental Indenture. If at any time the amount on deposit in any account of the Debt Service Reserve Fund is less than the minimum amount to be maintained therein under the Indenture, the NMFA is required, pursuant to the Indenture and the provisions of any Supplemental Indenture, to make payments totaling the amount of any such deficiency directly to the Trustee for deposit into the Debt Service Reserve Fund.

In the event of a deficiency in the Bond Fund for a Series of Bonds, the Trustee will transfer moneys on deposit in the related Account of the Debt Service Reserve Fund to the Bond Fund to make up such deficiency.

In the event funds on deposit in an account of the Debt Service Reserve Fund are needed to make up any deficiencies in the Bond Fund as aforementioned, and there is insufficient cash available in such account of the Debt Service Reserve Fund to make up such deficiency and Reserve Instruments applicable to such Series are in effect, the Trustee will immediately make a demand for payment on such Reserve Instruments, to the maximum extent authorized by such Reserve Instruments, in the amount necessary to make up such deficiency, and immediately deposit such payment upon receipt thereof into the Bond Fund. Thereafter, the NMFA will be obligated to reinstate the Reserve Instrument as provided in the Indenture.

No Reserve Instrument will be allowed to expire or terminate while the related Series of Bonds are Outstanding unless and until cash has been deposited into the related account of the Debt Service Reserve Fund, or a new Reserve Instrument has been issued in place of the expiring or terminating Reserve Instrument, or any combination thereof in an amount or to provide coverage, as the case may be, at least equal to the amount required to be maintained in the related account of the Debt Service Reserve Fund.

Moneys at any time on deposit in any Account of the Debt Service Reserve Fund in excess of the amount required to be maintained therein (taking into account the amount of related Reserve Instrument Coverage) will be transferred by the Trustee to the Bond Fund at least once each year.

Moneys on deposit in any Account of the Debt Service Reserve Fund will be used to make up any deficiencies in the Bond Fund only for the Series of Bonds secured by said account and any Reserve Instrument will only be drawn upon with respect to the Series of Bonds for which such Reserve Instrument was obtained.

The NMFA may, upon obtaining approving opinion of bond counsel to the effect that such transaction will not adversely affect the tax-exempt status of any outstanding Bonds, replace any amounts required to be on deposit in the Debt Service Reserve Fund with a Reserve Instrument.

Use of Reserve Instrument Fund. There will be paid into the Reserve Instrument Fund the amounts required by the Indenture and by a Supplemental Indenture to be so paid. The amounts in the Reserve Instrument Fund will, from time to time, be applied by the Trustee on behalf of the NMFA to pay the Reserve Instrument Repayment Obligations which are due and payable to any Reserve Instrument Provider under any applicable Reserve Instrument Agreement.

Supplemental Credit Reserve Fund. The Finance Authority shall determine, as of the end of each Bond Fund Year, the Supplemental Credit Reserve Requirement. The Finance Authority shall deposit the amount, if any, to fund the Supplemental Credit Reserve Fund to the then Supplemental Credit Reserve Requirement within three (3) business days of receipt by the Finance Authority of the disbursement of the Subordinate Lien PPRF Revenues distributed to the Finance Authority by the trustee under the Indenture on June 16, being the day after the end of the applicable Bond Fund Year under the Indenture.

If amounts on deposit in the Supplemental Credit Reserve Fund are greater than the Supplemental Credit Reserve Requirement for a given Bond Fund Year, then no additional deposit shall be made to the Supplemental Credit Reserve Fund for such Bond Fund Year. Any such excess amount may be used during the subsequent Bond Fund Year, at the discretion of the Finance Authority, for the redemption of Bonds prior to maturity by depositing the amount into the Bond Fund or the defeasance of any Bonds. If the Finance Authority does not have sufficient Subordinate Lien PPRF Revenues to fund the Supplemental Credit Reserve Fund to the Supplemental Credit Reserve Requirement, then the Finance Authority shall not be required to fund from any other source any such difference in excess of the then available amount of Subordinate Lien PPRF Revenues.

If the amounts on deposit in any Governmental Unit's Account of the Debt Service Fund or in any repayment account in connection with a Short-Term Borrowing are insufficient for payments coming due under the related Loan Agreement or Securities on the next Loan Payment Date or payments coming due on the next Short-Term Borrowing Payment Date, after applying any applicable Agreement Reserve Account or other source for the payment of Debt Service, on the third day preceding a Loan Payment Date or Short-Term Borrowing Payment Date, as applicable (or, if such third day is not a Business Day, on the Business Day next preceding such third day), the Trustee shall transfer from the Supplemental Credit Reserve Fund, an amount sufficient, together with amounts in the related Debt Service Account, to pay the Principal Component and the Interest Component due under such Loan Agreement or Securities or Short-Term Borrowing on such Loan Payment Date or Short-Term Borrowing Payment Date, as applicable.

Amounts on deposit in the Supplemental Credit Reserve Fund may not be applied toward payment of the Bonds, except to the extent that amounts are due and owing under the Bonds and amounts are not otherwise available for such payments in the Debt Service Fund and the Debt Service Reserve Fund.

If all of the following are true: (i) amounts in the Supplemental Credit Reserve Fund have been disbursed to pay Principal Component or and Interest Component due under a Loan Agreement or in relation to Securities, (ii) at the end of the Bond Fund Year following such disbursement, the amount that was funded into the Supplemental Credit Reserve Fund from Subordinate Lien PPRF Revenues and that was attributable to disbursements that should have been, but were not, restored by a Governmental Unit prior to such Bond Fund Year end (a "SCRF Restorative Funding"), (iii) the relevant Governmental Unit later came into compliance as to certain delinquent payments that had been previously funded from Supplemental Credit Reserve Fund disbursements (a "SCRF Compliance Restoration"), and (iv) the amount in the Supplemental Credit Reserve Fund exceeds the Supplemental Credit Reserve Requirement; then no more frequently than every three months, the Trustee, upon the written request of the Finance Authority (which written request shall also certify

that the foregoing conditions have been satisfied) shall disburse to the Finance Authority the amount by which aggregate SCRF Compliance Restoration amounts exceed the aggregate SCRF Restorative Funding amounts.

If no Bonds remain outstanding (or all Bonds have been defeased), then upon the request of the Finance Authority, any amount remaining in the Supplemental Credit Reserve Fund shall be disbursed by the Trustee to the Finance Authority, and the disbursed amounts may be used by the Finance Authority for any purpose described in the Indenture.

Use of Revenue Fund. Pursuant to the Senior Indenture, the PPRF Revenues which are not used to satisfy obligations of the NMFA under the Indenture or required by the terms thereof to be retained by the trustee under the Indenture, are to be released from the lien and pledge of the Senior Indenture on June 1 of each year (being the last day of each bond fund year under the Indenture) and the NMFA covenants and agrees that such amounts are and will be subject to the lien of the Indenture. During each Bond Fund Year, (i) all PPRF Revenues released from the lien of the Senior Indenture will be paid to the Trustee immediately upon the release thereof on June 1 of each year, (ii) all amounts received as Additional Pledged Revenues will be immediately deposited with the Trustee and (iii) all payments representing principal and interest from Additional Pledged Loans will be paid immediately upon receipt thereof by the NMFA to the Trustee, and all of the same will be accounted for and maintained by the Trustee in the Revenue Fund, which fund will be kept separate and apart from all other accounts of the Trustee and which, prior to transfer of any excess therefrom pursuant to the Indenture, will be expended and used by the Trustee only in the manner and order of priority specified below.

(a) (i) If the amounts on deposit in the Bond Fund are insufficient for payments of principal of and interest on the Bonds due on such date or if a deficiency has occurred in the Bond Fund that has not otherwise been rectified, the Trustee will immediately transfer from the Revenue Fund to the Bond Fund, an amount sufficient, together with amounts transferred from the Debt Service Fund, to pay the principal of and interest on the Bonds due on such date and to rectify any such deficiency then still existing;

(ii) if the Trustee receives notice from the paying agent for any PPRF Secured Obligation that the amounts available for payment of principal and interest with respect to such PPRF Secured Obligation then due on such date will be insufficient or if a deficiency in the payment of any PPRF Secured Obligation has occurred that has not otherwise been rectified, the Trustee will immediately transfer from the Revenue Fund to such paying agent an amount sufficient, together with amounts otherwise available for such purpose, to pay the principal and interest then due with respect to the PPRF Secured Obligations on such date and to rectify any such deficiency then still existing; and

(iii) if the amounts on deposit in the Bond Fund are insufficient for payments then coming due on such date with respect to any Security Instrument Repayment Obligations or SWAP Payments (net of SWAP Receipts) then due pursuant to any Security Instrument Agreements or Interest Rate Swaps or if there has been a deficiency in the payment of any Security Instrument Repayment Obligations or SWAP Payments that has not been rectified, the Trustee will immediately transfer from the Revenue Fund to the Bond Fund, an amount sufficient, together with amounts transferred from the Debt Service Fund, to pay the amounts due on the Security Instrument Repayment Obligations and the SWAP Payments (net of SWAP Receipts) then due on such date and to rectify any such deficiency then still existing.

The transfers required by (i), (ii) and (iii) above are to be made on a parity basis. In the event that the amounts available for transfer pursuant to (i), (ii) and (iii) above are insufficient therefor the Trustee will make such transfers ratably according to the amounts due.

(b) Subject to making the transfers set forth in Subsection (a) above, the NMFA will make the following transfers to the Trustee:

(i) To the extent the Debt Service Reserve Requirement, if any, is not funded with a Reserve Instrument or Instruments, (A) to the Accounts in the Debt Service Reserve Fund any amounts required by the Indenture and by any Supplemental Indenture to accumulate therein the applicable Debt Service Reserve Requirement with respect to each Series of Bonds at the times and in the amounts provided in the Indenture and in any Supplemental Indenture and (B) if funds have been withdrawn from an Account in the Debt Service Reserve Fund or any Account in the Debt Service Reserve Fund is at any time funded in an amount less than the applicable Debt Service Reserve Requirement, the NMFA will transfer from the Revenue Fund in such Account(s) in the Debt Service Reserve Fund in an amount sufficient to restore such

Account(s) within one year with twelve (12) substantially equal payments during such period (unless otherwise provided for by the Supplemental Indenture governing the applicable Debt Service Reserve Requirement); or a ratable portion (based on the amount to be transferred pursuant to the Indenture) of remaining amounts if less than the amount necessary; and

(ii) Equally and ratably to the Accounts of the Reserve Instrument Fund, with respect to all Reserve Instruments which are in effect and are expected to continue in effect after the end of such month, such amount from the Revenue Fund, or a ratable portion (based on the amount to be transferred pursuant to the Indenture) of the amount so remaining if less than the amount necessary, that is required to be paid, on or before the next such transfer or deposit from the Revenue Fund into the Reserve Instrument Fund, to the Reserve Instrument Provider pursuant to any Reserve Instrument Agreement, other than Reserve Instrument Costs, in order to cause the Reserve Instrument Coverage to equal the Reserve Instrument Limit within one year from any draw date under the Reserve Instrument.

(c) In the event that funds are withdrawn from an Account in the Agreement Reserve Fund, or any Account in the Agreement Reserve Fund is at any time funded in an amount less than the applicable Agreement Reserve Requirement, the NMFA will transfer for deposit in such Account(s) in the Agreement Reserve Fund sufficient Subordinate Lien PPRF Revenues, Agreement Revenues, Additional Pledged Revenues and revenues from Additional Pledged Loans in amount to restore such Account(s) within one year with twelve (12) substantially equal payments during such period (unless otherwise provided for by the Supplemental Indenture governing the applicable Agreement Reserve Requirement); or a ratable portion of remaining Subordinate Lien PPRF Revenues, Agreement Revenues, Additional Pledged Revenues and revenues from Additional Pledged Loans if less than the amount necessary.

(d) Subject to making the foregoing transfers to the Bond Fund and to the paying agent for the PPRF Secured Obligations and to the Security Instrument Issuers and to the SWAP Providers and to the Reserve Instrument Providers, on June 16 of each year, the NMFA will be entitled to direct the Trustee in writing to release to the NMFA the balance on deposit in the Revenue Fund and the Trustee will transfer the such amount to the NMFA and the NMFA may use such balance for:

- (i) deposit to the Public Project Revolving Fund as required by the Act;
- (ii) redemption of Bonds prior to maturity by depositing the same into the Bond Fund;
- (iii) refinancing, refunding, repurchase or advance refunding of any Bonds; or
- (iv) for any other lawful purpose, including (A) payment of Program Costs for Bonds issued under the Indenture and similar costs for PPRF Secured Obligations, (B) replacement of reserves for Bonds issued under the Indenture or PPRF Secured Obligations, and (C) payment of Termination Payments;.

provided, however, that notwithstanding the foregoing there will be retained in the Revenue Fund an amount, after giving credit for available amounts in all accounts in the Debt Service Reserve Fund and the Agreement Reserve Fund, sufficient to make payments of all Debt Service requirements on all Bonds, all Security Instrument Repayment Obligations, all SWAP Payments and all Reserve Instrument Repayment Obligations coming due in the then current Bond Fund Year; provided further, that once additional moneys are deposited into the Bond Fund to make all of the foregoing payments, the amounts retained in the Revenue Fund may be released from the lien of this Indenture but only to the extent of additional moneys deposited into the Bond Fund. For purposes of calculating the Debt Service on Variable Rate Bonds for purposes of the Indenture, the provisions of clauses (1), (2) and (3) of the definition of "Debt Service" in the Indenture will apply.

(e) The NMFA may, but is not obligated to, use any PPRF Revenues of the NMFA to satisfy its obligations under the Indenture.

Subordinate Lien PPRF Revenues. Additional Pledged Revenues, Revenues from Additional Pledged Loans and Agreement Revenues to be Held for All Bond Owners and Owners of PPRF Secured Obligations. All of the Subordinate Lien PPRF Revenues, Additional Pledged Revenues, revenues from Additional Pledged Loans and the Agreement Revenues will, until applied as provided in the Indenture, be held by the Trustee or the NMFA, as applicable, only for the benefit of the

Owners of Bonds, Owners of PPRF Secured Obligations (as to Subordinate Lien PPRF Revenues only), Security Instrument Issuers, SWAP Counterparties and Reserve Instrument Providers.

Moneys to be Held in Trust. All moneys required to be deposited with or paid to the Trustee or the NMFA for account to any fund referred to in any provision of the Indenture will be held by the Trustee and the NMFA, as the case may be, in trust. Moneys held by the NMFA as servicer of the Agreements and the Additional Pledged Loans until paid to the Trustee will be kept separate and apart from all other accounts of the NMFA, who will hold and administer such moneys as agent for the Trustee and such moneys will at all times be subject to the lien and trust imposed by the Indenture.

Repayment to Governmental Units from Debt Service Fund. Any amounts remaining in any Governmental Unit's Debt Service Account or Agreement Reserve Account after payment in full of the principal of and premium, if any, and interest on the related Agreement, the fees, charges, and expenses of Trustee, all other amounts required to be paid under the Indenture will be paid immediately to the Governmental Unit as an overpayment of Loan Payments.

Trustee under the Indenture. The Trustee under the Indenture and the trustee under the Senior Indenture will at all times be one and the same entity.

### **Investment of Moneys**

Any moneys held (i) as part of a Governmental Unit's Account in any of the Funds established by the Indenture or (ii) by the NMFA as agent for the Trustee, will be invested by the Trustee or the NMFA, as the case may be, in Permitted Investments in accordance with the Indenture. The Trustee or the NMFA will sell and reduce to cash a sufficient amount of such investments whenever the cash balance in the related Debt Service Account is insufficient to pay the principal of and premium, if any, and interest on the related Agreement when due.

Any moneys on deposit in the Revenue Fund, the Expense Fund, the Rebate Fund, the Debt Service Reserve Fund or the Bond Fund will be invested and reinvested by the Trustee at the direction of the NMFA only in Permitted Investments in accordance with the Indenture. Any such investments will be held by or under the control of the Trustee. The Trustee will sell and reduce to cash a sufficient amount of the investments on deposit in the Bond Fund whenever the cash balance in the Bond Fund is insufficient to pay the principal of and premium, if any, and interest on the Bonds when due.

All such investments will at all times be a part of the Account or Fund from where the money used to acquire such investments was deposited and all gains thereon will be credited to, and losses thereon will be charged against, such accounts or funds except as expressly provided to the contrary in the Indenture.

All investments will mature or be subject to repurchase, withdrawal without penalty, or redemption at the option of the owner on or before the dates on which the amounts invested are reasonably expected to be needed for the purposes of the Indenture.

The principal of the investments and the interest, income, and profits received in respect thereof will be applied as follows:

(i) all interest, income, and profits received in respect of the investment of the amounts on deposit in a Governmental Unit's Account in any of the Funds established by Article VI of the Indenture will (after deduction of any losses) be retained in the applicable Governmental Unit's Account from which the investment was derived (except as otherwise required with respect to the Agreement Reserve Fund and deposits to be made to the Rebate Fund);

(ii) all interest, income, and profits received in respect of the investment of the amounts on deposit in the Revenue Fund, the Rebate Fund, the Bond Fund or the Supplemental Credit Reserve Fund shall (after deduction of any losses) be retained in such Fund; and

(iii) whenever any other transfer or payment is required to be made from any particular Fund or Account, such transfer or payment will be made from such combination of maturing principal, redemption, or repurchase prices, liquidation proceeds, and withdrawals of principal as the Trustee deems appropriate for such purpose, after taking into account such factors as future transfers or payments from the Fund or Account in question, the reinvestment opportunities for maturing principal, the current yield on any

permitted investments to be redeemed, withdrawn, or sold, and any penalties, gains, or losses to be realized upon any such redemption, withdrawal, or sale.

Neither the NMFA nor the Trustee will be accountable for any depreciation in the value of the Permitted Investments or any losses incurred upon any authorized disposition thereof.

Method and Frequency of Valuation. In computing the amount in any fund or account, Permitted Investments will be valued at least annually at cost, including commissions and accrued interest but excluding interest accrued following acquisition.

## **Defeasance**

When there has been paid, or provisions for payment have been made to or for the holders and Owners of the Bonds and PPRF Secured Obligations, the principal of and premium, if any, and interest due or to become due on the Bonds and PPRF Secured Obligations at the times and in the manner stipulated therein, and if there has been paid to the Trustee and any paying agents all sums of money due or to become due according to the Indenture, and if the NMFA has paid or has caused to be paid to (i) all Security Instrument Issuers all Security Instrument Repayment Obligations due and payable under all Security Instruments, (ii) all SWAP Counterparties all SWAP Payments due and payable under all Interest Rate Swaps, and (iii) all Reserve Instrument Providers all Reserve Instrument Repayment Obligations due and payable under all Reserve Instrument Agreements, then the estate and rights granted by the Indenture will cease, terminate and be void, whereupon the Trustee will cancel and discharge the lien of the Indenture, and on demand of the NMFA will execute such documents to evidence such release as will be reasonably required by the NMFA and will turn over to the NMFA all balances held by the Trustee under the Indenture (other than amounts required for return to the Governmental Units as provided in the Indenture).

Any Bond will be deemed to be paid for all purposes of the Indenture when (a) payment of the principal of and the applicable premium, if any, on such Bond, whether at maturity or prior redemption plus interest thereon to the due date thereof either (i) has been made or caused to be made in accordance with the terms thereof, or (ii) has been provided by irrevocably depositing with the Trustee or other escrow agent, in trust, and the Trustee or other escrow agent has irrevocably set aside exclusively for such payment, (1) moneys sufficient to make such payment, and/or (2) noncallable Governmental Obligations maturing as to principal and interest in such amount and at such times as will insure the availability of sufficient moneys to make such payment, and (b) all necessary and proper fees, compensation and expenses of the Trustee and any paying agents pertaining to the Bonds with respect to which such deposit is made will have been paid or the payment thereof provided for to the satisfaction of the Trustee. At such time as a Bond is deemed to be paid under the Indenture, as aforesaid, it will no longer be secured by or entitled to the benefits of the Indenture, except for the purposes of any such payment from such moneys or noncallable Governmental Obligations.

All moneys so deposited with the Trustee (or other escrow agent) as provided in the Indenture may at the direction of the NMFA also be invested and reinvested in noncallable Governmental Obligations, maturing in the amounts and at times as set forth in the Indenture, and all income from all noncallable Governmental Obligations in the hands of the Trustee pursuant to the Indenture which is not required for the payment of the Bonds and interest and premium, if any, thereon with respect to which such moneys has been so deposited, will be deposited in the Revenue Fund as and when realized and collected for use and application as are other moneys deposited in that fund.

Notwithstanding anything in the Indenture to the contrary, all moneys or noncallable Governmental Obligations set aside and held in trust pursuant to the provisions of the Indenture for the payment of Bonds (including interest and premium thereon, if any) will be applied to and used solely for the payment of the particular Bonds (including interest and premium thereof, if any) with respect to which such moneys and noncallable Governmental Obligations have been so set aside in trust.

Neither the obligations nor the moneys deposited with the Trustee (or other escrow agent) pursuant to the Indenture will be withdrawn or used for any purpose other than, and will be segregated and held in trust for, the payment of the principal or redemption price of, and interest on, the Bonds or portions thereof.

Whenever moneys or obligations are deposited with the Trustee (or other escrow agent) for the payment or redemption of any Bonds more than sixty (60) days prior to the date that such Bonds are to mature or be redeemed, the Trustee will mail a notice stating that such moneys or obligations have been deposited and identifying the Bonds for the payment of which such moneys or obligations are being held, to all Owners of Bonds for the payment of which such moneys or obligations are being held.

Notwithstanding anything in the Indenture to the contrary, if moneys or Government Obligations have been deposited or set aside with the Trustee pursuant to the Indenture for the payment of Bonds and such Bonds have not in fact been actually paid in full, no amendment to the provisions of the Indenture will be made without the consent of the Registered Owner of each Bond affected thereby.

Notwithstanding anything in the Indenture to the contrary, in the event that the principal and/or interest due on any Series of Bonds is paid by a bond insurer with respect to such Series of Bonds pursuant to a municipal bond insurance policy, the Bonds of such Series will remain Outstanding for all purposes, not be defeased or otherwise satisfied and not be considered paid by the NMFA, and the assignment and pledge of the Trust Estate and all covenants, agreements and other obligations of the NMFA to the Registered Owners and related Security Instrument Issuers of such Series of Bonds will continue to exist and will run to the benefit of such bond insurer, and such bond insurer will be subrogated to the rights of such Registered Owners and related Security Instrument Issuers of such Series of Bonds.

#### **Default Provisions and Remedies of the Trustee and Owners**

Events of Default Defined. Each of the following events is an “Event of Default” under the Indenture:

(a) if payment of any installment of interest on any of the Bonds is not made by or on behalf of the NMFA when the same becomes due and payable; or

(b) if payment of the principal of or the redemption premium, if any, on any of the Bonds is not by or on behalf of the NMFA when the same becomes due and payable, either at maturity or by proceedings for redemption in advance of maturity or through failure to fulfill any payment to any fund under the Indenture or otherwise; or

(c) if the NMFA for any reason is rendered incapable of fulfilling its obligations under the Indenture;  
or

(d) if an order or decree is entered, with the consent or acquiescence of the NMFA, appointing a receiver or custodian for any of the Trust Estate, or approving a petition filed against the NMFA seeking reorganization of the NMFA under the federal bankruptcy laws or any other similar law or statute of the United States of America or any state thereof, or if any such order or decree, having been entered without the consent or acquiescence of the NMFA is not vacated or discharged or stayed on appeal within 30 days after the entry thereof;  
or

(e) if any proceeding is instituted, with the consent or acquiescence of the NMFA, for the purpose of effecting a composition between the NMFA and its creditors or for the purpose of adjusting the claims of such creditors pursuant to any federal or state statute now or enacted after the effective date of the Indenture, if the claims of such creditors are or may be under any circumstances payable from the Trust Estate; or

(f) if (i) the NMFA is adjudged insolvent by a court of competent jurisdiction, or (ii) an order, judgment or decree be entered by any court of competent jurisdiction appointing, without the consent of the NMFA, a receiver, trustee or custodian of the NMFA or of the whole or any part of their property and any of the aforesaid adjudications, orders, judgments or decrees are not vacated or set aside or stayed within 60 days from the date of entry thereof; or

(g) if the NMFA files a petition or answer seeking reorganization, relief or any arrangement under the federal bankruptcy laws or any other applicable law or statute of the United States of America or any state thereof;  
or

(h) if, under the provisions of any other law for the relief or aid of debtors, any court of competent jurisdiction assumes custody or control of the NMFA or of the whole or any substantial part of the property of the NMFA, and such custody or control will not be terminated within 30 days from the date of assumption of such custody or control; or

(i) if the NMFA defaults in the due and punctual performance of any other of the covenants, conditions, agreements and provisions contained in the Bonds or in the Indenture or any Supplemental Indenture

thereto on the part of the NMFA to be performed, other than as set forth in the Indenture, and such Default continues for 30 days after written notice specifying such Event of Default and requiring the same to be remedied has been given to the NMFA by the Trustee, which may give such notice in its discretion and will give such notice at the written request of the Registered Owners of not less than 25% in aggregate principal amount of the Bonds then Outstanding under the Indenture.

Remedies of the Trustee. If an Event of Default has occurred and is continuing, the Trustee in its discretion may, and upon the written request of the Owners of a majority in aggregate principal amount of all Bonds then Outstanding and receipt of indemnity to its satisfaction, will, in its own name:

(a) by mandamus or other action or proceeding or suit at law or in equity enforce the rights of the Owners of the Bonds under the Indenture, including enforcing any rights under the Agreements, Additional Pledged Loans and Security Documents and the provisions of the Indenture for the benefit of the Owners of the Bonds and, as provided in the Indenture, the owners of the PPRF Secured Obligations against the NMFA and any related Governmental Unit, and compel the NMFA and any related Governmental Unit, to perform or carry out its duties under the law and the agreements and covenants required to be performed by it contained in the Indenture or in any Agreement or Additional Pledged Loans (including the appointment of a receiver); or

(b) by suit in equity enjoin any acts or things which are unlawful or violate the rights of the Trustee;  
or

(c) intervene in judicial proceedings that affect the Bonds, the PPRF Secured Obligations, the Agreements, the Additional Pledged Revenues, the Additional Pledged Loans or the security therefor; or

(d) exercise any or all remedies permitted under the Agreements or Security Documents; or

(e) cause the NMFA or any related Governmental Unit to account as if it were the trustee of an express trust for all of the Subordinate Lien PPRF Revenues, Additional Pledged Revenues, Agreement Revenues and revenues attributable to Additional Pledged Loans pledged under the Indenture or pursuant to the Agreements and any Security Documents; or

(f) terminate the provisions of the Indenture providing for NMFA collection, deposit and loan administration functions in connection with Loans and Additional Pledged Loans and cause such payments to be made directly to the Trustee.

Non-Waiver. A waiver of any default or breach of duty or contract by the Trustee or the Owners of the Bonds or PPRF Secured Obligations will not affect any subsequent default or breach of duty or contract or impair any rights or remedies on any subsequent default or breach of duty or contract. No delay or omission by the Trustee or the Owners of the Bonds or PPRF Secured Obligations to exercise any right or remedy accruing upon any default or breach of duty or contract will impair any such right or be construed to be a waiver of any such default or breach of duty or contract or an acquiescence therein, and every right or remedy conferred upon the Trustee or the Owners by law or by the Indenture may be enforced and exercised from time to time and as often as is deemed expedient by the Trustee or the Owners.

If any action, proceeding or suit to enforce any right or to exercise any remedy is abandoned or determined adversely to the Trustee or the Owners, the Trustee, the Owners, the NMFA, and the Governmental Units will be restored to the former positions, rights and remedies as if such action, proceeding or suit had not been brought or taken.

Remedies Not Exclusive. No remedy conferred upon or reserved to the Trustee or the Owners of the Bonds or PPRF Secured Obligations in the Indenture is intended to be exclusive of any other remedy, and each such remedy will be cumulative and will be in addition to every other remedy given under the Indenture or now or hereafter existing in law or in equity or by statute or otherwise and may be extended without exhausting and without regard to any other remedy conferred by any law.

No Liability by the NMFA for Payments of Governmental Units. Other than in its capacity as servicer of Loans and Additional Pledged Loans, the NMFA will not have any obligation or liability to the Trustee or the Owners of the Bonds or PPRF Secured Obligations with respect to the payment when due of the Loan Payments by the Governmental Units, or with respect to the performance by the Governmental Units of the other agreements and covenants required to be performed by

them contained in the Loan Agreements, Additional Pledged Loans and Securities, the related Security Documents, or in the Indenture, or with respect to the performance by the Trustee or any right or obligation required to be performed by them contained in the Indenture.

No Liability by the Governmental Units to the Owners. Except for the payment when due of the Loan Payments and Additional Pledged Loans and the performance of the other agreements and covenants required to be performed by it contained in the Agreements, Additional Pledged Loans and Security Documents, the Governmental Units will not have any obligation or liability to the Owners of Bonds and PPRF Secured Obligations with respect to the Indenture or the preparation, execution, delivery or transfer of the Bonds or the disbursement of the Loan Payments, by the Trustee, or with respect to the performance by the NMFA of any right or obligation required to be performed by it contained in the Indenture or for the performance by any other Governmental Unit of such other Governmental Unit's obligations under an Agreement, Additional Pledged Loans or Security Documents.

Limitation of Owners' Right to Bring Suit. No Owner of any Bond or PPRF Secured Obligations will have any right to institute any proceeding, judicial or otherwise, under or with respect to the Indenture, for the appointment of a receiver or trustee or for any other remedy under the Indenture, at law or in equity, unless;

(a) such Owner has previously given written notice to the Trustee of a continuing Event of Default (in the case of the Bonds) or of the payment default or other default pursuant to the Indenture (in the case of PPRF Secured Obligations);

(b) the Owners of Bonds and PPRF Secured Obligations of not less than a majority of the aggregate principal amount of the Bonds Outstanding and PPRF Secured Obligations then outstanding have made written request to the Trustee to institute proceedings in respect of such Event of Default (in the case of the Bonds) or of the payment default or other default pursuant to the Indenture (in the case of PPRF Secured Obligations) in its own name as Trustee under the Indenture;

(c) such Owner or Owners have offered to the Trustee reasonable indemnity, satisfactory to the Trustee, against the costs, expenses and liabilities to be incurred in compliance with such request; and

(d) the Trustee for 60 days after its receipt of such notice, request and offer of indemnity has failed to institute any such proceeding.

No one or more Owners of Bonds and PPRF Secured Obligations has any right in any manner whatever by virtue of, or by availing of, any provision of the Indenture to affect, disturb or prejudice the lien of the Indenture or the rights of any other Owners or to obtain or to seek to obtain priority or preference over any other Owners or to enforce any right under the Indenture, except in the manner provided in the Indenture and for the equal and ratable benefit of all Bond Owners and Owners of PPRF Secured Obligations. Notwithstanding the foregoing, the Owner of any Bond and the Owners of PPRF Secured Obligations has the right, which is absolute and unconditional, to receive payment of interest on such Bond or PPRF Secured Obligation when due in accordance with the terms thereof and of the Indenture and the principal of such Bond or PPRF Secured Obligation at the stated maturity thereof and to institute suit for the enforcement of any such payment in accordance with the provisions of the Indenture and such rights will not be impaired without the consent of such Owner.

The Owners of a majority in aggregate principal amount of the Bonds and PPRF Secured Obligations outstanding have the right, after furnishing indemnity satisfactory to the Trustee, to direct the method and place of conducting all remedial proceedings by the Trustee under the Indenture, provided that such direction is not in conflict with any rule of law or with the Indenture or unduly prejudice the rights of minority Owners of Bonds or PPRF Secured Obligations.

Application of Funds Upon Default. All moneys received by the Trustee or by any receiver pursuant to any right given or action taken under the provisions of the Indenture or under the provisions of the related Agreements, will, after payment of the reasonable costs and fees of, and the reasonable expenses, liabilities and advances incurred or made by the Trustee, and after giving effect to the parity claim of PPRF Secured Obligations to amounts on deposit in the Revenue Fund, be deposited in the Bond Fund and all moneys so deposited during the continuance of an Event of Default (other than moneys deposited to the Bond Fund for the payment of Bonds which have previously matured or otherwise become payable prior to such Event of Default), together with all moneys in the Funds maintained by the Trustee or the NMFA under the Indenture, and after giving effect to the parity claim of PPRF Secured Obligations to amounts on deposit in the Revenue Fund, will be applied as follows:

(a) To the payment of the Principal of, premium, if any, and interest then due and payable on the bonds as follows:

(i) Unless the principal of all Bonds has become due and payable, all such moneys will be applied:

FIRST: To the payment to the persons or entity entitled thereto of all installments of interest then due on the Bonds, in the order of maturity of the installments of such interest, and, if the amount available is not sufficient to pay in full any particular installment of interest, then to the payment ratably according to the amounts due on such installment, to the persons or entity entitled thereto without any discrimination or privilege;

SECOND: To the payment to the persons or entity entitled thereto of the unpaid principal of any of the Bonds which have become due (other than Bonds called for prepayment for the payment of which moneys are held pursuant to the provisions of the Indenture), with interest on such Bonds at their rate from the respective dates upon which they became due, in the order of their due dates, and, if the amount available is not sufficient to pay in full Bonds due on any particular date, together with such interest, then to the payment ratably, according to the amount of principal and interest due on such date, to the persons or entities entitled thereto without any discrimination or privilege;

THIRD: To be held for the payment to the persons entitled thereto as the same becomes due of the principal of, the premium, if any, and interest on the Bonds which may thereafter become due at maturity and, if the amount available is not sufficient to pay in full Bonds due on any particular date, together with interest then due and owing thereon, payment will be made ratably according to the amount of principal due on such date to the persons entitled thereto without any discrimination or privilege.

(ii) If the principal of all the Bonds has become due all such moneys will be applied to the payment of the principal and interest then due and unpaid upon the Bonds, with the interest on overdue principal, as aforesaid, without preference or priority of principal over interest or of interest over principal or of any installment of interest over any other installment of interest, or of any Bonds over any other certificates, ratably, according to the amounts due respectively for principal and interest, to the persons entitled thereto without any discrimination or privilege.

(b) To the payment of all obligations then due and payable to any Security Instrument Issuers under any applicable Security Instrument Agreement.

Whenever moneys are to be applied pursuant to the provisions of the Indenture, such moneys will be applied at such times, and from time to time, as the Trustee determines, having due regard for the amount of such moneys available for such application in the future. Whenever the Trustee applies such moneys it will fix the date (which will be an Interest Payment Date unless it will deem another date more suitable) upon which date such application is to commence and upon such date interest on the amounts of principal to be paid on such date will cease to accrue. The Trustee will give such notice as it may deem appropriate of the deposit with it of any moneys and of the fixing of any such date and of the Special Record Date in accordance with the Indenture. The Trustee is not required to make payment to the holder of any unpaid Bond until such Bond is presented to the Trustee for appropriate endorsement or for cancellation if fully paid.

Waivers of Events of Default. The Trustee may in its discretion waive any Event of Default under the Indenture and its consequences and will do so upon the written request of the Registered Owners of (a) a majority in aggregate principal amount of all the Bonds then outstanding in respect of which Default in the payment of principal and interest exist, or (b) a majority in aggregate principal amount of the Bonds then Outstanding in the case of any other Event of Default; provided, however, that there will not be waived (i) any Event of Default in the payment of the principal of any Bonds at the date of maturity specified therein, or (ii) any default in the payment when due of the interest on any such Bonds, unless prior to such waiver or rescission, all arrears of interest, with interest (to the extent permitted by law) at the rate borne by the Bonds in respect of which such Event of Default has occurred on overdue installments of interest and all arrears of payments of principal and premium, if any, when due and all expenses of the Trustee, in connection with such Event of Default have been paid or provided for, and in case of any such waiver or rescission, or in case any proceeding taken by the Trustee on account

of any such Event of Default has been discontinued or abandoned or determined adversely, then and in every such case the NMFA, the Trustee, the Security Instrument Issuers and the Registered Owners will be restored to their former positions and rights under the Indenture, respectively, but no such waiver or rescission will extend to any subsequent or other Event of Default, or impair any right consequent thereon.

Defaults Relating to PPRF Secured Obligations. A default with respect to the PPRF Secured Obligations is not (in and of itself) an Event of Default under the Indenture and the Owners of the PPRF Secured Obligations will be limited to their right to payment from Subordinate Lien PPRF Revenues and performance by the NMFA of its covenants and agreements under the Indenture on their behalf. In the event that NMFA fails to make payment on any PPRF Secured Obligation or defaults in the due and punctual performance of any other covenant, condition or provision of the Indenture relating thereto, the Trustee may and upon the written request of the Owners of a majority of the PPRF Secured Obligations (or any fiduciary therefore) and upon receipt of indemnity to its satisfaction, will in its own name exercise any of the rights and remedies provided in the Indenture to the extent applicable to the collection and application of Subordinate Lien PPRF Revenues.

The Owners of PPRF Secured Obligations will be secured by and entitled to a parity claim on all Subordinate Lien PPRF Revenues deposited to or required to be deposited to the Revenue Fund. In the exercise of remedies under the Indenture relating to the collection and application of Subordinate Lien PPRF Revenues, the Trustee will act for the benefit of the Owners of the PPRF Secured Obligations on the same basis as for Owners of Bonds.

## **The Trustee**

Fees, Charges and Expenses of the Trustee. The Trustee will be entitled to payment and reimbursement for reasonable fees for its services rendered under the Indenture and all advances, counsel fees and other expenses reasonably and necessarily made or incurred by the Trustee in connection with such services. The Trustee will be entitled to payment and reimbursement for the reasonable fees and charges of the Trustee as Paying Agent and Registrar for the Bonds as provided in the Indenture. Upon an Event of Default, but only upon an Event of Default, the Trustee will have a right of payment prior to payment on account of interest or principal of, or premium, if any, on any Bond for the foregoing advances, fees, costs and expenses incurred.

Notice to Owners if Event of Default Occurs. Except as otherwise required by the Indenture, the Trustee will give to the Owners of Bonds and PPRF Secured Obligations notice of each default under the Indenture known to the Trustee within ninety days after the occurrence thereof, unless such default has been remedied or cured before the giving of such notice; provided that, except in the case of default in the payment of principal of or premium, if any, or interest on any of the Bonds or PPRF Secured Obligations, the Trustee will be protected in withholding such notice if and so long as the board of directors, the executive committee or a trust committee of directors or responsible officers of the Trustee in good faith determines that the withholding of such notice is in the interest of the Owners. Each such notice of default will be given by the Trustee by mailing written notice thereof to all holders of Bonds and PPRF Secured Obligations then outstanding whose names appear on the list of Owners as provided in the Indenture and, if required by the Trustee, such Owners have offered the Security or indemnity required by the Indenture.

Intervention by the Trustee. In any judicial proceeding to which the NMFA or a Governmental Unit is a party and which, in the opinion of the Trustee and its counsel, has a substantial bearing on the interest of Owners of the Bonds, the Trustee may intervene on behalf of Owners and will do so if requested in writing by the Owners of a majority in the aggregate principal amount of Bonds then outstanding and, if required by the Trustee, such Owners have offered the Security or indemnity required by the Indenture.

Successor Trustee. Any corporation or association into which the Trustee may be converted or merged, or with which it may be consolidated, or to which it may sell or transfer its corporate trust business and assets as a whole or substantially as a whole, or any corporation or association resulting from any such conversion, sale, merger, consolidation or transfer to which it is a party, will be and become successor to the Trustee under the Indenture and vested with all of the title to the Trust Estate and all the trusts, powers, discretions, immunities, privileges and all other matters as was its predecessor, without the execution or filing of any instrument or any further act, deed or conveyance on the part of any of the parties to the Indenture, anything in the Indenture to the contrary notwithstanding.

Resignation by the Trustee. The Trustee and any successor to the Trustee may at any time resign from the trusts created in the Indenture by giving thirty days' written notice by registered or certified mail to the NMFA and to the owner of

each Bond as shown by the list of Owners required by the Indenture to be kept by the Trustee, and such resignation will take effect only upon the appointment of a successor Trustee by the Owners or by the NMFA.

Removal of the Trustee. The Trustee may be removed at any time, by the NMFA (except during the continuance of an Event of Default) by written notice signed by the NMFA or by an instrument or concurrent instruments in writing delivered to the Trustee and to the NMFA and signed by the Owners of a majority in aggregate principal amount of Bonds then outstanding. Any removal will take effect upon the appointment of a successor Trustee.

Appointment of Successor Trustee. In case the Trustee under the Indenture resigns or is removed, or is dissolved, or is in course of dissolution or liquidation, or otherwise become incapable of acting under the Indenture, or in case it is taken under the control of any public officer or officers, or of a receiver appointed by a court, the NMFA covenants and agrees to appoint a successor Trustee. If in a proper case no appointment of a successor Trustee is made by the NMFA pursuant to the Indenture within 45 days after the Trustee gives NMFA written notice of resignation or after a vacancy in the office of the Trustee has occurred by reason of its inability to act or its removal, the Trustee, or any Bondholder may apply to any court of competent jurisdiction to appoint a successor to itself as Trustee. Said court, after such notice, if any, as such court may deem proper, thereupon may appoint a successor Trustee. Every such Trustee appointed pursuant to the Indenture will be a trust company or bank in good standing having a reported capital and surplus of not less than \$50,000,000 if there be such an institution willing, qualified and able to accept the trust upon customary terms.

Concerning Any Successor Trustee. Every successor Trustee appointed under the Indenture will execute, acknowledge and deliver to its predecessor and also to the NMFA an instrument in writing accepting such appointment under the Indenture, and thereupon such successor, without any further act, deed or conveyance, will become fully vested with all the estates, properties, rights, powers, trusts, duties and obligations of its predecessors; but such predecessor will, nevertheless, on the written request of the NMFA, or of its successor, execute and deliver an instrument transferring to such successor all the estates, properties, rights, powers and trusts of such predecessor under the Indenture; and every predecessor Trustee will deliver all securities and moneys held by it as Trustee under the Indenture to its successor. Should any instrument in writing from the NMFA be required by any successor Trustee for more fully and certainly vesting in such successor the estate, rights, powers and duties vested by the Indenture or intended to be vested in the predecessor, any and all such instruments in writing will, on request, be executed, acknowledged and delivered by the NMFA. The resignation of any Trustee and the instrument or instruments removing any Trustee and appointing a successor under the Indenture, together with all other instruments provided for in the Indenture, will be filed or recorded by the successor Trustee in each recording office where the Indenture has been filed or recorded.

### **Supplemental Indentures, Amendments to Agreements, Amendments and Supplements to Senior Indenture**

Supplemental Indentures Not Requiring Consent of Owners. The NMFA and the Trustee may, without consent of, or notice to, any of the Owners enter into an indenture or indentures supplemental to the Indenture for any one or more of the following purposes:

- (a) To provide for the issuance of the Initial Obligations or Additional Bonds and PPRF Secured Obligations in accordance with the Indenture;
- (b) To cure any ambiguity or formal defect or omission in the Indenture;
- (c) To grant to or confer upon the Trustee for the benefit of the Owners any additional rights, remedies, powers or authority that may lawfully be granted to or conferred upon the Owners or the Trustee;
- (d) To subject to the Indenture additional revenues, properties or collateral;
- (e) To evidence the appointment of a separate Trustee or paying agent or the succession of a new Trustee or paying agent under the Indenture;
- (f) To make any other change which in the judgment of the Trustee is not materially adverse to the interests of the Trustee or any of the Owners;

(g) To make any amendments with the prior written confirmation from the Rating Agencies that such amendments will not result in the rating on the Bonds and PPRF Secured or any Governmental Unit or to grant additional powers or rights to the Trustee;

(h) To add additional covenants of the NMFA or any Governmental Unit or to surrender any right or power conferred in the Indenture upon the NMFA or any Governmental Unit or to grant additional powers or rights to the Trustee.

Supplemental Indentures Requiring Consent of Owners. Exclusive of supplemental indentures covered by the Indenture and subject to the terms and provisions contained in the Indenture, and not otherwise, the Owners of not less than a majority in aggregate principal amount of the Bonds and PPRF Secured Obligations then outstanding have the right, from time to time, anything contained in the Indenture to the contrary notwithstanding, to consent to and approve the execution by the NMFA and the Trustee of such other indenture or indentures supplemental to the Indenture as is deemed necessary and desirable by the NMFA for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in the Indenture or in any supplemental indenture; provided, however, that nothing in the Indenture permits, or is construed as permitting, (i) an extension of the maturity of the principal of, or the interest on, any Bond issued under the Indenture, or (ii) a reduction in the principal amount of, or redemption premium on, any Bond or the rate of interest thereon, or (iii) a privilege or priority of any Bond or Bonds or PPRF Secured Obligations over any other Bond or Bonds or PPRF Secured Obligations, or (iv) a reduction in the aggregate principal amount of the Bonds or PPRF Secured Obligations required for consent to such supplemental indentures, or (v) permit the creation of any lien ranking prior to the lien of the Indenture on the Trust Estate or any part thereof, or (vi) deprive the Owner of any Bond then outstanding of the lien created by the Indenture on the Trust Estate without the prior consent of 100% of the holders of the Bonds and PPRF Secured Obligations affected by such supplemental indenture. The Trustee may, but is not obligated to, enter into any such supplemental indenture which adversely affects the Trustee's rights, duties or immunities under the Indenture or the Agreements.

Amendment of Agreements and Security Documents. The NMFA has the right to amend an Agreement, Additional Pledged Loan documents and any existing Security Documents with the consent of the Trustee and the related Governmental Unit without Bond Owners' consent, for one or more of the following purposes:

(i) to add additional covenants of the NMFA or the related Governmental Unit, as applicable, or to surrender any right or power conferred in the Indenture upon the NMFA or the related Governmental Unit;

(ii) to make any amendments with the prior written confirmation from the Rating Agencies that such amendment will not result in the rating on the Bonds and PPRF Secured Obligations following such amendment being lower than the rating on the Bonds and PPRF Secured Obligations immediately prior to such amendment;

(iii) for any purpose not inconsistent with the terms of the Indenture or to cure any ambiguity or to correct or supplement any provision contained therein or in any amendment thereto which may be defective or inconsistent with any other provision contained therein or in the Indenture or in any amendment thereto or in any Supplemental Indenture, or to make such other provisions in regard to matters or questions arising under any Agreement, or Security Documents which in the judgment of the Trustee do not adversely affect the interests of the Owners of Bonds or owners of any PPRF Secured Obligations; or

(iv) to make any other change or amendment upon delivery to the Trustee of a Cash Flow Statement and an Approval of Bond Counsel.

If the NMFA or a Governmental Unit proposes to amend an Agreement or related Security Documents in a manner not contemplated by (a) above the Trustee will notify the Owners of the Bonds of the proposed amendment and may consent thereto with the consent of the Owners of at least a majority in aggregate principal amount of the Bonds then Outstanding.

Amendments and Supplements to Senior Indenture. The NMFA will be permitted to amend and supplement the provisions of the Senior Indenture as provided therein including amendments and supplements permitting the issuance of additional Senior Bonds under the Indenture, provided that without the prior written consent of the Owners of not less than a majority in aggregate principal amount of the Bonds then outstanding under the Indenture and the owners of PPRF Secured

Obligations, the NMFA and the Trustee will not amend or supplement the Senior Indenture to change the time for release of the PPRF Revenues from the lien of the Senior Indenture or to preclude such release as contemplated under the Indenture.

### **Miscellaneous**

Consents, etc. of Owners. Any consent, request, direction, approval, objection or other instrument required by the Indenture to be signed and executed by the Owners may be in any number of concurrent documents and may be executed by such Owners in person or by agent appointed in writing. Proof of the execution of any such consent, request, direction, approval, objection or other instrument or of the writing appointing any such agent and of the ownership of Bonds, if made in the following manner, will be sufficient for any of the purposes of the Indenture, and will be conclusive in favor of the Trustee with regard to any action taken by it under such request or other instrument, namely:

(a) The fact and date of the execution by any person of any such writing may be proved by the certificate of any officer in any jurisdiction who by law has power to take acknowledgments within such jurisdiction that the person signing such writing acknowledged before him the execution thereof, or by an affidavit of any witness to such execution.

(b) The fact of ownership of Bonds and the amount or amounts, numbers and other identification of such Bonds, and the date of holding the same, will be proved by the registration books of the Trustee maintained by the Trustee pursuant to the Indenture.

(c) The fact of ownership of PPRF Secured Obligations and the amount or amounts, numbers and other identification of such PPRF Secured Obligations, and the date of holding the same, will be proved by the registration books of the registrar for such obligations or otherwise as the NMFA may determine.

For all purposes of the Indenture and of the proceedings for the enforcement thereof, such person will be deemed to continue to be the Owner of such Bond or owner of PPRF Secured Obligations until the Trustee receives notice in writing to the contrary.

Limitation of Rights. With the exception of any rights expressly conferred in the Indenture, nothing expressed or mentioned in or to be implied from the Indenture or the Bonds or PPRF Secured Obligations is intended or is to be construed to give to any person or company other than the parties thereto, the Governmental Units and the Owners of the Bonds or owners of any PPRF Secured Obligations, any legal or equitable right, remedy or claim under or with respect to the Indenture or any covenants, conditions and provisions therein contained; the Indenture and all of the covenants, conditions and provisions thereof being intended to be and being for the sole and exclusive benefit of the parties thereto, the Governmental Units and the holders of the Bonds and PPRF Secured Obligations as provided in the Indenture.

#### Generally

The State, admitted as the forty-seventh state on January 6, 1912, is the fifth largest state, containing approximately 121,593 square miles. The estimated 2015 population of the State was 2,085,109. The State has a semiarid subtropical climate with light precipitation. Its climate is characterized by sunshine and bright skies in both winter and summer. Every part of the State receives no less than 70 percent sunshine year-round. Humidity ranges from 60 percent (mornings) to 30 percent (afternoons). Thunderstorms in July and August bring most of the moisture. December to March snowfalls vary from 2 inches (lower Rio Grande Valley) to 300 inches (north central mountains).

#### Governmental Organization

The Executive Branch of State government consists of a Governor, Lieutenant Governor, Secretary of State, State Auditor, State Treasurer, Attorney General, and Commissioner of Public Lands. These officials are elected to four-year terms beginning January 1 after their election. An elected Executive Branch officer may succeed himself or herself in office once. The primary functions of the Executive Branch are currently carried out by the offices of each elected Executive Branch officeholder, in addition to approximately 22 cabinet departments, each headed by a cabinet secretary appointed by the Governor with the advice and consent of the Senate, and approximately 9 cabinet-level agencies. Elections for all executive branch statewide offices were held on November 4, 2014.

The State Board of Finance (“State Board”) has seven voting members consisting of the Governor, the Lieutenant Governor, the State Treasurer, and four members appointed by the Governor with the advice and consent of the Senate. No more than two appointed members may be from the same political party. The Department of Finance and Administration (the “DFA”) Secretary serves as the Executive Officer of the State Board and is a non-voting member. The State Board, in addition to other powers and duties provided by law, has general supervisory authority over the fiscal affairs of the State and over the safekeeping and depositing of all money and securities belonging to, or in the custody of, the State. The Governor serves as the President of the State Board.

The DFA is the principal financial organization of State government and performs through its divisions the duties and functions relating to State and local government financing and general administration. The executive and administrative head of the DFA is the Secretary, who is appointed by the Governor with the advice and consent of the Senate. The State Board’s staff are a division of the DFA. The Director of the State Board is appointed by the Secretary with the approval of the members of the State Board.

The Legislature consists of 112 members and is divided into a Senate and a House of Representatives. Senators are elected for four-year terms and members of the House are elected for two-year terms. The Legislature convenes in regular session annually on the third Tuesday in January. Regular sessions are constitutionally limited in length to 60 calendar days in odd-numbered years and 30 calendar days in even-numbered years. Special sessions of the Legislature may be convened by the Governor. Extraordinary sessions may be convened by the Legislature under certain limited circumstances.

Legislators do not receive any salary, but do receive per diem and mileage allowances while in session or performing official State business.

The judicial branch is composed of a statewide system including Magistrate and District Courts, the Court of Appeals and the Supreme Court. The District Courts are the trial courts of record with general jurisdiction.

### FORM OF OPINION OF BOND COUNSEL

[Form of opinion of Gilmore & Bell, P.C.]

August 30, 2017

New Mexico Finance Authority  
Santa Fe, New Mexico

Re: \$41,395,000 New Mexico Finance Authority Subordinate Lien Public Project Revolving Fund Revenue and Refunding Bonds, Series 2017D

We have acted as bond counsel to the New Mexico Finance Authority (the "Finance Authority") in connection with the issuance of its Subordinate Lien Public Project Revolving Fund Revenue and Refunding Bonds, Series 2017D in the aggregate principal amount of \$41,395,000 (the "Series 2017D Bonds"). The Series 2017D Bonds are being issued for the purpose of providing funds to (i) originate loans to or purchase securities from, or reimburse the Finance Authority for monies used to originate loans to or purchase securities from certain governmental units within the State of New Mexico (each a "2017D Governmental Unit"), which loans or securities are used to finance or refinance a public project for the use and benefit of the respective 2017D Governmental Unit; (ii) refund the Refunded Obligations (as defined in the Indenture), the proceeds of which were used to originate loans to or purchase securities from, or reimburse the Finance Authority for monies used to originate loans to or purchase securities from certain governmental units within the State of New Mexico (each a "Previous Governmental Unit," and collectively with the 2017D Governmental Units, "Governmental Units"), which loans or securities were used to finance or refinance a public project for the use and benefit of the respective Previous Governmental Unit; and (iii) pay costs of issuance associated with the Series 2017D Bonds.

The Finance Authority is a public body politic and corporate created by and existing under the New Mexico Finance Authority Act, Sections 6-21-1 et. seq., NMSA 1978, as amended and supplemented (the "Act"). The Series 2017D Bonds are authorized under and secured by a Subordinated General Indenture of Trust and Pledge dated as of March 1, 2005, as heretofore amended and supplemented (the "General Indenture"), and as further supplemented by a Fifteenth Supplemental Indenture of Trust dated as of August 1, 2017 (the "Fifteenth Supplemental Indenture," and collectively with the General Indenture, the "Indenture") between the Finance Authority and BOKF, NA, as successor trustee (the "Trustee"). Capitalized terms not otherwise defined herein shall have the meanings set forth in the Indenture.

We have reviewed the Indenture, an opinion of the general counsel to the Finance Authority, certificates of the Finance Authority, the Trustee, and others, and such other documents, opinions and matters to the extent we deemed necessary to render the opinions set forth herein. As to the questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications furnished to us without undertaking to verify the same by independent investigation. Our examination has been limited to the foregoing as they exist or are in effect as of the date hereof. Our opinion is limited to the matters expressly set forth herein, and we express no opinion concerning any other matters.

Based on our examination and the foregoing, we are of the opinion, as of the date hereof and under existing law as follows:

1. The Finance Authority is a public body politic and corporate duly organized and validly existing under the laws of the State of New Mexico and has lawful authority to issue the Series 2017D Bonds.
2. The Indenture has been duly executed and delivered by, and is a valid and binding obligation of, the Finance Authority. The Indenture creates a valid pledge of the Trust Estate pledged under the Indenture to secure the payment of the principal of and interest on the Series 2017D Bonds, subject to the provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth in the Indenture.
3. The Series 2017D Bonds constitute special limited obligations of the Finance Authority, payable solely from the Trust Estate and do not constitute a general obligation or other indebtedness of the State of New Mexico or any Governmental Unit within the meaning of any constitutional or statutory debt limitation.

4. The interest on the Series 2017D Bonds (including any original issue discount properly allocable to an owner thereof) (i) is excludable from gross income for federal income tax purposes and (ii) is not an item of tax preference for purposes of computing the federal alternative minimum tax imposed on individuals and corporations, but is taken into account in determining adjusted current earnings for the purpose of computing the alternative minimum tax imposed on certain corporations. The opinions set forth in this paragraph are subject to the condition that the Finance Authority and the Governmental Units comply with all requirements of the Internal Revenue Code of 1986 that must be satisfied subsequent to the issuance of the Series 2017D Bonds in order that interest thereon be, or continue to be, excludable from gross income for federal income tax purposes. The Finance Authority and the Governmental Units have covenanted to comply with all of these requirements. Failure to comply with certain of these requirements may cause the interest on the Series 2017D Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Series 2017D Bonds.

5. The interest on the Series 2017D Bonds is exempt from income taxation by the State of New Mexico.

In rendering our opinion, we wish to advise you that:

(a) the rights of the holders of the Series 2017D Bonds and the enforceability thereof and of the documents identified in this opinion may be subject to bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium, and other laws relating to or affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable, and their enforcement may also be subject to the application of equitable principles and the exercise of judicial discretion in appropriate cases;

(b) we express no opinion herein as to the accuracy, adequacy, or completeness of the Official Statement or any other offering material relating to the Series 2017D Bonds; and

(c) except as set forth above, we express no opinion regarding any other tax consequences relating to the ownership or disposition of, or the accrual or receipt of interest on, the Series 2017D Bonds.

Respectfully submitted,

### BOOK-ENTRY ONLY SYSTEM

*The information in this section concerning DTC and DTC's book-entry only system has been obtained from sources that the Finance Authority and the Municipal Advisor believe to be reliable, but the Finance Authority and the Municipal Advisor take no responsibility for the completeness or accuracy thereof. The following description of the procedures and record keeping with respect to beneficial ownership interests in the Series 2017D Bonds, payment of principal, premium, if any, interest on the Series 2017D Bonds to DTC Participants or Beneficial Owners, confirmation and transfers of beneficial ownership interests in the Series 2017D Bonds and other related transactions by and between DTC, the DTC Participants and the Beneficial Owners is based solely on information provided by DTC.*

The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the Series 2017D Bonds. The Series 2017D Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Series 2017D Bond certificate will be issued for each maturity of the Series 2017D Bonds, each in the aggregate principal amount of such issue, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of section 17A of the Exchange Act. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com).

Purchases of Series 2017D Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2017D Bonds on DTC's records. The ownership interest of each actual purchaser of each Series 2017D Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2017D Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Series 2017D Bonds, except in the event that use of the book-entry system for the Series 2017D Bonds is discontinued.

To facilitate subsequent transfers, all Series 2017D Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2017D Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2017D Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2017D Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices will be sent to DTC. If less than all of the Series 2017D Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Series 2017D Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Finance Authority as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2017D Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions and dividend payments on the Series 2017D Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Finance Authority or the Trustee, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC or its nominee, the Trustee or the Finance Authority, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Finance Authority or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Series 2017D Bonds at any time by giving reasonable notice to the Finance Authority or the Trustee. Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered.

The Finance Authority may decide to discontinue use of the system of book-entry only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

When reference is made to any action which is required or permitted to be taken by the Beneficial Owners, such reference only relates to those permitted to act by statute, regulation or otherwise on behalf of such Beneficial Owners for such purposes. When notices are given, they are to be sent to DTC, and the Finance Authority does not have responsibility for distributing such notices to the Beneficial Owners.

The Finance Authority does not have any responsibility or obligation to the DTC Participants or the Beneficial Owners with respect to (a) the accuracy of any records maintained by DTC or any DTC Participant; (b) the payment by DTC or any DTC Participant of any amount due to any Beneficial Owner in respect of the principal of and premium, if any, and interest on the Series 2017D Bonds; (c) the selection of the Beneficial Owners to receive payment in the event of any partial redemption of the Series 2017D Bonds; (d) any consent given or other action taken by DTC, or its nominee, Cede & Co., as Bond Owner; or (e) the distribution by DTC to DTC Participants or Beneficial Owners of any notices received by DTC as registered owner of the Series 2017D Bonds.

<sup>(2)</sup> The Finance Authority has adopted a policy which does not require an Agreement Reserve Account for certain types of Loans including: (i) Loans less than \$250,000; (ii) Loans secured by taxing power where the borrower is required by law to adjust the property tax levy sufficient to meet principal and interest on the debt; (iii) Loans secured by a revenue with an underlying credit rating of at least "A/A2"; (iv) Loans enhanced by a surety policy; or (v) Loans secured by a pledge of the fire protection or state law enforcement funds that produce a debt service coverage ratio of two times, and Loans secured by a general obligation pledge of the respective Governmental Unit. #### Largest Repayment Obligations

Information regarding the Outstanding Agreements representing the five largest repayment obligations and their obligors is provided below.

City of Santa Fe—Convention and Civic Center Loan. The Finance Authority has previously entered into a loan agreement in the amount of \$42,220,000 with the City of Santa Fe (the "Santa Fe Agreement") secured by a pledge to the Finance Authority of the City of Santa Fe's Lodgers' Tax. Proceeds from the Santa Fe Agreement were used to finance the

construction of a new Convention and Civic Center in the City of Santa Fe. As of July 1, 2017, the Santa Fe Agreement had an outstanding aggregate principal amount of \$32,105,000 , with a final scheduled maturity on June 15, 2035.

Jicarilla Apache Nation—Refunding Loan. The Finance Authority has previously entered into a loan agreement in the amount of \$29,355,000 with the Jicarilla Apache Nation (the “Jicarilla Apache Nation Agreement”) secured by a pledge to the Finance Authority of all revenues available to the Jicarilla Apache Nation, a portion of which consists of investment and oil and gas revenues. Proceeds from the Jicarilla Apache Nation Agreement are being used to refinance certain outstanding obligations of the Jicarilla Apache Nation. As of July 1, 2017, the Jicarilla Apache Nation Agreement had an outstanding aggregate principal amount of \$25,440,000, with a final scheduled maturity on May 1, 2027.

Bernalillo County—Metropolitan Court Bonds. The Finance Authority has entered into various obligations with the Bernalillo County Metropolitan Court (the “Metro Court Bonds”) in which certain court facilities revenues as described below are used to secure the debt obligations. The proceeds of the Metro Court Bonds provided funds for the refunding of bonds issued by the Finance Authority to finance the design, construction, furnishing and equipping of a new court building for the Bernalillo County Metropolitan Court.

The Metro Court Bonds are payable solely from the Pledged Court Facilities Revenues, which consist of a portion of certain court fees and penalty assessments deposited to the Court Facilities Fund and distributed monthly by the State Treasurer, at the direction of the Director of the Administrative Office of the Courts, to the Finance Authority and certain parking fees, rents and other charges collected by the Bernalillo County Metropolitan Court from tenants and users of the Parking Facility Project after deduction of certain related costs. Certain funds and accounts created and maintained by the Finance Authority pursuant to the resolution authorizing the issuance of the Metro Court Bonds are also pledged to secure repayment of the Metro Court Bonds, including the Metropolitan Court Bond Guarantee Fund (the “Guarantee Fund”). The Guarantee Fund was funded in an amount of approximately \$5.9 million. Due to declining fees and penalties collected by the Bernalillo County Metropolitan Court over several years, there were insufficient Pledged Court Facilities Revenues to pay the full amount of the Metro Court Bonds’ June 2017 payment, and the Finance Authority made a draw of \$167,191 on the Guarantee Fund. Currently, it is projected that the Pledged Court Facilities Revenues will not increase to an amount that will be sufficient to make full payment of the Metro Court Bonds, and the Finance Authority anticipates that it will need to make draws on the Guarantee Fund in future fiscal years. As of July 1, 2017, these obligations had an outstanding principal amount of \$25,325,000, with a final scheduled maturity of May 1, 2025.

Santa Ana Pueblo — Wastewater Treatment Facility Expansion and Refunding Loan. The Finance Authority has previously entered into a loan agreement with Santa Ana Pueblo (the “Santa Ana Pueblo Agreement”) secured by a pledge to the Finance Authority of gross system revenues and certain local tax revenues. Proceeds from the Santa Ana Pueblo Agreement were used to finance an expansion to the Santa Ana Pueblo wastewater treatment facility and refinance an existing loan. As of July 1, 2017, the Santa Ana Pueblo Agreement had an outstanding aggregate principal amount of \$24,880,000, with a final scheduled maturity on May 1, 2033.

Eastern New Mexico University — Residence Hall Construction and General Improvement Loan. The Finance Authority has previously entered into a loan agreement in the amount of \$28,050,000 with Eastern New Mexico University (the “ENMU Agreement”) secured by a pledge to the Finance Authority of ENMU gross system revenues. Proceeds from the ENMU Agreement were used to finance a new residence hall and make general improvements to the campus. As of July 1, 2017, the ENMU Agreement had an outstanding aggregate principal amount of \$24,190,000, with a final scheduled maturity on May 1, 2033.

## OFFICIAL STATEMENT

### RELATING TO

**\$19,315,000**

### NEW MEXICO FINANCE AUTHORITY SUBORDINATE LIEN PUBLIC PROJECT REVOLVING FUND REVENUE BONDS, TAXABLE SERIES 2017F

#### INTRODUCTION

This Official Statement, which includes the cover page, the inside front cover page, and appendices, provides information in connection with the offer and sale of the \$19,315,000 New Mexico Finance Authority Subordinate Lien Public Project Revolving Fund Revenue Bonds, Taxable Series 2017F (the “Series 2017F Bonds”) being issued by the New Mexico Finance Authority (the “Finance Authority” or the “NMFA”). The Series 2017F Bonds, together with additional bonds the Finance Authority has issued or may issue in parity with them under the Indenture (defined below), are collectively referred to in this Official Statement as the “Bonds” or the “Parity Bonds.” The Bonds are being issued pursuant to the terms of the Subordinated General Indenture of Trust and Pledge, dated as of March 1, 2005, as previously amended and supplemented (the “General Indenture”), and as further amended and supplemented by a Sixteenth Supplemental Indenture of Trust, dated as of November 1, 2017 (the “Sixteenth Supplemental Indenture” and, together with the General Indenture, the “Indenture”) all between the Finance Authority and BOKF, NA, Albuquerque, New Mexico, as trustee (the “Trustee”). Capitalized terms used and not defined in the main body of this Official Statement have the meanings specified in the Indenture and are presented under the caption “Definitions” in “APPENDIX B—EXTRACTS OF CERTAIN PROVISIONS OF THE INDENTURE.”

#### **New Mexico Finance Authority**

The Finance Authority, established by the legislature of the State of New Mexico (the “State”) in 1992, is a governmental instrumentality separate and apart from the State created to coordinate the planning and financing of State and local public projects. For additional information concerning the Finance Authority, see “NEW MEXICO FINANCE AUTHORITY” and the Finance Authority’s financial statements for the fiscal year ended June 30, 2016 included as APPENDIX A hereto. See “FINANCIAL STATEMENTS.”

#### **Authority and Purpose**

The Series 2017F Bonds are being issued under the authority of and pursuant to the laws of the State, including particularly the New Mexico Finance Authority Act, Section 6-21-1 et seq., NMSA 1978, as amended (the “Act”), and the Indenture. The Public Project Revolving Fund has been established pursuant to the Act. For a description of the Public Project Revolving Fund Program, see “NEW MEXICO FINANCE AUTHORITY—The Public Project Revolving Fund Program.”

Proceeds from the sale of the Series 2017F Bonds will be used by the Finance Authority for the purposes of (i) originating Loans to or purchasing Securities from, or reimbursing the Finance Authority for moneys used to originate Loans to or purchase Securities from certain governmental units, the proceeds of which will be or were used to finance or refinance certain Projects for such governmental units, and (ii) paying costs incurred in connection with the issuance of the Series 2017F Bonds. See “THE PLAN OF FINANCING” for more information with respect to the sources and uses of proceeds of the Series 2017F Bonds, and APPENDIX F for a list of the Governmental Units and the amount of the Loans to be financed or refinanced with the proceeds of the Series 2017F Bonds. Such Governmental Units whose Loans are being financed or refinanced with proceeds of the Series 2017F Bonds are sometimes referred to herein as the “2017F Governmental Units.”

#### **Parity Obligations**

Obligations, including Bonds, with a lien on the Trust Estate on a parity with the lien of the Series 2017F Bonds have been issued and may be issued to (i) provide loans to governmental entities of the State (the “Governmental Units”), to

reimburse the Public Project Revolving Fund for loans made to Governmental Units, and to purchase securities from Governmental Units or (ii) refund the Finance Authority's outstanding Parity Bonds. For a description of the Parity Bonds currently outstanding (the "Outstanding Parity Bonds"), see "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS—Outstanding Parity Bonds."

### **Senior Obligations**

The Finance Authority's General Indenture of Trust and Pledge dated as of June 1, 1995, as amended and supplemented (the "Senior Indenture"), creates a lien on the NMFA Portion of the Governmental Gross Receipts Tax and additional pledged loans pledged to the Senior Indenture (collectively, and as defined in the Indenture, the "PPRF Revenues") that is senior to the lien of the Indenture. Pursuant to the Senior Indenture the Finance Authority has issued and may issue bonds or other obligations with a lien on PPRF Revenues senior to the lien of the Indenture ("Senior Bonds"). Those Senior Bonds and obligations are secured by and payable from the PPRF Revenues prior to their release from the Senior Indenture. The Finance Authority maintains an ongoing program to provide loans and to purchase securities from Governmental Units and expects to finance some of those activities with the issuance of additional Senior Bonds. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS—Outstanding Senior Bonds."

At or about the same time that the Finance Authority issues the Series 2017F Bonds, the Finance Authority expects to issue its New Mexico Finance Authority Senior Lien Public Project Revolving Fund Revenue Bonds, Series 2017E in the principal amount of \$40,190,000 (the "Series 2017E Bonds"). The issuance of the Series 2017F Bonds is not contingent upon the issuance of the Series 2017E Bonds. The timing, amount and other details of any other additional Senior Bonds are not known as of the date of this Official Statement.

### **The Series 2017F Bonds**

The Series 2017F Bonds will be dated the date of their initial delivery. Interest on the Series 2017F Bonds is payable on June 15 and December 15 of each year, commencing June 15, 2018. The Series 2017F Bonds will mature on the dates and in the amounts (unless redeemed prior to maturity) and will bear interest at the rates shown on the inside front cover of this Official Statement. The Series 2017F Bonds are issuable in denominations of \$5,000 or integral multiples of \$5,000.

Individual purchases will be made in book-entry only form, and purchasers of the Series 2017F Bonds will not receive physical delivery of bond certificates except as more fully described in "APPENDIX E—BOOK-ENTRY ONLY SYSTEM." Payments of principal of and interest on the Series 2017F Bonds will be made directly to The Depository Trust Company ("DTC") or its nominee, Cede & Co., by the Paying Agent, so long as DTC or Cede & Co. is the sole registered owner. Upon receipt of such payments, DTC is to remit such payments to the DTC Participants (as defined below) for subsequent disbursement to the beneficial owners of the Series 2017F Bonds, all as more fully described in APPENDIX E. In reading this Official Statement, it should be understood that while the Series 2017F Bonds are in book-entry only form, references in other sections of this Official Statement to Owners should be read to include the person for whom the Participants and Indirect Participants acquire an interest in the Series 2017F Bonds, but (i) all rights of ownership must be exercised through DTC and the book-entry only system as described in APPENDIX E, and (ii) except as otherwise provided in the Indenture, notices that are to be given to Owners by the Finance Authority, the Trustee, the Registrar or the Paying Agent will be given only to DTC.

### **Redemption**

The Series 2017F Bonds are subject to optional and mandatory sinking fund redemption prior to maturity. See "THE SERIES 2017F BONDS—Redemption."

### **Security and Sources of Payment**

Trust Estate. The Bonds, including the Series 2017F Bonds, are special limited obligations of the Finance Authority secured by and payable solely from the Trust Estate, which includes the special revenues and funds of the Finance Authority pledged under the Indenture, including: (i) moneys from the repayment by governmental borrowers of loans made or securities issued to finance a project under the Indenture ("Agreements"); (ii) moneys from the repayment by governmental borrowers to the Finance Authority of loans made or securities purchased from moneys in the Public Project Revolving Fund and pledged as "Additional Pledged Loans" under the Indenture; (iii) certain Governmental Gross Receipts Tax revenues and

moneys from the repayment to the Finance Authority of certain loans, to the extent available on June 1 of each year after all obligations of the Finance Authority under the Senior Indenture have been satisfied (together with the moneys described in (ii) in this paragraph, the “Subordinate Lien PPRF Revenues”); (iv) any additional revenues received by the Finance Authority and designated as part of the special revenues and funds pledged under the Indenture pursuant to a Supplemental Indenture or Pledge Notification; and (v) certain funds and accounts created and maintained pursuant to the Indenture. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS—Flow of Funds” and see “Establishment and Use of Funds” in “APPENDIX B—EXTRACTS OF CERTAIN PROVISIONS OF THE INDENTURE” herein. Moneys from the sources described in (ii) and (iii) above may be released from the Indenture on June 16 of each year. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS” herein.

**The Bonds do not constitute or create a general obligation or other indebtedness of the State, the Finance Authority or any Governmental Unit within the meaning of any constitutional or statutory debt limitation. THE FINANCE AUTHORITY HAS NO TAXING POWERS. No provision of the Series 2017F Bonds will be construed or interpreted as a donation by or lending of the credit of the Finance Authority, the State, or any Governmental Unit within the meaning of the Constitution of the State. The principal of and interest and premium, if any, on the Bonds do not constitute or give rise to a personal liability on the part of the members, directors and officers of the Finance Authority. No breach of any pledge, obligation or agreement of the Finance Authority will impose a pecuniary liability or a charge upon the general credit of the State, the Finance Authority or any political subdivision of the State, or upon the taxing power of the State or any political subdivision of the State.**

Additional Bonds. The Finance Authority maintains an ongoing program to provide loans and to purchase securities from Governmental Units and expects to finance certain of those activities with the issuance of additional Parity Bonds (“Additional Bonds”) with a lien on parity with the Series 2017F Bonds. The Finance Authority must satisfy certain requirements set forth in the Indenture to issue such Additional Bonds. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS—Additional Bonds.” The timing, amount and other details of such Additional Bonds are not known as of the date of this Official Statement.

### **Continuing Disclosure Undertaking**

The Finance Authority has undertaken for the benefit of the Series 2017F Bond Owners that, so long as the Series 2017F Bonds remain outstanding, the Finance Authority will provide certain annual financial information, operating data and audited financial statements with respect to the Finance Authority and each Governmental Unit expected by the Finance Authority to have loan repayment obligations in the then-current fiscal year constituting more than twenty percent (20%) of the estimated Subordinate Lien Revenues (as herein defined) in the then-current fiscal year to the Municipal Securities Rulemaking Board (the “MSRB”) in an electronic format prescribed by the MSRB and notice of certain material events to the MSRB in an electronic format prescribed by the MSRB in accordance with Rule 15c2-12 promulgated under the Securities Exchange Act of 1934, as amended (the “Rule”). The provisions of the Continuing Disclosure Undertaking may be amended under certain circumstances. See “CONTINUING DISCLOSURE UNDERTAKING.”

None of the Governmental Units have represented annual Loan repayment obligations exceeding 20% of estimated Subordinate Lien Revenues in the first full year immediately following issuance of the Series 2017F Bonds. See APPENDIX F for a discussion of Loans to Governmental Units with the largest outstanding principal loan balances.

### **Tax Considerations**

The interest on the Series 2017F Bonds is included in gross income for federal income tax purposes, in accordance with an owner’s normal method of accounting. In the opinion of Gilmore & Bell, P.C., Bond Counsel to the Finance Authority, under existing law as of the issue date of the Series 2017F Bonds, the interest on the Series 2017F Bonds is exempt from income taxation by the State of New Mexico. See “TAX MATTERS” herein. Bond Counsel expresses no opinion regarding any other tax consequences relating to ownership or disposition of or the accrual or receipt of interest on the Series 2017F Bonds.

The Series 2017F Bonds are issuable in denominations of \$5,000 or integral multiples of \$5,000 (the “Authorized Denominations”).

### **Book-Entry Only System**

One fully registered bond in a denomination equal to the principal amount and maturity of the Series 2017F Bonds will be registered in the name of Cede & Co. Individual purchases of Series 2017F Bonds will be made in book-entry only form, and beneficial owners of the Series 2017F Bonds will not receive physical delivery of bond certificates, except as described in APPENDIX E. Upon receipt of payments of principal and interest, DTC will remit such payment to DTC participants for subsequent disbursement to the beneficial owners of the Series 2017F Bonds. For a more complete description of the book-entry only system, see “APPENDIX E—BOOK-ENTRY ONLY SYSTEM.”

## Redemption

Optional Redemption. The Series 2017F Bonds maturing on or after June 15, 2028, are subject to optional redemption at any time on and after June 15, 2027, in whole or in part, in such order of maturity as may be selected by the Finance Authority and by lot within each maturity (if in part, in integral multiples of \$5,000), at the option of the Finance Authority, upon notice as provided in the General Indenture and at the redemption price of 100% of the principal amount of the Series 2017F Bonds to be redeemed, plus interest accrued to the redemption date.

Mandatory Sinking Fund Redemption. The Series 2017F Bonds maturing on June 15, 2036 are subject to mandatory sinking fund redemption at a price of 100% of the principal amount thereof plus accrued interest to the redemption date on the dates and in the principal amounts as follows:

Redemption Dates <u>(June 15)</u>	Principal <u>to be Redeemed</u>
2031	\$905,000
2032	935,000
2033	740,000
2034	405,000
2035	420,000
2036*	375,000

---

\* Final Maturity

If any of the Series 2017F Bonds maturing on June 15, 2036, then outstanding are optionally redeemed, an amount equal to the principal amount so redeemed shall be credited toward a part or all of any one or more of any mandatory sinking fund payments for the Series 2017F Bonds maturing on June 15, 2036, in such order as may be directed by the Finance Authority, unless otherwise provided by DTC procedures.

Notice of Redemption. In the event any of the Bonds are to be redeemed, notice of such redemption is to be mailed by first class mail, postage prepaid, to all Registered Owners of Bonds to be redeemed at their addresses as they appear on the registration books of the Registrar at least 30 days, but not more than 60 days, prior to the redemption date.

In addition, further notice of any redemption of Bonds is to be given by the Trustee at least two Business Days in advance of the mailed notice to Registered Owners, by registered or certified mail or overnight delivery service, to all registered securities depositories then in the business of holding substantial amounts (as reasonably determined by the Trustee) of obligations of types comprising the Bonds and to at least two national information services that disseminate notices of redemption of obligations such as the Bonds. Failure to give all or any portion of such further notice will not in any manner defeat the effectiveness of a call for redemption.

If at the time of mailing of any notice of redemption there are not on deposit with the Trustee moneys sufficient to redeem all the Bonds called for redemption, such notice is to state that such redemption is subject to the deposit of the redemption moneys with the Trustee not later than the redemption date and that such notice will be of no effect unless such moneys are so deposited.

A second notice of redemption is to be given, not later than 90 days subsequent to the redemption date, to Registered Owners of Bonds or portions thereof redeemed but who failed to deliver Bonds for redemption prior to the 60th day following such redemption date. Any notice mailed will be conclusively presumed to have been duly given, whether or not the owner of such Bonds receives the notice. Receipt of such notice is not a condition precedent to such redemption and failure so to receive any such notice by any of such Registered Owners will not affect the validity of the proceedings for the redemption of the Bonds.

Partially Redeemed Bonds. In case any Series 2017F Bond is redeemed in part, upon the presentation of such Series 2017F Bond for such partial redemption, the Finance Authority will execute and the Trustee will authenticate and deliver or cause to be delivered to or upon the written order of the Registered Owner thereof, at the expense of the Finance Authority, a Series 2017F Bond or Bonds of the same series, interest rate and maturity and in an aggregate principal amount equal to the unredeemed portion of such Series 2017F Bond. A portion of any Series 2017F Bond of a denomination of more than \$5,000

to be redeemed will be in the principal amount of \$5,000 or an integral multiple of \$5,000 and, in selecting portions of such Series 2017F Bonds for redemption, the Trustee will treat each such Bond as representing that number of Series 2017F Bonds of \$5,000 denomination which is obtained by dividing the principal amount of such Bonds by \$5,000.

## **Defeasance**

When a Bond has been deemed to be paid under the Indenture, it will no longer be secured by or entitled to the benefits of the Indenture, except for the purposes of any such payment. Any Bond will be deemed to be paid for all purposes of the Indenture when (1) the principal of and the applicable premium, if any, on such Bond (whether at maturity or prior redemption) plus interest on the Bond to the Bond's due date either have been paid or have been provided by irrevocably depositing with the Trustee or other escrow agent, in trust, and the Trustee or other escrow agent shall have irrevocably set aside exclusively for such payment moneys sufficient to make such payment, and/or noncallable Governmental Obligations maturing as to principal and interest in such amount and at such times as will insure the availability of sufficient moneys to make such payment, and (2) all necessary and proper fees, compensation and expenses of the Trustee and any paying agents pertaining to the Bonds with respect to which such deposit is made shall have been paid or the payment thereof provided for to the satisfaction of the Trustee.

## **SECURITY AND SOURCES OF PAYMENT FOR THE BONDS**

### **Special Limited Obligations**

The Bonds, including the Series 2017F Bonds, are special limited obligations of the Finance Authority payable solely from the Trust Estate. The Series 2017F Bonds do not constitute nor create a general obligation or other indebtedness of the State, the Finance Authority or any Governmental Unit within the meaning of any constitutional or statutory debt limitation. THE FINANCE AUTHORITY HAS NO TAXING POWERS. No provision of the Series 2017F Bonds will be construed or interpreted as a donation by or lending of the credit of the Finance Authority, the State or any Governmental Unit within the meaning of the Constitution of the State. The principal of and interest and premium, if any, on the Series 2017F Bonds do not constitute or give rise to a personal liability on the part of the members, directors and officers of the Finance Authority. No breach of any pledge, obligation or agreement of the Finance Authority will impose a pecuniary liability or a charge upon the general credit of the State, the Finance Authority or any political subdivision of the State, or upon the taxing power of the State or any political subdivision of the State.

### **Trust Estate**

In the Indenture, the Finance Authority pledges and assigns the Trust Estate, first, for the equal and ratable payment of the Bonds, the PPRF Secured Obligations (as to amounts deposited to the Revenue Fund), the Security Instrument Repayment Obligations and the SWAP Payments, and, second, for the equal and ratable payment of the Reserve Instrument Repayment Obligations. The Trust Estate includes: (i) Agreement Revenues; (ii) Additional Pledged Revenues; (iii) Subordinate Lien PPRF Revenues; and (iv) other amounts in certain funds and accounts created and maintained pursuant to the Indenture; all as more fully described below. The Agreement Revenues, Additional Pledged Revenues and Subordinate Lien PPRF Revenues are collectively referred to as the "Subordinate Lien Revenues."

Agreement Revenues. The Agreements consist of Loan Agreements and Securities executed and delivered by Governmental Units in consideration for the financing of all or a portion of their respective projects by the Finance Authority. Under each Agreement, the respective Governmental Unit pledges to the Finance Authority for payment of all amounts due under their respective Agreements (i) revenues of specific enterprise systems, revenues attributable to certain taxes or funds appropriated on an annual basis to that Governmental Unit (the "Agreement Revenues") and (ii) moneys in certain funds and accounts held by the Trustee. Each Governmental Unit executing a Loan Agreement or issuing Securities agrees to pay principal of and interest on its loan promptly from its Agreement Revenues and to continue such payments until its Loan is paid in full. Each Governmental Unit that has entered into a Loan Agreement or has issued Securities has pledged specific Agreement Revenues to the repayment of its Loan. It should be noted that each Governmental Unit that has entered into an Agreement with the Finance Authority has the ability to incur additional obligations that may be secured on a senior or parity basis with the Agreement Revenues as long as certain conditions are satisfied. See APPENDIX F for information relating to the largest repayment obligations. A Governmental Unit is not required to make up any Loan Payment not paid in full by another Governmental Unit or to make up any insufficiency in the Subordinate Lien PPRF Revenues.

The total par amount of Agreements secured by funds appropriated on an annual basis to a Governmental Unit (“Annual Appropriation Agreements”) cannot exceed twice the fully funded level of the Supplemental Credit Reserve Fund (as defined herein).

The following table lists the various types of revenues from which Agreement Revenues are derived based upon scheduled payments in fiscal year 2017-2018. The table also lists the amounts of those revenues and the percentage of the total Agreement Revenues of those revenues.

<u>Type of Revenue</u>	<u>FY 2017-2018 Amounts</u>	<u>% of Total Agreement Revenues</u>
Enterprise System Revenues	\$10,132,371	31.5%
Local Special Tax	9,670,972	30.1%
Gross Receipts Tax	5,335,154	16.6%

Fire Protection Fund	1,075,932	3.3%
Special Assessment	507,190	1.6%
Mill Levy	97,947	0.3%

The following table lists the ten Governmental Units (by revenue pledged) that, based on scheduled payments in fiscal year 2017-2018, and assuming no prepayments of any Agreements, are expected to provide the largest amount of Agreement Revenues in fiscal year 2017-2018. The Agreement Revenues generated from such Agreements account for 63.563% of projected Agreement Revenues for fiscal year 2017-2018.

Although Agreement Revenues are received at various times throughout the year, they are held under the Indenture until June 15 of each year to be applied to pay debt service on the Bonds. For more information with respect to

Governmental Units with the largest repayment obligations as of the date hereof, see “APPENDIX F—Largest Repayment Obligations.”

The Finance Authority may require and has previously required the establishment and funding of an Agreement Reserve Fund in connection with certain Agreements. Amounts in a Governmental Unit’s account of the Agreement Reserve Fund will be withdrawn by the Trustee and deposited into that Governmental Unit’s account of the Debt Service Fund to the extent of any shortfall in payments by such Governmental Unit under its Agreement. See “APPENDIX F—2017F Governmental Units” for the amount of Agreement Reserve Account, if any, to be funded by the 2017F Governmental Units.

Additional Pledged Revenues. Additional Pledged Revenues consist of any additional revenues received by the Finance Authority and designated as part of the Trust Estate pursuant to the Indenture or a Pledge Notification. Additional Pledged Revenues are not revenues attributable to Additional Pledged Loans. Additional Pledged Revenues may be among the amounts released from the Revenue Fund on June 16 of each year to the extent they will not be required for payment of debt service in the then current Bond Fund Year, as described below under “Subordinate Lien PPRF Revenues.” Additional Pledged Revenues are deposited in the Revenue Fund immediately upon their receipt throughout the year by the Finance Authority. For a more complete description of these deposits and transfers, see “Flow of Funds” below under this caption, and “Establishment and Use of Funds” in “APPENDIX B—EXTRACTS OF CERTAIN PROVISIONS OF THE INDENTURE.” At the present, the Finance Authority has not designated any sources of revenues as “Additional Pledged Revenues.”

Subordinate Lien PPRF Revenues. Subordinate Lien PPRF Revenues consist in part of the NMFA Portion of the Governmental Gross Receipts Tax and moneys from the repayment to the Finance Authority of the Additional Senior Pledged Loans deposited to the revenue fund created under the Senior Indenture (the “PPRF Revenues”), to the extent such amounts are available on June 1 of each Bond Fund Year after all obligations of the Finance Authority under the Senior Indenture have been satisfied and the Trustee has retained any amounts required to be retained pursuant to the Senior Indenture. “Additional Senior Pledged Loans” are additional loans or securities made or purchased by the Finance Authority from amounts on deposit in the Public Project Revolving Fund, the payments of principal of and interest on which have been specifically pledged by the Finance Authority to the payment of the Senior Bonds and other amounts due under the Senior Indenture. Pursuant to the Indenture, all moneys released from the Senior Indenture on June 1 of each Bond Fund Year are to be deposited into the Revenue Fund created by the Indenture. See “INVESTMENT CONSIDERATIONS—Availability of Subordinate Lien PPRF Revenues.”

Subordinate Lien PPRF Revenues also consist, in part, of revenues from Additional Pledged Loans. The Finance Authority may make loans from or purchase securities with available funds in the Public Project Revolving Fund. At its option, the Finance Authority may designate such loans or securities as “Additional Pledged Loans” and upon such designation, the principal and interest payments on such loans or securities become pledged by the Finance Authority to the payment of Bonds and PPRF Secured Obligations and other amounts secured by the Indenture. See “Flow of Funds” below under this caption.

Additional Pledged Loans (repayments of which are pledged to the payment of the Bonds) are not Additional Senior Pledged Loans (repayments of which are pledged only to the extent available for transfer under the Senior Indenture on June 1 of each Bond Fund Year).

The following table shows, for fiscal years 2012-2013 through 2016-2017, the amounts released to the Finance Authority from the Senior Indenture, which represent the amounts that would be included as Historical Subordinate Lien PPRF Revenues under the Indenture.

- <sup>(1)</sup> Amounts for fiscal years shown above include distributions for the NMFA Portion of the Governmental Gross Receipts Tax (defined below) for the period commencing May 1 of the preceding fiscal year through April 30 of the then current fiscal year. Such collections are disbursed in monthly installments by the New Mexico Taxation and Revenue Department and received by the Finance Authority two months after the month of collection throughout the Finance Authority’s fiscal year.
- <sup>(2)</sup> The reduction in Subordinate Lien PPRF Revenues, which is the result of a prior mismatch and temporary escalation of the revenues received from replacement Loans substituted for certain prepaid Loans, was expected and is consistent with revenue forecasts contained in previously published projections. The Governmental Gross Receipts Tax. Pursuant to Section 7-1-6.38, NMSA 1978, the Public Project Revolving Fund administered by the Finance Authority is allocated seventy-five percent (75%) (the “NMFA Portion of the Governmental Gross Receipts Tax”) of all net receipts of a governmental gross receipts tax which is levied and collected pursuant to Section 7-9-4.3, NMSA 1978. The governmental gross receipts tax was enacted into law and first imposed in 1991 at a rate of five percent (5%) on governmental gross receipts. Governmental gross receipts are defined in Section 7-9-3.2, NMSA 1978, as all receipts of the State or any agency, institution, instrumentality or political subdivision thereof except any school district and any entity licensed by the State Department of Health that is principally engaged in providing health care services, from (i) the sale of tangible personal property other than water from facilities open to the general public; (ii) the performance of or admissions to recreational, athletic or entertainment services or events in facilities open to the general public; (iii) refuse collection, refuse disposal or both; (iv) sewage services; (v) the sale of water by a utility owned or operated by a county, municipality or other political subdivision of the State; and (vi) the renting of parking, docking or tie-down spaces or the granting of permission to park vehicles, tie-down aircraft or dock boats.

The definition of governmental gross receipts includes receipts from the sale of tangible personal property handled on consignment when sold from facilities open to the general public, but excludes cash discounts taken and allowed, governmental gross receipts tax payable on transactions reportable for the period and any type of time-price differential.

Certain receipts are excluded from the governmental gross receipts tax, including (i) receipts from the sale of gas or electricity by a utility owned or operated by a county, municipality or other political subdivision, (ii) receipts from operation of a cable television system owned or operated by a municipality, (iii) receipts from the sale of livestock, receipts of growers, producers, trappers or nonprofit marketing associations from selling livestock, or live poultry, and (iv) receipts from certain activities at a minor league baseball stadium.

In addition, there are certain deductions from the governmental gross receipts tax, including (i) certain receipts from selling tangible personal property to the United States or the State, (ii) receipts from selling tangible personal property to an Indian tribe, nation or pueblo, (iii) receipts from transactions in interstate commerce, (iv) certain receipts from selling tangible personal property to entities exempt from federal income tax pursuant to Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, and (v) receipts from the sale of prescription drugs.

Collection and Distribution Information. Governmental agencies are treated as taxpayers under the provisions of the State’s Tax Administration Act, Section 7-1-1 et seq., NMSA 1978, and are responsible for paying the governmental gross receipts tax to the New Mexico Taxation and Revenue Department in accordance with the State’s Tax Administration Act. Collections are first deposited into a tax administration suspense fund for the purpose of making disbursements for refunds, among other things. On the last day of each month, the balance in the suspense fund is identified by tax source and distributed to the appropriate municipalities or state agencies, including the Finance Authority. Collection of governmental gross receipts tax is administered by the New Mexico Taxation and Revenue Department. Governmental gross receipts taxes are to be paid on or before the 25th day of the month following the month in which the taxable event occurs.

Presented below is information concerning distributions of the governmental gross receipts tax for the fiscal years 2012-2013 through 2016-2017 derived from reports by the New Mexico Taxation and Revenue Department.

<sup>(1)</sup> Distributions, which include collections, interest, and penalties, for fiscal years shown above represent distributions for the period commencing May 1 of the preceding fiscal year through April 30 of the current fiscal year. Such distributions are disbursed in monthly installments by the New Mexico Taxation and Revenue Department and received by the Finance Authority two months after the month of collection throughout the Finance Authority's fiscal year. The most recent 12 months of governmental gross receipts tax distribution to the Public Project Revolving Fund through July 31, 2017 totals \$29,660,315.

<sup>(2)</sup> Distributions of the NMFA Portion of the Governmental Gross Receipts Tax are held pursuant to the Senior Indenture and pledged to the payment of Senior Bonds. Such amounts may be released to the Trust Estate as discussed under "Subordinate Lien PPRF Revenues" above.

<sup>(3)</sup> Pursuant to state statute, New Mexico State Parks receives 14% of the Governmental Gross Receipts Tax distributions, the Youth Conservation Corps receives 10% of such distributions, and the Department of Cultural Affairs receives 1% of such distributions. Such distributions are not part of the Trust Estate and are not pledged to the payment of the Bonds.

(Source: State of New Mexico Taxation and Revenue Department, Monthly Local Government Distribution Reports.)

Based upon data provided by the State of New Mexico Taxation and Revenue Department, the payers of the governmental gross receipt tax whose payments accounted for at least 5% of the total net receipts from the governmental gross receipts tax in fiscal year 2016-2017 were the Albuquerque Bernalillo County Water Utility Authority, the City of Albuquerque, the City of Santa Fe and the City of Las Cruces. Although the Finance Authority has not verified and does not guarantee the accuracy of such information, the Finance Authority does not have any reason to believe that the list of entities providing at least 5% of the governmental gross receipts tax is incorrect as of this date.

Distributions from the NMFA Portion of the Governmental Gross Receipt Tax that are not needed for payments under the Senior Indenture and the Indenture may be released from the Trust Estate and are subject to appropriation by the State legislature for purposes and programs other than the PPRF, including drinking and clean water programs, planning grant programs, and for purposes otherwise permitted by law. The release and appropriation of such amounts has no effect on the Finance Authority's debt service coverage or cash flow, as disbursements of such amounts are made after payment of all obligations under the Senior Indenture and the Indenture.

**Funds and Accounts**

The Indenture creates a Revenue Fund, a Program Fund (with separate accounts for each Agreement or Project), a Bond Fund, a Debt Service Fund (with separate accounts for each Agreement), a Debt Service Reserve Fund (with a separate account for each series of Bonds with a Debt Service Reserve Requirement), an Agreement Reserve Fund (with a separate account for each Agreement that has a reserve requirement), a Supplemental Credit Reserve Fund, an Expense Fund and a Reserve Instrument Fund all of which are part of the Trust Estate. Amounts on deposit in accounts in each Debt Service Reserve Account and in each Agreement Reserve Account shall only secure repayment of the Loan made under the related Agreement. The Finance Authority is not establishing or funding an account in the Debt Service Reserve Fund for the Series 2017F Bonds. See "APPENDIX F—2017F GOVERNMENTAL UNITS; LARGEST REPAYMENT OBLIGATIONS" for Agreement Reserve Account amounts for the 2017F Governmental Units. Amounts in the accounts of the Program Fund are held by the Finance Authority and, upon request and submission of proper documentation, by the respective Governmental

Unit, the Finance Authority will disburse funds directly to the provider of goods or services relating to the Project for which an account has been established in the Program Fund.

### **Flow of Funds**

Loan Payments. All Loan Payments payable under the Loan Agreements and Securities (except as otherwise provided in a Supplemental Indenture) are required to be paid directly to the Finance Authority for remittance to the Trustee for deposit immediately upon their receipt, as follows:

First: to the related Account in the Debt Service Fund in an amount required to cause the aggregate amount on deposit in that Account to equal the amount then required to make the principal and interest payments due or to next become due with respect to the Loan (it being anticipated that each Governmental Unit will deposit an amount at least equal to the Loan Payments coming due under the related Loan Agreement or Securities with the Finance Authority, which will remit that amount to the Trustee for allocation to the related Account in the Debt Service Fund);

Second: to the related Account, if any, in the Agreement Reserve Fund to the extent necessary to cause the balance in said Account to equal the Agreement Reserve Requirement, if any, of such Account;

Third: in the event the Supplemental Credit Reserve Fund has been used to satisfy amounts due under a Loan Agreement or in relation to certain Securities, then to the extent Loan Payments are received as to that specific Loan Agreement or Securities, to the Supplemental Credit Reserve Fund to the extent necessary to cause the payments to the Supplemental Credit Reserve Fund to equal the amounts withdrawn from the Supplemental Credit Reserve Fund to satisfy amounts due under the Loan Agreement or as to such Securities; and

Fourth: to the payment of Program Costs (to the extent allocable to such Agreement).

On the fifth day preceding a Loan Payment Date (or, if such fifth day is not a Business Day, on the Business Day next preceding such fifth day), if the amount on deposit in any Governmental Unit's Account of the Debt Service Fund is insufficient for payments coming due under the related Agreement on the next Loan Payment Date, the Trustee is directed to transfer from the related Agreement Reserve Account, if any, to that Governmental Unit's Account of the Debt Service Fund, an amount sufficient, together with amounts in such Debt Service Account, to pay the Principal Component and the Interest Component due under such Loan Agreement or Securities on such Loan Payment Date. On each Interest Payment Date for the Bonds, the Trustee is directed to transfer moneys in the respective Accounts of the Debt Service Fund to the Bond Fund to pay the interest on the related Bonds becoming due on such Interest Payment Date and to pay the principal of each related Bond due at maturity or by prior redemption, to the extent amounts are on deposit for such purpose.

At least once each year, and more frequently if required pursuant to the provisions of a Supplemental Indenture, the Trustee must determine the amount necessary (i) to be transferred to the Bond Fund from each Debt Service Account from payments relating to a Governmental Unit's Agreement, (ii) to replenish the Governmental Unit's Account in the Agreement Reserve Fund, and (iii) to pay the Governmental Unit's share of Program Costs for the year. The Trustee is directed to return any excess the Trustee does not expect to be required for such payments to the related Governmental Unit or to credit such excess to the Loan Payments next coming due under the Governmental Unit's Agreement. Any excess attributable to earnings on funds and accounts for the Governmental Unit will be returned to the Governmental Unit or will be credited to the Loan Payments next coming due and any remaining excess will be deposited into the Revenue Fund.

Revenue Fund. During each Bond Fund Year, (i) all PPRF Revenues released from the lien of the Senior Indenture will be paid by the Finance Authority to the Trustee immediately upon their release on June 1 of each year, (ii) all Additional Pledged Revenues will be immediately deposited with the Trustee; and (iii) all payments representing principal and interest from Additional Pledged Loans will be paid immediately upon their receipt by the Finance Authority to the Trustee. All of those amounts will be accounted for and maintained by the Trustee in the Revenue Fund. The Revenue Fund will be kept separate and apart from all other accounts of the Trustee and prior to transfers of any excess funds from the Revenue Fund on June 16 of each year (as described below), all amounts in it will be transferred by the Trustee in the order of priority specified below:

(a) To the Bond Fund, an amount needed, when added to amounts on deposit in the Bond Fund and transferred from the Debt Service Fund, to pay the principal of and interest on the Bonds due on June 15 and to rectify any deficiency in the Bond Fund that has not otherwise been rectified.

(b) To the Paying Agent for any PPRF Secured Obligation that notifies the Trustee, an amount needed, when added to amounts otherwise available for such purpose, to pay the principal and interest then due with respect to the PPRF Secured Obligations on June 15 and to rectify any such deficiency in the payment of any PPRF Secured Obligation which has occurred that has not otherwise been rectified.

(c) To the Bond Fund, an amount needed, when added to amounts transferred from the Debt Service Fund, to pay the amounts due on the Security Instrument Repayment Obligations and the SWAP Payments (net of SWAP Receipts) then due pursuant to any Security Instrument Agreements or Interest Rate Swaps, and the amount needed to rectify any deficiency in the payment of any Security Instrument Repayment Obligations or SWAP Payments that has not been rectified.

The transfers required by the preceding paragraph are to be made on a parity basis. If the amount available for transfer is insufficient, the Trustee must make those transfers ratably according to the amounts due.

After making the transfers described above, the Finance Authority must make the following transfers to the Trustee:

(a) To the extent the Debt Service Reserve Requirement, if any, is not funded with a Reserve Instrument or Instruments, (i) to the Accounts in the Debt Service Reserve Fund, any amounts required by the General Indenture and by any Supplemental Indenture to accumulate therein the applicable Debt Service Reserve Requirement with respect to each Series of Bonds at the times and in the amounts provided in the General Indenture and in any Supplemental Indenture and (ii) if funds shall have been withdrawn from an Account in the Debt Service Reserve Fund or any Account in the Debt Service Reserve Fund is at any time funded in an amount less than the applicable Debt Service Reserve Requirement, the Finance Authority shall transfer from the Revenue Fund to such Account or Accounts in the Debt Service Reserve Fund an amount sufficient to restore such Account or Accounts within one year with 12 substantially equal payments during such period (unless otherwise provided for by the Supplemental Indenture governing the applicable Debt Service Reserve Requirement); or a ratable portion (based on the amount to be transferred pursuant to the following bulleted clause) of remaining amounts if less than the amount necessary; and

(b) Equally and ratably to the Accounts of the Reserve Instrument Fund, with respect to all Reserve Instruments in effect and expected to continue in effect after the end of such month, such amount from the Revenue Fund, or a ratable portion (based on the amount to be transferred pursuant to the previous bulleted clause) of the amount so remaining if less than the amount necessary, that is required to be paid, on or before the next such transfer or deposit from the Revenue Fund into the Reserve Instrument Fund, to the Reserve Instrument Provider pursuant to any Reserve Instrument Agreement, other than Reserve Instrument Costs, in order to cause the Reserve Instrument Coverage to equal the Reserve Instrument Limit within one year from any draw date under the Reserve Instrument.

In the event that funds have been withdrawn from an Account in the Agreement Reserve Fund, or any Account in the Agreement Reserve Fund is at any time funded in an amount less than its Agreement Reserve Requirement after making the transfers described above, the Finance Authority will transfer for deposit in such Account sufficient Subordinate Lien PPRF Revenues, Agreement Revenues with respect to the related Agreement, Additional Pledged Revenues and revenues from Additional Pledged Loans to restore such Account within one year with 12 substantially equal payments during such period (unless otherwise provided for by the Supplemental Indenture governing the applicable Agreement Reserve Requirement); or a ratable portion of remaining Subordinate Lien PPRF Revenues, Agreement Revenues with respect to the related Agreement, Additional Pledged Revenues and revenues from Additional Pledged Loans if less than the amount necessary.

After making the foregoing transfers to the Bond Fund and to the Paying Agent for the PPRF Secured Obligations and to the Security Instrument Issuers and to the SWAP Providers and to the Reserve Instrument Providers, on June 16 of each year, the Finance Authority will be entitled to direct the Trustee in writing to release to the Finance Authority the balance on deposit in the Revenue Fund and the Trustee must then transfer the balance to the Finance Authority. However, prior to any such release being made, there must be retained in the Revenue Fund an amount, after giving credit for available amounts in all accounts in the Debt Service Reserve Fund and the Agreement Reserve Fund, sufficient to make payments of

all Bond Debt Service requirements (calculated as provided in clauses (i), (ii) and (iii) of the definition of Debt Service presented under the caption “Definitions” in “APPENDIX B—EXTRACTS OF CERTAIN PROVISIONS OF THE INDENTURE”), Security Instrument Repayment Obligations, SWAP Payments and Reserve Instrument Repayment Obligations coming due in the then current Bond Fund Year; provided further, that once additional moneys are deposited into the Bond Fund to make all of the foregoing payments, the amounts retained in the Revenue Fund may be released from the lien of the Indenture but only to the extent of additional moneys deposited into the Bond Fund. The Finance Authority shall use excess moneys to fund the Supplemental Credit Reserve Fund, and may use the balance for (i) deposit to the Public Project Revolving Fund as required by the Act; (ii) redemption of Bonds prior to maturity by depositing the same into the Bond Fund; (iii) refinancing, refunding, repurchase or advance refunding of any Bonds; or (iv) for any other lawful purpose, including payment of Program Costs for Bonds and similar costs for PPRF Secured Obligations, replacement of reserves for Bonds or PPRF Secured Obligations and payment of Termination Payments.

The Finance Authority may, but is not obligated to, use any legally available PPRF Revenues of the Finance Authority to satisfy its obligations under the Indenture. At this point, the Finance Authority has not entered into any counterparty transactions with respect to the PPRF.

Debt Service Reserve Fund. The Indenture permits the establishment of a separate Account in the Debt Service Reserve Fund solely for the benefit of the holders of a Series of Bonds in an amount equal to the least of (i) 10% of the proceeds of such Series of Bonds determined on the basis of original principal amount (unless original issue premium or original issue discount exceeds two percent of original principal, then determined on the basis of initial purchase price to the public); (ii) the maximum annual Debt Service during any Bond Fund Year for such Series of Bonds; or (iii) 125% of the average annual Debt Service for such Series of Bonds (the “Debt Service Reserve Requirement”). If at any time the amount on deposit in any Account of the Debt Service Reserve Fund is less than the Debt Service Reserve Requirement for that Account, the Finance Authority is required to make payments totaling the amount of any such deficiency directly to the Trustee for deposit into the Debt Service Reserve Fund. **Although the Finance Authority has established separate Accounts in the Debt Service Reserve Fund for Series of Outstanding Parity Bonds, it is not establishing or funding an Account in the Debt Service Reserve Fund for the Series 2017F Bonds.**

The Debt Service Reserve Requirement may be funded entirely or in part with one or more letters of credit, bond insurance policies, surety bonds, standby bond purchase agreements, lines of credit or other devices (each, a “Reserve Instrument”). No Reserve Instrument may be allowed to expire or terminate while the related Series of Bonds are Outstanding unless and until cash has been deposited into the related account of the Debt Service Reserve Fund, or a new Reserve Instrument has been issued in place of the expiring or terminating Reserve Instrument, or any combination thereof in an amount or to provide coverage, as the case may be, at least equal to the amount required to be maintained in the related account of the Debt Service Reserve Fund.

In the event of a deficiency in the Bond Fund for a Series of Bonds, the Trustee will transfer moneys on deposit in the related Account of the Debt Service Reserve Fund to the Bond Fund to make up such deficiency. Moneys on deposit in any Account of the Debt Service Reserve Fund will be used to make up any deficiencies in the Bond Fund only for the Series of Bonds secured by that Account and any Reserve Instrument may only be drawn upon with respect to the Series of Bonds for which such Reserve Instrument was obtained.

If funds on deposit in an Account of the Debt Service Reserve Fund are needed to make up any deficiencies in the Bond Fund, and there is insufficient cash available in such Account of the Debt Service Reserve Fund to make up such deficiency and Reserve Instruments applicable to such Series are in effect, the Trustee will immediately make a demand for payment on such Reserve Instruments, to the maximum extent authorized by such Reserve Instruments, in the amount necessary to make up such deficiency, and immediately deposit such payment upon receipt thereof into the Bond Fund.

Moneys at any time on deposit in the account of the Debt Service Reserve Fund in excess of the amount required to be maintained therein (taking into account the amount of related Reserve Instrument Coverage) will be transferred by the Trustee to the Bond Fund at least once each year.

Supplemental Credit Reserve Fund. Pursuant to an amendment to the Indenture approved on June 22, 2017, the Supplemental Credit Reserve Fund was established to as part of the Trust Estate. The Supplemental Credit Reserve Fund was initially funded on July 5, 2017, in an amount of \$30,593,376 transferred from the now-deactivated Contingent Liquidity Account (as defined herein). See “NEW MEXICO FINANCE AUTHORITY – The Public Project Revolving Fund – Contingent Liquidity Account.” If the amounts on deposit in any Governmental Unit’s Debt Service Account of the Debt

Service Fund or in any repayment account in connection with a Short-Term Borrowing are insufficient for payments coming due under the related Loan Agreement or Securities on the next Loan Payment Date or payments coming due on the next Short-Term Borrowing Payment Date, after applying any applicable Agreement Reserve Account or other source for the payment of Debt Service, on the third day preceding a Loan Payment Date or Short-Term Borrowing Payment Date, as applicable (or, if such third day is not a Business Day, on the Business Day next preceding such third day), the Trustee shall transfer from the Supplemental Credit Reserve Fund, an amount sufficient, together with amounts in the related Debt Service Account, to pay the Principal Component and the Interest Component due under such Loan Agreement or Securities or Short-Term Borrowing on such Loan Payment Date or Short-Term Borrowing Payment Date, as applicable.

The Finance Authority shall determine, as of the end of each Bond Fund Year, the Supplemental Credit Reserve Requirement, which shall be an amount equal to the amount of the Common Debt Service Reserve Fund (as defined herein) at that time. The Finance Authority shall deposit the amount, if any, to fund the Supplemental Credit Reserve Fund to the then Supplemental Credit Reserve Requirement within three (3) business days of receipt by the Finance Authority of the disbursement of the Subordinate Lien PPRF Revenues distributed to the Finance Authority by the trustee under the Subordinated Indenture on June 16, being the day after the end of the applicable Bond Fund Year under the Subordinated Indenture.

If amounts on deposit in the Supplemental Credit Reserve Fund are greater than the Supplemental Credit Reserve Requirement for a given Bond Fund Year, then no additional deposit shall be made to the Supplemental Credit Reserve Fund for such Bond Fund Year. Any such excess amount may be used during the subsequent Bond Fund Year, at the discretion of the Finance Authority, for the redemption of Bonds prior to maturity by depositing the amount into the Bond Fund or the defeasance of any Bonds. If the Finance Authority does not have sufficient Subordinate Lien PPRF Revenues to fund the Supplemental Credit Reserve Fund to the Supplemental Credit Reserve Requirement, then the Finance Authority shall not be required to fund from any other source any such difference in excess of the then available amount of Subordinate Lien PPRF Revenues. As of October 31, 2017 the Supplemental Credit Reserve Fund was funded in an amount of \$30,668,186.

Amounts on deposit in the Supplemental Credit Reserve Fund may not be applied toward payment of the Bonds, except to the extent that amounts are due and owing under the Bonds and amounts are not otherwise available for such payments in the Debt Service Fund and the Debt Service Reserve Fund.

If all of the following are true: (i) amounts in the Supplemental Credit Reserve Fund have been disbursed to pay Principal Component or and Interest Component due under a Loan Agreement or in relation to Securities, (ii) at the end of the Bond Fund Year following such disbursement, the amount that was funded into the Supplemental Credit Reserve Fund from Subordinate Lien PPRF Revenues and that was attributable to disbursements that should have been, but were not, restored by a Governmental Unit prior to such Bond Fund Year end (a "SCRF Restorative Funding"), (iii) the relevant Governmental Unit later came into compliance as to certain delinquent payments that had been previously made from Supplemental Credit Reserve Fund disbursements (a "SCRF Compliance Restoration"), and (iv) the amount in the Supplemental Credit Reserve Fund exceeds the Supplemental Credit Reserve Requirement; then no more frequently than every three months, the Trustee, upon the written request of the Finance Authority (which written request shall also certify that the foregoing conditions have been satisfied) shall disburse to the Finance Authority the amount by which aggregate SCRF Compliance Restoration amounts exceed the aggregate SCRF Restorative Funding amounts.

If no Bonds remain outstanding (or all Bonds have been defeased), then upon the request of the Finance Authority, any amount remaining in the Supplemental Credit Reserve Fund shall be disbursed by the Trustee to the Finance Authority, and the disbursed amounts may be used by the Finance Authority for any purpose under the Indenture.

Investment Earnings. All income earned from the investment of moneys in the respective Accounts held by the Finance Authority and the respective Accounts of the Debt Service Fund and the Agreement Reserve Fund (but only to the extent that the amount on deposit exceeds the related Agreement Reserve Requirement), shall be deposited in the related Account of the Debt Service Fund and applied as a credit to the Loan Payment next coming due under the Agreement, with all earnings received on the Governmental Unit's Accounts being allocated solely to the benefit of such Governmental Unit.

### **Application of Loan Prepayments**

A limited number of Governmental Units (in an amount not deemed material by the Finance Authority) have the option, beginning one year after origination, to make full or partial Prepayments of their Loans. Neither the outstanding Bonds nor the Series 2017F Bonds are subject to mandatory redemption under such circumstances. With respect to a

particular Series of Bonds, the Indenture instead provides that, for the purpose of matching, to the extent practicable, (i) the revenues received from Loan Payments received pursuant to Loans reimbursed or originated with proceeds of a specific Series of Bonds with debt service payable on such Series of Bonds, and (ii) the overall debt service requirements on the Outstanding Bonds and the particular Series of Bonds with revenues received from Loan Payments on all outstanding Loans, the Finance Authority shall, within 365 days following the receipt of a Prepayment, in part or in full, of a Loan reimbursed with proceeds of a particular Series of Bonds, take separately or in combination any one or more of the actions described in subsections (a), (b) or (c) of this Section:

(a) The Finance Authority may, to the extent practicable, call for optional redemption prior to maturity Bonds from such Series which are subject to redemption, selecting Bonds of such Series for optional redemption in an amount and with debt service requirements that approximate the debt service requirements of the Loan for which the Prepayment was received (or a pro-rata portion thereof in the event that only a portion of the Prepayment is applied pursuant to this Subsection); or

(b) The Finance Authority may, to the extent practicable, originate one or more new Loans (i) in an aggregate principal amount equal to or greater than the amount of the Prepayment (or a pro rata portion thereof in the event that only a portion of the Prepayment is applied pursuant to this Subsection), and (ii) with a final maturity date and debt service requirements approximating the final maturity date and debt service requirements of the Loan pursuant to which the Prepayment was made (or a pro rata portion thereof in the event that only a portion of the Prepayment is applied pursuant to this Subsection). The Finance Authority shall provide a Cash Flow Statement to the Trustee establishing that, in taking the actions described in subsection (b) of this Section, the requirements of the Cash Flow Statement, as defined in of the Indenture, are satisfied.

(c) In the event that the Finance Authority does not take one of the actions described in either subsections (a) or (b) of this Section, the Finance Authority shall defease the particular Series of Bonds, in Authorized Denominations, to the first optional redemption date for such Series of Bonds, in an amount approximating the amount of the Prepayment received (or a pro rata portion thereof in the event that only a portion of the Prepayment is applied pursuant to this Subsection). The principal amount and maturity date of the particular Series of Bonds to be defeased shall correspond to the principal amount and due date of the Principal Component of such Prepayment. The Finance Authority shall recalculate the Loan payments due under any Loan in the case of a Prepayment in part of Loan payments under such Loan in a manner which is consistent with the actions taken as described in subsections (a), (b) or (c) of this Section.

(d) If, within 90 days following the receipt of a Prepayment, the Finance Authority has not either redeemed Bonds as provided in Subsection (a) of this Section or originated one or more new Loans as provided in Subsection (b) of this Section, the Finance Authority shall restrict the yield on investment of the Prepayment amount to the yield on the Loan for which the Prepayment was made, until one or more new Loans have been originated in an aggregate principal amount equal to or greater than the amount of the Prepayment, until Bonds have been redeemed, or until Bonds have been defeased as provided in Subsection (c) of this Section.

Historical Prepayments. During the fiscal years indicated below, the Finance Authority has received prepayments (including Prepayments under the Indenture as well as prepayments of obligations under the Senior Indenture) in the numbers and aggregate principal amounts presented in the following table. Because prepayment of some Loans by Governmental Units is optional for certain Governmental Units and because the Loan Payments that Governmental Units may prepay vary greatly in amount, the occurrence and aggregate principal amount of Prepayments in past fiscal years are not an indication of Prepayments to be received by the Finance Authority in future fiscal years.

Fiscal Year	Number of Prepayments <sup>(1)</sup>	Aggregate Principal Amount <sup>(1)(2)</sup>
2006-2007	9	\$ 9,145,000
2007-2008	21	2,973,716
2008-2009	32	10,223,706
2009-2010	23	6,945,375
2010-2011	58	124,271,480
2011-2012	55	118,727,583
2012-2013	33	54,407,892
2013-2014	23	71,812,973
2014-2015	18	87,924,017
2015-2016	19	57,202,797
2016-2017	20	42,764,880
2017-2018 <sup>(3)</sup>	5	6,643,916

<sup>(1)</sup> Historically, refinancing opportunities associated with favorable interest rates, which make it economically beneficial for Governmental Units to refinance their respective loans, have impacted the amount of prepayments in any given fiscal year.

<sup>(2)</sup> As discussed above under “Application of Loan Payments,” the Finance Authority has applied a portion of such prepayments to originate additional loans which, pursuant to a Pledge Notification, have been pledged to the Indenture. The Finance Authority has also applied a portion of such prepayments to redeem obligations under the Indenture or the Senior Indenture. Prepayments yet to be applied are not material in amount.

<sup>(3)</sup> Reflects prepayments received for the period of July 1, 2017 through September 15, 2017.

### **Additional Bonds**

Additional Bonds, PPRF Secured Obligations, Security Instrument Repayment Obligations and SWAP Payments or other indebtedness, bonds or notes of the Finance Authority payable on a parity with the Bonds out of the Trust Estate may be issued, created or incurred, only if certain requirements have been met, including the following:

(a) The Finance Authority must deliver to the Trustee a “Cash Flow Statement,” taking into account the issuance of the Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes. A Cash Flow Statement incorporates a variety of items including revenues, debt service, loan prepayments and discount factors for certain types of Loans and more particularly described in “APPENDIX B—EXTRACTS OF CERTAIN PROVISIONS OF THE INDENTURE.”

(b) All payments required by the Indenture to be made into the Bond Fund must have been made in full.

(c) The proceeds of the Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes must be used (1) to refund Bonds issued under the Indenture or other obligations of the Finance Authority (including the funding of necessary reserves and the payment of costs of issuance); (2) to make additional Loans or to purchase Securities (including the funding of necessary reserves and the payment of costs of issuance); or (3) to finance other projects approved by the Finance Authority.

(d) No Event of Default has occurred and is continuing under the Indenture, except that the foregoing will not preclude the issuance of Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes if (1) the issuance of such Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes otherwise complies with the requirements of the Indenture; and (2) such Event of Default will cease to continue upon the issuance of the Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes and the application of the proceeds thereof.

All payments required to be made into the Bond Fund must have been made in full, and there must be on deposit in each account of the Debt Service Reserve Fund (taking into account any Reserve Instrument Coverage) the full amount required to be accumulated therein at the time of issuance of the Additional Bonds.

Any of the foregoing requirements may be revised or deleted with written evidence from the Rating Agencies to the effect that such revision or deletion will not result in the rating on the Outstanding Bonds being lowered.

The Finance Authority maintains an ongoing program to provide loans and to purchase securities from Governmental Units and expects to finance certain of those activities with the issuance of Additional Bonds on parity with the Series 2017F Bonds. The Finance Authority expects to issue additional Senior Bonds within the next six months and may issue Additional Bonds within the next twelve months. The issuance of such Additional Bonds depends on a variety of factors, including market conditions. No assurance can be given when, or if, such Additional Bonds will be issued. The timing, amount and other details of such other Additional Bonds are not known as of the date of this Official Statement.

#### **No Senior Lien Obligations Other Than Senior Bonds**

Other than the Senior Bonds, no additional indebtedness, bonds or notes of the Finance Authority payable on a priority senior to the pledge of the Trust Estate for payment of the Bonds, PPRF Secured Obligations, the Security Instrument Repayment Obligations and the SWAP Payments will be created or incurred without the prior written consent of 100% of the Owners of Outstanding Bonds, Owners of PPRF Secured Obligations, Security Instrument Issuers and SWAP Counterparties.

See “ANNUAL DEBT SERVICE REQUIREMENTS” for Debt Service Requirements on the Outstanding Bonds and aggregate payments under the Agreements.

The Finance Authority may issue additional bonds pursuant to the Indenture from time to time to satisfy the financing needs of governmental entities in the State of New Mexico.

**Outstanding Senior Bonds**

The Finance Authority is authorized to issue bonds pursuant to the Senior Indenture to provide funds to Governmental Units for projects that have been approved by the Legislature for funding through the Public Project Revolving Fund. In connection with the issuance of Senior Bonds, the Finance Authority may enter into a loan agreement with the Governmental Unit or may purchase securities of the Governmental Unit in consideration for the loan of a portion of the proceeds of such Senior Bonds for projects (the “Senior PPRF Agreements”). The Senior Bonds are secured by (i) all revenues received by the Finance Authority from the allocation of the NMFA Portion of the Governmental Gross Receipts Tax, as more fully described herein under “The Governmental Gross Receipts Tax”; (ii) all revenues received or earned by the Finance Authority from or attributable to the Senior PPRF Agreements (except for certain costs of administering the Public Project Revolving Fund program); (iii) all revenues received or earned by the Finance Authority from or attributable to other loan agreements or securities pledged to the Senior Indenture; and (iv) all interest earned by and profits derived from the sale of investments in certain funds and accounts created under the Senior Indenture.

The Finance Authority has issued, and expects to issue, additional Senior Bonds under the Senior Indenture from time to time to satisfy the financing needs of governmental entities of the State of New Mexico. The following table presents the series of Senior Bonds that are expected to be outstanding as of the date of delivery of the Series 2017F Bonds, under the Senior Indenture.

## NEW MEXICO FINANCE AUTHORITY

### General Information

The Finance Authority is a public body politic and corporate, separate and apart from the State, constituting a governmental instrumentality of the State. The Finance Authority was created in 1992 pursuant to the Act to coordinate the planning and financing of State and local public projects, to provide for long-term planning and assessment of State and local capital needs and to improve cooperation among the executive and legislative branches of State government and local governments in financing public projects. Pursuant to the Act, the Finance Authority and its corporate existence will continue until terminated by law, provided that no such law will take effect so long as the Finance Authority has bonds or other obligations outstanding, unless provision has been made for the payment of all such obligations. The Finance Authority is comprised of 11 members who also constitute the Finance Authority's board of directors and currently employs 39 persons, including a Chief Executive Officer. The Chief Executive Officer directs the business and affairs of the Finance Authority, subject to the policies, control and direction of the Finance Authority.

The Finance Authority staff provides a full range of services to its borrowers and other parties benefiting from or otherwise interested in the Finance Authority's financing programs. Those services include loan servicing and program fund administration, financial analysis relating to all aspects of the Finance Authority's programs, accounting, program marketing and development services, application assistance to borrowers, coordination and assistance with other funding sources, coordination with taxing and regulatory authorities, and coordination with various legislative authorities.

### Powers

In addition to the power to issue bonds and other obligations to finance specific programs and projects, pursuant to the Act, the Finance Authority is granted all powers necessary and appropriate to carry out and effectuate its public and corporate purposes, including but not limited to the following powers:

- (a) to procure insurance to secure payment on any loan, lease or purchase payments owed to the Finance Authority by a qualified entity in such amounts and from such insurers, including the federal government, as it may deem necessary or desirable, and to pay any premiums for such insurance;
- (b) to fix, revise from time to time, charge and collect fees and other charges in connection with the making of loans and any other services rendered by the Finance Authority;
- (c) to accept, administer, hold and use all funds made available to the Finance Authority from any sources;
- (d) to borrow money and to issue bonds and provide for the rights of holders of the bonds;
- (e) to establish and maintain reserve and sinking fund accounts to insure against and have funds available for maintenance of other debt service accounts;
- (f) to invest and reinvest its funds and to take and hold property as security for the investment of such funds;
- (g) subject to any agreement with bondholders to: (1) renegotiate any loan, lease or agreement; (2) consent to any modification of the terms of any loan, lease or agreement and, (3) purchase bonds, which may upon purchase be canceled; and
- (h) to do any and all things necessary or convenient to carry out its purposes and exercise the powers given and granted in the Act.

The Finance Authority has no authority to impose or collect taxes.

## **Organization and Governance**

The Finance Authority is composed of 11 members who serve as the governing body of the Finance Authority. Six of the members are ex officio members designated in the Act and five members are appointed by the Governor with the advice and consent of the State Senate. One of the appointed members must be the chief financial officer of a State higher educational institution. The remaining four appointed members must be residents of the State. The six ex officio members with voting privileges include four cabinet-level secretaries, each of whom are appointed by the Governor and serve at the pleasure of the Governor (the Secretary of Finance and Administration, the Secretary of Economic Development, the Secretary of Energy, Minerals and Natural Resources, and the Secretary of Environment), and two are chief executive directors of State-wide associations (the Executive Director of the New Mexico Municipal League and the Executive Director of the New Mexico Association of Counties). The appointed members serve at the pleasure of the Governor and the appointed members serve four-year terms. Vacancies for the appointed members are filled by appointment of the Governor for the remainder of any unexpired term. Any appointed member is eligible for reappointment.

The governing body of the Finance Authority exercises and oversees the exercise of the powers of the Finance Authority. The governing body of the Finance Authority satisfies those responsibilities through monthly meetings and through the standing committees that the governing body has established. A quorum of the governing body exists when a majority of the members then serving are present. A majority vote of a quorum of the members present may transact any business of the Finance Authority. A vacancy in the membership of the governing body does not impact the ability of a quorum to exercise all rights and duties of the Finance Authority. The committees are advisory and have no authority to act on behalf of the governing body, except that the Contracts Committee has authority to award certain contracts and the Investment Committee has authority to authorize certain investments. Each committee reviews and makes recommendations to the governing body concerning matters assigned to it by the governing body.

The Executive Committee provides oversight and direction relating to the operations of the Finance Authority. Other committees include the Finance and Loan Committee, the Audit Committee, the Economic Development Committee, the Investment Committee, the Disclosure Committee, and the Contracts Committee. The committees typically meet monthly.

The governing body has also established written policies concerning the exercise of the powers of the Finance Authority, including the administration of the Public Project Revolving Fund. The written policies serve as ongoing directions to staff and consultants with respect to standards to be applied in the conduct of the business of the Finance Authority.

## **The Public Project Revolving Fund Program**

General. The Act created the Public Project Revolving Fund (the “PPRF”) program of the Finance Authority in 1992 to pay the reasonably necessary costs of originating and servicing loans, grants or securities funded by the PPRF and to make loans or grants and to purchase or sell securities to assist qualified entities in financing the acquisition, construction, improvement, alteration or reconstruction of assets of a long-term capital nature, including land; buildings; water rights; water, sewerage and waste disposal systems; streets; airports; municipal utilities; public recreation facilities; public transportation systems; parking facilities; and machinery, furniture and equipment. Public projects financed through the PPRF in amounts in excess of \$1 million per project require specific authorization by the Legislature. As of September 30, 2017, the Finance Authority had made 1,465 PPRF loans totaling approximately \$3.2 billion. To implement the PPRF Program, the Finance Authority has been granted the following specific powers:

- (a) to make loans to qualified entities that establish one or more dedicated sources of revenue to repay the loan from the Finance Authority;

(b) to make, enter into and enforce all contracts necessary, convenient or desirable for the purposes of the Finance Authority or pertaining to (1) a loan to a qualified entity, (2) a purchase or sale of securities individually or on a pooled basis, or (3) the performance of its duties and execution of any of its powers under the Act;

Contingent Liquidity Account. In an effort to pursue its policy of maintaining a sufficient cash balance to meet the borrowing needs of eligible entities and improving the fund and cash balances of the PPRF program, the Finance Authority established a contingency account (the "Contingent Liquidity Account") in an amount equal to the Common Debt Service Reserve Fund. Although not pledged to any Finance Authority bonds, the Contingent Liquidity Account was intended to enhance the Finance Authority's ability to meet the cash-flow needs of the PPRF program. At its meeting on June 22, 2017, the Finance Authority's board of directors amended the PPRF debt management policy to provide for the creation of the Supplemental Credit Reserve Fund and the deactivation of the Contingent Liquidity Account. Effective July 5, 2017, amounts in the Contingent Liquidity Account were transferred to the Supplemental Credit Reserve Fund, and the Contingent Liquidity Account was effectively deactivated.

Temporary Borrowing. The Finance Authority has entered into an arrangement (the "Wells Fargo Short-Term Borrowing") with Wells Fargo Bank, National Association ("Wells Fargo") for Wells Fargo to provide to the Finance Authority an amount up to \$100,000,000 to reimburse the Finance Authority for loans made to eligible entities that are incurred prior to the issuance of a series of bonds or to make loans to eligible entities by using funds drawn from the Wells Fargo Short-Term Borrowing. Once the amounts are advanced, the Finance Authority has up to 180 days to repay the advancement. The Wells Fargo Short-Term Borrowing is currently scheduled to expire on December 10, 2020. The Wells Fargo Short-Term Borrowing is secured by proceeds of bonds that are anticipated to be issued subsequent to the advances. The Finance Authority has entered into the Wells Fargo Short-Term Borrowing to assist it with its cash flows. The Wells Fargo Short-Term Borrowing is not secured by the Trust Estate. The Finance Authority drew approximately \$27.6 million under the Wells Fargo Short-Term Borrowing in October of 2017. A portion of the proceeds of the Series 2017E Bonds are expected to be used to retire this Short-Term Borrowing.

## LITIGATION

To the knowledge of the Finance Authority, there is no controversy or litigation known to be pending or threatened to restrain or enjoin the issuance, sale, execution or delivery of the Series 2017F Bonds, the execution, adoption or effectiveness of the Indenture or the levying or collecting of any Revenues the loss of which would materially adversely affect the ability of the Finance Authority to pay debt service on the Series 2017F Bonds, or in any way contesting or affecting the validity or enforceability of the Series 2017F Bonds, the Indenture, or any proceeding and authority of the Finance Authority taken with respect to the foregoing. The Finance Authority will deliver a non-litigation certification as to the foregoing prior to the issuance of the Series 2017F Bonds.

Such investment and securities activities may involve securities and instruments of the Finance Authority.

The Underwriters and their respective affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments.

## **TAX MATTERS**

TO ENSURE COMPLIANCE WITH TREASURY DEPARTMENT CIRCULAR 230, OWNERS OF THE SERIES 2017F BONDS ARE HEREBY NOTIFIED THAT: (A) ANY DISCUSSION OF FEDERAL TAX ISSUES IN THIS OFFICIAL STATEMENT RELATING TO THE SERIES 2017F BONDS IS NOT INTENDED OR WRITTEN TO BE RELIED UPON, AND CANNOT BE RELIED UPON, BY OWNERS OF THE SERIES 2017F BONDS FOR THE PURPOSE OF AVOIDING PENALTIES THAT MAY BE IMPOSED ON THOSE OWNERS UNDER THE INTERNAL REVENUE CODE; (B) THE DISCUSSION OF FEDERAL TAX ISSUES IN THIS OFFICIAL STATEMENT RELATING TO THE SERIES 2017F BONDS WAS WRITTEN IN CONNECTION WITH THE PROMOTION OR MARKETING OF THOSE SERIES 2017F BONDS; AND (C) OWNERS OF THE SERIES 2017F BONDS SHOULD SEEK ADVICE FROM AN INDEPENDENT TAX ADVISOR BASED ON THEIR PARTICULAR CIRCUMSTANCES.

The following is a summary of the material federal and State of New Mexico income tax consequences of holding and disposing of the Series 2017F Bonds. This summary is based upon laws, regulations, rulings and judicial decisions now in effect, all of which are subject to change (possibly on a retroactive basis). This summary does not discuss all aspects of federal income taxation that may be relevant to investors in light of their personal investment circumstances or describe the tax consequences to certain types of owners subject to special treatment under the federal income tax laws (for example, dealers in securities or other persons who do not hold the Series 2017 Bonds as a capital asset, tax-exempt organizations, individual retirement accounts and other tax deferred accounts, and foreign taxpayers), and, except for the income tax laws of the State of New Mexico, does not discuss the consequences to an owner under any state, local or foreign tax laws. The summary does not deal with the tax treatment of persons who purchase the Series 2017F Bonds in the secondary market. Prospective investors are advised to consult their own tax advisors regarding federal, state, local and other tax considerations of holding and disposing of the Series 2017F Bonds.

## **Opinion of Bond Counsel**

In the opinion of Gilmore & Bell, P.C., Bond Counsel to the Finance Authority, under the law existing as of the issue date of the Series 2017F Bonds:

No Federal Tax Exemption. The interest on the Series 2017F Bonds is *included* in gross income for federal income tax purposes, in accordance with an owner's normal method of accounting.

State of New Mexico Tax Exemption. In the opinion of Gilmore & Bell, P.C., Bond Counsel to the Finance Authority, under the law existing as of the issue date of the Series 2017F Bonds, the interest on the Series 2017F Bonds is exempt from income taxation by the State of New Mexico.

No Other Opinion. Bond Counsel is expressing no opinion regarding other federal, state or local tax consequences arising with respect to the Series 2017F Bonds, except as expressly provided herein. Purchasers of the Series 2017F Bonds should consult their tax advisors as to the applicability of these tax consequences and other income tax consequences of the purchase, ownership and disposition of the Series 2017F Bonds, including the possible application of state, local, foreign and other tax laws.

## **Other Tax Consequences**

Sale, Exchange or Retirement of Bonds. Upon the sale, exchange or retirement (including redemption) of a Series 2017F Bond, an owner of the Series 2017F Bond generally will recognize gain or loss in an amount equal to the difference between the amount of cash and the fair market value of any property received on the sale, exchange or retirement of the Series 2017F Bond (other than in respect of accrued and unpaid interest) and such owner's adjusted tax basis in the Series 2017F Bond. To the extent a Series 2017F Bond is held as a capital asset, such gain or loss will be capital gain or loss and will be long-term capital gain or loss if the Series 2017F Bond has been held for more than 12 months at the time of sale, exchange or retirement.

Reporting Requirements. In general, information reporting requirements will apply to certain payments of principal, interest and premium paid on the Series 2017F Bonds, and to the proceeds paid on the sale of the Series 2017F Bonds, other than certain exempt recipients (such as corporations and foreign entities). A backup withholding tax will apply to such payments if the owner fails to provide a taxpayer identification number or certification of foreign or other exempt status or fails to report in full dividend and interest income. The amount of any backup withholding from a payment to an owner will be allowed as a credit against the owner's federal income tax liability.

Collateral Federal Income Tax Consequences. Prospective purchasers of the Series 2017F Bonds should be aware that ownership of the Series 2017F Bonds may result in collateral federal income tax consequences to certain taxpayers. Bond Counsel expresses no opinion regarding these tax consequences. Purchasers of Series 2017F Bonds should consult their tax advisors as to the applicability of these tax consequences and other federal income tax consequences of the purchase, ownership and disposition of the Series 2017F Bonds, including the possible application of state, local, foreign and other tax laws.

## **MUNICIPAL ADVISOR**

The Finance Authority has retained Western Financial Group, LLC, a wholly-owned subsidiary of PFM Financial Advisors LLC ("WFG"), as municipal advisor in connection with the preparation of this Official Statement and with respect

to the issuance of the Series 2017F Bonds. WFG was recently acquired by, and is a wholly-owned subsidiary of, PFM Financial Advisors LLC. WFG is an independent advisory firm and is not engaged in the business of underwriting, trading or distributing municipal securities or other public securities.

## FINANCIAL STATEMENTS

The financial statements of the Finance Authority for the year ended June 30, 2016, included in APPENDIX A of this Official Statement, have been audited by REDW, LLC, certified public accountants, Albuquerque, New Mexico, as set forth in its report thereon dated November 16, 2016. REDW, LLC has not been asked to consent to the use of its name and audited financial reports of the Finance Authority in this Official Statement nor has REDW, LLC participated in the preparation of this Official Statement.

In July 2012, the Finance Authority disclosed that what it believed was the audit of its financial statements for the fiscal year ended June 30, 2011 was not completed properly (the “Incomplete Audit”). Upon such discovery, the Finance Authority withdrew the Incomplete Audit. The Finance Authority then initiated an investigation and determined that its former controller had misrepresented the status of the Incomplete Audit and provided financial statements for use with third parties that he falsely represented as “audited.” For additional information relating to the Incomplete Audit, see “2011 Audit Situation” at [www.nmfa.net/investors/disclosures/](http://www.nmfa.net/investors/disclosures/).

## CONTINUING DISCLOSURE UNDERTAKING

The Finance Authority will execute and deliver a Continuing Disclosure Undertaking in connection with the issuance of the Series 2017F Bonds pursuant to which it will agree to provide the following information:

- to the Municipal Securities Rulemaking Board (“MSRB”) in an electronic format prescribed by the MSRB by March 31 of each fiscal year, or the next succeeding business day if March 31 is not a business day (and to the Trustee and to each holder of the Series 2017F Bonds who requests such information):
  1. with respect to the Finance Authority annual financial information and operating data concerning the Subordinate Lien PPRF Revenues, such information to be of the type set forth under the table captioned “Historical Subordinate Lien PPRF Revenues — Fiscal Years 2012-2013 Through 2016-2017 (Released to the Indenture on June 1)” under the captions “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS—Trust Estate—Agreement Revenues” and “Subordinate Lien PPRF Revenues” in the Official Statement;
  2. with respect to any Governmental Unit expected by the Finance Authority, on the last business day that is at least 45 days prior to the date specified for providing such information to the MSRB, to have Loan repayment obligations in the then-current fiscal year constituting more than 20% of the estimated Subordinate Lien Revenues for the then-current fiscal year (the “20% Test”), and each additional Governmental Unit designated by the Finance Authority by such business day, information concerning the four-year history of the specific revenues constituting such Governmental Unit’s Agreement Revenues, or such shorter period for which such information is available;
  3. audited financial statements (in each case, prepared in accordance with generally accepted accounting principles consistently applied, as in effect from time to time) for the Finance Authority, any Governmental Unit meeting the 20% Test and each additional Governmental Unit designated by the Finance Authority, or, if audited financial statements are not available by March 31 of each fiscal year, or the next succeeding business day if March 31 is not a business day, unaudited financial statements and audited financial statements as soon as such audited financial statements become available;
- in a timely manner to the MSRB in an electronic format prescribed by the MSRB, notice of any failure of the Finance Authority to provide the required annual financial information and audited or unaudited financial statements, on or before the date specified in its Continuing Disclosure Undertaking;

- in a timely manner, but not more than ten business days after the occurrence of the event, to the MSRB in an electronic format prescribed by the MSRB, notice of the occurrence of any of the following events (if applicable) with respect to the Series 2017F Bonds:
  1. principal and interest payment delinquencies;
  2. unscheduled draws on debt service reserves reflecting financial difficulties;
  3. unscheduled draws on credit enhancements reflecting financial difficulties;
  4. substitution of credit or liquidity providers, or their failure to perform;
  5. adverse tax opinions or the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the bonds;
  6. defeasances;
  7. tender offers;
  8. bankruptcy, insolvency, receivership or similar proceedings; and
  9. rating changes.
  
- in a timely manner, but not more than ten business days after the occurrence of the event, to the MSRB in an electronic format prescribed by the MSRB, notice of the occurrence of any of the following events (if applicable) with respect to the Series 2017F Bonds, if material:
  1. mergers, consolidations, acquisitions, the sale of all or substantially all of the assets of the obligated persons or their termination;
  2. appointment of a successor or additional trustee or the change of the name of a trustee;
  3. non-payment related defaults;
  4. modification of rights of owners of the bonds;
  5. bond calls; and
  6. release, substitution, or sale of property securing repayment of the bonds.

The Finance Authority may from time to time choose to provide notice of the occurrence of certain other events, in addition to those listed above, if, in the judgment of the Finance Authority, such other event is material with respect to the Series 2017F Bonds. However, the Finance Authority does not undertake to commit to provide any such notice of the occurrence of any material event except those events listed above.

The Finance Authority reserves the right to modify from time to time the Continuing Disclosure Undertaking, including the specific types of information provided or the format of the presentation of such information, to the extent necessary or appropriate in the judgment of the Finance Authority; provided that, the Finance Authority has agreed that any such modification will be done in a manner consistent with the Rule. The Finance Authority acknowledges that its undertaking pursuant to the Rule described under this heading is intended to be for the benefit of the Owners of the Series 2017F Bonds and will be enforceable by the Owners; provided that the right to enforce the provisions of this undertaking are limited to a right to obtain specific performance of the Finance Authority's obligations, and any failure by the Finance Authority to comply with the provisions of the undertaking will not be an event of default with respect to the Series 2017F Bonds.

None of the Governmental Units have represented annual Loan repayment obligations exceeding 20% of estimated Subordinate Lien Revenues in the first full year immediately following issuance of the Series 2017F Bonds. See APPENDIX F for a discussion of Loans to Governmental Units with the largest outstanding principal loan balances.

In July 2012, the Finance Authority disclosed that what it believed was the audit of its financial statements for the fiscal year ended June 30, 2011 was not properly completed (the “Incomplete Audit”). See “FINANCIAL STATEMENTS.” Due to the Incomplete Audit, the Finance Authority was unable to file its audit for the fiscal year ended June 30, 2011 in a manner that was in material compliance with its previous undertakings. Eventually, the audit for fiscal year ended June 30, 2011 was completed and made available, and the Finance Authority filed such audit with the MSRB in February 2013 as specified in its disclosure undertakings. In addition, the Finance Authority reports that it did not provide notice to the MSRB of an upgrade on its Subordinate Lien Bonds by Moody’s in April 2011 from Aa3 to Aa2. The Finance Authority filed notice of such upgrade with the MSRB in September 2014.

## **RATINGS**

S&P and Moody’s have assigned ratings of “AAA” and “Aa2,” respectively, to the Series 2017F Bonds. An explanation of the significance of such ratings may be obtained from S&P and Moody’s, respectively.

Such ratings reflect only the views of such organizations. The ratings are not a recommendation to buy, sell or hold the Series 2017F Bonds and there is no assurance that such ratings will continue for any given period of time or that such ratings will not be revised downward or withdrawn entirely by the rating agencies if, in their judgment, circumstances so warrant. Any downward revision or withdrawal of the ratings given to the Series 2017F Bonds may have an adverse effect on the market price of the Series 2017F Bonds. The Municipal Advisor has not undertaken any responsibility to bring to the attention of the owners of the Series 2017F Bonds any proposed revision or withdrawal of the ratings on the Series 2017F Bonds, or to oppose any such proposed revision or withdrawal. The Finance Authority undertakes no responsibility to oppose any such revision or withdrawal. Any such downward revision or withdrawal of the ratings or other actions by a rating agency may have an adverse effect on the market price of the Series 2017F Bonds.

## **INVESTMENT CONSIDERATIONS**

### **Availability of Subordinate Lien PPRF Revenues**

The amount of Subordinate Lien PPRF Revenues actually released to the Indenture on any June 1 may be affected by several factors. Among other things, the amount of governmental gross receipts taxes that will be collected and distributed to the Finance Authority and ultimately released from the Senior Indenture to become Subordinate Lien PPRF Revenues is subject to fluctuation based on the activities that generate those taxes, including general economic conditions. There can be no guarantee that the NFMA’s Portion of the Governmental Gross Receipts Taxes collected in the future will be consistent with historical collection trends. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS—Trust Estate—The Governmental Gross Receipts Tax.”

In addition, the amount of money to be released from the Senior Indenture to become Subordinate Lien PPRF Revenues may be reduced if the other revenues expected to pay debt service on the Senior Bonds in a given year are not available. The availability of those revenues is dependent upon many factors not within the Finance Authority’s control, including the ability of entities to which the Finance Authority has loaned the proceeds of the Senior Bonds to repay those loans.

Pursuant to Section 7-9-4.3, NMSA 1978, revisions to laws of the State affecting, among other things, tax rates, taxed activities and distributions of governmental gross receipts taxes could be adopted in the future by the State legislature. There is no assurance that any future revisions to State laws will not adversely affect, among other things, tax rates, activities now subject to the governmental gross receipts tax or distribution of governmental gross receipts tax revenues to the Finance Authority. However, the State has pledged to and agreed with holders of any bonds or notes issued under the Act that the State will not limit or alter the rights vested by the Act in the Finance Authority to fulfill the terms of any agreements made with the holders thereof or in any way impair the rights and remedies of those holders until the bonds or notes together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of those holders, are fully met and discharged.

As previously stated, the Series 2017F Bonds are also payable from Agreement Revenues. Agreement Revenues are derived from a variety of different sources including enterprise system revenues, property taxes and specific taxes. Those sources of Agreement Revenues may be adversely affected by a variety of factors including, but not limited to, general economic conditions, the demand and cost of certain services and governmental actions. There can be no guarantee that future Agreement Revenues will be consistent with historical receipts.

The mandate from the Budget Control Act of 2011 that became effective in March 2013 requires a reduction of federal spending ("Sequestration"). The Finance Authority receives an insignificant amount of federal including federally provided interest subsidies for the Finance Authority's Series 2010A-2 Bonds revenues. In addition, various entities throughout the State of New Mexico have been receiving federal revenues. While some of those entities may experience a reduction in the receipt of federal revenues due to Sequestration, the Finance Authority does not believe that any such reductions will impact the ability of the Finance Authority to pay debt service on its Bonds.

## Independent Auditor's Report

Governing Board  
New Mexico Finance Authority  
and  
Mr. Timothy Keller  
New Mexico Office of the State Auditor  
Santa Fe, NM

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the New Mexico Finance Authority (the "Authority"), a component unit of the State of New Mexico, as of and for the years ended June 30, 2016 and 2015, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on the accompanying financial statements based on our audits. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Authority as of June 30, 2016 and 2015, and the respective changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Other Matters**

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Other Information***

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The accompanying supplementary schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal regulations (CFR) Part 200, Uniform Administration Requirements, Cost Principles and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The supplementary schedules and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the

information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The vendor schedule listed in the table of contents as other supplementary information have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 16, 2016, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

**Overview of the Financial Statements**

The financial statements of New Mexico Finance Authority (the "Authority") have been prepared using the economic resources measurement focus and accrual basis of accounting in accordance with generally accepted accounting principles. The Authority's basic financial statements are comprised of the following:

- ◆ The *Statement of Net Position* presents information on the assets and liabilities of the Authority, with the difference between the assets and the liabilities reported as net position. Over time, increases or decreases in net position serve as a useful indicator of whether financial position is improving or deteriorating.
- ◆ The *Statement of Revenues, Expenses and Changes in Net Position* present information reflecting changes in the net position of the Authority during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods.
- ◆ The *Statement of Cash Flows* reports the cash flows from operating activities, noncapital financing activities, capital and related financing activities and investing activities, and the resulting change in cash and cash equivalents during the fiscal year.

The accompanying notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes can be found immediately following the financial statements.

**Financial Highlights**

- ◆ The Authority's overall financial position improved slightly from June 30, 2015 to June 30, 2016. The key indicator is total net position which increased by \$5.6 million or 1.1%.
- ◆ Unrestricted cash decreased \$6.2 million or 28.7%. Restricted cash increased by \$21.8 million or 19.2%. Restricted investments increased by \$52.0 million or 18.6%.
- ◆ The total assets of NMFA increased by \$136.5 million or 8.0% as compared against the prior fiscal year. Various reasons account for the increase in assets, which are discussed by management below. The most significant were additional PPRF loan closings and cash generated from additional bonds issuances.
- ◆ Loans receivable increased by \$82.9 million or 7.0% from previous year.
- ◆ Intergovernmental receivables decreased by \$16.0 million or 15.1%, primarily as a result of debt payments received in fiscal year 2016.
- ◆ Bonds payable increased by \$57.5 million or 5.4% in 2016, the result of issuing of \$241.7 million in new bonds, principal payments on outstanding bonds of \$168.5 million, and amortization of bond premium of \$15.7 million.
- ◆ Undisbursed loan proceeds increased by \$63.7 million or 88.5% during fiscal year 2016 due to the timing of a bond issuance at the end of the fiscal year.

**New Mexico Finance Authority**  
**Management's Discussion and Analysis**  
**June 30, 2016 and 2015**

- ◆ Appropriation revenue decreased by \$4.0 million in fiscal year 2016, representing a decrease of 10.8% from fiscal year 2015. The reduction resulted from lower metro court and health sciences appropriations.
- ◆ The Authority experienced a \$3.9 million or 120.5% increase in administrative and processing fees revenue from \$3.2 million in 2015 to \$7.0 million in 2016. This increase is mainly a result of an exit fee received by Finance New Mexico of \$3.4 million in FY 2016.
- ◆ Expenses increased 15.8% from \$108.7 million in 2015 to \$125.9 million in 2016, representing an increase of \$17.2 million. Bond interest expense increased by \$8.0 million or 21.1% mostly to additional bonds outstanding. Loan refinancing pass-through expense increased by \$12.5 million due to a greater amount of refinanced loans with associated bond premiums passed through to the borrower.
- ◆ Grant revenue and corresponding activity decreased 11.6% or \$7.4 million as the Authority experienced decreased grant activity within the Colonias and Drinking Water programs during the year. This includes federal grant revenues and transfers from the State of New Mexico.
- ◆ Reversions and transfers increased 319.5% or \$14.6 million as the Authority transferred \$10.5 million to the New Mexico Economic Development Department for projects pursuant to the Local Economic Development Act. Additionally, the Authority transferred \$5.0 million to the New Mexico Economic Development Department of the existing award of \$13.2 million from United States Treasury State Small Business Credit Initiative Program.

**Statement of Net Position**

The following presents condensed, combined statements of net position as of June 30, 2016, 2015, and 2014. The table also includes the dollar and percentage change from June 30, 2015 to June 30, 2016.

**Assets**

During FY 2016, Loans receivable increased by \$82.9 million or 7.0%. New loans made during the year totaled \$199.1 million while loan payments received were \$116.3 million.

It should be noted that the Statement of Net Position reflects the implementation of GASB 72, which increased investments reported as of June 30, 2016 by \$1.3 million. See Note 3 in the notes to the financial statements for more information regarding the disclosures of investments.

**New Mexico Finance Authority**  
**Management's Discussion and Analysis**  
**June 30, 2016 and 2015**

Total cash and investments increased 16.3% from \$415.2 million in 2015 to \$482.7 million in fiscal year 2016 due primarily to timing of a bond closing at the end of the fiscal year.

***Liabilities***

During FY 2016, bonds payable increased by \$57.5 million resulting from the issuance of \$241.7 million in new bonds, principal payments and defeasances on outstanding bonds of \$168.5 million, and amortization of bond premium of \$15.7 million. Undisbursed loan proceeds increased by \$63.7 million in FY2016 due to a bond issuance occurring close to the fiscal year end. Advanced loan payments experienced an \$8.7 million or 11.7% increase from fiscal year 2015.

Operating revenue increased to \$61.0 million or 15.6% in 2016. Administrative and processing fees increased by \$3.9 million or a 120.5% increase in administrative and processing fees revenue from \$3.2 million in 2015 to \$7.0 million in 2016. This increase is mainly a result of an exit fee received by Finance New Mexico of \$3.4 million in FY 2016. During FY 2016, interest on loans increased by \$3.1 million or 6.4% due to increased loan activity. Interest on investments increased by 137.1% as compared to 2015 due to the implementation of GASB 72 and increased return on investments.

**New Mexico Finance Authority**  
**Management's Discussion and Analysis**  
**June 30, 2016 and 2015**

Overall operating costs increased \$17.2 million or 15.8% mainly due to increased debt service interest expense of \$8.0 million associated with additional bonds outstanding. Additionally, refinanced loans with correlating bond premiums increased during FY2016. As a result, loan refinancing pass-through expenses increased by \$12.5 million.

Grant revenue and corresponding activity decreased 11.6% or \$7.4 million as the Authority experienced decreased grant activity within the Colonias and Drinking Water programs. During FY 2016, appropriation revenue decreased by \$4.0 million, representing a decrease of 10.8% from fiscal year 2015. The reduction is a result of reduced metro court and health sciences appropriations. Reversions and transfers increased 319.5% or \$14.6 million as the Authority transferred \$10.5 million to New Mexico Economic Development Department for projects pursuant to Local Economic Development Act. Additionally, the Authority transferred \$5.0 million to New Mexico Economic Development Department of the existing award of \$13.2 million from United States Treasury State Small Business Credit Initiative Program to the Authority's financial statements.

***Long-Term Debt***

The Authority's long-term debt consists of outstanding bond issues related to the various programs administered by the Authority. At the end of fiscal year 2016, the total amount outstanding was \$1.1 billion (excluding the \$1.3 billion in GRIP bonds which are administered by, but are not a direct liability of the Authority). More detailed information about the Authority's long-term debt is presented in Note 7 to the financial statements.

During the fiscal year, the Authority issued \$241.7 million in PPRF bonds, primarily to directly fund loans and to reimburse the PPRF loan fund for loans already made.

***Programs***

The Authority accounts for each of its programs separately, each with its own assets, liabilities, net position, income and expense. The Public Project Revolving Fund (PPRF) is highlighted in the following discussion due to the significance of the program to the Authority's financial statements.

**Public Project Revolving Fund**

The Authority, established in 1992, was designed as a vehicle to administer the PPRF. The mission of the PPRF is to coordinate planning and financing of state and local public projects with borrowers who could not, on their own, access the bond market on a cost-effective basis. Qualified entities, including without limitation counties, municipalities and school districts, are eligible to borrow from the PPRF. Since 1993, the PPRF has made 1,295 loans totaling \$2.75 billion.

**New Mexico Finance Authority**  
**Management's Discussion and Analysis**  
**June 30, 2016 and 2015**

The PPRF makes loans of less than \$5 million from funds on hand. The Authority's cash is replenished at a later date by "packaging" the loans as collateral and selling tax-exempt bonds. Loans larger than \$5 million are funded through simultaneous closings with a reimbursement bond issue, ensuring a precise matching of loan and bond interest rates.

The Authority operates, in many respects, in the same manner as a bank or other lending institution. Infrastructure finance agencies similar to the Authority are often called "bond banks." Financial statements for the PPRF are presented in the following pages in a format similar to that employed by commercial banking organizations.

***Net Interest Income***

As a not-for-profit lender, the Authority attempts to pass on to its borrowers the same rates paid on the bonds issued to provide loaned funds. Therefore, in its planning and management processes, the Authority attempts to achieve a zero net interest income in the PPRF. In fiscal year 2016, the PPRF had net interest loss of \$16.5 million, compared to income of \$300 thousand in 2015. This is a result of market conditions in which the Authority exercised their early call bond provisions and issued new bonds associated with certain loans. Where the saving on refinancing was passed-through to the borrowers. A major part of the resulting loss, of \$16.5 million, is the loan refinancing pass-through expense of \$21.5 million during fiscal year 2016.

***PPRF Indentures***

The PPRF maintains a General Indenture of Trust (Senior Lien) and a Subordinated Indenture of Trust (Subordinate Lien). At the end of Fiscal Year 2016, there were 664 loans totaling \$1.225 billion outstanding; 74% of those loans are subject to the Senior Lien Indenture and 26% of those loans are subject to the Subordinate Lien Indenture. This is an increase of 6.0% from \$1.156 billion in 2015 primarily as a result of increased bond issuances and loan closings to take advantage of historically low interest rates and to match assets with liabilities.

**(In millions)**

As of October 25, 2016, the Senior Lien is rated AAA and the Subordinate Lien is rated AA by Standard & Poor's and as of October 27, 2016, the Senior Lien is rated Aa1 by Moody's and the Subordinate Lien is rated Aa2. In order to maintain these ratings, the PPRF holds reserves and credit enhancements. These include the Common Debt Service Reserve, Contingent Liquidity Account, and pooled borrower debt service reserve. The Common Debt Service Reserve is subject to the General Indenture of Trust for the Senior Lien, borrower reserves are pledged to the individual loans, and the Contingent Liquidity Account is considered to be held outside the General and Subordinated Indentures of Trust.

***Governmental Gross Receipts Tax***

The Governmental Gross Receipts Tax (GGRT) is a tax imposed on the gross receipts of municipalities for services rendered to customers such as water, sewer, and solid waste collection. 75% of GGRT collections are appropriated to the PPRF. The Authority's share of GGRT collections was \$28.1 million in 2016, a \$1.6 million increase from the \$26.5 million received in 2015. The GGRT funds are used:

- ◆ As a credit enhancement for the PPRF bonds. In the event of defaults on loans, GGRT funds can be used to make up for any shortfall in funds available for bond payments.
- ◆ To fund loans to borrowers, especially smaller loans which the Authority may choose to not reimburse in a bond issue.
- ◆ To pay operating expenses of the PPRF.

***Other Programs***

The PPRF accounts for a large portion of total Authority activity. At June 30, 2016, the relationships were as follows:

	<u>PPRF</u>	<u>Total Authority</u>	<u>% PPRF</u>
Total assets	\$1.6 billion	\$1.8 billion	88%
Net position	\$286.3 million	\$505.6 million	57%
Revenues	\$81.7million	\$94.1 million	87%

There are 23 other programs administered by the Authority, some of which are loan programs and some of which are grant programs. These include the Drinking Water Revolving Loan Fund, Colonias Infrastructure Fund, and economic development programs such as New Market Tax Credits.

The Drinking Water Revolving Loan Fund program experienced a decrease in grant revenues and expenses in Fiscal Year 2016. This decrease was due to the slower rate of requisitions on grant subsidies awarded for qualifying drinking water facility projects in New Mexico. The Authority saw an offsetting increase in the Colonias Infrastructure program grant activity in Fiscal Year 2016. This increase reflected the fact that the program saw an increased number of projects being approved during 2016. As a relatively new program created through the Colonias Infrastructure Act taking effect July 1, 2011, the number of approved projects increases as more funding is available.

Since 2010, a for-profit limited liability company operated by the Authority was awarded a total of \$201 million allocation of New Markets Tax Credits by the U.S. Treasury Department. Under this program, the Authority provides federal income tax credits to incentivize businesses to create jobs and otherwise contribute to the economic development of the State. Prior to 2016, the Authority made twelve awards totaling \$151.3 million. During Fiscal Year 2016, the Authority made additional awards of \$7.75 million. The tax credits have no impact on the financial statements of the Authority as they are held by Finance New Mexico, LLC (FNMLLC). The Authority does incur certain expenses to administer the program and fees charged to applicants and recipients of the credits, which are minimal. In Fiscal Year 2016, the Authority received \$3.4 million in an Exit Fee from one of the New Market Tax Credit projects. This income was a one-time event upon the termination of one New Market Tax Credit project. Future exit fees are anticipated.

**1) Nature of Organization**

The New Mexico Finance Authority (the “Authority”), a component unit of the State of New Mexico (the “State”), is a public body politic and corporate, separate and apart from the state constituting a governmental instrumentality, organized and existing pursuant to the New Mexico Finance Authority Act (the “Act”) created by the Laws of 1992 Chapter 61, as amended. The Authority has broad powers to provide financing for an array of infrastructure and economic development projects. The Authority also provides for long-term planning and assessment of state and local capital needs and improves cooperation among the executive and legislative branches of state government and local governments in financing public projects.

The Authority’s governing board is composed of eleven members including the Secretary of the Department of Finance and Administration; the Secretary of Economic Development; the Secretary of Energy, Minerals and Natural Resources; and the Secretary of the Environment Department. The Executive Director of the New Mexico Municipal League and the Executive Director of the New Mexico Association of Counties are ex-officio members of the Authority with voting privileges. The Governor, with the advice and consent of the Senate, appoints to the Authority Board, whose membership must include the Chief Financial Officer of an institution of higher education and four other members who are residents of the State. The appointed members serve at the pleasure of the Governor.

The Authority issues loans to entities pursuant to the rules and regulations governing the Public Projects Revolving Loan Fund Program (PPRF). The PPRF provides low cost financing to local government entities for a variety of infrastructure projects throughout the State. The PPRF Program receives 75 percent of the Governmental Gross Receipts Tax of the State of New Mexico pursuant to section 7-1-6.1 NMSA, 1978, and may issue bonds in amounts deemed necessary to provide sufficient money for the purposes set forth by the New Mexico Finance Authority Act. Bonds are issued under a Master Indenture as well as individual Series Indentures, proceeds and covenants of which are administered through a trust relationship established by contract with a trust company or bank bearing trust powers (Trustee) and the Authority. The Authority may also serve as conduit issuer of revenue bonds for other governmental agencies.

The Authority manages the Drinking Water State Revolving Loan Program (DWRLF) and the Water Trust Board Program (WTB).

The DWSRF provides low cost financing for the construction of and improvements to drinking water facilities throughout New Mexico in order to protect drinking water quality and public health. This program is funded through a federal capitalization grant where the Environmental Protection Agency (EPA) and the State cost share 83.33% and 16.67%, respectively, all approved budget period costs.

The WTB program provides grant and interest free loans to support water projects which support water use efficiency, resource conservation and protection and fair distribution and allocation of water.

Other significant programs administered by the Authority include:

- ◆ The Local Transportation Infrastructure Projects Program provides for grants and low-cost financial assistance for local governments transportation projects which are not eligible for federal funding and funding for which have not been set by the existing Local Government Road Fund.
- ◆ The Economic Development Program provides comprehensive financing tools to stimulate economic development projects statewide.
- ◆ The New Markets Tax Credit Program, whereby the Authority acts as the managing member in FNMLLC, a for-profit limited liability company which receives allocations of federal tax credits under Section 45D of the Internal Revenue Code.
- ◆ The Primary Care Capital Program is a revolving loan program which provides financial assistance to rural primary care health clinics for infrastructure, construction and capital equipment purchases. These loans provide 20 percent annual loan forgiveness if the borrower agrees to a contract-for-services to provide medical care free or at reduced prices to sick and indigent clients.
- ◆ The Water and Wastewater Project Grant Program provides grant funding for water and wastewater system projects authorized by legislation.
- ◆ The Local Government Planning Grant Program provides grants to qualified entities on a per project basis for water and wastewater related studies, long-term water management plans and economic development plans.
- ◆ The State Capital Improvement Financing accounts for the issuance of revenue bonds the proceeds of which were used to finance capital improvements to a state facility located adjacent to the State Capitol.
- ◆ The UNM Health Sciences administers the financing of several capital projects for UNM Health Sciences Center. The Authority issued bonds, secured by authorized distributions of cigarette excise taxes, for the purpose of designing, constructing, equipping and furnishing additions and improvements to the University of New Mexico Hospital and the Cancer Research and Treatment Center.
- ◆ The Colonias Infrastructure Act appropriates to the Authority 5% of the senior lien severance tax bond proceeds for loans and grants to certain communities in southern New Mexico that lack basic infrastructure for water and wastewater, solid waste disposal, flood and drainage control, roads and housing.
- ◆ Through a Memorandum of Understanding entered into with the New Mexico Economic Development Department, the Authority received \$13.2 million of federal State Small Business Credit Initiative funds in 2011 to help increase the flow of capital to small businesses by mitigating bank risk. The Authority uses the funds to

buy loan participations from banks for economic development projects under a program marketed as the Collateral Support Participation.

The Authority is not subject to the supervision or control of any other board, bureau, department or agency of the State, except as specifically provided in the Act. Bonds and other obligations issued by the Authority under the provisions of the Act are not a debt or liability of the State or any subdivision thereof. The New Mexico Finance Authority Oversight Committee was created by the Act and was appointed by the Legislative Council Service to provide legislative oversight.

The financial statements include the accounts of the Authority and its blended component unit, FNMLLC. All intercompany transactions and balances are eliminated. The condensed financial statements of FNMLLC are disclosed in Note 16.

**2) Summary of Significant Accounting Policies**

Accounting Principles

The financial statements of the Authority have been prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental units and funds. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting.

Basis of Presentation

The financial statements of the Authority have been prepared using the economic resources measurement focus and the accrual basis of accounting. All of the Authority's activities, except those in which the Authority acts as an agent, are reported as an enterprise fund. Enterprise funds are used for activities for which a fee is charged to external users for goods and services.

The Authority distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing financial services in connection with on-going operations. Primary operating revenues includes financing income and fees charged to program borrowers. Operating expenses include interest expense, program support, as well as funds granted to others in the form of loan forgiveness and other subsidies to governmental entities.

Nonoperating items consist primarily of governmental gross receipts and other tax distributions reported as appropriations, grant revenue, and transfers-out for excess distributions and reversions of prior year appropriated revenue.

Revenues from grants that are restricted for specific uses are recognized as revenues and as receivables when the related costs are incurred. When restricted resources meet the criteria to be available for use and unrestricted resources are also available, it is the

**Notes to Financial Statements**  
**June 30, 2016 and 2015**

Authority's policy to use restricted resources first. Expenses are recorded when they are incurred. Expenses charged to federal programs are recorded utilizing the cost principles prescribed or permitted by the various funding sources.

Agency Funds

Agency Funds are used to report resources held by the Authority in a purely custodial capacity. These funds result from transactions associated with the Authority acting as fiscal agent for the New Mexico Department of Transportation (the "Department") on several of the Department's bond transactions. The amounts reported as agency funds do not belong to the Authority and are held in separate accounts on the Authority's books in the name of the Department. Accordingly, all assets held and reported in the Agency Funds are offset by a corresponding liability.

Cash, Cash Equivalents and Investments

The Authority considers all highly liquid financial instruments with a maturity of three months or less when purchased to be cash equivalents. Cash and cash equivalents consist of cash on deposit with Wells Fargo Bank and the Bank of Albuquerque which also acts as bond trustee. Certain proceeds of the Authority's bonds, as well as certain resources set aside for their repayment are invested in certain allowable securities.

In fiscal year 2016, NMFA implemented GASB No.72, Fair Value Measurement and Application. Fair value is the amount that would be received on the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The statement provides guidance for determining a fair value measurement for financial reporting purposes. The statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements.

Accounts Receivable

Accounts receivable consists of payments due from governmental entities, administrative fees due from projects, and other receivables arising from the normal course of operations.

Loans Receivable

Loans are carried at amounts advanced, net of collections and reserves for loan losses, if any. Loans that become past due as to principal and interest are evaluated for collectability. Generally, loans are not placed on nonaccrual status because they are insured, guaranteed, or collateralized.

The allowance for loan losses is maintained to cover possible losses inherent in the loan portfolio based on management's evaluation of the loan portfolio, giving consideration to various factors, including collateral value, past loan loss experience, current facts and economic conditions. The allowance is based on management's estimates, and ultimate losses may vary from the current estimates. These estimates are reviewed periodically and any necessary adjustments are reported in income in the period they become known.

**New Mexico Finance Authority**  
**Notes to Financial Statements**  
**June 30, 2016 and 2015**

Intergovernmental Receivables

Intergovernmental receivables consist of amounts due from the State based on legislated appropriation of specified taxes for repayment of certain bonds issued by the Authority on behalf of State entities. The related statute directs the Authority to issue bonds and make proceeds available to specified State entities to fund various projects. The statute appropriates a portion of existing taxes or fees to fund the payment of the related bonds. No allowance has been established, as all such receivables are considered collectable.

Capital Assets

Capital assets are recorded at historical cost and depreciated over their estimated useful lives. Donated capital assets are recorded at their estimated fair value at the date of donation. Additions, improvements and other capital outlays individually exceeding \$5,000 that significantly extend the useful life of an asset are capitalized.

Estimated useful life is management's estimate of how long the asset is expected to meet service demands. Straight-line depreciation is used, based on estimated useful lives ranging from three to seven years.

Deferred Outflows/Inflows of Resources

The statement of net position, where applicable, includes separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent consumption of net position that applies to future periods that will be recognized as an expense in future periods. Deferred inflows of resources represent an acquisition of net position that applies to future periods and will be recognized as revenues in future periods.

Bond Discounts and Premiums

Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount.

Loan Refinancing Pass-Through

Loan refinancing pass-through expenses are bond premiums associated with certain refinanced loans passed through by The Authority to the respective borrowers. The refinanced loans were associated with certain bond premiums which reduced the outstanding principal of the associated loans. The reductions resulted in a loan refinancing pass-through expenses to The Authority. For the fiscal years 2016 and 2015, loan refinancing pass-through expenses were \$21,455,228 and \$8,945,997, respectively.

Compensated Absences

Full-time employees with ten years or less employment with the Authority are entitled to fifteen days' annual vacation leave. Employees with more than ten years' service receive twenty days annual vacation leave. When employees terminate, they are compensated at their current hourly rate for accumulated unpaid vacation leave.

**New Mexico Finance Authority**  
**Notes to Financial Statements**  
**June 30, 2016 and 2015**

Full-time employees are entitled to twelve days of sick leave each fiscal year. When employees terminate, they are compensated at twenty-five (25%) of their current hourly rate of accumulated unpaid sick leave up to 320 hours. Part-time employees accrue vacation leave and sick leave on a prorated basis based on the number of hours they work. Accrued compensated absences are recorded and liquidated in the PPRF operating fund. Historically, the year-end balances are used within one-year thus the compensated absence liability will be recorded as a current liability.

Undisbursed Loan Proceeds

Undisbursed loan proceeds represent loan amounts awaiting disbursement to loan recipients. Funds are not automatically disbursed in their entirety when a loan closes. Proceeds are disbursed as the related project costs are incurred. The accounts, in the majority, represent loans of the PPRF program.

Net Position

The difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources, is referred to as net position. Net position is categorized as net investment in capital assets (net of related debt), restricted and unrestricted, based on the following:

*Net investment in capital assets* is intended to reflect the portion of net position which is associated with capital assets less outstanding capital asset related debt. The net of related debt is the debt less the outstanding liquid assets and any associated unamortized cost. The Authority has no capital asset related debt.

*Restricted net position* has third-party (statutory, bond covenant or granting agency) limitations on their use. When there is an option, the Authority spends restricted resources first.

### Income Taxes

The Authority is a tax-exempt, quasi-governmental organization under Section 115 of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the accompanying financial statements. The Authority is subject to other Internal Revenue Code sections relating to the tax-exempt status of the bonds issued by the Authority.

### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

### Budget

The Authority's budget represents a financial plan, not a legal constraint, therefore, budgetary comparison information is not presented in the financial statements or as required supplementary information.

### Reclassification

Certain comparative amounts in the statement of revenues, expenses and changes in net position have been reclassified to conform with the current year's presentation.

**3) Cash and Cash Equivalents and Investments**

The Authority follows GASB No. 40, *Deposit and Investment Risk Disclosures*. This statement requires the disclosure of applicable interest rate, credit, custodial credit, concentration of credit and foreign currency risks.

Investments conform to the provisions of the Statements of Investment Policies, Objectives and Guidelines dated October 24, 2013. The investment policy applies to all of the Authority's funds; including funds the Authority may manage for others, except for those funds where trust indentures, bond resolutions, or other documents or agreements control the investment of funds. This policy is the Authority's master investment policy and may be amended or supplemented as applied to specific categories of funds by adoption of addenda by the Authority's Board applicable to specific categories of the Authority funds.

Except where prohibited by statute, trust indenture, or other controlling authority, the Authority consolidates cash and reserve balances from all funds to maximize investment earnings and to increase efficiencies with regard to investment pricing, safekeeping, and administration. Investment income is allocated to the various funds based on their respective participation. The primary objectives, in order of priority, of the Authority's investment activity shall be safety, liquidity and yield.

Investments shall be undertaken in a manner that seeks to ensure the preservation and principal in the overall portfolio while mitigating credit risk and interest rate risk.

The Authority has Primary Care Capital Program funds invested in the New Mexico State Treasurer's Office investment pool. State law (Section 8-6-3 NMSA 1978) requires investments of these funds be managed by the New Mexico State Treasurer's Office.

Credit Risk

The Authority minimizes credit risk (the risk of loss due to the failure of securities issuer or backer) by limiting investments, prequalifying financial institutions, broker/dealers, intermediaries and advisors with which the Authority will do business and diversifying the investment portfolio so that the impact of potential losses from any one type of security or from any one individual issuer will be minimized.

The New Mexico State Treasurer pools are not rated.

FNMLLC cash balances are maintained in several accounts in several banks. At times, these balances may exceed the federal insurance limits; however, FNMLLC has not experienced any losses with respect to its bank balances in excess of government provided insurance. Management believes that no significant concentration of credit risk exists with respect to these cash balances at June 30, 2016 and 2015.

**New Mexico Finance Authority**  
**Notes to Financial Statements**  
**June 30, 2016 and 2015**

Interest Rate Risk

The Authority minimizes interest rate risk (the risk that the market value of securities in the portfolio will decline due to changes in market interest rates) by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities in the open market prior to maturity and by investing operating funds primarily in short-term securities limiting the average maturity of the portfolio.

For the Primary Care Capital program funds invested in the New Mexico State Treasurer's Office investment pool, the New Mexico State Treasurer's Office has an investment policy that limits investment maturities to five years or less on allowable investments. This policy is a means of managing exposure to fair value losses arising from increasing interest rates. This policy is reviewed and approved annually by the New Mexico State Board of Finance.

For additional GASB 40 disclosure information regarding cash held by the New Mexico State Treasurer, the reader should refer to the separate audit report for the New Mexico State Treasurer's Office for the fiscal years ended June 30, 2016 and 2015.

State General Fund Investment Pool

The Authority, as required by Section 24-1C-4, NMSA 1978, administers the Primary Care Capital Fund (PCC Fund), which was created as a revolving fund in the State Treasurer's Office (STO). PCC Funds are deposited into the State General Fund Investment Pool (SGFIP), as are funds of state agencies, and as of the end of fiscal year 2016 totaled \$927,896, representing less than 1% of total Authority funds.

It is important to note that all other funds of the Authority, including Public Project Revolving Funds that are subject to the General and Subordinated Indentures of Trust, are held outside of the STO with a Trustee and are secured in accordance with the Authority's Investment Policy.

**Fair Value Measurement**

NMFA's investments measured and reported at fair value are classified according to the following hierarchy:

Level 1—Investments reflect prices quoted in active markets.

Level 2—Investments reflect prices that are based on a similar observable asset either directly or indirectly, which may include inputs in markets that are not considered to be active.

Level 3—Investments reflect prices based upon unobservable sources.

The categorization of investments within the hierarchy is based upon the pricing transparency of the instrument and should not be perceived as the particular investment's risk.

**New Mexico Finance Authority**  
**Notes to Financial Statements**  
**June 30, 2016 and 2015**

Debt, equities, and investment derivatives classified in Level 1 of the fair value hierarchy are valued directly from a predetermined primary external pricing vendor. Assets classified in Level 2 are subject to pricing by an alternative pricing source due to lack of information available by the primary vendor. Assets classified in Level 3, due to lack of an independent pricing source, are valued using an internal fair value as provided by the investment manager.

The PPRF Revenue Refunding Bonds Senior Lien 2016C series, issued in the total par amount of \$67,540,000, refunded the outstanding portions of the PPRF Revenue Bonds Senior Lien 2006D series in the amount of \$45,045,908. The refunding resulted in debt service savings over 15 to 20 years of \$12,603,391 and a Net Present Value (NPV) savings to the State of New Mexico of \$9,337,876 for the State Building Projects.

**New Mexico Finance Authority**  
**Notes to Financial Statements**  
**June 30, 2016 and 2015**

The PPRF Revenue Refunding Bonds Senior Lien 2016A series, issued in the total par amount of \$52,070,000 refunded the outstanding portions of the 2004A Cigarette Tax Bonds and the PPRF Revenue Bonds 2005E series in the amount of \$31,396,723. The refunding resulted in debt service savings over the remaining 10 to 15 years of \$5,505,790, converted for comparison purposes to a NPV savings of \$5,002,352.

The PPRF Refunding Revenue Bonds Subordinate Lien 2015A series, issued in the total par amount of \$63,390,000, refunded the outstanding portions of the PPRF Refunding Revenue Bonds Subordinate Lien 2005C series and PPRF Revenue Bonds Subordinate Lien 2006C series. The PPRF 2005C series bonds were originally issued to fund a loan to the Metro Courts and that loan was refunded simultaneously with the issuance of the 2015A series bonds. The PPRF 2006A series bonds were originally issued to fund a loan to the City of Santa Fe and that loan was refunded simultaneously with the issuance of the 2015A series bonds. The purpose of the refinancing was financial savings for both bonds. The PPRF 2005C series bonds resulted in a reduction in debt service expense for Metro Courts over the remaining life of the loan of \$5,621,486 converted for comparison purposes to a NPV savings of \$4,741,519. The PPRF 2006A series bonds resulted in a reduction in debt service expense for the City of Santa Fe over the remaining life of the loan of \$5,800,337 converted for comparison purposes to a NPV savings of \$4,351,828. Portions of the PPRF 2006A bonds were used to fund other loans. In total, the PPRF 2015A series bonds produced debt service savings over the remaining life of the loan of \$16,591,573 converted for comparison purposes to a NPV savings of \$13,834,690. The NPV rate used was 2.873%, the rate calculated for IRS Arbitrage Yield purposes.

**8) Advanced Loan Payments**

Advanced loan payments represent the amounts received from loan recipients which have not been applied as a payment against their loan as well as debt service reserve accounts funded from the loan proceeds. The Authority applies loan payments semi-annually, therefore, any payments received prior to being applied to the loan are held in an account which earns interest and the interest is credited to the borrower. These funds are held by the trustee and in accounts at the State Treasurer's office. The balance of advanced loan payments was \$83,008,008 and \$74,332,049 at June 30, 2016 and 2015.

**9) Line of Credit**

The Authority maintains a credit facility with Wells Fargo for the PPRF which provides for a borrowing limit of up to \$100,000,000 for the purpose of obtaining necessary funding, on an interim basis, to make loans to qualified entities prior to the issuance, sale and delivery of certain Public Project Revolving Fund Revenue Bonds and to reimburse

**New Mexico Finance Authority**  
**Notes to Financial Statements**  
**June 30, 2016 and 2015**

the Authority for such loans that have been made. The terms of the credit facility require payment in full of any outstanding balance from the proceeds of the next PPRF bond issuance. Interest is due monthly on the outstanding balance, and accrues at 70% of U.S. dollar monthly LIBOR plus 75 basis points. The LIBOR rate at June 30, 2016, was .154. The Authority pays a 15 basis point fee on the unused portion of the facility. For fiscal year ended June 30, 2016, the line of credit has no activity and the balance at year-end was zero. A summary of changes for fiscal year ended June 30, 2015 follows:

**Activity for Fiscal Year 2015**

	Balance June 30, 2014	Increases	Decreases	Balance, June 30, 2015	Due within One Year

**10) Operating Lease Commitment**

The Authority is committed under various lease agreements for office space, a vehicle, and office equipment. These leases are classified as operating leases. Lease expenditures for the years ended June 30, 2016 and 2015, were \$328,004 and \$316,250. Future minimum lease payments are as follows:

Fiscal year ending June 30

2017	\$ 368,896

**11) Retirement Plans**

The Authority's retirement plan was organized under Section 408(k) of the Internal Revenue Code. The retirement plan is not subject to the general claims of the creditors of the Authority. Each eligible employee participating in the plan must contribute 3% of their compensation. The Authority makes a contribution of 15% of their compensation. Employees can make an additional, voluntary contribution of up to 4% of their compensation. The Authority also makes a 50% matching contribution on voluntary contributions. Employee contributions are 100% vested, and the Authority contributions will vest 100% to the employee over five years. The contributions are invested in various

mutual funds selected by the employee. The Authority's contributions for this retirement plan for the year ended June 30, 2016 and 2015 were \$487,766 and \$484,916, respectively. Additionally, employee contributions for the retirement plan for the years ended June 30, 2016 and 2015, respectively, were \$151,004 and \$149,634. Substantially all full-time employees participate in this plan.

The Authority maintains a retirement plan in accordance with an "eligible deferred compensation plan" pursuant to Section 457 of the Internal Revenue Code for its Executive Director. The contributions are made regardless of the number of hours worked or the employment status on the last day of the plan year. Employer contributions are limited by IRS Code Section 457(e)(15)(A). The employee is fully vested at all times. The executive plan was in effect for the years ended June 30, 2016 and 2015.

**12) Compensated Absences**

Balance at June 30, 2015	\$ 285,923

**June 30, 2016 and 2015**

**13) Agency Transactions**

The Authority was authorized in 2003 to issue bonds as agent for the New Mexico Department of Transportation (NMDOT). Approximately \$1.3 billion and \$1.4 billion of such bonds are outstanding at June 30, 2016 and 2015, respectively.

Debt service for the bonds is payable solely from certain revenues of the Department of Transportation. In the opinion of legal counsel, there is no claim that could be asserted against the Authority's assets for payment of debt service on the bonds; therefore, these bonds are not reflected in the Authority's financial statements. The Authority receives a biannual fee from the Department of Transportation equal to its overhead costs for management of the bond issues. The fee is recognized on a cost reimbursement basis.

**14) Contingencies**

Litigation

In the normal course of operations, the Authority is involved in certain litigation and arbitration proceedings involving former employee complaints and subcontractor claims. Management and legal counsel believe the outcomes will not have a materially adverse impact on the financial position of the Authority.

Loan Prepayment and Bond Call Provisions

During the period 2004 to 2008, including PPRF series bonds 2004A through 2008A, loans of less than \$25,000,000 contained provisions allowing for prepayment after one year whereas the related bonds used to fund the loans contained ten-year call provisions. In the event of a loan prepayment prior to the tenth year, the Authority's bond indentures require the substitution of a loan with similar cash flow characteristics or the defeasance of the related bond.

If interest rates at the time of prepayment are lower than the rates on the related bonds, as is currently the case, both loan substitution and defeasance will result in the Authority earning less on the substituted loan or the defeasance escrow than it will pay on the related bond, resulting in a negative cash flow. The Authority has other funding sources available to pay the shortfall, including the proceeds of loan payoff, reserve funds, and operating cash. Management does not believe this condition will have a material adverse impact on the financial statements. The variance in prepayment and call periods was eliminated through a Board resolution in 2008 so that this condition no longer exists after June 2018. The loans containing the shortened call provision total approximately \$97 million and the related bonds total approximately \$316 million as of June 30, 2016. Loans exercising this call provision pre-paid \$61.2 million in principal during FY2016 and \$18.6 million in FY2015. Loans exercising this call provision in the original loan

amount of \$7.4 million reached their maturity date in FY2016 while loans in the original amount of \$22.1 million reached their maturity date in FY2015.

The Authority is exposed to various risks of loss related to torts; theft of, damages to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Authority participates in the State of New Mexico self-insurance program (Risk Management Program). Under this program, the Authority pays an annual premium to the State for the following types of insurance coverage:

- Workers' compensation insurance
- General liability insurance
- Civil rights
- Blanket property insurance
- Boiler and machinery insurance
- Auto physical damage insurance
- Crime insurance

The Authority also carries commercial insurance to cover losses to which it may be exposed related to their leased office space.

During the year, there were no significant reductions in commercial insurance coverage. For the past five years, no insurance settlements exceeded commercial insurance coverage.

**15) Related Party Transactions**

The Authority has issued bonds or purchased securities for several other state entities to finance the construction of certain capital projects. Representatives of two of these entities (the Secretary of the New Mexico Department of Finance and Administration and the Secretary of the New Mexico Department of Energy, Minerals and Natural Resources) are members of the Authority's Board of Directors. Additionally, a representative serving on the Board holds a position as Cabinet Secretary of the NM Environmental Department in which the Authority assists the Department in the administration of the State's Drinking Water federal program.

**16) Finance New Mexico, LLC**

The Authority has invested in and is the managing member of FNMLLC which was formed on June 19, 2006, under the laws of the State of New Mexico. FNMLLC is an

approved Community Development Entity (CDE) that holds New Market Tax Credits (NMTC) allocation authority to be used for investment in Qualified Active Low-Income Community Businesses (QALICB) pursuant to Section 45D of the Internal Revenue Code (IRC).

The principal business objective of FNMLLC is to provide nontraditional investment capital to underserved markets and enhance the return on such investments by providing its members with new market tax credits. In general, under Section 45D of the Internal Revenue Code, a qualified investor in a CDE can receive the tax credits to be used to reduce Federal taxes.

In accordance with the operating agreement of FNMLLC, 99% of profits, losses and cash flows are allocated to the Authority, the managing member, and 1% to New Mexico Community Capital, the nonmanaging member.

In 2015, management reevaluated how to report the Authority's interest in FNMLLC for financial statement purposes. Management evaluated a number of criteria as stated in GASB Statements Number 39 and 61, amendments of GASB Statement Number 14. The basic, but not the only criterion, is FNMLLC's financial accountability to the Authority. Financial accountability is measured through the degree to which the Authority can appoint a voting majority of the governing body, impose its will, ascertain a potential financial benefit, or face a potential financial burden with regard to the potential component unit. Based on the above criterion, it was determined that the FNMLLC is a blended component unit of the Authority. As such, the Authority has consolidated the FNMLLC's financial statement amounts within the Authority's New Market Tax Credit program. The condensed component unit information for FNMLLC and subsidiaries, for the years ended June 30, 2016 and 2015 were as follows:

On October 19, 2016, the Legislature of the State of New Mexico 52<sup>nd</sup> Legislature, 2<sup>nd</sup> Special Session enacted the transfer of \$15,500,000 from PPRF to the New Mexico State General Fund, provided that, except as otherwise provided in the Tax Administration Act, the amount transferred is from the fiscal year 2017 portion of the governmental gross receipts tax distributed to the public project revolving fund pursuant to Section 7-1-6.38 NMSA 1978 and that is not otherwise pledged for payment of obligations of the Authority.

The Authority has evaluated subsequent events through November 14, 2016, the date which the financial statements were available to be issued.

Execution; Limited Obligation. The Bonds will be executed on behalf of the NMFA with the manual or official facsimile signature of an Authorized Officer, countersigned with the manual or official facsimile signature of its Secretary and impressed or imprinted thereon the official seal or facsimile thereof of the NMFA. In case any officer, the facsimile of whose signature appears on the Bonds, ceases to be such officer before the delivery of such Bonds, such facsimile will nevertheless be valid and sufficient for all purposes, the same as if he or she had remained in office until delivery. The Bonds, together with interest thereon, will be limited obligations of the NMFA payable, on a parity with the PPRF Secured Obligations (as to the amounts deposited to the Revenue Fund), the Security Instrument Repayment Obligations and the SWAP Payments solely from the Trust Estate.

The Bonds will be a valid claim of the respective Registered Owners thereof only against the Trust Estate and the NMFA pledges and assigns the same, FIRST, for the equal and ratable payment of the Bonds, the PPRF Secured Obligations (as to amounts deposited to the Revenue Fund), the Security Instrument Repayment Obligations and the SWAP Payments, and, SECOND, for the equal and ratable payment of the Reserve Instrument Repayment Obligations. The Trust Estate will be used for no other purpose than to pay the principal of, premium, if any, and interest on the Bonds, PPRF Secured Obligations as to the amounts deposited to the Revenue Fund, the Security Instrument Repayment Obligations, the SWAP

Payments and the Reserve Instrument Repayment Obligations, except as may be otherwise expressly authorized in the Indenture (including the release of Subordinate Lien PPRF Revenues free and clear of the lien of the Indenture upon satisfaction of the payments then due and payable, as provided in the Indenture and the release of Loans, Additional Pledged Loans and Additional Pledged Revenues as provided in the Indenture). The lien and pledge of the Subordinate Lien PPRF Revenues is subject to the prior lien of the Senior Indenture on the PPRF Revenues in that the PPRF Revenues will first be used to satisfy the requirements of the Senior Indenture and upon the release from the lien of the Senior Indenture the PPRF Revenues will immediately be subject to the lien of the Indenture. The Subordinate Lien PPRF Revenues (including the PPRF Revenues following the release thereof each year from the lien of the Senior Indenture) and the other amounts pledged under the Indenture are not subject to the lien of the Senior Indenture.

The Bonds, the Security Instrument Repayment Obligations and SWAP Payments are special limited obligations of the NMFA payable solely from the Trust Estate and will be a valid claim of the respective Owners thereof only against the Revenue Fund, the Bond Fund, the Debt Service Reserve Fund, the Debt Service Fund, the Agreement Reserve Fund (except as limited by the Indenture), the Supplemental Credit Reserve Fund, and other moneys held by the Trustee under the Indenture (except the Rebate Fund), and the Bonds, the Security Instrument Repayment Obligations and SWAP Payments will not constitute or create a general obligation or other indebtedness of the State or (except as expressly provided in an Agreement or Securities) any Governmental Unit within the meaning of any constitutional or statutory debt limitation. The obligation of the NMFA under the Indenture with respect to the PPRF Secured Obligations is a special limited obligation of the NMFA payable solely from the amounts deposited or to be deposited to the Revenue Fund and will be a valid claim of the respective owners of and fiduciaries for the PPRF Secured Obligations only against the Revenue Fund, and the PPRF Secured Obligations will not constitute nor create a general obligation or other indebtedness of the State or any Governmental Unit within the meaning of any constitutional or statutory debt limitation.

The obligation of the NMFA under the Indenture with respect to the Reserve Instrument Repayment Obligations is a special limited obligation of the NMFA payable solely from the Trust Estate after payment of the Bonds, PPRF Secured Obligations (as to the amounts deposited in the Revenue Fund), Security Instrument Repayment Obligations and SWAP Payments and will be a valid claim of the Reserve Instrument Providers against the Trust Estate and will not constitute or give rise to a general obligation or other indebtedness of the State, the NMFA or any other Governmental Unit within the meaning of any constitutional or statutory debt limitation.

No provision of the Bonds, the PPRF Secured Obligations, the Security Instrument Repayment Obligations, the SWAP Payments or Reserve Instrument Repayment Obligation, will be construed or interpreted as creating a delegation of governmental powers or as a donation by or lending of the credit of the NMFA, the State or any Governmental Unit within the meaning of the Constitution of the State. THE NMFA HAS NO TAXING POWERS. The obligation to pay the Principal of and interest and premium, if any, on the Bonds, the PPRF Secured Obligations, the Security Instrument Repayment Obligations, the SWAP Payments and the Reserve Instrument Repayment Obligations will not constitute or give rise to a pecuniary liability on the part of the members, directors and officers of the NMFA. No breach of any pledge, obligation or agreement of the NMFA will impose a pecuniary liability or a charge upon the general credit or taxing power of the State or any political subdivision of the State.

The provisions of the Indenture relating to the execution of Bonds may be changed as they apply to the Bonds of any Series by the Supplemental Indenture authorizing such Series of Bonds.

Registration and Exchange of Bonds: Persons Treated as Owners. Books for the registration and for the transfer of the Bonds as provided in the Indenture will be kept by the Trustee which is constituted and appointed by the Indenture as the Bond Registrar with respect to the Bonds, provided, however, that the NMFA may by Supplemental Indenture select a party other than the Trustee to act as Bond Registrar with respect to the Series of Bonds issued under said Supplemental Indenture. Upon the occurrence of an Event of Default, which would require any Security Instrument Issuer to make a payment under a Security Instrument Agreement, the Bond Registrar will make such registration books available to the Security Instrument Issuer. Any Bond may, in accordance with its terms, be transferred only upon the registration books kept by the Bond Registrar by the person in whose name it is registered, in person or by his duly authorized attorney, upon surrender of such Bond for cancellation, accompanied by delivery of a written instrument of transfer in a form approved by the Registrar, duly executed. No transfer will be effective until entered on the registration books kept by the Registrar. Upon surrender for transfer of any fully registered Bond at the principal office of the Trustee, duly endorsed for transfer or accompanied by an assignment duly executed by the Registered Owner or his attorney duly authorized in writing and satisfactory to the Trustee, the NMFA will execute and the Trustee will authenticate and deliver in the name of the transferee or transferees a new, fully registered Bond or Bonds for a like aggregate principal amount. Bonds may be exchanged at the principal corporate trust

office of the Trustee for a like aggregate principal amount of Bonds of other authorized denominations of the same Series and the same maturity. The execution by the NMFA of any Bond of any authorized denomination will constitute full and due authorization of such denomination, and the Trustee will thereby be authorized to authenticate and deliver such Bond. The NMFA and the Trustee will not be required to transfer or exchange any Bond of a particular Series (i) during the period from and including any Regular Record Date, to and including the next succeeding Interest Payment Date, (ii) during the period from and including the day fifteen days prior to any Special Record Date, to and including the date of the proposed payment pertaining thereto, (iii) during the period from and including the day fifteen days prior to the mailing of notice calling any Bonds of a particular Series for redemption, to and including the date of such mailing, or (iv) at any time following the mailing of notice calling such Bond for redemption.

The NMFA, the Bond Registrar and the Paying Agent may treat and consider the person in whose name each Bond is registered on the registration books kept by the Registrar as the holder and absolute owner thereof for the purpose of receiving payment of, or on account of, the principal or redemption price thereof and interest due thereon and for all other purposes whatsoever, and neither the NMFA, the Bond Registrar nor the Paying Agent will be affected by any notice to the contrary. Payment of or on account of either principal of or interest on any Bond will be made only to or upon order of the Registered Owner thereof or such person's legal representative, but such registration may be changed as provided in the Indenture. All such payments will be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

In each case the Trustee will require the payment by the Registered Owner requesting exchange or transfer, only of any tax or other governmental charge required to be paid with respect to such exchange or transfer.

Nonpresentment of Bonds. In the event that any Bond is not presented for payment when the principal thereof becomes due at maturity, or otherwise, if funds sufficient to pay any such Bond has been made available to the Trustee for the benefit of the holder or holders thereof, all liability of the NMFA to the holder thereof for the payment of such Bond ceases, determines and is completely discharged, and it is the duty of the Trustee to hold such funds, without liability to the holders of such Bonds for interest thereon, for the benefit of the holder of such Bond who thereafter is restricted exclusively to such funds, for any claim of whatever nature on his part under the Indenture or on, or with respect to, such Bond. Moneys so deposited with the Trustee which remain unclaimed four (4) years after the date payment thereof becomes due will, to the extent authorized by applicable law, at the request of the NMFA and if the NMFA is not at the time to the knowledge of the Trustee in default with respect to any covenant contained in the Indenture and if to the knowledge of the Trustee there has been no Event of Default, be repaid to the NMFA and the Owners of the Bonds for which the deposit was made will thereafter be limited to a claim against the NMFA; provided that the Trustee, before making payment to the NMFA, may cause a notice to be given to the Owners of the Bonds at their registered addresses, stating that the moneys remaining unclaimed will be returned to the NMFA after a specified date. Upon payment of such amounts to the NMFA by the Trustee, the NMFA will deal with such money as required by applicable law. The obligation of the Trustee under the Indenture to pay any such amounts to the NMFA will be subject to any provisions of law applicable to the Trustee providing other requirements for disposition of unclaimed property.

PPRF Secured Obligations. The NMFA may secure PPRF Secured Obligations pursuant to a Supplemental Indenture entered into with the Trustee pursuant to the terms of the Indenture. No bond or other obligations will be considered a PPRF Secured Obligation under the Indenture for any purpose or entitled to any security or benefit under the Indenture, unless specifically identified as such in a Supplemental Indenture. Each PPRF Secured Obligation will contain a provision substantially as follows:

“This Bond is secured by the New Mexico Finance Authority (the “NMFA”) as a PPRF Secured Obligation (as defined in the referenced Indenture) under the Subordinated General Indenture of Trust and Pledge (the “Indenture”) between the NMFA and Bank of Albuquerque N.A. (the “Trustee”), as trustee dated as of March 1, 2005 and as provided in the \_\_\_\_\_ Supplemental Indenture dated as of \_\_\_\_\_, \_\_\_\_\_ (the “Supplemental Indenture”) and is entitled to the benefits and is subject to all of the terms and conditions of the Indenture and Supplemental Indenture (as the same may be amended or modified from time to time). The obligations of the NMFA under the Indenture are special limited obligations payable solely from and to the extent of the sources set forth in the Indenture.”

Prior to the execution by the Trustee of a Supplemental Indenture relating to any PPRF Secured Obligation or Obligations, there will have been filed with the Trustee:

(a) a copy of the Indenture (to the extent not theretofore so filed) and the related Supplemental Indenture;

(b) a copy, certified by an Authorized Officer of the NMFA, of the proceedings of the NMFA approving the execution and delivery of the PPRF Secured Obligations and the related Supplemental Indenture, together with a certificate, dated as of the date of execution of such Supplemental Indenture, of an Authorized Officer of the NMFA that such proceedings are still in force and effect without amendments except as shown in such proceedings; and

(c) a certificate of the NMFA to the effect that the Legislature of the State has, to the extent required by law, approved each Project designated for financing under such Supplemental Indenture.

The paying agent for each PPRF Secured Obligation will use its best efforts to notify the Trustee, at least five business days prior to each Interest Payment Date or principal payment date for the PPRF Secured Obligations, if such paying agent has determined that it will not have sufficient moneys available for the payment of amounts due with respect to the PPRF Secured Obligations.

#### Issuance of Additional Bonds and PPRF Secured Obligations and Additional Senior Bonds.

(a) No additional indebtedness, bonds or notes of the NMFA payable on a priority senior to the pledge of the Trust Estate for the payment of the Bonds, PPRF Secured Obligations, the Security Instrument Agreements and Interest Rate Swaps authorized in the Indenture, may be created or incurred without the prior written consent of 100% of the Owners of the Outstanding Bonds, owners of PPRF Secured Obligations and Security Instrument Issuers and SWAP Counterparties; provided however, that additional Senior Bonds or other indebtedness, bonds or notes of the NMFA payable on a priority senior to the pledge of PPRF Revenues under the Indenture may be issued in accordance with the requirements of the Senior Indenture.

(b) In addition, except for the Initial Bonds, no Additional Bonds, PPRF Secured Obligations, Security Instrument Repayment Obligations and SWAP Payments or other indebtedness, bonds or notes of the NMFA payable on a parity with the Bonds, the PPRF Secured Obligations, Securities Instrument Repayment Obligations and SWAP Payments authorized in the Indenture out of the Trust Estate may be issued, created or incurred, unless the following requirements have been met:

(i) the NMFA delivers to the Trustee a Cash Flow Statement taking into account the issuance of the Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes and taking into account the execution and delivery of any related Security Instrument Agreement and Interest Rate Swap;

(ii) all payments required by the Indenture to be made into the Bond Fund must have been made in full;

(iii) the proceeds of the Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes must be used (x) to refund Bonds issued under the Indenture or other obligations of the NMFA (including the funding of necessary reserves and the payment of costs of issuance), (y) to make Loans or to purchase Securities (including the funding of necessary reserves and the payment of costs of issuance) or (z) to finance other projects approved by the NMFA; and

(iv) no Event of Default has occurred and is continuing under the Indenture. The foregoing provisions of this paragraph (iv) will not preclude the issuance of Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes if (x) the issuance of such Additional Bonds and PPRF Secured Obligations or other indebtedness, bonds or notes otherwise complies with the provisions of the Indenture and (y) such Event of Default will cease to continue upon the issuance of the Additional Bonds, PPRF Secured Obligations or other indebtedness, bonds or notes and the application of the proceeds thereof.

(c) There must be on deposit in each Account of the Debt Service Reserve Fund (taking into account any Reserve Instrument coverage) the full amount required to be accumulated therein at the time of issuance of the Additional Bonds.

The requirements above may be revised or deleted with written evidence from the Rating Agencies to the effect that such revision or deletion will not result in the rating on the Outstanding Bonds and outstanding PPRF Secured Obligations being lowered.

Covenant Against Creating or Permitting Liens. Except for (A) the pledge of the PPRF Revenues pursuant to the Senior Indenture and (B) the pledge of the Trust Estate to secure payment of the Bonds, PPRF Secured Obligations, Security Instrument Repayment Obligations, SWAP Payments, and Reserve Instrument Repayment Obligations under the Indenture, the Trust Estate is and will be free and clear of any pledge, lien, charge, or encumbrance thereon or with respect thereto; provided, however, that (i) nothing contained in the Indenture will prevent the NMFA from issuing, if and to the extent permitted by law, indebtedness having a lien on the Trust Estate subordinated to that of the Bonds, the PPRF Secured Obligations, Security Instrument Repayment Obligations and SWAP Payments and (ii) Subordinate Lien PPRF Revenues not needed for payments under the Indenture in any Bond Fund Year may be released to the NMFA free and clear of the lien of the Indenture as provided in the Indenture.

Limitation on Annual Appropriation Agreements. The Finance Authority may enter into Annual Appropriation Agreements with Governmental Units; provided, however, that in no event shall the aggregate principal amount of all Outstanding Annual Appropriation Agreements at any one time exceed twice the amount of the Supplemental Credit Reserve Requirement for the Bond Fund Year in which the calculation is made.

### **Open Market Purchases of Bonds**

Purchases of Outstanding Bonds on the open market may be made by the NMFA at public or private sale as, when and at such prices as the NMFA may in its discretion determine. Any accrued interest payable upon the purchase of Bonds may be paid from the amount reserved in the Bond Fund for the payment of interest on such Bonds on the next following Interest Payment Date. Any Bonds so purchased will be cancelled by the Trustee and surrendered to the NMFA or destroyed and will not be reissued.

Except to the extent otherwise provided in the Indenture and in the Senior Indenture, the NMFA will not enter into any contract or take any action by which the rights of the Trustee or the Bond Owners, the owners of PPRF Secured Obligations, Security Instrument Issuers, SWAP Counterparties and Reserve Instrument Providers may be impaired and will, from time to time, execute and deliver such further instruments and will take such further action as may be required to carry out the purposes of the Indenture.

The NMFA will execute or cause to be executed any and all further instruments as are reasonably requested by the Trustee for the protection of the interests of the Bond Owners, the owners of PPRF Secured Obligations, Security Instrument Issuers, SWAP Counterparties and Reserve Instrument Providers and will furnish satisfactory evidence to the Trustee that such actions have been taken and will take such other action as is necessary to preserve the lien upon the Trust Estate created by the Indenture until the principal of and interest on the Bonds, the PPRF Secured Obligations, Security Instrument Repayment Obligations, SWAP Payments and Reserve Instrument Repayment Obligations executed and delivered under the Indenture have been paid. The Trustee will execute or join in the execution of any such further or additional instrument and file or join in the filing thereof at such time or times and in such place or places as it may be advised by an opinion of Counsel may be necessary to preserve the lien of the Indenture upon the Trust Estate created by the Indenture or any part thereof until the principal of and interest on the Bonds, the PPRF Secured Obligations, Security Instrument Repayment Obligations, SWAP Payments and Reserve Instrument Repayment Obligations have been paid.

All funds on deposit in a Governmental Unit’s Program Account may be disbursed to fund a capital projects account held by or on behalf of the Governmental Unit, provided that the Governmental Unit establishes an account for such moneys separate from its other funds, and expressly acknowledges and agrees that its use of such moneys is subject to the requirements and restrictions set forth in the Indenture.
- (d) Each Governmental Unit agrees to pay the Rebatable Arbitrage relating to its Accounts in the Program Fund, the Agreement Reserve Fund and the Debt Service Fund.
- (e) At the time of execution and delivery of each Agreement, the related Governmental Unit will execute and deliver a certificate to the effect that the Governmental Unit (i) will not take any action that would cause the interest on the Bonds to become subject to federal income taxation, (ii) will not omit to take or cause to be taken, in timely manner, any action, which omission would cause the interest on the Bonds to become subject to federal income taxation, and (iii) will, to the extent possible, comply with any other requirements of federal tax law applicable to the Agreement in order to preserve the exemption from federal income taxation of the interest on the Bonds.

The provisions of Subsections (b), (d) and (e) above will not apply to Agreements financed with proceeds of Taxable Bonds.

Waiver of Compliance With Program Requirements. With the Approval of Bond Counsel, any of the requirements of the Indenture may be waived or modified by the Trustee and the NMFA

Loan Agreement and Securities — Loan Payments. The Loan Payments will be governed by the following provisions:

- (a) Principal, Program Costs and Interest Components. A portion of each Loan Payment is paid as, and represents payment of, interest on the related Loan (the “Interest Component”) and payment of a Program Cost component relating to each Loan (the “Program Cost Component”) and the balance of each Loan Payment is paid as, and represents payment of, principal (the “Principal Component”) with respect to the related Loan, all as set forth in the related Agreement. Amounts due as the Principal, Program Costs, and Interest Components of Loan Payments due under each Loan Agreement or Securities will be paid on or before each Loan Payment Date. The Interest Component of Loan Payments for each Agreement will be the amount of interest based on a 360-day year comprised of twelve 30-day months, unless otherwise specified in the related Supplemental Indenture or Pledge Notification. The Program Cost Component may be included in the interest rate applicable to a Loan.
- (b) Agreement and Term. The “Term” of an Agreement will be defined in the Agreement.

(c) Agreement Payment. Agreements will provide that the related Governmental Unit will pay Loan Payments to the NMFA for remittance to Trustee. In the case of Securities, the Securities will be registered in the name of the Trustee or properly assigned to the Trustee on the books of any registrar for such Securities or if in bearer form delivered to the NMFA for remittance to and to be held by the Trustee.

(d) Prepayments. Agreements may contain a provision permitting the Governmental Unit to prepay the Principal Component of Loan Payments, in accordance with the provisions of the Agreement subject to any conditions set forth in the related Supplemental Indenture or Agreement. Partial prepayments of the Principal Component of Loan Payments will be made in multiples of the minimum Authorized Denomination.

(e) Use of Reserve at Final Payment. At the time of payment in full under each Loan Agreement or Securities, the applicable Agreement Reserve Account in the Agreement Reserve Fund will be applied toward the final payment of amounts due under the related Agreement.

### **Establishment and Use of Funds**

Establishment of Funds; Accounts Within Funds. There are established with the Trustee the following funds and accounts within funds, each of which will be held, for the term of the Indenture, in Accounts segregated from all other moneys of the Trustee or the NMFA:

- (a) a Program Fund and within such fund a separate Account for each Agreement or Project;
- (b) a Debt Service Fund and within such fund a separate Account for each Agreement;
- (c) a Bond Fund;
- (d) an Agreement Reserve Fund and within such fund, a separate Account for each Agreement which contemplates the establishment of an Agreement Reserve Account;
- (e) an Expense Fund;
- (f) a Rebate Fund and within such fund a separate Account for each Agreement (other than Agreements related to Taxable Bonds);
- (g) a Subordinate Lien PPRF Revenue Fund (in the Indenture the “Revenue Fund”) established as an account of the Public Project Revolving Fund;
- (h) a Debt Service Reserve Fund and within such fund a separate Account for each Series of Bonds for which a Debt Service Reserve Requirement is established;
- (i) a Supplemental Credit Reserve Fund; and
- (i) a Reserve Instrument Fund.

In addition to the foregoing, the NMFA may establish subaccounts within the Program Fund, the Agreement Reserve Fund, the Debt Service Reserve Fund, the Reserve Instrument Fund or the Debt Service Fund.

Program Fund. Except with respect to Reimbursement Bonds, proceeds of which may be deposited directly to the Public Project Revolving Fund, upon the issuance of a Series of Bonds, the Trustee will deposit the amount specified in the related Supplemental Indenture in the Program Fund and except in the case of Uncommitted Proceeds, will allocate such amount to the respective Accounts within the Program Fund as provided in each Agreement, Supplemental Indenture or Pledge Notification. Upon the issuance of a Series of Bonds for which there are Uncommitted Proceeds, the Trustee should deposit such Uncommitted Proceeds in the Program Fund until such time that the Trustee receives a Pledge Notification that identifies the Agreement or Project to which Uncommitted Proceeds are to be allocated and at such time, the Trustee will allocate such Uncommitted Proceeds to the respective Accounts within the Program Fund as provided in each Agreement, Supplemental Indenture or Pledge Notification. Disbursements from each Account within the Program Fund will be made as

provided below and may be made in stages or in a single disbursement for the purpose of funding a Governmental Unit's capital projects account.

Application of Loan Payments. Pursuant to the Loan Agreements and Securities and except as otherwise provided in a Supplemental Indenture, the Loan Payments payable under the Indenture will be paid directly to the NMFA for remittance to the Trustee. Any moneys received by the Trustee directly from a Governmental Unit will be remitted to the NMFA for deposit in the NMFA debt service account or other appropriate account for the Governmental Unit or other borrower from which the Trustee received such moneys.

The Trustee will deposit all Loan Payments from the Loan Agreements and Securities immediately upon receipt thereof from the NMFA, as follows:

First: to the related Account in the Debt Service Fund in an amount required to cause the aggregate amount on deposit therein to equal the amount then required to make the principal and interest payments due or to next become due with respect to the Loan (it being anticipated that each Governmental Unit will deposit an amount at least equal to the Loan Payments falling due under the related Loan Agreement or Securities with the NMFA, which will remit that amount to the Trustee for allocation to the related Account in the Debt Service Fund).

Second: to the related Account, if any, in the Agreement Reserve Fund to the extent necessary to cause the balance in said Account to equal the Agreement Reserve Requirement, if any, of such Account.

Third: in the event the Supplemental Credit Reserve Fund has been used to satisfy amounts due under a Loan Agreement or in relation to certain Securities, then to the extent Loan Payments are received as to that specific Loan Agreement or Securities, to the Supplemental Credit Reserve Fund to the extent necessary to cause the payments to the Supplemental Credit Reserve Fund to equal the amounts withdrawn from the Supplemental Credit Reserve Fund to satisfy amounts due under the Loan Agreement or as to such Securities.

Fourth: to the payment of Program Costs (to the extent allocable to such Agreement).

All income earned from the investment of moneys in the respective Accounts (i) held by the NMFA and (ii) of the Debt Service Fund and the Agreement Reserve Fund (but only to the extent that the amount on deposit therein exceeds the related Agreement Reserve Requirement), will be deposited in the related Account of the Debt Service Fund and applied as a credit to the Loan Payment next coming due under the Agreement, provided, however, that all earnings received on the Governmental Unit's Accounts will be allocated solely to the benefit of such Governmental Unit. The NMFA will notify the Governmental Unit at least fifteen (15) days prior to the due date of its next payment of Loan Payments of the amount of earnings so allocated.

At least once each year, and more frequently if required pursuant to the provisions of a Supplemental Indenture, the Trustee will determine the amount necessary (i) to be transferred to the Bond Fund from each Debt Service Account from payments relating to a Governmental Unit's Agreement, (ii) to replenish the Governmental Unit's Account in the Agreement Reserve Fund and (iii) to pay the Governmental Unit's share of Program Costs for the year, and will return any excess which the Trustee does not expect to be required for such payments to the related Governmental Unit or will credit such excess to the Loan Payments next coming due under the Governmental Unit's Agreement, as provided in the Agreement and subject to the following:

(i) Any excess attributable to earnings on funds and accounts for the Governmental Unit will be returned to the Governmental Unit or will credit such excess to the Loan Payments next coming due under the Governmental Unit's Agreement; and

(ii) Any other excess will be deposited into the Revenue Fund.

Debt Service Fund. When required pursuant to the provisions of a Supplemental Indenture, the Trustee will transfer moneys in the respective Accounts of the Debt Service Fund to the Bond Fund to pay principal of, and premium, if any, and interest on the Bonds, any Security Instrument Repayment Obligations, SWAP Payments (less any SWAP Receipts) and Reserve Instrument Repayment Obligations becoming due, to the extent amounts are on deposit therein for such purpose. When any Bond is called for redemption because a Governmental Unit has made a Prepayment under its Loan Agreement or

Securities, the Trustee will, on the redemption date for such Bond, transfer the amount necessary for such redemption from the related Account in the Debt Service Fund to the Bond Fund.

The Trustee will keep the Debt Service Fund and each Governmental Unit's Account therein separate and apart from all other Funds and Accounts held by it.

In the event that a subaccount of a Governmental Unit's Account within the Debt Service Fund is created for an Additional Pledged Loan, amounts representing principal of and interest on such Additional Pledged Loan will be deposited to the subaccount within the Debt Service Account and will be transferred on each payment date for such Additional Pledged Loan from the Debt Service Fund to the Revenue Fund. Amounts paid under an Additional Pledged Loan for replenishment of a related subaccount of the Agreement Reserve Fund will be deposited therein upon receipt.

Agreement Reserve Fund. The Trustee will deposit the amount, if any, set forth in a Supplemental Indenture or Pledge Notification to the Agreement Reserve Fund and from the source specified in such Supplemental Indenture or Pledge Notification and will allocate such amount to the respective Accounts as provided in each Agreement.

If the amounts on deposit in any Governmental Unit's Account of the Debt Service Fund are insufficient for payments coming due under the related Agreement on the next Loan Payment Date, on the fifth day preceding a Loan Payment Date (or, if such fifth day is not a Business Day, on the Business Day next preceding such fifth day), the Trustee will transfer to such Governmental Unit's Account in the Debt Service Fund from the related Agreement Reserve Account, an amount sufficient, together with amounts in the related Debt Service Account, to pay the Principal Component and the Interest Component due under such Agreement on such Loan Payment Date.

Amounts on deposit in the respective Account of the Agreement Reserve Fund in excess of the related Agreement Reserve Account Requirement will be transferred at least annually to the related Account of the Debt Service Fund and credited against payments next coming due under the related Agreement.

Amounts on deposit in the respective Account of the Agreement Reserve Fund will be applied toward the final payment of amounts falling due under the related Agreement.

As provided in an Agreement, a Governmental Unit may (i) fund an Account in the Agreement Reserve Fund over time from deposits made by or on behalf of the Governmental Unit or (ii) may use any reserve fund surety or similar instruments in lieu of a cash deposit to the Agreement Reserve Fund, as more fully described in the Supplemental Indenture and the Agreement.

The Trustee will keep the Agreement Reserve Fund and each Governmental Unit's Account therein separate and apart from all other Funds and Accounts held by it.

Amounts on deposit in each Agreement Reserve Account, if any, secure only the payments to be made under the related Agreement and may not be applied toward payments under any other Agreement or toward payment of the Bonds, except to the extent that amounts are due and owing under the related Agreement and amounts are not otherwise available for such payments in the related Account of the Debt Service Fund.

In the event that a subaccount of a Governmental Unit's Account within the Agreement Reserve Fund is created for an Additional Pledged Loan, such amounts will be used, in a manner similar to that described above, to secure payment of principal of and interest on such Additional Pledged Loan. In the event that amounts paid by the related Governmental Unit for the payment of principal of and interest on such Additional Pledged Loan are insufficient to make such payments on the fifth day preceding the payment date for such Additional Pledged Loan, amounts on deposit in the related subaccount of the Agreement Reserve Fund will be transferred to the subaccount within the Debt Service Fund and used toward payments on such Additional Pledged Loan on such payment date. Amounts paid under an Additional Pledged Loan for replenishment of the related subaccount of the Agreement Reserve Fund will be deposited therein upon receipt.

Bond Fund. All moneys held by the Trustee in the Bond Fund will be applied in accordance with the Indenture to pay the principal or redemption price of Bonds as they mature or become due, upon surrender thereof, and the interest on Bonds as it becomes due. There will be deposited into the Bond Fund all accrued interest received, if any, at the time of the execution, sale and delivery of the Bonds. There will also be deposited to the Bond Fund from the Debt Service Fund the amounts described in the Indenture and from the Revenue Fund the amounts described in the Indenture. Amounts remaining

on deposit in the Bond Fund at the end of each Bond Fund Year and after payment of all amounts due on the Bonds for such Bond Fund Year will be transferred to the Revenue Fund.

The Trustee will pay out of the Bond Fund to the Security Instrument Issuers and to the SWAP Counterparties, if any, that have issued Security Instruments or Interest Rate Swaps, respectively, with respect to such Series of Bonds, an amount equal to any Security Instrument Repayment Obligations and SWAP Payments (net of SWAP Receipts) as the case may be, then due and payable to such Security Instrument Issuers or SWAP Counterparties, as applicable. Except as otherwise specified in a related Supplemental Indenture, all such Security Instrument Repayment Obligations and SWAP Payments will be paid on a parity with the payments to be made with respect to principal of and interest on the Bonds; provided that amounts paid under a Security Instrument will be applied only to pay the related Series of Bonds. If payment is so made on Pledged Bonds held for the benefit of the Security Instrument Issuer, a corresponding payment on the Security Instrument Repayment Obligation will be deemed to have been made (without requiring an additional payment by the NMFA) and the Trustee will keep its records accordingly.

The NMFA authorizes and directs the Trustee to withdraw sufficient funds from the Bond Fund to pay Debt Service on the Bonds and Security Instrument Repayment Obligations and to pay the SWAP Payments as the same become due and payable and to make said funds so withdrawn available to the Trustee and any Paying Agent for the purpose of paying said Debt Service. In the event that Debt Service on a Series of Bonds is due more frequently than Loan Payments and amounts on deposit in the Bond Fund are insufficient therefor, amounts on deposit in the Revenue Fund will be used to pay Debt Service on such Series of Bonds, and upon receipt of the Loan Payments, the Revenue Fund will be reimbursed for such payments, as directed by the NMFA. Amounts remaining on deposit in the Bond Fund at the end of the Bond Fund Year after the payment of amounts due, as described above for such Bond Fund Year, will be transferred to the Revenue Fund.

The Trustee will deposit to the Bond Fund all moneys transferred from the Debt Service Reserve Fund or from a Reserve Instrument or Instruments then in effect as provided in the Indenture.

Use of Debt Service Reserve Fund. Except as otherwise provided in the Indenture and subject to the immediately following sentence, moneys in each account in the Debt Service Reserve Fund will at all times be maintained in an amount not less than the applicable Debt Service Reserve Requirement, if any. In calculating the amount on deposit in each account in the Debt Service Reserve Fund, the amount of any Reserve Instrument Coverage will be treated as an amount on deposit in such account in the Debt Service Reserve Fund. Each Supplemental Indenture authorizing the issuance of a Series of Bonds will specify the Debt Service Reserve Requirement, if any, applicable to such Series, which amount will either be (i) deposited immediately upon the issuance and delivery of such Series from (a) proceeds from the sale thereof or from any other legally available source, or (b) by a Reserve Instrument or Instruments, or (c) any combination thereof, (ii) deposited from legally available moneys over the period of time specified therein, or (iii) deposited from any combination of (i) and (ii) above; provided however, the foregoing provisions will be subject to the requirements of any Security Instrument Issuer set forth in any Supplemental Indenture. If at any time the amount on deposit in any account of the Debt Service Reserve Fund is less than the minimum amount to be maintained therein under the Indenture, the NMFA is required, pursuant to the Indenture and the provisions of any Supplemental Indenture, to make payments totaling the amount of any such deficiency directly to the Trustee for deposit into the Debt Service Reserve Fund.

In the event of a deficiency in the Bond Fund for a Series of Bonds, the Trustee will transfer moneys on deposit in the related Account of the Debt Service Reserve Fund to the Bond Fund to make up such deficiency.

In the event funds on deposit in an account of the Debt Service Reserve Fund are needed to make up any deficiencies in the Bond Fund as aforementioned, and there is insufficient cash available in such account of the Debt Service Reserve Fund to make up such deficiency and Reserve Instruments applicable to such Series are in effect, the Trustee will immediately make a demand for payment on such Reserve Instruments, to the maximum extent authorized by such Reserve Instruments, in the amount necessary to make up such deficiency, and immediately deposit such payment upon receipt thereof into the Bond Fund. Thereafter, the NMFA will be obligated to reinstate the Reserve Instrument as provided in the Indenture.

No Reserve Instrument will be allowed to expire or terminate while the related Series of Bonds are Outstanding unless and until cash has been deposited into the related account of the Debt Service Reserve Fund, or a new Reserve Instrument has been issued in place of the expiring or terminating Reserve Instrument, or any combination thereof in an amount or to provide coverage, as the case may be, at least equal to the amount required to be maintained in the related account of the Debt Service Reserve Fund.

Moneys at any time on deposit in any Account of the Debt Service Reserve Fund in excess of the amount required to be maintained therein (taking into account the amount of related Reserve Instrument Coverage) will be transferred by the Trustee to the Bond Fund at least once each year.

Moneys on deposit in any Account of the Debt Service Reserve Fund will be used to make up any deficiencies in the Bond Fund only for the Series of Bonds secured by said account and any Reserve Instrument will only be drawn upon with respect to the Series of Bonds for which such Reserve Instrument was obtained.

The NMFA may, upon obtaining approving opinion of bond counsel to the effect that such transaction will not adversely affect the tax-exempt status of any outstanding Bonds, replace any amounts required to be on deposit in the Debt Service Reserve Fund with a Reserve Instrument.

Use of Reserve Instrument Fund. There will be paid into the Reserve Instrument Fund the amounts required by the Indenture and by a Supplemental Indenture to be so paid. The amounts in the Reserve Instrument Fund will, from time to time, be applied by the Trustee on behalf of the NMFA to pay the Reserve Instrument Repayment Obligations which are due and payable to any Reserve Instrument Provider under any applicable Reserve Instrument Agreement.

Supplemental Credit Reserve Fund. The Finance Authority shall determine, as of the end of each Bond Fund Year, the Supplemental Credit Reserve Requirement. The Finance Authority shall deposit the amount, if any, to fund the Supplemental Credit Reserve Fund to the then Supplemental Credit Reserve Requirement within three (3) business days of receipt by the Finance Authority of the disbursement of the Subordinate Lien PPRF Revenues distributed to the Finance Authority by the trustee under the Indenture on June 16, being the day after the end of the applicable Bond Fund Year under the Indenture.

If amounts on deposit in the Supplemental Credit Reserve Fund are greater than the Supplemental Credit Reserve Requirement for a given Bond Fund Year, then no additional deposit shall be made to the Supplemental Credit Reserve Fund for such Bond Fund Year. Any such excess amount may be used during the subsequent Bond Fund Year, at the discretion of the Finance Authority, for the redemption of Bonds prior to maturity by depositing the amount into the Bond Fund or the defeasance of any Bonds. If the Finance Authority does not have sufficient Subordinate Lien PPRF Revenues to fund the Supplemental Credit Reserve Fund to the Supplemental Credit Reserve Requirement, then the Finance Authority shall not be required to fund from any other source any such difference in excess of the then available amount of Subordinate Lien PPRF Revenues.

If the amounts on deposit in any Governmental Unit's Account of the Debt Service Fund or in any repayment account in connection with a Short-Term Borrowing are insufficient for payments coming due under the related Loan Agreement or Securities on the next Loan Payment Date or payments coming due on the next Short-Term Borrowing Payment Date, after applying any applicable Agreement Reserve Account or other source for the payment of Debt Service, on the third day preceding a Loan Payment Date or Short-Term Borrowing Payment Date, as applicable (or, if such third day is not a Business Day, on the Business Day next preceding such third day), the Trustee shall transfer from the Supplemental Credit Reserve Fund, an amount sufficient, together with amounts in the related Debt Service Account, to pay the Principal Component and the Interest Component due under such Loan Agreement or Securities or Short-Term Borrowing on such Loan Payment Date or Short-Term Borrowing Payment Date, as applicable.

Amounts on deposit in the Supplemental Credit Reserve Fund may not be applied toward payment of the Bonds, except to the extent that amounts are due and owing under the Bonds and amounts are not otherwise available for such payments in the Debt Service Fund and the Debt Service Reserve Fund.

If all of the following are true: (i) amounts in the Supplemental Credit Reserve Fund have been disbursed to pay Principal Component or and Interest Component due under a Loan Agreement or in relation to Securities, (ii) at the end of the Bond Fund Year following such disbursement, the amount that was funded into the Supplemental Credit Reserve Fund from Subordinate Lien PPRF Revenues and that was attributable to disbursements that should have been, but were not, restored by a Governmental Unit prior to such Bond Fund Year end (a "SCRF Restorative Funding"), (iii) the relevant Governmental Unit later came into compliance as to certain delinquent payments that had been previously funded from Supplemental Credit Reserve Fund disbursements (a "SCRF Compliance Restoration"), and (iv) the amount in the Supplemental Credit Reserve Fund exceeds the Supplemental Credit Reserve Requirement; then no more frequently than every three months, the Trustee, upon the written request of the Finance Authority (which written request shall also certify

that the foregoing conditions have been satisfied) shall disburse to the Finance Authority the amount by which aggregate SCRF Compliance Restoration amounts exceed the aggregate SCRF Restorative Funding amounts.

If no Bonds remain outstanding (or all Bonds have been defeased), then upon the request of the Finance Authority, any amount remaining in the Supplemental Credit Reserve Fund shall be disbursed by the Trustee to the Finance Authority, and the disbursed amounts may be used by the Finance Authority for any purpose described in the Indenture.

Use of Revenue Fund. Pursuant to the Senior Indenture, the PPRF Revenues which are not used to satisfy obligations of the NMFA under the Indenture or required by the terms thereof to be retained by the trustee under the Indenture, are to be released from the lien and pledge of the Senior Indenture on June 1 of each year (being the last day of each bond fund year under the Indenture) and the NMFA covenants and agrees that such amounts are and will be subject to the lien of the Indenture. During each Bond Fund Year, (i) all PPRF Revenues released from the lien of the Senior Indenture will be paid to the Trustee immediately upon the release thereof on June 1 of each year, (ii) all amounts received as Additional Pledged Revenues will be immediately deposited with the Trustee and (iii) all payments representing principal and interest from Additional Pledged Loans will be paid immediately upon receipt thereof by the NMFA to the Trustee, and all of the same will be accounted for and maintained by the Trustee in the Revenue Fund, which fund will be kept separate and apart from all other accounts of the Trustee and which, prior to transfer of any excess therefrom pursuant to the Indenture, will be expended and used by the Trustee only in the manner and order of priority specified below.

(a) (i) If the amounts on deposit in the Bond Fund are insufficient for payments of principal of and interest on the Bonds due on such date or if a deficiency has occurred in the Bond Fund that has not otherwise been rectified, the Trustee will immediately transfer from the Revenue Fund to the Bond Fund, an amount sufficient, together with amounts transferred from the Debt Service Fund, to pay the principal of and interest on the Bonds due on such date and to rectify any such deficiency then still existing;

(ii) if the Trustee receives notice from the paying agent for any PPRF Secured Obligation that the amounts available for payment of principal and interest with respect to such PPRF Secured Obligation then due on such date will be insufficient or if a deficiency in the payment of any PPRF Secured Obligation has occurred that has not otherwise been rectified, the Trustee will immediately transfer from the Revenue Fund to such paying agent an amount sufficient, together with amounts otherwise available for such purpose, to pay the principal and interest then due with respect to the PPRF Secured Obligations on such date and to rectify any such deficiency then still existing; and

(iii) if the amounts on deposit in the Bond Fund are insufficient for payments then coming due on such date with respect to any Security Instrument Repayment Obligations or SWAP Payments (net of SWAP Receipts) then due pursuant to any Security Instrument Agreements or Interest Rate Swaps or if there has been a deficiency in the payment of any Security Instrument Repayment Obligations or SWAP Payments that has not been rectified, the Trustee will immediately transfer from the Revenue Fund to the Bond Fund, an amount sufficient, together with amounts transferred from the Debt Service Fund, to pay the amounts due on the Security Instrument Repayment Obligations and the SWAP Payments (net of SWAP Receipts) then due on such date and to rectify any such deficiency then still existing.

The transfers required by (i), (ii) and (iii) above are to be made on a parity basis. In the event that the amounts available for transfer pursuant to (i), (ii) and (iii) above are insufficient therefor the Trustee will make such transfers ratably according to the amounts due.

(b) Subject to making the transfers set forth in Subsection (a) above, the NMFA will make the following transfers to the Trustee:

(i) To the extent the Debt Service Reserve Requirement, if any, is not funded with a Reserve Instrument or Instruments, (A) to the Accounts in the Debt Service Reserve Fund any amounts required by the Indenture and by any Supplemental Indenture to accumulate therein the applicable Debt Service Reserve Requirement with respect to each Series of Bonds at the times and in the amounts provided in the Indenture and in any Supplemental Indenture and (B) if funds have been withdrawn from an Account in the Debt Service Reserve Fund or any Account in the Debt Service Reserve Fund is at any time funded in an amount less than the applicable Debt Service Reserve Requirement, the NMFA will transfer from the Revenue Fund in such Account(s) in the Debt Service Reserve Fund in an amount sufficient to restore such

Account(s) within one year with twelve (12) substantially equal payments during such period (unless otherwise provided for by the Supplemental Indenture governing the applicable Debt Service Reserve Requirement); or a ratable portion (based on the amount to be transferred pursuant to the Indenture) of remaining amounts if less than the amount necessary; and

(ii) Equally and ratably to the Accounts of the Reserve Instrument Fund, with respect to all Reserve Instruments which are in effect and are expected to continue in effect after the end of such month, such amount from the Revenue Fund, or a ratable portion (based on the amount to be transferred pursuant to the Indenture) of the amount so remaining if less than the amount necessary, that is required to be paid, on or before the next such transfer or deposit from the Revenue Fund into the Reserve Instrument Fund, to the Reserve Instrument Provider pursuant to any Reserve Instrument Agreement, other than Reserve Instrument Costs, in order to cause the Reserve Instrument Coverage to equal the Reserve Instrument Limit within one year from any draw date under the Reserve Instrument.

(c) In the event that funds are withdrawn from an Account in the Agreement Reserve Fund, or any Account in the Agreement Reserve Fund is at any time funded in an amount less than the applicable Agreement Reserve Requirement, the NMFA will transfer for deposit in such Account(s) in the Agreement Reserve Fund sufficient Subordinate Lien PPRF Revenues, Agreement Revenues, Additional Pledged Revenues and revenues from Additional Pledged Loans in amount to restore such Account(s) within one year with twelve (12) substantially equal payments during such period (unless otherwise provided for by the Supplemental Indenture governing the applicable Agreement Reserve Requirement); or a ratable portion of remaining Subordinate Lien PPRF Revenues, Agreement Revenues, Additional Pledged Revenues and revenues from Additional Pledged Loans if less than the amount necessary.

(d) Subject to making the foregoing transfers to the Bond Fund and to the paying agent for the PPRF Secured Obligations and to the Security Instrument Issuers and to the SWAP Providers and to the Reserve Instrument Providers, on June 16 of each year, the NMFA will be entitled to direct the Trustee in writing to release to the NMFA the balance on deposit in the Revenue Fund and the Trustee will transfer the such amount to the NMFA and the NMFA may use such balance for:

- (i) deposit to the Public Project Revolving Fund as required by the Act;
- (ii) redemption of Bonds prior to maturity by depositing the same into the Bond Fund;
- (iii) refinancing, refunding, repurchase or advance refunding of any Bonds; or
- (iv) for any other lawful purpose, including (A) payment of Program Costs for Bonds issued under the Indenture and similar costs for PPRF Secured Obligations, (B) replacement of reserves for Bonds issued under the Indenture or PPRF Secured Obligations, and (C) payment of Termination Payments;

provided, however, that notwithstanding the foregoing there will be retained in the Revenue Fund an amount, after giving credit for available amounts in all accounts in the Debt Service Reserve Fund and the Agreement Reserve Fund, sufficient to make payments of all Debt Service requirements on all Bonds, all Security Instrument Repayment Obligations, all SWAP Payments and all Reserve Instrument Repayment Obligations coming due in the then current Bond Fund Year; provided further, that once additional moneys are deposited into the Bond Fund to make all of the foregoing payments, the amounts retained in the Revenue Fund may be released from the lien of this Indenture but only to the extent of additional moneys deposited into the Bond Fund. For purposes of calculating the Debt Service on Variable Rate Bonds for purposes of the Indenture, the provisions of clauses (1), (2) and (3) of the definition of "Debt Service" in the Indenture will apply.

(e) The NMFA may, but is not obligated to, use any PPRF Revenues of the NMFA to satisfy its obligations under the Indenture.

Subordinate Lien PPRF Revenues. Additional Pledged Revenues, Revenues from Additional Pledged Loans and Agreement Revenues to be Held for All Bond Owners and Owners of PPRF Secured Obligations. All of the Subordinate Lien PPRF Revenues, Additional Pledged Revenues, revenues from Additional Pledged Loans and the Agreement Revenues will, until applied as provided in the Indenture, be held by the Trustee or the NMFA, as applicable, only for the benefit of the

Owners of Bonds, Owners of PPRF Secured Obligations (as to Subordinate Lien PPRF Revenues only), Security Instrument Issuers, SWAP Counterparties and Reserve Instrument Providers.

Moneys to be Held in Trust. All moneys required to be deposited with or paid to the Trustee or the NMFA for account to any fund referred to in any provision of the Indenture will be held by the Trustee and the NMFA, as the case may be, in trust. Moneys held by the NMFA as servicer of the Agreements and the Additional Pledged Loans until paid to the Trustee will be kept separate and apart from all other accounts of the NMFA, who will hold and administer such moneys as agent for the Trustee and such moneys will at all times be subject to the lien and trust imposed by the Indenture.

Repayment to Governmental Units from Debt Service Fund. Any amounts remaining in any Governmental Unit's Debt Service Account or Agreement Reserve Account after payment in full of the principal of and premium, if any, and interest on the related Agreement, the fees, charges, and expenses of Trustee, all other amounts required to be paid under the Indenture will be paid immediately to the Governmental Unit as an overpayment of Loan Payments.

Trustee under the Indenture. The Trustee under the Indenture and the trustee under the Senior Indenture will at all times be one and the same entity.

### **Investment of Moneys**

Any moneys held (i) as part of a Governmental Unit's Account in any of the Funds established by the Indenture or (ii) by the NMFA as agent for the Trustee, will be invested by the Trustee or the NMFA, as the case may be, in Permitted Investments in accordance with the Indenture. The Trustee or the NMFA will sell and reduce to cash a sufficient amount of such investments whenever the cash balance in the related Debt Service Account is insufficient to pay the principal of and premium, if any, and interest on the related Agreement when due.

Any moneys on deposit in the Revenue Fund, the Expense Fund, the Rebate Fund, the Debt Service Reserve Fund or the Bond Fund will be invested and reinvested by the Trustee at the direction of the NMFA only in Permitted Investments in accordance with the Indenture. Any such investments will be held by or under the control of the Trustee. The Trustee will sell and reduce to cash a sufficient amount of the investments on deposit in the Bond Fund whenever the cash balance in the Bond Fund is insufficient to pay the principal of and premium, if any, and interest on the Bonds when due.

All such investments will at all times be a part of the Account or Fund from where the money used to acquire such investments was deposited and all gains thereon will be credited to, and losses thereon will be charged against, such accounts or funds except as expressly provided to the contrary in the Indenture.

All investments will mature or be subject to repurchase, withdrawal without penalty, or redemption at the option of the owner on or before the dates on which the amounts invested are reasonably expected to be needed for the purposes of the Indenture.

The principal of the investments and the interest, income, and profits received in respect thereof will be applied as follows:

(i) all interest, income, and profits received in respect of the investment of the amounts on deposit in a Governmental Unit's Account in any of the Funds established by Article VI of the Indenture will (after deduction of any losses) be retained in the applicable Governmental Unit's Account from which the investment was derived (except as otherwise required with respect to the Agreement Reserve Fund and deposits to be made to the Rebate Fund);

(ii) all interest, income, and profits received in respect of the investment of the amounts on deposit in the Revenue Fund, the Rebate Fund, the Bond Fund or the Supplemental Credit Reserve Fund shall (after deduction of any losses) be retained in such Fund; and

(iii) whenever any other transfer or payment is required to be made from any particular Fund or Account, such transfer or payment will be made from such combination of maturing principal, redemption, or repurchase prices, liquidation proceeds, and withdrawals of principal as the Trustee deems appropriate for such purpose, after taking into account such factors as future transfers or payments from the Fund or Account in question, the reinvestment opportunities for maturing principal, the current yield on any

permitted investments to be redeemed, withdrawn, or sold, and any penalties, gains, or losses to be realized upon any such redemption, withdrawal, or sale.

Neither the NMFA nor the Trustee will be accountable for any depreciation in the value of the Permitted Investments or any losses incurred upon any authorized disposition thereof.

Method and Frequency of Valuation. In computing the amount in any fund or account, Permitted Investments will be valued at least annually at cost, including commissions and accrued interest but excluding interest accrued following acquisition.

## **Defeasance**

When there has been paid, or provisions for payment have been made to or for the holders and Owners of the Bonds and PPRF Secured Obligations, the principal of and premium, if any, and interest due or to become due on the Bonds and PPRF Secured Obligations at the times and in the manner stipulated therein, and if there has been paid to the Trustee and any paying agents all sums of money due or to become due according to the Indenture, and if the NMFA has paid or has caused to be paid to (i) all Security Instrument Issuers all Security Instrument Repayment Obligations due and payable under all Security Instruments, (ii) all SWAP Counterparties all SWAP Payments due and payable under all Interest Rate Swaps, and (iii) all Reserve Instrument Providers all Reserve Instrument Repayment Obligations due and payable under all Reserve Instrument Agreements, then the estate and rights granted by the Indenture will cease, terminate and be void, whereupon the Trustee will cancel and discharge the lien of the Indenture, and on demand of the NMFA will execute such documents to evidence such release as will be reasonably required by the NMFA and will turn over to the NMFA all balances held by the Trustee under the Indenture (other than amounts required for return to the Governmental Units as provided in the Indenture).

Any Bond will be deemed to be paid for all purposes of the Indenture when (a) payment of the principal of and the applicable premium, if any, on such Bond, whether at maturity or prior redemption plus interest thereon to the due date thereof either (i) has been made or caused to be made in accordance with the terms thereof, or (ii) has been provided by irrevocably depositing with the Trustee or other escrow agent, in trust, and the Trustee or other escrow agent has irrevocably set aside exclusively for such payment, (1) moneys sufficient to make such payment, and/or (2) noncallable Governmental Obligations maturing as to principal and interest in such amount and at such times as will insure the availability of sufficient moneys to make such payment, and (b) all necessary and proper fees, compensation and expenses of the Trustee and any paying agents pertaining to the Bonds with respect to which such deposit is made will have been paid or the payment thereof provided for to the satisfaction of the Trustee. At such time as a Bond is deemed to be paid under the Indenture, as aforesaid, it will no longer be secured by or entitled to the benefits of the Indenture, except for the purposes of any such payment from such moneys or noncallable Governmental Obligations.

All moneys so deposited with the Trustee (or other escrow agent) as provided in the Indenture may at the direction of the NMFA also be invested and reinvested in noncallable Governmental Obligations, maturing in the amounts and at times as set forth in the Indenture, and all income from all noncallable Governmental Obligations in the hands of the Trustee pursuant to the Indenture which is not required for the payment of the Bonds and interest and premium, if any, thereon with respect to which such moneys has been so deposited, will be deposited in the Revenue Fund as and when realized and collected for use and application as are other moneys deposited in that fund.

Notwithstanding anything in the Indenture to the contrary, all moneys or noncallable Governmental Obligations set aside and held in trust pursuant to the provisions of the Indenture for the payment of Bonds (including interest and premium thereon, if any) will be applied to and used solely for the payment of the particular Bonds (including interest and premium thereof, if any) with respect to which such moneys and noncallable Governmental Obligations have been so set aside in trust.

Neither the obligations nor the moneys deposited with the Trustee (or other escrow agent) pursuant to the Indenture will be withdrawn or used for any purpose other than, and will be segregated and held in trust for, the payment of the principal or redemption price of, and interest on, the Bonds or portions thereof.

Whenever moneys or obligations are deposited with the Trustee (or other escrow agent) for the payment or redemption of any Bonds more than sixty (60) days prior to the date that such Bonds are to mature or be redeemed, the Trustee will mail a notice stating that such moneys or obligations have been deposited and identifying the Bonds for the payment of which such moneys or obligations are being held, to all Owners of Bonds for the payment of which such moneys or obligations are being held.

Notwithstanding anything in the Indenture to the contrary, if moneys or Government Obligations have been deposited or set aside with the Trustee pursuant to the Indenture for the payment of Bonds and such Bonds have not in fact been actually paid in full, no amendment to the provisions of the Indenture will be made without the consent of the Registered Owner of each Bond affected thereby.

Notwithstanding anything in the Indenture to the contrary, in the event that the principal and/or interest due on any Series of Bonds is paid by a bond insurer with respect to such Series of Bonds pursuant to a municipal bond insurance policy, the Bonds of such Series will remain Outstanding for all purposes, not be defeased or otherwise satisfied and not be considered paid by the NMFA, and the assignment and pledge of the Trust Estate and all covenants, agreements and other obligations of the NMFA to the Registered Owners and related Security Instrument Issuers of such Series of Bonds will continue to exist and will run to the benefit of such bond insurer, and such bond insurer will be subrogated to the rights of such Registered Owners and related Security Instrument Issuers of such Series of Bonds.

#### **Default Provisions and Remedies of the Trustee and Owners**

Events of Default Defined. Each of the following events is an “Event of Default” under the Indenture:

(a) if payment of any installment of interest on any of the Bonds is not made by or on behalf of the NMFA when the same becomes due and payable; or

(b) if payment of the principal of or the redemption premium, if any, on any of the Bonds is not by or on behalf of the NMFA when the same becomes due and payable, either at maturity or by proceedings for redemption in advance of maturity or through failure to fulfill any payment to any fund under the Indenture or otherwise; or

(c) if the NMFA for any reason is rendered incapable of fulfilling its obligations under the Indenture;  
or

(d) if an order or decree is entered, with the consent or acquiescence of the NMFA, appointing a receiver or custodian for any of the Trust Estate, or approving a petition filed against the NMFA seeking reorganization of the NMFA under the federal bankruptcy laws or any other similar law or statute of the United States of America or any state thereof, or if any such order or decree, having been entered without the consent or acquiescence of the NMFA is not vacated or discharged or stayed on appeal within 30 days after the entry thereof;  
or

(e) if any proceeding is instituted, with the consent or acquiescence of the NMFA, for the purpose of effecting a composition between the NMFA and its creditors or for the purpose of adjusting the claims of such creditors pursuant to any federal or state statute now or enacted after the effective date of the Indenture, if the claims of such creditors are or may be under any circumstances payable from the Trust Estate; or

(f) if (i) the NMFA is adjudged insolvent by a court of competent jurisdiction, or (ii) an order, judgment or decree be entered by any court of competent jurisdiction appointing, without the consent of the NMFA, a receiver, trustee or custodian of the NMFA or of the whole or any part of their property and any of the aforesaid adjudications, orders, judgments or decrees are not vacated or set aside or stayed within 60 days from the date of entry thereof; or

(g) if the NMFA files a petition or answer seeking reorganization, relief or any arrangement under the federal bankruptcy laws or any other applicable law or statute of the United States of America or any state thereof;  
or

(h) if, under the provisions of any other law for the relief or aid of debtors, any court of competent jurisdiction assumes custody or control of the NMFA or of the whole or any substantial part of the property of the NMFA, and such custody or control will not be terminated within 30 days from the date of assumption of such custody or control; or

(i) if the NMFA defaults in the due and punctual performance of any other of the covenants, conditions, agreements and provisions contained in the Bonds or in the Indenture or any Supplemental Indenture

thereto on the part of the NMFA to be performed, other than as set forth in the Indenture, and such Default continues for 30 days after written notice specifying such Event of Default and requiring the same to be remedied has been given to the NMFA by the Trustee, which may give such notice in its discretion and will give such notice at the written request of the Registered Owners of not less than 25% in aggregate principal amount of the Bonds then Outstanding under the Indenture.

Remedies of the Trustee. If an Event of Default has occurred and is continuing, the Trustee in its discretion may, and upon the written request of the Owners of a majority in aggregate principal amount of all Bonds then Outstanding and receipt of indemnity to its satisfaction, will, in its own name:

(a) by mandamus or other action or proceeding or suit at law or in equity enforce the rights of the Owners of the Bonds under the Indenture, including enforcing any rights under the Agreements, Additional Pledged Loans and Security Documents and the provisions of the Indenture for the benefit of the Owners of the Bonds and, as provided in the Indenture, the owners of the PPRF Secured Obligations against the NMFA and any related Governmental Unit, and compel the NMFA and any related Governmental Unit, to perform or carry out its duties under the law and the agreements and covenants required to be performed by it contained in the Indenture or in any Agreement or Additional Pledged Loans (including the appointment of a receiver); or

(b) by suit in equity enjoin any acts or things which are unlawful or violate the rights of the Trustee;  
or

(c) intervene in judicial proceedings that affect the Bonds, the PPRF Secured Obligations, the Agreements, the Additional Pledged Revenues, the Additional Pledged Loans or the security therefor; or

(d) exercise any or all remedies permitted under the Agreements or Security Documents; or

(e) cause the NMFA or any related Governmental Unit to account as if it were the trustee of an express trust for all of the Subordinate Lien PPRF Revenues, Additional Pledged Revenues, Agreement Revenues and revenues attributable to Additional Pledged Loans pledged under the Indenture or pursuant to the Agreements and any Security Documents; or

(f) terminate the provisions of the Indenture providing for NMFA collection, deposit and loan administration functions in connection with Loans and Additional Pledged Loans and cause such payments to be made directly to the Trustee.

Non-Waiver. A waiver of any default or breach of duty or contract by the Trustee or the Owners of the Bonds or PPRF Secured Obligations will not affect any subsequent default or breach of duty or contract or impair any rights or remedies on any subsequent default or breach of duty or contract. No delay or omission by the Trustee or the Owners of the Bonds or PPRF Secured Obligations to exercise any right or remedy accruing upon any default or breach of duty or contract will impair any such right or be construed to be a waiver of any such default or breach of duty or contract or an acquiescence therein, and every right or remedy conferred upon the Trustee or the Owners by law or by the Indenture may be enforced and exercised from time to time and as often as is deemed expedient by the Trustee or the Owners.

If any action, proceeding or suit to enforce any right or to exercise any remedy is abandoned or determined adversely to the Trustee or the Owners, the Trustee, the Owners, the NMFA, and the Governmental Units will be restored to the former positions, rights and remedies as if such action, proceeding or suit had not been brought or taken.

Remedies Not Exclusive. No remedy conferred upon or reserved to the Trustee or the Owners of the Bonds or PPRF Secured Obligations in the Indenture is intended to be exclusive of any other remedy, and each such remedy will be cumulative and will be in addition to every other remedy given under the Indenture or now or hereafter existing in law or in equity or by statute or otherwise and may be extended without exhausting and without regard to any other remedy conferred by any law.

No Liability by the NMFA for Payments of Governmental Units. Other than in its capacity as servicer of Loans and Additional Pledged Loans, the NMFA will not have any obligation or liability to the Trustee or the Owners of the Bonds or PPRF Secured Obligations with respect to the payment when due of the Loan Payments by the Governmental Units, or with respect to the performance by the Governmental Units of the other agreements and covenants required to be performed by

them contained in the Loan Agreements, Additional Pledged Loans and Securities, the related Security Documents, or in the Indenture, or with respect to the performance by the Trustee or any right or obligation required to be performed by them contained in the Indenture.

No Liability by the Governmental Units to the Owners. Except for the payment when due of the Loan Payments and Additional Pledged Loans and the performance of the other agreements and covenants required to be performed by it contained in the Agreements, Additional Pledged Loans and Security Documents, the Governmental Units will not have any obligation or liability to the Owners of Bonds and PPRF Secured Obligations with respect to the Indenture or the preparation, execution, delivery or transfer of the Bonds or the disbursement of the Loan Payments, by the Trustee, or with respect to the performance by the NMFA of any right or obligation required to be performed by it contained in the Indenture or for the performance by any other Governmental Unit of such other Governmental Unit's obligations under an Agreement, Additional Pledged Loans or Security Documents.

Limitation of Owners' Right to Bring Suit. No Owner of any Bond or PPRF Secured Obligations will have any right to institute any proceeding, judicial or otherwise, under or with respect to the Indenture, for the appointment of a receiver or trustee or for any other remedy under the Indenture, at law or in equity, unless;

(a) such Owner has previously given written notice to the Trustee of a continuing Event of Default (in the case of the Bonds) or of the payment default or other default pursuant to the Indenture (in the case of PPRF Secured Obligations);

(b) the Owners of Bonds and PPRF Secured Obligations of not less than a majority of the aggregate principal amount of the Bonds Outstanding and PPRF Secured Obligations then outstanding have made written request to the Trustee to institute proceedings in respect of such Event of Default (in the case of the Bonds) or of the payment default or other default pursuant to the Indenture (in the case of PPRF Secured Obligations) in its own name as Trustee under the Indenture;

(c) such Owner or Owners have offered to the Trustee reasonable indemnity, satisfactory to the Trustee, against the costs, expenses and liabilities to be incurred in compliance with such request; and

(d) the Trustee for 60 days after its receipt of such notice, request and offer of indemnity has failed to institute any such proceeding.

No one or more Owners of Bonds and PPRF Secured Obligations has any right in any manner whatever by virtue of, or by availing of, any provision of the Indenture to affect, disturb or prejudice the lien of the Indenture or the rights of any other Owners or to obtain or to seek to obtain priority or preference over any other Owners or to enforce any right under the Indenture, except in the manner provided in the Indenture and for the equal and ratable benefit of all Bond Owners and Owners of PPRF Secured Obligations. Notwithstanding the foregoing, the Owner of any Bond and the Owners of PPRF Secured Obligations has the right, which is absolute and unconditional, to receive payment of interest on such Bond or PPRF Secured Obligation when due in accordance with the terms thereof and of the Indenture and the principal of such Bond or PPRF Secured Obligation at the stated maturity thereof and to institute suit for the enforcement of any such payment in accordance with the provisions of the Indenture and such rights will not be impaired without the consent of such Owner.

The Owners of a majority in aggregate principal amount of the Bonds and PPRF Secured Obligations outstanding have the right, after furnishing indemnity satisfactory to the Trustee, to direct the method and place of conducting all remedial proceedings by the Trustee under the Indenture, provided that such direction is not in conflict with any rule of law or with the Indenture or unduly prejudice the rights of minority Owners of Bonds or PPRF Secured Obligations.

Application of Funds Upon Default. All moneys received by the Trustee or by any receiver pursuant to any right given or action taken under the provisions of the Indenture or under the provisions of the related Agreements, will, after payment of the reasonable costs and fees of, and the reasonable expenses, liabilities and advances incurred or made by the Trustee, and after giving effect to the parity claim of PPRF Secured Obligations to amounts on deposit in the Revenue Fund, be deposited in the Bond Fund and all moneys so deposited during the continuance of an Event of Default (other than moneys deposited to the Bond Fund for the payment of Bonds which have previously matured or otherwise become payable prior to such Event of Default), together with all moneys in the Funds maintained by the Trustee or the NMFA under the Indenture, and after giving effect to the parity claim of PPRF Secured Obligations to amounts on deposit in the Revenue Fund, will be applied as follows:

(a) To the payment of the Principal of, premium, if any, and interest then due and payable on the bonds as follows:

(i) Unless the principal of all Bonds has become due and payable, all such moneys will be applied:

FIRST: To the payment to the persons or entity entitled thereto of all installments of interest then due on the Bonds, in the order of maturity of the installments of such interest, and, if the amount available is not sufficient to pay in full any particular installment of interest, then to the payment ratably according to the amounts due on such installment, to the persons or entity entitled thereto without any discrimination or privilege;

SECOND: To the payment to the persons or entity entitled thereto of the unpaid principal of any of the Bonds which have become due (other than Bonds called for prepayment for the payment of which moneys are held pursuant to the provisions of the Indenture), with interest on such Bonds at their rate from the respective dates upon which they became due, in the order of their due dates, and, if the amount available is not sufficient to pay in full Bonds due on any particular date, together with such interest, then to the payment ratably, according to the amount of principal and interest due on such date, to the persons or entities entitled thereto without any discrimination or privilege;

THIRD: To be held for the payment to the persons entitled thereto as the same becomes due of the principal of, the premium, if any, and interest on the Bonds which may thereafter become due at maturity and, if the amount available is not sufficient to pay in full Bonds due on any particular date, together with interest then due and owing thereon, payment will be made ratably according to the amount of principal due on such date to the persons entitled thereto without any discrimination or privilege.

(ii) If the principal of all the Bonds has become due all such moneys will be applied to the payment of the principal and interest then due and unpaid upon the Bonds, with the interest on overdue principal, as aforesaid, without preference or priority of principal over interest or of interest over principal or of any installment of interest over any other installment of interest, or of any Bonds over any other certificates, ratably, according to the amounts due respectively for principal and interest, to the persons entitled thereto without any discrimination or privilege.

(b) To the payment of all obligations then due and payable to any Security Instrument Issuers under any applicable Security Instrument Agreement.

Whenever moneys are to be applied pursuant to the provisions of the Indenture, such moneys will be applied at such times, and from time to time, as the Trustee determines, having due regard for the amount of such moneys available for such application in the future. Whenever the Trustee applies such moneys it will fix the date (which will be an Interest Payment Date unless it will deem another date more suitable) upon which date such application is to commence and upon such date interest on the amounts of principal to be paid on such date will cease to accrue. The Trustee will give such notice as it may deem appropriate of the deposit with it of any moneys and of the fixing of any such date and of the Special Record Date in accordance with the Indenture. The Trustee is not required to make payment to the holder of any unpaid Bond until such Bond is presented to the Trustee for appropriate endorsement or for cancellation if fully paid.

Waivers of Events of Default. The Trustee may in its discretion waive any Event of Default under the Indenture and its consequences and will do so upon the written request of the Registered Owners of (a) a majority in aggregate principal amount of all the Bonds then outstanding in respect of which Default in the payment of principal and interest exist, or (b) a majority in aggregate principal amount of the Bonds then Outstanding in the case of any other Event of Default; provided, however, that there will not be waived (i) any Event of Default in the payment of the principal of any Bonds at the date of maturity specified therein, or (ii) any default in the payment when due of the interest on any such Bonds, unless prior to such waiver or rescission, all arrears of interest, with interest (to the extent permitted by law) at the rate borne by the Bonds in respect of which such Event of Default has occurred on overdue installments of interest and all arrears of payments of principal and premium, if any, when due and all expenses of the Trustee, in connection with such Event of Default have been paid or provided for, and in case of any such waiver or rescission, or in case any proceeding taken by the Trustee on account

of any such Event of Default has been discontinued or abandoned or determined adversely, then and in every such case the NMFA, the Trustee, the Security Instrument Issuers and the Registered Owners will be restored to their former positions and rights under the Indenture, respectively, but no such waiver or rescission will extend to any subsequent or other Event of Default, or impair any right consequent thereon.

Defaults Relating to PPRF Secured Obligations. A default with respect to the PPRF Secured Obligations is not (in and of itself) an Event of Default under the Indenture and the Owners of the PPRF Secured Obligations will be limited to their right to payment from Subordinate Lien PPRF Revenues and performance by the NMFA of its covenants and agreements under the Indenture on their behalf. In the event that NMFA fails to make payment on any PPRF Secured Obligation or defaults in the due and punctual performance of any other covenant, condition or provision of the Indenture relating thereto, the Trustee may and upon the written request of the Owners of a majority of the PPRF Secured Obligations (or any fiduciary therefore) and upon receipt of indemnity to its satisfaction, will in its own name exercise any of the rights and remedies provided in the Indenture to the extent applicable to the collection and application of Subordinate Lien PPRF Revenues.

The Owners of PPRF Secured Obligations will be secured by and entitled to a parity claim on all Subordinate Lien PPRF Revenues deposited to or required to be deposited to the Revenue Fund. In the exercise of remedies under the Indenture relating to the collection and application of Subordinate Lien PPRF Revenues, the Trustee will act for the benefit of the Owners of the PPRF Secured Obligations on the same basis as for Owners of Bonds.

## **The Trustee**

Fees, Charges and Expenses of the Trustee. The Trustee will be entitled to payment and reimbursement for reasonable fees for its services rendered under the Indenture and all advances, counsel fees and other expenses reasonably and necessarily made or incurred by the Trustee in connection with such services. The Trustee will be entitled to payment and reimbursement for the reasonable fees and charges of the Trustee as Paying Agent and Registrar for the Bonds as provided in the Indenture. Upon an Event of Default, but only upon an Event of Default, the Trustee will have a right of payment prior to payment on account of interest or principal of, or premium, if any, on any Bond for the foregoing advances, fees, costs and expenses incurred.

Notice to Owners if Event of Default Occurs. Except as otherwise required by the Indenture, the Trustee will give to the Owners of Bonds and PPRF Secured Obligations notice of each default under the Indenture known to the Trustee within ninety days after the occurrence thereof, unless such default has been remedied or cured before the giving of such notice; provided that, except in the case of default in the payment of principal of or premium, if any, or interest on any of the Bonds or PPRF Secured Obligations, the Trustee will be protected in withholding such notice if and so long as the board of directors, the executive committee or a trust committee of directors or responsible officers of the Trustee in good faith determines that the withholding of such notice is in the interest of the Owners. Each such notice of default will be given by the Trustee by mailing written notice thereof to all holders of Bonds and PPRF Secured Obligations then outstanding whose names appear on the list of Owners as provided in the Indenture and, if required by the Trustee, such Owners have offered the Security or indemnity required by the Indenture.

Intervention by the Trustee. In any judicial proceeding to which the NMFA or a Governmental Unit is a party and which, in the opinion of the Trustee and its counsel, has a substantial bearing on the interest of Owners of the Bonds, the Trustee may intervene on behalf of Owners and will do so if requested in writing by the Owners of a majority in the aggregate principal amount of Bonds then outstanding and, if required by the Trustee, such Owners have offered the Security or indemnity required by the Indenture.

Successor Trustee. Any corporation or association into which the Trustee may be converted or merged, or with which it may be consolidated, or to which it may sell or transfer its corporate trust business and assets as a whole or substantially as a whole, or any corporation or association resulting from any such conversion, sale, merger, consolidation or transfer to which it is a party, will be and become successor to the Trustee under the Indenture and vested with all of the title to the Trust Estate and all the trusts, powers, discretions, immunities, privileges and all other matters as was its predecessor, without the execution or filing of any instrument or any further act, deed or conveyance on the part of any of the parties to the Indenture, anything in the Indenture to the contrary notwithstanding.

Resignation by the Trustee. The Trustee and any successor to the Trustee may at any time resign from the trusts created in the Indenture by giving thirty days' written notice by registered or certified mail to the NMFA and to the owner of

each Bond as shown by the list of Owners required by the Indenture to be kept by the Trustee, and such resignation will take effect only upon the appointment of a successor Trustee by the Owners or by the NMFA.

Removal of the Trustee. The Trustee may be removed at any time, by the NMFA (except during the continuance of an Event of Default) by written notice signed by the NMFA or by an instrument or concurrent instruments in writing delivered to the Trustee and to the NMFA and signed by the Owners of a majority in aggregate principal amount of Bonds then outstanding. Any removal will take effect upon the appointment of a successor Trustee.

Appointment of Successor Trustee. In case the Trustee under the Indenture resigns or is removed, or is dissolved, or is in course of dissolution or liquidation, or otherwise become incapable of acting under the Indenture, or in case it is taken under the control of any public officer or officers, or of a receiver appointed by a court, the NMFA covenants and agrees to appoint a successor Trustee. If in a proper case no appointment of a successor Trustee is made by the NMFA pursuant to the Indenture within 45 days after the Trustee gives NMFA written notice of resignation or after a vacancy in the office of the Trustee has occurred by reason of its inability to act or its removal, the Trustee, or any Bondholder may apply to any court of competent jurisdiction to appoint a successor to itself as Trustee. Said court, after such notice, if any, as such court may deem proper, thereupon may appoint a successor Trustee. Every such Trustee appointed pursuant to the Indenture will be a trust company or bank in good standing having a reported capital and surplus of not less than \$50,000,000 if there be such an institution willing, qualified and able to accept the trust upon customary terms.

Concerning Any Successor Trustee. Every successor Trustee appointed under the Indenture will execute, acknowledge and deliver to its predecessor and also to the NMFA an instrument in writing accepting such appointment under the Indenture, and thereupon such successor, without any further act, deed or conveyance, will become fully vested with all the estates, properties, rights, powers, trusts, duties and obligations of its predecessors; but such predecessor will, nevertheless, on the written request of the NMFA, or of its successor, execute and deliver an instrument transferring to such successor all the estates, properties, rights, powers and trusts of such predecessor under the Indenture; and every predecessor Trustee will deliver all securities and moneys held by it as Trustee under the Indenture to its successor. Should any instrument in writing from the NMFA be required by any successor Trustee for more fully and certainly vesting in such successor the estate, rights, powers and duties vested by the Indenture or intended to be vested in the predecessor, any and all such instruments in writing will, on request, be executed, acknowledged and delivered by the NMFA. The resignation of any Trustee and the instrument or instruments removing any Trustee and appointing a successor under the Indenture, together with all other instruments provided for in the Indenture, will be filed or recorded by the successor Trustee in each recording office where the Indenture has been filed or recorded.

### **Supplemental Indentures, Amendments to Agreements, Amendments and Supplements to Senior Indenture**

Supplemental Indentures Not Requiring Consent of Owners. The NMFA and the Trustee may, without consent of, or notice to, any of the Owners enter into an indenture or indentures supplemental to the Indenture for any one or more of the following purposes:

- (a) To provide for the issuance of the Initial Obligations or Additional Bonds and PPRF Secured Obligations in accordance with the Indenture;
- (b) To cure any ambiguity or formal defect or omission in the Indenture;
- (c) To grant to or confer upon the Trustee for the benefit of the Owners any additional rights, remedies, powers or authority that may lawfully be granted to or conferred upon the Owners or the Trustee;
- (d) To subject to the Indenture additional revenues, properties or collateral;
- (e) To evidence the appointment of a separate Trustee or paying agent or the succession of a new Trustee or paying agent under the Indenture;
- (f) To make any other change which in the judgment of the Trustee is not materially adverse to the interests of the Trustee or any of the Owners;

(g) To make any amendments with the prior written confirmation from the Rating Agencies that such amendments will not result in the rating on the Bonds and PPRF Secured or any Governmental Unit or to grant additional powers or rights to the Trustee;

(h) To add additional covenants of the NMFA or any Governmental Unit or to surrender any right or power conferred in the Indenture upon the NMFA or any Governmental Unit or to grant additional powers or rights to the Trustee.

Supplemental Indentures Requiring Consent of Owners. Exclusive of supplemental indentures covered by the Indenture and subject to the terms and provisions contained in the Indenture, and not otherwise, the Owners of not less than a majority in aggregate principal amount of the Bonds and PPRF Secured Obligations then outstanding have the right, from time to time, anything contained in the Indenture to the contrary notwithstanding, to consent to and approve the execution by the NMFA and the Trustee of such other indenture or indentures supplemental to the Indenture as is deemed necessary and desirable by the NMFA for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in the Indenture or in any supplemental indenture; provided, however, that nothing in the Indenture permits, or is construed as permitting, (i) an extension of the maturity of the principal of, or the interest on, any Bond issued under the Indenture, or (ii) a reduction in the principal amount of, or redemption premium on, any Bond or the rate of interest thereon, or (iii) a privilege or priority of any Bond or Bonds or PPRF Secured Obligations over any other Bond or Bonds or PPRF Secured Obligations, or (iv) a reduction in the aggregate principal amount of the Bonds or PPRF Secured Obligations required for consent to such supplemental indentures, or (v) permit the creation of any lien ranking prior to the lien of the Indenture on the Trust Estate or any part thereof, or (vi) deprive the Owner of any Bond then outstanding of the lien created by the Indenture on the Trust Estate without the prior consent of 100% of the holders of the Bonds and PPRF Secured Obligations affected by such supplemental indenture. The Trustee may, but is not obligated to, enter into any such supplemental indenture which adversely affects the Trustee's rights, duties or immunities under the Indenture or the Agreements.

Amendment of Agreements and Security Documents. The NMFA has the right to amend an Agreement, Additional Pledged Loan documents and any existing Security Documents with the consent of the Trustee and the related Governmental Unit without Bond Owners' consent, for one or more of the following purposes:

(i) to add additional covenants of the NMFA or the related Governmental Unit, as applicable, or to surrender any right or power conferred in the Indenture upon the NMFA or the related Governmental Unit;

(ii) to make any amendments with the prior written confirmation from the Rating Agencies that such amendment will not result in the rating on the Bonds and PPRF Secured Obligations following such amendment being lower than the rating on the Bonds and PPRF Secured Obligations immediately prior to such amendment;

(iii) for any purpose not inconsistent with the terms of the Indenture or to cure any ambiguity or to correct or supplement any provision contained therein or in any amendment thereto which may be defective or inconsistent with any other provision contained therein or in the Indenture or in any amendment thereto or in any Supplemental Indenture, or to make such other provisions in regard to matters or questions arising under any Agreement, or Security Documents which in the judgment of the Trustee do not adversely affect the interests of the Owners of Bonds or owners of any PPRF Secured Obligations; or

(iv) to make any other change or amendment upon delivery to the Trustee of a Cash Flow Statement and an Approval of Bond Counsel.

If the NMFA or a Governmental Unit proposes to amend an Agreement or related Security Documents in a manner not contemplated by (a) above the Trustee will notify the Owners of the Bonds of the proposed amendment and may consent thereto with the consent of the Owners of at least a majority in aggregate principal amount of the Bonds then Outstanding.

Amendments and Supplements to Senior Indenture. The NMFA will be permitted to amend and supplement the provisions of the Senior Indenture as provided therein including amendments and supplements permitting the issuance of additional Senior Bonds under the Indenture, provided that without the prior written consent of the Owners of not less than a majority in aggregate principal amount of the Bonds then outstanding under the Indenture and the owners of PPRF Secured

Obligations, the NMFA and the Trustee will not amend or supplement the Senior Indenture to change the time for release of the PPRF Revenues from the lien of the Senior Indenture or to preclude such release as contemplated under the Indenture.

### **Miscellaneous**

Consents, etc. of Owners. Any consent, request, direction, approval, objection or other instrument required by the Indenture to be signed and executed by the Owners may be in any number of concurrent documents and may be executed by such Owners in person or by agent appointed in writing. Proof of the execution of any such consent, request, direction, approval, objection or other instrument or of the writing appointing any such agent and of the ownership of Bonds, if made in the following manner, will be sufficient for any of the purposes of the Indenture, and will be conclusive in favor of the Trustee with regard to any action taken by it under such request or other instrument, namely:

(a) The fact and date of the execution by any person of any such writing may be proved by the certificate of any officer in any jurisdiction who by law has power to take acknowledgments within such jurisdiction that the person signing such writing acknowledged before him the execution thereof, or by an affidavit of any witness to such execution.

(b) The fact of ownership of Bonds and the amount or amounts, numbers and other identification of such Bonds, and the date of holding the same, will be proved by the registration books of the Trustee maintained by the Trustee pursuant to the Indenture.

#### Generally

The State, admitted as the forty-seventh state on January 6, 1912, is the fifth largest state, containing approximately 121,593 square miles. The estimated 2015 population of the State was 2,085,109. The State has a semiarid subtropical climate with light precipitation. Its climate is characterized by sunshine and bright skies in both winter and summer. Every part of the State receives no less than 70 percent sunshine year-round. Humidity ranges from 60 percent (mornings) to 30 percent (afternoons). Thunderstorms in July and August bring most of the moisture. December to March snowfalls vary from 2 inches (lower Rio Grande Valley) to 300 inches (north central mountains).

#### Governmental Organization

The Executive Branch of State government consists of a Governor, Lieutenant Governor, Secretary of State, State Auditor, State Treasurer, Attorney General, and Commissioner of Public Lands. These officials are elected to four-year terms beginning January 1 after their election. An elected Executive Branch officer may succeed himself or herself in office once. The primary functions of the Executive Branch are currently carried out by the offices of each elected Executive Branch officeholder, in addition to approximately 22 cabinet departments, each headed by a cabinet secretary appointed by the Governor with the advice and consent of the Senate, and approximately 9 cabinet-level agencies. Elections for all executive branch statewide offices were held on November 4, 2014.

The State Board of Finance (“State Board”) has seven voting members consisting of the Governor, the Lieutenant Governor, the State Treasurer, and four members appointed by the Governor with the advice and consent of the Senate. No more than two appointed members may be from the same political party. The Department of Finance and Administration (the “DFA”) Secretary serves as the Executive Officer of the State Board and is a non-voting member. The State Board, in addition to other powers and duties provided by law, has general supervisory authority over the fiscal affairs of the State and over the safekeeping and depositing of all money and securities belonging to, or in the custody of, the State. The Governor serves as the President of the State Board.

The DFA is the principal financial organization of State government and performs through its divisions the duties and functions relating to State and local government financing and general administration. The executive and administrative head of the DFA is the Secretary, who is appointed by the Governor with the advice and consent of the Senate. The State Board’s staff are a division of the DFA. The Director of the State Board is appointed by the Secretary with the approval of the members of the State Board.

The Legislature consists of 112 members and is divided into a Senate and a House of Representatives. Senators are elected for four-year terms and members of the House are elected for two-year terms. The Legislature convenes in regular session annually on the third Tuesday in January. Regular sessions are constitutionally limited in length to 60 calendar days in odd-numbered years and 30 calendar days in even-numbered years. Special sessions of the Legislature may be convened by the Governor. Extraordinary sessions may be convened by the Legislature under certain limited circumstances.

Legislators do not receive any salary, but do receive per diem and mileage allowances while in session or performing official State business.

The judicial branch is composed of a statewide system including Magistrate and District Courts, the Court of Appeals and the Supreme Court. The District Courts are the trial courts of record with general jurisdiction.

### FORM OF OPINION OF BOND COUNSEL

[Form of opinion of Gilmore & Bell, P.C.]

November 30, 2017

New Mexico Finance Authority  
Santa Fe, New Mexico

Re: \$19,315,000 New Mexico Finance Authority Subordinate Lien Public Project Revolving Fund Revenue Bonds, Taxable Series 2017F

We have acted as bond counsel to the New Mexico Finance Authority (the "Finance Authority") in connection with the issuance of its Subordinate Lien Public Project Revolving Fund Revenue Bonds, Taxable Series 2017F in the aggregate principal amount of \$19,315,000 (the "Series 2017F Bonds"). The Series 2017F Bonds are being issued for the purpose of providing funds to (i) originate loans to or purchase securities from, or reimburse the Finance Authority for monies used to originate loans to or purchase securities from certain governmental units within the State of New Mexico (each a "Governmental Unit"), which loans or securities are used to finance or refinance a public project for the use and benefit of the respective Governmental Unit; and (ii) pay costs of issuance associated with the Series 2017F Bonds.

The Finance Authority is a public body politic and corporate created by and existing under the New Mexico Finance Authority Act, Sections 6-21-1 et. seq., NMSA 1978, as amended and supplemented (the "Act"). The Series 2017F Bonds are authorized under and secured by a Subordinated General Indenture of Trust and Pledge dated as of March 1, 2005, as heretofore amended and supplemented (the "General Indenture"), and as further supplemented by a Sixteenth Supplemental Indenture of Trust dated as of November 1, 2017 (the "Sixteenth Supplemental Indenture," and collectively with the General Indenture, the "Indenture") between the Finance Authority and BOKF, NA, as successor trustee (the "Trustee"). Capitalized terms not otherwise defined herein shall have the meanings set forth in the Indenture.

We have reviewed the Indenture, an opinion of the general counsel to the Finance Authority, certificates of the Finance Authority, the Trustee, and others, and such other documents, opinions and matters to the extent we deemed necessary to render the opinions set forth herein. As to the questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications furnished to us without undertaking to verify the same by independent investigation. Our examination has been limited to the foregoing as they exist or are in effect as of the date hereof. Our opinion is limited to the matters expressly set forth herein, and we express no opinion concerning any other matters.

Based on our examination and the foregoing, we are of the opinion, as of the date hereof and under existing law as follows:

1. The Finance Authority is a public body politic and corporate duly organized and validly existing under the laws of the State of New Mexico and has lawful authority to issue the Series 2017F Bonds.

2. The Indenture has been duly executed and delivered by, and is a valid and binding obligation of, the Finance Authority. The Indenture creates a valid pledge of the Trust Estate pledged under the Indenture to secure the payment of the principal of and interest on the Series 2017F Bonds, subject to the provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth in the Indenture.

3. The Series 2017F Bonds constitute special limited obligations of the Finance Authority, payable solely from the Trust Estate and do not constitute a general obligation or other indebtedness of the State of New Mexico or any Governmental Unit within the meaning of any constitutional or statutory debt limitation.

4. The interest on the Series 2017F Bonds is included in gross income for federal income tax purposes, in accordance with an owner's normal method of accounting.

5. The interest on the Series 2017F Bonds is exempt from income taxation by the State of New Mexico.

In rendering our opinion, we wish to advise you that:

(a) the rights of the holders of the Series 2017F Bonds and the enforceability thereof and of the documents identified in this opinion may be subject to bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium, and other laws relating to or affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable, and their enforcement may also be subject to the application of equitable principles and the exercise of judicial discretion in appropriate cases;

(b) we express no opinion herein as to the accuracy, adequacy, or completeness of the Official Statement or any other offering material relating to the Series 2017F Bonds; and

(c) except as set forth above, we express no opinion regarding any other tax consequences relating to the ownership or disposition of, or the accrual or receipt of interest on, the Series 2017F Bonds.

Respectfully submitted,

## APPENDIX E

### BOOK-ENTRY ONLY SYSTEM

*The information in this section concerning DTC and DTC's book-entry only system has been obtained from sources that the Finance Authority and the Municipal Advisor believe to be reliable, but the Finance Authority and the Municipal Advisor take no responsibility for the completeness or accuracy thereof. The following description of the procedures and record keeping with respect to beneficial ownership interests in the Series 2017F Bonds, payment of principal, premium, if any, interest on the Series 2017F Bonds to DTC Participants or Beneficial Owners, confirmation and transfers of beneficial ownership interests in the Series 2017F Bonds and other related transactions by and between DTC, the DTC Participants and the Beneficial Owners is based solely on information provided by DTC.*

The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the Series 2017F Bonds. The Series 2017F Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Series 2017F Bond certificate will be issued for each maturity of the Series 2017F Bonds, each in the aggregate principal amount of such issue, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of section 17A of the Exchange Act. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com).

Purchases of Series 2017F Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2017F Bonds on DTC's records. The ownership interest of each actual purchaser of each Series 2017F Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2017F Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Series 2017F Bonds, except in the event that use of the book-entry system for the Series 2017F Bonds is discontinued.

To facilitate subsequent transfers, all Series 2017F Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2017F Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2017F Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2017F Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices will be sent to DTC. If less than all of the Series 2017F Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Series 2017F Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Finance Authority as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2017F Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions and dividend payments on the Series 2017F Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Finance Authority or the Trustee, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC or its nominee, the Trustee or the Finance Authority, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Finance Authority or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Series 2017F Bonds at any time by giving reasonable notice to the Finance Authority or the Trustee. Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered.

The Finance Authority may decide to discontinue use of the system of book-entry only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

When reference is made to any action which is required or permitted to be taken by the Beneficial Owners, such reference only relates to those permitted to act by statute, regulation or otherwise on behalf of such Beneficial Owners for such purposes. When notices are given, they are to be sent to DTC, and the Finance Authority does not have responsibility for distributing such notices to the Beneficial Owners.

The Finance Authority does not have any responsibility or obligation to the DTC Participants or the Beneficial Owners with respect to (a) the accuracy of any records maintained by DTC or any DTC Participant; (b) the payment by DTC or any DTC Participant of any amount due to any Beneficial Owner in respect of the principal of and premium, if any, and interest on the Series 2017F Bonds; (c) the selection of the Beneficial Owners to receive payment in the event of any partial redemption of the Series 2017F Bonds; (d) any consent given or other action taken by DTC, or its nominee, Cede & Co., as Bond Owner; or (e) the distribution by DTC to DTC Participants or Beneficial Owners of any notices received by DTC as registered owner of the Series 2017F Bonds.

<sup>(1)</sup> The Finance Authority may substitute other Loans and/or Governmental Units for those listed herein.

<sup>(2)</sup> The Finance Authority has adopted a policy which does not require an Agreement Reserve Account for certain types of Loans including: (i) Loans less than \$250,000; (ii) Loans secured by taxing power where the borrower is required by law to adjust the property tax levy sufficient to meet principal and interest on the debt; (iii) Loans secured by a revenue with an underlying credit rating of at least "A/A2"; (iv) Loans enhanced by a surety policy; or (v) Loans secured by a pledge of the fire protection or state law enforcement funds that produce a debt service coverage ratio of two times, and Loans secured by a general obligation pledge of the respective Governmental Unit. None of the Loans listed has an Agreement Reserve Account because they all either fall into one of the aforementioned categories or a waiver to the applicable policy has been obtained.

#### Largest Repayment Obligations

Information regarding the Outstanding Agreements representing the five largest repayment obligations and their obligors is provided below.

City of Santa Fe—Convention and Civic Center Loan. The Finance Authority has previously entered into a loan agreement in the amount of \$33,790,000 with the City of Santa Fe (the "Santa Fe Agreement") secured by a pledge to the Finance Authority of the City of Santa Fe's Lodgers' Tax. Proceeds from the Santa Fe Agreement were used to finance the construction of a new Convention and Civic Center in the City of Santa Fe. As of the delivery of the Series 2017F Bonds, the Santa Fe Agreement had an outstanding aggregate principal amount of \$32,105,000, with a final scheduled maturity on June 15, 2035.

Jicarilla Apache Nation—Refunding Loan. The Finance Authority has previously entered into a loan agreement in the amount of \$29,355,000 with the Jicarilla Apache Nation (the "Jicarilla Apache Nation Agreement") secured by a pledge to the Finance Authority of all revenues available to the Jicarilla Apache Nation, a portion of which consists of investment and oil and gas revenues. Proceeds from the Jicarilla Apache Nation Agreement are being used to refinance certain outstanding obligations of the Jicarilla Apache Nation. As of the delivery of the Series 2017F Bonds, the Jicarilla Apache

Nation Agreement had an outstanding aggregate principal amount of \$25,440,000, with a final scheduled maturity on May 1, 2027.

Bernalillo County—Metropolitan Court Bonds. The Finance Authority has entered into various obligations with the Bernalillo County Metropolitan Court (the “Metro Court Bonds”) in which certain court facilities revenues as described below are used to secure the debt obligations. The proceeds of the Metro Court Bonds provided funds for the refunding of bonds issued by the Finance Authority to finance the design, construction, furnishing and equipping of a new court building for the Bernalillo County Metropolitan Court.

The Metro Court Bonds are payable solely from the Pledged Court Facilities Revenues, which consist of a portion of certain court fees and penalty assessments deposited to the Court Facilities Fund and distributed monthly by the State Treasurer, at the direction of the Director of the Administrative Office of the Courts, to the Finance Authority and certain parking fees, rents and other charges collected by the Bernalillo County Metropolitan Court from tenants and users of the Parking Facility Project after deduction of certain related costs. Certain funds and accounts created and maintained by the Finance Authority pursuant to the resolution authorizing the issuance of the Metro Court Bonds are also pledged to secure repayment of the Metro Court Bonds, including the Metropolitan Court Bond Guarantee Fund (the “Guarantee Fund”). The Guarantee Fund was funded in an amount of approximately \$5.9 million. Due to declining fees and penalties collected by the Bernalillo County Metropolitan Court over several years, there were insufficient Pledged Court Facilities Revenues to pay the full amount of the Metro Court Bonds’ June 2017 payment, and the Finance Authority made a draw of \$167,191 on the Guarantee Fund. Currently, it is projected that the Pledged Court Facilities Revenues will not increase to an amount that will be sufficient to make full payment of the Metro Court Bonds, and the Finance Authority anticipates that it will need to make draws on the Guarantee Fund in future fiscal years. As of the delivery of the Series 2017F Bonds, these obligations had an outstanding principal amount of \$25,325,000, with a final scheduled maturity of May 1, 2025.

Santa Ana Pueblo — Wastewater Treatment Facility Expansion and Refunding Loan. The Finance Authority has previously entered into a loan agreement with Santa Ana Pueblo (the “Santa Ana Pueblo Agreement”) secured by a pledge to the Finance Authority of gross system revenues and certain local tax revenues. Proceeds from the Santa Ana Pueblo Agreement were used to finance an expansion to the Santa Ana Pueblo wastewater treatment facility and refinance an existing loan. As of the delivery of the Series 2017F Bonds, the Santa Ana Pueblo Agreement had an outstanding aggregate principal amount of \$24,880,000, with a final scheduled maturity on May 1, 2033.

Eastern New Mexico University — Residence Hall Construction and General Improvement Loan. The Finance Authority has previously entered into a loan agreement in the amount of \$28,050,000 with Eastern New Mexico University (the “ENMU Agreement”) secured by a pledge to the Finance Authority of ENMU gross system revenues. Proceeds from the ENMU Agreement were used to finance a new residence hall and make general improvements to the campus. As of the delivery of the Series 2017F Bonds, the ENMU Agreement had an outstanding aggregate principal amount of \$24,190,000, with a final scheduled maturity on May 1, 2033.
