A Supplemental Report will be submitted once the data for these tables is finalized.

FAILURE TO PROVIDE FINANCIAL STATEMENTS**

NOTICE TO THE MUNICIPAL SECURITIES RULEMAKING BOARD
OF FAILURE TO FILE A COMPLETE ANNUAL REPORT
DUE TO ABSENCE OF FINANCIAL STATEMENTS

Name of Issuer: CALIFORNIA HEALTH FACILITIES FINANCING
AUTHORITY

Name of Bond Issue: The name of each bond issue is listed on the attached Exhibit
1 (collectively, the “Bonds”)

Date of Issuance: The dated date of each bond issue is listed on the attached
Exhibit 1.

NOTICE IS HEREBY GIVEN that the Treasurer of the State of California (“State Treasurer”) has not filed with the Municipal Securities Rulemaking Board (“MSRB”) a complete Annual Report with respect to the Bonds as required by the Continuing Disclosure Certificates (“Disclosure Certificates”) identified on the attached Exhibit 1. The State Treasurer is required by such Disclosure Certificates to file an Annual Report no later than April 1 of each year and include in such Annual Report either (1) audited financial statements if available, or, (2) if audited financial statements are not available at the time the Annual Report is required to be filed, unaudited financial statements.

At the time of this filing, the State Controller expects the State’s Annual Comprehensive Financial Report for the Fiscal Year Ended June 30, 2021 (the “2021 Annual Comprehensive Financial Report”) to be delayed well beyond March 31, 2022. When the 2021 Annual Comprehensive Financial Report is released, it will be available on the website of the State Controller and filed by the State Treasurer on the Electronic Municipal Market Access website of the MSRB. At the time of this filing, unaudited financial statements for the fiscal year ended June 30, 2021, have not been prepared.

According to the State Controller, as a result of the cumulative impact of delays in the completion of Annual Comprehensive Financial Reports for the three previous fiscal years, which was due to a large number of State departments transitioning from several separate legacy accounting systems to a new statewide accounting, budget, cash management and procurement information technology system, contributing to delays in State departments providing information to the State Controller necessary for the preparation of the Annual Comprehensive Financial Report for such fiscal years, the 2021 Annual Comprehensive Financial Report is also expected to be delayed. The State Controller’s office is continuing its internal efforts, as well as its work with other state departments and the State Auditor’s office, to make the release of the state’s basic financial statements more timely.

⁽¹⁾ Fiscal Year 2004-05 reflects a partial year of monthly Proposition 63 Tax Transfers following approval of Proposition 63 in November 2004.

⁽²⁾ Each month, the State Controller transfers 1.76% of actual net PIT collections into the Mental Health Services Fund as a statutory approximation of the amount of Proposition 63 Tax receipts.

⁽³⁾ The California Department of Finance, together with the Franchise Tax Board, annually determines an adjustment amount equal to the difference between monthly transfers by the State Controller and Proposition 63 Tax liability. The annual adjustment amount is shown on an actual cash basis and reflects the shortfall or (excess) of monthly cash transfers from the prior Fiscal Year as compared with the Proposition 63 Tax liability from two tax years prior. For example, the \$1,478.9 million of monthly Proposition 63 Tax Transfers in Fiscal Year 2019-20 was \$789 million less than Proposition 63 Tax liability for calendar year 2019. A \$789 million cash transfer was thus made from the General Fund to the Mental Health Services Fund in July of Fiscal Year 2020-21.

⁽⁴⁾ The Total Proposition 63 Tax Transfers column represents the sum of monthly Proposition 63 Tax Transfers plus or minus the amount of any annual adjustment.

⁽⁵⁾ Maximum Service Contract Payments column presents the maximum annual amount of Service Contract Payments under the No Place Like Home Legislation as though the No Place Like Home Program was in effect from Fiscal Year 2005-06.

⁽⁶⁾ Coverage Pre-Adjustment column represents the ratio of the Proposition 63 Tax Monthly Transfers column to the Maximum Service Contract Payments column.

⁽⁷⁾ Coverage Post-Adjustment column represents the ratio of the Total Proposition 63 Tax Transfers column to the Maximum Service Contract Payments column.

⁽⁸⁾ Decrease in total Proposition 63 Tax Transfers in Fiscal Year 2018-19 is primarily attributable to a decline in the July Proposition 63 Tax Transfer, which reflects a reduction in Proposition 63 Tax liability in calendar year 2016 (due to reductions in taxable income attributable to capital gains).

⁽⁹⁾ The decrease in total Proposition 63 Tax Transfers in Fiscal Year 2019-20 and large increase in Fiscal Year 2020-21 is due in large part to delayed tax deadlines that shifted tax payments for Fiscal Year 2019-20 to Fiscal Year 2020-21.

- (1) The figures shown in this table are unofficial estimates by the Franchise Tax Board of estimated components of Proposition 63 Tax liability for PIT returns for California residents, but do not include non-resident returns or fiduciary returns, which include estates and trusts. Historically, resident PIT returns generally compose more than 90% of the Proposition 63 Tax liability.
- (2) The percentages of sources of income are based on federal AGI amounts for the different sources of income reported by California taxpayers with California taxable income of \$1 million or more for tax years 2008 through 2019. Income source amounts under California law and as used for computing California taxable income may differ somewhat from income source amounts under federal law. However, in aggregate the differences between amounts are small relative to the federal amounts shown in Table 3.
- (3) "All Other" includes passive income such as net rental income or income from trusts or estates, and all other income.
- (4) Totals may not add due to rounding.
