INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Community Charter School of Excellence, Inc.
a Charter School and Component Unit of
the School District of Hillsborough County
Tampa, Florida

We have audited the accompanying financial statements of the governmental activities and each major fund of Community Charter School of Excellence, Inc., a Charter School and Component Unit of the School District of Hillsborough County, Florida (the "School") as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Community Charter School of Excellence, Inc., a Charter School and Component Unit of the School District of Hillsborough

County, Florida, as of June 30, 2015, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

In accordance with *Governmental Auditing Standards*, we have also issued our report dated September 25, 2015 on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* and should be considered in assessing the results of our audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3–7 and 26–27 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

MANAGEMENT’S DISCUSSION AND ANALYSIS
JUNE 30, 2015**

Our discussion and analysis of Community Charter School of Excellence, Inc., a component unit and charter school of the School District of Hillsborough County, Florida, (the “School”) financial program provides an overview of the School’s financial and non-financial activities for the year ended June 30, 2015. In addition, the discussion and analysis will also provide the following information:

- How the basic financial statements relate to each other and the significant differences of information they provide.
- A comparative analysis of current and prior year financial information to provide reasons for significant changes that significantly affected current year operations.
- An analysis of fund financial information and a review of significant changes in fund balances.
- An analysis of significant variations between original and final budgeted amounts and actual results of operations.
- A description of currently known facts, decisions, or conditions that are expected to have a significant effect on the School’s prospects for the future.

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS:

The basic financial statements consist of three components:

1. Government-wide financial statements
2. Fund financial statements
3. Notes to the basic financial statements

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the School’s financial position. Included in these statements are assets and liabilities using the accrual method of accounting.

The Statement of Net Position presents information on all of the School’s assets and liabilities, with the difference reported as net position. Over time, increases or decreases in net position may be an indicator of improving or deteriorating financial conditions.

The Statement of Activities presents information about the change in net position and results of operations during the most recent fiscal year. All results of operations, changes in net position, and results of operations are reported when the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School uses fund accounting to demonstrate compliance with finance related legal requirements and

prudent fiscal management. Fund financial statements provide more detailed information about financial activities focusing on its most significant funds. The School has reported fund balance in classifications which clarifies the presentation of fund balance, a key indicator of interperiod equity.

Notes to the Basic Financial Statements

The notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 14-25 of this report.

Government-Wide Financial Analysis:

As noted earlier, net position may over time serve as a useful indicator of the School's financial position when the current and prior years are compared.

	Net Position	
	2015	2014
Current and other assets	\$ 51,646	\$ 68,085
Capital assets, net of accumulated depreciation	36,239	62,104

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS (continued):

FEFP revenue of \$544,444 represented approximately 62% of total revenue for the 2015 fiscal year.

<u>Revenue Source</u>	<u>Amount</u>	<u>Percent of Total</u>
Federal sources	\$ 123,407	14%
State sources	718,177	82%
Food services	4,319	1%
Local sources	26,714	3%
Total	<u>\$ 872,617</u>	<u>100%</u>

Revenue decreased during the year by \$182,095, primarily due to a decline of students resulting in a reduction of reimbursement from the National School Lunch Program of approximately \$46,000, a reduction of \$43,000 from the District, and a reduction in Title I funding of approximately \$71,000. Expenditure decreases of \$440,454 were due to lower instruction costs of \$57,000, cuts in administrative staff of \$135,000, non recurring capital projects of \$101,000, and saving \$109,000 by terminating the management company.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Reporting Entity

The Community Charter School of Excellence, Inc., a component unit and charter school of the School District of Hillsborough County, Florida (the “School”) is a not-for-profit corporation and operates as a Charter School pursuant to a Charter School Contract (the “Contract”) with the School District of Hillsborough County, Florida (the “District”). The School is tax exempt under Section 501(c)(3) of the Internal Revenue Code. Under the Contract the School provides a kindergarten through fifth grade elementary school education to children who reside in Hillsborough County. The School is governed by a Board of Directors composed of five members.

The general operating authority of the School is contained in Section 1002.33, Florida Statutes. The current charter is for a term of one year ending June 30, 2016 and serves students residing in Hillsborough County, Florida in grades kindergarten through eighth grade. The charter may be renewed as provided in Section 1002.33, Florida Statutes, upon mutual consent between the School and the District and execution of a written renewal. At the end of the term of the charter, the District may choose not to renew the charter under grounds specified in the charter, in which case the District is required to notify the School in writing at least ninety days prior to the charter’s expiration. The School contract provides in the event the School is dissolved or terminated, any unencumbered funds and all School property purchased with public funds revert to the District. During the term of the charter, the District may also terminate the charter if good cause is shown.

Criteria for determining if other entities are potential component units which should be reported within the School’s basic financial statements are identified and described in the Governmental Accounting Standards Board’s (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Section 2100 and 2600. The application of these criteria provide for identification of any entities for which the School is financially accountable and other organizations for which the nature and significance of their relationship with the School are such that exclusion would cause the School’s basic financial statements to be misleading or incomplete. Based on these criteria, no component units are included within the reporting entity of the School.

Basis of Presentation

Government-Wide Financial Statements

The government-wide financial statements provide information about the School’s overall financial condition in a manner similar to a private-sector business. A Statement

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

of Net Position and Statement of Activities report on the accrual basis of accounting using an economic resources measurement focus for governmental activities as the School does not engage in any business type activities. The Statement of Net Position provides information about the School's financial position, with the difference between assets and liabilities reported as net position. The Statement of Activities presents information about the change in the School's net position and the results of its operations during the fiscal year. An increase or decrease in net position is an indication of improving or deteriorating financial health.

Fund Financial Statements

The School's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board. Accordingly, the financial statements are organized on the basis of funds. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives using the current financial resources measurement focus on a modified accrual basis of accounting. The School uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements and prudent fiscal management. The current financial resources measurement focus allows the governmental fund statements to provide information on near-term inflows and outflows of spendable resources as well as balances of spendable resources available at the end of the fiscal year. Consequently, the governmental fund statement provides a detailed short-term view that may be used to evaluate the School's near-term financing requirements. The School considers revenues collected within sixty days from year-end to be available for revenue recognition in the governmental and fund financial statements.

The School has no Internal Service Fund, or Debt Service Fund.

The Academy utilizes the following major governmental funds:

General Fund – Accounts for all financial activity not required to be accounted for in another fund.

Special Revenue Fund – Accounts for the proceeds of specific revenue sources and grants that are restricted by law or administrative action to expenditures for a specific purpose and to provide a single source of accountability for monies received.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Capital Projects Fund - Accounts for the proceeds of specific revenue sources and grants that are restricted by law or administrative action to expenditures for a specific purpose and to provide a single source of accountability for monies received.

The School's fund balance reporting model is designed to clarify fund balance into classifications, nonspendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance. See Note 5 for a detailed presentation of fund balance.

Budgetary Basis of Accounting

The School's annual budgets are adopted for the entire operations and presented on the modified accrual basis of accounting and may be amended by the Board of Directors. Since the budgetary basis differs from GAAP, budgetary and actual amounts in the accompanying required supplementary information are presented on the budgetary basis. A reconciliation of a surplus of revenues over expenditures presented in conformity with GAAP is set forth in the adjustments to the required supplementary information.

Cash

Cash deposits consist primarily of demand deposits included in pooled cash, held by banks which are qualified as public depositories under Florida law. Deposits on hand at financial institutions are insured by the Federal Depository Insurance Corporation (the "FDIC") and collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statutes.

Capital Assets

Expenditures for capital assets acquired for School purposes are reported in Governmental Funds that financed the acquisition; whereas the acquired capital assets are capitalized (recorded) at cost in the Statement of Net Position. Donated capital assets are recorded at their estimated fair market value at the date of donation. The School's policy is to capitalize all capital assets having a useful life of more than one year and an initial cost of \$1,000 or greater.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

	Estimated Useful Lives (years)
Furniture	7
Office equipment	6
Computer equipment	3
Improvements other than buildings	5
Leasehold improvements	2
Vehicles	2 - 8

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Income Taxes

The School is exempt from income taxes under the provisions of Section 501(c)(3) of the Internal Revenue Code; therefore, no provision for income taxes has been made in these financial statements. The School has evaluated its tax position for all open tax years and has not identified any uncertain tax positions and is not subject to any Internal Revenue Service examination prior to year ending June 30, 2013.

Use of Estimates

The preparation of basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the basic financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Comparative Data

Comparative data for the prior year has been presented for certain sections of the accompanying basic financial statements to provide an understanding of the changes in the School’s financial position and operations. Certain accounts relating to the prior year

have been reclassified to current year presentation with no effect on previously reported net income.

Revenue Sources

Revenues for current operations are received primarily from the State of Florida passed through the District to the School pursuant to the funding provisions included in the charter. Under the provisions of Section 1011.62, Florida Statutes the number of full-time equivalent (FTE) students and related data are reported to the Florida Department of Education (FDE) for funding through the Florida Education Finance Program (FEFP). Funding for the School is adjusted during the year to reflect revised calculations by the FDE under the FEFP and actual weighted FTE students reported by the School during designated FTE student survey periods.

The basic amount of funding through the FEFP under Section 1011.62 is the product of the (1) unweighted FTE, multiplied by (2) the cost factor for each program, multiplied by (3) the base student allocation established by the legislature. Additional funds for exceptional students who do not have a matrix of services are provided through the guaranteed allocation designated in Section 1011.62(1)(e)2, Florida Statutes. For the 2014-2015 school year, the School reported 111.00 unweighted FTE. Weighted funding represents approximately 5% of total state funding.

FEFP funding may also be adjusted as a result of subsequent FTE audits conducted by the Auditor General pursuant to Section 1010.305, Florida Statutes, and Rule 6A-1.0453, Florida Administrative Code (FAC). Schools are required to maintain the following documentation for three years or until the completion of an FTE audit:

- Attendance and membership documentation (Rule 6A-1.044, FAC)
- Teacher certificates and other certification documentation (Rule 6A-1.0503, FAC)
- Procedural safeguards for weighted programs (Rule 6A-603411, FAC)
- Evaluation and planning documents for weighted programs (Sections 1011.62(1)(e), FS, and Rule 6A-6.03411, FAC)

The School, from time to time, also receives federal grant awards and state financial assistance for the enhancement of various educational programs. Federal awards and state financial assistance are generally received based on an application submitted to and approved by various granting agencies. For federal awards and state financial assistance in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred. This activity is recorded in the Special Revenue Fund and Capital Projects Fund.

NOTE 3 - RISK MANAGEMENT:

The School is exposed to various risks of loss in the normal course of operations which are related to theft, damage or destruction of assets, errors and omissions, injuries to others and natural disasters. The School purchases commercial insurance for, general liability, commercial property, motor vehicle, and errors and omissions coverage.

For years ending June 30, 2014, 2013, and 2012 the School incurred no liability or casualty losses in excess of insurance coverage.

NOTE 4 - REVENUE SOURCES:

The School receives revenues for current operations primarily from the State of Florida through the District as detailed in the following schedule of revenue sources and amounts:

<u>Sources</u>	<u>General Fund</u>	<u>2014 Total</u>
State and local sources passed through the School District of Hillsborough County:

NOTE 5 – FUND BALANCE:

The School's fund balance reporting model is designed to clarify fund balance reporting into classifications; nonspendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance.

Nonspendable Fund Balance

Generally means assets not expected to be converted to cash.

The School has paid a retainer for professional services on an annual basis including periods that extend beyond the current period. The School has paid deposits for certain lease agreements. The nonspendable fund balance of \$6,200 and \$7,467 is reported as prepaid expenses and deposits, respectively, on the balance sheet.

In the governmental fund financial statements fund balance is reported in five classifications.

- **Nonspendable fund balance** generally means fund balance not expected to be converted to cash. The School has paid a retainer for certain professional services to be provided beyond the current accounting period and prepaid rent. The prepaid expenses of \$6,200 are reported as nonspendable fund balance. Deposits paid subject to certain leases of \$7,467 are not expected to be refunded during the next fiscal year.
- **Restricted fund balance** is a portion of fund balance that constraints have been placed on the use of resources by external parties such as creditors, grantors, contributors, or laws and regulations of other governments. There is no restricted fund balance.
- **Committed fund balance** is used for a specific purpose pursuant to constraints imposed by formal action of the School's highest level of decision making authority. There is no committed fund balance.
- **Assigned fund balance** is amounts constrained by the Academy's intent to be used for specific purposes, but are neither restricted nor committed. Assignment ability can be delegated by the board of directors to the School's Principal. There is no assigned fund balance.
- **Unassigned fund balance** is the lowest classification for the General Fund. This is fund balance that has not been reported in any other classification. The unassigned fund balance at June 30, 2015 is \$604.

Spending Policies of the School

The School considers restricted or unrestricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund

NOTE 5 – FUND BALANCE (continued):

balance is available and committed, assigned, or unassigned amounts are considered to have been spent when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

The Community Charter School of Excellence, Inc. has a revenue spending policy that provides policy for programs with multiple revenue sources. The finance officer will use resources in the following hierarchy: debt proceeds, federal funds, state funds, local non-city funds, city funds, and funds passed through the District. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The finance officer has the authority to deviate from this policy if it is in the best interest of the School.

NOTE 6 – INTERFUND TRANSFERS:

During fiscal year 2015 the General Fund transferred \$75,600 to the Capital Projects Fund due to rental costs and the General Fund transferred \$243 to the Special Revenue Fund to supplement Title I costs exceeding Title I revenue.

NOTE 7 – RELATED PARTY TRANSACTIONS:

The School shares space, certain other costs, and reimbursements with another charter school, and component unit of the District. The other charter school is a related entity, which shares a common board of directors and administrator. From time to time throughout the year the School has a receivable or payable to the related entity as certain costs and reimbursements are shared. During fiscal year 2015 a total of \$45,338 of NSLP reimbursements to the School were passed through to the related entity. During fiscal year 2015 the School billed \$79,155 to the related entity as its portion of rent expense and electric costs for the space it shares with the School and received \$46,750 from the related entity during 2015. At June 30, 2015 the related entity owed the School \$32,405 for certain shared expenses.

NOTE 8 – COMMITMENTS:

lease that expires July 31, 2015. The lease contains a five year renewal option term at market rates. Under the terms of the lease agreement the minimum monthly lease payments are \$6,300 to \$7,467 per month, \$1,632 per month for maintenance, and \$1,398 per month for utilities. The School shares its campus with a related entity and allocates approximately 50% of the rental cost to the related entity. Base property rental cost for the School for the year ended June 30, 2015 was \$75,600.

On July 1, 2015, the School entered into an amendment of the property lease with Validus Group Partners Limited to extend the lease for two (2) years, through July 31, 2017 for fourteen thousand nine hundred twenty-three (14,923) square feet of administrative, library, cafeteria, and classroom space. Minimum monthly lease payments are \$13,182 to \$13,194 per month and approximately \$2,549 per month for maintenance and utilities. Monthly rent for August 2015 and September 2015 is \$0.

The School also leases a copy machine which expires August 2015. The operating lease agreement for the copy machine requires monthly payments of \$533 per month.

Future minimum lease payments under these operating lease agreements are:

NOTE 9 – MANAGEMENT STRUCTURE:

All policy decisions, including the annual budget, are formulated by the Board of Directors. The Board of Directors has the powers reasonably necessary to manage, operate, maintain and discharge the duties of the School to include adopting budgets; enter into contracts; adopt, publish, promulgate and enforce rules and regulations; employ on behalf of the School; managers, independent contractors, and any other employees deemed necessary; and acquire, sell, operate, lease, manage, and otherwise trade and deal with property, real and personal.

NOTE 9 – MANAGEMENT STRUCTURE (continued):

On May 1, 2008 the School entered into an agreement (the “Agreement”) with The Leona Group Florida, L.L.C. (TLG), a Florida limited liability company, to facilitate the continuation of the School by performing certain functions relating to the provision of educational services and the management and operation of the School in accordance with enrollment, age, and grade level specifications for the School. The Agreement may be terminated with cause by either party upon a sixty day notice of material breach, as defined in the contract. The Agreement will automatically renew for a period of ten years unless written notice to terminate by either party is received one year prior to the expiration date of the Agreement. This Agreement was terminated effective September 30, 2014.

TLG shall be responsible for the following services: 1) implementation and administration of the educational program, 2) management of all personnel functions, 3) sound financial operation of the School, 4) business administration of the School, and 5) installation of necessary technology. The annual management fee for these services is 12% of all sources of gross receipts of the School excluding borrowings undertaken by the School. Additionally, all employees of the School are leased from TLG through September 30, 2014. Effective October 1, 2014, all employees of the School were leased from ADP, LLC.

The management fee is calculated from revenues as reported in the Statement of Revenues, Expenditures and Changes in Fund Balances – Governmental Funds through September 30, 2014 as follows:

	<u>Total Governmental Funds</u>

NOTE 9 – MANAGEMENT STRUCTURE (continued):

The management fee of \$12,721 is reported in the Statement of Revenues, Expenditures and Changes in Fund Balances – Governmental Funds for the year ended June 30, 2015.

NOTE 10 – RETIREMENT PLAN:

All administrative, professional, and clerical staff of the School were leased employees from TLG under the Agreement through September 30, 2014. The School participated in the management company's 401(k) retirement plan which covers substantially all employees. Under the plan, employees may elect to have a portion of salary withheld from pre-tax wages for investment in the plan, subject to limitations imposed by Internal Revenue Service regulations. The School may, at its option, contribute a percentage of each participant's elective deferral and the percentage will be determined from year to year. Under ERISA section 404(c) the employee directs the investment of their contribution and the School's contribution, if applicable, from information provided by the financial institution managing the investment options. The total contribution made by the School to the retirement plan was \$706 through September 30, 2014 and are reported in the Statement of Revenues, Expenditures and Changes in Fund Balances – Governmental Funds and Statement of Activities according to function.

Effective October 1, 2014, and through June 30, 2015 administrative, professional, and clerical staff of the School were leased through ADP, LLC and there is currently no retirement plan available.

NOTE 11 – SUBSEQUENT EVENTS:

Management has evaluated all events subsequent to the balance sheet date of June 30, 2015 through September 25, 2015, which is the date these financial statements were available to be issued.

On July 1, 2015 the School combined with a related entity, Community Charter Middle School of Excellence, Inc., becoming a kindergarten through grade eight charter school. Effective July 1, 2015 all students previously served by Community Charter Middle School of Excellence will be served by Community Charter School of Excellence and the net position and fund balances of Community Charter Middle School of Excellence, Inc. will be transferred to Community Charter School of Excellence.

REGULATORY REPORTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Community Charter School of Excellence, Inc.
a Charter School and Component Unit of
the School District of Hillsborough County
Tampa, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Community Charter School of Excellence, Inc., a Charter School and Component Unit of the School District of Hillsborough County, Florida, (the "School") as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the School's basic financial statements, and have issued our report thereon dated September 25, 2015.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

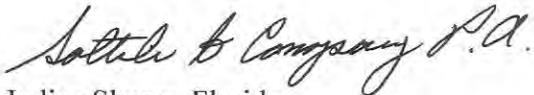

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
