Major New State Infrastructure Project Revenue Bonds
Annual Report No. 25
(Fiscal Year)

In accordance with the requirements of Section 14(f) of the General Bond Order, dated May 1, 1998, ("General Bond Order")¹ I hereby submit the following report with respect to the State of Ohio Major New State Infrastructure Project Revenue Bonds, Series 2010-2, 2010-4, 2012-1, 2014-1A, 2016-1, 2018-1, and 2019-1 (collectively, "Bonds").

Pages two and three of this report contain (i) amount of moneys payable as Bond Service Charges, (ii) amount of moneys payable for purposes of paying any amounts to be paid from the Rebate fund, (iii) amount of moneys payable for purposes of paying Administrative Expenses from the Administrative Expense Fund, (iv) amount of moneys payable for purposes of maintaining any required reserve in any bond service reserve account, (v) the total of items (i) through (iv), the amount of Pledged Federal Highway Receipts estimated to be available to pay the foregoing amounts, and any amount of debt service to be paid on any Parity Obligations for each Fiscal Year.

In February 2009, the United States Congress enacted the American Recovery and Reinvestment Act ("Act"), certain provisions of which pertain to the issuance of municipal bonds. During the reporting periods ending June 30, 2010 and June 20, 2011, bonds were issued under a new class of taxable governmental bonds created in the Act entitled "Build America Bonds - Direct Payment" ("BABs"). BABs are taxable obligations that provide for the issuer to receive a payment from the United States Treasury equal to thirty-five percent (35%) of the applicable interest, on or about each interest payment date. Issuances of BABs are represented on a gross basis, exclusive of expected direct payments from the United States Treasury. Schedule A, found on page four of this report, has been incorporated within this report and details payments expected and received from the United States Treasury.

¹Any terms not defined herein have the meaning provided in the General Bond Order.

* Direct Payments applied for after March 1, 2013 were subjected to the federal government's automatic sequestration. The amounts listed in the Payments Received Through 06/30/20 column reflect those reductions. The amounts listed in the Total Payments Expected and Remaining Payments Expected columns represent the remaining original amounts expected, since the date of a federal government budget resolution is unknown. Pursuant to the guidance published by the IRS regarding the sequestration's impact on Build America Bond Direct Payments, the Issuer continues to apply for subsidy payments in full.

**A subsidy payment for the Series 2010-4 Bonds in the amount of \$191,347.61 was received after June 30, 2020, but before the publication date of this report. This amount is not included in the Payments Received Through 06/30/20 column, but remains accounted for in the Remaining Payments Expected column.
