# Blue Springs, Missouri

## Office of Administration

Friday, July 28, 2023

Dear Mayor Carson Ross and Councilmembers:

I am pleased to submit the City of Blue Springs's recommended operating budget for fiscal year 2023-24 which will be presented at the August 15, 2023, budget work session. The recommended budget communicates the City's plan for allocating resources to provide services to the residents and businesses of Blue Springs.

The total proposed FY 2023-24 budget of \$85,746,282 is a financial plan that focuses on delivering essential services while maintaining fiscal discipline. The budget also includes several major initiatives that will significantly impact the trajectory of our city, not only in the upcoming year but for years to come.

### **Major Initiatives**

**Blue Surf Bay Waterpark** - Opening in Spring 2024, this significant addition to our recreational facilities will allow the residents to remain in the community to meet their recreational needs. The facility offers over 110,000 square feet of indoor recreation and 60,000 square feet of outdoor space.

**Police Body and Car Camera System Replacement** - This budget includes funding for the implementation of new police body and vehicle cameras to improve public trust and officer safety. For this project, 27 vehicle cameras and 104 body worn cameras will be purchased along with supporting software, equipment, and cloud storage. The first year of the five-year lease agreement has been included in the Public Safety Sales Tax Fund budget at \$257,243. The remaining years of the lease cost \$156,000 per year.

**Police Therapy Dog** - a therapy dog for our Police Department will be introduced, offering valuable emotional support, and enhancing community engagement. The first-year cost for this program is \$4,196 and is included in the Public Safety Sales Tax Fund budget. Subsequent budgets are estimated to be approximately \$2,000 for this program.

**Downtown Master Plan** - The Downtown Master Plan was funded in the FY 2023 budget and is projected to be completed in Spring 2024. The plan was last updated in 2007 and will outline a vision, recommendations, and guidelines for development and revitalization in the downtown area.

**Comprehensive Plan Update** - This project is funded through the Capital Improvements Program and is anticipated to begin in summer 2024 and to be completed in 2025. The cost for this project is \$250,000. The plan was last updated in 2014 and serves as a guide for the physical development of the City that fosters quality growth, conservation, and redevelopment.

**Council Strategic Plan** – Strategic planning was funded in the FY 2023 budget and is projected to be completed in Spring/Summer 2024. Strategic planning helps guide the City into the future and contributes to more effective governance and the overall well-being of the City.

**Buy Blue Springs** – This initiative was reviewed and requested for inclusion in the budget at the July 17, 2023, Council meeting. The City will increase its contract with the Chamber of Commerce in FY 2024 by \$38,000 to hire a consultant for tourism research, planning and marketing services and to develop a Tourism Strategic Plan. This initiative will ensure we prepare for the World Cup in 2026 and beyond to make the most of this global opportunity, showcasing the best of Blue Springs. Staff will work closely with the Chamber on this initiative.

**Wyatt Road East Construction** – Wyatt Road will be reconstructed from 7 Highway to Adams Dairy Parkway. The General Fund is contributing \$3 million of the \$6 million total budgeted for this project. Completion of this roadway will improve transportation and connectivity, enhancing accessibility of our city.

## **Total Budget Summary**

### **FY 2024 Budgeted Revenues**

Staff projects total FY 2024 budgeted revenues to be \$24,088,002 (21.93%) lower than the FY 2023 budget amount. This decrease is primarily due to the sale of bonds for the construction of the aquatic center in FY 2023.

The proposed revenue budget totals \$83,300,702 plus \$2,445,580 of cash reserves totaling \$85,746,282 for planned expenditures. The decrease in cash reserves is primarily due to the \$3 million transfer from the General Fund to the Capital Projects Fund.

Table 1-A compares the proposed FY 2024 revenue budget to the adopted FY 2023 revenue budget fund:

Table 1-A

Fund	Adopted Budget FY 2022-23	Proposed Budget FY 2023-24	Percentage Change	Percent of Total Budget
General	\$ 28,003,386	\$ 29,637,561	5.84%	34.56%
Hotel/Motel Tax	\$ 591,296	\$ 690,293	16.74%	0.81%
Public Safety Sales Tax	\$ 4,456,404	\$ 5,079,949	13.99%	5.92%
Parks Sales Tax	\$ 39,959,346	\$ 5,863,482	-85.33%	6.84%
Debt Service	\$ 1,674,627	\$ 1,850,582	10.51%	2.16%
Capital Projects	\$ 4,649,035	\$ 4,960,673	6.70%	5.79%
TIF Capital Projects	\$ 6,890,365	\$ 6,611,742	-4.04%	7.71%
Fieldhouse	\$ 1,067,276	\$ 2,326,885	118.02%	2.71%
Golf Course	\$ 1,923,251	\$ 2,137,474	11.14%	2.49%
Water	\$ 11,416,116	\$ 11,780,771	3.19%	13.74%
Sewer	\$ 12,139,715	\$ 12,361,289	1.83%	14.42%
Use of Cash Reserves	\$ (2,936,532)	\$ 2,445,580	0.00%	2.85%
<b>Total Budget by Fund</b>	<b>\$ 109,834,284</b>	<b>\$ 85,746,282</b>	<b>-21.93%</b>	<b>100.00%</b>

Table 1-A shows the projected changes in revenues by fund. The revenue budgets for all funds are increasing as compared to the adopted budget for FY 2023, except the Capital Projects fund and the Parks Sales Tax fund.

The revenues for the TIF Capital Project funds are decreasing due to the termination of the Copperleaf Village and Highway 40 & Highway 7 TIF plans. The Parks Sales Tax fund issued bonds in FY 2023 and will only have sales tax revenues for FY 2024.

Major revenue sources are budgeted monthly and closely monitored throughout the year to identify any fluctuations or trends early on which allows for timely adjustments to the budget. This proactive approach provides for better financial planning and decision-making, ensuring that the budget remains aligned with the actual revenue performance.

Table 1-B compares the proposed FY 2024 revenue budget to the adopted FY 2023 revenue budget by category:

Table 1-B

Category	Adopted Budget FY 2022-23	Proposed Budget FY 2023-24	Percentage Change	Percent of Total Budget
Taxes	\$ 42,879,768	\$ 45,198,605	5.41%	52.71%
Intergovernmental	\$ 4,619,739	\$ 5,027,007	8.82%	5.86%
Charges for Services	\$ 2,581,215	\$ 3,829,053	48.34%	4.47%
Licenses and Permits	\$ 1,562,587	\$ 1,183,580	-24.26%	1.38%
Fines and Forfeits	\$ 632,973	\$ 440,289	-30.44%	0.51%
Interest	\$ 1,060,700	\$ 2,772,174	161.35%	3.23%
Golf Course Fees	\$ 1,920,894	\$ 2,129,276	10.85%	2.48%
Utility Fees	\$ 22,082,110	\$ 22,175,313	0.42%	25.86%
Other	\$ 430,830	\$ 545,404	26.59%	0.64%
Bond Proceeds	\$ 35,000,000	\$ -	0.00%	0.00%
Use of Cash Reserves	\$ (2,936,532)	\$ 2,445,580	-183.28%	2.85%
<b>Total Budget</b>	<b>\$ 109,834,284</b>	<b>\$ 85,746,282</b>	<b>-21.93%</b>	<b>100.00%</b>

Revenues are expected to increase in every category in the budget next year in varying amounts and percentages, except for Licenses and Permits and Fines and Forfeits.

The rising interest rate environment negatively impacts building and right of way permits while positively impacting interest received on the City's investments.

Taxes are estimated to increase by \$2,318,837 or 5.41% and include \$250,000 from the sales tax on recreational marijuana. The new 3% tax becomes effective October 1, 2023, and is projected to generate \$250,000. For FY 2024, the funds will be deposited in the General Fund and transferred to the Capital Projects Fund for ST-06 Pavement Management.

Charges for Services are expected to increase by 48.34 % compared to FY 2023 due to memberships for the Blue Surf Bay Waterpark and increased participation in youth sports programs.

Other revenues which include sales and rentals, donations, and miscellaneous revenues, is projected to increase by 26.59% compared to FY 2023 due to increases in antenna rent.

## FY 2024 Budgeted Expenses

The proposed budget totals \$85,746,282 for planned expenditures. This is a decrease of 21.93% over the adopted FY 2023 budget.

Table 2-A compares the proposed FY 2024 expense budget to the adopted FY 2023 expense budget by fund:

Table 2-A

Fund	Adopted Budget FY 2022-23	Proposed Budget FY 2023-24	Percentage Change	Percent of Total Budget
General	\$ 30,147,564	\$ 31,568,895	4.71%	36.82%
Hotel/Motel Tax	\$ 220,000	\$ 293,000	33.18%	0.34%
Public Safety Sales Tax	\$ 3,973,460	\$ 5,697,452	43.39%	6.64%
Parks Sales Tax	\$ 35,417,500	\$ 1,450,000	-95.91%	1.69%
Debt Service	\$ 1,717,777	\$ 1,710,326	-0.43%	1.99%
Capital Projects	\$ 6,206,000	\$ 8,063,400	29.93%	9.40%
TIF Capital Projects	\$ 7,841,541	\$ 6,395,261	-18.44%	7.46%
Fieldhouse	\$ 1,219,428	\$ 4,832,718	296.31%	5.64%
Golf Course	\$ 1,973,251	\$ 2,186,940	10.83%	2.55%
Water	\$ 10,814,748	\$ 12,179,934	12.62%	14.20%
Sewer	\$ 10,303,017	\$ 11,368,356	10.34%	13.26%
<b>Total Budget by Fund</b>	<b>\$ 109,834,284</b>	<b>\$ 85,746,282</b>	<b>-21.93%</b>	<b>100.00%</b>

The budgets for all funds except the Parks Sales Tax fund and the TIF Capital Projects fund are increasing as compared to the adopted budget for FY 2023.

Individual funds are like separate accounts or "pools" of money with specific designations and limitations on their usage. The funds are usually created to ensure that the revenues generated from certain sources are used for their intended purposes, preventing the money from being mixed with other general funds. By separating funds based on revenue sources and the restrictions placed on them, it is easier to manage their budgets, track spending, and ensure that money is allocated appropriately for specific purposes as intended by the voters or governing bodies.

This budgeting approach provides transparency and accountability, as it allows the public to understand where the money comes from and how it is being used, ensuring that funds are used responsibly.

Table 2-B compares the proposed FY 2024 expense budget to the adopted FY 2023 expense budget by category:

Table 2-B

Category	Adopted Budget FY 2022-23	Proposed Budget FY 2023-24	Percentage Change	Percent of Total Budget
Personal Services	\$ 25,206,211	\$ 27,343,791	8.48%	31.89%
Supplies and Materials	\$ 3,232,757	\$ 3,566,974	10.34%	4.16%
Contractual Services	\$ 19,853,238	\$ 20,814,175	4.84%	24.27%
<b>Sub-Total Operations</b>	<b>\$ 48,292,206</b>	<b>\$ 51,724,940</b>	<b>7.11%</b>	<b>60.32%</b>
Debt Service	\$ 15,121,566	\$ 17,177,168	13.59%	20.03%
Capital Outlay	\$ 2,079,972	\$ 2,032,243	-2.29%	2.37%
Capital Improvements	\$ 44,340,542	\$ 14,811,931	-66.60%	17.27%
<b>Total Budget</b>	<b>\$ 109,834,284</b>	<b>\$ 85,746,282</b>	<b>-21.93%</b>	<b>100.00%</b>

While the overall expense budget is decreasing in FY 2024, the operating budget that includes personal services, supplies and materials and contractual services is increasing by \$3,432,734 or 7.11%

### Employee Salaries and Benefits

Table 2-C compares the proposed FY 2024 personal services budget to the adopted FY 2023 personal services budget by account type:

Table 2-C

Account	Adopted Budget FY 2022-23	Proposed Budget FY 2023-24	Dollar Change	Percent Change	Percent of Total Budget
Full-Time Salaries	\$ 15,995,639	\$ 17,014,824	1,019,185	6.37%	62.23%
Part-Time Salaries	\$ 1,106,280	\$ 1,595,869	489,589	44.26%	5.84%
Overtime	\$ 671,551	\$ 655,301	(16,250)	-2.42%	2.40%
FICA	\$ 1,114,162	\$ 1,205,970	91,808	8.24%	4.41%
Medicare	\$ 260,222	\$ 282,085	21,863	8.40%	1.03%
LAGERS	\$ 1,391,607	\$ 1,544,499	152,892	10.99%	5.65%
Health Insurance	\$ 3,249,599	\$ 3,367,085	117,487	3.62%	12.31%
Dental Insurance	\$ 133,117	\$ 197,504	64,387	48.37%	0.72%
Life Insurance	\$ 75,810	\$ 78,819	3,009	3.97%	0.29%
Vision Insurance	\$ 24,938	\$ 25,080	142	0.57%	0.09%
Health Savings Account	\$ 199,800	\$ 215,100	15,300	7.66%	0.79%
EAP	\$ 6,343	\$ 6,606	263	4.14%	0.02%
Unemployment Insurance	\$ 50,000	\$ 25,000	(25,000)	-50.00%	0.09%
Worker's Compensation Insurance	\$ 927,143	\$ 1,130,049	202,907	21.89%	4.13%
<b>Total</b>	<b>\$ 25,206,210</b>	<b>\$ 27,343,791</b>	<b>2,137,581</b>	<b>8.48%</b>	<b>100.00%</b>

Costs of employee salaries and benefits are budgeted at \$27,343,791, an increase of \$2,137,581, or 8.48% over the prior year's budget of \$25,206,210. Wages and benefits encompass approximately 32.09% of the total budget and 61.27% of the General fund budget, from which most employee costs are funded.

Continuing to invest in employee salaries and benefits is a crucial step in ensuring that employees are fairly compensated and motivated to continue their valuable contributions to the City's success. By striving to maintain market-level salaries and benefits, the City demonstrates its commitment to remaining competitive in the job market. This is essential for retaining existing talented employees and attracting new talent to join the organization.

This budget includes a pay range adjustment of 2.5% for all non-represented positions, effective in October, and a 2.5% increase for employees on their service anniversary that may result in a lump sum payment if the employee is at the top of the pay range. The longevity plan also continues for all non-represented full-time and part-time employees who will receive a 2.5% pay increase at each 5-year service anniversary. Additionally, our commitment to honoring our employees' contracts remains steadfast, with represented employees receiving raises as stipulated in their bargaining unit agreements.

The payroll budget includes a vacancy allowance, which means funds have not been included for five authorized police officer positions that are currently vacant. The reason for not budgeting for these positions is due to the current labor market conditions and the anticipated time it takes to fill these vacant positions. These positions will be filled as soon as possible, and the budget will be reviewed to determine if a budget amendment is needed. Budgeting for a vacancy allowance is a common practice in organizations, especially when hiring for certain positions might take longer than expected due to factors like a competitive job market or specific skill requirements. This approach allows the City to be flexible in managing its budget while ensuring that necessary positions are eventually filled.

The rates for employee health insurance for the current year have remained stable, without any increase. This achievement can be attributed to employee participation in the wellness plan implemented by the organization. Through active participation and commitment to improving their overall health and well-being, the employees have earned valuable credits for the City that mitigated the need for a rate increase in health insurance premiums. Dental insurance premiums did increase, and the City is absorbing the cost so that employee premiums remain unchanged. Workers Compensation is increasing by \$202,907 or 21.89%, as a result of the City's experience modification factor and an increased budget for salaries.

This budget includes 336.13 full-time equivalents which is a net increase of 20.64 positions over the number approved in the FY 2023 budget. The new positions include two Recreation Coordinators, an IT Help Desk Coordinator, and a Staffing Coordinator for Human Resources.

New positions for Blue Surf Bay Waterpark include five full-time positions and 11.64 FTEs for part-time positions. The part-time positions include lifeguards, swimming instructors and a maintenance worker. The changes to authorized positions are detailed in the table below.

Table 2-D summarizes the changes to the full-time equivalent positions in the proposed FY 2024 budget:

**Table 2-D  
Changes to Full-Time Equivalent Positions**

<b>Summary of Full-Time Equivalents:</b>		
<b>Department</b>	<b>Position</b>	<b>FTE Changes</b>
<b>Adopted 2022-23 Budget FTE's</b>		<b>315.49</b>
Parks - Recreation	Recreation Coordinator - Recreation	1
Parks - Vesper Hall	Recreation Coordinator - Vesper Hall	1
Human Resources	Staffing Coordinator	1
Information Technology	Help Desk Coordinator	1
Aquatics	Superintendent of Fieldhouse & Aquatics	1
Aquatics	Aquatics Manager	1
Aquatics	Aquatics Supervisor	1
Aquatics	Custodian/Maintenance Worker	1
Aquatics	Customer Service Representative	1
Aquatics - PT	Lifeguards and Instructors	11.64
<b>Subtotal FYE Proposed Changes</b>		<b>20.64</b>
<b>Proposed Budget 2023-24 FTE's</b>		<b>336.13</b>

### **Capital Improvements Program (CIP)**

The CIP guides the City in the planning, scheduling, and budgeting for maintenance, replacement, and major improvements related to City assets and infrastructure. It outlines expenditures, allocates existing funds, and anticipates future revenues to rehabilitate, restore, improve, and add to the City’s infrastructure.

Each year, City staff develops a CIP forecast for the next five fiscal years. The process begins annually in December and usually concludes in late spring with its adoption by the City Council. This year’s CIP was adopted by the City Council on June 5, 2023.

The proposed CIP for FY 2024 through FY 2028 identifies many potential CIP projects totaling \$174.5 million of which \$97 million are funded and \$77.5 million are unfunded. Although projects are recommended and adopted by the City Council each year, the CIP is only a proposed plan. Therefore, the CIP may be adjusted after adoption in order to reflect altered or emerging priorities of the City Council as well as any changes in available funds.

The proposed budget for capital improvements and outlay for FY 2024 recommends capital expenditures totaling \$16,844,174. Highlights of the approved amount include:

- \$5 million for Wyatt Road East
- \$2.05 million for the Pavement Management Program
- \$1 million for Police Department Training/Vehicle Processing
- \$1.7 million for capital outlay

Table 2-E summarizes the proposed Capital Improvements and Capital Outlay for FY 2024:

Table 2-E

Improvement Type	Adopted Budget FY 2022-23	Proposed Budget FY 2023-24	Percent of Capital Budget
Parks and Recreation	\$ 35,417,500	\$ 1,640,000	10%
Public Safety	\$ 176,822	\$ 1,100,000	7%
Street Improvements & Equipment	\$ 6,056,000	\$ 8,063,400	48%
Sanitary Sewer System	\$ 1,658,000	\$ 2,358,800	14%
Water System	\$ 1,032,220	\$ 1,649,731	10%
Capital Outlay and Equipment	\$ 2,079,972	\$ 2,032,243	12%
<b>Total Improvements</b>	<b>\$ 46,420,514</b>	<b>\$ 16,844,174</b>	<b>100%</b>

Please see the CIP section for detailed information on the adopted CIP and Budget in Brief section in the budget document for a detailed list of capital outlay items.

### **Total General Fund Budget Summary**

#### **FY 2024 General Fund Revenues**

Table 3-A compares the proposed FY 2024 General Fund Revenues to adopted FY 2023 General Fund Revenues:

Table 3-A

Revenue Source	Adopted Budget FY 2022-23	Proposed Budget FY 2023-24	Percent Change	Percent of Total Budget
Taxes	\$ 19,824,392	\$ 21,163,144	6.75%	66.41%
Administrative Charges	\$ 2,105,084	\$ 2,147,395	2.01%	6.74%
Licenses and Permits	\$ 1,562,587	\$ 1,183,580	-24.26%	3.71%
Other Government Sources	\$ 3,925,939	\$ 4,271,742	8.81%	13.40%
Charges for Services	\$ 1,549,372	\$ 1,602,844	3.45%	5.03%
Fines and Forfeits	\$ 632,625	\$ 440,289	-30.40%	1.38%
Interest Income	\$ 182,200	\$ 571,525	213.68%	1.79%
Other	\$ 326,269	\$ 404,438	23.96%	1.27%
Transfers In	\$ 89,093	\$ 83,939	-5.79%	0.26%
<b>Total General Fund Revenues</b>	<b>\$ 30,197,562</b>	<b>\$ 31,868,895</b>	<b>5.53%</b>	<b>100%</b>

Some highlights from the proposed FY 2024 revenues in the General Fund are:

- General Fund revenues are projected to increase by 5.53% or \$1,671,333.
- Taxes are projected to increase by \$1,338,752 or 6.75% over the FY 2023 budget. Sales taxes are projected to increase by 4.91% and the new 3% recreational marijuana sales is estimated to generate \$250,000 in sales tax.
- Fees and permits are projected to decrease by \$379,008 or 24% over the FY 2023 budget due to lower projected revenues for building permits.
- Charges for services are projected to increase by \$53,472 or 3.45% over budget. This change is a result of the growth in Parks and Recreation youth sports programs.

- Fines and forfeits are projected to decrease by \$192,336 or 30% over the FY 2023 budget continuing the trend of reduced revenue from court fines.
- Interest income is projected to increase by \$389,325 or 214% over the FY 2023 budget due to receiving higher rates on investments.

### FY 2024 General Fund Expenditures

Total budgeted expenditures and transfers in the General Fund are estimated at \$34,868,895 an increase of \$3,521,333 or 11.23% from the adopted FY 2023 expenditures and transfers. Most of this increase is due to a \$3 million transfer to the Capital Projects Fund for the construction of Wyatt Road East.

Table 3-B compares the proposed FY 2024 General Fund expenditure budget to the Adopted FY 2023 expenditure budget:

**Table3-B**

Category	Adopted Budget FY 2022-23	Proposed Budget FY 2023-24	Percentage Change	Percent of Operating Budget
Personal Services	\$ 20,456,609	\$ 21,364,965	4.44%	61.27%
Supplies and Materials	\$ 2,201,127	\$ 2,403,585	9.20%	6.89%
Contractual Services	\$ 6,730,776	\$ 6,892,845	2.41%	19.77%
Capital Outlay	\$ 759,050	\$ 907,500	19.56%	2.60%
Transfers Out	\$ 1,200,000	\$ 3,300,000	175.00%	9.46%
<b>General Fund</b>	<b>\$ 31,347,562</b>	<b>\$ 34,868,895</b>	<b>11.23%</b>	<b>100.00%</b>

### General Fund Reserve Information

The City’s General Fund Reserve Policy is currently 25% of General Fund operating expenditures. In July 2021, the City Council amended the Governmental Fund Balance Policy that complies with Governmental Accounting Standards Board (GASB) Statement No. 54. The adopted reserve calculation in the policy is based upon the following goals:

1. Compliance with GASB Statement No. 54
2. Provide the capacity to provide sufficient cash flow for daily operating needs
3. Secure and maintain investment grade credit ratings
4. Offset economic downturns or revenue shortfalls and provide funds for unforeseen expenditures related to emergencies

In addition to reserves of 25%, each year 50% of the growth in unassigned fund balance will be allocated to the Pavement Management Program. The reserve total amount for the FY 2024 budget year is estimated at \$7,665,349.

Table 3-C provides additional projected fund balance, designation, and reserve information for the General Fund:

Table 3-C

General Fund	Projected Fund Balance Ending Sept. 30,2024
Non-spendable & Restricted	\$2,300,000
25% Reserves	\$7,665,349
Other Assigned & Committed Funds	\$5,739,103
Unassigned	\$1,700,000
<b>Total Fund Balance</b>	<b>\$17,404,452</b>

### Conclusion

This executive summary includes only a few of the highlights of the entire budget. Other notable and significant budgetary changes are provided in the department budget summaries for each department and program. The detailed projections for revenues and expenditures are also included by fund and category.

I would like to extend my gratitude and appreciation to the leadership team and Lori Turner for their unwavering commitment and invaluable contributions to the development of this balanced budget for the fiscal year 2023-24. Their expertise and guidance have navigated us through many challenges and complexities.

Sincerely,

Christine Cates  
City Administrator

GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished  
Budget Presentation  
Award*

PRESENTED TO

**City of Blue Springs  
Missouri**

For the Fiscal Year Beginning

**October 01, 2022**

*Christopher P. Morill*

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City of Blue Springs, Missouri for its annual budget for the fiscal year beginning October 1, 2022. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communication device. This award is valid for a period of one year only.

Introduced by Councilmember Culpepper

ORDINANCE NO. 5254

**AN ORDINANCE APPROVING, ADOPTING AND APPROPRIATING THE ANNUAL OPERATING AND CAPITAL BUDGETS OF THE CITY OF BLUE SPRINGS, MISSOURI, FOR THE FISCAL YEAR OCTOBER 1, 2023 – SEPTEMBER 30, 2024**

WHEREAS, in accordance with Section 7.2 of the City Charter, the City Council does hereby adopt the Budget for the 2023-24 Fiscal Year, including proposed income, proposed operating expenditures, and proposed capital expenditures; and,

WHEREAS, total proposed expenditures shall not exceed the total of estimated income plus any surplus anticipated to be on hand at the end of the 2022-23 fiscal year; and,

WHEREAS, the City Council has held a Public Hearing for public comment and input on September 5, 2023, for the October 1, 2023 - September 30, 2024, Proposed Annual Budget as required by Section 7.5 of the City Charter;

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BLUE SPRINGS, MISSOURI, as follows:

SECTION 1. The Annual Budget of \$85,746,282, including organizational salary schedule, operating and expenses accounts for staff, boards and commissions, and the City Council, debt service fund accounts, special revenues funds, enterprise funds, capital projects funds and a Capital Improvements Program (CIP) of the City of Blue Springs, Missouri, for the fiscal year commencing October 1, 2023, and ending September 30, 2024, as submitted by the City Administrator and incorporated herein by reference, as if fully set out in this Ordinance, is hereby approved.

Fund	Appropriation Amount
General Fund	\$ 31,568,895
Hotel/Motel Tax Fund	\$ 293,000
Public Safety Sales Tax Fund	\$ 5,697,452
Parks Sales Tax Fund	\$ 1,450,000
Debt Service Fund	\$ 1,710,326
Capital Projects Fund	\$ 8,063,400
TIF Capital Projects Fund	\$ 6,395,261
Fieldhouse/Aquatics Fund	\$ 4,832,718
Golf Course Fund	\$ 2,186,940
Water Fund	\$ 12,179,934
Sewer Fund	\$ 11,368,356
TOTAL	\$ 85,746,282

SECTION 2. The Interim City Administrator is hereby authorized to expend the funds as set forth in said Budget.

SECTION 3. This Ordinance shall be in full force and effect from and after October 1, 2023.

SECTION 4. Scrivener's Errors. Typographical errors and other matters of a similar nature that do not affect the intent of this Resolution, as determined by the City Clerk and City Attorney, may be corrected with the endorsement of the City Administrator without the need to come before the City Council.

PASSED by the City Council of the City of Blue Springs, Missouri, and approved by the Mayor of Blue Springs, this 18<sup>th</sup> day of September 2023.

CITY OF BLUE SPRINGS

Carson Ross, Mayor

# **BUDGET IN BRIEF**

## **City of Blue Springs, Missouri** **October 1, 2023 - September 30, 2024**

The Fiscal Year 2023-24 budget for the City of Blue Springs is the fiscal plan for this city for the next year. City Departments have set forth the goals and objectives they want to accomplish, including services and capital improvement projects.

# Revenues

- The City of Blue Springs receives revenues from several sources, including property taxes, sales taxes, utility franchise fees, licenses fees, fines, charges for services, grants from other governmental agencies, donations, water sales and sewer services.
- Some of our largest revenue sources include:
  - \$11,061,957 Water Sales
  - \$10,676,582 Sewer Service
  - \$10,169,395 1% City Sales Tax
  - \$7,331,185 Property Taxes
  - \$6,479,614 Tax Increment Finance Tax (TIF)
  - \$5,289,565 Parks Sales Tax
  - \$5,028,390 Utility Franchise Fees
  - \$5,027,007 Other Government Sources
  - \$4,926,917 Public Safety Sales Tax
  - \$4,921,673 Transportation Sales Tax
- Overall revenues are expected to increase in nearly every category next year. General Fund is projected to increase by 5.53% or \$1,671,333. Licenses and Permits and Fines and Forfeits are projected to decrease compared to the adopted FY 2022-23 budget.
- The General Fund balance is required to stay at or above an amount equal to 25 percent of General Fund operating expenditures to provide for a 25 percent Emergency Reserve Fund. In addition, reserves of 25% each year, 50% of the growth in unassigned fund balance will be allocated to the Pavement Management Program each year. The 2023-24 budget projects an Emergency and Budget Stabilization Fund amount of \$7,665,349 and anticipates fund balance will exceed this amount.

# Where the Money Comes From

<b>Total</b>	<b>\$ 85,746,282</b>

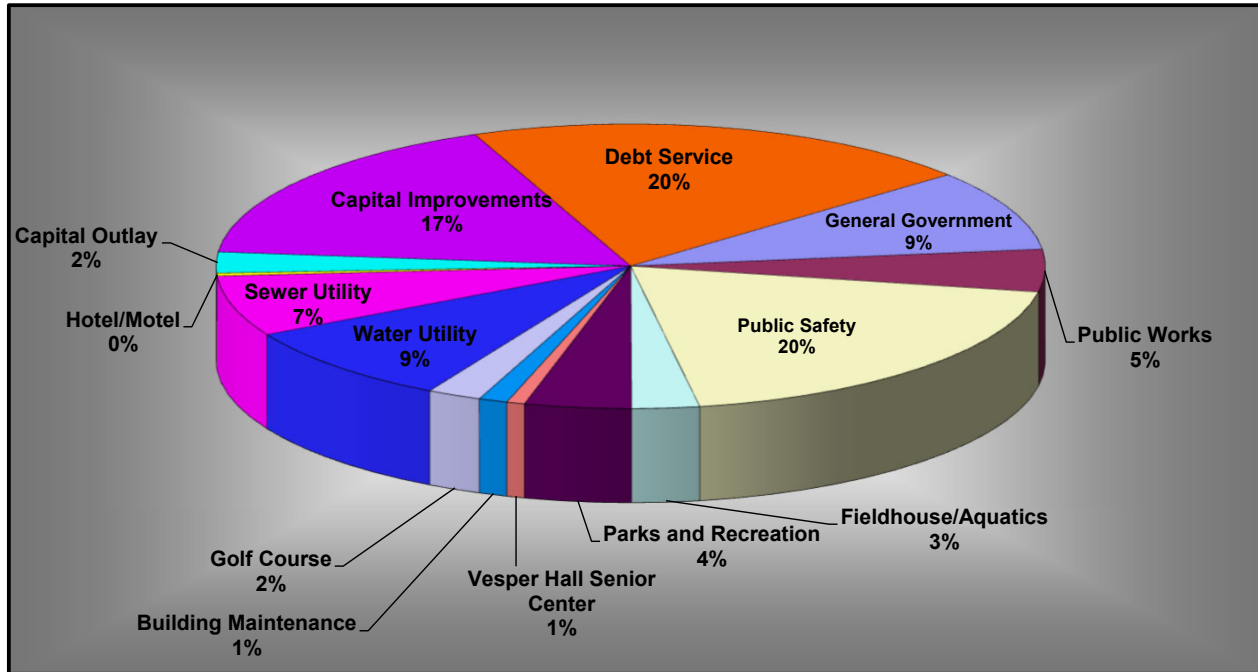

# Expenditures

Expenditures for the City of Blue Springs in the Fiscal Year 2023-24 will total \$85,746,282.

- The Expenditures include funding for:
  - personal services costs (salaries and benefits)
  - supplies and materials
  - contracted services
  - debt service payments (principal and interest)
  - capital outlay for equipment, vehicles, and computer enhancements, and
  - capital improvement projects
- The City has 336.13 Full-time Positions (including all full-time and part-time employees). The FTEs has increased by 20.64 positions compared to the 2022-23 adopted budget. The new positions include two Recreation Coordinators, IT Help Desk Coordinator, and a Staffing Coordinator for Human Resources.  
New positions for Blue Surf Bay Waterpark include five full-time positions and 11.64 FTEs for part-time positions. The part-time positions include lifeguards, swimming instructors and a maintenance worker.
- Capital Improvement expenditures focus on the following priority areas:
  - Sanitary Sewer and Water System Maintenance
  - Parks Deferred Maintenance
  - Pavement Maintenance Program
- Other major expenditure line items include Wholesale Water Purchases, Purchased Sewer Services, Facility Utilities, Street Light Utilities, Park Maintenance Supplies, Training, Fuel, Patrol Car Replacement, Street Maintenance Materials and Prisoner Expenses.

# Where Your Tax Dollars Go

## Property Tax Revenue Distribution

The 2023 property tax rate is \$8.0017 per \$100 assessed valuation. The City's portion of the \$8.0017 is \$0.5759. Of the \$0.5759, \$0.4259 goes to the General Fund for general government purposes and \$.15 pays debt service on general obligation bonds in the General Obligation Bond Debt Service Fund.

# Where Your Tax Dollars Go

## Sales Tax Revenue Distribution

The 2023 City sales tax rate is 8.725 % of gross sales. The City's portion of the 8.725 % is 1 percent. This is the largest general government revenue source for the City, and is used to finance general government and capital improvements. In addition, there is a .5 percent Transportation Sales Tax, which is used solely to finance transportation improvements, such as streets, a .5 percent Public Safety Sales Tax, which is used solely to finance Public Safety operations and a .5 percent Park Sales Tax, which is used solely to finance park improvements.

## **BUDGET MANUAL GUIDE**

This budget document was prepared with two major objectives in mind: first, to present a document that is easy to read and understand by citizens, and secondly, to prepare a fiscal plan that can be utilized by the City Council and City Management to attain their goals and objectives in providing quality services at a reasonable cost to the citizens of Blue Springs.

The City of Blue Springs is in compliance with the Government Finance Officers Association (GFOA) guidelines for budget presentation. The guidelines set forth by GFOA ultimately allowed the City to meet both of the objectives previously mentioned. This budget will continue to meet the requirements as:

- A Policy Document**
- A Operations Guide**
- A Financial Plan**
- A Communications Device**

The Budget document is prepared to provide information about the City, both financial and operational, from a variety of perspectives and degree of detail. The City's goal is to set plans and then to control the plan that has been initiated. The budget is one of the primary tools for setting and monitoring fiscal and program policies. When reading this document, it is useful to remember that it has been developed based on both organizational structure and financial structure.

In separate sections, the following information is provided:

**Introduction** – Includes the City Administrator's Budget Message, Organizational Chart, Distinguished Budget Award, and Ordinance Adopting the Budget.

**Budget in Brief** – Includes an overview of the Budget. This section highlights things such as Revenues, Expenditures, Capital Improvements, Tax Rates, and Debt Service Expenditures.

**General Information** – Includes the Budget Manual Guide, Budget Calendar, City funds and their descriptions, Facts & Figures, Financial Policies, Budgetary Basis and Controls, Accounting Principles, History and Demographic Statistics.

**Budget Summaries** – Includes Summary of Operating Statement that is divided up by Funds, which includes Revenues, Expenditures, Other Financing Sources and Available Net – End of the Year. A summary of Operating Expenditures is also provided.

**Budget by Department** – The departmental budgets, which are subdivided into divisions to account for the costs associated with specific activities or to account for the use of funds received from specific revenue sources. Each department is divided into seven major categories for comparative purposes.

*Mission & Service Description* – Describes the mission and duties of the department. A departmental goal is a broad statement of that department's mission. It is a statement that explains the reason for the existence of the department and establishes its direction.

*Objectives* – An objective is a specific, measurable achievement that an activity seeks to accomplish within a given time frame. Each objective is developed with a performance measure linked directly to it. The number of objectives will depend upon the size of the department and the number of different types of functions or services it performs.

*Performance Measures* – Performance measures are the results of an activity that can be measured and are linked directly to the Objectives.

*Expenditures by Appropriation Unit* - Each department has listed 2020-21, 2021-22 actual expenditures, 2022-23 adopted budget and the 2023-24 estimated budget and are divided into 5 major categories for comparative purposes.

- Personal Services – Includes wages, fringe benefits, and employee related expenses.
- Supplies and Materials – Includes office supplies, operating supplies, fuels and lubricants, etc.
- Contractual Supplies – Includes professional, training and education, contracted repairs, utilities, etc.
- Capital Outlay – Includes vehicles, and equipment. Equipment costs up to \$49,999 with a useful life greater than one year are considered capital outlay and are included in the operating budget.
- No. of Full-Time Equivalent Positions –Lists the number of employees employed in that division.

*Expenditure by Fund* – Indicates the fund that provides funding for the division.

*Department Goals* – A goal is a statement of what the department is intending to accomplish, to help focus attention on what services a department provides; helps broaden discussion about departments beyond by what they spend during that current fiscal year. City goals set the overall direction for the City, and as such, focus on priorities of program support and development. Goals ensure greater communication both internally and externally. Equally important, the goals have helped increase the City's accountability by providing the public with enhanced information about City services.

**Capital Improvements** – Capital Improvement Program is a five-year planning period for the City for long-term maintenance, equipment replacement, and capital investments with expenditures greater than \$50,000.

**Revenue Information** – All revenue sources in the City budget have been incorporated into this section of the budget. This section includes the Revenue Policy, projections, description of all revenue sources, summary pages of major revenues that represent at least seventy-five (75) percent of the total revenue for all funds, and detailed revenue spreadsheets for each fund.

**Appendices** – The following are highlighted in this section. Internal service Fund which is the City's Fleet Maintenance Department; they provide maintenance, repairs, fuel, and disposition of City vehicles and equipment as well interdepartmental support services: Personnel Information section you will find total of employees listed by department along with a chart with pay and salary structure: Debt Service gives you the City's Debt Service Schedule with tables listing the annual payments necessary to meet the debt service requirements: The City's assessed valuation and tax rates can be found here: Long-Term Financial Planning uses forecasts to provide insight into future financial capacity for the next 5 years: General Fund Revenue and Expenditure History will provide you with the last ten years of Revenue and Expenditure information: Budget Glossary section includes common acronym terms and definition of terms used throughout the budget document.

This budget document contains narratives that are simple and understandable, including graphs and charts for emphasis. The final adopted annual budget available and continues to be available for public inspection at various locations including the Public Libraries, City Clerk's office, and City of Blue Springs website ([www.bluespringsgov.com](http://www.bluespringsgov.com)).

# City of Blue Springs, Missouri

## Fiscal Year 2023-24

### THIS DOCUMENT INCLUDES THE FOLLOWING FUNDS:

**GENERAL FUND** – principal fund for the City and accounts for all financial transactions not accounted for in other funds.

**HOTEL/MOTEL TAX SPECIAL REVENUE FUND** – accounts for the accumulation and disbursement of the City's 6.5% hotel/motel occupancy tax.

**PUBLIC SAFETY SALES TAX FUND** – accounts for the accumulation and disbursement of the City's ½ cent Public Sales Tax that can only be used for public safety purposes.

**GENERAL OBLIGATION DEBT SERVICE FUND** – accounts for the accumulation of resources for, and the payment of principal, interest and other related costs of the City's general obligation (G.O.) bonds.

**CERTIFICATES OF PARTICIPATION** – accounts for the accumulations of resources for, and the payment of principal, interest, and other related costs of the City's Certificates of Participation.

**CAPITAL PROJECTS FUND** – accounts for resources used for the acquisition and/or construction of capital facilities, except those accounted for in enterprise funds.

**T.I.F. CAPITAL PROJECTS FUNDS** – established for the Tax Increment Financing (T.I.F.) for Adams Farm TIF, Copperleaf Village TIF, Fall Creek TIF, Highway 7 & 40 Project A TIF, Highway 7 & 40 Project B TIF, Highway 7 & 40 Project C TIF, White Oak TIF, White Oak A TIF, Wood Chapel TIF.

**FIELDHOUSE/AQUATICS FUND** – accounts for indoor recreational space related to all recreation activity services and the Aquatics Center Blue Surf Bay Waterpark. All activities to provide these services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, and financing.

**PARKS SALES TAX FUND** - accounts for the accumulation and disbursement of the City's ½ cent Parks Sales Tax that is dedicated to deferred maintenance of the City's park system.

**GOLF COURSE FUND** – accounts for all golf activity services related to the City golf course plus professional shop sales. All activities to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service.

**WATER UTILITY FUND** – accounts for the provision of water services to residents of the City. All activities necessary to provide such service are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service, and billing collection.

**SEWER UTILITY FUND** - accounts for the provision of sewer services to residents of the City. All activities necessary to provide such service are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service, and billing collection.

**FLEET MAINTENANCE FUND** – internal service fund accounting for maintenance of City-owned vehicles and equipment.

<p><b>FACTS &amp; FIGURES</b></p> <hr style="width: 50%; margin: 0 auto;"/> <p><b>2023-24 BUDGET</b></p>
--

- \* Total Recommended Operating Budget..... **\$51,724,940**
- \* Total Overall Budget..... **\$85,746,282**
- \* Recommended General Fund Operating Budget..... **\$31,568,895**
- \* Major Source of Revenue (City 1% Sales Tax) ..... **\$10,169,395**
- \* 34 Percent of General Fund Tax Revenues come from Sales Taxes
- \* Property taxes totaling \$5,601,063 provides 19 percent of total General Fund Revenues
- \* The City's total work force:
  - Full-time and part-time ..... **336.13**
- \* The largest department budget is Public Safety..... **\$17,389,664**
- \* The largest capital project appropriation is \$5,000,000 for Project ST-18 Wyatt Road East, 7 Highway to Adams Dairy Parkway
- \* Total capital outlay budgeted in all funds..... **\$2,032,243**

# FINANCIAL POLICIES

## PURPOSE

The City of Blue Springs has an important responsibility to its citizens to carefully account for public funds, to manage municipal finances wisely and to plan the adequate funding of services and facilities desired and needed by the public.

***Our fiscal policy has specific objectives designed to ensure our continued fiscal well-being. These objectives are:***

- ✚ To protect the governing body's policy-making ability by ensuring that important policy decisions are not controlled by financial problems or emergencies.
- ✚ To enhance the City Council's policy-making ability by providing accurate information on program and operating costs.
- ✚ To assist the sound management of the City government by providing accurate and timely information on current and anticipated financial conditions.
- ✚ To provide sound principles to guide the important decisions of the City Council and of management which have significant fiscal impact.
- ✚ To set forth-operational principles which minimize the cost and financial risk of government consistent with the services desired by the public.
- ✚ To employ revenue policies which prevent undue or unbalanced reliance on any one source; which distribute the cost of municipal services fairly and which provide adequate funds to operate desired programs.
- ✚ To provide and maintain essential public facilities, utilities, and infrastructure.
- ✚ To protect and enhance the City's credit rating.
- ✚ To ensure the legal use of all City funds through efficient systems of financial security and internal control.

## **REVENUE POLICY**

A diversified and stable revenue system will be maintained to shelter the government from short run fluctuations in any one-revenue source.

- ✚ Revenues for the next six (6) years will be projected and updated annually.
- ✚ Each existing and potential revenue source will be re-examined annually to ensure that they are kept current.
- ✚ One-time revenues will be used only for one-time expenditures. The City will avoid using temporary revenues to fund mainstream services.
- ✚ All revenue forecasts shall be conservative.
- ✚ Regular reports comparing actual to budgeted revenues will be prepared by Administration and presented to the Mayor and the City Council and the City Administrator to keep them abreast of the City's revenues.
- ✚ The City will maintain a high collection rate (ninety-five percent plus), consistent with the marginal cost of collection.
- ✚ All City funds shall be (a) safely invested, (b) with a sufficient level to liquidity to meet cash flow needs, and (c) invested at the maximum yield possible being safely invested with a sufficient level to liquidity to meet cash flow needs. One hundred percent (100 percent) of all idle cash will be continuously invested.
- ✚ The City will maximize the utilization of user charges in lieu of ad valorem taxes for services that can be individually identified and where the costs are directly related to the level of service. User fees shall be adjusted each year to reflect cost increases or decreases.

## **OPERATING BUDGET POLICY**

Current operating expenses shall not exceed current operating revenues.

Regular reports comparing actual to budgeted expenditures will be prepared and presented to the Mayor and the City Council and the City Administrator to keep them abreast of the City's expenditures.

Departmental objectives will be integrated into the City's annual budget and monthly departmental reports.

Before the City undertakes any agreements that create fixed cost, the cost implications, both operating and capital, of such agreements will be fully determined for the current and future years.

All non-salary benefits, such as Social Security, pension and insurance, will be estimated and their impact on future budgets annually assessed. Employees will be provided an annual summary that informs them of their total compensation including benefits.

Cost analysis of salary increases will include the effect of such increases on the City share of related fringe benefits.

City will annually submit documentation to obtain the Award for Distinguished Budget Presentation from the Government Finance Officers Association (GFOA).

## **CAPITAL IMPROVEMENTS POLICY**

City staff will prepare for the Council's adoption annually, a five (5) year Capital Improvements Program (CIP) that will detail each capital project, the estimated cost, the description and funding source. Future operating costs associated with new capital improvements will be projected and included in the operating budget forecast.

The City will determine and use the most effective and efficient method for financing all new capital projects as referenced in the Charter for the City of Blue Springs Section 7.4.

## **ACCOUNTING POLICY**

The City will maintain high standards of accounting. Generally accepted accounting principles (GAAP) will be used in accordance with the standard developed by National Council on Government Accounting and endorsed by the Government Finance Officers Association (GFOA).

An independent annual audit will be performed by a public accounting firm, which will issue an official opinion on the annual financial statements and a management letter detailing areas that need improvement.

Full disclosure will be provided in the financial statements and bond representations. Financial systems will be maintained to monitor expenditures and revenues on a monthly basis, with a thorough analysis and adjustment of the Annual Budget at mid-year and any other appropriate time.

The accounting system will provide monthly information about cash position and investment performance.

The City will annually submit documentation to obtain the Certificate of Achievement for Excellence in Financial Reporting from GFOA.

## DEBT POLICY

Long-term borrowing will be confined to construction of capital improvements and acquisition of capital equipment too large to be financed from current revenues.

Proceeds from long-term debt should only be used for construction project costs, acquisition of other fixed assets, bond issue costs, debt service reserve requirements, and refunding of outstanding bond issues and will not be used for current, ongoing operations.

Debt will be extinguished within a period not to exceed the expected useful life of the capital project or equipment.

The city should actively monitor its investment practices to ensure maximum returns on its invested bond funds while complying with Federal arbitrage guidelines.

The Finance Department should continually monitor outstanding debt issues to verify compliance with debt covenants.

The City's financial management policies should be oriented to maintain a balanced relationship between issuing debt and pay-as-you-go financing.

## RESERVE POLICY

As of **September 30, 2021**, the City implemented GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. This statement changed the fund balance classifications for the governmental funds. In the fund financial statements, governmental funds now report the following fund balance classifications:

Non-Spendable – This consists of amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact.

Restricted – This consists of amounts where constraints are placed on the use of those resources which are either externally imposed by creditors, grantors,

contributors, laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Committed – This consists of amounts which can only be used for specific purposes pursuant to constraints imposed by formal action of the City Council.

Assigned – This consists of amounts which are constrained by City management's intent to be used for a specific purpose but are neither formally restricted by external sources nor committed by City Council action. The City Administrator has the authority to assign amounts for a specific purpose in this category. Likewise, the City Administrator has the authority to take necessary actions to un-assign amounts in this category.

Unassigned – This consists of the residual fund balance that does not meet the requirements for the non-spendable, restricted, committed, or assigned classifications. A positive unassigned fund balance is only possible in the general fund.

The City has a fund balance policy that provides guidance for programs with multiple revenue sources. The policy is to use restricted resources first when expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance and lastly unassigned fund balance.

The City has stabilization arrangements that set aside 25% of the prior year's budgeted General Fund expenditures. The 25% is divided into two reserve categories, the emergency reserve at 17% and the budget stabilization reserve at 8%. The emergency reserve shall only be used if the City directly experiences a natural disaster that jeopardizes public safety, the Federal Government or State of Missouri formally declare a disaster or emergency or if no reasonable budget adjustments are available to continue providing essential services to the public. The budget stabilization reserve shall only be used if there is a sudden or unexpected decline in ongoing revenues greater than 8% of General Fund operating revenues, short term stabilization is needed to minimize significant changes in insurance rates or premiums, funds are needed as part of a matching grant for a major project for which budgeted funds are not available or for sudden or unexpected capital outlay replacement needs such as a facility failure. If the reserves are spent below the minimum required level, the City will develop and implement a plan to replenish the reserves. This plan will restore the reserves within 2 years for the emergency reserve and 5 years for the budget stabilization reserve. During an economic downturn, the timeline for restoring the reserves will not begin until revenues have stabilized.

## **ENTERPRISE FUND POLICY**

Utility user charges will be based on cost of services and established to generate sufficient revenues to recover annual system operation, maintenance and equipment costs. Rates will be structured so that they are in accordance with all Federal and State regulations.

City staff will conduct a comprehensive rate study every three years for both the Water and Sewer Utilities. In each of the intervening years, the staff will review and update the current study.

The administrative service fee is a payment from the Water and Sewer Fund to the General Fund for the rental of building, cost of equipment, utilities and service usage provided by General Fund departments. Consequently, the amount of each year's service fee will be based on the estimated General Fund expenditures that represent direct services provided to Sewer and Water, less those that are directly billed.

Capital revenues, for system improvement and system expansion, will be fifteen (15) percent of the total fund budget and calculated as part of the user rates.

Capital set-aside from the user rates will be maintained for the sole purpose of covering the replacement cost of each utility's facilities and capital plant. The total reserve amount for each fund will be one (1) year's depreciation expense and will be used to minimize borrowing in the future.

The Sewer and Water Operation and Maintenance (O&M) Funds will maintain a cash reserve equal to six (6) weeks of operation and maintenance expenses. These funds will be used to avoid cash-flow interruptions, generate interest income, reduce need for short-term borrowing and assist in meeting any emergency expenses.

## **BUDGETARY PROCESS**

The City and City Council follow this process to formulate the budget. In addition to meeting all legal requirements, this process is designed to draw on the ideas of the City employees, elected officials and citizens.

Late March - Departments begin formulating their departmental budgets.

Mid-April - Administration and City Administrator finalize revenue projections for the coming budget year. Departments submit program objectives and budget requests to the City Administrator.

Early June - The City Administrator meets with department directors to discuss goals, objectives, budget requests, capital improvement projects and program measurements.

Early July - The City Administrator formulates a balanced budget.

August 1 - The City Administrator distributes a recommended budget to the Mayor and City Council as referenced in the Charter for the City of Blue Springs Section 7.3.

Late August - The City advertises that a public hearing will be held on the budget. The advertisement invites citizen's comments relative to said proposed FY 2023-24 budget. Anyone desiring further information is invited to contact the City Clerk at 903 West Main Street, Blue Springs, Missouri, Monday-Friday, 8:00 a.m.-5:00 p.m., Phone # (816) 228-0110.

Early September - The Mayor and City Council hold a public hearing on the budget to obtain citizen comments.

Late September - The Mayor and City Council adopt the budget.

October 1 - The budget becomes effective. The City Administrator is authorized to approve overspending of budgeted line items; however, any major overspending of budgeted department expenditures or fund budgets requires approval by the City Council.

## **BUDGETARY BASIS AND CONTROLS**

The City's policy is to prepare the annual budget for governmental fund types on the modified accrual basis, and proprietary fund types on the accrual basis.

Budgetary control is maintained at the department or fund level by encumbering funds for the estimated purchase amounts when purchase orders are released to vendors. Purchase orders, which result in an overrun of line item balances, are not released until approved by the Director of Finance. However, any major overspending of department or fund budgets requires approval of the City Council. Open encumbrances are reported as reservations of fund balance at year-end since the City intends to honor the purchase orders in the subsequent year.

Each year, the City develops its municipal budget based on zero-based budgeting technologies. Great emphasis and effort are made in the budget process to define program services, itemize in detail expenditure activities, establish performance standards and report productivity, where possible, on unit costs.

Equally important in the development of the annual budget is the preparation of the financing plan. The revenue side of the budget identifies revenues to be used in funding municipal services and forecasts the estimated income each will produce. The City's revenue plan will vary from year to year, as national and local economic conditions and other influences change.

## **BUDGETARY REPORTING**

Administration will provide monthly reports of budget position to each Department Director, the City Administrator, Mayor and City Council.

## **AMENDED BUDGET PROCESS**

It is the responsibility of the Department Directors to monitor the expenditures monthly. The Budget Analyst distributes monthly reports that are used to review and analyze expenditures to maintain control of spending and address goals and objectives with performance.

During the budget year, with approval of the City Administrator, a budget amendment will be prepared and submitted to the Mayor and City Council. In the event of an emergency, the City Administrator may authorize expenditure by a department, which is in an "overrun" situation.

## SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

The accounting and reporting policies of the City conform to generally accepted accounting principles applicable to local government. The following represents the more significant accounting and reporting policies and practices of the City:

In determining the agencies or entities, which comprise the City for financial reporting purposes, the criteria of oversight responsibility over such agencies or entities, special financing relationships and scope of public service provided by the agencies or entities are used. Oversight responsibility is determined by the extent of financial interdependence, control over the selection of the governing authority and management, ability to significantly influence operations and accountability for fiscal matters. Based on these criteria, there are no other agencies or entities which should be included in the financial statement of the City.

### Basis of Presentation

The accounts of the City are organized on the basis of funds and groups of accounts, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts which comprise its assets, liabilities, equities, revenues and expenditures or expenses. The various funds are grouped by type in the financial statements. The following fund types and account groups are used by the City.

### Governmental Fund Types

**Governmental Fund Types** include the general fund, special revenues funds, capital projects funds, debt service funds, and permanent funds. The Governmental Accounting Standards Board (GASB) has clarified the definitions of these funds as follows:

**The General Fund:** The general fund is used to account for all financial resources not accounted for and reported in another fund.

**Special Revenue Fund:** Special revenues funds are used to account and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service or capital projects. The specific restricted or committed revenue sources should be expected to continue to comprise a substantial portion of the fund. The City's Special Revenue Funds are the Hotel Motel Tax, Public Safety Sales Tax and Park Sales Tax. Other resources reported in a special revenue fund, such as transfers or investment earnings, may be reported if they are also restricted, committed or assigned for the specific purpose of the fund.

**Debt Service Fund:** Debt service funds are used to account for all financial resources restricted, committed or assigned to expenditure for principal or interest.

**Capital Project Fund:** Capital projects funds are used to account for all financial resources restricted, committed or assigned to expenditure for capital outlays.

**Permanent Fund:** Permanent funds are used to account for resources restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs – that is, for the benefit of the government or its citizens.

## **Proprietary Fund Types**

**Proprietary Funds** are those used to account for the City's ongoing organizations and activities which are similar to those often found in the private sector. The measurement focus is upon determination of net income. The following are the City's proprietary fund types:

**Enterprise Funds** account for operations that provide a service to citizens, financed primarily by a user charge for the provision of that service, and activities where the periodic measurement of net income is deemed appropriate for capital maintenance, public policy, management control, accountability or other purposes. The City's Enterprise Funds are the Fieldhouse Fund, Golf Course Fund, Water Utility Fund and the Sewer Utility Fund.

**Internal Service Funds** account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governmental units, on a cost-reimbursement basis. The City's Internal Service Fund is the Fleet Maintenance Fund.

## **Fiduciary Fund Types**

**Agency Funds** account for resources received and held by the City as agent and are to be expended as directed by the party for which the City is acting as agent. The City maintains seven agency funds, the Jackson County Tax Agency Fund, Employee Flex Benefit Agency Fund for City employees, Eastern Jackson County Betterment Council Agency Fund, Adams Farm Transportation Development District Fund, Coronado Drive (Walmart) Transportation Development District Fund, the Adams Dairy Landing CID Fund, the Oaks at Woods Chapel CID Fund and the White Oak CID.

## **Basis for Accounting**

The modified accrual basis of accounting is utilized by all governmental and agency fund types. Under the modified accrual basis of accounting, revenues are recorded as collected unless susceptible to accrual, i.e., amounts measurable and available to finance the City's operations or of a material amount and not received at the normal time of receipt. Significant revenues which are considered susceptible to accrual include delinquent property taxes (on the basis of amounts expected to be collected within 60 days of year-end), sales, utility and franchise taxes, interest and certain State and Federal grants and entitlements. Expenditures, other than interest on long-term debt, are recorded when the liability is incurred.

In applying the susceptible-to-accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of these revenues. In one, monies must be paid to the City; therefore revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible-to-accrual criteria are not met.

Licenses and permits, charges for services, fines and forfeitures, and miscellaneous revenues are recorded as revenues when received in cash because they are generally not measurable until actually received.

The accrual basis of accounting is utilized by the proprietary fund types. Under this basis of accounting, revenues are recognized when earned (including unbilled services) and expenses are recorded when liabilities are incurred.

# Blue Springs

## Missouri

Blue Springs' history, like that of so many Midwestern communities, is tied to the migration of settlers on their westward journey. Pioneers found the area to be an ideal stopover due to the abundance of cool, clean water. The major source of water came from a spring at the mouth of the east fork of the Little Blue River; hence the name 'blue springs.' The presence of water and a need for pioneer supplies led to the construction of a grist mill and permanent settlement at the site of the City's Burrus Old Mill Park.

The community of Blue Springs was organized as part of Jackson County in 1827 and became the fourth settlement in the county, pre-dating Kansas City.

An early settler, Franklin Smith, arrived in Blue Springs from Virginia in 1838 and became a leading figure in the community's development. He established the first post office in 1845, naming it after the well-known springs.

The settlement continued to grow near the springs until 1878, when the Chicago and Alton Railroad announced plans to build a station about one mile east of the original settlement. To take advantage of the commerce the railroad would bring, the town moved its center to the site of the new station and continued its development as a rural trading center.

Growth continued at a steady pace, and was hastened by the beginning of World War II, when the Lake City Arsenal munitions plant opened north of the city, employing many residents. Another stimulus to growth occurred in 1965, with the opening of Interstate 70, which greatly improved access to Kansas City, Missouri.

In 1970, Blue Springs had a population of 6,779. By 1980, the city had more than quadrupled, boasting a population of 25,936. In 2004, the population for the City exceeded 50,000 at 51,910. Today, Blue Springs is one of the fastest-growing cities in Missouri, boasting a population of 59,518 residents.

In the midst of the City's phenomenal growth and new development, community leaders continue to implement programs designed to maintain historical properties in order to preserve Blue Springs' historically significant elements and century-old roots.

# Administration

Administration is the focal point of activities between the Mayor, City Council and City Departments, providing administrative leadership for the organization and translating policy as determined by the City Council into operating programs. The department directs the delivery of municipal services and provides expert advice on City Operations, community visioning and intergovernmental/regional cooperation. In addition, the department manages records and provides communication services both to the community and City employees.

## Major Services

- ◆ Provide Administrative Support to Economic Development Initiatives and Strategic Goals
- ◆ Continue Programming for Channel 7 (CTV 7)
- ◆ Provide On-going Funding for Management and Customer Service Training
- ◆ Provide Legal Services to the Mayor and City Council, City Departments and City Boards and Commissions
- ◆ Provide support for an average of 505 employees through Human Resources
- ◆ Prepare and Implement the City's Annual Budget
- ◆ Provide ongoing communications with residents, community partners and businesses through a variety of methods
- ◆ Provide technical recommendations, strategic direction, support and network security for the City's data, communication, disaster recovery and e-Government needs

## Highlighted Accomplishments

- ◆ Continue to advance the goals of the five-year Strategic Plan based upon the Strategic Plan Framework
- ◆ Facilitate Records Management Policy utilizing physical and electronic Records Centers
- ◆ Developed best practices and guidelines manual for website content editors and implemented training to continue to improve City website and create consistency
- ◆ Worked with the Chamber of Commerce on Buy Blue Springs program.
- ◆ Successfully resolved legal matters to the benefit of the City and its residents
- ◆ Worked successfully marketed and educated voters about the Recreational Marijuana 3% sales tax.
- ◆ Processed new hires, including seasonal staff through Breezy hiring portal.
- ◆ Reported 342 1095-C forms directly to IRS - required to comply with Affordable Care Act reporting requirements - Kronos system provided the data and we were able to transmit to the IRS
- ◆ Implemented Civility and Bullying policies
- ◆ Worked with HR and CBIZ to ensure network security met requirements for cyber-insurance coverage
- ◆ Completed Year 2 of the City's three-year Diversity plan.
- ◆ Broadcast live feed of City Council and Planning Commission meetings via YouTube link on City's website
- ◆ Negotiated Union Contract with the Fraternal Order of Police
- ◆ Negotiated Union Contract amendment with International Association of Machinists - Public Works
- ◆ Coordinated the Land Bank monthly meetings, financial reporting and sale of property.
- ◆ Implemented ContractSafe software for contract management.
- ◆ Tracked dangerous buildings and assisted with enforcing abatements of nuisances including scheduling and prosecuting at public hearings
- ◆ Direct and assist outside legal counsel, provide research and records, for litigation
- ◆ Filled urgent need in Prosecutor's office by self directed learning & training to keep prosecution of cases running smoothly
- ◆ Worked with Community Development and Public Works on the annexation of the Carriage Oaks and Highlands Ranch subdivisions.
- ◆ Hired employees to fill the vacancies of Communications Manager, Economic Development Director, Public Works Director, and Information Technology Director.

-------------------------	----------------------------	---------------------	-------------------------	--------------------------------

## SUPPORT SERVICES

### Departmental Goals

1. Implement City Council priorities and goals based upon the Strategic Plan Framework and citizen survey action plans.
2. Provide timely responses to Council and citizen requests for information.
3. Submit for and receive Distinguished Budget Presentation Award through the Government Finance Officer's Association.
4. Utilize digital and traditional communication tools to enhance public information and engagement.
5. Promote the value of key City services through communication and education and establish public trust by communicating with timeliness and transparency.
6. Provide benefits communication, conduct annual insurance open enrollment, and host annual wellness fair.
7. Provide IT assistance in implementation of the timekeeping and payroll system, the online business license and permitting system, and public safety online crime reporting.
8. Research and implement enhanced system security measures and technologies.
9. Utilize and support technology to improve organizational and individual productivity.
10. Assist Council and staff in maximizing the City's position with respect to legal opportunities, options, requirements and restrictions while minimizing risk.
11. Draft and review contracts, policies, and other legal documents for the City.
12. Oversee benefits and compensation administration and compliance.
13. Provide effective municipal ordinance outcomes internally and externally.

## City Council and Mayor

The City Council is the governing body of the City of Blue Springs and is responsible for establishing laws and policies in accordance with State, Federal and City Charter requirements. The Mayor and the six-member City Council appoint citizens to various boards, commissions and committees to carry out City Council policies, ordinances, and to advise the City Council on a wide variety of community and region issues.

### Major Services

- ◆ Work with the Eastern Jackson County Betterment Council and the Blue Springs Economic Development Council to promote Eastern Jackson County as a business destination point and develop a legislative agenda that will have a positive effect on Eastern Jackson County cities
- ◆ Work with Missouri Municipal League and National League of Cities to support legislation that will positively impact local and regional communities
- ◆ Continue funding for Public Art Commission
- ◆ Identify opportunities to implement various strategic initiatives and policy goals

### Highlighted Accomplishments

- ◆ Continued to advance goals of the Strategic Plan Framework
- ◆ Provided ongoing support and leadership to the Mid America Regional Council in areas relating to transportation, public safety, health, and environmental sustainability
- ◆ Made many presentations and public appearances and local and regional events supporting organizations such as: Truman Heartland Community Foundation, Rotary, Community Services League, Downtown Alive, Blue Springs Chamber of Commerce, Blue Springs Historical Society, DARE graduations, National Night out Against Crime, Citizen Public Safety Academy, and many others

# Community Development

## Geographic Information Systems (GIS)

**Mission:** To develop an information database and complementary tools for analyzing and mapping the status of development and physical improvements throughout Blue Springs, in support of citywide planning efforts.

**Service Description:** The Geographic Information Systems (GIS) Division of the Community Development Department is responsible for the design, implementation, and management of the City's enterprise geographic information system. A centralized database ensures that all departments have access to the most current data in a standardized format, allowing for the integration of business processes. Spatial models are built in order to automate certain business processes, to query and analyze geographic information from diverse data sources, to answer important questions, examine patterns and trends, and support day-to-day operations.

Objectives		Goal Alignment
<b>A</b>	Manage and update geographic information and maps of the City of Blue Springs for use by citizens and staff.	19
<b>B</b>	Provide online access to Blue Springs geographic data for the public.	11, 13
<b>C</b>	Ensure availability & accuracy of GIS data for all City departments & cost centers.	12

Performance Measures		2022 Actual	2023 Adopted	2024 Budget
<b>A</b>	Number of GIS files made available for use by the public	5	5	5
<b>B</b>	Number of custom maps created for various departments	5	20	20
<b>C</b>	Number of GIS maps available on Internet	4	11	18

# Community Development

## Business Services

**Mission:** To oversee the timely assessment of business licenses and liquor licenses established by City ordinance, and ensure the timely deposit of all license payments remitted to the City; and efficiently facilitate the development review approval process and to help resolve conflicts that arise related to that process, incl. application processing, business licensing, and permitting.

**Service Description:** The Business Services department is responsible for issuing and enforcing all City and State requirements regarding business licenses. The department also issues and regulates City liquor licenses, fireworks permits, and peddlers/solicitors permits.

Objectives	Goal Alignment
<b>A</b> Issue and enforce all statutorily requirements regarding City business licenses.	14,18
<b>B</b> Track department statistics to seek ways to improve daily processes.	15
<b>C</b> Improve New Business License Processing Time	10,17

Performance Measures	2022 Actual	2023 Adopted	2024 Budget
<b>A</b> Average number of days to process a new business license	4	3	3

## Debt Service

The Debt Service Funds were established to account for the accumulation of resources for, and the payment of, long-term debt principal and interest. The City utilizes six (6) funds to record the receipt and disbursement of monies used to repay principal and interest charges on city issued debt. The following are the six (6) funds used to record this activity: General Obligation (GO) Bonds, Public Safety Sales Tax Fund (PSST), Tax Increment Financing (TIF) Capital Projects Fund, Fieldhouse/Aquatics Debt Service Fund, Sewer Debt Service Fund, and Water Debt Service Fund.

### Major Services

- ◆ Payment of principal, interest and fiscal charges on Certificates of Participation used for Adams Pointe Golf Course
- ◆ Reimbursement of debt Service and/or construction costs within Tax Increment Financing Districts
- ◆ Payment of principal, interest and fiscal charges on General Obligation Bonds approved by the voters on August 2, 2008 for the construction of several street projects throughout the City
- ◆ Payment of principal, interest and fiscal charges on Special Obligation NID bonds used for the south Area Sewer Improvements
- ◆ Payment of principal, interest and fiscal charges on State Revolving Loan Fund bonds used for the Sni-A-Bar Plant Expansion Improvements
- ◆ Payment of principal, interest and fiscal charges on Special Obligation Bonds used for the construction of Blue Surf Bay Waterpark.
- ◆ Payment of principal, interest and fiscal charges on Certificates of Participation used for the Public Safety Building Remodel and Expansion

## General Obligation Bond Debt Service

**Mission:** The General Obligation Bond Fund is used to account for the funds to repay GO Bonds. General obligation, property tax-supported bonding should be used to finance only those capital improvements and long-term assets which have been determined to be essential to the maintenance or development of the City, provided that the total general obligation indebtedness of the City does not exceed 20% of the assessed valuation of taxable property.

**Service Description:** During FY 2012, the city issued \$7.7 million on GO Bonds for the construction of Phase 2 of Woods Chapel Road. The 2009 GO Bonds, \$15 million were issue to complete the Moreland School Road extension, the Colbern Road and Highway 7 intersection and Phase 1 of Woods Chapel Road. The principal amount of the City's outstanding GO Bond debt at the end of FY 2022 will be \$16,410,000.

## TIF Capital Projects Fund

**Mission:** The Tax Increment Financing Capital Projects Fund provides funding to reimburse developers for capital improvements in blighted and developing areas of the city. Fifty percent (50%) of sales tax proceeds and the increments of the new property taxes generated from the improvement are reimbursed to the contractor for debt service and/or construction to the development area. TIF proposals are reviewed by a TIF commission that makes recommendations to the City Council. State Statute sets the maximum life of TIF projects at 23 years. The City's active TIF projects are Copperleaf Village, the Oaks at Woods Chapel and the White Oak TIF.

**Service Description:** In FY 2015, the Adams Farm TIF bonds were refunded to remove the City's financial backing from the bonds and in FY 2016 the White Oak TIF Special Obligation bonds were approved.

## Public Safety Sales Tax Fund

**Mission:** The Public Safety Sales Tax Fund is used to provide funding to repay a lease purchase agreement on the purchase of a new radio system for public safety communications and to repay COPs for the Public Safety Building expansion project.

**Service Description:** In June 2014, the City issued \$19.375 million in Certificates of Participation for the Public Safety Building expansion project. This debt will be repaid over 30 years.

## Enterprise Funds

**Mission:** The Fieldhouse Fund pays for debt service on the \$1.5 million loan from the Sewer Fund for the renovation of the Fieldhouse. The Golf Course Fund pays principal, interest, and fiscal charges on Series 2014 Certificates of Participation for the Adams Pointe Golf Club. The Water and Sewer Funds are used to provide funding for infrastructure necessary to provide water and sewer services to the residents of Blue Springs.

**Service Description:** The Fieldhouse borrowed \$1.5 million from the Sewer Fund for renovation of the Fieldhouse. The Golf Course fund issued \$3.27 million in COPs that will retire in 2025. The Sewer Fund issued \$24.5 million in SRF bonds for the expansion of the Sni-A-Bar sewer treatment plant and \$18.7 million in limited obligation bonds for the South Area Sewer NID. The Water Fund has two agreements with the Tri-County Water Authority for plant expansion improvements to increase capacity.

# Finance

The Finance Department is responsible for managing the fiscal affairs of the City and for providing total accountability to management, elected officials and citizens for all City resources.

## Major Services

- ◆ Implement new policies and technology to enhance the efficiency and effectiveness of all fiscal transactions
- ◆ Document policies and procedures for all Finance related activities
- ◆ Provide accurate billing and timely collection for all fees and charges to over 22,000 City-provided water/sewer accounts
- ◆ Ensure accurate and timely financial reporting

## Highlighted Accomplishments

- ◆ Completed 2022 Audit with one audit finding.
- ◆ Completed cost certifications for White Oak TIF and Fall Creek CID and filed the NID assessments including new plats in the NID; Edgewater 2nd, 3rd and 4th Plats, Villas North 1st Plat, Chapman Ridge 3rd Plat, Redwood Blue Springs and Eagles Ridge Estates 4th Plat.
- ◆ Implemented Governmental Accounting Standards Board (GASB) Statement No. 87 related to accounting for leases.
- ◆ Received and managed grant for American Rescue Plan Act (ARPA) funding as required by the federal government.
- ◆ Issued Special Obligation Bonds in the amount of \$34.37 million for the construction of the aquatics center.
- ◆ Reorganized and updated labeling of Finance Department folders in order for employees to more easily access needed information and to establish a process for destruction of expired records.
- ◆ Reviewed and updated sewer interceptors in the utility billing system for consistency with information held by Public Works.
- ◆ Improved a manual process by providing view only rights to the utility billing system for various City employees to obtain non-sensitive information needed for business purposes.
- ◆ Enhancements completed on the Utility Billing monthly statement to better identify the pay-by-phone payment line, the office assistance line and the email address.
- ◆ Created a new route for billing sewer charges and a special assessment fee, required by contract, for newly annexed properties located in the Carriage Oaks and Highlands Ranch subdivisions.
- ◆ Improved customer service provided to Landlord/Management Companies, builders and contractors by utilizing the Harris Innoprise system to retain ownership/management information for rental property service locations.
- ◆ Council approved an updated Intergovernmental Agreement between the City of Blue Springs and Public Water Supply District #13.

## SUPPORT SERVICES

### Departmental Goals

1. Implement all recommendations suggested by the Independent Auditors during the City's Annual Audit.
2. Complete the 2022-23 fiscal year audit of the City's financial statements with RSM US LLP and file reports with all required entities within 180 days of fiscal year end.
3. Prepare financial reports and upload financial data to the City's website so that financial information is available to City staff, Council and citizens.
4. Implement services identified in the City's new banking contract approved by Council in August 2023. Focus on electronic payment for all contracts and acceptance of additional payment cards.
5. Implement process improvements related to electronic workflows, projects, and financial reporting in the City's financial software which will be upgraded to CitySuite in 2023.
6. Establish special assessments for properties within the south area Neighborhood Improvement District and track payments in order to meet debt service obligation.
7. Implement and monitor financial activities associated with the various Economic Development Incentive programs and grants, including Tax Increment Financing projects, Community Improvement District taxes, Transportation Development District sales taxes, 353 and Chapter 100 bond projects, and Neighborhood Improvement District special assessments and ARPA.
8. Prepare financial reports for the Parks and Public Safety Sales Taxes and provide Public Safety information to the PS Citizens Advisory Board.
9. Submit for and receive awards through the Government Finance Officer's Association for the Annual Comprehensive Financial Report and the Popular Annual Financial Report.
10. Update processes for collection of service orders, meter readings, meter maintenance, and service locations from Elements, the new Public Works software.
11. Improve billing and collection processes by entering parcel numbers into the Utility Billing Department software and working with the GIS coordinator to utilize the mapping software to
12. Update utility bills to provide more information to the customer, including itemized charges and previous payment.
13. Upgrade the Utility Billing software to CitySuite and review processes to ensure the system is utilized to its full capabilities.

## Accounting

**Mission:** The Accounting Department is responsible for managing the traditional processing of all of the City's invoices for goods and services and recording all related general ledger transactions in order to prepare financial statements in conformity with general accepted accounting principles. This department is also responsible for establishing and maintaining an internal control structure. The objectives of an internal control structure are to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition.

**Service Description:** To manage and coordinate the daily financial operations of the City and to provide accurate, timely, and complete financial accountability for all city resources to citizens, elected officials, staff, and external funding agencies.

Objectives	Goal Alignment
<b>A</b> Provide monthly financial reports that accurately present the City's current financial position.	2, 3, 8
<b>B</b> Ensure timely payment to employees and external vendors of all obligations incurred.	2, 3, 5
<b>C</b> Maintain the City's accounting records in an accurate and timely manner, exercising adequate internal controls over the City's financial resources, and provide ongoing cost accounting analysis.	1 - 9

Performance Measures	2022 Actual	2023 Adopted	2024 Budget

## Utility Billing

**Mission:** To oversee the accurate billing and timely collection of all user fees charged for City-provided water and sewer utility services.

**Service Description:** The Utility Billing oversees the accurate assessment, billing and timely collections of charges for the City's Water and Sewer Utility services. They also provide customer service assistance for establishing, transferring or discontinuing service, billing inquiries and account information.

Objectives	Goal Alignment
<b>A</b> Accurately bill and monitor meter readings for all customer accounts. Provide consumption information and billing history for the online customers, while ensuring bills are printed and mailed in a timely and cost effective manner to customers who continue to receive paper statements.	10,11,12,13
<b>B</b> Utilize system enhancements for better tracking, reporting, and collections of current and final accounts.	10,11,12,13
<b>C</b> Provide timely customer service; assistance regarding usage and billing history and establishing, transferring or discontinuing utility service. Maintain an average number of 5 days for final billing.	10,11,12,13

Performance Measures	2022 Actual	2023 Adopted	2024 Budget

# Municipal Court

The Blue Springs Municipal Division 241 is a division of the 16th Judicial Circuit Court of Jackson County, Missouri. Division 241 maintains all files and papers necessary to schedule and conduct trials, pleas, arraignment hearings, sentencing, probation revocation hearings, bond revocation hearings, and post-trial motions related to violations of city ordinances. The court administrator, clerical staff, bailiff and judges administer the process of adjudicating matters under the divisions' jurisdiction. The efforts of all are directed toward the goals of the fair and efficient administration of justice, to dispense equal justice to all, to provide courteous and respectful service to the public and to encourage respect for the rule of law.

## Major Services

- ◆ Process 4,227 new cases in FY 2022
- ◆ Continue to improve processes and procedures, as needed, for better efficiency for staff and better customer service to the public
- ◆ Implement changes to the divisions' procedures in compliance with legislative and Supreme Court changes
- ◆ Process all charges filed in Division 241 by the Prosecutor and maintain accurate and accessible records
- ◆ Collect bonds posted with BSPD for Blue Springs Municipal Division charges only and processing such appropriately
- ◆ Process all warrants and bond forfeitures timely, as needed

## Highlighted Accomplishments

- ◆ Processed all charges filed in Division 241 by the City's Prosecutor
- ◆ Maintained accurate and accessible records
- ◆ Collected and process bonds for Division 241 from BSPD
- ◆ Provided continuing education training to staff and Municipal Judges
- ◆ Implemented the State mandated case management system, Show-Me Courts
- ◆ Implemented restructured docket schedule, offering Pro se, Attorney, Domestic Violence, Bond Forfeiture, and Trial dockets. This provided more efficient dockets to the public and the staff

## SUPPORT SERVICES

### Departmental Goals

1. Implement Parks Sales Tax Program as approved by voters.
2. Respond to citizen concerns using the Service Pointe, citizen complaint tracking system.
3. Perform regularly scheduled on site reviews of parks and facilities.
4. Conduct a variety of marketing options to inform the public of parks and recreation opportunities.
5. Obtain a satisfaction rating of 3.5 or higher for all recreation program surveys.
6. Have a dedicated webpage with current information for each recreation program/event on the City's website.
7. Continuously research and plan new recreation programs/events for a variety of age groups for the community.
8. Ensure Recreation programs/events are in good financial standing by setting appropriate registration fees.
9. Use technology to ensure confidential patron information is stored in a secure location.
10. Research and plan new programs/events for the 50 Plus population that are held at Vesper Hall and not held at Vesper Hall.
11. Conduct a variety of marketing options to inform the public of Senior Services recreation opportunities.
12. Obtain a satisfaction rating of 3.5 or higher for all 50- Plus programs, meals, and events surveyed.
13. Monitor contract mowing operation to ensure mowing cycles are maintained.
14. Create a Maintenance Management and Operation Standards document to improve maintenance and data collection.
15. Decrease weeds in Right-Of-Way planting bed areas with correct preventative maintenance practices and plan. Reference Maintenance Management and Operation
16. Implement Safety and Maintenance monthly inspections for parks facilities and grounds.
17. Reduce the number of customer complaints about shelter rentals and facility rentals.
18. Provide clean and safe facilities and to react to issues in a timely manner.
19. Provide opportunity to cross-train personnel and maintain continuity of institutional knowledge of systems and structures.
20. Implement work order system to effectively track and schedule maintenance procedures and repairs.
21. Maintain park shelters, restrooms and concession buildings in a safe and usable condition.
22. Reduce the amount of electrical usage using LED where applicable.
23. Provide affordable fitness options for all ages of the community and surrounding service area through Fieldhouse Memberships and programs.
24. Schedule and attract events that bring visitors into Blue Springs that provide an economic impact through visiting business throughout Blue Springs.

## Departmental Goals

25. Evaluate programs and activities and determine where new program opportunities are present and develop new programs to meet the entire needs of the community regardless of age.
26. Develop clean and maintenance protocols for daily weekly and monthly cleaning and maintenance items to ensure the facility is maintain in a safe, clean and visually pleasing to the public and users.
27. Promote the use of new RecTrac and WebTrac software system to enhance registration and reservation processes.
28. Expand recreation program opportunities by adding new programs as well as special event opportunities.
29. Continue to promote membership opportunities so that golf course can sell a combination of memberships that total \$180,000.
30. Maintain consistent number of over 36,000 annual rounds played.
31. Advertising non-golf banquet rentals packages that will allow staff to up-sell clients and spend more money in both food and beverages.
32. Monitor expenses early in the season (October through March) so the facility is more prepared for the unplanned expenses that come up.
33. Defer unnecessary projects so that seasonal expenses will have a minimal impact as the year comes to a close.
34. Obtain a satisfaction rating of 3.5 or higher for all Fieldhouse members.
35. Implement a log for record keeping of sanitizing and disinfection of equipment and surface for Vesper Hall.
36. Start developing policies and procedures for expansion of building.
37. Expand large-scale program offerings
38. Review and update Fieldhouse member handbook to ensure new polices are applicable to new programs and opportunities

## Building Maintenance

**Mission:** Building Maintenance is responsible for the maintenance of all city-owned buildings and grounds as well as all janitorial services for buildings. Services provided include maintenance and repair of heating, ventilation, air conditioning, plumbing, electrical systems and cleaning of buildings. Additionally, employees of this division implement structural improvements and repairs to buildings and grounds.

**Service Description:** Implement teamwork and cultivate a positive attitude while also providing preventative maintenance measures and maintaining our city parks, grounds, and buildings.

Objectives	Goal Alignment
<b>A</b> Utilize our work order program and identify needs and prioritization through that system.	18
<b>B</b> Provide cross training to all employees and utilize contractors in city buildings when necessary.	19
<b>C</b> Continue to expand the usage of Asset Essentials work order system to track and report requests for service.	20
<b>D</b> Utilize our Custodial Maintenance Team Leader to cross train janitorial staff to be functional in the event of change in all city buildings.	21

Performance Measures	2022 Actual	2023 Adopted	2024 Budget
<b>A</b> Quarterly inspections of buildings. Weekly meetings discussing work orders and priorities take place in order to provide preventative maintenance in a timely manner	4	4	4
<b>B</b> Cross train 5 employees on aspects of the building maintenance division. Teach employees preventative maintenance to HVAC, electrical, and plumbing aspects of each building.	3	5	2
<b>C</b> Improve maintenance of facilities by converting the data of 90% of facilities and maintenance standards to Asset Essentials work order system	60%	90%	80%
<b>D</b> Have 4 employees cross trained for the Public Safety Building, along with other buildings in the event of change, no building will miss their regular schedule of janitorial services	2	4	2

## Vesper Hall Senior Center

**Mission:** The Active Older Adults Division operates Vesper Hall, an Active Older Adult citizen/community center adjacent to Rotary Park at Railroad Lake. A variety of services are provided through this division including a subsidized meals program, health and exercise programs, instructional classes and many recreational and educational offerings. Demand-responsive transportation services are provided in cooperation with the Older Adults Transportation System (OATS).

**Service Description:** To provide recreational and personal enhancement opportunities for senior citizens including health and fitness programs, instructional and educational classes, social and entertainment activities, and a nutritional program providing on-site and home-delivered meals. Also provide transportation services.

Objectives	Goal Alignment
<b>A</b> Research and expand new program/event opportunities with community partners.	10
<b>B</b> Maintain and increase marketing methods that will inform and promote Vesper Hall, the department and The City of Blue Springs.	11
<b>C</b> Develop and implement procedures to digitally store sensitive data required for the MARC contract.	9
<b>D</b> Track and record public opinion of meals program and recreation programs at Vesper Hall	12
<b>E</b> Maintain maintenance and cleanliness of facility through sound cleaning practices and repair schedules.	35

Performance Measures	2022 Actual	2023 Adopted	2024 Budget

# Public Safety

The City of Blue Springs Police Department is responsible for providing quality police service to the community 24 hours a day. This includes, but is not limited to, answering calls for service, crime prevention, enforcement of laws, and protecting persons and property within the city limits. The Police Department performs these functions through four (4) Bureaus, overseen by the Chief of Police. They include the Administration, Community Services, Operations, and Investigative Services bureaus.

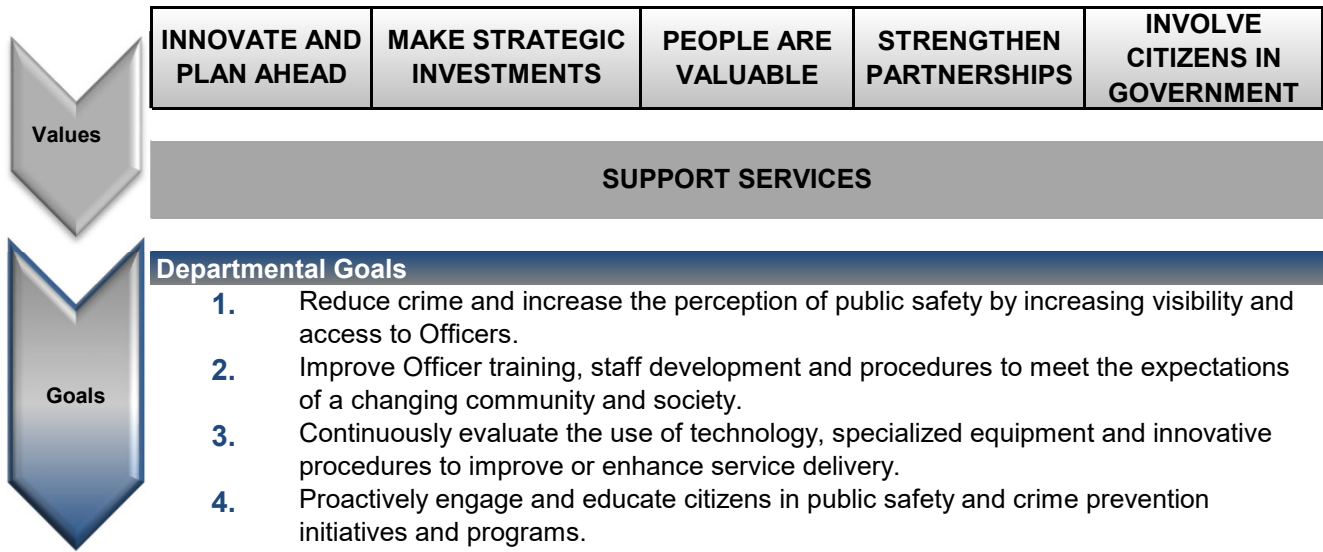

## Major Services

- ◆ Improve police visibility in residential and retail areas while building positive relationships between officers and citizens
- ◆ Maintain partnership with the Blue Springs community through public presentations with civic and neighborhood organizations, Citizen Academies, Youth Activities, National Night Out and Crime-free programming
- ◆ Work with the Information Technology Department to implement technological advancements and ensure long term viability of the police radio and computer systems
- ◆ Implement the public safety sales tax spending plan and report results to the Public Safety Citizens' Advisory Board

## Highlighted Accomplishments

- ◆ Animal control services continue to be provided by Pawportunities with the renewal of that contract. In 2022 they handled over 2800 calls for service, housed over 700 cats and dogs and in the first three months of 2023 issued 102 citations.
- ◆ Implemented several Strategic Planning goals to include completing the EOC and Journagan Room technology upgrades, replacing all the building access intercoms and ordering the approved Armored Vehicle. A mobile command vehicle was purchased from VanDooit, a local business, and the Flock camera system was implemented as well.
- ◆ 10 new officers and 7 civilian employees, primarily communications officers and detention services officers, hired to fill vacancies.
- ◆ Two Bureaus were rebranded and some personnel shifted between bureaus to focus on community services and crime prevention efforts. CYOU was changed to Community Services Bureau, and Staff Services to Investigative Services Bureau. The Street Crimes unit within Investigations was disbanded and two officers moved to the CSB as Community Services Officers (formerly Crime Prevention Officers).

## Administration

**Mission:** The Office of the Chief of Police of the Police Department is responsible for developing and implementing departmental policy; fiscal oversight, providing management controls over departmental functions and is the focal point for interaction with other City departments, the R-IV School District, and the community.

**Service Description:** To manage the financial and operational aspects of the department while analyzing, reviewing, and evaluating existing procedures and activities to improve department-wide effectiveness. Provide leadership in departmental values and in the expansion of the customer service orientation of the Police Department.

Objectives		Goal Alignment
<b>A</b>	Provide the highest quality public safety services for the citizens, visitors, and businesses of Blue Springs.	3
<b>B</b>	Proactively pursue opportunities to establish a strong community presence and rapport with residents.	1
<b>C</b>	Develop executive staff by promoting a team environment, collaboration, and open communication within the department.	2

## Community Services Bureau

**Mission:** The Community Services Bureau (CSB) is made up of CSB Crime Prevention, CSB Youth, the Communications Unit and the Records Unit. This brings together a committed team of Police Officers and professionals with extensive training and experience in Crime Prevention, youth intervention, crisis counseling, victim advocacy, school resource safety, supportive services, and drug prevention. To do this the CSB uses key programs such as Life Sports, Girls on Fire, Rape Aggression Defense (RAD), Citizen's Police Academy and National Night Out.

**Service Description:** The goal of the Community Services Bureau is to provide students, teachers, families, businesses, and those in crisis support, and create an atmosphere of living without fear of criminal activity. The Community Service Bureau will assist members of the community with the resources necessary to help in a variety of ways to include crime prevention, youth intervention, crisis counseling, victim advocacy, school resource safety, supportive services, and drug prevention. All while working with the Patrol Division to reduce the number of calls for service and to reduce the response times to all calls for service.

Objectives	Goal Alignment
<b>A</b> Continue to bring business owners, the community and the Police Department together through National Night out, site security surveys, and RAD to improve the relationship with community.	1
<b>B</b> Resource officers will continue to work within the schools, interacting with staff and students through presentations and acting as role models, while the counseling unit will provide comprehensive clinical services to youth and their families.	4
<b>C</b> Continue the Citizens' Police Academy, Youth Police Academy Life Sports, Girls on Fire, Rape Aggression Defense (RAD), Citizen's Police Academy and National Night Out while continuously revising and improving the instruction and content.	1
<b>D</b> Continue community involvement programs.	1
<b>E</b> Dispatch all calls for service by radio.	3
<b>F</b> Records Unit will maintain all police reports and disseminate in accordance with Missouri Sunshine Laws. The Records Unit will also continue to send reported crimes to the Missouri Incident Based Reporting System (MIBRS) which then sends them to the National Incident Based Reporting System (NIBRS) System.	3

Performance Measures	2022 Actual	2023 Adopted	2024 Budget

## Operations Bureau

**Mission:** The Patrol-Operations Bureau is responsible for providing basic initial police response as well as patrol service to prevent and deter crime. The Bureau is comprised of the following units: uniformed sworn personnel who provide 24-hour police services answering citizen calls for service, conducting preliminary investigations and arresting offenders who violate city ordinances, state statutes and federal laws; the K-9 Unit(suspended due to staff shortages); the Traffic unit; whose primary focus is to ensure that motor vehicle traffic is moving safely within the City of Blue Springs. The Detention Services Unit maintains the holding facility and sworn patrol personnel provide 24-hour uniformed police services throughout the community. The Patrol Officers answer citizen calls for service, conduct preliminary investigations, arrests offenders of City ordinances, State statutes, and Federal laws.

**Service Description:** To ensure the safety of Blue Springs residents/visitors and reduce incidents of crime in the community through proactive efforts in patrol, education, outreach, and enforcement.

Objectives	Goal Alignment
<b>A</b> In relation to the Citizen Survey, citizen and neighborhood contacts ensure that proactive law enforcement efforts are being addressed and concerns are met.	4,1
<b>B</b> Establish strong relationships between uniformed officers and citizens in retail areas and neighborhoods.	4
<b>C</b> Maintain or improve the average response times (call received to officer arrival times) for each of three types of priority police calls received (emergency, immediate and service calls).	2,3
<b>D</b> Maintain or lower the annual number of accidents through education and specialized or directed traffic enforcement.	4

Performance Measures	2022 Actual	2023 Adopted	2024 Budget
<b>A</b> Number of citizen and neighborhood contacts being conducted	40,109	45,000	45,000
<b>B</b> Number of citizens contacted by police in retail areas	650	725	1,000
<b>C</b> Maintain or improve the average response times (call received to officer arrival times) for each of four types of police calls received.	1) 5:45 2) 7:18 3) 10:50 4) 19:39	1) 5:55 2) 7:30 3) 10:30 4) 20:30	1) 6:00 2) 7:40 3) 10:45 4) 21:30

## Investigative Services Bureau

**Mission:** The Investigative Services Bureau consists of the Investigation Units (General Assignment and Special Victims), the Crime Analysis Unit, and the Property & Evidence Unit. The Investigation Units are responsible for follow-up investigations involving criminal cases. The Crime Analysis Unit compiles and analyzes statistical crime data to identify trends and patterns, prepares bulletins for officers awareness, prepares media releases to inform the public of various issues, and oversees the LEADS Online software, providing citizens with current criminal activity and its location shown on a crime map. The Property and Evidence Unit receives, stores, and disposes of property of both evidentiary and non-evidentiary value, maintaining a legal chain of custody as required. They handle the submission of all items to the various crime labs for processing.

**Service Description:** To provide community and agency support services including direct communication after an offense is committed, follow-up and proactive investigation, and victim support throughout the criminal justice system process.

Objectives	Goal Alignment
<b>A</b> Support the efforts of the uniformed officers to reduce crime through investigation and proactive measures.	1,3
<b>B</b> Complete case investigations that resolve issues for victims in a professional manner and prevent further crimes by offenders.	1
<b>C</b> Provide high quality evidence and property procedures which conform to standards established by CALEA and department policies.	2
<b>D</b> Maintain the time evidence/property is returned/auctioned/legally disposed and maintain available pick-up hours for the public.	3

Performance Measures	2022 Actual	2023 Adopted	2024 Budget
<b>A</b> Investigative supervisors will review reports after RMS process is completed and assign workable (active) cases to an investigator - measured by working days	3	2	3
<b>B</b> Investigators will initiate post-incident contact with victims of active cases. Victims of cases assigned to Staff Services personnel will be notified when a case has been in-activated, generally by mail or preferred communication method - measured by working days	3	3	3
<b>C</b> Finish case investigations within 90 days (excludes laboratory or prosecutorial delays)	85%	88%	80%
<b>D</b> Maintain high accuracy rate during unannounced and announced audits of property unit	90%	92%	95%

## Public Works

The Public Works Department is responsible for the physical foundation of the City. The Department effectively and efficiently develops and maintains Blue Springs' infrastructure by providing essential services in the areas of: civil engineering, maintenance of streets, and water and sewer utilities. The Public Works Department performs these functions through eight (8) Divisions. They are Engineering, Sewer Maintenance, Sewer Operations, Sni-A-Bar Treatment Facility, Streets, Water Maintenance, Water Operations and Fleet Maintenance. Information for the Fleet Maintenance is included later in this document under Internal Service Funds.

### Major Services

- ◆ Continue to provide a high level of maintenance for the City's transportation system including 623 lane miles of street and 172 miles of sidewalks for the safety of residents and motorists
- ◆ ST-06 Overlay approximately 7.9 miles, surface treatment on 4.5 miles, reconstructed 2.8 miles, Cracksealed 0.4 miles
- ◆ WA-19 Design and begin construction of the eight-inch watermain on South Outer Road
- ◆ Support and maintain the infrastructure for approximately 21,000 water and sewer customers

### Highlighted Accomplishments

- ◆ Awarded Grant funding for AA Highway and 7 Highway South Sidewalk project
- ◆ Continued easement acquisition for South Outer Road Water Main Project
- ◆ ST-06 Overlaid 7.9 Miles of streets
- ◆ ST-06 Microsurfaced 4.5 miles of streets
- ◆ ST-06 Reconstructed 2.8 miles of streets
- ◆ ST-06 Crack sealed 0.4 miles of streets
- ◆ Administered and inspected 1,008 right of way permits for construction and fiber projects
- ◆ Provided infrastructure inspection for 8 subdivision phases and 16 commercial projects
- ◆ Reviewed 205 Commercial plans and 57 residential projects
- ◆ Cracksealed 0 lane miles
- ◆ 11,247 potholes repaired
- ◆ Performed 0 storm drainage system repairs
- ◆ Sweeping was performed on all Arterial streets 7 times, and all others once
- ◆ Completed mowing routes 6 times
- ◆ Installed 8 new sign locations
- ◆ Replaced 69 signs
- ◆ Replaced 1,425 SF of concrete infrastructure
- ◆ Installed 71 meters at new services
- ◆ Repaired 210 water meters
- ◆ Located City infrastructure for Missouri One at 18,002 locations
- ◆ Jet cleaned 72,291.86 LF of sanitary sewer main
- ◆ Televised 24,068.98 LF of sanitary sewer main
- ◆ 2,021 LF of sanitary sewer main was lined by contractor
- ◆ Completed 2 point repairs on sanitary sewer mains
- ◆ Performed repairs on 0 sanitary sewer manholes
- ◆ Provided Water Consumer Confidence Report to all residents
- ◆ Performed preventive maintenance on 217 water valves
- ◆ Completed preventive maintenance on 855 hydrants
- ◆ Repaired 173 water main breaks
- ◆ Treated 1,643,270,000 gallons of wastewater

## SUPPORT SERVICES

### Departmental Goals

1. Maintain the City's infrastructure to the highest standard as the budget allows.
2. Efficiently and effectively manage daily operations of the Department.
3. Provide excellent customer service.
4. Meet all regulatory requirements.
5. Prepare master plans for infrastructure components within the City.
6. Support development projects throughout the City.

## Engineering

**Mission:** The Engineering Division is responsible for ensuring that the City's road, water, sewer, and storm water systems are constructed properly and are in compliance with all City codes and Federal/State regulations. Engineering also manages the annual contracted street maintenance rehabilitation program which includes asphalt overlay, curb repair, large scale asphalt patching and street striping.

**Service Description:** To provide professional decision-making and financial oversight of the Operations and Engineering Divisions of the Public Works Department and perform integrated project management for design and construction activities.

Objectives	Goal Alignment
<b>A</b> Continue improvement of public infrastructure.	1,5,4
<b>B</b> Ensure customer satisfaction with condition and operation of water and sewer	3,4
<b>C</b> Ensure timely review of construction development plans.	6
<b>D</b> Exhibit effectiveness in design, construction and management of capital projects.	4,5,6

## Sewer Maintenance

**Mission:** The Sewer Maintenance Division is responsible for the collection of wastewater and its conveyance to a treatment facility. Employees in this division maintain the City's sewer lines, pump stations and assist as required in the operation and maintenance of the Sni-A-Bar Wastewater Treatment Facility.

**Service Description:** In order to accomplish the mission the Sewer Maintenance Division performs inspections, maintenance, repairs and rehabilitation of the systems 273 miles of sanitary sewer lines and 29 pumping stations effectively and efficiently.

Objectives	Goal Alignment
<b>A</b> Provide uninterrupted collection and conveyance of all wastewater in accordance with all applicable state and federal laws and the City's NPDES permit.	3, 4
<b>B</b> Maintain lift stations to prevent Sanitary Sewer Overflows (SSO's).	3, 4
<b>C</b> Reduce the amount of inflow and infiltration delivered to treatment facilities.	3, 4

Performance Measures	2022 Actual	2023 Adopted	2024 Budget
<b>A</b> Number of sewer blockages in City's sewer mains	0	0	0

## Sewer Operations

**Mission:** The Sewer Operations Division directs the operations of the City’s sewer utility. In addition, this Division handles water meter reading, flow meter readings, payment processing and customer billing services.

**Service Description:** To efficiently and effectively direct operations of the sewer utility. This Division works in conjunction with the Water Operations Divisions to achieve its goals.

Objectives	Goal Alignment
<b>A</b> Provide accurate monthly billing to all customers.	3
<b>B</b> Provide accurate measurement of volume and percentage of sewage flows originating in Grain Valley to ensure proper billing and capital outlay contributions.	3

Performance Measures	2022 Actual	2023 Adopted	2024 Budget

## Streets

**Mission:** The Street Division of the Public Works Department repairs and maintains the City's streets, right-of-way's, traffic signs, traffic signals and storm sewers in a safe and efficient manner. In addition, the Division is responsible for administering the snow removal, street sweeping and right-of-way mowing programs.

**Service Description:** To maintain the City's infrastructure and provide customer service in a manner that supports public safety and health, and contributes to the overall betterment of the community.

Objectives		Goal Alignment
<b>A</b>	Provide quick response to pothole complaints.	3
<b>B</b>	Provide immediate response to safety or health sensitive issues.	3
<b>C</b>	Maintain a high level of customer satisfaction during snow removal operations.	3

Performance Measures		2022 Actual	2023 Adopted	2024 Budget

## Water Maintenance

**Mission:** The Water Maintenance Division operates and maintains the City’s water distribution system in a manner to ensure a continuous supply of safe drinking water and fire protection to all customers.

**Service Description:** In order to accomplish the mission, the water maintenance division performs inspections, maintenance, repairs, and replacement of the systems 277 miles of water mains and 3 pumping stations effectively and efficiently. The City purchases its water from three water treatment sources, Independence, Kansas City and Tri-County Water Authority.

Objectives	Goal Alignment
<b>A</b> Operate the water distribution system to provide quality drinking water while meeting all regulatory requirements.	3, 4
<b>B</b> Minimize customer impact due to water system maintenance, upgrades, and repairs.	3
<b>C</b> Repair or replace all inoperable fire hydrants in a timely manner.	3
<b>D</b> Control water losses to less than 10%.	3

Performance Measures	2022 Actual	2023 Adopted	2024 Budget
<b>A</b> Number of drinking water permit violations	0	0	0
<b>B</b> Average length of service interruption resulting from water system repairs (hours)	2	1	1

**AN ORDINANCE ADOPTING THE CITY OF BLUE SPRINGS CAPITAL IMPROVEMENTS PROGRAM FOR FISCAL YEARS 2023-2024 to 2027-2028**

WHEREAS, the Home Rule Charter of the City of Blue Springs requires the City Administrator to prepare and submit a Capital Improvements Program (CIP) to the Mayor and City Council; and

WHEREAS, the City Council held a public hearing June 5, 2023, to receive comments about the proposed Capital Improvements Program for Fiscal Years 2023-2024 through 2027-2028.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BLUE SPRINGS, MISSOURI, as follows:

SECTION 1. The City Council hereby adopts the Capital Improvements Program (CIP) for Fiscal Years 2023-2024 through 2027-2028; said CIP is hereby incorporated herein by reference as if fully set out in this Ordinance.

SECTION 2 Scrivener’s Errors. Typographical errors and other matters of a similar nature that do not affect the intent of this Resolution, as determined by the City Clerk and City Attorney, may be corrected with the endorsement of the City Administrator without the need to come before the City Council.

SECTION 3. This ordinance shall be in full force and effect from and after its passage and approval.

PASSED by the City Council of the City of Blue Springs, Missouri, and approved by the Mayor of Blue Springs, this 5<sup>th</sup> day of June 2023.

CITY OF BLUE SPRINGS

Carson Ross, Mayor

ATTEST:

  
Erin Ford, Deputy City Clerk

1st Reading: June 5, 2023

2nd Reading: June 5, 2023

## CAPITAL IMPROVEMENT PROGRAM

Capital improvement programming is a cornerstone of sound financial planning and local government fiscal policy. It also is an effective planning tool to assist communities identify and prioritize immediate and long-term needs in the context of existing capacity and resources and facilitates the formulation of long-term strategies to address trends and changes in service level demands.

The Capital Improvement Program (CIP) provides a linkage between planning, budgeting, and implementation that maximizes efficiency and effectiveness. It enables the City to identify opportunities and constraints and leverage those opportunities to develop strategies that address priorities and demonstrates good stewardship of scarce public resources.

The CIP covers a five-year planning period and is re-evaluated and adopted each year to reflect changing needs, new opportunities and City Council priorities and goals. The CIP does not appropriate funds; rather it functions as a planning and budgeting tool, with support of appropriations made through the adoption of the annual City budget in September.

The CIP program continues to focus on maintenance-related items and replacement of mission-critical equipment with limited investment in new infrastructure, equipment, or programming.

## PLAN REVIEW AND ADOPTION

The proposed CIP has been presented to the Planning Commission and conforms to the Comprehensive Plan. In April 2022, after review of all boards and commission the CIP review committee was eliminated as one of the informal review steps of the CIP development process. In lieu of the CIP Review Committee, the preliminary draft of the CIP will be discussed and reviewed with City Council members prior to the formal public hearing, typically in May. The proposed CIP will then be submitted to the City Council for the formal public hearing and is officially adopted by the City Council after all necessary adjustments have been made. The first year of the adopted CIP is incorporated into the annual budget adopted each year in mid-September by the City Council and made effective October 1. It should be noted that although the process accounts for the evaluation of projects against established criteria, available funds, and public comment, the City Council can, as they deem necessary and appropriate through the adoption process, change any recommended project or reallocate projects to achieve the goals of the City Council.

The adopted CIP represents an annual plan of projects anticipated to be funded and completed in a given year. However, in the event priorities change between adoption of the CIP and the annual budget, the CIP can be amended by the Council to reflect these changes.

There is a direct connection between the CIP and guiding community and organizational plans and documents (e.g. City Charter, 2014 Comprehensive Plan, Governing Body Strategic Framework and trends and priorities identified in the DirectionFinder citizen surveys, etc.)

### **Strategic Plan Framework**

The City Council adopted the Governing Body Strategic Framework in 2015. The Framework was informed by resident and stakeholder feedback (e.g. 2014 DirectionFinder Survey, 2015 Economic Development Summit, etc.) and builds upon previous community visioning exercises. In October 2021, the City Council reviewed and updated the 2015 plan and adopted the 2021 Strategic Plan Framework. This document outlines eight strategic priority areas over next five years:

1. **Public Safety:** Maintain high level of public safety for citizens as safe neighborhoods are the cornerstone of a quality community.

2. Infrastructure: Plan and invest in infrastructure to support neighborhoods and business activity.
3. Housing: Facilitate the development of housing for all ages.
4. Neighborhood Preservation: Preserve and strengthen neighborhoods and neighborhood centers.
5. Parks & Recreation: Increase access to open space and recreational amenities to promote a healthy community.
6. Revenue Stability: Create a sustainable revenue structure with adequate, stable and diverse revenue sources.
7. Development and Redevelopment: Grow & diversify Blue Springs' business sectors to achieve sustained economic prosperity and increase business tax base in key transportation corridors and downtown.
8. Internal Operations and City Workforce: Identify opportunities and develop strategies for enhancing the quality-of-service delivery to better meet citizen needs and expectations.

### **Comprehensive Plan**

The Comprehensive Plan is an official public document adopted by the Planning Commission provided to guide the physical development of the community. The Comprehensive Plan indicates, in general, how the citizens of the community want the City to improve in the near-term and long-term up to 20 years. The plan provides a rational and comprehensive guide for the physical development of the City that fosters quality growth, conservation, and redevelopment throughout the City and its Planning Area and the CIP is an important tool that assists in implementing those goals and objectives.

Adopted by the Planning Commission in February 2003, and updated in 2014, the Comprehensive Plan presents strategies and recommendations for future and existing development throughout the City and beyond. The plan was prepared in order to meet several local planning objectives, including delineating citywide, long-range planning goals and strategies.

The City of Blue Springs adopted our most recent Comprehensive Plan in 2014. The Comprehensive Plan should be updated every three to five years to address current development trends and the ever-changing needs and desires of the community. A Comprehensive Plan Update (CD-01) is funded in the FY 2023-2024 CIP to maintain the 10-year update cycle.

### **Area Plan**

In 2004, the City developed a future land use plan for the City's growth areas. The Area Plan provides principles and policies to guide the City in its future growth. The CIP directly addresses many of these policies, especially those related to transportation enhancement, natural resources utilization, and provision of public services. In 2009 the Future Land Use Map portion of the Area Plan document was added to the Comprehensive Plan document.

### **Parks and Open Space Master Plan**

The Parks and Open Space Master Plan was completed in the Fall of 2016. The plan provides a 10-year vision for parks, recreation, open space and trails, as well as an action plan for implementing this vision. In addition, in 2020, two Parks master plans, including plans for Southwest Park and Roscoe Righter Park, as well as an Aquatics Facility study, were completed to evaluate the future needs for parks and recreation.

## **FUNDING SOURCES AND STRATEGIES**

**General Fund:** The General Fund is the general operating fund of the City. It is used to account for all financial resources (assets, liabilities, revenues, and expenditures) except those required to be accounted for in another fund. The General Fund includes expenses attributed to governmental operations such as personnel and routine operating costs generally associated with Administration, Planning, Public Safety, Public Works/Engineering, Street Maintenance, and Parks and Recreation.

**Debt Service Fund:** Debt Service Funds are used to account for the accumulation of resources for, and the payment of, principal, interest and other related costs of the City's bonds, other than bonds payable from the operations of the Proprietary Fund Types.

**Capital Project Fund:** Capital Project Funds are used to account for financial resources segregated for the acquisition or construction of major capital facilities other than those financed by enterprise operations.

**Enterprise Fund:** Enterprise funds are used to account for operations that provide a service to citizens financed primarily by a user charge for the provision of that service, and activities where the periodic measurement of net income is deemed appropriate for capital maintenance, public policy, management control, accountability or other purposes. The City's Enterprise Funds include the Water Utility Fund, Sewer Utility Fund, Fieldhouse Fund, and the Golf Course Fund.

**Internal Service Fund:** An Internal Service Fund accounts for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governmental units, on a cost reimbursement basis. The City's Fleet Maintenance Fund is used to account for all the expenses relating to motor vehicles, including replacement and routine maintenance and repairs.

**Park Sales Tax Fund:** Park Sales Tax Fund accounts for the accumulation and disbursement of the City's ½ cent Park Sales Tax that is dedicated to improvements and deferred maintenance of the City's Park system. In April 2017, Blue Springs voters approved a 5-year sales tax dedicated to deferred maintenance of the City's Park system. In April 2021, voters renewed the sales tax in perpetuity.

**Public Safety Sales Tax Fund:** Public Safety Sales Tax Fund accounts for the accumulation and disbursement of the City's ½ cent Public Safety Sales Tax that can only be used for Public Safety purposes.

## **ALTERNATIVE FUNDING SOURCES**

**Special Grants from Federal or State Programs:** Occasionally, special grants are available from the federal or state government in support of local development and improvement efforts. The City will continue to apply for grants to leverage resources to their fullest extent.

**Federal Community Development Block Grant(CDBG):** The City's most recent population estimate is 58,603 and therefore eligible for CDBG funding as an entitlement community through HUD. These funds must be programmed for low-moderate income areas and activities within the City. These funds have historically been directed towards downtown infrastructure and building improvements, such as street lights, sidewalks, and façade rehabilitation. Unexpended funds are reprogrammed as soon as possible to meet timeliness requirements for expending funds.

**Tax Increment Financing (TIF):** Establishment of a district within which additional sales taxes generated by any new development can be used to finance necessary infrastructure improvements.

**Special Districts:** Establishment of special districts can provide the City with a means of separately financing and implementing improvements within a limited geographic area to meet the need for new or improved public facilities, especially in a developing part of the City.

**User Charges:** There may be cases where a user fee can be implemented to pay for the improvement of facilities.

**Impact Fees:** New developments that are expected to generate needs for new or expanded public facilities are required to pay an impact fee for the development or improvement of facilities. This will partially offset the costs associated with increased service level demands in growth areas.

## DEBT MANAGEMENT

The City of Blue Springs has a responsibility to its citizens to be good stewards of scarce public resources and exercise prudent fiscal judgment that is rooted in sound financial planning. Capital improvements must be structured by ability to pay in order to maintain fiscal stability.

Like all municipalities, Blue Springs relies on a variety of resources to finance capital projects, such as locally generated revenues (sales and property taxes, fees, and user charges), intergovernmental revenue, grants, and debt issuance. Unlike pay-as-you-go sources of funding, the issuance of debt requires an ongoing revenue stream from which to repay the principal and interest on the debt.

These traditional funding sources will continue to provide the majority of the resources for the CIP. Alternative funding and revenue sources will be needed to augment existing funds in order to meet the City's deferred maintenance needs. The City's level of capital investment is based on the mix and level of the financial resources available to the City. It is critical for the City to actively seek opportunities to broaden the tax base and increase assessed valuation, such as through new revenue-producing development to increase funding necessary to complete the public improvements desired by the community and to continue to successfully leverage grant opportunities.

In determining the type of bond to issue, the following factors should be considered:

- The direct and indirect beneficiaries of the project. A significantly large proportion of citizens should benefit from projects financed from general obligation bonds.
- The time pattern of the stream of benefits generated by the project.
- The revenues that may be raised by alternative types of user charges.
- The cost-effectiveness of user charges.
- The effect of the proposed bond issue on the City's ability to finance future projects of equal or high priority.
- The true interest cost of each type of bond.
- The impact on the City's financial condition and credit ratings.

### **General Policies for Long Term Debt:**

- Long-term borrowing will be confined to construction of capital improvements and acquisition of capital equipment too large to be financed from current revenues.
- Proceeds from long-term debt should only be used for construction project costs, acquisition of other fixed assets, bond issue costs, debt service reserve requirements, and refunding of outstanding bond issues and will not be used for current, ongoing operations.
- Debt will be extinguished within a period not to exceed the expected useful life of the capital project or equipment.
- The City should actively monitor its investment practices to ensure maximum returns on its invested bond funds while complying with Federal arbitrage guidelines.
- The Finance Department should continually monitor outstanding debt issues to verify compliance with debt covenants.
- The City's financial management policies should be oriented to maintain a balanced relationship between issuing debt and pay-as-you-go financing.

### **Types of Debt**

The City of Blue Springs is authorized to issue General Obligation Bonds, Revenue Bonds, and annual appropriation of debt for Leasehold Revenue Bonds and Lease-Purchase Certificates of Participation.

**General Obligation Bonds:** The City is authorized to issue General Obligation Bonds payable from ad valorem taxes to finance capital improvements and equipment upon a two-thirds majority vote, and on general election dates by a four-sevenths majority vote of the qualified voters. The Missouri State Constitution permits the City to incur general obligation indebtedness for City purposes not to exceed 10 percent of the assessed valuation of taxable tangible property; to incur general obligation indebtedness not to exceed an additional 10 percent for acquiring rights of way; to construct and improve streets, sanitary sewers, and

storm sewers; and to purchase or construct waterworks plants. General obligation, property tax-supported bonding should be used to finance only those capital improvements and long-term assets which have been determined to be essential to the maintenance or development of the City. The City should maintain a General Obligation Debt Service Fund balance that is at least 50 percent of the average annual debt service.

**Revenue Bonds:** The City is also authorized to issue Revenue Bonds to finance capital improvements for its water and sewer system. These types of Revenue Bonds require a simple majority vote. Revenue Bonds do not carry the full faith and credit of the City in servicing bond indebtedness, and such bonds are not considered in determining the legal debt margin resulting from the 20 percent limitation described above. However, if any taxes are pledged or dedicated to the payment of revenue bonds (e.g., sales taxes, property taxes, etc.) the bonds must be voted as general obligation bonds, the debt limit must be observed, and all bonds must be paid off within 20 years. Revenue supported bonds should be used to limit potential dependence on property taxes for those projects with available revenue sources, whether self-generated or dedicated from other sources. Adequate financial feasibility studies should be performed for each project to provide assurances as to the self-liquidating nature of the project or adequacy of dedicated revenue sources.

**Certificates of Participation:** Certificates of Participation (COPs) are tax exempt bonds issued by State entities usually secured with revenue from an equipment or facility lease. COPs enable governmental entities to finance capital projects without technically issuing long term debt.

**Special Obligation Bonds:** Special Obligation bonds are tax exempt bonds that are payable from the pledge of revenues other than locally levied taxes.

## CAPITAL EXPENDITURES

In developing a CIP, it is important to distinguish between operating and capital expenses. Generally, these items are defined based on their cost and frequency of occurrence. Operating items are those that represent on-going operating expenses, such as maintenance, outside of one-time capital expenditures. Presented below are the definitions developed specifically for the City of Blue Springs for capital expenses that should be included in the CIP budget:

- Any acquisition of land for public use.
- Any construction of a new public facility (e.g., a public building, a public street, water and sewer lines, parks, play field, or the like) or an addition to, or extension of, such a facility.
- A nonrecurring rehabilitation or replacement of existing public facilities, or major repair of all or a part of a public facility, provided that the cost is \$75,000 or more.
- Purchase of major equipment of \$75,000 or more (either one item or a number of items with a cumulative one-time purchase of \$75,000 or over) and a useful life of 5 years or more. In previous years, this amount was \$50,000. Planning, feasibility, engineering, or design studies and services immediately related to an individual capital improvement project.

CIP projects are classified in one of three investment categories: Maintenance, Equipment Replacement, and Capital Improvements.

Investment Categories	Definition
Maintenance	Keeping property, improvements, or equipment in good condition by making repairs, correcting problems, etc.
Equipment Replacement	Property acquired to take the place of other equipment. To qualify as replacement equipment, it must serve the same function as the equipment replaced and must be of the same nature or character, although not necessarily the same model, grade, or quality.
Capital Improvements	Investment in new infrastructure, significant reconstruction, or adds capacity to existing infrastructure

## OPERATING BUDGET IMPACT

The City’s operating budget provides for general service delivery including personnel costs, supplies, and services. Revenues are primarily derived from recurring taxes, charges for services, investments, and intergovernmental sources. Projected operating and maintenance costs related to capital investments are included in the operating budget. When new, enhanced, or expanded service levels are authorized in the operating budget, additional capital investments are sometimes required. Furthermore, because a portion of the capital budget is funded by current revenues in the operating budget, operating budget decisions have capital budget capacity implications and the City’s overall financial position.

The continued development in the southern portion of the City has resulted in a number of new streets that either have been, or will be constructed. The construction of new streets increases the City’s service costs for items such as snow removal, street sweeping, street striping, repairs, and street lighting.

The City’s storm water collection system continues to deteriorate with respect to repairs handled on a reactionary basis. There is no capacity within the operating budget or CIP for proactive or preventive maintenance programming or significant reconstruction projects. It will be important in the future to identify resources to adequately maintain the City’s stormwater system.

Water and sanitary sewer construction and extension will not typically have a significant impact on the operating budget throughout the useful life of these assets. The five-year CIP includes projects that are considered improvements/maintenance to existing facilities and or operational improvements with equipment and metering and will not result in negative impacts to the operating budget and in fact may drive efficiency of the systems.

## EVALUATION CRITERIA

A clear set of criteria has been established and is applied in the formulation of the CIP. These criteria reflect community values, priorities, and needs. It is important to note that the criteria, as listed below are weighted as to level of importance—fiscally and developmentally. Each new or revised project was evaluated by staff in accordance with these criteria. When applying these criteria, projects related to maintenance, operational efficiency, and equipment replacement compare favorably to all projects submitted for consideration as part of the CIP.

<b>CIP Project Evaluation Criteria</b>	
Urgency of Need	<ol style="list-style-type: none"> <li>1. Risk to Public Safety or Health</li> <li>2. Protection of Property</li> <li>3. Deteriorated Facility</li> <li>4. Maintenance Cost Effectiveness</li> <li>5. Backlog of Deferred Maintenance</li> </ol>
Relationship with Other Established Priorities	<ol style="list-style-type: none"> <li>6. Coordination with Other Projects</li> <li>7. Completes/Continues Existing Project</li> <li>8. Priority of City Council/Community Group/Citizen Survey</li> <li>9. Established Goals and Objectives of the Comprehensive Plan</li> </ol>
Fiscal Impact	<ol style="list-style-type: none"> <li>10. Impact on Operating Budget</li> <li>11. Impact on Operating Efficiency</li> <li>12. Economic Development/Jobs Impact</li> <li>13. Funding Sources</li> </ol>
Quality of Life Impact	<ol style="list-style-type: none"> <li>14. Recreational and/or Community Amenity Opportunity</li> <li>15. Protection and Conservation of Resources</li> <li>16. Aesthetic/Design Impact on Community</li> <li>17. Blight Removal</li> </ol>

# CAPITAL IMPROVEMENT PROGRAM

## FY 2024-2028

The CIP Budget Process for Fiscal Year 2023-2024 followed that of previous year and describes the City’s “Priority and Strategic Areas” for long-term maintenance, equipment replacement, and capital investment based upon available resources and the priorities, goals, and objectives of the City Council. Although individual projects are listed and funded by Department (e.g. Community Development, Information Technology, Parks, Streets, Stormwater), this document outlines how they are linked with priorities established within adopted plans and future capital resource and expenditure forecasting.

The 2024-2028 Capital Improvement Program totals \$174,474,882 and is 55.6% funded at \$97,004,882. The unfunded project total \$77,470,000 or 44.4% of the program. The total program is detailed below by both investment category and by the Strategic Framework goal area.

<b>Capital Investment by Category</b>			
<b>Category</b>	<b>Funded</b>	<b>Unfunded Capital Needs</b>	<b>Project Type Total</b>
Maintenance	\$44,243,782	\$19,665,000	\$63,908,782
Equipment Replacement	\$2,362,100	\$785,000	\$3,147,100
Capital Improvements	\$50,399,000	\$57,020,000	\$107,419,000
<b>TOTAL</b>	<b>\$97,004,882</b>	<b>\$77,470,000</b>	<b>\$174,474,882</b>

The CIP Program works to advance the stated goals of the Framework; each CIP project sheet indicates the relevant goal(s) targeted.

<b>Projects by Strategic Framework Goal Area</b>			
<b>Strategic Frame Work Goal</b>	<b>Funded</b>	<b>Unfunded Capital Needs</b>	<b>Total</b>
Public Safety	\$1,485,000	\$0	\$1,485,000
Infrastructure	\$55,197,382	\$73,155,000	\$128,352,382
Housing	\$0	\$0	\$0
Neighborhood Preservation	\$0	\$0	\$0
Parks & Recreation	\$38,072,500	\$4,315,000	\$42,387,500
Revenue Stability	\$0	\$0	\$0
Development & Redevelopment	\$2,000,000	\$0	\$2,000,000
Internal Operations & City Workforce	\$250,000	\$0	\$250,000
<b>TOTAL</b>	<b>\$97,004,882</b>	<b>\$77,470,000</b>	<b>\$174,474,882</b>

The City carefully evaluates its revenue and spending, and forecasts future revenue trends on an annual basis. Capital improvement programming would not be possible without these projections. The table below presents a summary of the projected available CIP funds for the plan period by fund types.

<b>CIP Programing by Fund</b>						
	<b>FY 2023-24</b>	<b>FY 2024-25</b>	<b>FY 2025-26</b>	<b>FY 2026-27</b>	<b>FY 2027-28</b>	<b>TOTAL</b>
General Fund	\$ 522,000	\$ 377,200	\$ 282,500	\$ 288,000	\$ 295,000	\$ 1,764,700
Public Safety Sales Tax Fund	\$ 1,100,000	\$ 85,000	\$ 300,000	\$ -	\$ -	\$ 1,485,000
Transportation Sales Tax Fund	\$ 7,014,200	\$ 5,073,650	\$ 9,458,985	\$ 4,496,019	\$ 4,250,000	\$ 30,292,854
Parks Sales Tax Fund	\$ 1,450,000	\$ 2,407,500	\$ 3,875,000	\$ 28,850,000	\$ 1,300,000	\$ 37,882,500
Fieldhouse Fund	\$ 190,000	\$ -	\$ -	\$ -	\$ -	\$ 190,000
Water Fund	\$ 1,878,731	\$ 2,828,772	\$ 1,654,225	\$ 2,216,800	\$ 1,712,500	\$ 10,291,028
Sewer Fund	\$ 2,358,800	\$ 7,305,000	\$ 1,711,500	\$ 1,273,500	\$ 1,200,000	\$ 13,848,800
Marijuana Sales Tax Fund	\$ 250,000	\$ 250,000	\$ 250,000	\$ 250,000	\$ 250,000	\$ 1,250,000
<b>TOTAL</b>	<b>\$14,763,731</b>	<b>\$18,327,122</b>	<b>\$17,532,210</b>	<b>\$37,374,319</b>	<b>\$9,007,500</b>	<b>\$97,004,882</b>

The projected available funds for capital improvement projects are based on the total forecasted revenue of each type less the amount required for the annual operating budget, capital outlay, and existing debt service support.

Each year, the CIP process begins with a review of approved funded projects and new projects, which is then compared to the projected available funding sources to determine which capital improvements can be completed in the next five years. Figure 2 below provides a list of the capital improvement projects recommended to be included in the FY 2024-2028 CIP. Only projects recommended for inclusion in the FY 2023-2024 CIP are incorporated into the operating budget for the upcoming fiscal year. Projects recommended to be included in the remaining years will be evaluated each year during the annual CIP process.

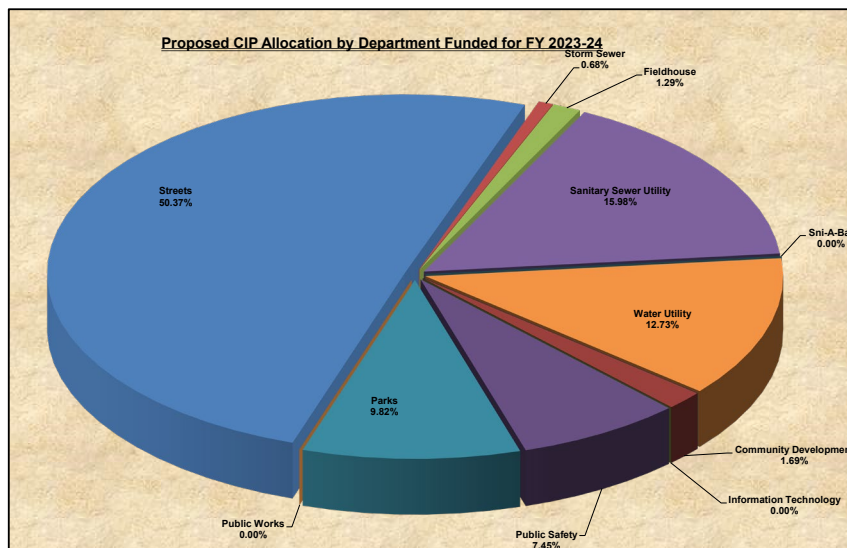

## **FUNDED PROJECTS**

The priority and strategic investment areas for projects within the CIP are consistent with City Council priorities that include maintenance and reinvestment in critical infrastructure and assets, replacement of equipment that has reached the end of its useful life, and deployment of infrastructure to facilitate development and provides comprehensive service solutions.

Consistent with past practice, the CIP reflects a balance between an ongoing emphasis on annual pavement management without eliminating other important priorities and needs. However, the capacity to continue this balance on a sustained basis decreases with each year and any flexibility is virtually exhausted. The CIP also reflects the City’s philosophy of sound fiscal policies and long-range financial planning. Projects are prioritized to address on-going maintenance, correct an existing deficiency, or replace key equipment necessary to meet the ongoing service level targets.

Summary of Funded Capital Improvement Projects 2024-2028						
Project Name and Number	FY 2023-24	FY 2024-25	FY 2025-26	FY 2026-27	FY 2027-28	TOTAL
CD-01 Comprehensive Plan Update	\$ 250,000	\$ -	\$ -	\$ -	\$ -	\$ 250,000

The detailed project sheets for the funded projects start on page 16.

The funded projects in the five-year CIP by department are detailed below and total \$97,004,882 for five years and \$14,763,731 for FY 2023-24.

**Community Development Projects**

FY 2023-24 includes \$250,000 for CD-01 for the Comprehensive Plan Update. This project is anticipated to begin in summer 2024 and to be completed in 2025.

Project #	Project	Amount
CD-01	Comprehensive Plan Update	\$250,000

**Public Safety Projects**

The 5-year CIP includes \$1,485,000 for Public Safety projects with \$1,100,000 included in FY 2023-24 for the following projects:

Project #	Project	Amount
PS-14	Police Department Painting	\$100,000
PS-15	Police Department Training/Vehicle Storage	\$1,000,000
	<b>TOTAL</b>	<b>\$1,100,000</b>

Project PS-15 – Police Department Training/Vehicle Storage was moved from the unfunded to the funded list for FY 2023-24 to be able to construct the building and vacating the warehouse storage building on the lumberyard site. The project budget was increased from \$750,000 to \$1,000,000 to increase the scope of the project. This project may be built in conjunction with the Public Works Building Expansion – BF-19.

**Parks Projects**

The 5-year CIP includes \$37,882,500 for thirteen Parks projects with \$1,450,000 included in FY 2023-24 for the following projects:

Project #	Project	Amount
PR-01	Burrus Old Mill Park Improvements	\$150,000
PR-04	Adams Pointe Golf Club Improvements	\$100,000
PR-13	Keystone Park Improvements	\$800,000
PR-20	Ward Park Improvements	\$400,000
	<b>TOTAL</b>	<b>\$1,450,000</b>

Project PR-80 – Trail Renovations is a new project sheet that combines the project sheets for several trail projects (PR-08, PR-10, PR-35, and PR-77) into one project sheet.

**Fieldhouse Projects**

FY 2023-24 includes \$190,000 for FH-01 for the replacement of cardio equipment in the Fitness Center.

Project #	Project	Amount
FH-01	Replacement of Cardio Equipment	\$190,000

**Street Projects**

The 5-year CIP includes \$33,495,869 for seven different street projects with \$7,665,200 included in FY 2023-

24 for the following projects:

Project #	Project	Amount
ST-06	Pavement Management Program	\$2,050,000
ST-18	Wyatt Road East – 7 Hwy to ADP	\$5,000,000
ST-24	Snow Plow/Dump Truck	\$172,000
ST-44	Concrete Repair and Maintenance	\$443,200
	<b>TOTAL</b>	<b>\$7,665,200</b>

At the January 30, 2023, City Council work session, staff presented three options for the FY 2023-24 Pavement Management Program ST-06. The option that was selected includes allocating funds for ST-18 Wyatt Road East and ST-52 AA Highway Improvements and is incorporated into this 5-year CIP.

During 2023, Stantec will issue its latest report on the comprehensive condition assessment of the City's road network. The assessment rates each segment of road and assigns it a Pavement Condition Index (PCI) and a Pavement Quality Index (PQI) score. The scores will be used to develop the next five-year Pavement Management Program. Every three-five years, the City will perform an assessment of its street network to evaluate progress, condition and effectiveness of the program.

### **Stormwater Projects**

The 5-year CIP includes \$500,000 for stormwater maintenance with \$100,000 included for FY 2023-24.

Project #	Project	Amount
STM-06	Stormwater Maintenance	\$100,000

### **Sanitary Sewer Utility Projects**

The 5-year CIP includes \$9,848,000 for seven different sanitary sewer projects with \$2,358,800 included in FY 2023-24 for the following projects:

Project #	Project	Amount
BF-19	Public Utilities Building – Phase II	\$1,099,800
SAN-07	Citywide Maintenance	\$1,000,000
SAN-19	Sewer Infrastructure Deployment	\$200,000
SAN-20	Hydraulic Track Loader	\$59,000
	<b>TOTAL</b>	<b>\$2,358,800</b>

Capital improvement projects for the utility funds are included in the rate study completed every three years. The most recent study was presented at the July 18, 2022, council meeting and new sewer rates were adopted by Ordinance 5130. The CIP includes \$200,000 per year for SAN-19 Sewer Infrastructure Deployment and will accumulate to \$1,000,000 but will not increase beyond that until funds are spent below that balance.

### **Water Utility Projects**

The 5-year CIP includes \$9,352,713 for seven different water utility projects with \$1,649,731 included in FY 2023-24 for the following projects:

Project #	Project	Amount
BF-19	Public Utilities Building – Phase II	\$733,200
WA-12	Miscellaneous Watermain Maintenance	\$500,000
WA-14	Water Tank Maintenance Contract	\$216,531
WA-17	Water Infrastructure Deployment	200,000
	<b>TOTAL</b>	<b>\$1,649,731</b>

Capital improvement projects for the utility funds are included in the rate study completed every three years. The most recent study was presented at the July 18,2022 council meeting and new water rates were adopted by Ordinance 5131. The CIP includes \$200,000 per year for WA-17 Water Infrastructure Deployment and will accumulate to \$1,000,000 but will not increase beyond that until funds are spent below that balance.

The funded projects are also shown below by investment category.

<b>Funded Projects by Category-All Years</b>						
<b>Category</b>	<b>FY 2023-24</b>	<b>FY 2024-25</b>	<b>FY 2025-26</b>	<b>FY 2026-27</b>	<b>FY 2027-28</b>	<b>Project Area Total</b>
Maintenance	\$ 6,109,731	\$ 12,505,522	\$ 8,263,210	\$ 8,952,819	\$ 8,412,500	\$44,243,782
Equipment Replacement	\$ 421,000	\$ 530,600	\$ 694,000	\$ 521,500	\$ 195,000	\$ 2,362,100
Capital Improvements	\$ 8,233,000	\$ 5,291,000	\$ 8,575,000	\$27,900,000	\$ 400,000	\$50,399,000
<b>TOTAL</b>	<b>\$14,763,731</b>	<b>\$18,327,122</b>	<b>\$17,532,210</b>	<b>\$37,374,319</b>	<b>\$9,007,500</b>	<b>\$97,004,882</b>

## Unfunded Projects

The City’s capital investment needs exceed the current level of available funding. Over the five-year plan period, 55.6% of the City’s maintenance, infrastructure and equipment needs are addressed. Current resources are not sufficient to address the entirety of the City’s capital investment needs. This will result in a gap and will increase over time as City assets continue to age and deteriorate and increased maintenance and replacement costs in the future. Continued expansion in the City’s growth areas will place increased demands on the CIP to construct and maintain additional City assets.

While the City is maximizing investments in CIP-related projects, there are unfortunately many important projects that cannot be completed due to resource constraints, Unfunded Capital Projects total \$77.5 million.

Summary of Unfunded Capital Projects by Category FY 2023-24 to 2027-28		
Project Number	Project Name	Estimated Project Cost
PR-79	Backhoe Replacement	\$ 140,000
ST-23	Asphalt Repair Truck (Patch Truck)(2 trucks)	\$ 565,000
ST-63	Tractor/Mower	\$ 80,000
<b>Equipment Replacement Total</b>		<b>\$ 785,000</b>
BF-38	Adams Pointe Conference Center - HVAC System Replacement	\$ 1,200,000
PR-04	Adams Pointe Golf Club Improvements	\$ 2,375,000
PR-33	Rotary Park Lake Dredge	\$ 200,000
PR-38	Ward Park Trail	\$ 400,000
ST-42	Sunnyside School Road Box Culvert	\$ 825,000
ST-43	7 Highway Sidewalk Infill	\$ 1,700,000
ST-60	Decorative Streetlight Refinishing	\$ 400,000
ST-61	Walnut Street Improvements	\$ 8,250,000
ST-62	22nd Street Improvements	\$ 2,700,000
STM-05	RD Mize to Vesper Street Storm Sewer	\$ 1,250,000
SAN-24	Hidden Pointe II L/S Abandonment and Outfall Line Rehabilitation	\$ 365,000
<b>Maintenance Total</b>		<b>\$ 19,665,000</b>
ST-01	Adams Dairy Parkway VII (Roanoke to Pink Hill Rd)	\$ 5,100,000
ST-07	Vesper Street Improvements	\$ 6,300,000
ST-09	Woods Chapel Road (Walnut Street to US 40 Highway)	\$ 8,400,000
ST-33	South Outer Road Reconstruction	\$ 3,000,000
ST-49	ADP Duncan Road Right Turn Lane	\$ 1,725,000
ST-50	Traffic Signal Fiber Line	\$ 360,000
ST-55	SW 12th Street Improvements	\$ 4,885,000
ST-58	ADP Street Lighting 2 Moreland School Road to Wyatt Road)	\$ 2,100,000
ST-59	Signalized Intersection Upgrades	\$ 400,000
SAN-22	South Area Sewer Improvements Phase I	\$ 21,750,000
WA-09	Pink Hill Reservoir Feed Loop	\$ 3,000,000
<b>Capital Improvements Total</b>		<b>\$ 57,020,000</b>
<b>TOTAL UNFUNDED CAPITAL NEEDS</b>		<b>\$ 77,470,000</b>

## Program Changes

There are several changes in the 2024-2028 CIP program from the previous year's program. Beginning this year, the dollar threshold for CIP projects was increased from \$50,000 to \$75,000.

Several projects were moved from the unfunded to funded list.

Projects Moved from Unfunded to Funded		
Project #	Project	Amount
ST-18	Wyatt Road East of 7 Highway Right-of-Way	\$6,000,000
ST-52	AA Highway Improvement	\$8,200,000
PS-15	Police Department Training/Vehicle Processing Building	\$1,000,000
ST-43	7 Highway Sidewalk Infill – City portion increased from \$600,000 to \$850,000	\$850,000
	<b>TOTAL</b>	<b>\$16,050,000</b>

In addition to the inclusion of the funded projects listed above, there are several other projects whose requested amount of funds for the Fiscal Year 2023-24 have changed since the CIP was adopted last year.

<b>Projects with Updated Project Costs</b>			
<b>Project #</b>	<b>Project</b>	<b>Last Year</b>	<b>New Amount</b>
ST-06	Pavement Management Program	\$3,800,000	\$2,050,000
ST-44	Concrete Repair and Maintenance	\$447,000	\$443,200
	<b>TOTAL</b>	<b>\$4,247,000</b>	<b>\$2,493,200</b>

The addition of 10 Funded projects for FY 2027-2028:

<b>Projects Added for FY 2027-28</b>		
<b>Project #</b>	<b>Project</b>	<b>Amount</b>
PR-17	Rotary Park Improvements	\$800,000
PR-18	Hidden Valley Park Improvements	\$500,000
ST-06	Pavement Maintenance Program	\$4,500,000
ST-24	Snow Plow / Dump Truck	\$195,000
STM-06	Stormwater Maintenance	\$100,000
SAN-07	Citywide maintenance	\$1,000,000
SAN-19	Sewer Infrastructure Deployment	\$200,000
WA-12	Miscellaneous Watermain Maintenance	\$1,250,000
WA-14	Water Tank Maintenance Contract	\$262,500
WA-17	Water Infrastructure Deployment	\$200,000
	<b>TOTAL</b>	<b>\$9,007,500</b>

**Project Title:** Public Utilities Building – Phase II      **Project Number:** BF-19

**Project Type:** Building and Facilities      **Current Year Project Cost:** \$1,833,000

**Department:** Public Works      **Funding Source:** Sanitary Sewer @60%  
Water Utility @40%

**Strategic Plan Priority** Infrastructure

**Description:** Design and construction of a 100 ft. x 200 ft. building for Public Utilities on the lot adjacent to the existing Public Works Building. The new building will provide vehicle and equipment storage, locker room facilities, conference/training room and secure storage of repair inventories and critical equipment for the sewer and water departments.

**Justification:** Water and sewer personnel and equipment currently operate out of the Public Works Building along with street maintenance, storm sewer maintenance, central garage, and administrative staff. The existing building was constructed in 1988 with 18 interior parking stalls and then reduced to 16 in 2000 with the expanded operations of the central garage. Because of growth and current space limitations 13 emergency response vehicles are parked outside exposed to inclement weather. The very nature of the work performed by public works requires that its equipment and personnel respond promptly during the most demanding weather conditions. Outside storage of equipment also leaves this very expensive equipment susceptible to vandalism and theft. Current personnel numbers working out of the Public Works Building exceed the space available for locker room facilities and meeting/training space used for safety training. As newly annexed areas begin developing, additional personnel and equipment will be added. The proper way to address these needs is to require the utilities division to provide the space necessary for its equipment and personnel rather than the General Fund providing for the utility's division. The Engineering Department will be joining the Operations Section to bring the department together as a unit to optimize communication and efficiency. (Cost as of 2022)

Projected Five-Year Cost Schedule

**Project Title:** Comprehensive Plan Update      **Project Number:** CD-01

**Project Type:** Plan Update      **Current Year Project Cost:** \$250,000

**Department:** Community Development      **Funding Source:** General Fund

**Strategic Plan Priority:** Development & Redevelopment

**Description:** The City of Blue Springs adopted our most recent Comprehensive Plan in 2014. The Comprehensive Plan should be updated every three to five years to address current development trends and the ever-changing needs and desires of the community.

**Justification:** The Comprehensive Plan is an official public document adopted by the Planning Commission provided to guide the physical development of the community. The Comprehensive Plan indicates, in general, how the citizens of the community want the city to improve in the near-term and long-term up to 20 years. The plan provides a rational and comprehensive guide for the physical development of the city that fosters quality growth, conservation, and redevelopment throughout the City and its Planning Area. The update is programmed for FY 2023-24 to maintain the 10-year update cycle.

**Project Title:** Replacement of Fitness Cardio Equipment      **Project Number:** FH-01

**Project Type:** Capital Improvement      **Current Year Project Cost:** \$190,000

**Department:** Parks and Recreation      **Funding Source:** Fieldhouse Fund

**Strategic Plan Priority:** Fieldhouse Operation

**Description:** Replacement of original cardio equipment in the Fitness Center.

**Justification:** The cardio equipment at the Blue Springs Fieldhouse will be 3 years old October 2018. Significant repair issues begin to occur after year of use on cardio equipment. As part of the original operational proforma, it was called out for the cardio equipment to be replaced every 3 years. This is done to reduce time with equipment due to necessary repairs and reduce the cost of maintenance on the equipment. Equipment that is in disrepair frequently causes members to be dissatisfied and cancel memberships, thus reducing operational revenues. Additionally, once the equipment becomes older than three years, the sale/trade in value decrease significantly.

**Project Title:** Burrus Old Mill Park Improvements      **Project Number:** PR-01

**Project Type:** Capital Improvement      **Current Year Project Cost:** \$150,000

**Department:** Parks and Recreation      **Funding Source:** Park Sales Tax

**Strategic Plan Priority:** Parks and Recreation

**Description:** Installation of parking lot lights and security lights within the park.

**Justification:** Burrus Old Mill Park was improved in 2019. The Park has seen a significant increase of use since the improvements were made. With the amount of use during night hours, it has become increasing apparent that parking lot lights and security lights around the restroom are needed. The Park has never had lights installed at any point and are needed to improve safety of park users and security of the area.

**Project Title:** Adam Pointe Golf Club Improvements

**Project Number:** PR-04

**Project Type:** Capital Improvement

**Current Year Project Cost:** \$100,000

**Department:** Parks and Recreation

**Funding Source:** Parks Sales Tax

**Strategic Plan Priority:** Parks & Recreation

**Description:** Renovations to bunkers, cart paths, club house roof, road repairs to main drive, improvements to the Clubhouse windows and doors and replacement of irrigation pump.

Previously completed in the 2017 Parks Sales Tax program was PR-04 \$1,500,000 which included renovations to bunkers, cart paths, club house roof and road repairs to main drive. As part of the renewal of the Park Sales Tax in 2021 the irrigation pump and exterior doors are being replaced in FY2022-23.

**Justification:** The remaining project in PR-04 is the improvement to the Clubhouse windows to rectify water infiltration into the building.

**Project Title:** Keystone Park Improvements

**Project Number:** PR-13

**Project Type:** Capital Improvement

**Current Year Project Cost:** \$800,000

**Department:** Parks and Recreation

**Funding Source:** Parks Sales Tax

**Strategic Plan Priority:** Parks & Recreation

**Description:** Replacement of shelter house, renovations to parking lot and replace playground. Previously completed in the 2017 Parks Sales Tax Program was project PR-13 \$610,500 which included the replacement of the park shelter house and renovations to the parking lot.

**Justification:** Project PR-13 is funding to replace the playground at Keystone Park in FY 2023-24. The current playground is out of compliance with the National Playground Safety Institution standards. Parts are no longer available to make repairs. Replacement of the existing restroom building is also included in the five-year plan in FY 2026-27

**Project Title:** Blue Springs Park Improvements      **Project Number:** PR-15

**Project Type:** Capital Improvement      **Current Year Project Cost:** \$0

**Department:** Parks and Recreation      **Funding Source:** Parks Sales Tax

**Strategic Plan Priority:** Parks & Recreation

**Description:** Renovations to parking Lot, replacement of tennis courts as they are closed due to safety and playability concerns and replacement of restroom facilities at Blue Springs Park by playground, replacement of basketball and tennis courts and light poles. The current light poles have structural issues with the foundation being eroded away, thus making the poles susceptible to falling over. Additionally, the current lights are not aimed correctly causing light glare spillage into areas not requiring lighting. The restroom is being replaced in 2023.

**Justification:** Project PR-15 includes items that were omitted from the 2017 Sales Tax program due to lack of funding. Improvements are required to the ballfield lights and basketball court lights. These improvements are scheduled for FY 2024-25. The current light poles have structural issues with the foundation being eroded away, thus making the poles susceptible to falling over. Additionally, the current lights are not aimed correctly causing light glare spillage into areas not requiring lighting. The shelter houses are past their life expectancy and improvements need to be made to bring them up to the standard of other park facilities.

<b>Project Total</b>	<b>\$525,000</b>

**Project Title:** Pink Hill Park Improvements

**Project Number:** PR-16

**Project Type:** Capital Improvement

**Current Year Project Cost:** \$0

**Department:** Parks and Recreation

**Funding Source:** Parks Sales Tax

**Strategic Plan Priority:** Parks & Recreation

**Description:** Replacement of shelter houses, parking and driveway improvements, Playground #2 renovations, BMX Track fence and bleachers and improvements to Nelson Field. Replacement of shelter houses, parking and driveway improvements, BMX Track fence and bleachers have been completed in FY2022-23. The improvement to Nelson Field Lights and Playground #2 replacement are scheduled for FY2025-26.

**Justification:** The lights on Nelson Filed are over 30 years old and are no longer aimed in the correct position and the poles are deteriorating. The playground at shelter #2 has reached its life expectancy and is hard to maintain with parts. Improvements are needed to bring into standard with other park improvements.

**Department:** Parks and Recreation      **Funding Source:** Parks Sales Tax

**Strategic Plan Priority:** Parks & Recreation

**Description:** Replacement of Gazebo, small playground, renovations to parking lots, renovations to the tennis courts and replacement of the large playground. PR-17 \$660,500 included replacement of the original Gazebo structure, renovations to the parking lot and replacement of the small playground. The gazebo was replaced in FY 2022-23.

**Justification:** Project PR-17 includes renovations to the tennis courts and replacement of the large playground. Now with additional funds these items can be improved to alleviate safety concerns. The playground is scheduled for replacement in FY 2025-26, tennis courts are scheduled for renovations in FY 2026-27 and both Shelter and Restroom are scheduled for replacement in FY 2027-28.

**Project Title:** Hidden Valley Park Improvements      **Project Number:** PR-18

**Project Type:** Capital Improvement      **Current Year Project Cost:** \$0

**Department:** Parks and Recreation      **Funding Source:** Parks Sales Tax

**Strategic Plan Priority:** Parks & Recreation

**Description:** Previously completed in the 2017 Parks Sales Tax Program was project PR-18 \$601,000, which included the replacement of playground and signs. Also completed as part of the renewal was the parking lot paving at the soccer fields and football fields. Additionally, roofs have been replaced on the soccer, baseball, and football buildings.

**Justification:** PR-18 are items that still need to be addressed to alleviate unsafe conditions and bring the facilities up to the standards of the Parks Department. These include concession/restroom improvements to the interior restrooms and serving areas. Additionally, the parking lot at softball needs to be overlaid and improved along with all the fencing surrounding the athletic fields.

**Project Title:** Ward Park Improvements

**Project Number:** PR-20

**Project Type:** Capital Improvement

**Current Year Project Cost:** \$400,000

**Department:** Parks and Recreation

**Funding Source:** Parks Sales Tax

**Strategic Plan Priority:** Parks & Recreation

**Description:** Replacement of basketball courts, playground structure, new restroom building and tennis courts.  
Previously completed in the 2017 Parks Sales Tax Program was Project PR-20 \$482,000 which included replacement of basketball courts, and playground. Additionally, in 2022 the tennis courts were converted into dedicated pickleball courts.

**Justification:** The restroom facilities at Ward Park need total renovations and replacement. A modular facility is proposed to replace the existing building that will provide year-round facilities for park users.

**Project Title:** Parks, Recreation and Open Space Master Plan - Update

**Project Number:** PR-49

**Project Type:** Plan Update

**Current Year Project Cost:** \$0

**Department:** Parks and Recreation

**Funding Source:** Park Sales Tax

**Strategic Plan Priority:** Parks and Recreation Future Planning

**Description:** The City of Blue Springs adopted our most recent Parks, Recreation and Open Space Master Plan in 2016. The Parks, Recreation and Open Space Master Plan was designed to be a 10-year document and should be updated to address current trends in parks and recreation and the community's needs.

**Justification:** The Parks, Recreation and Open Space Master Plan is an official public document adopted by the Park Commission and City Council to provide guide the Department in meeting the needs of the Community. The plan provides a rational and comprehensive guide for physical development of Parks and Open Space as well as direction for programming and fiscal responsibilities and needs. The plan fosters quality growth, conservation, and development throughout the City. The update is programmed for FY 2025-26 to maintain the 10-year update cycle.

**Project Title:** Southwest Park Construction      **Project Number:** PR-71

**Project Type:** Capital Improvement      **Current Year Project Cost:** \$0

**Department:** Parks and Recreation      **Funding Source:** Parks Sales Tax

**Strategic Plan Priority:** Parks and Recreation Master Plan

**Description:** The construction of Southwest Park was included in the 2021 Park Sales Tax renewal program. This will provide a park in southern Blue Springs. The design was completed in 2020 originally PR-71 and provided to the public prior to the Sales Tax renewal.

**Justification:** Development of a park in southern Blue Springs to serve residents in this area as well as develop parkland already owned by the City.

**Project Title:** Police Department Locker Room Expansion

**Project Number:** PS-13

**Project Type:** Capital Improvement

**Current Year Project Cost:** \$0

**Department:** Public Safety

**Funding Source:** Public Safety Sales Tax

**Strategic Plan Priority:** Internal Operations

**Description:** When the building was designed and built in 2015-2016, the original number of lockers in each of the male and female locker rooms was reduced in scope to reduce the project cost. The current number of lockers in each room are barely able to meet the current needs based on personnel levels. Future growth will require that additional lockers be purchased and built in the space set aside for future growth. The lockers contain electrical outlets and are connected to the facility HVAC system for ventilation purposes. The project will not only require the purchase of the actual lockers, but also construction costs to provide ventilation and electrical outlets.

**Justification:** Adequate locker room facilities are important to support an active workforce providing the necessary means to prepare for duty, clean-up during duty, and ending duty.

**Project Title:** Police Department Painting

**Project Number:** PS-14

**Project Type:** Capital Improvement

**Current Year Project Cost:** \$100,000

**Department:** Public Safety

**Funding Source:** Public Safety Sales Tax

**Strategic Plan Priority:** Internal Operations

**Description:** The building has not been repainted since construction and move in, and many walls, especially in high use areas in need of repainting and repair. Since construction there has also been some minor settling in areas that require some drywall crack repair.

**Justification:** Damaged, chipping, and marred walls detract from the presentation of the building and lead to further damage over time. Upkeep of this nature is less expensive if addressed periodically.

Projected Five-Year Cost Schedule

**Project Title:** Police Department  
Training/Vehicle  
Processing Building

**Project Number:** PS-15

**Project Type:** Capital Improvement

**Current Year  
Project Cost:** \$1,000,000

**Department:** Public Safety

**Funding Source:** Public Safety Sales Tax

**Strategic Plan  
Priority:** Internal Operations

**Description:** The Police Department has identified a need for a building to be used as a training facility and vehicle processing area in the new fenced evidence lot within Pink Hill Park.

**Justification:** With the future loss of warehouse 1 in the downtown area to development, there is a need to construct a building for training and vehicle processing that includes heating and cooling and plumbing in the area within and on the lot now used for vehicle storage and impoundment.

This project may be completed in conjunction with BF-19 Public Utilities Building Phase II.

**Project Title:** Communications Quality Control System      **Project Number:** PS – 16

**Project Type:** Capital Improvements      **Current Year Project Cost:** \$0

**Department:** Public Safety      **Funding Source:** Public Safety Sales Tax

**Strategic Plan Priority:** 1      **Requested for Years:** 2024-2025

**Description:** The Communications Quality control System is a customized call handling solution for the communications center. The “Total Response” program by PowerPhone is a dispatch auditing and quality control system aiding dispatchers to be uniform in the questions asked on each call. \$84,596 setup/licensing and training for all dispatch employees with a \$16,000 yearly maintenance and upgrade cost.

**Justification:** This program will provide more consistent emergency call taking, generate objective dispatch decision based upon scene conditions, enhance caller and responder safety and offer prearrival instructions focused on scene safety and evidence preservation. The program will also improve information sharing with responders, provide real time and retrospective monitoring tools to gauge performance and limit liability exposure.

**Project Title:** Citywide Maintenance      **Project Number:** SAN-07

**Project Type:** Sanitary Sewer System Maintenance and Improvements      **Current Year Project Cost:** \$1,000,000

**Department:** Public Works – Sewer Maintenance      **Funding Source:** Sewer Utility Fund

**Strategic Plan Priority:** Infrastructure

**Description:** Sewer maintenance and improvements include televised inspection of sewer mains, sewer main cleaning, replacement of clay tile sewer main utilizing cured in place pipe, rehabilitation of manholes, construction of relief sewers, and emergency repair of collapsed pipes and manholes.

**Justification:** This project provides for the maintenance, rehabilitation, and repair of the sanitary sewer infrastructure. The resulting benefits are extended life of sewers, increased system reliability, decreased infiltration, and inflow (I&I), and fewer sewer back up claims. The reduction of I&I maximizes the available capacity in the collection system and wastewater treatment plant and reduces the risk of sewer overflows. To accomplish this a combination of the following tasks are performed each year: televised sewer inspections, sewer main cleaning, 25,000-35,000 feet of clay tile sewer lining, and the rehabilitation of leaking or deteriorated manholes. Of the City's 1,395,430 feet of sanitary sewers, the original and oldest portion (494,000 feet) was constructed using clay tile pipe. Due to its fragile nature clay pipe is prone to cracking as the earth's crust shifts and moves. This in turn leads to poor performance and in some cases pipe failure. To date, 409,558 feet of the clay tile sewers have been lined utilizing cured in place pipe. This process replaces the existing sewer pipe and has a life expectancy of 100 years. With continued funding the remaining 84,442 feet of clay tile sewers will be replaced by 2025.

**Project Title:** Combination Flushing Vacuum Truck      **Project Number:** SAN-10

**Project Type:** Sewer System Equipment Replacement      **Current Year Project Cost:** \$0

**Department:** Public Works – Sewer Maintenance      **Funding Source:** Sewer Utility Fund

**Strategic Plan Priority:** Infrastructure

**Description:** This unit supports sewer cleaning activities, non-invasive hydro-excavation, and emergency response for citizens.

**Justification:** This purchase provides for the replacement of an existing piece of equipment. This unit is critical in our ability to maintaining the City’s sewer system, responding to sewer backups, and minimizing excavation liabilities by utilizing hydro-excavation methods. Performing sewer cleaning operations in-house vs. contracting provides the City with a cost savings of \$40,000 per year. With the recent addition of a primary sewer flushing truck the service life of this unit has been able to be extended from 6 to 12 years. The current unit should be scheduled for replacement in FY 2025-2026.

**Project Title:** 12,000lb Hydraulic Excavator      **Project Number:** SAN-17

**Project Type:** Sewer System Equipment Replacement      **Current Year Project Cost:** \$0

**Department:** Public Works-Sewer Maintenance      **Funding Source:** Sewer Utility Fund

**Strategic Plan Priority:** Infrastructure

**Description:** Project Number SAN-17 is one of two projects created to replace the existing SAN-11 project and more accurately reflect the request in the Capital Improvements Plan. SAN-11 was a funded project which provided for the replacement of a rubber tired/backhoe/loader used in the daily tasks of maintenance and repairs. Beginning in FY 07-08 two separate pieces of equipment were requested and approved for purchase to provide the Public Works Division more flexibility with their equipment and activities.

**Justification:** This equipment is vital to the department to handle various construction tasks and after hour's emergency response. Downtime on emergency equipment must be kept to a minimum to ensure timely restoration of customer's services. By replacing this equipment every 2 years the city will maximize the discounted purchase price, reap a higher return on trade-in or resale value, and have a full warranty on the new equipment which will protect the city from catastrophic repair costs.

**Project Title:** Sewer Infrastructure Deployment      **Project Number:** SAN-19

**Project Type:** Capital Improvements      **Current Year Project Cost:** \$200,000

**Department:** Public Works      **Funding Source:** Sewer Utility Fund

**Strategic Plan Priority:** Development and Redevelopment

**Description:** The project will fund the strategic deployment of sewer infrastructure to facilitate the development of the City. It is contemplated that annual budgeted funds may go unused year-over-year and will be accessed for projects meeting certain criteria. Priority will be given to sites/projects that meet one or more of the following criteria:

- Areas in the Intent to Annex plan.
- Consistency with the Comprehensive Plan.
- Promotes stated economic development objectives (e.g. job creation, business attraction and retention, shovel ready site, etc.). Provides systematic, long-term infrastructure solutions.

**Justification:** The City is uniquely positioned to play a significant role in site/area development through the deployment of critical infrastructure to make areas and sites within the City marketable and ultimately developable. Dedicating resources on an on-going basis will enable the City to respond to market demands and opportunities and systematically and strategically address the infrastructure needs of the City.

The CIP includes \$200,000 per year for SAN-19 Sewer Infrastructure Deployment and will accumulate to \$1,000,000, but will not increase beyond that until funds are spent below that balance.

**Project Title:** Hydraulic Track Loader      **Project Number:** SAN-20

**Project Type:** Sewer System Equipment Replacement      **Current Year Project Cost:** \$59,000

**Department:** Public Works – Sewer Maintenance      **Funding Source:** Sewer Utility Fund

**Strategic Plan Priority:** Infrastructure

**Description:** This piece of equipment was previously funded in the capital outlay program. Due to the \$50,000 limit and inflationary cost this equipment request is being moved to the capital improvement program. Project Number SAN-20-19 is one of two projects created to replace the existing SAN-11 project and more accurately reflect the request in the Capital Improvements Plan. SAN-11 was a funded project which provided for the replacement of a rubber tired/backhoe/loader used in the daily tasks of maintenance and repairs. Beginning in FY 07-08 two separate pieces of equipment were requested and approved for purchase to provide the Public Works Division more flexibility with their equipment and activities.

**Justification:** This equipment is vital to the department to handle various construction tasks and after hour’s emergency response. Downtime on emergency equipment must be kept to a minimum to ensure timely restoration of customer’s services. By replacing this equipment every 2 years the City will maximize the discounted purchase price, reap a higher return on trade-in or resale value, and have a full warranty on the new equipment which will protect the city from catastrophic repair costs.

**Project Title:** 1.5 Ton Service Truck      **Project Number:** SAN-21

**Project Type:** Equipment Replacement      **Current Year Project Cost:** \$0

**Department:** Public Works - Sewer      **Funding Source:** Sewer Utility Fund

**Strategic Plan Priority:** Infrastructure

**Description:** Purchase of a 17,500 GVWR 4X4 truck with dump bed. This vehicle was previously funded in capital outlay FY 20 – 21. Due to the \$50,000 limit and inflationary cost this vehicle is being moved to CIP.

**Justification:** This truck will be used for daily maintenance of the City’s sanitary sewer system. The current vehicle is a 2006 with a service life of twelve years in the utilities division and an additional five to eight years’ service in the Streets / Parks divisions. The sewer division operates a fleet of three similar style trucks. The Sewer Division operates three of these vehicles resulting in a replacement cycle of four years.

**Project Title:** Sewer Flushing Truck      **Project Number:** SAN-23

**Project Type:** Equipment Replacement      **Current Year Project Cost:** \$0

**Department:** Public Works Sewer Maintenance      **Funding Source:** Sewer Utility Fund

**Strategic Plan Priority:** Infrastructure

**Description:** This request is for the replacement of a sewer flushing truck. This unit supports sewer cleaning activities and emergency response for citizens.

**Justification:** The department previously performed all tasks with one combination flushing/vacuum truck that was scheduled to be replaced every 6 years. Communication installations within the public right of ways have increased the need to reduce liabilities during excavations by using hydro-excavating practices. This placed increased demand on the vacuum truck resulting in scheduling conflicts and a restricted ability to complete scheduled preventative maintenance flushing. The addition of this piece of equipment enables the department to push the years of service for both pieces of equipment out to 12 years resulting in both lower annual costs and higher level of service to the community. The current unit should be scheduled for replacement in future years. Next scheduled replacement isn't until FY 2031-32, estimated at \$325,000.

**Project Title:** Sludge Removal      **Project Number:** SNI-01

**Project Type:** Repetitive Operational Maintenance      **Current Year Project Cost:** \$0

**Department:** Public Works – Sni-A-Bar      **Funding Source:** Sewer Utility Fund

**Strategic Plan Priority:** Infrastructure

**Description:** The Sni-A-Bar wastewater treatment facility utilizes sludge treatment cells for the interim process between removal of sludge from the activated sludge process and permanent disposal from the treatment plant. Through an agreement with the Department of Natural Resources the City has been able to extend the period before sludge is required to be removed (normally 2 years) by adding micro-organisms to the sludge treatment cells to continue the decomposition process. This process can extend the storage capacity of the treatment cells by an additional 2-3 years.

**Justification:** Regular disposal of waste sludge is required under the permit issued by the State of Missouri. This project is needed based on the agreements with DNR and the available storage capacity of the treatment cells and should be performed every 6 years.

<b>Total</b>	<b>\$3,500,000</b>	<b>\$0</b>	<b>\$4,000,000</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$7,500,000</b>

**Project Title:** Pavement Management Program      **Project Number:** ST-06

**Project Type:** Street Improvements      **Current Year Project Cost:** \$2,050,000

**Department:** Public Works      **Funding Source:** Transportation-Tax

**Strategic Plan Priority:** Infrastructure

**Description:** Annual pavement management program

**Justification:** The annual Pavement Management Program (PMP) has replaced the Street Rehabilitation Program (SRP), that ran from 2008-2017. The SRP overlaid 142 miles of streets. The PMP is designed to extend the useful life of public streets and provides for a safe, reliable road network in the City. Projects are Volume, condition, and age. The Condition is based on the Pavement Quality Index, PQI, and the Pavement Condition Index, PCI, which assigns a rating from 0-100 to each street segment. The indexes are based on empirical data collected by Stantec during the fall of 2016, 2019, and 2022. The PQI/PCI ratings are a combination of criteria collected during an automated survey using lasers to assess the surface condition of the roads.

The average PQI/PCI score throughout the city in 2016 was 59.5 and the overall rating dropped to 51.0 in 2019 where it remained through 2022. Most cities in the area average between 53 and 64. A subsequent survey and analysis by an outside firm will be performed every three years to develop a history and formulate a trend line for the system. The results will allow the PMP to be continuously monitored and periodically adjusted to respond to the changing conditions of the City's street network with the ultimate goal of providing the most efficient and effective program possible with the resources available.

Reconstruction, Overlay, and Surface Treatments are utilized within the program based on the condition of the specific road segment. The program began in the spring of 2019. However, funds were reallocated in 2020 so only \$2.3M was available for that construction season.

STREET TYPE	CITY STANDARD	TOTAL MILES (centerline miles)	ANNUAL STREET REHABILITATION PROGRAM (THRU 2022)	
			Miles	%

**Project Title:** Wyatt Road East, 7 Highway to Adams Dairy Parkway

**Project Number:** ST-18

**Project Type:** Street Improvements

**Current Year Project Cost:** \$5,000,000

**Department:** Public Works

**Funding Source:** Transportation Sales Tax

**Strategic Plan Priority:** Infrastructure Maintenance

**Description:** Acquisition of right-of-way and construction for Wyatt Rd. east of 7 Hwy.

**Justification:** Wyatt Rd will be constructed as a major collector regarding traffic management and access more available land for development within Blue Springs. It is anticipated this improvement would eventually access Buckner Tarsney. (Cost figures revised 2022)

**Project Title:** Snow Plow/Dump Truck      **Project Number:** ST-24

**Project Type:** Equipment Replacement      **Current Year Project Cost:** \$172,000

**Department:** Public Works-Streets      **Funding Source:** General Fund

**Strategic Plan Priority:** Infrastructure

**Description:** Purchase of a new dump truck with integral salt spreader and snow plow equipment.

**Justification:** These units will be utilized in road maintenance activities and snow removal operations. They will replace frontline units that will be moved into the residential fleet. Units displaced from the residential fleet are sent to auction. The typical length of service for a snowplow/dump truck is 20 years.

**Project Title:** Street Sweeper

**Project Number:** ST-25

**Project Type:** Equipment Replacement

**Current Year Project Cost:** \$0

**Department:** Public Works Streets

**Funding Source:** General Fund

**Strategic Plan Priority:** Infrastructure/Maintenance

**Description:** This specialized piece of equipment is utilized to remove debris and sediment from the City’s roadways and curb lines.

**Justification:** The Street Sweeper is used to remove dirt, leaves, debris and contaminants from the city's streets prior to the debris washing into the surrounding watershed. Additionally, it is used to vacuum debris from catch basins to prevent localized flooding. This service/program reduces air and stream pollution, which helps to maintain the city's air and stream quality. These actions support the city's Storm Water Pollution Discharge Permit requirements, and it provides a safe way to clean out catch basins that are deeper than five feet. Due to the complexity of the equipment street sweepers have a typical service life of 10-12 years. The current street sweeper was purchased in FY 18-19. The current unit should be scheduled for replacement in FY 2028-29.

**Project Title:** 1.5 Ton Dump/Snow Truck      **Project Number:** ST-26

**Project Type:** Equipment Replacement      **Current Year Project Cost:** \$0

**Department:** Public Works - Streets      **Funding Source:** General Fund

**Strategic Plan Priority:** Infrastructure

**Description:** Purchase of a 17,500 GVWR 4X4 truck with dump bed, hydraulics, and snow removal equipment.

**Justification:** This truck will be used for daily maintenance of the City's streets and rights-of-way. Maintenance includes patching, crack sealing, brush removal, litter patrol, and emergency debris removal. This unit will also serve as the frontline snow removal truck in congested areas throughout the city. The streets division operates a fleet of four flatbed style 1.5-ton trucks. The anticipated life of these trucks is 16 years of service, which results in a replacement cycle of four years. The current trucks in the fleet are a 2004, 2006, 2012, and a 2020 and a 2020. The 2022 unit has been pushed to the later portion of the year to order a 2023 model year. Ford is not taking orders for 2023s.

**Project Title:** 7 Highway Sidewalk Infill **Project Number:** ST-43

**Project Type:** Street Improvements **Current Year Project Cost:** \$850,000

**Department:** Public Works **Funding Source:** Transportation Tax

**Strategic Plan Priority:** Infrastructure Maintenance

**Description:** Placement of ADA compliant sidewalks along 7 Hwy from NW Shaw Parkway to US 40 Highway, including a connection under I-70.

**Justification:** This project would provide for ADA ramps and continuous sidewalk along 7 Hwy, providing a safer pedestrian movement.

The project is comprised of three phases:

- North: \$1.2M – Funded at \$582,000
- Central: \$850,000
- South: \$1.7M - Unfunded

All three phases were submitted to the MARC Surface Transportation Program for grant funding. The North section was selected to receive partial funding in the amount of \$582,000 (the initial request was for \$1.2M) in 2020. The prior funded portion of this project reflects partial completion of the North phase of the project area to the extent that can be built with those funds. The project is being assessed to determine if the remainder requires a project to complete the north segments.

MoDOT will manage and complete this project. The entire projects costs \$3,400,000 and the City is responsible for a 20% match (\$850,000).

Projected Five-Year Cost Schedule

**Project Title:** Concrete Repair and Maintenance

**Project Number:** ST-44

**Project Type:** Infrastructure Maintenance

**Current Year Project Cost:** \$443,200

**Department:** Public Works

**Funding Source:** Water Utility Fund  
Transportation Sales Tax

**Strategic Plan Priority:** Infrastructure

**Description:** In the 2015-16 Budget the City Council authorized the creation of an in-house maintenance program with the mission to correct safety issues (e.g. trip hazards, grade deviations, etc.) and significant defects in the sidewalk system throughout the city—as identified in the Sidewalk Inventory and ADA Transition Plan—as well as replacement of sidewalks, driveways, curbs, and other concrete infrastructure impacted by settlement and/or maintenance of City owned utility infrastructure.

Annual program goals include repair/replacement of 60,000 square feet of concrete infrastructure, which represents a 255 percent increase over the previous service level. Fiscal year-2016-17 performance indicates it has reached 71% or 42,725 square feet of the annual goal.

**Justification:** The City Council approved Ordinance Number 4340 in 2011 which required the City to assume maintenance of the sidewalk system throughout the City. Sidewalk condition and maintenance is consistently rated as an important priority in the citizen surveys administered by ETC. The proposed program provides for a flexible delivery mechanism with improved efficiency and responsiveness

**Project Title:** AA Highway Project

**Project Number:** ST- 52

**Project Type:** Road Improvements

**Current Year Project Cost:** \$0

**Department:** Public Works

**Funding Source:** Transportation Sales Tax

**Strategic Plan Priority:** Infrastructure Maintenance

**Description:** This project includes road improvements from Adams Dairy Parkway to the eastern City limits. Specifics of the project include road widening, profile safety corrections, new curb and gutter, accommodations for pedestrians and bicycles, and improvements to the traffic signal at AA Highway and Adams Dairy Parkway. Maintaining traffic during construction will be a significant challenge with this project.

**Justification:** This arterial roadway serves as an important connection between Blue Springs and Grain Valley. As traffic volumes are increasing along this corridor the need to improve the road has also increased. The proposed road improvements prepare the corridor for multimodal transportation, increased capacity, improved traffic operations, and increased safety for the traveling public. (Cost figures revised 2022) This project has been combined with ST-48 AA Highway to ADP Right Turn Lane.

**Project Title:** Stormwater Maintenance      **Project Number:** STM-06

**Project Type:** Stormwater Maintenance      **Current Year Project Cost:** \$100,000

**Department:** Public Works      **Funding Source:** General Fund

**Strategic Plan Priority:** Infrastructure

**Description:** Ongoing maintenance of the City's stormwater assets. This includes the replacement or lining of sections of storm pipe that have reached the end of their useful life, rehabilitation or replacement of stormwater inlets, and televised inspection stormwater assets.

**Justification:** The City's stormwater system consists of 121 miles of pipe below city streets, sidewalks, and between homes and businesses along with 5,272 inlets, 481 junction boxes, and 104 box culverts. Approximately 52% of the pipe is corrugated metal which rusts and ultimately fails over time. Dips in streets, curbs, and sidewalks and eventually sink holes can and do result from these defects.

Current funding levels are not sufficient to adequately maintain the City's stormwater infrastructure in a comprehensive or proactive manner. The \$50,000 request will likely increase over time as the system's integrity continues to diminish.

**Project Title:** Rubber Tired Front End Loader      **Project Number:** WA-03

**Project Type:** Water System Equipment Replacement      **Current Year Project Cost:** \$0

**Department:** Public Works – Water Maintenance      **Funding Source:** Water Utility Fund

**Strategic Plan Priority:** Infrastructure

**Description:** Purchase a rubber tired front end loader to replace the existing equipment.

**Justification:** This piece of equipment is vital to the department to handle various construction tasks and emergency repairs. Downtime must be kept to a minimum to ensure availability when needed. By replacing this equipment every 5 years the City will maximize the initial equity gained from the municipal discounts offered by manufacturers and reap a higher return rate on trade-in or resale value while maintaining a full warranty to protect from catastrophic repairs.

**Project Title:** Miscellaneous  
Watermain Maintenance

**Project Number:** WA-12

**Project Type:** Water System  
Improvements

**Current Year  
Project Cost:** \$500,000

**Department:** Public Works

**Funding Source:** Water Utility Fund

**Strategic Plan  
Priority:** Infrastructure

**Description:** Upgrading of the City's aging water-infrastructure and replacement of lead service lines to comply with new regulatory standards.

**Justification:** Continued aging of the City's drinking water infrastructure and new regulatory requirements to meet the Lead and Copper Rule Revisions (LCRR) have resulted in the need to continue funding for WA-12 along with incremental increases in future years. HDR Engineering has completed the analysis and recommendations for a Water Distribution System Management Plan which included changes required by the LCRR in order to stay in compliance with state and Federal Drinking Water Requirements. The activities surrounding the LCRR such as increased testing, development of lead service line inventory, and the replacement of lead service lines, are not optional and have a compliance deadline of October 2024.

**Project Title:** Water Tank Maintenance Contract      **Project Number:** WA-14

**Project Type:** Water System Maintenance      **Current Year Project Cost:** \$216,531

**Department:** Public Works – Water Maintenance      **Funding Source:** Water Utility Fund

**Strategic Plan Priority:** Infrastructure

**Description:** The water maintenance division has determined that it is advantageous to place the City's most valuable water assets (the water towers and storage tanks) on a contracted maintenance/management system. Many communities throughout the United States and the state of Missouri utilize storage tank maintenance agreements to level the annual costs associated with tank ownership which include re-painting, inspection, structural repairs, cleaning, correction of vandalism, and other maintenance/repair related items. These programs ensure the tanks are always in compliance with state and federal regulations, deliver safe potable water to customers, and maintain an attractive storage facility for the community. There is a reduction in the contract amount due to the decommissioning of the downtown water tower.

**Justification:** The Water Department has utilized contracted maintenance for the past four years with positive results. Since the maintenance contract is perpetual and with one firm, the repetitive engineering costs are eliminated. The maintenance program allows repairs to be completed in the same season they are identified, thereby providing a higher level of maintenance to the assets. Tank and tower maintenance programs are favorably recognized by the Missouri Department of Natural Resources as beneficial to communities in delivering safe water to their customers and realizing the maximum life from their assets.

**Project Title:** Water Infrastructure Deployment      **Project Number:** WA-17

**Project Type:** Capital Improvements      **Current Year Project Cost:** \$200,000

**Department:** Public Works      **Funding Source:** Water Utility Fund

**Strategic Plan Priority:** Development and Redevelopment

**Description:** The project will fund the strategic deployment of water service infrastructure to facilitate the development of the City. It is contemplated that annual budgeted funds may go unused year-over-year and will be accessed for projects meeting certain criteria. Priority will be given to sites/projects that meet one or more of the following criteria:

- Areas in the Intent to Annex plan.
- Consistency with the Comprehensive Plan.
- Supports stated economic development objectives (e.g., job creation, business attraction and retention, shovel ready site, etc.). Provides systematic, long-term infrastructure solutions.

**Justification:** The City is uniquely positioned to play a significant role in site/area development through the deployment of critical infrastructure to make areas and sites within the City marketable and ultimately developable. Dedicating resources on an on-going basis will enable the City to respond to market demands and opportunities and systematically and strategically address the infrastructure needs of the City.

The CIP includes \$200,000 per year for WA-17 Water Infrastructure Deployment and will accumulate to \$1,000,000 , but will not increase beyond that until funds are spent below that balance.

**Project Title:** 1.5 Ton Service Truck      **Project Number:** WA-18

**Project Type:** Equipment Replacement      **Current Year Project Cost:** \$0

**Department:** Public Works - Water      **Funding Source:** Water Utility Fund

**Strategic Plan Priority:** Infrastructure

**Description:** Purchase of a 17,500 GVWR cab and chassis with utility bed. This vehicle was previously funded in capital outlay FY 2018-19. Due to the \$50,000 limit and inflationary cost this vehicle is being moved to CIP.

**Justification:** This truck is used for daily maintenance of the City's water distribution system. The existing utility trucks have a service life of twelve years in the utilities division with an additional five to eight years of service in the Streets / Parks divisions. The Water Division operates three of these vehicles resulting in a replacement purchase every four years.

## REVENUE POLICY

Each year, the City of Blue Springs develops its municipal budget based upon estimated revenues and projected service level needs. During the budget process, emphasis is placed on program services, as well as itemized and detailed expenditure activities and performance standards. Equally important in the development of the annual budget is the formulation of a financing plan based on available revenues. This includes identification of the various revenue sources to be used in funding municipal service, and the forecast of estimated income each would produce.

The City's revenue plan will vary from year to year as national and local economic and other factors change. Unless the City can rapidly adapt its revenue policy to these changes each year to preserve its revenue base, reductions can be inadvertently forced during periods of economic slowdown or major revenue source reduction. Therefore, the City's annual revenue policy will be based upon the latest economic forecast available. It will also be formulated around the basic principles that:

1. Wherever possible, those receiving the benefits of a government service should pay for what they receive in full through current fees, charges and other assessments.
2. Continual search for new sources of revenue - both financial and non-financial - shall be made to diversify the City's revenue source portfolio.

## REVENUE PROJECTIONS

The Major revenue sources for the City are sales taxes, property taxes, transportation sales tax, other government sources, water sales, sewer charges, utility franchise fees, licenses and permits, fines and general government charges for services.

The following revenue projection pages are prepared for all City fund accounts that, in total, make up at least 75 percent of the City's revenue. They are presented in order of highest to lowest total revenue.

The starting point for all account revenue projections begins by reviewing the current year's year-end projection as well as reviewing historical account activity to provide trend information on a comparative basis for projections.

Each revenue page has five sections, which lists the account code, legal authorization, description, basis of revenue projection and the fund collection/distribution.

The **Account Code** section lists the specific line item that the receipt will be posted to in the city's general ledger accounting system.

The **Legal Authorization** section should list either the state statute or city ordinance, which allows the city to levy and receive this source of funds.

The **Description** section provides a brief explanation of the formula (i.e. tax levy times assessed valuation or building permit square footage times rate per foot), or established schedule of fees.

The **Basis of Revenue Projection** section describes the logic and/or assumptions used to arrive at the projected amounts and possibly the history or trend analysis of the particular account.

The **Fund Collection/Distribution** section lists the most recent five years of actual receipt activity in the account, plus a projection for the current fiscal year and the upcoming budget year. In the case where a single revenue account is received in more than one fund, all funds are listed by fund category and then totaled.

# REVENUE SOURCE DESCRIPTIONS

## Description

### **½ Percent Public Safety Sales Tax**

A 1/2 percent Public Safety sales tax on all goods and commodities sold within the City limits, with the exception of drugs, farm machinery, and domestic users of utilities. On April 5th, 2011, voters approved the establishment of a 1/2 percent sales tax to be used for Public Safety services only. The tax is also levied on all vehicles registered by residents of the City, although they may have been purchased in another city.

### **½ Percent Transportation Sales Tax**

A 1/2 percent sales tax on all goods and commodities sold within the City limits, with the exception of drugs, farm machinery, and domestic users of utilities. On August 5th, 1986, voters approved the retention of this tax indefinitely. The tax is also levied on all vehicles registered by residents of the City, although they may have been purchased in another city.

### **½ Percent Parks Sales Tax**

A 1/2 percent Parks sales tax on all goods and commodities sold within the City limits, with the exception of drugs, farm machinery, and domestic users of utilities. On April 4th, 2017, voters approved the establishment of a 1/2 percent sales tax to be used for Park improvements only. The tax is also levied on all vehicles registered by residents of the City, although they may have been purchased in another city.

### **1 Percent City Sales Tax**

The City imposes a 1 percent sales tax on all goods and commodities sold within the City limits with the exception of drugs and farm machinery. The tax is also levied on all vehicles registered by residents of the City, although they may have been purchased in another city. The Missouri Department of Revenue collects funds and distributes monthly to City.

### **1 Percent Property Tax Collection Fee**

Revenue received for collecting property taxes on behalf of Jackson County.

### **3 Percent Marijuana Sales Tax**

The City imposes a 3 percent sales tax on the retail sale of adult use non-medical marijuana.

### **Animal Control Fines and Kennel Fees**

Charges levied against pet owners for allowing their animals to run at large, plus kennel fees, if applicable.

### **Antenna Site Leases/Farm Lease Contracts**

Operating revenue from the water tower structure at 11<sup>th</sup> and Smith Streets that is used as an antenna lease site for companies in need of transmitter facilities. Land leased to R.L.D.S. Church and farm property in the Atherton Community that is owned by the City of Blue Springs.

### **Building and Sign Permits**

Fees for permits issued for construction subject to Uniform Building Code. Permits are valid for six months from date of issue. Sign permits to construct or alter signs. Permits for street cuts to repair or install utility lines.

### **Business (Occupational) Licenses**

A license required of all businesses operating in the City. Due March 1. Delinquent March 2.

### **Business Personal Property Tax**

Revenue from an ad valorem tax levied on all portable property used to generate income. The County assesses this property at 33 percent of its value.

### **Cigarette Tax**

A \$.04 tax on each package of cigarettes sold in the City.

**City Vehicle Licenses**

Effective with Ordinance No. 1765, the Collector of Revenue of Jackson County includes as a charge on bills issued for personal property taxes, the charge for City motor vehicle license and collects the same with and in the same payment as personal property taxes.

**Construction Plat and Inspection Fees**

Fees charged to developers for construction of public works improvements including water lines, sanitary sewers and street improvements. Fees to cover cost of reviewing plans to ensure conformance with applicable City ordinances governing subdivision plats. Permit fee for each home-owned business inspection made by City inspectors. Fees for zoning applications, conditional use permits and variances all requiring public hearings.

**County Urban Road System (C.U.R.S.) Revenue**

Under the County Urban Road System (C.U.R.S.), Jackson County credits the City each year with monies to be spent on road improvements within the City of Blue Springs.

**Dispatch Fee/False Alarms**

Charges to entities for radio dispatch services performed per contract agreement. Charges for false alarm calls.

**Donations**

Donations from residents, nonresidents, civic organizations and business owners who have used City facilities and wish to express their appreciation or would like to co-sponsor a designated special event or project with a City department.

**Driving Range Fees**

Revenues received from the sale of small and large bags and 40 bag passes at the Adams Pointe Golf Club driving range.

**Estimated Uncollectible Business Personal Property Tax**

Percentage of business personal property taxes estimated to be uncollectible.

**Estimated Uncollectible Merchants and Manufacturers Tax**

Percentage of merchants and manufacturers taxes levied estimated to be uncollectible.

**Estimated Uncollectible Personal Property Tax**

Percentage of personal property taxes estimated to be uncollectible.

**Estimated Uncollectible Real Estate Tax**

Percentage of real estate taxes levied estimated to be uncollectible.

**Facility Rent**

Rental of the following City property: Election polls, Public Works Building, City Hall Facility, Fieldhouse Facility, Golf Course Club House and Vesper Hall Senior Center.

**Farm Lease Contract**

Operating revenue received from monies for lease of land to Summers Farms and farm property at the Sni-A-Bar Wastewater Treatment Plant site that is owned by the City of Blue Springs.

**Federal/State Grants**

Federal, State and Local grant funds awarded to the City for special projects or programs, disaster relief or transportation.

**Fireworks Permits**

Fee charge to all local, non-profit civic organizations permitted by the City Council to sell fireworks in the City.

**Food and Beverage Revenue**

Revenues from the sale of prepared foods, packaged foods, fountain beverages, other beverages, canned beer, tap beer, liquor, wine and tobacco at Adams Pointe Golf Club. Revenues from corporate league allowances and beverage cart sponsorships at Adams Pointe Golf Club.

**Golf Cart Revenue**

Revenues received from the rental of golf carts at Adams Pointe Golf Club, including twilight carts, junior/senior carts and tournament carts.

**Golf Course Green Fees**

Revenues received from all green fees during all playing hours, including tournaments, Blue Springs Resident Passes, corporate leagues, permanent tee times, corporate member fees and corporate guests.

**Grain Valley Service Agreement**

Operating revenue from payment by the City of Grain Valley for use of City's Sni-A-Bar Wastewater Treatment Plant and sewer main. Quarterly billing is based upon percentage of Grain Valley's customers versus City of Blue Springs' customers.

**Hotel/Motel Tax**

Revenues received from a hotel/motel license tax of 6.5 percent of the gross daily rental receipt upon sleeping accommodations of motels and hotels to prompt and provide facilities for tourism, conventions and visitors beginning June 1, 2003.

**Intangible (Financial Institution) Tax**

A tax paid to the State by all banks, trust companies, credit institutions, credit unions and insurance companies on net income. Funds are remitted by the State of Missouri to counties for distribution to each city in the County.

**Interest Fees**

Interest on replacement tax revenues levied by Jackson County against the assessed valuation of commercial real property, listed in Subclass (3) of Class 1 of Section 4 (b) of Article X of the Missouri Constitution that becomes delinquent January 1 of each year.

**Interest on Investments**

Interest earned from investment of monies and deposits in interest-bearing accounts.

**Jackson County Duplicate Receipt Fees**

Fee for each duplicate tax receipt prepared.

**Jackson County - Economic Activity Taxes**

Revenues received from Economic Activity Taxes from businesses located in the Tax Increment Financing District.

**Liquor Licenses/I.D. Cards**

Revenue from licenses issued for the sale of liquor within the City and liquor identification cards to persons employed in the retail sale of liquor. Liquor licenses are renewable annually on July 1. Liquor identification cards are issued as 3-year permits.

**M and M Replacement Tax/Jackson County**

Replacement tax revenues levied by Jackson County against the assessed valuation of real property, listed in Subclass (3) of Class 1 of Section 4 (b) of Article X of the Missouri Constitution, necessary to produce the total revenues lost by taxing authorities due to the exemption of merchants' and manufacturers' tangible personal property (inventory) effective January 1, 1985.

**Maintenance/Repair and Fuel Charges**

The City operates the Fleet Maintenance to maintain, repair and provide fuel for City-owned vehicles and equipment. Operating revenues are collected through charges assessed to departments utilizing the Fleet Maintenance services.

**Maps, Publications, Ordinances and Copies**

Revenue obtained from the sale of maps, zoning and subdivision regulations, and various other ordinances, motor vehicle operator reports and photocopies of general information.

**Merchants and Manufacturers Tax**

Revenue from ad valorem taxes assessed to all equipment in the possession or control of a business on January 1 of each year. The County assesses all business equipment at 33 percent of its value.

**Miscellaneous Income**

Revenues from various miscellaneous sources such as: pay phones, vending machines, returned checks, taxicab franchise, postage reimbursements, miscellaneous overages and court-ordered restitution.

**Miscellaneous Revenue**

Operating revenue received from miscellaneous sources such as return check charges and voided water deposit checks.

**Miscellaneous Revenue and Discounts**

Operating revenue from discounts for prompt payments of Missouri Sales/Use Tax returns, purchases and other miscellaneous receipts.

**Municipal Court Costs**

Costs levied for each violation processed by the Municipal Court and Violation Bureau. Charges assessed on all moving violation convictions for law enforcement training and victim's compensation fees.

**Municipal Court Fines/Appearance Bond**

Revenue from fines assessed by City's Municipal Judge for violations of City ordinances and forfeiture of appearance bonds for nonappearance at court. Municipal Judge sets amount of bond.

**Operating Transfers**

Revenues generated by the General Fund transferred to Capital Projects and Public Building Authority Fund for capital assets, construction of capital projects and payment of PBA debt.

**Outfall Sewer Agreements**

Operating revenue received when sewer lines are dedicated to the City and become a part of the City's sewer system. In order for developers to connect to the City's sewer system in outfall sewer areas, it is necessary to obtain an easement across such property involved. The City agrees to purchase said easement with the developer agreeing to reimburse the City for all expenses incurred.

**Park Activity Fees**

Revenue from various park activities as follows:

Shelter Rentals, Coed Volleyball, Gymnastics Classes, Tennis Lessons, Men's Slow Pitch, Church Slow Pitch, Men's Basketball, Drama Workshop, Kids Computer Camps, Women's Slow Pitch, Dance Classes, Tournament Field Rent, Coed Slow Pitch, Fine Art Classes, Adult Football, Gate Receipts, Acting Lessons, Youth Volleyball.

**Park Concession Receipts**

Fee paid by private concessionaires operating at Pink Hill Park, Keystone Park, Young Park, Blue Springs Park, and Hidden Valley Park Sports Complex.

**Park Donations/Miscellaneous Revenue**

Donations received from residents, non-residents, civic organizations and business owners who use City facilities.

**Park Field and Court Lights**

Monies derived from use of lighted recreation facilities at Pink Hill Park, Keystone Park, Blue Springs Park, Young Park and Rotary Park at Railroad Lake for practice and game play.

**Penalties**

Penalties for occupational licenses purchased after the delinquent date. Penalties assessed for late payment of weed cutting charges.

**Personal Property Tax**

Revenue from an ad valorem tax levied on all vehicles, boats, airplanes and farm equipment. The County assesses the property at 33 percent of its value.

**Police Instructors, Housing, Lab Fees**

Revenues obtained from prisoner housing, employment of officers at Metropolitan Community College, Youth Outreach Unit lab fees, and police photocopies.

**Pro Shop Revenues**

Revenues received from the sale of merchandise at the Adams Pointe Golf Club pro shop. Revenues received from the rental of golf clubs, hole sponsorships, golf club repairs, and the preferred player program at Adams Pointe Golf Club.

**Railroad and Utility Tax**

A combined assessment of the State of Missouri and City of Blue Springs on length of railroad track, utility lines, and all other moveable property owned or leased by utility/railroad companies on January 1 of each year. Local assessment is based on real property or tangible personal property owned within the City limits.

**Real Estate Property Tax**

Revenue from an ad valorem tax levied on all real property based on the assessed valuation established by the County Assessor. By order of the State Tax Commission, all new property was assessed at 19 percent of its value for residential and 32 percent of its value for commercial, and all older property brought to the same standard January 1, 1985. Jackson County reassesses all property in the County every two years (in the odd numbered years).

**Sale - Equipment, Land and Reimbursement**

Revenue derived from the sale of equipment no longer needed, insurance reimbursement for equipment involved in accidents or vandalism, requests for repairs to equipment damaged by others, sale of building, land or products.

**Sale - Material and Equipment/Insurance Receipts**

Operating revenue derived from the sale of equipment, materials or supplies and reimbursement for repairs from individuals and insurance companies.

**Sale of Equipment**

Revenue received from the sale of equipment no longer needed.

**Sale of Fuel and Charges for Maintenance/Repair**

Operating revenue from the sale of fuel and charges for vehicle and equipment maintenance/repair to outside vendors.

**Sale of Supplies/Insurance Receipts**

Operating revenue derived from sale of equipment, materials/supplies, insurance receipts and reimbursement for repairs.

**Service Fees**

Operating revenue from service fees collected. After a water/sewer bill remains unpaid for thirty days service is discontinued by the City. A \$20 reconnection fee plus the outstanding amount of the bill must be paid before service is restored.

**Service Fees, Connections and Line Installation**

Service fees: After a water/sewer bill remains unpaid for thirty days, service is discontinued. A \$20 reconnect fee is charged before service is restored. Connections: Charges for tapping water service line and installing a meter. Extended Meter Service: \$50 per service meter call. Hydrant Meter Usage Fee: Charge for temporary hydrant meter use during construction.

**Sewer Penalties**

Operating revenue from a 10 percent charge which is added to all sewer bills that remain unpaid fifteen days from due date.

**Sewer Service Charges**

Operating revenue based upon an administrative service fee charge plus a fee charged per each 100-gallon water sale.

**Sewer Service/Independence, Etc.**

Operating revenue derived from a cooperative agreement for reciprocal sewer service between the City of Blue Springs and the City of Independence for users existing in certain areas lying on both sides of the boundaries between Blue Springs and Independence.

**Special Events**

Receipts from admission fees or entry fees to special events, such as: seasonal theaters; BBQ Blaze-Off; craft workshop; mud volleyball tournament; environmental sales; summer basketball tournament; children's trips; senior citizen trips; Youth Sports Expo; photography workshop; cheerleader clinic; and adult softball tournament.

**State Motor License Fees**

Distribution of State license fees collected on motor vehicles, etc., for highway and transportation purposes.

**State Motor Vehicle Fuel Tax**

Monies appropriated by the State to all cities for maintenance and improvement of roads and bridges. Voters approved a \$.04 tax per gallon increase that became effective June 1, 1987.

**State Motor Vehicle Sales Tax**

Distribution to cities of sales tax collected by the State on motor vehicles for use in street, highway repairs and improvements.

**Street Repairs/Sign Charges**

Charges by City for costs to repair street cuts made by utility contractors, drainage material cost and labor, and street signs.

**Swimming Pool Utility/Supply Charges**

Reimbursement paid by R-IV School District for pool operations per contract between the entities.

**Tax Increment Finance Administration Fee**

Revenue received from administration of various Tax Increment Financing projects.

**Tax Increment Financing Application Deposits**

Revenue received from parties desiring to apply for a Tax Increment Financing District.

**Tree Planting Program**

The City purchases trees from a supplier, and in turn, resells them to residents for planting on their property. The actual cost of the tree is charged to the resident; except for trees planted in City right-of-way, then half the cost is paid by the City (one tree per resident).

**Utility Franchise Taxes**

A tax levied on gross receipts from domestic and commercial sales.

**Vesper Classes, Tournaments and Meals**

Revenues derived from entry fees for arts and craft classes, ceramic classes, watercolor classes, craft sales, chair massages, manicures, Tai Chi, PACE, aerobics, tennis, clogging, ballroom dance, computer classes, book club, harmonica, theater performances, genealogy, meal donations, holiday meals, tea dance socials, tournaments, special holiday dances and ballroom dances.

**Vesper Hall Senior Center Rentals**

Rental fees charged for private use of Vesper Hall Senior Center Facility.

**Water Department of Natural Resources Fees**

Operating revenue from a fee required by the State of Missouri to enforce the Federal Safe Drinking Water Act.

**Water Penalties**

Operating revenue from a 10 percent charge which is added to all water bills that remain unpaid after fifteen days from due date.

**Water Sales**

Operating revenue derived from water usage sales.

**Weed Cut/Nuisance Fees**

Charges collected for cutting weeds and clearing private property of debris not performed by property owners.

# SALES TAX

**Legal Authorization:**

State Statute: MO Statute 94.500  
 City Municipal Code: Section 130.040

**Account Code:**

100-00000-402100  
 155-00000-402100  
 158-00000-402100  
 310-00000-402100

**Description:**

The City imposes a total sales tax of 2.50% on all goods and commodities sold within the City limits with the exception of prescription drugs and farm machinery. The Transportation, Public Safety and Parks sales tax is not levied on utilities. The State of Missouri receives the tax from the respective businesses and distributes the funds monthly to the City less a 1% collection fee.

**Basis of Projection:**

Sales tax receipts through June 2023 showing a slight decrease. The 2023 projections are used as the basis for the 2023-24 budget and are expected to decrease.

Sales tax is broken between three funds as follows:

General Fund 1.000%  
 Capital Projects 0.50%  
 Parks Sales Tax 0.50%  
 Public Safety Sales Tax 0.50%

Fund Category					
Collection/ Distribution Year	General Fund	Parks Sales Tax	Public Safety Sales Tax	Transportation Tax	TOTAL
2020 Actual	8,564,329	4,409,022	3,964,642	4,045,115	20,983,107
2021 Actual	9,321,302	4,894,974	4,383,967	4,462,542	23,062,785
2022 Actual	10,061,895	5,110,895	4,639,038	4,719,697	24,531,525
2023 Projected	10,302,045	5,289,565	4,926,917	4,921,678	25,440,205
2024 Budget	10,169,395	5,289,565	4,926,917	4,921,673	25,307,550

# WATER SALES

**Legal Authorization:**

**State Statute:** MO Statute 91.090  
**City ordinance:** Ordinance 3007, 9/97

**Account Code:**

430-00000-435600

**Description:**

Projected water sales reflect revenues anticipated from approximately 20,000 residential and commercial customers. Analysis of historic experience, adjusted for known changes and rate increases provides a reasonable basis for projection of customers served and annual water demands.

**Basis of Projection:**

**City Customers**

\$11.35 per month administrative charge  
 0 - 7,500 gal/month: \$.610 per 100 gallon  
 7,500 - 15,000 gal/month: \$.710 per 100 gallon  
 Excess of 15,000: \$.760 per 100 gallon

**Commercial**

\$11.35 per month administrative charge  
 0 - 999,999 gal/month: \$.610 per 100 gallon

**Suburban Customers**

\$22.70 per month administrative charge  
 0 - 7,500 gal/month: \$1.220 per 100 gallon  
 7,500 - 15,000 gal/month: \$1.420 per 100 gallon  
 Excess of 15,000 gal/month: \$1.520 per 100 gallon

# SEWER CHARGES

**Legal Authorization:**

**State Statute:** MO Statute 250.150  
**City ordinance:** Ordinance 3007, 9/97

**Account Code:**

460-00000-4357XX

**Description:**

Projected sewer charges reflect revenues anticipated from approximately 20,000+ residential and commercial customers. Analysis of historic experience, adjusted for known changes and rate increases provides a reasonable basis for projection of customers served and annual sewer service demands.

**Basis of Projection:**

**City Customers**

\$10.50 per month administrative charge  
 \$.650 per 100 gallon of water used

**Suburban Customers**

\$20.10 per month administrative charge  
 \$.650 per 100 gallon of water used

For domestic and commercial users, excluding hotels, motels and restaurants, charges are based on average amount of water used during the winter billing months of January through April.

210-00000-401100

## Description:

Revenue from the ad valorem tax, levied on all real estate and personal property, based upon the assessed valuation as established by the County Assessor on January 1st of each year. Real estate property assessed valuation is determined by applying the "market value" times the appropriate assessment ratios. Personal property assessed valuation is set at the market value times the appropriate assessment ratios that is determined by the State Tax Commission. They are as follows:

Real Estate		Personal	
Residential	19%	Cars, Boats & Other	33-1/3%
Agricultural	12%	Farm Equipment & Livestock	12%
Commercial/All Other	32%	Historic Autos	5%
		Grain	0.5%

Each year the City Council must set the rates to be levied for the City's property taxes. In odd numbered years, such as 2009, all county assessors are required to "re-assess" property values in their county.

## Basis of Projection:

Assessed Valuation		
2024	\$	1,468,876,184
2023	\$	1,190,599,172
2022	\$	1,109,604,999

# STATE MOTOR VEHICLE FUEL TAX

## Legal Authorization:

State Statute: MO Constitution Article IV  
MO Statute Chapter 142  
City Municipal Code: N/A

## Account Code:

100-00000-422100

## Description:

This tax is the City share of the State tax on motor vehicle fuel. Distribution to the cities is based on the population of that city as of the last Federal census count, which for Blue Springs is 2017. With a population of 54,945.

Vehicle Fuel Tax funds must be used solely for maintenance and improvement of roads and bridges.

## Basis of Projection:

Projection shows a increase over FY 2023 based upon analysis of historical trends. This revenue source will continue to be monitored closely due to economic conditions.

Financial Trend

# PARKS & RECREATION ACTIVITY FEES

**Legal Authorization:**

State Statute: N/A

City Municipal Code: N/A

**Account Code:**

100-00000-436190

through

100-00000-436470

**Description:**

Fees from various Parks and Recreation department divisions, including Recreation, and Vesper Hall Senior Center. Recreation includes activities such as park activity fees, park shelter reservations, softball, volleyball, and basketball programs. The Vesper Hall Senior Center includes activities such as Vesper Hall Senior Center rentals, senior meals, entertainment, arts and crafts, education, and gitness activities.

**Basis of Projection:**

Activity Fees projections are based on estimated enrollment numbers for the various programs and activities. Athletic projections are based on an average number of participants multiplied by the fee schedule.

Fund Category

# BUILDING PERMITS

**Legal Authorization:**

**State Statute:** MO Statutes, Section 79.450

**City Municipal Code:** Section 500.030

**Account Code:**

100-00000-415100

**Description:**

Building Permit Fees are paid to build, erect, construct, enlarge, or alter buildings or structures as required per the Uniform Building Code (UBC). Building permits are valid for six months from the date of issuance. Street Cut permits are those issued for street cuts to repair or install utility lines.

**Basis of Projection:**

One hundred twenty-five percent (125%) of suggested amount listed in Table 1-A of the 1997 United Building Code, which was increased in March 2007. The value used to compute building permit and plan review fees shall be the total value of all construction work for which the permit was issued as well as all finish work, painting, roofing, electrical, plumbing, heating, air conditioning, elevators, fire extinguishing systems and any other permanent equipment. Building permit revenue is expected to decrease due to the economy and decrease in growth.

Fund Category

# HOTEL/MOTEL TAX

**Legal Authorization:**

**State Statute:** MO Statutes,  
Section 67.117  
**City Municipal Code:** Section 655.020

**Account Code:**

150-00000-405200  
through  
150-00000-405280

**Description:**

Revenues received from a hotel/motel license tax of six and one-half percent (6.5%) of gross daily rental receipts derived from transient guests for sleeping accommodations. The proceeds are used to promote the general economic welfare of the City including attraction and retention of business and industry to the community and the promotion and provision of facilities for tourism, conventions, and visitors. The majority of the receipts from the Hotel/Motel tax are used for debt service for the City-owned conference center.

**Basis of Projection:**

Assumes a small growth based on historical remittances by hotels/motels during 2023, but showing a steady budget in 2023-24.  
The City has 9 hotel/motels.

**Financial Trend**

# CIGARETTE TAX

**Legal Authorization:**

**State Statute:** MO Constitution Article IV  
MO Statute Chapter 142

**City Municipal Code:** N/A

**Account Code:**

100-00000-405300

**Description:**

Effective January 1, 1997, the State of Missouri no longer required municipal metered cigarette packages with specific jurisdiction designations. Only a state decal will be affixed. Reports will be distributed from the State of Missouri to each city indicating how many packages were sold in their respective jurisdiction to aid in reconciliation of remittance received from the wholesalers. If revenues should decline significantly, the city could reinstitute the stamp requirements at a later date.

**Basis of Projection:**

Small decline is projected for FY 2024. Although cigarette taxes are a declining revenue source.

**Tax Levied**

\$1 for each business selling cigarettes plus \$2 per 1,000 (\$0.04 per pack) for each and all cigarettes sold, offered for sale, delivered or displayed for sale in the City.

The background features a large, faint watermark of the official seal of the City of Blue Springs, Missouri. The seal is circular and contains a stylized eight-pointed star or flower-like emblem in the center. The text "THE CITY OF BLUE SPRINGS" is arched across the top, and "MISSOURI" is arched across the bottom, with small dots separating the two phrases.

## Fleet Maintenance

**Mission:** The Fleet Maintenance Division is responsible for maintaining and repairing the City's vehicles and heavy equipment. This Division of the Public Works Department is operated as an internal service fund whereby other departments and divisions pay Fleet Maintenance for any work performed.

**Service Description:** Provide acquisition, maintenance, repairs, fuel, and disposition of City vehicles and equipment. Fleet Maintenance also provides support services for snow removal and fabrication work for special projects.

Objectives	Goal Alignment
<b>A</b> Expediently perform or schedule vehicles for outside service and repairs to minimize vehicle down time.	1, 2
<b>B</b> Ensure all City vehicles and equipment are maintained on a scheduled basis.	2
<b>C</b> Accurately charge departments for all Fleet Maintenance services.	3

Performance Measures	2022 Actual	2023 Adopted	2024 Budget
<b>A</b> Total number of down time hours	326	750	750
<b>B</b> Percentage of preventative maintenance performed on schedule	98%	100%	100%
<b>C</b> Percent of work charged to departments	60%	80%	80%

# **Debt Service**

# DEBT SERVICE

The City of Blue Springs's primary objective in debt management is to keep the level of indebtedness within available revenue and within the legal limitations of the State of Missouri, at a minimum cost to the citizens.

The City's bond rating with Standard and Poor's is AA and the rating for the most recent issue, the 2017 Refunding General Obligation Bonds is AA.

The fiscal year 2023-24 budget provides \$17,177,168 for debt service, including principal and interest as follows:

Fund	Amount
General Obligation Debt	\$ 1,710,326
Public Safety Sales Tax Fund	1,373,513
Golf Course Fund	338,650
TIF Capital Projects Funds	5,922,730
Fieldhouse Fund	2,386,640
Sewer Fund	2,845,309
Water Fund	2,600,000
<b>Total</b>	<b>\$ 17,177,168</b>

## Combined Statement of Indebtedness

Description	Rate of Interest	Date of Issue	Years	Original Issue Amount	Outstanding Amount 09/30/23

2022 Special Obligation Bonds	4.25% - 5%	November 2022	30	\$ 34,370,000	\$ 33,720,000
<b>TOTAL</b>				<b>\$ 113,820,727</b>	<b>\$ 68,905,952</b>

## GENERAL OBLIGATION BONDS

General obligation bonds are issued to finance a variety of public projects and require voter approval. These bonds are backed by the full faith and credit of the City. Limitations for bonding capacity are set by State Statutes. General obligation bonds for streets, public buildings, parks, and storm sewers are limited to 20% of the City's assessed valuation. The legal debt limit for the City of Blue Springs as of September 30, 2022, is:

Assessed Value	\$	1,109,604,999
Debt Limit (20% of AV)		221,921,000
General Obligation:		
City-wide		15,811,433
<b>Total Bonded Debt</b>		<b>15,811,433</b>
Less:		
Debt Service Fund Balance		2,223,166
<b>Total net debt applicable to limit</b>		<b>13,588,267</b>
<b>Legal Debt Margin</b>	\$	<b>208,332,733</b>

In 1990, the voters approved the issuance of up to \$15.5 million in general obligation bonds with no property tax increase for several projects, including the construction of Adams Dairy Parkway and associated amenities, the construction of Hidden Valley Park and the construction of Vesper Hall. The 2010 series was a refunding of the 2002A series and the 2004 series was issued to provide proceeds for the completion of Phase 1 of Gregory O. Grounds Park at Lake Remembrance.

In August 2008, the voters authorized the City to issue up to \$28 million in general obligation bonds for street improvements as long as there was not a property tax increase. These street improvements include the extension of Moreland School Road to Liggett Road, improvements to the Highway 7 and Colbern Road intersection and major improvements to the Woods Chapel corridor. To date, \$22,690,000 in bonds has been issued for these projects.

### Combined General Obligation Bonds Debt Schedule

Fiscal Year	Outstanding Amount as of October 1	Principal Payments	Interest Payments	Total Payments

## CERTIFICATES OF PARTICIPATION

In February 1996, the Public Building Authority of Blue Springs sold \$6.3 million in leasehold revenue bonds for the construction of a golf course. Capitalized interest was included in the bond issue for the payment of the first two years of interest expense. Thereafter, golf course receipts will serve as the revenue source for the payment of the principal and interest expense. Annually, the City Council shall approve an ordinance authorizing a yearly lease renewal in accordance with the Lease Agreement between the City and the Public Building Authority.

In September 1998, the Public Building Authority of Blue Springs sold \$5 million in leasehold revenue bonds for the construction of a conference center. Voters approved a hotel/motel license tax in February 1998 and collection of the 5% tax began in April of 1998. Proceeds from this tax will serve as the revenue source for payment of the principal and interest expense. Annually, the City Council shall approve an ordinance authorizing a yearly lease renewal in accordance with the Lease Agreement between the City and the Public Building Authority.

In June 2005, the City sold \$9,800,000 in Certificates of Participation to refund all outstanding Public Building Authority of Blue Springs leasehold revenue bonds. In 2014, the City sold \$4,855,000 in refunding Certificates of Participation to refund the golf course and conference center debt and lower the amount of the remaining interest payments. The Conference Center portion of the debt was retired in 2019.

### 2014 Golf Course Certificates of Participation Debt Schedule

Fiscal Year	Outstanding Amount as of October 1	Principal Payments	Interest Payments	Total Payments
2024	635,000	310,000	28,650	338,650

## LIMITED OBLIGATION NEIGHBORHOOD IMPROVEMENT DISTRICT BONDS

In January 2006, the City Council approved the formation of the South Area Sewer Neighborhood Improvement District. The formation of this district was requested by the property owners in the southern portion of Blue Springs in order to pay for sewer improvements that would allow this property to develop. The district encompasses approximately 1,500 acres.

In February 2009, special obligation bonds were issued in the amount of \$18.725 million dollars to pay for the improvements. Special assessments will be placed on the property within the district for 20 years to repay the debt. The 2009 property tax bills included the first assessment.

In December 2018, the City sold \$9,625,000 in Limited Obligation NID Bonds to refund the 2009 Limited Obligation NID Bonds to lower the amount of the remaining interest payments.

### 2018 Refunding Limited Obligation NID Bonds Debt Schedule

## SPECIAL OBLIGATION BONDS (ADAMS FARM PROJECT)

In February 2007, the City Council approved the Adams Farm Tax Increment Financing Project. In June 2009, the City Council approved the 2<sup>nd</sup> amendment to the TIF plan. The plan includes budgeted expenditures of \$138,399,688. Of this amount, \$49,135,999 is for public improvements that are reimbursable to the developer.

In June 2009, the City Council approved the issuance of Special Obligation Bonds for the Adams Farm project with the City's annual appropriation pledge. The bonds were issued in September 2009, in the amount of \$14,500,000 to fund TIF and TDD improvements.

In March 2010, the City Council approved the second issuance of Special Obligation Bonds for the Adams Farm project with the City's annual appropriation pledge. The bonds were issued in April 2010, in the amount of \$16,805,000 to fund TIF and TDD improvements. It is anticipated that future bond issues will be issued to finance the balance of the public improvements.

On July 20, 2015, the City Council approved the third issuance of bonds for this project that includes a refunding of the previous two issues and a new issue for reimburse the developer for certified project costs.

<b>Total</b>		<b>\$ 38,050,000</b>	<b>\$ 9,841,221</b>	<b>\$ 47,891,221</b>

As of 09/30/22, \$17,260,000 of principal on this bond issue has been retired, leaving a balance of \$20,790,000.

The Bonds and the interest thereon are not a debt or general obligation of the City, and do not constitute an indebtedness of the City, within the meaning of any constitutional or statutory debt limitation or restriction.

## SPECIAL OBLIGATION BONDS (WHITE OAK MARKETPLACE PROJECT)

In November 2014, the City Council approved the White Oak Tax Increment Financing Project which includes the use of tax increment financing and a Community Improvement District sales tax of 1%. The plan includes budgeted expenditures of \$21,414,145. Of this amount, \$8,874,552 is for public improvements that are reimbursable to the developer.

In December 2016, the City Council approved the issuance of Special Obligation Bonds for the White Oak project. The bonds were issued in the amount of \$9,265,000 to fund TIF and CID improvements. The developer requested, and the City agreed, to sell the bonds through a private placement with UMB. Through this private placement, UMB solicited several banks to purchase the bonds.

These bonds were issued with two different scenarios for the debt service schedule. The first scenario assumes repayment in accordance with the revenue study that was prepared for this bond issue. The second scenario assumes 77% of the revenues projected will be received as projected.

The interest on the bonds will be calculated at the rate of 3.75% for the 2027 Term bonds and 5.150% for the 2040 Term Bonds (computed based on a 360-day year of twelve 30-day months) from their date or from the most recent Interest Payment Date to which interest has been paid or duly provided for, payable on May 1 and November 1 in each year, beginning on May 1, 2017.

### 2016 Special Obligation Bonds Debt Schedule

Fiscal Year	Outstanding Amount as of October 1	Principal Payments	Interest Payments	Total Payments
2024	7,825,000	450,000	388,498	1,225,000

## SEWER UTILITY BONDS (State Revolving Fund)

In 2008, voters approved a \$35 million Revenue Bond Issue for the purpose of improving and expanding the City's existing sewer treatment plant to provide additional capacity and to comply with new Environmental Protection Agency (EPA) and Missouri Department of Natural Resources (MDNR) rules and regulations and the costs of operations and maintenance. The principal amount of these bonds was \$24,549,357.

### 2009 Sewer State Revolving Loan Bonds Debt Schedule

Fiscal Year	Outstanding Amount as of October 1	Principal Payments	Interest Payments	Grain Valley Portion	Total Payments

## WATER FUND DEBT

The City has an agreement with Tri-County Water Authority to pay for charges for capital projects associated with the improvements made to the water plant not to exceed the monthly amortization of the project costs of \$19,100,000. The budget for the debt service on this project in the coming year is \$2,600,000. The repayment for this debt is scheduled to end in February 2036.

## Glossary of Common Budget Terms

**353 REDEVELOPMENT CORPORATION** – An incentive that can be utilized by cities to encourage the redevelopment of blighted areas by providing real property tax abatement and the use of eminent domain.

### A

**ACCOUNT NUMBER** - A system of numbering or otherwise designating accounts, entries, invoices, vouchers, etc., in such a manner that the symbol used quickly reveals certain required information.

**ACCRUAL ACCOUNTING** - A basis of accounting in which revenues are recognized in the accounting period in which they are earned, and expenses are recognized in the accounting period in which they are incurred.

**AD VALOREM** - Latin for "value of". Refers to the tax assessed against real (land and building) and personal (equipment and furniture) property.

**APPRAISED VALUE** - To make an estimate of the market value of a property for the purpose of taxation. (Property values are established by the Jackson County Assessor.)

**APPROPRIATION** - An authorization made by the City Council that permits the City to incur obligations and to make expenditures of resources.

**ASSESSED VALUATION** - This is the value of property for tax levy purposes. The assessed value is set by the Jackson County Assessor, who is charged with determining the taxable value of property according to a formula set by the State of Missouri.

**ASSETS** – Anything of material value or usefulness that is owned by a person or company.

**AVAILABLE NET ASSETS** – The value of an entity's assets less the value of its liabilities.

### B

**BOND** - A written promise to pay a specified sum of money, called the face value of principal amount, at a specified date or dates in the future, called the maturity date(s), together with periodic interest at a specified rate.

**BONDED DEBT** - That portion of indebtedness represented by outstanding bonds.

**BUDGET** - A financial plan, for a specified period, of operations that matches all planned revenues and expenditures with the services provided the residents of the City.

**BUDGET CALENDAR** - The schedule of key dates that the City follows in the preparation and adoption of the budget.

**BUDGET DOCUMENT** - The instrument used by the budget-making authority to present a comprehensive financial plan of operations to the City Council.

**BUDGET MESSAGE** - The opening section of the budget from the City Administrator, which provides the City Council and the public with a general summary of the most important aspects of the budget.

**BUDGET ORDINANCE** - The official enactment by the City Council to legally authorize City staff to obligate and expend revenues.

## C

**CALCULATED EFFECTIVE TAX RATE** - Missouri State law prescribes a formula for calculating the effective tax rate for cities. The net effect of the formula is to produce a tax rate that goes down when property values rise above the consumer price index (CPI), because of reassessment and vice versa. The intent is to generate a rate that produces approximately the same revenue plus CPI and new growth. The formula does make adjustments for newly annexed and constructed property.

**CAPITAL IMPROVEMENT PROGRAM (CIP)** - A multi-year (City of Blue Springs uses six fiscal years) plan or schedule for the acquisition of infrastructure, facilities and major equipment.

**CAPITAL OUTLAYS** – The purchase of items with a cost of more than \$5,000 and having a useful life of greater than one year that are added to the fixed asset listing.

**CAPITAL PROJECTS FUND** - A fund created to account for financial resources to be used for the acquisition or the construction of major capital facilities or equipment.

**CENTRAL JACKSON COUNTY FIRE PROTECTION DISTRICT** - CJCFPD: provides fire protection and ambulance service to the Blue Springs area.

**CHARGES FOR SERVICES** - Revenue from charges for all activities of a government unit.

**CITY COUNCIL** - The Mayor and City Council (six Councilmember's), collectively acting as the legislative and policy-making body of the City.

**COMMUNITY IMPROVEMENT DISTRICT (CID)** – A CID may be either a political subdivision or a not-for-profit corporation. CID's are organized for the purpose of financing a wide range of public-use facilities and establishing and managing policies and public services relative to the needs of the district.

**CONTRACTUAL SERVICES** - The costs related to services performed for the City by individuals, business or utilities.

**CURRENT TAXES** - Taxes levied and due within one year.

## D

**DEBT SERVICE FUND** - A fund established to account for the accumulation of resources for, and the payment of, long-term debt principal and interest.

**DELINQUENT TAXES** - Taxes remaining unpaid after the date on which a penalty for nonpayment is attached, i.e., tax statements are mailed out in October and become delinquent if unpaid by January 1.

**DEPARTMENT** - A major administrative organizational unit of the City that indicates overall management responsibility for one or more divisions.

**DEPRECIATION** - The decrease in value of physical assets due to use and the passage of time. In accounting for depreciation, the cost of a fixed asset is prorated over the estimated service life of such an asset, and each year is charged with a portion of such cost. Through this process, the entire cost of the asset is ultimately charged off as an expense. This is done in proprietary funds, which allows the calculation of net income for each fund.

**DIVISION** - A major administrative organizational unit of the City that indicates overall management responsibility for one or more activities.

## E

**ENCUMBRANCE** - The commitment of appropriated funds to purchase an item or service. To encumber funds means to set aside or commit funds for a future expenditure.

**ENTERPRISE FUND** - A fund established to account for operations of the golf course, water and sewer system. It is operated in a manner similar to private business enterprises where the intent is cost recovery.

**ESTIMATED EXPENDITURE** - The amount of projected expenditures to be spent during the fiscal year.

**ESTIMATED REVENUE** - The amount of projected revenues to be collected during the fiscal year.

**EXEMPT** - Personnel not eligible to receive overtime pay and who are expected to put in whatever hours are necessary to complete their job assignments. The respective department head, as partial compensation for overtime hours worked, may allow compensatory time off.

**EXPENDITURES** - A decrease in the net financial resources of the City due to the acquisition of goods and services.

## F

**FINES & FORFEITS** - Revenues from fines and penalties for commission of statutory offenses and for neglect of official duty; forfeitures of amounts held as security against loss or damage, or collections from bonds or sureties placed with the government for the same purpose; and penalties of any sort, except those levied on delinquent taxes.

**FISCAL YEAR** - A 12-month period to which the annual operating budget applies. Since October 1, 1991, the City of Blue Springs has specified October 1 to September 30 as its fiscal year.

**FIXED ASSET** – The purchase of items with a cost of more than \$5,000 and having a useful life of greater than one year that are added to the fixed asset listing.

**FRANCHISE FEE** - A fee paid by public service utilities for use of public property in providing their services to the citizens of a community.

**FUND** - An accounting entity with a self-balancing set of accounts that record financial transactions for specific activities or government function.

**FUND BALANCE** - The excess of assets over liabilities.

## G

**GENERAL FUND** - The fund used to account for all financial resources except those required to be accounted for in another fund.

**GENERAL OBLIGATION BONDS** - Bonds that finance a variety of public projects that pledge the full faith and credit of the City.

**GOALS** - Broad, general statements of each division's desired social or organizational outcomes.

**GRANT** - A contribution by a government or other organization to support a particular function. Grants may be classified as either categorical or block depending on the amount of discretion allowed the grantee.

## I

**INFRASTRUCTURE** - The underlying permanent foundation or basic framework.

**INTEREST EARNINGS** - The earnings from available funds invested during the year in US. Treasury Bonds, government agencies and Certificates of Deposit.

**INTERGOVERNMENTAL REVENUES** - Revenue from other governments, primarily Federal, State and County grants, but also payments from other agencies.

**INTERNAL SERVICE FUND** - This fund is used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governments, on a cost reimbursement basis.

## L

**LICENSES, PERMITS & FEES** - Revenues collected by a governmental unit from individuals or business concerns for various rights or privileges granted by the government.

**LIABILITIES** – A liability is a financial obligation, debt, claim, or potential loss.

## M

**MAINTENANCE** - All materials or contract expenditures covering repair and upkeep of City buildings, machinery and equipment, systems and land.

**MATERIALS AND SUPPLIES** - Expendable materials and operating supplies necessary to conduct department activity.

**MID-AMERICA REGIONAL COUNCIL** – MARC is an organization that coordinates projects and provides representation for all of the Kansas City metropolitan area local governments.

**MODIFIED ACCRUAL ACCOUNTING** - A basis of accounting in which revenues are recognized in the accounting period when they become available and measurable. Expenditures are recognized in the accounting period in which the fund liability is incurred.

## N

**NEIGHBORHOOD IMPROVEMENT DISTRICT (NID)** – A NID may be created in an area desiring certain public-use improvements that are paid for by special tax assessments to property owners in the area in which the improvements are made. The kinds of projects that can be financed through an NID must be for facilities used by the public, and must confer a benefit on property within the NID.

## O

**OATS** - A not-for-profit corporation providing specialized transportation for senior citizens, people with disabilities and the rural general public in 97 Missouri counties so they can live independently in their own communities.

**OBJECTIVES** - Specific statements of desired ends that can be measured.

**OPERATING BUDGET** - The annual budget and process that provides a financial plan for the operation of government and the provision of services for the year. Excluded from the operating budget are capital improvement projects, which are determined by a separate, but interrelated process.

**OPERATING TRANSFER** - A transfer of revenues from one fund to another fund.

**ORDINANCE** - A formal legislative enactment by the governing board of a municipality. If it is not in conflict with any higher form of law, such as a State statute or constitutional provision, it has full force and effect of law within the boundaries of the municipality to which it applies. The difference between an ordinance and a resolution is that the latter requires less legal formality and has a lower legal status. Revenues raising measures, such as the imposition of taxes, special assessments and service charges, universally require ordinances.

## P

**PERSONAL SERVICES** - The costs associated with compensating employees for their labor. This includes salaries and fringe benefits.

**PROGRAM** - An activity or set of activities that provide a particular service to the citizens.

**PROGRAM MEASUREMENTS** - Specific quantitative measures or work performed within an activity or program. Measures quantify the efficiency and effectiveness of a given program.

**PROPERTY TAXES** - Used to describe all revenues received in a period from current taxes, delinquent taxes, penalties and interest on delinquent taxes. Property taxes are levied on both real and personal properties according to the property's valuation and tax rate.

**PUBLIC BUILDING AUTHORITY (PBA)** - A not-for-profit corporation organized under the laws of Chapter 355 of the Revised Statutes of Missouri to finance planning, development, acquisition, construction, improvement, extension, repair, remodeling and renovation of public and municipal sites, buildings, facilities, furnishings and equipment for or on behalf of and for the benefit and use of the City of Blue Springs.

**PUBLIC HEARING** - The portions of open meetings held to present evidence and provide information on both sides of an issue.

**PURCHASE ORDER** - A document issued to authorize a vendor or vendors to deliver specified merchandise or render a specified service for a stated estimated price. Outstanding purchase orders are called encumbrances.

## R

**RESERVE** - An account used to indicate that a portion of a fund balance is restricted for a specific purpose or not available for appropriation and subsequent spending.

**RESOLUTION** - An order of a legislative body requiring less formality than an ordinance or statute.

**REVENUE** - Funds that the government receives as income.

**REVENUE BONDS** - Bonds whose principal and interest are paid exclusively from a revenue source pledged as the payment source before issuance.

## S

**SALES TAX** - The tax placed on the value of goods sold within the City. The rate is set by majority vote of the people. The tax is collected by the State and is distributed to local taxing authorities.

## T

**TAX BASE** - The total value of all real and personal property in the city as of January 1 of each year, as certified by the Jackson County Clerk. The tax base represents net value after all exemptions.

**TAX INCREMENT FINANCING (TIF)** - An economic tool used by cities to finance real estate development costs. Additional property taxes generated by new development within a district formed are used to finance these real estate and infrastructure costs. A tax increment is that portion of the property taxes generated by the development *above* what the taxes would have been had the development not occurred.

**TAX LEVY** - The estimated tax dollars to be received, which is calculated by multiplying the tax rate time times the assessed valuation.

**TAX RATE** - Total tax rate is set by the City Council and is made up of two components: general operations and debt service rates.

**TRANSPORTATION DEVELOPMENT DISTRICT (TDD)** - An area in which sales tax is increased, and the money generated from the increased tax goes for transportation improvements. Those improvements can range from construction of the road and guttering, to landscaping and traffic signals.

U

**USER FEES** - The payment of a charge or fee for direct receipt of a service by the party benefiting from the service.
