* The population amount for 2016 is an estimate, whereas 2015 population is based on actual data provided by the Metropolitan Council.

Anoka County is Minnesota's fourth most populous county. The county's 2010 U.S. Census population count of 330,844 was 11% greater than its 2000 count of 298,084. The 2010 U.S. Census of housing showed a 16.1% increase in the number of housing units in the county from 108,091 in 2000 to 125,525 in 2010.

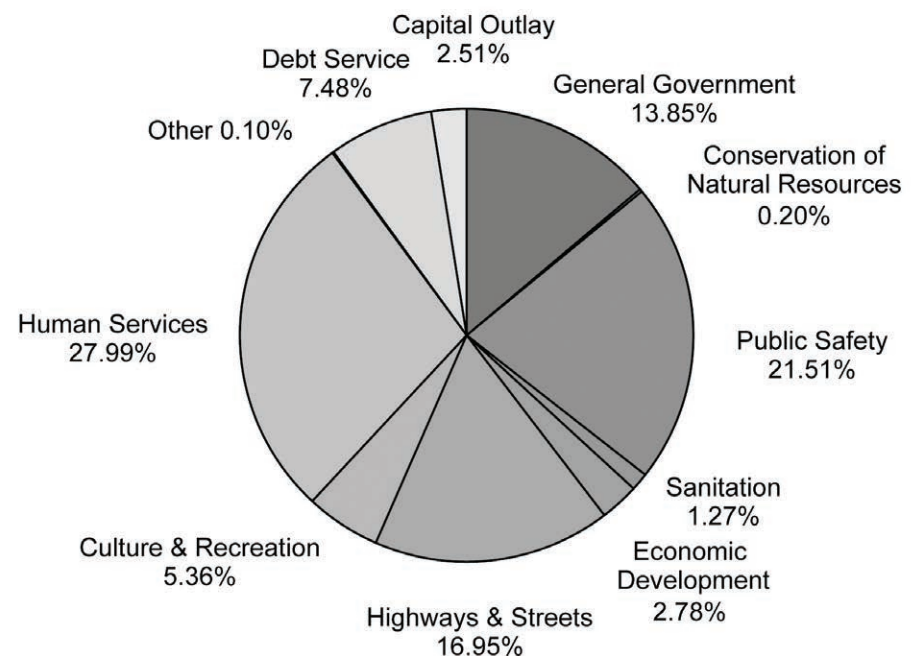

The demand for county services continues to rise. Yet, the Anoka County Board of Commissioners is committed to keeping county taxes reasonable and affordable. For example, Anoka County leads the way in the State of Minnesota in protecting the property taxpayer. Anoka County's taxes on a per capita basis were among the lowest in the metropolitan area in 2016. Additionally, Anoka County's tax levy, on a per capita basis, is among the lowest of all 87 counties in the entire state.

A USER'S GUIDE TO COUNTY FINANCIAL STATEMENTS

The government-wide financial statements are designed to provide readers with a broad overview of Anoka County's finances, in a manner similar to private-sector businesses. The government-wide Statement of Net Position (Exhibit 1) is reported on a full accrual basis, which recognizes all long-term assets as well as long-term obligations. The Statement of Activities (Exhibit 2) demonstrates the degree to which the direct expenses of each function of the County's governmental activities and different business-type activities are offset by program revenues. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements (Exhibits 3 & 5) focus on spendable resources. Reconciliations (Exhibits 4 & 6) are provided between the governmental fund statements and the government-wide statements.

COUNTY GOVERNMENTAL FUND TYPES

Governmental fund statements (Exhibits 3 & 5) include the following funds:

The **General Fund** is the general operating fund of the County and is used to account for all financial resources except those that are required to be accounted for in another fund.

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes. The major funds are reported individually on the governmental fund statements and include Road & Bridge, Human Services, and Community Development. All non-major funds are consolidated in the other governmental funds column, those funds include the Job Training Center, County Library, Parks and Recreation, Medical Examiner, Cooperative Extension, Law Library, Regional Rail Authority, Housing and Redevelopment Authority, Leasehold Properties, and Forfeiture Funds.

Debt Service Fund is used to account for the accumulation of resources for, and payment of, principal, interest, and related costs of general long-term debt.

Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds).

Governmental funds are reported as governmental activities in the Statement of Net Position and Statement of Activities.

COUNTY PROPRIETARY FUND TYPES

Proprietary fund statements (Exhibits 7 & 8) include the following funds:

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the "measurement focus" of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The Aquatic Center Enterprise Fund is reported as business type activity on the government-wide statements.

Internal Service Funds are used to account for the financing of the goods or services provided by one department or agency of a government to other departments or agencies on a cost-reimbursement or rental basis. The internal service fund is eliminated on the government-wide financial statements to avoid duplication of expenditures.

ANOKA COUNTY COLLABORATION AND VISION

Anoka County, Minnesota, located north of the Twin Cities metropolitan area, is comprised of 21 municipalities. Here you'll find a unique blend of urban amenities in a friendly, small town atmosphere. Despite today's challenging economic times, Anoka County continues to be a great place to live, work, play, and do business. With award-winning schools and several post-secondary educational institutions, Anoka County residents are well-educated and take pride in their work and community. The County has numerous commercial and industrial sites available for development including several hundred acres zoned industrial within the Metropolitan Urban Service Area (MUSA) 20 minutes from downtown Minneapolis and St. Paul.

Greater MSP, a regional economic development organization, is a proven partner in growing businesses in Anoka County. To date \$37.35 million in new business investments and expansions and 1,026 jobs have been created through the partnership with Greater MSP. A talent attraction initiative launched in 2015 is helping to attract young professionals from across the country.

Transportation is a priority in Anoka County. Infrastructure such as railroads, airports, and freeways has a significant impact on economic growth. The County is served by three interstate highways: I-35W from downtown Minneapolis, I-35E from downtown St. Paul, and I-694 connecting the north metro. Other highways serving the County are U.S. Highways 10, 169, and 610, and State Highways 65 and 47. U.S. Highway 10 provides a nonstop freeway from the city of Anoka to both downtown Minneapolis and St. Paul. U.S. Highway 610, in conjunction with State Highway 252, links I-35W to I-94.

Anoka County has taken a leadership role in the region's mass transit initiatives. Northstar, the state's first commuter rail line, became operational in November 2009. A service designed almost exclusively to take people to and from work, Northstar trains were on time 96 percent of the time and ridership continues to grow. Northstar carries passengers between Big Lake in Sherburne County and downtown Minneapolis, with stops in Elk River, Ramsey, Anoka, Coon Rapids, and Fridley.

The County, through an agreement with the Metropolitan Airports Commission (MAC), has made over \$16 million of improvements at the Anoka County (Janes Field) Airport located

in the City of Blaine. Under the Agreement, the MAC turned over control of the Northwest Quadrant of the airport to the County in exchange for the improvements. The County has sub-leased the site to a private development group, Lynx FBO, which owns and manages aircraft fleets. The Northwest Quadrant has a first class fixed-based operation (FBO), hangars for corporate and private jets, and ramp space for jet parking. The County receives lease payments for hangars and ramp space from the facility's management organization, Lynx FBO and its tenants.

The development of creative partnerships has been a key component of Anoka County's success. The Anoka County Sheriff's Office and Midwest Regional Forensic Laboratory consolidates the majority of the Sheriff's Office operations, allowing officers to respond to emergencies more quickly and resulting in communication that is more efficient and streamlined. The state of the art forensic laboratory was made possible by a joint powers agreement between Anoka, Wright, and Sherburne Counties. The facility also features a unique agreement with Hamline University in St. Paul to offer practical experience and internships to students studying forensic science.

The Anoka County Midwest Medical Examiner's Office is another example of how Anoka County achieves results with innovative cooperative initiatives. The facility serves and shares costs with twenty-one Minnesota counties. It incorporates the latest scientific death investigation methods and tools while compassionately helping families and survivors learn the circumstances surrounding the death of their loved one.

The National Sports Center in the City of Blaine is featured in the Guinness Book of World Records as the world's largest indoor hockey facility with eight indoor ice rinks, the Herb Brooks Training Facility/Hall of Fame, and a dry floor training facility for figure skating. Additionally, the Schwan's Super Rink has become the largest skating venue in the world. The National Sports Center is the home training center for the USA Women's Olympic Hockey team and hosts the world's largest soccer tournament, the Schwan's USA Cup. In 2012, the National Sports Center completed construction of a convention and exhibition center providing the region with top notch meeting and exhibition areas. The Center attracts more than four million visitors each year.

FUTURE PROJECTS, CAPITAL IMPROVEMENTS FUNDING

Anoka County's 2017 Capital Improvements Budget (CIB) includes several building maintenance projects to keep Anoka County buildings in excellent condition and avoiding significant unexpected repairs in the future. \$1.2 million is planned for a new roof on the Fahr Building located on the Rum River Human Services Campus. The remaining \$2.0 million cover seven other projects identified in Facilities Management's long range plan. All projects are funded by existing funds of the County.

Road and Bridge projects for 2017 are led by the CASH 78 (Hanson Blvd) Railroad Grade Separation budgeted at \$22.0 million; the Highway department's annual road and bridge preservation program has \$7.8 million budgeted, with the remaining \$6.3 million for eight other intersection and road projects creating safer roads for the residents of Anoka County. Of the \$37.7 million in Road and Bridge projects for 2017, 54% of the total costs are funded through Federal, State, City, CTIB and other funds.

A new Property Tax system for \$4.0 million dominates the Information Management projects for Anoka County in 2017. That project is funded by fees collected for recording property documents. Another \$2.0 million for several other projects provide tools and services to the employees and citizens of Anoka County allowing better information and service.

Parks and Recreation included eight projects, totaling \$2.7 million to improve and maintain the facilities at the Anoka County Parks. Most of these projects are funded with State, Met Council and other funds.

The new Armstrong Blvd. interchange over U.S. Hwy. 10/169 and the BNSF Railroad tracks in Ramsey opened in 2016. This is the first leg in planned safety and capacity improvement projects in the Hwy. 10/169 corridor.

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

DELIVERY OF SERVICES

The Board of Commissioners is committed to providing a full range of services for county residents. Those services are as listed:

Law Enforcement - The Sheriff provides patrol of county highways, a crime lab and criminal investigation unit, water patrol and incarceration of prisoners in the county jail.

Public Works - The Highway Department plans, designs, builds, and maintains county highways and bridges. The Parks and Recreation Department operates several county and regional parks, a golf course and an aquatic center which provide recreational opportunities for county residents.

Library Services - Two main resource libraries along with several regional and neighborhood branch libraries offer all residents the opportunity for access to a wide range of books, computers, and resource materials.

Community Corrections - Probation and parole counseling, work release, adult DWI school and juvenile detention services are provided to those who have been adjudicated of crimes.

Property Records and Taxation - The county maintains records of all property transactions, calculates assessed property value and bills and collects property taxes for the county, cities, townships, schools and special taxing districts within the county.

Legal Services - The County Attorney's Office investigates and prosecutes civil and criminal matters and pursues judgements of paternity and support in child support cases. Legal support is also provided in all county business functions.

Human Services - The Economic Assistance Department determines eligibility for cash assistance, medical care and food stamps. Social Services and Mental Health purchase and provide services for the mentally ill, mentally retarded and chemically dependent and provide adoptive and foster care services. Public Health provides services for pregnant teens, new parents, the elderly who require home care and well-child clinics to promote healthier children.

Other Government Services - Services to veterans, election services, voter registration, selling license plates and tabs, and hunting and fishing licenses are all provided to residents. The county's Central Communications unit operates a state-of-the-art 911 emergency dispatch center for all police, fire and medical emergency needs in the county.

Administrative Services - Support services are provided to the other departments by County Administration, the Finance and Central Services Division, Information Technology and Employee Relations departments.

Anoka County has been able to provide all of the above services, and more, and still maintains one of the lowest per capita county tax burdens in the state. A key factor is Anoka County's commitment to controlling the county's property tax levy. This factor shows that Anoka County is a leader in providing government services to its constituents, while keeping the cost of those services affordable. The County Board's attention to the fiscal affairs of the County is directly responsible for these cost controls.
