# **ANOKA COUNTY SUMMARY FINANCIAL STATEMENT**

FOR THE YEAR ENDED DECEMBER 31, 2021 OFFICIAL PUBLICATION

To the Honorable Board of County Commissioners:

I herewith submit to you a full and accurate statement of revenues and expenditures for the year 2021, together with an accurate statement of the financial position of the county on December 31, 2021, including debts and liabilities, and the assets to discharge the same.

Respectfully submitted,

Cory Kampf

Division Manager

Finance and Central Services Division

The purpose of this report is to provide a summary of financial information concerning Anoka County for interested citizens. Questions about this report should be directed to the Finance and Central Services Division, (763) 324-1700.

A FULL AND COMPLETE COPY OF THE COUNTY'S COMPREHENSIVE ANNUAL FINANCIAL STATEMENT IS AVAILABLE THROUGH OUR WEBSITE AT WWW.ANOKACOUNTYMN.GOV, UPON REQUEST BY CALLING (763) 324-4700, OR BY WRITING TO THE COUNTY ADMINISTRATOR, ANOKA COUNTY GOVERNMENT CENTER, 2100 THIRD AVENUE - ROOM 700, ANOKA, MN 55303

A view of the Anoka County Government Center from Jackson Street.

# A PROFILE OF ANOKA COUNTY

# **County Statistical Information**

Key Indicator	Total 2021	Total 2020	Percent Increase/Decrease
Population *	363,887	356,921	1.95%
Total Estimated Market Value of all Taxable Property (in thousands)	\$42,335,417	\$39,642,862	6.79%
Percent of Property Taxes Collected	99.64%	99.77%	(0.13%)
Total Revenues (All Governmental Funds)	\$371,829,333	\$421,243,292	(11.73%)
Total Current County Expenditures (All Governmental Funds)	\$338,553,843	\$375,101,862	(9.74%)
Total Debt Applicable to Legal Debt Limit	\$50,654,487	\$61,206,591	(17.24%)
Bond Rating on Most Recent General Obligation Bond Issue	AA+ Aa1	AA+ Aa1	Standard & Poor's Moody's
Total Number of Full Time Employees	1939.0	2041.4	(5.02%)

<sup>\*</sup> The population amount for 2021 is an estimate, whereas 2020 population is based on actual data provided by the Metropolitan Council.

Anoka County is Minnesota's fourth most populous county. The county's 2020 U.S Census population count of 363,887 was 10% greater than its 2010 count of 330,844. The 2020 U.S. Census of housing showed a 10.6% increase in the number of housing units in the county from 125,525 in 2010 to 139,874 in 2020.

The demand for county services continues to rise. Yet, the Anoka County Board of Commissioners is committed to keeping county taxes reasonable and affordable. For example, Anoka County leads the way in the State of Minnesota in protecting the property taxpayer. Anoka County's taxes on a per capita basis were among the lowest in the metropolitan area in 2020. Additionally, Anoka County's tax levy, on a per capita basis, is among the lowest of all 87 counties in the entire state.

# **Anoka County 2021 Finances**

# Governmental Funds WHERE THE FUNDS COME FROM...

# Governmental Funds WHERE THE FUNDS GO...

# A USER'S GUIDE TO COUNTY FINANCIAL STATEMENTS

The government-wide financial statements are designed to provide readers with a broad overview of Anoka County's finances, in a manner similar to private-sector businesses. The government-wide Statement of Net Position (Exhibit 1) is reported on a full accrual basis, which recognizes all long-term assets as well as long-term obligations. The Statement of Activities (Exhibit 2) demonstrates the degree to which the direct expenses of each function of the County's governmental activities are offset by program revenues. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements (Exhibits 3 & 5) focus on spendable resources. Reconciliations (Exhibits 4 & 6) are provided between the governmental fund statements and the government-wide statements.

## **COUNTY GOVERNMENTAL FUND TYPES**

Governmental fund statements (Exhibits 3 & 5) include the following funds:

The General Fund is the general operating fund of the County and is used to account for all financial resources except those that are required to be accounted for in another fund.

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes. The major funds are reported individually on the governmental fund statements and include Road & Bridge and Human Services. All non-major funds are consolidated in the other governmental funds column, those funds include the Job Training Center, County Library, Parks and Recreation, Medical Examiner, Cooperative Extension, Law Library, Community Development, Regional Rail Authority, Housing and Redevelopment Authority, Leasehold Properties, Forfeiture Funds and the Joint Law Enforcement Council.

Debt Service Fund is used to account for the accumulation of resources for, and payment of, principal, interest, and related costs of general long-term debt.

Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds).

Governmental funds are reported as governmental activities in the Statement of Net Position and Statement of Activities.

## **COUNTY PROPRIETARY FUND TYPES**

Proprietary fund statements (Exhibits 7 & 8) include the following fund:

Internal Service Funds are used to account for the financing of the goods or services provided by one department or agency of a government to other departments or agencies on a cost-reimbursement or rental basis. The County has two internal service funds: Pooled Insurance – for the County's benefits and insurance coverage; Central Fleet – to manage the maintenance of the County's vehicles. The internal service fund is eliminated on the government-wide financial statements to avoid duplication of expenditures.

## MAJOR CATEGORIES OF COUNTY EXPENDITURES

The functions of government as shown in Exhibit 5:

The General Government function includes expenditures for salaries and expenses for general county activities such as the County Commissioner's, the County Administrator's Office, the County Attorney's Office, the Property Records and Taxation Division, the Finance and Central Services Division, Surveyors/GIS, Transit, License Bureau, Employee

Relations, Veteran Services, Communications, and Information Technology departments.

The Public Safety function includes expenditures for corrections' activities, the operation of the County Sheriff's office, the County Jail, the Emergency Communications department and the County Medical Examiner.

The Sanitation function includes expenditures for county solid waste collection and disposal programs, including county sponsored recycling programs.

The Highways and Streets function includes expenditures for all Highway Department road construction and maintenance programs, as well as bridge construction and maintenance, signs, signals, design, right-of-way acquisition, etc.

The Human Services function includes the administration of all federal, state and county human services programs, including: economic assistance, child support collection, social service and behavioral health programs such as chemical dependency treatment programs and child protection services. Also included are expenditures for the County Public Health Department, including inoculation programs, home health aid services and programs to protect public and private drinking water systems.

The Culture and Recreation function includes expenditures for county libraries, county parks and recreation programs, including the development and maintenance of all county and regional park facilities.

The Conservation of Natural Resources function includes expenditures relating to soil and water conservation and the County Extension Office.

The Economic Development function includes expenditures for economic development programs such as the Community Development Block Grant Program, HOME Program, Housing and Redevelopment Authority, Federal Economic Security Programs and the County Regional Railroad Authority.

Debt Service includes all expenditures for the repayment of bonds issued by the county and lease purchase agreements entered into by the county, including the payment of principal, interest and other fiscal charges associated with the bonds and lease purchase agreements.

Capital Outlay includes all expenditures for the construction of county facilities or the purchase of buildings, land or major equipment by the county.

These activities, except for Debt Service and Capital Outlay, are used in both the government-wide and governmental funds statements.

## ANOKA COUNTY COLLABORATION AND VISION

Anoka County, Minnesota, located north of the Twin Cities metropolitan area, is comprised of 21 municipalities. Here you'll find a unique blend of urban amenities in a friendly, small-town atmosphere. Despite today's challenging economic times, Anoka County continues to be a great place to live, work, play, and do business. With award-winning schools and several post-secondary educational institutions, Anoka County residents are well-educated and take pride in their work and community. The County has numerous commercial and industrial sites available for development including several hundred acres zoned industrial within the Metropolitan Urban Service Area (MUSA)

20 minutes from downtown Minneapolis and St. Paul.

Greater MSP, a regional economic development organization, is a proven partner in growing businesses in the County. By partnering with Greater MSP, Anoka County has been able to expand and enrich relationships in a network of diverse, innovative, action-oriented leaders, These relationships have led to the development and implementation of solutions to challenges that affect the region's economic competitiveness and business performance. This partnership has also allowed Anoka County to leverage its abundant qualities and business-friendly environment to not only a regional audience, but to a national audience as well. In an effort to capitalize on the unique attributes that the County has to offer potential businesses, the County has hired an Economic Development Specialist. This position is responsible for leading development, implementation, and promotion of economic development strategies for the County. This position has been building strong working relationships with cities, chambers, businesses and regional economic development partners in effective marketing and branding initiatives. This will continue to position the County as a great environment to start and expand businesses.

Highlighting the economic attributes of Anoka County www.anokacountysuccess.org is a joint Countywide effort which showcases the area's core industries, ranging from data centers to manufacturers. The website aims to promote Anoka County's assets, low taxes, educated population, affordable land, and close proximity to the Minneapolis - St. Paul metropolitan area. This is part of a broad initiative by the County to be competitive with its neighbors, change perceptions about the County, and attract new businesses and investments.

Transportation is a priority in Anoka County. Infrastructure such as railroads, airports, and freeways have a significant impact on economic growth. The County is served by three interstate highways: I-35W from downtown Minneapolis, I-35E from downtown St. Paul, and 1-694 connecting the north metro. Other highways serving the County are U.S. Highways 10, 169, and 610, and State Highways 65 and 47. U.S. Highway 10 provides a nonstop freeway from the city of Anoka to both downtown Minneapolis and St. Paul. U.S. Highway 610, in conjunction with State Highway 252, links I-35W to 1-94.

Serving as the principal east-west high-volume traffic corridor in Anoka County, U.S. Highway 10 is a significant transportation connection from Minneapolis - St. Paul to the northwest suburbs.

Just north of Minneapolis - St. Paul the Anoka County

(Janes Field) Airport located within the City of Blaine is one of the busiest reliever airports in the MAC system averaging almost 75,000 annual landings and takeoffs. Employing approximately 130 people and having a total economic output of \$18 million, Janes Field is an integral part of Anoka County. Based on a previous agreement with the Metropolitan Airports Commission (MAC), Anoka County controls the Northwest quadrant of the airport. Subsequently, the county has sub-leased the site to a private development group, the Anoka Airport LLC, which has partnered with Atlantic Aviation FBO Anoka, LLC, a large private equity firm, which owns and manages aircraft fleets. The Northwest Quadrant of Janes Field has a first class fixed-based operation (FBO), hangars for corporate and private jets, and ramp space for jet parking. The County receives lease payments for hangars and ramp space from the facility's management organization, Atlantic Aviation FBO Anoka, LLC, and its tenants.

The development of creative partnerships has been a key component of Anoka County's success. The Anoka County Sheriffs Office and the Midwest Regional Forensic Laboratory consolidates the majority of the Sheriffs Office operations, allowing officers to respond to emergencies more quickly and resulting in communication that is more efficient and streamlined. The state-of-the-art forensic laboratory was made possible by a joint powers agreement between Anoka, Wright, and Sherburne Counties. The facility also features a unique agreement with Hamline University in St. Paul to offer practical experience and internships to students studying forensic science.

The Anoka County Midwest Medical Examiner's Office is another example of how Anoka County achieves results with innovative cooperative initiatives. The facility serves and shares costs with twenty-eight Minnesota counties including Anoka, and five Wisconsin counties.

It incorporates the latest scientific death investigation methods and tools while compassionately helping families and survivors learn the circumstances surrounding the death of their loved one.

The National Sports Center in the City of Blaine is featured in the Guinness Book of World Records as the world's largest indoor hockey facility with eight indoor ice rinks, the Herb Brooks Training Facility/Hall of Fame, and a dry floor training facility for figure skating. Additionally, the Schwan's Super Rink has become the largest skating venue in the world. The National Sports Center is the home training center for the USA Women's Olympic Hockey team and hosts the world's largest soccer tournament, the Schwan's USA Cup. In 2012, the National Sports Center completed construction of a convention and exhibition center providing the region with top notch meeting and exhibition areas. The Center attracts more than four million visitors each year.

The Minnesota Technology Corridor is a collaborative effort between Anoka and Washington Counties, along with area utility provider Connexus Energy. The Corridor is situated along I-35 with abundant fiber, water, and power access, along with project sites between 20-250 acre parcels. The area consists of the cities of Centerville, Columbus, Forest Lake, Hugo, and Lino Lakes, Minnesota. This corridor is close to the urban core of the Twin Cities, within 20 minutes of downtown Minneapolis and St. Paul.

The Minnesota Technology Corridor initiative has targeted data centers, research and development facilities, software companies, engineering firms, medical and health care firms, as well as finance and commerce companies to draw project activity to the Corridor. In late 2020, in partnership with Excipio Consulting, the Minnesota Technology Corridor launched an assessment to help understand requirements, costs, and other considerations to attract prospective data center developers to the market.

In 2022, the Minnesota Technology Corridor will continue to market and partner with area cities and providers to tell the story of the opportunities available along the Corridor. This is a unique, award-winning effort that helps set Anoka County and the region apart from other areas related to technology advancement

# FUTURE PROJECTS, CAPITAL IMPROVEMENTS FUNDING

EVUIDIT 4

Anoka County's 2022 Capital Improvement Budget (CIB) encompasses a wide array of construction and maintenance projects. These projects are planned at improving the functionality, safety, and longevity of the County Buildings, Library System, Roads, and Parks. The overarching goal of these projects is to enhance the safety, security, and service to the constituents and visitors of Anoka County.

ANOKA COUNTY'S RECONCILIATION OF THE GOVERNMENTAL FUNDS BA TO THE STATEMENT OF NET POSITION DECEMBER 31, 2021	ALANCE SHEET	EXHIBIT 4
Total fund balances for governmental funds (Exhibit 3)		\$ 333,641,994
Total net position reported for governmental activities in the statement of net position is different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.		880,577,052
Deferred outflows resulting from pension obligations (\$65,184,308) and OPEB obligations (\$35,024,385) are not available resources and, therefore, are not reported in governmental funds.		100,208,693
Internal service funds are used by the County to charge the cost of insurance (\$24,885,909) to the individual funds as well as cost of maintenance and fuel for the County vehicles and large equipment (\$2,210,854). The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.		27,096,763

ANOVA COUNTY'S DECONCULATION OF THE COVERNMENTAL FUNDS DALANCE SHEET

The Anoka County Library system features eight libraries, one administration building, and three support and outreach facilities spread throughout the county for all Anoka County residents. Housed within these libraries is a plethora of material and programs available to the public free of charge. As the population of Anoka County is expected to grow, so is the number of guests utilizing the library system. To ensure that all visitors to the library system have an enjoyable visit, Anoka County has prioritized the modernization of library facilities over the next five years. These updates will help provide for the best possible experience for all patrons, and further embody the Anoka County Library motto of "Ideas, Information, Inspire".

Situated in the Northeast corner of Blaine, Johnsville Library is scheduled to undergo a \$250,000 interior renovation in 2022. Johnsville has not undergone an interior renovation in the 26 years since it was built and still retains many of its original furnishings. This renovation entails updating the restrooms, new furniture, carpet replacement, additional shelving, an updated service desk, adding more power accessible areas for visitors, and additional security enhancements. These additional security enhancements will expand meeting room accessibility beyond traditional library hours for visitors who would like to utilize these rooms but cannot during regular hours. When complete the Johnsville Library will be situated to continue to serve the residents of Anoka County well into the future.

Due to Anoka County's location on the northern edge of the Twin Cities Metropolitan

- Continued on next page.

area, several major traffic corridors pass through the county connecting the Minneapolis/St. Paul area to greater Minnesota and beyond. Traffic along many of these roadways has increased to a point beyond what the road was originally designed to carry safely and efficiently resulting in accidents and increased traffic delays. The leadership at Anoka County has recognized the seriousness of these issues and has actively been involved with local and state agencies in finding meaningful solutions to increase the safety and efficiency of these thoroughfares.

Along with Interstate 35, Highway 10 is one of the principal traffic corridors of Anoka County. Upwards of 55,000 vehicles traverse Highway 10 during peak traffic times throughout the week. Congestion is commonplace, particularly between the traffic signals at Fairoak and Thurston Avenues. Along with severe traffic backups and delays, over 100 crashes a year are recorded along this stretch of Highway 10; with at least one crash per peak period. To help alleviate these traffic issues, a two-year, \$82 million construction project will commence in the Spring of

2022. This project, dubbed the "Anoka Solution" will consist of a grade-separated interchange at Thurston Avenue, a highway underpass at Fairoak Avenue, and a reconstructed interchange at West Main Street in the City of Anoka. This vital project is scheduled to be completed by the Fall of 2023, and, according to projections when finished will reduce traffic delays in Anoka by 75%, and accidents by 57%.

Scheduled to be completed in the Fall of 2022, the Foley Boulevard Railroad Grade Separation project will provide enhanced safety benefits for all roadway users. The current, at-grade railroad crossing at Foley Boulevard traverses one of the busiest rail lines in the state. The BNSF rail line accommodates up to 92 trains a day with an approximate speed of 75 mph; freight trains comprise most of the traffic, but Amtrak, and the Northstar commuter service also use this busy rail corridor. Foley Boulevard serves as a major traffic corridor within Anoka County, providing access to and from Highway 10 and Highway 610. Due to the high amount of rail and vehicle traffic at this location, it was determined by Anoka County and the City of Coon Rapids that a grade-separated crossing would be beneficial to decrease the risk of a train-vehicle accident and prevent traffic congestion. When completed, the Foley Boulevard Railroad Grade separation project will feature a traffic bridge going over the railroad, along with additional turn lanes and traffic control signal modifications, while maintaining its current four lanes of traffic. The finished project will also include new pedestrian accommodations and ADA improvements. These enhancements and additions will make this route a safer travel corridor for all users.

The County's Annual Road and Bridge Preservation Program has \$10.6 million budgeted in 2022 to maintain and repair the existing road and bridge infrastructure within the County. The Anoka County

highway system comprises over 414 miles of centerline highway, 58 bridges, over 240 traffic signals and flasher systems, 40 school-zone feedback systems, 22,000 traffic signs, 1,000 culverts, and 8,000 storm sewer structures. These preventative maintenance and repair projects are designed at improving and maintaining the safety and functionality of the County's existing highway infrastructure. In order for the transportation system to keep pace with the anticipated employment and population growth in the region, three of the major highway/interstates that serve the County will undergo significant improvements in the coming decade.

Anoka County has 11,500 acres of open parkland and over 100 miles of trails scattered throughout 14 parks and 2 conservation areas offering residents and visitors multiple outdoor venues with which to enjoy Anoka County's natural beauty. Camping, horseback riding, swimming, and fishing are just a few of the many outdoor opportunities that are waiting to be enjoyed throughout the Anoka County Park system.

Occupying 1,653 acres in the heart of Anoka County, Bunker Hills Regional Park is the crown jewel of the Anoka County Park system. Swimming, Archery, Horseback Riding, Biking, and Camping are just few of the activities that await visitors to this exceptional park. The most popular attraction in the park is the Bunker Beach waterpark. Having undergone a \$6.5 million remodel in 2020 - 2021, the newly expanded Bunker Beach features numerous water slides, a heated wave pool, the lazy river, and a new 3,000 square-foot shallow water lagoon. During peak season Bunker Beach Waterpark attracts upwards of 1,600 visitors a day. Another feature of Bunker Hills Regional Park is the 6.5 acre off-leash fenced in dog park. Beginning in the Spring of 2022 the dog park will be undergoing several improvements to improve the accessibility of the park to all users. These improvements include, paving the existing gravel parking lot and adding 2 ADA compliant parking stalls; adding a concrete sidewalk from the parking lot to the dog park entrance; and new eight-foot-wide paved

trails within the dog park area.

Situated in the Southeastern part of Anoka County, The Rice Creek Chain of Lakes is one of the most popular parks within the county park system. \$1.3 million has been budgeted for several projects in 2022 to further enhance park offerings. Wargo Nature Center, situated within Rice Creek serves a key role in educating visitors about the natural world. To continue in this educational role, several interactive nature displays are currently under construction at the Nature Center and are scheduled to be completed

by the end of 2022. Once completed these displays will make for a more memorable experience for visitors to the Wargo Nature Center.

Recognizing the desire of Anoka County residents to live in a safe environment the leadership at the County has begun exploring the replacement of its current iail. In 2018 an internal study group was formed which engaged the National Institute of Corrections to conduct a Jail and Justice System Assessment. Based on the findings of the report, the current Anoka County Jail which was built in 1983 is facing capacity issues and a variety of functional deficiencies. Therefore, the County Board is looking at replacing the current facility. The Board has evaluated potential sites and has moved forward with the design phase of the project. Initial estimates place the replacement of the jail at \$163.9 million. Tentatively, construction

The St. Francis Library remodel was completed in 2021. This project centered on cosmetic and flow improvements and included replacing old, dark paneling with sheetrock; installing new lighting that reflects up into the vaulted ceiling; painting to brighten the space; updating out-of-date and in poor repair restrooms; improving the staff kitchen and book drop areas; adding irrigation to the property's lawn; and other changes to enhance the building for both patrons and staff.

is planned to begin in 2024 and be completed in 2026.

The second major project regarding public safety is the expansion of the Anoka County Emergency Communications Dispatch Center. The Emergency Communications Dispatch Center is responsible for answering emergency calls as well as dispatching Police, Fire, and Medical personnel throughout the County 24 hours a day, seven days a week. Due to an increase in the need for service the Center needs to expand. However, due to the Center's current location within the Government

Center expansion is not a viable option due to extra space being unavailable. In order to continue to provide Anoka County residents with timely emergency services, a new Emergency Communications Center is currently proposed. Costing approximately \$30 million, this new Center is currently slated to be approximately 45,000 square feet and when complete in the spring of 2024, will combine the dispatch center, training center, radio service workshop, and the Emergency Operations Center within one state-of-the-art facility.

# ANOKA COUNTY'S RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, EXHIBIT 6 AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2021

Net change in fund balances - total governmental funds (Exhibit 5)

\$ 24,338,644

1,468,588

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported as expenditures in governmental funds. However, in the statement of activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense.

Expenditures for general capital assets, infrastructure, and other related capital assets adjustment \$ 25,392,414 Current year depreciation (23,923,826)

The issuance of long-term debt (e.g., bonds) provides current financial resources and capital lease arragements are considered a source of financing to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Debt issued:
Loans \$ (572,580)

Principal repayments:
Debt service principal retirement \$ 15,228,671

Current year amortization of discounts and premiums \$ 740,440

The effect of various miscellaneous transactions involving capital assets (e.g., sales, trade-ins, transfers and retirements) is to decrease net position.

(1,104,197)

15,396,531

Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the funds. Earned but unavailable revenue reported in the governmental funds net of current year delinquent tax collections.

 Unavailable revenue - December 31
 \$ 22,249,856

 Unavailable revenue - January 1
 (28,419,140)

 (6,169,284)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. This includes the change in compensated absences (-\$111,281), change in interest payable (\$219,139), and changes in inventories (\$9,924).

117,782 993,046

Current year net change in the other postemployment benefits (OPEB) liability, deferred OPEB inflows and deferred OPEB outflows.

15,637,291

The internal service funds are used to accumulate and allocate costs from the central fleet internal service fund and pooled insurance fund to the individual funds within Anoka County. The increase in net position of the internal service funds are reported in the government-wide statement of activities.

Current year net change in deferred pension outflows, net pension liability, and deferred pension inflows.

11,459,011

Changes in net position of governmental activities (Exhibit 2)

\$ 62,137,412

# **DELIVERY OF SERVICES**

The Board of Commissioners is committed to providing a full range of services for county residents. Those services are as listed:

**Law Enforcement-** The Sheriff provides patrol of county highways, a crime lab and criminal investigation unit, water patrol and incarceration of prisoners in the county jail.

**Public Works-** The Highway Department plans, designs, builds, and maintains county highways and bridges. The Parks and Recreation Department operates several county and regional parks, a golf course and an aquatic center which provide recreational opportunities for county residents.

**Library Services-** Two main resource libraries along with several regional and neighborhood branch libraries offer all residents the opportunity for access to a wide range of books, computers, and resource materials.

**Community Corrections-** Probation and parole counseling, work release, adult DWI school and juvenile detention services are provided to those who have been adjudicated of crimes.

**Property Records and Taxation-** The county maintains records of all property transactions, calculates assessed property value and bills and collects property taxes for the county, cities, townships, schools and special taxing districts within the county.

**Legal Services-** The County Attorney's Office investigates and prosecutes civil and criminal matters and pursues judgements of paternity and support in child support cases. Legal support is also provided in all county business functions.

**Human Services-** The Economic Assistance Department determines eligibility for cash assistance, medical care and food stamps. Social Services and Behavioral Health provides access to services for individuals with disabilities, adults and children needing protection, mental health and chemical health, aging and licensing for foster care and childcare. Public Health provides services for pregnant teens, new parents, the elderly who require home care and well-child clinics to promote healthier children.

Other Government Services- Services to veterans, election services, voter registration, selling license plates and tabs, and hunting and fishing licenses are all provided to residents. The county's Emergency Communications unit operates a state-of-the-art 911 emergency dispatch center for all police, fire and medical emergency needs in the county.

**Administrative Services-** Support services are provided to the other departments by County Administration, the Finance and Central Services Division, Information Technology and Employee Relations departments.

# **MAJOR RECIPIENTS OF ANOKA COUNTY EXPENDITURES**

The following is a list of the recipients of Anoka County primary government expenditures totaling \$5,000 or more (rounded to the nearest dollar) during 2021. The list does not include salaries paid to county employees nor does it include individuals who received Federal, State, or County Human Service Aid. The list of blended component units follows this list.
