ANOKA COUNTY SUMMARY FINANCIAL STATEMENT

FOR THE YEAR ENDED DECEMBER 31, 2020 OFFICIAL PUBLICATION

To the Honorable Board of County Commissioners:

I herewith submit to you a full and accurate statement of revenues and expenditures for the year 2020, together with an accurate statement of the financial position of the county on December 31, 2020, including debts and liabilities, and the assets to discharge the same.

Respectfully submitted,

Cory Kampf Division Manager

Finance and Central Services Division

The purpose of this report is to provide a summary of financial information concerning Anoka County for interested citizens. Questions about this report should be directed to the Finance and Central Services Division, (763) 324-1700.

A FULL AND COMPLETE COPY OF THE COUNTY'S COMPREHENSIVE ANNUAL FINANCIAL STATEMENT IS AVAILABLE THROUGH OUR WEBSITE AT WWW.ANOKACOUNTY.US, UPON REQUEST BY CALLING (763) 324-4700, OR BY WRITING TO THE COUNTY ADMINISTRATOR, ANOKA COUNTY GOVERNMENT CENTER, 2100 THIRD AVENUE - ROOM 700, ANOKA, MN 55303

A view of the Anoka County Government Center from Jackson Street.

A PROFILE OF ANOKA COUNTY

County Statistical Information

Key Indicator	Total 2020	Total 2019	Percent Increase/Decrease
Population *	356,921	353,813	0.88%
Total Estimated Market Value of all Taxable Property (in thousands)	\$39,642,862	\$37,426,768	5.92%
Percent of Property Taxes Collected	99.78%	99.40%	0.38%
Total Revenues (All Governmental Funds)	\$421,243,292	\$363,636,982	15.84%
Total Current County Expenditures (All Governmental Funds)	\$375,101,862	\$354,698,411	5.75%
Total Debt Applicable to Legal Debt Limit	\$61,206,591	\$74,780,039	(18.15%)
Bond Rating on Most Recent General Obligation Bond Issue	AA+ Aa1	AA+ Aa1	Standard & Poor's Moody's
Total Number of Full Time Employees	2041.4	2044.2	(0.14%)

^{*} The population amount for 2020 is an estimate, whereas 2019 population is based on actual data provided by the Metropolitan Council.

Anoka County is Minnesota's fourth most populous county. The county's 2010 U.S. Census population count of 330,844 was 11% greater than its 2000 count of 298,084. The 2010 U.S. Census of housing showed a 16.1% increase in the number of housing units in the county from 108,091 in 2000 to 125,525 in 2010.

The demand for county services continues to rise. Yet, the Anoka County Board of Commissioners is committed to keeping county taxes reasonable and affordable. For example, Anoka County leads the way in the State of Minnesota in protecting the property taxpayer. Anoka County's taxes on a per capita basis were among the lowest in the metropolitan area in 2020. Additionally, Anoka County's tax levy, on a per capita basis, is among the lowest of all 87 counties in the entire state.

Anoka County 2020 Finances

Governmental Funds WHERE THE FUNDS COME FROM...

Governmental Funds WHERE THE FUNDS GO...

A USER'S GUIDE TO COUNTY FINANCIAL STATEMENTS

The government-wide financial statements are designed to provide readers with a broad overview of Anoka County's finances, in a manner similar to private-sector businesses. The government-wide Statement of Net Position (Exhibit 1) is reported on a full accrual basis, which recognizes all long-term assets as well as long-term obligations. The Statement of Activities (Exhibit 2) demonstrates the degree to which the direct expenses of each function of the County's governmental activities are offset by program revenues. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements (Exhibits 3 & 5) focus on spendable resources. Reconciliations (Exhibits 4 & 6) are provided between the governmental fund statements and the government-wide statements.

COUNTY GOVERNMENTAL FUND TYPES

Governmental fund statements (Exhibits 3 & 5) include the following funds:

The **General Fund** is the general operating fund of the County and is used to account for all financial resources except those that are required to be accounted for in another fund.

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes. The major funds are reported individually on the governmental fund statements and include Road & Bridge and Human Services. All non-major funds are consolidated in the other governmental funds column, those funds include the Job Training Center, County Library, Parks and Recreation, Medical Examiner, Cooperative Extension, Law Library, Community Development, Regional Rail Authority, Housing and Redevelopment Authority, Leasehold Properties, Forfeiture Funds and the Joint Law Enforcement Council.

Debt Service Fund is used to account for the accumulation of resources for, and payment of, principal, interest, and related costs of general long-term debt.

Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds).

Governmental funds are reported as governmental activities in the Statement of Net Position and Statement of Activities.

COUNTY PROPRIETARY FUND TYPES

Proprietary fund statements (Exhibits 7 & 8) include the following fund:

Internal Service Funds are used to account for the financing of the goods or services provided by one department or agency of a government to other departments or agencies on a cost-reimbursement or rental basis. The County has two internal service funds: Pooled Insurance – for the County's benefits and insurance coverage; Central Fleet – to manage the maintenance of the County's vehicles. The internal service fund is eliminated on the government-wide financial statements to avoid duplication of expenditures.

MAJOR CATEGORIES OF COUNTY EXPENDITURES

The functions of government as shown in Exhibit 5:

The **General Government** function includes expenditures for salaries and expenses for general county activities such as the County Commissioner's, the County Administrator's Office, the County Attorney's Office, the Property Records and Taxation Division, the Finance and Central Services Division, Surveyors/GIS, Transit, License Bureau, Employee Relations, Veteran Services, Communications, and Information Technology departments.

Total net position	\$ 974,258,798

The **Public Safety** function includes expenditures for corrections' activities, the operation of the County Sheriff's office, the County Jail, the Emergency Communications department and the County Medical Examiner.

The **Sanitation** function includes expenditures for county solid waste collection and disposal programs, including county sponsored recycling programs.

The **Highways and Streets** function includes expenditures for all Highway Department road construction and maintenance programs, as well as bridge construction and maintenance, signs, signals, design, right-of-way acquisition, etc.

The **Human Services** function includes the administration of all federal, state and county human services programs, including: economic assistance, child support collection, social service and behavioral health programs such as chemical dependency treatment programs and child protection services. Also included are expenditures for the County Public Health Department, including inoculation programs, home health aid services and programs to protect public and private drinking water systems.

The **Culture and Recreation** function includes expenditures for county libraries, county parks and recreation programs, including the development and maintenance of all county and regional park facilities.

The **Conservation of Natural Resources** function includes expenditures relating to soil and water conservation and the County Extension Office.

The **Economic Development** function includes expenditures for economic development programs such as the Community Development Block Grant Program, HOME Program, Housing and Redevelopment Authority, Federal Economic Security Programs and the County Regional Railroad Authority.

Debt Service includes all expenditures for the repayment of bonds issued by the county and lease purchase agreements entered into by the county, including the payment of principal, interest and other fiscal charges associated with the bonds and lease purchase agreements.

Capital Outlay includes all expenditures for the construction of county facilities or the purchase of buildings, land or major equipment by the county.

These activities, except for Debt Service and Capital Outlay, are used in both the government-wide and governmental funds statements.

ANOKA COUNTY COLLABORATION AND VISION

Anoka County, Minnesota, located north of the Twin Cities metropolitan area, is comprised of 21 municipalities. Here you'll find a unique blend of urban amenities in a friendly, small town atmosphere. Despite today's challenging economic times, Anoka County continues to be a great place to live, work, play, and do business. With award-winning schools and several post-secondary educational institutions, Anoka County residents are well-educated and take pride in their work and community. The County has numerous commercial and industrial sites available for development including several hundred acres zoned industrial within the Metropolitan Urban Service Area (MUSA) 20 minutes from downtown Minneapolis and St. Paul.

Greater MSP, a regional economic development organization, is a proven partner in growing businesses in the County. By partnering with Greater MSP, Anoka County has been able to expand and enrich relationships in a network of diverse, innovative, action-oriented leaders. These relationships have led to the development and implementation of solutions to challenges that affect the region's economic competitiveness and business performance. This partnership has also allowed Anoka County to leverage its abundant qualities and business-friendly environment to not only a regional audience, but to a national audience as well. In an effort to capitalize on the unique attributes that the County has to offer potential businesses, the County has an Economic Development Specialist. This position is responsible for leading development, implementation, and promotion of economic development strategies for the County. This position has been building strong working relationships with cities, chambers, businesses and regional economic development partners in effective marketing and branding initiatives. This will continue to position the County as a great

In addition to the hire of the County Economic Development Specialist, the County launched a new website in early 2019 dedicated to highlighting Anoka County's business attributes. www. anokacountysuccess.org is a joint Countywide effort which highlights the area's core industries, ranging from data centers to manufacturers. The website aims to promote Anoka County's assets, low taxes, educated population, affordable land, and close proximity to the Minneapolis – St. Paul metropolitan area. This is part of a broad initiative by the County to be competitive with its neighbors, change perceptions about the County, and attract new businesses and investments.

environment to start and expand businesses.

Transportation is a priority in Anoka County. Infrastructure such as railroads, airports, and freeways has a significant impact on economic growth. The County is served by three interstate highways: I-35W from downtown Minneapolis, I-35E from downtown St. Paul, and I-694 connecting the north metro. Other highways serving the County are U.S. Highways 10, 169, and 610, and State Highways 65 and 47. U.S. Highway 10 provides a nonstop freeway from the city of Anoka to both downtown Minneapolis and St. Paul. U.S. Highway 610, in conjunction with State Highway 252, links I-35W to I-94.

Completed in 2020 the reconstruction of Hanson Boulevard between Northdale and Main capped a major safety overhaul of this busy travel corridor. Averaging over 30,000 vehicles a day this stretch of Hanson Boulevard is a critical North-South artery that connected locations within Anoka County to Highway 10 and the greater Twin Cities area. Under the project numerous safety features were

added or enhanced, including: a center raised concrete median, 6-8 foot wide shoulders, dedicated right and left turn lanes, dedicated through lanes to improves traffic flow, a sidewalk on the West side of the road to improve pedestrian safety, and ADA improvements. The project also involved connecting all traffic signals through fiber along the Hanson corridor in Coon Rapids and Andover. The bulk of the funding for this project came from a federal grant at just over \$2.3 million. Coon Rapids' share was roughly \$430,000 while the County picked up the rest.

Anoka County, through an agreement with the Metropolitan Airports Commission (MAC), has made over \$16 million of improvements at the Anoka County (Janes Field) Airport located in the City of Blaine. Under the Agreement, the MAC turned over control of the Northwest Quadrant of the airport to the County in exchange for the improvements. The County has sub-leased the site to a private development group, the Anoka Airport LLC, which has partnered with

LYNX FBO Anoka, LLC, a large private equity firm, which owns and manages aircraft fleets. The Northwest Quadrant has a first class fixed-based operation (FBO), hangars for corporate and private jets, and ramp space for jet parking. The County receives lease payments for hangars and ramp space from the facility's management organization, LYNX FBO Anoka, LLC, and its tenants.

The development of creative partnerships has been a key component of Anoka County's success. The Anoka County Sheriff's Office and the Midwest Regional Forensic Laboratory consolidates the majority of the Sheriff's Office operations, allowing officers to respond to emergencies more quickly and resulting in communication that is more efficient and streamlined. The state of the art forensic laboratory was made possible by a joint powers agreement between Anoka, Wright, and Sherburne Counties. The facility also features a unique agreement with Hamline

University in St. Paul to offer practical experience and internships to students studying forensic science.

The Anoka County Midwest Medical Examiner's Office is another example of how Anoka County achieves results with innovative cooperative initiatives. The facility serves and shares costs with twenty-eight Minnesota counties including Anoka, and three Wisconsin counties. It incorporates the latest scientific death investigation methods and tools while compassionately helping families and survivors learn the circumstances surrounding the death of their loved one.

The National Sports Center in the City of Blaine is featured in the Guinness Book of World Records as the world's largest indoor hockey facility with eight indoor ice rinks, the Herb Brooks Training Facility/Hall of Fame, and a dry floor training facility for figure skating. Additionally, the Schwan's Super Rink has become the largest skating

venue in the world. The National Sports Center is the home training center for the USA Women's Olympic Hockey team and hosts the world's largest soccer tournament, the Schwan's USA Cup. In 2012, the National Sports Center completed construction of a convention and exhibition center providing the region with top notch meeting and exhibition areas. The Center attracts more than four million visitors each year.

The Minnesota Technology Corridor a collaborative effort between Anoka and Washington Counties, along with area utility provider Connexus Energy. The Corridor is situated along I-35 with abundant fiber, water, and power access, along with project sites between 20-250 acre parcels. The area consists of the cities of Centerville, Columbus, Forest Lake, Hugo, and Lino Lakes, Minnesota. This corridor is close to the urban core of the Twin Cities, within 20 minutes of downtown Minneapolis and St. Paul.

The Minnesota Technology Corridor initiative has targeted data centers, research and development facilities, software companies, engineering firms, medical and health care firms, as well as finance and commerce companies to draw project activity to the Corridor. In late 2020, in partnership with Excipio Consulting, the Minnesota Technology Corridor launched an assessment to help understand requirements, costs, and other considerations to attract prospective data center developers to the market.

In 2021, the Minnesota Technology Corridor will continue to market and partner with area cities and providers to tell the story of the opportunities available along the Corridor. This is a unique, Award Winning effort, that helps set Anoka County and the region apart from other areas related to technology advancement.

ANOKA COUNTY'S RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION DECEMBER 31, 2020

Total fund balances for governmental funds (Exhibit 3)

Total net position reported for governmental activities in the statement of net position is different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.

Deferred outflows resulting from pension obligations (\$16,618,651) and OPEB obligations (\$43,165,591) are not available resources and, therefore, are not reported in governmental funds.

Internal service funds are used by the County to charge the cost of insurance (\$13,071,273) to the individual funds as well as cost of maintenance and fuel for the County vehicles and large equipment (\$2,566,479). The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.

Long-term liabilities are not due and payable in the current period and accordingly are not reported as fund liabilities.

Bonds and notes payable - net of premium and discount	\$ (101,617,100)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Deferred inflows resulting from pension obligations (\$20,310,390) and OPEB obligations (\$17,118,365) are not due and payable in the current period and, therefore, are not reported in governmental funds.

Net position of governmental activities (Exhibit 1) \$ 974,258,798

FUTURE PROJECTS, CAPITAL IMPROVEMENTS FUNDING

Anoka County's 2021 Capital Improvement Budget (CIB) encompasses a wide array of construction and maintenance projects. These projects are planned at improving the functionality, safety, and longevity of the County Buildings, Library System, Roads, and Parks. The overarching goal of these projects is to enhance the safety, security, and service to the constituents and visitors

of Anoka County.

The Anoka County Library system features 9 libraries strategically spread throughout the County for access to all Anoka County residents. Housed within these libraries is a plethora of material and programs available to the public free of charge. The goals Anoka County Library system is to promote personal growth and learning, expand access to information and ideas, strengthen communities and neighborhoods, and foster a culture of innovation.

The Anoka County Library system has two major projects planned for 2021. At a little over 11,000 square feet, the Mississippi Library located in Fridley will have its roof replaced at a cost of \$280,000. This is the second half of a two-year remodeling project. The Library's interior spaces were refurbished in 2020 making for a more inviting space for users of the Anoka County Library system. With the completion of the new roof in 2021, Mississippi Library will be poised to serve Anoka County residents well into the future.

The second major library project slated for 2021 is the remodeling of the St. Francis

- Continued on next page.

Library. The St. Francis library has not undergone a remodel in the 40 years since it was built. \$250,000 has been budgeted for this project which entails the replacement of the original carpet and tile floor, the upgrade of restrooms, improved lighting, reconfiguring of shelving for library materials, and installation of new furniture. When complete, the St. Francis Library will continue to serve the residents of Anoka County for many years to come.

Due to Anoka County's location on the northern edge of the Twin Cities Metropolitan area, several major traffic corridors pass through the County connecting the Minneapolis/St. Paul area to greater Minnesota and beyond. Traffic along many of these roadways has increased to a point beyond what the road was designed to carry safely and efficiently resulting in accidents and increased traffic delays. The leadership at Anoka County has recognized the seriousness of these issues and has been actively involved with local and state entities in finding meaningful solutions to increase the safety and efficiency of these thoroughfares. Several projects are set to break ground in 2021 or are in the final stages of planning and

in 2021 or are in the final stages of planning and development and will commence construction within the next couple of years.

Anoka County, working closely in conjunction with the Minnesota Department of Transportation (MnDOT) and the City of Ramsey continue to advance towards the refinement and implementation of the Ramsey Gateway Highway 10 Project. Highway 10 is a principal artery within Anoka County and upwards of 55,000 vehicles a day travel this busy corridor connecting the Twin Cities and greater Minnesota. Due to the heavy flow of traffic the crash rate is 2 times above the state average and during peak times traffic backups are commonplace. In order to alleviate these problems \$5,000,000 has been budgeted for 2021 to continue to put this comprehensive plan into action. This project is designed with two grade-separated interchanges at Ramsey Boulevard and Sunfish Lake Boulevard which will replace the existing signalized intersections. Also, part of this project is Grade Separation of the BNSF Railway which will eliminate the need for traditional Railroad Crossings. This will allow cars and trains to travel the same corridor in a more safe and efficient manner. A new frontage road between Ramsey Boulevard and Sunfish Lake Boulevard will be added on both sides of the highway allowing easier access to local businesses, instead of entering or exiting directly onto the highway. Construction is projected to begin in the Spring of 2024, and when complete approximately two years later, will result in a 42% crash reduction, a 94% reduction in delays, and will be able to accommodate up to 74,000 vehicles per day.

In order to further reduce pedestrian and traffic interactions \$1.7 million in funds has been allocated to create a separated pedestrian crossing over Highway 10 at the Round Lake Boulevard Interchange. Currently there is no dedicated pedestrian access that crosses

Highway 10 at Round Lake Boulevard. For pedestrians wishing to access the Riverdale Commercial center from the neighborhoods that are to the North of Highway 10 they must travel along the edge of Round Lake Boulevard while simultaneously having to navigate other barriers. This lack of access poses not only a threat to the safety and wellbeing of any pedestrians, but also to the 23,000 to 32,000 motorists that use this corridor daily. This project is in-line with the desires of the Anoka County leadership to promote the safety and well-being of the residents and visitors to Anoka County.

The County's Annual Road and Bridge Preservation Program has \$9.8 million budgeted in 2021 to maintain and repair the existing road and bridge infrastructure within the County. The Anoka County highway system comprises over 414 miles of centerline highway, 58 bridges, 240 traffic signals and flasher systems, 40 school-zone feedback systems, 22,000 traffic signs, 1,000 culverts, and 8,000 storm sewers structures. These preventative maintenance and repair projects are designed at improving the safety and

functionality of the County's existing highway infrastructure. In order for the transportation system to keep up with the anticipated employment and population growth in the region, three of the major highway/interstates that serve the County will undergo significant improvements over the coming decade.

Anoka County has 11,500 acres of open parkland and over 100 miles of trails scattered throughout 14 parks and 2 conservation areas offering residents and visitors multiple outdoor venues with which to enjoy Anoka County's natural beauty. Camping, horseback riding, swimming, and fishing are just a few of the many outdoor opportunities that are waiting to be enjoyed throughout the Anoka County park system.

Bunker Beach Waterpark is the County's most popular attraction within the Parks system with upwards of 1,600 people visiting the waterpark daily during the busy season.

The main attraction within the water park is the Bunker Beach wave pool. Due to the COVID-19 pandemic and in the interest of the public's safety the Bunker Beach Waterpark was closed for the Summer of 2020. \$4.7 million was dedicated in 2021 to the replacement of the wave generating machinery as well as the addition of 3,000 square foot lagoon connected to the wave pool. Due to the closure of the water park in 2020 the construction and addition of the new amenities was able to start and finish earlier than had originally been planned. The new additions include: a heated wave pool, an attached 3,000 square

foot lagoon, and a covered lounge area. The new and improved Bunker Beach Waterpark is ready to open and accept visitors in 2021.

In order to continue providing Anoka County residents with quality outdoor opportunities \$1.2 million has been allocated to build a new 3,900 square foot maintenance facility at Riverfront Regional Park, Currently a singlecar garage attached to the Riedel House is used as the maintenance facility for not only Riverfront Regional Park, but also seven other parks and trail units located throughout the Southern half of Anoka County. This new facility will feature four maintenance stalls, an enlarged work area, as well as restroom facilities. Once completed the new Riverfront Regional Park Maintenance Facility will help support and enhance the many unique amenities and beautiful surroundings that the Anoka County Park system has to offer.

Recognizing the desire of Anoka County residents to live in a safe environment the leadership at the County has begun exploring the replacement of its current jail. In 2018 an internal study group was formed which engaged the National Institute of Corrections to conduct a Jail and Justice System Assessment. Based on the findings of the report, the current Anoka County Jail which was built in 1983 is facing capacity issues and a variety of functional deficiencies. Therefore, the County Board is looking at replacing the current facility. If enacted this project is expected to last for several years and cost approximately \$132 million. This amount would be allocated over the years of the project with \$35 million budgeted for 2021 and 2022, and \$62 million allocated in 2023.

The second major project regarding public safety is the expansion of the Anoka County Emergency Communications Dispatch Center. The Emergency Communications Dispatch Center is responsible for answering emergency calls as well as dispatching Police, Fire, and Medical personnel throughout the County 24 hours a day, seven days a week. Due to an increase in the need for service

the Center needs to expand. However, due to the Center's current location within the Government Center expansion is not a viable option due to extra space being unavailable. In order to continue to provide Anoka County residents with timely emergency services, a new Emergency Communications Center is currently proposed. Costing approximately \$15 million, this new Center is currently slated to be approximately 25,000 square feet and will combine the dispatch center, training center, radio service workshop, and the Emergency Operations Center within one state-of-the-art facility. With completion scheduled for late 2021 or early 2022, this new facility will be able to accommodate 4 additional dispatch workstations in a self-contained facility, meeting storm proofing and security requirements.

ANOKA COUNTY'S RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, **EXHIBIT 6** AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2020

Net change in fund balances - total governmental funds (Exhibit 5)

capital assets adjustment

Current year depreciation

45,821,864

10,332,457

22.777.510

(2,903,987)

(3,310,006)

(7,123,412)

9.384.168

16,414,456

Amounts reported for governmental activities in the statement of activities are different because:

Expenditures for general capital assets, infrastructure, and other related

Capital outlays are reported as expenditures in governmental funds. However, in the statement of activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense.

The issuance of long-term debt (e.g., bonds) provides current financial resources and capital lease arragements are considered a source of financing to governmental funds, while the repayment of principal

of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items. Debt issued:

> General obligation bonds and notes \$ (10,115,000) Loans (509, 351)Discounts and premiums (1,565,434)Principal repayments: Debt service principal retirement 33,382,637 Current year amortization of discounts and premiums 1,584,658

The effect of various miscellaneous transactions involving capital assets (e.g., sales, trade-ins, transfers and retirements) is to decrease net position.

Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the funds. Earned but unavailable revenue reported in the governmental funds net of current year delinquent tax collections.

> Unavailable revenue - December 31 \$ 28,419,140 Unavailable revenue - January 1 (27,434,017)985,123

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. This includes the change in compensated absences (-\$3,147,906), change in interest payable (\$167,414), and changes in inventories (-\$329,514).

Current year net change in the other postemployment benefits (OPEB) liability, deferred OPEB inflows and deferred OPEB outflows.

Current year net change in deferred pension outflows, net pension liability, and deferred pension inflows.

The internal service funds are used to accumulate and allocate costs from the central fleet internal service fund and pooled insurance fund to the individual funds within Anoka County. The increase in net position of the internal service funds are reported in the government-wide statement of activities.

Changes in net position of governmental activities (Exhibit 2)

DELIVERY OF SERVICES

The Board of Commissioners is committed to providing a full range of services for county residents. Those services are as listed:

Law Enforcement- The Sheriff provides patrol of county highways, a crime lab and criminal investigation unit, water patrol and incarceration of prisoners in the county jail.

Public Works- The Highway Department plans, designs, builds, and maintains county highways and bridges. The Parks and Recreation Department operates several county and regional parks, a golf course and an aquatic center which provide recreational opportunities for county residents.

Library Services- Two main resource libraries along with several regional and neighborhood branch libraries offer all residents the opportunity for access to a wide range of books, computers, and resource materials.

Community Corrections- Probation and parole counseling, work release, adult DWI school and juvenile detention services are provided to those who have been adjudicated of crimes.

Property Records and Taxation- The county maintains records of all property transactions, calculates assessed property value and bills and collects property taxes for the county, cities, townships, schools and special taxing districts within the county.

Legal Services- The County Attorney's Office investigates and prosecutes civil and criminal matters and pursues judgements of paternity and support in child support cases. Legal support is also provided in all county business functions.

Human Services- The Economic Assistance Department determines eligibility for cash assistance, medical care and food stamps. Social Services and Behavioral Health provides access to services for individuals with disabilities, adults and children needing protection, mental health and chemical health, aging and licensing for foster care and childcare. Public Health provides services for pregnant teens, new parents, the elderly who require home care and well-child clinics to promote healthier children.

Other Government Services- Services to veterans, election services, voter registration, selling license plates and tabs, and hunting and fishing licenses are all provided to residents. The county's Emergency Communications unit operates a state-of-the-art 911 emergency dispatch center for all police, fire and medical emergency needs in the county.

Administrative Services- Support services are provided to the other departments by County Administration, the Finance and Central Services Division, Information Technology and Employee Relations departments.

Bunker Beach Water Park opened on June 5, 2021 with several new features including a rebuilt Wave Pool. The Anoka County Parks Department started the replacement project in June of 2020 which includes the complete replacement of the 34-year-old wave pool that was constructed in 1987. The final scope of work included utilizing the existing wave pool footprint and filtration system (replaced in 2014) and the addition of a 4,000 sq. ft zero-depth entry Lagoon with seven play features including the Mega Soaker. The new improvements to the wave pool increased usable swim space, increased guest capacity, and added a boiler system that will heat the wave pool.

MAJOR RECIPIENTS OF ANOKA COUNTY EXPENDITURES

The following is a list of the recipients of Anoka County primary government expenditures totaling \$5,000 or more (rounded to the nearest dollar) during 2020. The list does not include salaries paid to county employees nor does it include individuals who received Federal, State, or County Human Service Aid. The list of blended component units follows this list.
