

Board of Directors

May 27, 2022

Overview of Developments in the Financial Markets, Quarterly Finance Report as of March 31, 2022

Overview

Staff provides quarterly briefings on the latest developments in the financial markets, economy, sales tax revenues, and the strategies being explored and implemented to minimize possible impacts to the TransNet Program; and a quarterly report on investments as required per SANDAG Board Policy No. 003.

In addition, SANDAG Board Policy No. 032 requires an annual presentation to the Board of Directors, which includes a written description of the interest rate swaps and an evaluation of the risks associated with outstanding swaps.

Key Considerations

- After dropping 2.1% in FY2020, sales tax revenue collection surged in FY2021 registering a 9.2% increase. Revenues so far in FY2022 are running over 23% ahead of last year through April.
- Senior lien maximum annual debt service coverage, using sales tax receipts of \$393.5 million for the 12 months ending March 31, 2022, is 3.63 times. Meaning, for every \$1 of
 - senior lien debt service, SANDAG received \$3.63 of sales tax revenue providing ample coverage, supporting SANDAG senior lien triple-A ratings.
- The interest rate swaps continue to perform as expected, and there has not been any material event involving outstanding swap agreements, nor has there been any default by a swap counterparty or counterparty termination.

Attachments: 1. Financial Market Review and Update

- 2. Local Economy and Sales Tax Revenue
- 3. Investment and Debt Portfolio
- 4. TransNet Extension Quarterly Report

Action: **Information**

This report provides an update on the latest developments in the financial markets, economy, sales tax revenues, and strategies being explored and implemented to minimize possible impacts to the TransNet Program.

Fiscal Impact:

Senior lien debt service coverage remains strong at 3.63 times, providing ample coverage and supporting triple-A ratings.

Schedule/Scope Impact:

The COVID-19-related recession hit a strong and healthy San Diego economy, leading to massive job and income losses in 2020. With the progress of the vaccination campaign and the reopening of the economy, the recovery is ongoing. Staff will monitor the situation closely and update revenue forecasts as information becomes available.

Financial Market Review and Update

Overview

The first quarter of 2022 was characterized by fluctuating economic performance and rising inflation. The war in Ukraine caused energy and commodity prices to increase, putting further pressure on the U.S. economy. The Omicron variant of COVID-19 continues to be a public health concern. Unemployment continued to decrease through April.

At the March 2022 FOMC meeting, the Fed raised its target for short-term interest rates from 0.25% to 0.50% with the Fed as well as the market expecting several more rate hikes before the end of the year. Domestic equities dropped while Treasury yields rose with concerns that the Fed will be taking more aggressive measures to battle inflation.

Interest Rates

- Treasury Rates: Short-term treasury rates (industry accepted benchmark for taxable bonds) have been increasing since the beginning of the year in anticipation of the multiple Fed rate hikes in 2022. Long-term rates also increased on account of broader economic concerns.
- Municipal Market Rates: The AAA MMD rates (the industry accepted benchmark for tax-exempt rates) have increased dramatically with the 30-year rate breaking through 3.0% after beginning the year at 1.5%.
- Fed Funds Rate: The Fed made its first rate hike since 2018 and raised its target policy rate by 0.25%, citing improving economic activity and rapidly increasing inflationary pressure.
 The Fed now expects at least four more rate hikes in 2022, with the market expecting as many as seven.

Municipal Market Supply-Demand Dynamics: Tax-exempt municipal bond issuance volume in the first quarter of 2022 was \$76.9 billion: 3.3% lower than 2021 volume. Investor demand weakened over the quarter as yields continued to rise.

Equity Markets: Domestic equity markets have been very volatile during the first quarter, driven by inflation pressures, a more aggressive Fed policy and rising interest-rate environment, the Russia-Ukraine conflict and fears of an economic slowdown, all while still combatting the effects of the pandemic.

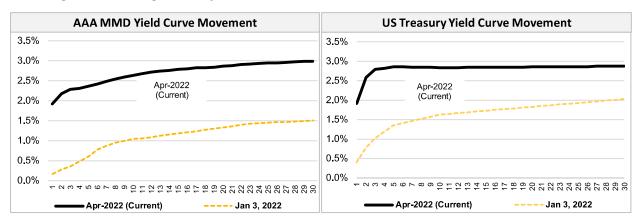

U.S. Economy

- Jobs and Unemployment: The Initial Jobless Claims are at their lowest they have been in decades. For the week ended April 16, jobless claims registered at 184,000.
- GDP: As the economy continues to recover from the impacts of COVID, real GDP is estimated to grow, albeit more slowly, by an annual rate of 1.5% in the first quarter of 2022. Annual growth is estimated at 3.0% in 2022.
- Personal Spending: As the economy's key driver, personal spending increased by 0.2% in February on top of a 2.7% increase in January which was revised up from 2.1%.
- Manufacturing and Service data: The Markit U.S. Composite Purchasing Managers Index in the past quarter showed expansion in both the manufacturing and services sector, signaling continued rebuilding of economic activity, though the rate of expansion has slowed down due to rising cost burdens.

 Consumer Sentiment: Preliminary estimates of the University of Michigan Consumer Confidence Index improved slightly to 65.7 in April, after dropping to 59.4 in March, the lowest it has been in a decade. In this first quarter of 2022 consumer sentiment was influenced by reports of the Omicron variant and the Fed's expectation to raise rates in 2022.

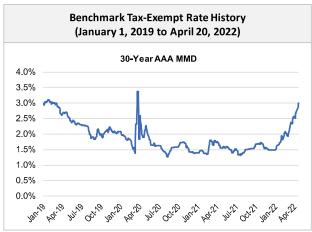

Long-Term Tax-Exempt and Taxable Interest Rates

The AAA Municipal Market Data (MMD) rates have risen significantly in 2022 thus far. The two charts below show current interest rates in comparison to where they were at the beginning of the year. As seen in the chart, the AAA MMD yield curve is almost entirely above 2.0% – rising 149 basis point (bps) to 192 bps higher across the curve since January 3, 2022. U.S. Treasury rates also rose in response to the March rate hike and in anticipation of future rate hikes. Treasury rates increased by up to 181 bps on the short end between January 3, 2022, and April 20, 2022, but not as much on the longer-dated U.S Treasury bonds resulting in "flattening" of the yield curve.

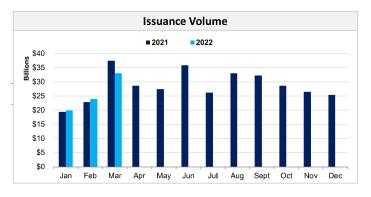

The current 30-year AAA MMD bond yield is 2.99%, which is 1.49% or 149 bps higher than it was at the beginning of the year, but is still lower than its historic average of 4.22% as seen in the chart below. In general, rates are still low, but are on the rise.

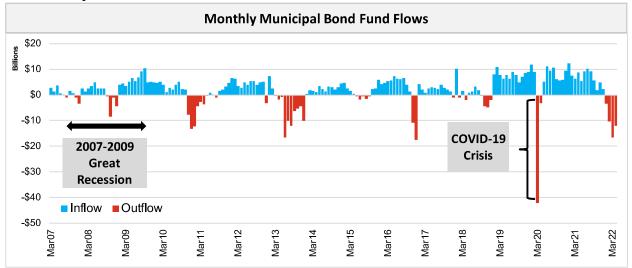

Municipal Market Supply and Demand

As yields continued to rise, tax-exempt issuance in the first quarter of 2022 was \$76.9 billion, 3.3% lower than in 2021. The first quarter combined taxable and tax-exempt issuance volume of \$97.6 billion was 13.6% lower than the 2021 Q1 volume. A majority of the decline is attributable to drop in taxable issuance. As treasury yields rose in 2022, many taxable advance refundings went out-of-the-money and

several of the more compelling advance refundings have already been executed in 2019-2021.

Mutual funds are one of the largest investors in municipal bonds and the net inflow or net outflow from mutual funds is indicative of demand for municipal bonds. Since the end of January, municipal bond funds have seen thirteen weeks of consecutive outflows. Outflows from January through early April of 2022 totaled \$42.6 billion, indicative of falling investor demand as yields rise.

Credit Spreads

The bond markets have been volatile in Q1 2022 with some widening in credit spreads. The secondary bond market has been flooded with "bids wanted" lists as many large investors offloaded bonds, creating a "shadow supply" that competes with primary market offerings. While new transactions continue to be executed, it is a challenging environment and issuers have had to provide spread concessions in order to attract investors.

Inflation and expected Fed actions, stock market declines, stressed supply chain, ongoing pandemic and new variants, among other domestic and global concerns may continue to pose some challenges in 2022.

Interest Rate Forecasts

The Fed increased the target rate at the March FOMC meeting and the dot-plot indicates at least four more rate hikes for the remaining year of 2022. The Fed also indicated its intention to reduce its balance sheet and the minutes of the March meeting suggested that the timing and pace of the taper could be more aggressive than previously anticipated.

The next table provides an average of interest rate forecasts by industry professionals. These are surveyed and compiled by Bloomberg. In light of the Fed's statement, the market now expects seven additional rate hikes in 2022 and two more in 2023, for a total of nine rate hikes. The anticipated rate hikes have already been priced into short-term rates for the most part. Therefore, the two-year U.S. Treasury rate is forecasted to increase by a mere 0.12% to 2.72% by end of 2022. The ten-year U.S. Treasury rate is forecasted to decrease slightly by 0.14% to 2.74% by the end of 2022. The 30-year U.S. Treasury rate is also forecast to decrease slightly by 0.05% to 2.90% by the end of 2022.

Local Economy and Sales Tax Revenues

The COVID-19-related recession hit a strong and healthy San Diego economy, leading to massive job and income losses in 2020. With the progress of the vaccination campaign and the reopening of the economy, the recovery continues. The unemployment rate of 3.4% in March is well below its 15.9% peak in April 2020, nearing the levels from 2019 (3.2%), with labor force participation also almost back to pre-COVID levels. As elsewhere in the country, local companies are facing labor shortages as workers find better opportunities elsewhere.

After dropping 2.1% in FY 2020, sales tax revenue collection surged in FY 2021 registering a 9.2% increase. Revenues so far in FY 2022 are running over 23% ahead of last year through April. Besides the higher-than-expected impact of the Wayfair ruling¹, revenues have also benefited from robust spending on taxable items as a result of public income support (stimulus checks, child tax credits, and supplemental unemployment benefits), and the fast recovery in jobs. Behavior changes have also led to strong increases in spending on taxable goods, while spending on services decreased due to COVID-related restrictions. Inflation has also increased revenues, as some items (e.g., gasoline) have not seen sales volume increases, but still generate more revenue; SANDAG estimates this effect accounts for about 20% of the jump in recent months.

The robust recovery has been fueled and supported by government spending, reopening of the economy, and the positive impact of the waning impacts of COVID on services such as travel, restaurants, and entertainment. However, risks persist, and the most recent indicators suggest some easing of the growth momentum as consumer spending and confidence weaken amid a resurgence of COVID cases, rising interest rates, war in Ukraine, and high inflation, compounded by supply-chain issues and worker shortages.

Healthy economic fundamentals are nonetheless expected to continue to result in strong sales tax collection through FY 2023, with a forecast growth of 5%. Many economists are predicting a return to more normal conditions later in calendar year 2022, but that is largely predicated on controlling COVID. Whether the spending patterns seen during the last few quarters remain post-pandemic is an open question.

The following tables provide a breakdown of sales tax collected, with a comparison by month for the past two fiscal years and the annual revenue beginning in FY 2009 (first year of the *TransNet* Extension Ordinance):

	<u>FY 2021</u>	FY 2022		Annual Revenue
July	\$30,054,981	\$43,209,697	FY 2009	\$221,991,360

TOTAL	\$333,998,568	\$336,152,921	FY 2021	\$333,998,568
			FY 2022 _	\$336,152,921
			TOTAL	\$3,803,374,855

The U.S. Supreme Court's Ruling in South Dakota v. Wayfair Inc., ruled that states have the right to tax online sales and broadened their ability to tax online sales when the seller is located in another state. The ruling had a one-time permanent impact on the level of revenues from Q4 2020 onwards.

SANDAG Debt Portfolio Overview and Looking Ahead

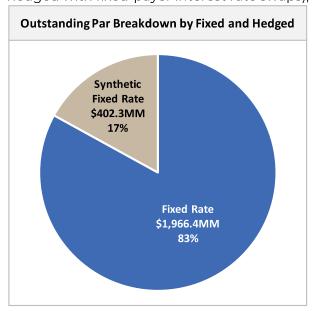

Commission Outstanding Debt Overview

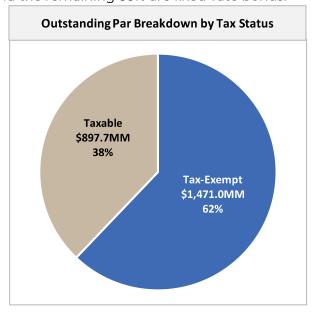

SANDAG, serving as the San Diego County Regional Transportation Commission, has \$2.37 billion of outstanding long-term debt. The TIFIA loan is undrawn and does not represent an obligation of SANDAG at this time. A summary of the outstanding bonds is tabulated and graphically presented below.

		Summ	ary of Outstandi	ng Debt		
Series	Tax Status	Coupon Type	Original Issue Size	Outstanding Par	Call Option	Final Maturity
2008A	Tax-Exempt	Variable Rate	\$150,000,000	\$100,575,000	Current	4/1/2038
2008B	Tax-Exempt	Variable Rate	\$150,000,000	\$100,575,000	Current	4/1/2038
2008C	Tax-Exempt	Variable Rate	\$150,000,000	\$100,575,000	Current	4/1/2038
2008D	Tax-Exempt	Variable Rate	\$150,000,000	\$100,575,000	Current	4/1/2038
2010A	Taxable	Fixed Rate	\$338,960,000	\$338,960,000	Make- Whole	4/1/2048
2014A	Tax-Exempt	Fixed Rate	\$350,000,000	\$12,615,000	4/1/2024	4/1/2024
2016A	Tax-Exempt	Fixed Rate	\$325,000,000	\$297,075,000	4/1/2026	4/1/2048
2019A	Taxable	Fixed Rate	\$442,620,000	\$442,620,000	4/1/2030	4/1/2048
2020A	Taxable	Fixed Rate	\$74,820,000	\$71,660,000	4/1/2030	4/1/2048
2021A	Taxable	Fixed Rate	\$149,840,000	\$149,840,000	4/1/2031	4/1/2048
2021B	Tax-Exempt	Fixed Rate	\$116,150,000	\$116,150,000	4/1/2031	4/1/2039
2021A Notes	Tax-Exempt	Fixed Rate	\$537,480,000	\$537,480,000	Non-Callable	10/1/2022
Total			\$3,355,455,000	\$2,368,700,000		
		Summary	of TIFIA Loan Co	mmitment		
Series	Tax Status	Coupon Type	Original Issue Size	Outstanding Par	Call Option	Final Maturity
TIFIA*	Taxable	Fixed-Rate	\$537,484,439	\$0	Anytime	10/1/2045
Total with L	oan Commit	ment		\$2,368,700,000		

^{*} The TIFIA loan will be drawn to retire the 2021A Notes. The simultaneous draw on the TIFIA loan and the retirement of the 2021A Notes will have an offsetting impact and will not increase the number of total obligations outstanding.

Of the total debt portfolio, 17% consists of synthetic, fixed-rate bonds (variable-rate bonds hedged with fixed-payer interest rate swaps), and the remaining 83% are fixed-rate bonds.

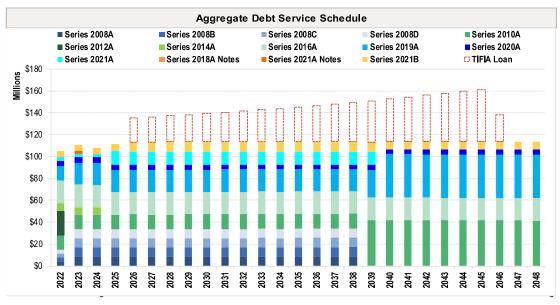

Debt Service and Coverage

SANDAG has debt obligations on three separate lien levels, providing different priority of sales tax payment to investors based on their respective lien level. Senior lien obligations are paid first, followed by subordinate lien obligations and then junior subordinate lien obligations (i.e., TIFIA loan). This three-tiered lien structure has been developed by SANDAG to maximize program capacity, keep senior lien ratings as high as possible, and minimize borrowing costs.

The TIFIA loan is repayable from a third lien that is subordinate to the senior lien bonds, the 2021B Bonds, the 2021A Notes, the commercial paper notes, and the newly established revolving credit facility. In general, SANDAG has a level debt service profile with senior lien annual debt service ranging from \$99.4 million to \$106.7 million per year through FY 2048.

The aggregate senior and subordinate lien debt service ranges from \$105.3 million to \$114.1 million. Assuming SANDAG draws on the TIFIA loan as expected to complete the Mid-Coast Corridor Transit Project, SANDAG aggregate debt service will peak at \$161.2 million in FY 2045.

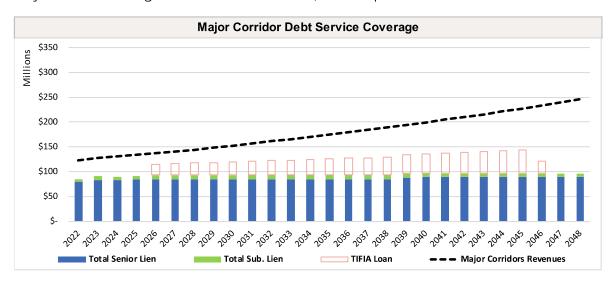

Senior lien debt service coverage, using sales tax receipts of \$387 million for the 12 months ending February 27, 2022, is 3.63 times. Meaning, for every \$1 of senior lien debt service, SANDAG received \$3.63 of sales tax revenue providing ample coverage, supporting SANDAG senior lien triple-A ratings. Total coverage, when comparing the annual revenues for the 12 months ending February 27, 2022, to peak debt service (including assumed debt service on the undrawn TIFIA loan) in FY 2045, is 2.21 times.

Major Corridors Coverage

In accordance with the *TransNet* Ordinance, the Major Corridors subprogram receives 38% of *TransNet* revenues after allocations for administrative and ITOC expenses. Major Corridors is the most capital-intensive program, funding various projects, including the Mid-Coast Corridor Transit Project. Costs associated with these projects can and have been funded with tax-exempt bonds. SANDAG Board Policy No. 036: San Diego County Regional Transportation Commission Debt Policy, dictates that the Major Corridors subprogram (and other *TransNet* subprograms) maintain an annual debt service coverage ratio of at least 1 times, meaning that for every \$1 of *TransNet* revenue, there is no more than \$1 of debt service allocated to the subprogram in any given year. SANDAG Board Policy No. 036, Section 2.3, states as follows:

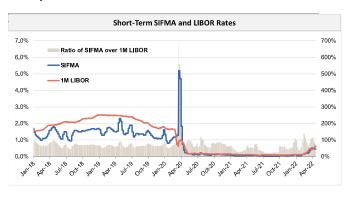

2.3 Borrowing requirements are determined for each eligible sub-program and debt service is allocated to each sub-program based upon its pro rata share of bond proceeds. It is the general principal for the TransNet Plan of Finance that the annual debt service for each sub-program be less than the annual sales tax revenue allocated to a sub-program on an annual basis. This 1.0 times program debt service coverage requirement ensures that no single sub-program incurs more debt than it can afford.

For planning purposes, debt service has been structured using a forecast of sales tax receipts. Based on this forecast, coverage in the Major Corridors Program is estimated at 1.42 times in FY 2022. Based on that revenue forecast, annual coverage is projected to dip to 1.17 times when the TIFIA loan begins to amortize in FY 2026. The TIFIA debt service structure in the Major Corridors Program increases over time, in anticipation of increase in sales tax revenue.

Recent Variable-Rate Demand Bond and Swap Mark-to-Market Performance

SANDAG has \$402.3 million of outstanding variable-rate demand bonds (VRDBs) (Series 2008A, B, C, and D), as shown below. These VRDBs are backed by standby bond purchase agreements from certain financial institutions. The interest rates on these bonds reset weekly through a remarketing process. As a performance measure, the bonds are compared to the Securities Industry and Financial Markets Association (SIFMA) benchmark index.

SIFMA is a variable rate index that resets weekly and, as such, can be volatile reacting to near-term market conditions. SIFMA dropped to near-zero levels in the aftermath of COVID mirroring the Fed rate cuts in March 2020. As the Fed reverses course and increases rates to counter inflation, SIFMA will follow suit. The SIFMA rate has increased to 0.46% as of April 20, 2022, or 73% of the 1-Month LIBOR. SANDAG VRDBs continued to trade well compared to SIFMA. Rise in SIFMA is effectively hedged by SANDAG's interest rate swaps as most recently demonstrated during March 2020 when SIFMA spiked to 5.2% for a short period.

	SANDAG Series 2	008A-D VRDB Resets Since	December 31	, 2015		
Series	SBPA Provider	SBPA Provider Remarketing Agent				
2008A	JPMorgan Chase Bank, N.A.	Barclays Capital Inc.	0.66%	0.76%	-10 bps	
2008B	JPMorgan Chase Bank, N.A.	Goldman, Sachs & Company	0.66%	0.76%	-10 bps	
2008C	Bank of America, N.A.	JPMorgan Securities LLC	0.66%	0.76%	-10 bps	
2008D	State Street	Stifel, Nicolaus & Company, Inc.	0.66%	0.76%	-10 bps	

SANDAG also has \$402.3 million of fixed-payer interest rate swaps outstanding, the purpose of which is to hedge the interest rate variability associated with the \$402.3 million of variable-rate bonds. Additionally, SANDAG has \$268.2 million of basis swaps outstanding. Under the basis swaps, which became effective on April 1, 2018, SANDAG pays its counterparty a floating interest rate payment based on the SIFMA index and receives a floating payment based on 107.4% of three-month LIBOR. The market value of the SANDAG swap portfolio changes with interest rate fluctuations. The mark-to-market (MTM) valuation is negative \$33,513,017.40; meaning SANDAG would need to pay approximately \$33.5 million to terminate the entire swap portfolio in the current market. The swaps are performing as expected. Additionally, SANDAG is not required to post collateral under the swap agreements.

(Rest of this page intentionally left blank)

Cost of Capital

SANDAG has a very attractive weighted average cost of capital (WACC) of 2.74%. The average cost has recently decreased due to the low rates on the Series 2021 Notes and the Series 2021A&B Bonds. This cost can vary based on swap performance and the cost of liquidity to support the variable-rate debt.

The 2008A–D bonds, with the current swap rate and associated fees, provide a cost of capital equal to 4.1%. The 2010A bonds were issued as taxable Build America Bonds and have a borrowing cost of 3.89%. The 2012A, 2014A, 2016A, and 2020A bonds were issued at an all-in cost of 3.72%, 3.85%, 3.29%, and 2.62% respectively. The 2019A refunding bonds that refunded a part of 2012A and 2014A bonds were issued at an all-in cost of 3.19%. The taxable 2021A bonds refunded a portion of the remaining 2014A bonds were issued at an all-in cost of 2.21%. The tax-exempt 2021B bonds raised new money funding as well as refunded a portion of the 2014A bonds and issued at an all-in cost of 2.71%. The 2021A Short-Term Notes have a borrowing cost of 0.31%. Taken together, SANDAG has issued over \$2.0 billion in long-term debt to accelerate project delivery and for refunding, for a WACC of 2.74%.

Credit Ratings

SANDAG's debt secured by *TransNet* sales tax revenues is rated by Standard and Poor's (S&P) and Fitch as shown here. The ratings were most recently reviewed and confirmed in October 2021.

Commercial Paper and Revolving Credit Facility

In addition to the long-term debt, SANDAG has a short-term Commercial Paper Program supported by a Letter of Credit (LOC) from Bank of America Merrill Lynch. The Commercial Paper Program

SANDAG Ratings (Tre	ansNet)			
Lien	S&P	Fitch		
Senior Lien	AAA/Stable	AAA/Stable		
Subordinate Lien Notes	AA/Stable	AA/Stable		
Third Lien TIFIA Loan	A+/Stable	A/Stable		

was authorized at \$100 million and has a current outstanding balance of \$49.9 million as of March 31, 2022, when it was remarketed out 32 days, at a rate of 0.52%. The supporting LOC was procured in September 2018 at the low cost of 0.32% for three years. In August of 2021 SANDAG staff completed the process of renewing the LOC facility for an additional three years at an annual cost of 0.30%.

In March 2022, SANDAG established a new Revolving Credit Agreement with U.S. Bank National Association in the amount not-to-exceed \$100 million. This drawdown facility will provide SANDAG with additional flexibility to manage short-term cash flow needs when capital expenses are incurred prior to the receipt of federal and state grant funds. The facility has a term of 3.5 years, a commitment fee of 0.20%, and a variable interest rate of SIFMA plus 0.34% on any outstanding balance.

SANDAG: Debt Portfolio Overview and Update

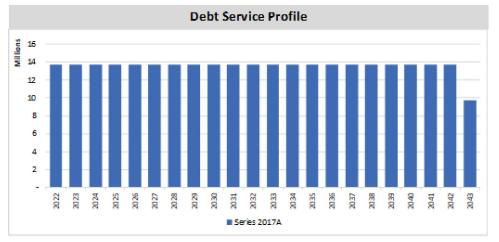

SANDAG has debt outstanding in conjunction with the South Bay Expressway toll road as well as the Mid-Coast Corridor Transit Project as summarized in the table below.

		Su	ımmary of Outs	tanding Debt								
			South Bay Exp	<u>oressway</u>								
Series	Tax Status	Coupon Type	Original Par	Outstanding Par	Call Date	Final Maturity						
2017A	Tax- Exempt	Fixed-Rate	\$194,140,000	177,455,000	7/1/2027	7/1/2042						
	Mid-Coast Corridor Transit Project											
Series	Tax Status	Coupon Type	Original Par	Outstanding Par	Call Date	Final Maturity						
2019A	Tax- Exempt	Fixed-Rate	\$210,000,000	\$210,000,000	one year before maturity	11/15/2026						
2019B	Tax- Exempt	Fixed-Rate	\$125,000,000	\$125,000,000	NA (turbo redemption)	11/15/2027						
Total				\$335,000,000								

South Bay Expressway

The SANDAG debt portfolio for South Bay Expressway (SBX) is comprised of a single bond series. In November 2017, SANDAG issued Toll Revenue First Senior Lien Bonds, 2017 Series A to refinance indebtedness incurred with the acquisition of SBX. The bonds are secured from the toll revenues generated on SBX, net of operating expenses. As of July 1, 2021, the debt outstanding is \$177.5 million. An annual debt service chart is provided presented below.

The annual payment on the bonds is level at about \$13.8 million through final maturity in FY 2043. Based on annual net toll revenues of \$18.7 million for FY 2021, the coverage on future maximum annual debt service payment was 1.36 times. This is owing to the lower traffic and revenue in FY 2021 due to COVID-19 pandemic. However, with a contribution from reserves, permitted under the bond indenture, SANDAG was able to satisfy the 1.5x Rate Covenant for FY 2021. With toll violations reinstated and improvement in traffic levels, it is anticipated that the covenant will be met in FY 2022 as well.

In January 2022, S&P revised their outlook on these bonds to stable from negative on account of traffic recovery to near-pre-pandemic levels in recent months. S&P also recognized the prospect for additional traffic growth due to the opening of new southern connectors to Route 905 and SR-11 as of mid-December 2021. For those reasons, along with the restoration of collecting violation fines, debt service coverage by net revenues is expected to improve and supports the stable outlook.

(Rest of this page intentionally left blank)

Mid-Coast Corridor Transit Project

SANDAG issued \$335 million Capital Grant Receipts Revenue Bonds, Series 2019A and Series 2019B in August 2019 to provide funding for the Mid-Coast Project. A summary of the outstanding debt is provided in the table above. The bonds are secured solely by future grants under the Full Funding Grant Agreement (FFGA) with the Federal Transit Administration (FTA) signed in 2016. A schedule of grants in the FFGA, detailed below, provides for a commitment of \$100 million annually starting 2016 through 2026. To date SANDAG has received \$627.7 million of the total \$1.043 billion committed under the FFGA. A majority of the remaining grant receipts have been pledged for the repayment of the bonds.

	FFGA Grant Receip	ots (Received and Anticip	ated)
Federal FY	Original Grant Commitment	Grants Received	Grants Anticipated
2016	\$100,000,000	\$100,000,000	-
2017	\$125,000,000	\$50,000,000	-
2018	\$100,000,000	\$180, 024,740	-
2019	\$100,000,000	\$100,000,000	-
2020	\$100,000,000	\$100,000,000	-
2021	\$100,000,000	\$97,710,967	-
2022	\$100,000,000	-	\$100,000,000
2023	\$100,000,000	-	\$100,000,000
2024	\$100,000,000	-	\$100,000,000
2025	\$100,000,000	-	\$100,000,000
2026	\$18,380,000	-	\$15,644,293
Total	\$1,043,380,000	\$627,735,707	\$415,644,293
Total Debt Ou	ıtstanding		\$335,000,000

The bonds have a stated maturity schedule that is conservative. The first principal payment is scheduled for November 15, 2023, with interest-only payment until then. Should future grants installments be received as scheduled in the FFGA, SANDAG has the option to call the bonds early. Series 2019B also has certain turbo redemption provisions that cause excess grant revenues to be automatically applied to redeeming bonds early. While the average life based on the stated maturity schedule is 6.7 year, the bonds are expected to be repaid a couple years sooner with an average life of 4.6 years. Furthermore, SANDAG achieved a very attractive rate of interest on the bonds. The cost of capital or the all-in true interest cost (TIC) on the bonds is 1.91% under the stated case but could end up being as low as 1.57% if grants arrive on schedule and the debt is retired sooner, as in the expected case.

The bonds and the structure achieved an investment grade "A-" rating from S&P along with a stable outlook. The outlook on debt supported by federal grants was not affected due to the COVID-19 related S&P outlook revisions in March and April.

Looking Ahead

SANDAG took advantage of low rates last year to refund bonds, extend the TIFIA note and refinance the TIFIA loan. SANDAG also set up a \$100 million revolving credit facility to supplement the CP program and provide additional funding flexibility to deliver its sizeable capital plan. A majority of the upcoming project needs are anticipated to be funded from grants and local dollars on a pay-go basis. SANDAG does not anticipate any financings needs in the near-to-medium term.

Quarterly Investment Data

Included with this quarterly finance report through March 31, 2022, are a Detail of Portfolio Balances (by Account); and a Detail of Portfolio Balances (by Investment Type) for all money under the direction or care of SANDAG, including funds of the Commission, SourcePoint, and the Automated Regional Justice Information System (ARJIS).

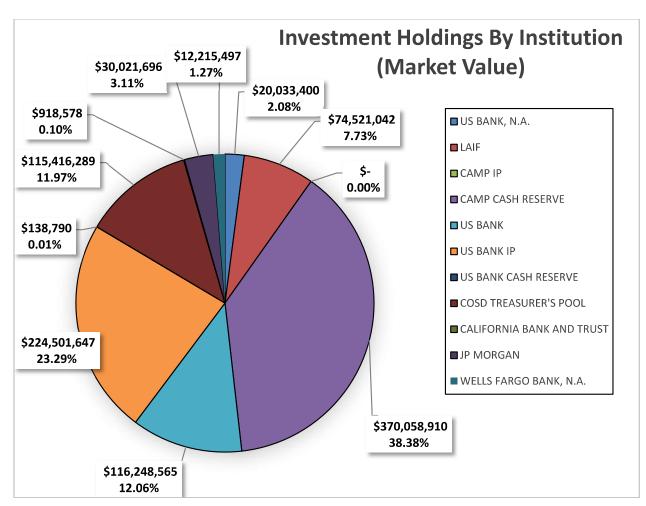

As of March 31, 2022, a total of \$964.1 million was held by SANDAG in a number of investment accounts, in comparison to \$975.0 million held in the previous quarter. The \$9 million decrease during the quarter is primarily due to operating activity within the investment and operating accounts.¹

The chart below provides a summary of the holdings by Agency.

Approximately \$20.0 million was held in nine U.S. Bank, N.A. accounts at the end of the quarter, which are used for operating purposes. Approximately \$944.0 million was invested in seven institutions.

Due to rounding, the numbers below may not tie to the attached detail of investments.

The Finance Department has continued to implement the Board of Directors investment objectives of safety, liquidity, and return on investment for the SANDAG investment portfolio. These will continue to be important investment objectives for the future.

Certifications

The Chief Financial Officer reports that this investment portfolio, together with the authorized short-term Commercial Paper Program, will provide the necessary liquidity to meet the expenditure requirements of SANDAG, the Commission, ARJIS, and SourcePoint for the next six months. This portfolio is in compliance with state law and SANDAG Board Policy No. 003: Investment Policy.

The Chief Financial Officer reports that there has not been any material event involving outstanding swap agreements, nor has there been any default by a swap counterparty or counterparty termination.

FOOTNOTES:

- 1. Other income includes interest revenue, transfers from TransNet I, other non-sales tax revenue, and the one-time swap of Major Corridor Sales Tax Revenue (to LSI Cities and County) for ARRA funds.
- 2. Program Disbursements include payments to TransNet recipient agencies and program costs, including payments made for Early Action Projects in prior years, and return of funds.
- 3. Debt Service includes principal and interest payments, including debt payments beginning in March 2008 upon issuance of the 2008 ABCD Sales Tax Revenue Bonds, and other debt service costs net of interest earnings.
- 4. 2008 Bond Proceeds have been fully disbursed, net of Reserve Requirement of \$17.1 million. The Program to Date total includes interest earnings. The 2008 Bonds were partially defeased with the issuance of the 2012 Bonds on June 14, 2012, thereby reducing the 2008 Bond Proceed Disbursement.
- 5. 2010, 2012, 2014, 2016, and 2018 Bond Proceeds have been fully disbursed and the Program to Date includes interest earnings.
- 6. The 2012 Bond total includes a premium of \$55.8 million, the 2014 Bond total includes a premium of \$55.3 million, the 2016 Bond total includes a premium of \$78.8 million, the 2018 Bond includes a premium of \$31.6 million and the 2020 bond includes a premium of \$20 million.
- 7. On March 25, 2021 the Commission issued \$265.9 million in 2021AB bonds of which \$170 million was used to refund the 2014A bonds. The bonds were issued at a premium of \$36 million with \$130 million in project funds available to be used on Major Corridor projects. No project funds as of June 30 have been expended.
